## A NEW CHURCH

---

Coligny, Tuesday.

A very large congregation, estimated to number about 2,000, many of whom were unable to obtain seating accommodation, attended the opening of the new Dutch Reformed Church at Coligny. The door was unlocked by the Rev. R. Theron, of Alberton. The building, including organ and seating accommodation, cost £10,400, £8,000 of which has already been paid off. The architect, Mr. Moerdyk, said that a similar building, under normal conditions, would cost about £12,000.—Reuter.
