MEDIA PRODUCTION LAB

architecture as urban stage [tshwane university of technology departments of journalism and public relations in the faculty of humanities]: a classroom for socio-cultural spirit and expression

the future of journalism...

Gys Immelman
28224362

Submitted in fulfillment of part of the requirements for the degree of Masters in Architecture (Professional) in the Faculty of Engineering, Built Environment and Information Technology. University of Pretoria, South Africa

Project: Media Production LAB for the Tshwane University of Technology Departments of Journalism and Public Relations in the Faculty of Humanities

Research Field: Urban Landscapes

Study Leader: Gary White

Mentors: Morné en Marguerite Pienaar

Table of content

CHAPTER 1		introduction
CHAPTER 2		theoretical discourse
CHAPTER 3		context analysis
CHAPTER 4		urban and design development
CHAPTER 5		technical investigation
CHAPTER 6		technical documentation
