

VOLUME 31 (1964)  
SUBJECT INDEX

	Page
<i>AEPYCEROS MELAMPUS</i>	
<i>Haemonchus krugeri</i> sp. nov. (Nematoda, Trichostrongylidae) from an impala ( <i>Aepyceros melampus</i> ).....	53
ATTRACTANT	
The role of carbon dioxide as stimulant and attractant to the sand tampan, <i>Ornithodoros savignyi</i> (Audouin).....	59
BEEF	
Investigations into the pH stability of bluetongue virus and its survival in mutton and beef	109
BIURET	
The excretion of biuret in the urine of sheep fed biuret.....	91
BLOOD CONSTITUENTS	
Contributions to the study of blood constituents in domestic animals in South Africa. 1. Normal values for methaemoglobin reductase, erythrocyte fragility, blood glutathione, plasma catalase, and the total erythrocyte pyridine nucleotides in sheep..	77
BLOOD GLUTATHIONE	
Contributions to the study of blood constituents in domestic animals in South Africa. 1. Normal values for methaemoglobin reductase, erythrocyte fragility, blood glutathione, plasma catalase and the total erythrocyte pyridine nucleotides in sheep..	77
BLUETONGUE	
Investigations into the pH stability of bluetongue virus and its survival in mutton and beef.....	109
BUSHPIGS	
Observations on helminths in warthogs and bushpigs.....	11
CARBON DIOXIDE	
The role of carbon dioxide as stimulant and attractant to the sand tampan, <i>Ornithodoros savignyi</i> (Audouin).....	59
CATTLE	
The ability of Group III viruses associated with infectivity in cattle in South Africa to infect the respiratory tract.....	3
CELLULOSE DIGESTION	
An improved technique for measuring the <i>in vivo</i> rate of cellulose digestion in the rumen	69
<i>CORYNEBACTERIUM PSEUDOTUBERCULOSIS</i>	
The significance of the endotoxin and pyogenic factor of <i>Corynebacterium pseudotuberculosis</i> in immunity.....	119
EPIZOOTIOLOGY	
The epizootiology of nematode parasites of sheep in the Karoo.....	133
The epizootiology of nematode parasites of sheep in the coastal area in the Eastern Province.....	143
The epizootiology of nematode parasites of sheep in the Border area.....	151
ERYTHROCYTE FRAGILITY	
Contributions to the study of blood constituents in domestic animals in South Africa. 1. Normal values for methaemoglobin reductase, erythrocyte fragility, blood glutathione, plasma catalase and the total erythrocyte pyridine nucleotides in sheep..	77
ERYTHROCYTE PYRIDINE NUCLEOTIDES	
Contributions to the study of blood constituents in domestic animals in South Africa. 1. Normal values for methaemoglobin reductase, erythrocyte fragility, blood glutathione, plasma catalase and the total erythrocyte pyridine nucleotides in sheep..	77

	<i>Page</i>
GOATS	
Ovum production: action of various gonadotrophins in sheep and goats.....	97
GONADOTROPHINS	
Ovum production: action of various gonadotrophins in sheep and goats.....	97
GROUP III VIRUSES	
The ability of Group III viruses associated with infectivity in cattle in South Africa to infect the respiratory tract.....	3
<i>HAEMONCHUS KRUGERI</i>	
<i>Haemonchus krugeri</i> sp. nov. (Nematoda: Trichostrongylidae from an impala ( <i>Aepyceros melampus</i> ).....	53
HELMINTHS	
Observations on helminths in warthogs and bushpigs.....	11
Some helminths recovered from red and yellow-billed hornbills from the Kruger National Park.....	39
HORNBILLS	
Some helminths recovered from red and yellow-billed hornbills from the Kruger National Park.....	39
IMMUNITY	
The significance of the endotoxin and pyogenic factor of <i>Corynebacterium pseudotuberculosis</i> in immunity.....	119
IMPALA	
<i>Haemonchus krugeri</i> sp. nov. (Nematoda, Trichostrongylidae) from an impala ( <i>Aepyceros melampus</i> ).....	53
METHAEMOGLOBIN REDUCTASE	
Contributions to the study of blood constituents in domestic animals in South Africa. I. Normal values for methaemoglobin reductase, erythrocyte fragility, blood glutathione, plasma catalase, and the total erythrocyte pyridine nucleotides in sheep..	77
MUTTON	
Investigations into the pH stability of bluetongue virus and its survival in mutton and beef	109
NEMATODA	
<i>Haemonchus krugeri</i> sp. nov. (Nematoda, Trichostrongylidae) from an impala ( <i>Aepyceros melampus</i> ).....	53
NEMATODE PARASITES	
The epizootiology of nematode parasites of sheep in the Karoo.....	133
The epizootiology of nematode parasites of sheep in the coastal area of the Eastern Province.....	143
The epizootiology of nematode parasites of sheep in the Border area.....	151
<i>ORNITHODOROS SAVIGNYI</i>	
The role of carbon dioxide as stimulant and attractant to the sand tampan, <i>Ornithodoros savignyi</i> (Audouin).....	59
<i>OSTERTAGIA CIRCUMCINCTA</i>	
The pathological physiology of <i>Ostertagia circumcincta</i> infestation.....	163
OVUM PRODUCTION	
Ovum production: action of various gonadotrophins in sheep and goats.....	97
pH STABILITY	
Investigations into the pH stability of bluetongue virus and its survival in mutton and beef	109

	Page
PHYSIOLOGY	
The pathological physiology of <i>Ostertagia circumcincta</i> infestation.....	163
PLASMA CATALASE	
Contributions to the study of blood constituents in domestic animals in South Africa.	
1. Normal values for methaemoglobin reductase, erythrocyte fragility, blood glutathione, plasma catalase and the total erythrocyte pyridine nucleotides in sheep..	77
PYOGENIC FACTOR	
The significance of the endotoxin and pyogenic factor of <i>Corynebacterium pseudotuberculosis</i> in immunity.....	119
RESPIRATORY TRACT	
The ability of Group III viruses associated with infectivity in cattle in South Africa to infect the respiratory tract.....	3
RUMEN	
An improved technique for measuring the <i>in vivo</i> rate of cellulose digestion in the rumen	69
SHEEP	
Contributions to the study of blood constituents in domestic animals in South Africa.	
1. Normal values for methaemoglobin reductase, erythrocyte fragility, blood glutathione, plasma catalase and the total erythrocyte pyridine nucleotides in sheep....	77
The excretion of biuret in the urine of sheep fed biuret.....	91
Ovum production: action of various gonadotrophins in sheep and goats.....	97
The epizootiology of nematode parasites of sheep in the Karroo.....	133
The epizootiology of nematode parasites of sheep in the coastal area of the Eastern Province.....	143
The epizootiology of nematode parasites of sheep in the Border area.....	151
STIMULANT	
The role of carbon dioxide as stimulant and attractant to the sand tampan, <i>Ornithodoros savignyi</i> (Audouin).....	59
TAMPAN	
The role of carbon dioxide as stimulant and attractant to the sand tampan, <i>Ornithodoros savignyi</i> (Audouin).....	59
TRICHOSTRONGYLIDAE	
<i>Haemonchus krugeri</i> sp. nov. (Nematoda, Trichostrongylidae from an impala ( <i>Aepyceros melampus</i> )).	53
URINE	
The excretion of biuret in the urine of sheep fed biuret.....	91
VIRUS	
The ability of Group III viruses associated with infectivity in cattle in South Africa to infect the respiratory tract.....	3
Investigations into the pH stability of bluetongue virus and its survival in mutton and beef	109
WARTHOGS	
Observations on helminths in warthogs and bushpigs.....	11
