Dear Parents

Do you remember Mrs Senosi who came to visit you about your child in May and June? She sends you her regards. She is now looking at the responses on the questionnaire so that she can advise us about how best to help children with their homework. I hope that we can call a meeting to discuss the questionnaire sometime in November.

Please help your child find four empty cooldrink tins to bring to school tomorrow. We are going to build big towers, to teach the children about planning and mathematics.

Yours sincerely

MRS N.M. MALULEKE

Dear Parents

The radio, TV and all newspapers and magazines in your home can be valuable aids for your child's learning. If parents talk to their children about only one programme they watch or listen to together as a family every day. Just think how many valuable opportunities the children will get to learn something extra!

Please give your child four ice-cream sticks to bring to school tomorrow. The class is going to use them in sums.

Yours sincerely

Dear Parents

I think you will all know that our school has begun to work in Curriculum 2005 from Grade 1 upwards. One of the best things about Curriculum 2005 is that children will now learn about the same thing in different activities, so that their knowledge can become more useful and practical.

Please help your child look for one empty toothpaste box and one empty toothpaste tube. Tomorrow they are going to learn how to brush their teeth and how to keep them in a healthy condition - in English!

Dear Parents

I wish to thank the parents who helped their children to find the empty toothpaste box and tube to bring to school. We had an interesting lesson about health in English. I hope the children learned some new English words about things they already know in their mother-tongue.

Please give your child a piece of an old newspaper tomorrow. They are going to ring similar words they have seen in their English lessons.

Yours sincerely

Dear Parents

If there are bigger children in your family than your child who is in my class, you will know that it is nearly exam time. Luckily Grade Two do not write formal exams and we can go on learning new things to the end of the year.

Please help your child look for four pictures of different types of transport to bring to school tomorrow. We are going to learn the importance of transport, how they differ and how reliable they are!
