Dear Moira

Thank you very much for the information contained in your communication 31 March and I apologise for the delay in responding to your letter containing your most helpful information. I have been able to use it as you wrote it and enclose a copy of the entry for the dictionary as it currently stands. Please do not hesitate to make your comments should you wish to do so.

I am sorry that you have not been able to contact Dr Keath, I expect it was due to his re-marrying about this time and those sort of arrangements. I spoke to him and he was certainly most interested. I will contact him and give him your address.

Would you by any chance have any photographs of your father and/or of his work which you could lend us. I would have them copied for our data base on South African architects and return them to you.

Again, I am most grateful for your help since accurate information is not always possible to acquire.

Yours sincerely
