

SUBJECT INDEX		Volume	Page
Abyssinian cats			
Tissue culture studies on a suspected lysosomal storage disease in Abyssinian cats. A. LUCIA LANGE	47	121-127	
Aetiology			
Aetiology of jaagsiekte: Transmission by means of subcellular fractions and evidence for the involvement of a retrovirus. D. W. VERWOERD, ANNA-LISE WILLIAMSON and ETHEL-MICHELE DE VILLIERS	47	275-280	
African swine fever			
Experimental infection of warthog (<i>Phacochoerus aethiopicus</i>) with African swine fever virus. G. R. THOMSON, M. D. GAINARU and A. F. VAN DELLEN	47	19-22	
Agar			
A technique for the recovery of nematodes from ruminants by migration from gastro-intestinal ingesta gelled in agar: large scale application. J. A. VAN WYK, H. M. GERBER and H. T. GROENEVELD	47	147-158	
Anaplasma marginale			
Isolation of <i>Anaplasma marginale</i> from <i>Rhipicephalus simus</i> males. F. T. POTGIETER and L. VAN RENSBURG	47	285-286	
Anaplasmosis			
Isolation of <i>Anaplasma marginale</i> from <i>Rhipicephalus simus</i> males. F. T. POTGIETER and L. VAN RENSBURG	47	285-286	
Anthelmintics			
A field strain of <i>Haemonchus contortus</i> showing slight resistance to raxofinide. J. A. VAN WYK and H. M. GERBER	47	137-142	
Antibody			
Antibody to porcine parvovirus in warthog (<i>Phacochoerus aethiopicus</i>). G. R. THOMSON and I. PEENZE	47	45-46	
Antisera			
Lack of cross-immunity among <i>Pasteurella multocida</i> Type A strains. C. M. CAMERON, LORRAINE PIENAAR and ALETTA S. M. VERMEULEN	47	213-219	
Arctocephalus pusillus			
Occurrence of <i>Taenia solium</i> in a Cape fur seal (<i>Arctocephalus pusillus</i>). A. S. DE GRAAF, P. D. SHAUGNESSY, R. M. McCULLY and ANNA VERSTER	47	119-120	
Bacterial contamination			
The control of bacterial contamination in carcass meal with propionic acid. J. J. VAN STADEN, H. N. VAN DER MADE and EILEEN JORDAAN	47	77-82	
Bacterial infection			
The pathology of bacterial infection of the genitalia in rams. B. C. JANSEN	47	263-267	
A surgical technique for the experimental reproduction of epididymitis in rams. B. C. JANSEN	47	281-283	
Benzimidazole			
Benzimidazole-resistant <i>Haemonchus contortus</i> —the effect of cryopreservation on the resistance of successive generations. J. A. VAN WYK and H. M. GERBER	47	143-146	
Biological control			
A critical evaluation of the role played by the red-billed oxpecker <i>Buphagus erythrorhynchus</i> in the biological control of ticks. J. D. BEZUIDENHOUT and C. J. STUTTERHEIM	47	51-75	
Bionomics			
A survey of the mosquito and <i>Culicoides</i> faunas at two localities in the Karoo region of South Africa with some observations on bionomics. P. G. JUPP, B. M. McINTOSH and E. M. NEVILL	47	1-6	
Blood meal			
Determination of the physiochemical and microbiological quality of carcass, bone and blood meal. H. N. VAN DER MADE, J. J. VAN STADEN, J. DE V. DU TOIT, EILEEN JORDAAN, E. L. BARRETT and J. D. COETZEE	47	197-201	
Bluetongue			
A haemagglutination and haemagglutination inhibition test for bluetongue virus. N. T. VAN DER WALT	47	113-117	
Blue wildebeest			
A description of the immature stages of <i>Kirkioestrus minutus</i> (Rodhain & Bequaert, 1915) (Diptera: Oestridae), and the life cycle and seasonal prevalence of this fly in blue wildebeest. I. G. HORAK, J. BOOMKER and V. DE VOS	47	23-30	
Bone meal			
Determination of the physiochemical and microbiological quality of carcass, bone and blood meal. H. N. VAN DER MADE, J. J. VAN STADEN, J. DE V. DU TOIT, EILEEN JORDAAN, E. L. BARRETT and J. D. COETZEE	47	197-201	
Buphagus erythrorhynchus			
A critical evaluation of the role played by the red-billed oxpecker <i>Buphagus erythrorhynchus</i> in the biological control of ticks. J. D. BEZUIDENHOUT and C. J. STUTTERHEIM	47	51-57	
Calves			
Studies on neonatal calf diarrhoea caused by rotavirus: Transmission of the disease and attempted vaccination of colostrum-deprived calves. A. THEODORIDIS, L. PROZESKY and H. J. ELS	47	31-34	
Cape fur seal			
Occurrence of <i>Taenia solium</i> in a Cape fur seal (<i>Arctocephalus pusillus</i>). A. S. DE GRAAF, P. D. SHAUGNESSY, R. M. McCULLY and ANNA VERSTER	47	119-120	

	Volume	Page
Carcass meal		
The control of bacterial contamination in carcass meal with propionic acid. J. J. VAN STADEN, H. N. VAN DER MADE and EILEEN JORDAAN.....	47	77-82
Determination of the physicochemical and microbiological quality of carcass, bone and blood meal. H. N. VAN DER MADE, J. J. VAN STADEN, J. DE V. DU TOIT, EILEEN JORDAAN, E. L. BARRETT and J. D. COETZEE.....	47	197-201
Cats		
Tissue culture studies on a suspected lysosomal storage disease in Abyssinian cats. A. LUCIA LANGE.....	47	121-127
Cattle		
Plasma progesterone in cattle. I. Development and validity of the assay. H. M. TERBLANCHE and J. M. LABUSCHAGNE.....	47	179-185
Cell homogenates		
Aetiology of jaagsiekte: experimental transmission to lambs by means of cultured cells and cell homogenates. D. W. VERWOERD, ETHEL-MICHELE DE VILLIERS and R. C. TUSTIN.....	47	13-18
Cerebral mycosis		
Cerebral mycosis in a dog caused by <i>Cladosporium trichoides</i> Emmons 1952. S. J. NEWSHOLME and MARGARET J. TYRER.....	47	47-49
Cestode		
Occurrence of <i>Taenia solium</i> in a Cape fur seal (<i>Arctocephalus pusillus</i>). A. S. DE GRAAF, P. D. SHAUGNESSY, R. M. McCULLY and ANNA VERSTER.....	47	119-120
Chronic obstructive pulmonary disease		
Studies on the physiopathology of chronic obstructive pulmonary disease in horses. I. Clinical signs. A. LITTLEJOHN.....	47	159-162
Studies on the physiopathology of chronic obstructive pulmonary disease in the horse. II. Right heart haemodynamics. A. LITTLEJOHN and FELICITY BOWLES.....	47	187-192
Studies on the physiopathology of chronic obstructive pulmonary disease in the horse. III. The intrathoracic pressure. A. LITTLEJOHN and FELICITY BOWLES.....	47	193-196
Cladosporium trichoides		
Cerebral mycosis in a dog caused by <i>Cladosporium trichoides</i> Emmonds 1952. S. J. NEWSHOLME and MARGARET J. TYRER.....	47	47-49
Clarias gariepinus		
The haemocytology and histology of the haemopoietic organs of South African freshwater fish. II. Erythrocytes and trombocytes of <i>Clarias gariepinus</i> and <i>Sarotherodon mossambicus</i> . J. BOOMKER.....	47	95-100
Clostridium perfringens		
Effective immunization of lambs against enterotoxaemia. C. M. CAMERON.....	47	287-289
Cross-immunity		
Lack of cross-immunity among <i>Pasteurella multocida</i> Type A strains. C. M. CAMERON, LORRAINE PIENAAR and ALETTA S. M. VERMEULEN.....	47	213-219
Cryopreservation		
Survival and development of larvae of the common nematodes of ruminants after long-term cryopreservation and investigation of different routes of infestation. J. A. VAN WYK and H. M. GERBER.....	47	129-136
Benzimidazole-resistant <i>Haemonchus contortus</i> —the effect of cryopreservation on the resistance of successive generations. J. A. VAN WYK and H. M. GERBER.....	47	143-146
Culicoides		
A survey of the mosquito and <i>Culicoides</i> faunas at two localities in the Karoo region of South Africa with some observations on bionomics. P. G. JUPP, B. M. McINTOSH and E. M. NEVILL.....	47	1-6
Cultured cells		
Aetiology of jaagsiekte: experimental transmission to lambs by means of cultured cells and cell homogenates. D. W. VERWOERD, ETHEL-MICHELE DE VILLIERS and R. C. TUSTIN.....	47	13-18
Diarrhoea		
Studies on neonatal calf diarrhoea caused by rotavirus: Transmission of the disease and attempted vaccination of colostrum-deprived calves. A. THEODORIDIS, L. PROZESKY and H. J. ELS.....	47	31-34
Diptera		
The temperature preferences of the motile stages of <i>Stomoxys calcitrans</i> Linnaeus (Diptera: Muscidae). B. SUTHERLAND.....	47	7-11
A description of the immature stages of <i>Kirkioestrus minutus</i> (Rodhain & Bequaert, 1915) (Diptera: Oestridae), and the life cycle and seasonal prevalence of this fly in blue wildebeest. I. G. HORAK, J. BOOMKER and V. DE VOS.....	47	23-30
Physiological age determination in female <i>Stomoxys calcitrans</i> Linnaeus (Diptera: Muscidae). B. SUTHERLAND.....	47	83-88
Laboratory studies on the biology of <i>Simulium nigrirtarse</i> Coquillett and <i>Simulium adersi</i> Pomeroy (Diptera: Simuliidae). G. J. BEGEMANN.....	47	203-211
Dog		
Cerebral mycosis in a dog caused by <i>Cladosporium trichoides</i> Emmons 1952. S. J. NEWSHOLME and MARGARET J. TYRER.....	47	47-49
Enterotoxaemia		
Effective immunization of lambs against enterotoxaemia. C. M. CAMERON.....	47	287-289
Epididymitis		
The aetiology of ram epididymitis. B. C. JANSEN.....	47	101-107
A surgical technique for the experimental reproduction of epididymitis in rams. B. C. JANSEN.....	47	281-283
Faecal analyses		
The use of faecal analyses to estimate the phosphorus intake by grazing sheep. I. The use of pool instead of individual samples. P. C. BELONJE and A. VAN DEN BERG.....	47	163-167
The use of faecal analyses to estimate the phosphorus intake by grazing sheep. II. The repeatability of the technique and the influence of varying the phosphorus intake. P. C. BELONJE and A. VAN DEN BERG.....	47	169-172
Fish		
The haemocytology and histology of the haemopoietic organs of South African freshwater fish. II. Erythrocytes and trombocytes of <i>Clarias gariepinus</i> and <i>Sarotherodon mossambicus</i> . J. BOOMKER.....	47	95-100

	Volume	Page
Gastro-intestinal ingesta		
A technique for the recovery of nematodes from ruminants by migration from gastro-intestinal ingesta gelled in agar: large scale application. J. A. VAN WYK, H. M. GERBER and H. T. GROENEVELD.....	47	147-158
Geeldikkop		
Photosensitivity in South Africa. II. The experimental production of the ovine hepatogenous photosensitivity disease geeldikkop (<i>Tribulus ovis</i>) by the simultaneous ingestion of <i>Tribulus terrestris</i> plants and cultures of <i>Pithomyces chartarum</i> containing the mycotoxin sporidesmin. T. S. KELLERMAN, G. C. A. VAN DER WESTHUIZEN, J. A. W. COETZER, CICILIA ROUX, W. F. O. MARASAS, J. A. MINNE, G. F. BATH and P. A. BASSON.....	47	231-261
Genitalia		
The aetiology of ram epididymitis. B. C. JANSEN.....	47	101-107
The pathology of bacterial infection of the genitalia in rams. B. C. JANSEN.....	47	263-267
A surgical technique for the experimental reproduction of epididymitis in rams. B. C. JANSEN.....	47	281-283
Glucose		
Glucose turnover, tolerance and insulin response in wethers, ewes and pregnant ewes in the fed and fasted state. J. G. VAN DER WALT, J. PROCOS and F. J. LABUSCHAGNE.....	47	173-178
Goats		
Wesselsbron disease: virology and serological studies in experimentally infected sheep and goats. A. THEODORIDIS and J. A. W. COETZER.....	47	221-229
Haemagglutination inhibition test		
A haemagglutination and haemagglutination inhibition test for bluetongue virus. N. T. VAN DER WALT.....	47	113-117
Haemagglutination test		
A haemagglutination and haemagglutination inhibition test for bluetongue virus. N. T. VAN DER WALT.....	47	113-117
Haemocytology		
The haemocytology and histology of the haemopoietic organs of South African freshwater fish. II. Erythrocytes and thrombocytes of <i>Clarias gariepinus</i> and <i>Sarotherodon mossambicus</i> . J. BOOMKER.....	47	95-100
Haemonchus contortus		
Studies on <i>Haemonchus contortus</i> . III. Titration of <i>Trichostrongylus axei</i> and expulsion of <i>H. contortus</i> . R. K. REINECKE, CHRISTEL M. BRUCKNER and I. L. DE VILLIERS.....	47	35-44
A field strain of <i>Haemonchus contortus</i> showing slight resistance to radoxanide. J. A. VAN WYK and H. M. GERBER.....	47	137-142
Benzimidazole-resistant <i>Haemonchus contortus</i> —the effect of cryopreservation on the resistance of successive generations. J. A. VAN WYK and H. M. GERBER.....	47	143-146
Haemopoietic organs		
The haemocytology and histology of the haemopoietic organs of South African freshwater fish. II. Erythrocytes and thrombocytes of <i>Clarias gariepinus</i> and <i>Sarotherodon mossambicus</i> . J. BOOMKER.....	47	95-100
Heart haemodynamics		
Studies on the physiopathology of chronic obstructive pulmonary disease in the horse. II. Right heart haemodynamics. A. LITTLEJOHN and FELICITY BOWLES.....	47	187-192
Herpesvirus ovis		
Presence of <i>Herpesvirus ovis</i> DNA sequences in cellular DNA from sheep lungs affected with jaagsiekte (pulmonary adenomatosis). ETHEL-MICHELE DE VILLIERS and D. W. VERWOERD.....	47	109-112
Histology		
The haemocytology and histology of the haemopoietic organs of South African freshwater fish. II. Erythrocytes and thrombocytes of <i>Clarias gariepinus</i> and <i>Sarotherodon mossambicus</i> . J. BOOMKER.....	47	95-100
Horses		
Studies on the physiopathology of chronic obstructive pulmonary disease in horses. I. Clinical signs. A. LITTLEJOHN.....	47	159-162
Studies on the physiopathology of chronic obstructive pulmonary disease in the horse. II. Right heart haemodynamics. A. LITTLEJOHN and FELICITY BOWLES.....	47	187-192
Studies on the physiopathology of chronic obstructive pulmonary disease in the horse. III. The intrathoracic pressure. A. LITTLEJOHN and FELICITY BOWLES.....	47	193-196
Immunization		
Effective immunization of lambs against enterotoxaemia. C. M. CAMERON.....	47	287-289
Inoculation		
Lesions resulting from inoculation of porcine foetuses with porcine parvovirus. L. PROZESKY, G. R. THOMSON, M. D. GAINARU, S. HERR and L. J. KRITZINGER.....	47	269-274
Insulin		
Glucose turnover, tolerance and insulin response in wethers, ewes and pregnant ewes in the fed and fasted state. J. G. VAN DER WALT, J. PROCOS and F. J. LABUSCHAGNE.....	47	173-178
Intrathoracic pressure		
Studies on the physiopathology of chronic obstructive pulmonary disease in the horse. III. The intrathoracic pressure. A. LITTLEJOHN and FELICITY BOWLES.....	47	193-196
Jaagsiekte		
Aetiology of jaagsiekte: experimental transmission to lambs by means of cultured cells and cell homogenates. D. W. VERWOERD, ETHEL-MICHELE DE VILLIERS and R. C. TUSTIN.....	47	13-18
Presence of <i>Herpesvirus ovis</i> DNA sequences in cellular DNA from sheep lungs affected with jaagsiekte (pulmonary adenomatosis). ETHEL-MICHELE DE VILLIERS and D. W. VERWOERD.....	47	109-112
Aetiology of jaagsiekte: transmission by means of subcellular fractions and evidence for the involvement of a retrovirus. D. W. VERWOERD, ANNA-LISE WILLIAMSON and ETHEL-MICHELE DE VILLIERS.....	47	265-280
Kirkioestrus minutus		
A description of the immature stages of <i>Kirkioestrus minutus</i> (Rodhain & Bequaert, 1915) (Diptera: Oestridae), and the life cycle and seasonal prevalence of this fly in blue wildebeest. I. G. HORAK, J. BOOMKER and V. DE VOS.....	47	23-30
Lambs		
Aetiology of jaagsiekte: experimental transmission to lambs by means of cultured cells and cell homogenates. D. W. VERWOERD, ETHEL-MICHELE DE VILLIERS and R. C. TUSTIN.....	47	13-18
Effective immunization of lambs against enterotoxaemia. C. M. CAMERON.....	47	287-289

	Volume	Page
Larvae		
Studies on <i>Haemonchus contortus</i> . III. Titration of <i>Trichostrongylus axei</i> and expulsion of <i>H. contortus</i> . R. K. REINECKE, CHRISTEL M. BRUCKNER and I. L. DE VILLIERS.....	47	35-44
Survival and development of larvae of the common nematodes of ruminants after long-term cryopreservation and investigation of different routes of infestation. J. A. VAN WYK and H. M. GERBER.....	47	129-136
A field strain of <i>Haemonchus contortus</i> showing slight resistance to rafoxanide. J. A. VAN WYK and H. M. GERBER.....	47	137-142
Benzimidazole-resistant <i>Haemonchus contortus</i> —the effect of cryopreservation on the resistance of successive generations. J. A. VAN WYK and H. M. GERBER.....	47	143-146
A technique for the recovery of nematodes from ruminants by migration from gastro-intestinal ingesta gelled in agar: large scale application. J. A. VAN WYK, H. M. GERBER and H. T. GROENEVELD.....	47	147-158
Lesions		
Lesions resulting from inoculation of porcine foetuses with porcine parvovirus. L. PROZESKY, G. R. THOMSON, M. D. GAINARU, S. HERR and L. J. KRITZINGER.....	47	269-274
Lysosomal storage disease		
Tissue culture studies on a suspected lysosomal storage disease in Abyssinian cats. A. LUCIA LANGE.....	47	121-127
Microbiological quality		
Determination of the physiochemical and microbiological quality of carcass, bone and blood meal. H. N. VAN DER MADE, J. J. VAN STADEN, J. DE V. DU TOIT, EILEEN JORDAAN, E. L. BARRETT and J. D. COETZEE.....	47	197-201
Mosquito		
A survey of the mosquito and <i>Culicoides</i> faunas at two localities in the Karoo region of South Africa with some observations on bionomics. P. G. JUPP, B. M. McINTOSH and E. M. NEVILL.....	47	1-6
Muscidae		
The temperature preferences of the motile stages of <i>Stomoxys calcitrans</i> Linnaeus (Diptera: Muscidae). B. SUTHERLAND.....	47	7-11
Physiological age determination in female <i>Stomoxys calcitrans</i> Linnaeus (Diptera: Muscidae). B. SUTHERLAND.....	47	83-88
Nematodes		
Survival and development of larvae of the common nematodes of ruminants after long-term cryopreservation and investigation of different routes of infestation. J. A. VAN WYK and H. M. GERBER.....	47	129-136
A technique for the recovery of nematodes from ruminants by migration from gastro-intestinal ingesta gelled in agar: large scale application. J. A. VAN WYK, H. M. GERBER and H. T. GROENEVELD.....	47	147-158
Oestridae		
A description of the immature stages of <i>Kirkioestrus minutus</i> (Rodhain & Bequaert, 1915) (Diptera: Oestridae), and the life cycle and seasonal prevalence of this fly in blue wildebeest. I. G. HORAK, J. BOOMKER and V. DE VOS.....	47	23-30
Ovine pulmonary adenomatosis		
Aetiology of jaagsiekte: experimental transmission to lambs by means of cultured cells and cell homogenates. D. W. VERWOERD, ETHEL-MICHELE DE VILLIERS and R. C. TUSTIN.....	47	13-18
Presence of <i>Herpesvirus ovis</i> DNA sequences in cellular DNA from sheep lungs affected with jaagsiekte (pulmonary adenomatosis). ETHEL-MICHELE DE VILLIERS and D. W. VERWOERD.....	47	109-112
Aetiology of jaagsiekte: transmission by means of subcellular fractions and evidence for the involvement of a retrovirus. D. W. VERWOERD, ANNA-LISE WILLIAMSON and ETHEL-MICHELE DE VILLIERS.....	47	275-280
Pasteurella multocida		
Lack of cross-immunity among <i>Pasteurella multocida</i> Type A strains. C. M. CAMERON, LORRAINE PIENAAR and ALETTA S. M. VERMEULEN.....	47	213-219
Pathology		
The pathology of bacterial infections of the genitalia in rams. B. C. JANSEN.....	47	263-267
Phacochoerus aethiopicus		
Experimental infection of warthog (<i>Phacochoerus aethiopicus</i>) with African swine fever virus. G. R. THOMSON, M. D. GAINARU and A. F. VAN DELLEN.....	47	19-22
Antibody to porcine parvovirus in warthog (<i>Phacochoerus aethiopicus</i>). G. R. THOMSON and I. PEENZE.....	47	45-46
Phosphorus		
The use of faecal analyses to estimate the phosphorus intake by grazing sheep. I. The use of pool instead of individual samples. P. C. BELONJE and A. VAN DEN BERG.....	47	163-167
The use of faecal analyses to estimate the phosphorus intake by grazing sheep. II. The repeatability of the technique and the influence of varying the phosphorus intake. P. C. BELONJE and A. VAN DEN BERG.....	47	169-172
Photosensitivity		
Photosensitivity in South Africa. II. The experimental production of the ovine hepatogenous photosensitivity disease geeldikkop (<i>Tribulus terrestris ovis</i>) by the simultaneous ingestion of <i>Tribulus terrestris</i> plants and cultures of <i>Pithomyces chartarum</i> containing the mycotoxin sporidesmin. T. S. KELLERMAN, G. C. A. VAN DER WESTHUIZEN, J. A. W. COETZER, CICILIA ROUX, W. F. O. MARASAS, J. A. MINNE, G. F. BATH and P. A. BASSON.....	47	231-261
Physiochemical quality		
Determination of the physiochemical and microbiological quality of carcass, bone and blood meal. H. N. VAN DER MADE, J. J. VAN STADEN, J. DE V. DU TOIT, EILEEN JORDAAN, E. L. BARRETT and J. D. COETZEE.....	47	197-201
Physiological age determination		
Physiological age determination in female <i>Stomoxys calcitrans</i> Linnaeus (Diptera: Muscidae). B. SUTHERLAND.....	47	83-88
Physiopathology		
Studies on the physiopathology of chronic obstructive pulmonary disease in horses. I. Clinical signs. A. LITTLEJOHN.....	47	159-162
Studies on the physiopathology of chronic obstructive pulmonary disease in the horse. II. Right heart haemodynamics. A. LITTLEJOHN and FELICITY BOWLES.....	47	187-192
Studies on the physiopathology of chronic obstructive pulmonary disease in the horse. III. The intrathoracic pressure. A. LITTLEJOHN and FELICITY BOWLES.....	47	193-196

Pithomyces chartarum		
Photosensitivity in South Africa. II. The experimental production of the ovine hepatogenous photosensitivity disease geeldikkop (<i>Tribulosis ovis</i>) by the simultaneous ingestion of <i>Tribulus terrestris</i> plants and cultures of <i>Pithomyces chartarum</i> containing the mycotoxin sporidesmin. T. S. KELLERMAN, G. C. A. VAN DER WESTHUIZEN, J. A. W. COETZER, CILICIA ROUX, W. F. O. MARASAS, J. A. MINNE, G. F. BATH and P. A. BASSON.....	47	231-261
Plasma progesterone		
Plasma progesterone in cattle. I. Development and validity of the assay. H. M. TERBLANCHE and J. M. LABUSCHAGNE.....	47	179-185
Pool samples		
The use of faecal analyses to estimate the phosphorus intake by grazing sheep. I. The use of pool instead of individual samples. P. C. BELONJE and A. VAN DEN BERG.....	47	163-167
The use of faecal analyses to estimate the phosphorus intake by grazing sheep. II. The repeatability of the technique and the influence of varying the phosphorus intake. P. C. BELONJE and A. VAN DEN BERG.....	47	169-172
Porcine foetuses		
Lesions resulting from inoculation of porcine foetuses with porcine parvovirus. L. PROZESKY, G. R. THOMSON, M. D. GAINARU, S. HERR and L. J. KRITZINGER.....	47	269-274
Porcine parvovirus		
Antibody to porcine parvovirus in warthog (<i>Phacochoerus aethiopicus</i>). G. R. THOMSON and I. PEENZE.....	47	45-46
Lesions resulting from inoculation of porcine foetuses with porcine parvovirus. L. PROZESKY, G. R. THOMSON, M. D. GAINARU, S. HERR and L. J. KRITZINGER.....	47	269-274
Pregnancy		
Glucose turnover, tolerance and insulin response in wethers, ewes and pregnant ewes in the fed and fasted state. J. G. VAN DER WALT, J. PROCOS and F. J. LABUSCHAGNE.....	47	173-178
Propionic acid		
The control of bacterial contamination in carcass meal with propionic acid. J. J. VAN STADEN, H. N. VAN DER MADE and EILEEN JORDAAN.....	47	77-82
Protein-binding assay		
Plasma progesterone in cattle. I. Development and validity of the assay. H. M. TERBLANCHE and J. M. LABUSCHAGNE.....	47	179-185
Rafoxanide		
A field strain of <i>Haemonchus contortus</i> showing slight resistance to rafoxanide. J. A. VAN WYK and H. M. GERBER.....	47	137-142
Ram epididymitis		
The aetiology of ram epididymitis. B. C. JANSEN.....	47	101-107
Rams		
The pathology of bacterial infection of the genitalia in rams. B. C. JANSEN.....	47	263-267
A surgical technique for the experimental reproduction of epididymitis in rams. B. C. JANSEN.....	47	281-283
Red-billed oxpecker		
A critical evaluation of the role played by the red-billed oxpecker <i>Buphagus erythrorhynchus</i> in the biological control of ticks. J. D. BEZUIDENHOUT and C. J. STUTTERHEIM.....	47	51-75
Retrovirus		
Aetiology of jaagsiekte: transmission by means of subcellular fractions and evidence for the involvement of a retrovirus. D. W. VERWOERD, ANNA-LISE WILLIAMSON and ETHEL-MICHELE DE VILLIERS.....	47	275-280
Rhipicephalis simus		
Isolation of <i>Anaplasma marginale</i> from <i>Rhipicephalus simus</i> males. F. T. POTGIETER and L. VAN RENSBURG.....	47	285-286
Rotavirus		
Studies on neonatal calf diarrhoea caused by rotavirus: Transmission of the disease and attempted vaccination of colostrum-deprived calves. A. THEODORIDIS, L. PROZESKY and H. J. ELS.....	47	31-34
Routes of infestation		
Survival and development of larvae of the common nematodes of ruminants after long-term cryopreservation and investigation of different routes of infestation. J. A. VAN WYK and H. M. GERBER.....	47	129-136
Sarotherodon mossambicus		
The haemocytology and histology of the haemopoietic organs of South African freshwater fish. II. Erythrocytes and thrombocytes of <i>Clarias gariepinus</i> and <i>Sarotherodon mossambicus</i> . J. BOOMKER.....	47	95-100
Sheep		
Studies on <i>Haemonchus contortus</i> . III. Titration of <i>Trichostrongylus axei</i> and expulsion of <i>H. contortus</i> . R. K. REINECKE, CHRISTEL M. BRUCKNER and I. L. DE VILLIERS.....	47	35-44
The aetiology of ram epididymitis. B. C. JANSEN.....	47	101-107
Presence of <i>Herpesvirus ovis</i> DNA sequences in cellular DNA from sheep lungs affected with jaagsiekte (pulmonary adenomatosis). ETHEL-MICHELE DE VILLIERS and D. W. VERWOERD.....	47	109-112
The use of faecal analyses to estimate the phosphorus intake by grazing sheep. I. The use of pool instead of individual samples. P. C. BELONJE and A. VAN DEN BERG.....	47	163-167
The use of faecal analyses to estimate the phosphorus intake by grazing sheep. II. The repeatability of the technique and the influence of varying the phosphorus intake. P. C. BELONJE and A. VAN DEN BERG.....	47	169-172
Glucose turnover, tolerance and insulin response in wethers, ewes and pregnant ewes in the fed and fasted state. J. G. VAN DER WALT, J. PROCOS and F. J. LABUSCHAGNE.....	47	173-178
Wesselsbron disease: virology and serological studies in experimentally infected sheep and goats. A. THEODORIDIS and J. A. W. COETZER.....	47	221-229
Simuliidae		
Laboratory studies on the biology of <i>Simulium nigrirtarse</i> Coquillett and <i>Simulium adersi</i> Pomeroy (Diptera: Simuliidae). G. J. BEGEMANN.....	47	203-211
Simulium adersi		
Laboratory studies on the biology of <i>Simulium nigrirtarse</i> Coquillett and <i>Simulium adersi</i> Pomeroy (Diptera: Simuliidae). G. J. BEGEMANN.....	47	203-211

	Volume	Page
Simulium nigrirtarse		
Laboratory studies on the biology of <i>Simulium nigrirtarse</i> Coquillett and <i>Simulium adersi</i> Pomeroy (Diptera: Simuliidae). G. J. BEGEMANN.....	47	203-211
Sporidesmin		
Photosensitivity in South Africa. II. The experimental production of the ovine hepatogenous photosensitivity disease geeldikkop (<i>Tribulosis ovis</i>) by the simultaneous ingestion of <i>Tribulus terrestris</i> plants and cultures of <i>Pithomyces chartarum</i> containing the mycotoxin sporidesmin. T. S. KELLERMAN, G. C. A. VAN DER WESTHUIZEN, J. A. W. COETZER, CICILIA ROUX, W. F. O. MARASAS, J. A. MINNE, G. F. BATH and P. A. BASSON.....	47	231-261
Stomoxys calcitrans		
The temperature preferences of the motile stages of <i>Stomoxys calcitrans</i> Linnaeus (Diptera: Muscidae). B. SUTHERLAND.....	47	7-11
Physiological age determination in female <i>Stomoxys calcitrans</i> Linnaeus (Diptera: Muscidae). B. SUTHERLAND.....	47	83-88
Taenia solium		
Occurrence of <i>Taenia solium</i> in a Cape fur seal (<i>Arctocephalus pusillus</i>). A. S. DE GRAAF, P. D. SHAUGNESSY, R. M. McCULLY and ANNA VERSTER.....	47	119-120
Temperature		
The temperature preferences of the motile stages of <i>Stomoxys calcitrans</i> Linnaeus (Diptera: Muscidae). B. SUTHERLAND.....	47	7-11
Ticks		
A critical evaluation of the role played by the red-billed oxpecker <i>Buphagus erythrorhynchus</i> in the biological control of ticks. J. D. BEZUIDENHOUT and C. J. STUTTERHEIM.....	47	51-75
Isolation of <i>Anaplasma marginale</i> from <i>Rhipicephalus simus</i> males. F. T. POTGIETER and L. VAN RENSBURG.....	47	285-286
Tissue culture studies		
Tissue culture studies on a suspected lysosomal storage disease in Abyssinian cats. A. LUCIA LANGE.....	47	121-127
Tribulosis ovis		
Photosensitivity in South Africa. II. The experimental production of the ovine hepatogenous photosensitivity disease geeldikkop (<i>Tribulosis ovis</i>) by the simultaneous ingestion of <i>Tribulus terrestris</i> plants and cultures of <i>Pithomyces chartarum</i> containing the mycotoxin sporidesmin. T. S. KELLERMAN, G. C. A. VAN DER WESTHUIZEN, J. A. W. COETZER, CICILIA ROUX, W. F. O. MARASAS, J. A. MINNE, G. F. BATH and P. A. BASSON.....	47	231-261
Tribulus terrestris		
Photosensitivity in South Africa. II. The experimental production of the ovine hepatogenous photosensitivity disease geeldikkop (<i>Tribulosis ovis</i>) by the simultaneous ingestion of <i>Tribulus terrestris</i> plants and cultures of <i>Pithomyces chartarum</i> containing the mycotoxin sporidesmin. T. S. KELLERMAN, G. C. A. VAN DER WESTHUIZEN, J. A. W. COETZER, CICILIA ROUX, W. F. O. MARASAS, J. A. MINNE, G. F. BATH and P. A. BASSON.....	47	231-261
Trichostrongylus axei		
Studies on <i>Haemonchus contortus</i> . III. Titration of <i>Trichostrongylus axei</i> and expulsion of <i>H. contortus</i> . R. K. REINECKE, CHRISTEL M. BRUCKNER and I. L. DE VILLIERS.....	47	35-44
Turkey		
Turkey meningo-encephalitis in South Africa. B. J. H. BARNARD, S. B. BUYS, J. H. DU PREEZ, S. P. GREY-LING and H. J. VENTER.....	47	89-94
Turkey meningo-encephalitis		
Turkey meningo-encephalitis in South Africa. B. J. H. BARNARD, S. B. BUYS, J. H. DU PREEZ, S. P. GREY-LING and H. J. VENTER.....	47	89-94
Vaccine		
Studies on neonatal calf diarrhoea caused by rotavirus: Transmission of the disease and attempted vaccination of colostrum-deprived calves. A. THEODORIDIS, L. PROZESKY and H. J. ELS.....	47	31-34
Viruses		
Experimental infection of warthog (<i>Phacochoerus aethiopicus</i>) with African swine fever virus. G. R. THOMSON, M. D. GAINARU and A. F. VAN DELLEN.....	47	19-22
Antibody to porcine parvovirus in warthog (<i>Phacochoerus aethiopicus</i>). G. R. THOMSON and I. PEENZE.....	47	45-46
Turkey meningo-encephalitis in South Africa. B. J. H. BARNARD, S. B. BUYS, J. H. DU PREEZ, S. P. GREY-LING and H. J. VENTER.....	47	89-94
Presence of <i>Herpesvirus ovis</i> DNA sequences in cellular DNA from sheep lungs affected with jaagsiekte (pulmonary adenomatosis). ETHEL-MICHELE DE VILLIERS and D. W. VERWOERD.....	47	109-112
A haemagglutination and haemagglutination inhibition test for bluetongue virus. N. T. VAN DER WALT.....	47	113-117
Wesselsbron disease: virology and serological studies in experimentally infected sheep and goats. A. THEODORIDIS and J. A. W. COETZER.....	47	221-229
Lesions resulting from inoculation of porcine foetuses with porcine parvovirus. L. PROZESKY, G. R. THOMSON, M. D. GAINARU, S. HERR and L. J. KRITZINGER.....	47	269-274
Aetiology of jaagsiekte: transmission by means of subcellular fractions and evidence for the involvement of a retrovirus. D. W. VERWOERD, ANNA-LISE WILLIAMSON and ETHEL-MICHELE DE VILLIERS.....	47	275-280
Warthog		
Experimental infection of warthog (<i>Phacochoerus aethiopicus</i>) with African swine fever virus. G. R. THOMSON, M. D. GAINARU and A. F. VAN DELLEN.....	47	19-22
Antibody to porcine parvovirus in warthog (<i>Phacochoerus aethiopicus</i>). G. R. THOMSON and I. PEENZE.....	47	45-46
Wesselsbron disease		
Wesselsbron disease: virology and serological studies in experimentally infected sheep and goats. A. THEODORIDIS and J. A. W. COETZER.....	47	221-229
