The ceremony of laying the foundation stone of the Jubilee Hall of the D.R. Church of the Free State, the new building being erected at the corner of Maitland and President Brand Streets, Bloemfontein, took place on Wednesday afternoon. The Rev. J. D. Kestell, Rector of the Grey University College, and formerly Moderator of the Church, laid the stone, and is seen in the photograph with the trowel in his hand. On the right-hand side of the picture is the Rev. P. S. van Heerden, the present Moderator, and standing between him and the foundation stone, with hat on, is the architect, Mr G. Moerdyk.
