GOVERNMENT NOTICE.

---

*Colonial Office, 10th November 1847.*

With reference to the Government Notice of the 19th February, 1845, notifying that a Buoy with a Vane had been placed at the entrance of Hoetjes Bay, within Saldanha Bay, to point out the situation of the sunken Rock, which bears from the point of the main Land North-east by North, forty fathoms,—His Excellency the Right Honorable the Governor directs it to be notified, that the Buoy in question has been washed away, and as it is not deemed necessary to replace it, Mariners entering Hoetjes Bay, must now be guided by the bearings alone of the Rock from that point of Land.

By His Excellency's Command,

(Signed) JOHN MONTAGU,  
Secretary to Government.
