I was cross when my sister refused to sleep <sup>with</sup> me in the same bed.

When one of my sister went to Motherwell, Nandi allowed me to sleep with her.

I hated that.

I hate when mum shouts at me.

I like to sleep a lot during the day

I had lice

I love singing and listening to Gospel.

I visited Clerary Park for the first time. That's where I saw many interesting places.

I hate eating vegetables I love to eat meat, Rice bread and potatoes (that bad for my health)

I was so excited when my aunt promised to give me her cell phone.

I love my aunts because they take care of me

I like staying with my aunt in Atgaa Park.

I buy many sweets when I have money

I like doing house hold chores

I had a wonderful time when I wore a nice pair of high-heel shoes with my jeans. Wow what a make-over.

I have decided to stay in Atgaa Park because it's boring in Motherwell.

My Mom bought me a pair of shoes I didn't like them so I gave them to my sister.
