Any person contravening this section of this Act shall, upon conviction, be liable, for and in respect of every child so brought into this Colony, to a fine not exceeding twenty pounds, together with, and in addition to, the sum of one shilling per day for every day during which any such child shall have been harboured or kept by such person within this Colony: Provided that nothing in this section contained shall extend to any parent of any such child as aforesaid, lawfully entering this Colony, and bringing such child into the same, nor to any person whomsoever bringing into the Colony any such child as aforesaid, who shall deliver over such child to any Resident Magistrate of the Colony within the space of fourteen days next after the day upon which such child shall have been brought into the Colony: Provided, however, that every such last-mentioned child shall be placed under the guardianship of the Governor of the Colony, for the time being, as in the fifth section of this Act provided, and that no such child shall be apprenticed to or left with the person by whom such child shall have been brought into the Colony, as in the sixth section of this Act provided: Provided, also, that nothing herein contained shall apply to any inhabitant of any territory beyond the land boundaries of this Colony, visiting this Colony for a temporary purpose, and bringing into this Colony any such child or children as aforesaid, in case such inhabitant shall produce and exhibit to some Resident Magistrate of this Colony, within one calendar month next after the date of his arrival in this Colony, a certificate in writing, signed by some Magistrate of the territory in which such inhabitant usually resides, certifying that the child or children brought into the Colony by such person is or are lawfully in the service of such person, and that the services of such child or children are required by such person during or upon his journey: Provided, also, that the Resident Magistrate to whom such certificate shall be produced or exhibited shall endorse thereon the date at which the same was so produced to him.

3. In every prosecution for a contravention of any of the sections of this Act, the Court in which prosecution shall be pending shall judge from the appearance of the child in question in such prosecution, and also, if needful, from the opinions, given under oath, of persons skilled in ascertaining the age of such children, and from any other evidence which may be adduced on the subject, whether the child referred to in such prosecution was, when brought into this Colony, or received, kept, or harboured therein (as the case may be), under the age of sixteen years or not.

5. Every child brought into the Colony in contravention of the first section of this Act, whether the person who brought such child into the Colony be convicted or not, and every child brought into this Colony, by any inhabitant of another territory, as in the first section mentioned, which child shall be received, kept, or harboured by any other person within this Colony, is hereby placed under the guardianship of the Governor of the Colony for the time being, and may, by any person acting under the authority of the said Governor, be apprenticed in like manner as is, or shall be, by law provided in regard to destitute children, or the said Governor may, without, or before, apprenticing such child, cause such child to be placed at any industrial school within this Colony, and to be there maintained and instructed so long as may be necessary, or as the said Governor shall think fit: Provided that the guardianship of the Governor aforesaid shall not extend to, nor shall he cause to be apprenticed, or placed at an industrial school as aforesaid, any person who shall be of the age of eighteen years or upwards.

AN ACT

For Regulating Weights and Measures in the Colony of the Cape of Good Hope. ⁽¹⁾

Preamble.

WHEREAS it is necessary for the security of commerce and the good of the community that weights and measures should be just and uniform and that true standards should exist, by means of which the accuracy of the weights and measures in public use may be tested and ascertained: And whereas in regard to certain of the weights and measures in general use in this Colony, no standard thereof exists, either in this Colony or in any other part of the world, and the same, or many of them, are inconsistent with each other, and obviously erroneous, which is the cause of great confusion and manifest frauds: And whereas such evils will be best remedied and the recurrence thereof will be best prevented by establishing in this Colony standard weights, in accordance with the standard pound weight now established in and for the United Kingdom of Great Britain and Ireland and the standard of certain of the measures now established in the said United Kingdom, commonly called the imperial weights and measures: Be it therefore enacted by the Governor of the Cape of Good Hope, with the advice and consent of the Legislative Council and the House of Assembly thereof, as follows:—

Previous laws re-
pealed.

1. The Ordinance No. 13 of 1848, enacted by the Governor of the Cape of Good Hope, with the advice and consent of the Legislative Council thereof, entitled "An Ordinance for regulating Weights and Measures," and bearing date the 11th day of July, 1848, and the Ordinance No. 1, 1849, enacted by the Governor of the Cape of Good Hope, with the advice and consent of the Legislative Council thereof, entitled "An Ordinance to postpone the time of the taking effect of the Ordinance No. 13 of 1848," and all former laws, customs, or usages repugnant to or inconsistent with any of the provisions of this Act shall be repealed and the same are hereby declared to be repealed accordingly.

Governor to pro-
cure copies of the
standard weights

dom.

2. It shall and may be lawful for the Governor of this Colony to procure as soon as may be after the taking effect of this Act a copy or model of the standard pound avoirdupois, of the standard yard, and of the standard gallon, as respectively defined in and for the United Kingdom of Great Britain and Ireland, by an Act of the Parliament thereof made in the fifth year of his late Majesty King George the Fourth, entitled "An Act for ascertaining and establishing Uniformity of Weights and Measures," together with a copy or model of every multiple or sub-multiple of such standard pound specified in the schedule to this Act annexed, and also a

copy or model of every multiple or sub-multiple of such standard yard and standard gallon, made and verified under the direction of the Lord High Treasurer or the Commissioners of the Treasury, or any three of them, and deposited in the office of the Chamberlains of the Exchequer at Westminster, as in the said Act of the Parliament of the United Kingdom provided: and all copies or models procured under this Act shall be made of such metal or materials as shall be best calculated to resist the action of the atmosphere and wear and tear.

No. 11 1858.

Such copies to be made of most durable materials.

3. It shall and may also be lawful for the said Governor to cause to be made of such metal or material as shall be deemed best fitted for the purpose, a measure of capacity for standard or model bushel, to contain or consist of two thousand two hundred and eighteen cubic inches, and one hundred and ninety-one thousandth parts of a cubic inch, equal to eight imperial gallons.

Standard or model bushel.

4. The several copies and models aforesaid, so procured or caused to be made as aforesaid, shall be deposited and carefully preserved, for custody and inspection, in the office of the Treasurer-General of this Colony, or of such other officer as the said Governor may appoint, and be kept by him in a chest, whereto there shall be two locks, with separate and distinct keys, whereof one shall remain with the Governor, and the other with the Treasurer-General, or such other officer as aforesaid; and such copies and models shall be, and the same are hereby declared to be, the original and genuine standards, in and for this Colony, of all weights and measures by this Act established and made necessary. And the said Treasurer-General, or other officer as aforesaid, shall, with the permission of the Governor, upon reasonable notice, and at all reasonable times, produce or cause to be produced, for inspection, or for testing the correctness of any measure of weight, extension, or capacity, such one or more of the said copies or models as any Resident Magistrate shall, in writing, desire him to produce.

Copies or models to be deposited with the Treasurer-General or other officer: and to be standards for this Colony.

And may be produced for inspection, &c.

5. If any copy, model, or standard, for the time being, so deposited as aforesaid, shall be lost or destroyed, or if the same shall be injured, or supposed or suspected so to be, it shall and may be lawful for the Governor aforesaid to procure and substitute a fresh copy, model, or standard, in place and stead thereof; and, thereupon, such fresh copy, model, or standard shall be deemed and taken to be the same standard of weight or measure (as the case may be) which the copy, model, or standard that it replaced would have been deemed and taken to have been, had the same been duly preserved and none other substituted for it.

Such copies or models, if lost or injured, to be replaced.

6. (1) It shall and may be lawful for the Governor aforesaid to provide, from time to time, such and so many sets of standard

Such standards need not be of the same material as the original copies.

Resident magistrate shall, upon notice, and payment of fee, produce standard for inspection or comparison.

not exceeding forty shillings: Provided that all bargains, sales, and other contracts, *bonâ fide* made before the day of the taking effect of this Act, shall be performed and judged of in like manner as if this Act had never been passed; and provided, also, that nothing herein contained in regard to the measures of extension shall apply to any land or any sale thereof; and provided, further, that nothing in this Act contained shall apply to the use of any weights in the sale of gold, silver, or precious stones, or in the sale of drugs by retail.

9. All bargains, sales, or contracts concerning any goods, wares, or merchandize, which shall, after the taking effect of this Act be made with reference to weight, and which shall specify a price or sum for or by "the hundred," or for or by the "hundred pounds," or any multiple or sub-multiple thereof, shall be deemed and taken to be for or by one ⁽¹⁾ hundred pounds, or the multiple or sub-multiple named thereof, of the standard weight by this Act established; unless there shall be a special agreement to the contrary, in which the proportion of the weight or measure agreed upon to the standard weight or measure ascertained by this Act shall be mentioned.

AN ACT

For Constituting the Districts of Frazerburg, Murraysburg, Humansdorp, and Robertson, Divisions. (1)

WHEREAS it is intended to create, as soon as may be, districts of Resident Magistrate at and for Frazerburg, Murraysburg, Humansdorp (2) and Robertson: And whereas, whilst it is expedient that the said districts, when defined and established, should become and be divisions for all fiscal purposes, as well as for the purpose of enabling every such division to have and possess its own Divisional Council, it is at the same time expedient that the several Electoral Divisions of the Colony, as described in the Constitution Ordinance should not be altered or affected by this Act: Be it therefore enacted by the Governor of the Cape of Good Hope, with the advice and consent of the Legislative Council and House of Assembly thereof, as follows:—

Preamble.

1. So much of the Ordinance for constituting a Parliament in this Colony, and commonly called the Constitution Ordinance, as is repugnant to or inconsistent with this Act, is hereby repealed.

Repugnant portions of Constitution Ordinance repealed.

2. When and as soon as districts of Resident Magistrates shall have been by proclamation of the Governor aforesaid created, constituted, and established at any of the four places aforesaid, to wit, Frazerburg, Murraysburg, Humansdorp, and Robertson, then every such district shall, from and after the day of the publication of the proclamation creating such division, become and be a division for fiscal purposes, as well as a district, and shall cease, for fiscal purposes, or for any purpose other than the election of members of Parliament, to belong to any division to which the said district, or any part of the said district, belonged down to and next before the day of publication of such proclamation.

As soon as the districts aforesaid are proclaimed as magistracies, they shall be fiscal divisions.

3. The provisions of the Act No. 5 (3) of 1855, entitled "An Act for creating Divisional Councils in this Colony," shall apply to each of the four divisions aforesaid, and to the divisions to which the said four divisions, or any part of the said four divisions, previously belonged, as such new divisions, and such former divisions shall then be limited, and bounded precisely as if no Divisional Councils in and for any of such divisions had ever been elected: Provided that the registered voters for any and every Electoral Division which, down to and next before the day aforesaid, comprised any such new division as aforesaid, or any part of any such new division, and which voters shall be resident in such new division, shall be entitled to vote at any election of members of the Divisional Council of such new division.

Council of older divisions to continue in operation over its original area until council for new division is formed.

How, if new councils are not all elected at the same time.

Until all the new councils are elected, the old council shall continue in operation over the remaining portion of the division.

Members of old council may be elected to new council, and continue in both capacities.

Creation of new division not to interfere with constitution of electoral division.

4. It shall be lawful for the Divisional Council of every division to which the entire or any part of any one of the four divisions aforesaid belonged down to and next before the day of the publication of the proclamation aforesaid, to continue in existence and operation in and for the whole area or territory which formed the division by which such Council was elected, until the new Divisional Councils contemplated by the last preceding section shall have been elected, but no longer: Provided that in case the new Divisional Councils for the several divisions for or in regard to which the creation of any of the four divisions aforesaid shall render necessary the election of new Divisional Councils shall not all be elected at the same time, then each new Divisional Council shall, upon the election thereof, become the Divisional Council for the division by which it was elected, and no former or other Divisional Council shall have any authority or power in or over the division by which such new Divisional Council was elected: Provided, however, that until new Divisional Councils shall have been elected for all the divisions, for or in regard to which the creation of any of the four divisions aforesaid shall render necessary the election of new Divisional Councils, the Divisional Council aforesaid, continued in existence and operation as aforesaid, shall, notwithstanding the election of a new Divisional Council for one or more of the said divisions, remain in existence and operation in and over the residue or remainder of area or territory which formed the division by which such Council was elected, precisely as if such residue or remainder had been the division by which such Council had been elected.

5. No member of any Divisional Council continued in existence and operation as aforesaid over any such area or territory as aforesaid shall be, upon that account, ineligible to be elected as a member of any such new Divisional Council as aforesaid: and in case any such member shall be elected a member of any such new Divisional Council as aforesaid, it shall be lawful for him to act as a member of both the Councils of which he shall be a member until the Divisional Council continued in existence and operation as aforesaid shall, upon the election of all the new Divisional Councils necessary to be elected, stand dissolved.

6. Notwithstanding the creation of the four new divisions as aforesaid for fiscal and other purposes, every such new division, and every part thereof, shall continue, for electoral purposes, to belong to, and form part of, whatever Electoral Division such new division or any part thereof formerly belonged to, precisely as if this Act had not been passed.

 ACT. (1)

To provide for the Granting, in this Colony, of Patents for Inventions.

Preamble

WHEREAS it is expedient that the making of new and useful inventions should be encouraged by securing to their inventors for a limited time the exclusive enjoyment thereof: Be it enacted by the Governor of the Cape of Good Hope, with the advice and consent of the Legislative Council and House of Assembly thereof, as follows:—

Interpretation of terms.

1. In the interpretation of this Act the term "invention" shall bear and have the same meaning as the term "invention" bears and has in the Act of the Imperial Parliament, the fifteenth and sixteenth of Her Majesty, chapter 83, and the term "letters patent" shall mean authorisations granted by the Governor under the public seal of the Colony, and the term "proceeding in the nature of a *scire facias*" shall mean as much as may be what the same term would mean if used in an Act of the Imperial Parliament.

Power to grant patents.

2. It shall be lawful to make and issue, in the manner hereinafter mentioned, letters patent granting to the true and first

No. 17—1860.

3. It shall be lawful for the Governor, with the advice of the Executive Council, from time to time to make such rules and regulations, not inconsistent with the provisions hereof, as may appear to be necessary and expedient for the purposes of this Act, and all such rules and regulations shall be laid before both Houses of Parliament within fourteen days after the making thereof, if Parliament be sitting, and if Parliament be not sitting, then within fourteen days after the next meeting of Parliament.

Governor to make rules for executing this Act.

4. All applications under this Act for the grant of letters patent for an invention shall be made as follows, that is to say, the applicant shall deposit at the office of the Colonial Secretary an instrument in writing under his hand, particularly describing and ascertaining the nature of the said invention, and in what manner the same is to be performed, and also a copy of such instrument, and of the drawings accompanying the same, if any; and the day of the deposit of every such specification shall be recorded at the said office, and endorsed upon such specification, and a certificate thereof given to such applicant or his agent; and thereupon, subject and without prejudice to the provisions hereinafter contained, the said invention shall be protected under this Act, for the term of six months next after the said deposit, and the applicant shall have during such term the like powers, rights, and privileges as might have been conferred on him by letters patent for such invention issued under this Act, and duly sealed, as of the day of such deposit, and during the continuance of such powers, rights, and privileges under this provision, such invention may be used and published without prejudice to any letters patent to be granted for the same; and where letters patent are granted in respect of such invention, such letters patent shall be conditioned to become void if such specification does not particularly describe and ascertain the nature of the said invention and in what manner the same is to be performed; Provided, always, that in case the title of the invention or the said specification be too large or insufficient, it shall be lawful for the Attorney-General hereinafter mentioned, during the said term of six months and before the grant of the letters patent, to allow or require such specification to be amended, or another and sufficient specification to be deposited in lieu thereof; and every such amended or new specification shall have the same force, effect, and operation as if it had been originally deposited in its amended state.

Applicants for patents to deposit specifications.

Specification may be amended before issue of patent.

5. In case of the deposit of any such specification as aforesaid in fraud of the true and first inventor, any letters patent granted to the true and first inventor of any such invention shall not be invalidated by reason of such deposit, or of any use or publication

of the invention subsequent to such deposit and before the expiration of the said term of protection.

6. The applicant, as soon as he shall think fit, after the deposit of such specification as aforesaid, and of the drawings and models accompanying the same, if any, may give notice in writing at the office of the ⁽¹⁾ Attorney-General of his intention to proceed with his application for letters patent for the said invention, stating in such notice the title of the said invention, and the day on which the specification thereof was deposited at the office of the Colonial Secretary, and at the time of giving such notice shall produce the said certificate of deposit; and thereupon the said Attorney-General shall deliver to the applicant or his agent an appointment in the form contained in the second schedule to this Act, or to the like effect; and such applicant or agent shall cause the said appointment to be published once in the *Government Gazette*, once in some newspaper published in the city of Cape Town, and twice in some newspaper published in the town or place at or near to which the applicant uses or exercises the said invention, or (in case he does not use or exercise the same) in or near to which he resides, or if there shall be no newspaper published in such town or place, then twice in some newspaper circulating in the neighbourhood where he uses or exercises the said invention, or (in case he does not use or exercise the same) where he resides; and any persons having an interest in opposing the grant of letters patent for said invention shall be at liberty to leave particulars in writing of their objections to the said application at the office of the Attorney-General within such time, not being less than one month as the said Attorney-General by such appointment may direct.

Attorney-General to hear applications and objections, and award costs.

7. At the time and place named in the said appointment the applicant shall produce the newspapers containing the same, and the Attorney-General shall thereupon hear and consider the said application and all objections to the same mentioned in the said particulars, if any, and for that purpose shall obtain from the office of the Colonial Secretary the copy of the said specification, and of the drawings and models accompanying the same, if any, and may call to his aid such scientific or other person or persons as he may think fit, and may, by writing under his hand, order to be paid to such person or persons some remuneration for his or their attendance, and may also in like manner order that the costs of any hearing, upon any objection or otherwise, in relation to the grant of such letters patent or the protection acquired by the applicant under this Act, shall be paid, and in and by such writing shall fix the amount of such remuneration or costs, and by or to whom the same respectively shall be paid; and every such order shall be in the form contained in the third schedule to this Act or to the like effect, and may be made a rule of the Supreme Court: Provided, always, that the applicant, the objectors, and their respective witnesses and evidence, shall be respectively heard,

examined, and considered separately, and apart from and in the absence of the other and his witnesses and evidence.

8. The Attorney-General after such hearing and consideration, may issue a warrant under his hand for the granting of letters patent for the said invention, and by such warrant shall direct the insertion in such letters patent of all such restrictions, conditions, and provisoes as he may deem usual and expedient in such grants, or necessary in pursuance of this Act, and the said warrant shall be the warrant for the making and sealing of letters patent under this Act, according to the tenor of the said warrant; and every such warrant shall be in the form contained in the fourth schedule to this Act, or to the like effect.

9. A writ of the Supreme Court, in the nature of a writ of *scire facias* in England, shall lie for the repeal of any letters patent, granted under this Act, and it shall be lawful for the Governor, with the advice aforesaid, to order such Attorney-General to withhold such warrant as aforesaid, or that any letters patent for the granting whereof he has issued a warrant, shall not issue, or to order the insertion in any such letters patent of any restrictions, conditions, and provisoes, in addition to, or in substitution for any restrictions, conditions, or provisoes which would otherwise be inserted therein under this Act; and it shall also be lawful for the Governor, with the advice and consent aforesaid, to order any specification in respect of the invention described in which no letters patent may have been granted, to be cancelled, and thereupon the protection obtained by the deposit of such specification shall cease.

10. All letters patent for inventions granted under this Act shall be in the form contained in the fifth schedule to this Act, or to the like effect, and be made subject to the condition that the same shall be void, and that the powers and privileges thereby granted shall cease ⁽¹⁾ and determine at the expiration of three years and seven years respectively from the date thereof, unless there be paid within the said three and seven years respectively, the sum or sums of money in that behalf hereby required to be paid, and the Colonial Secretary shall issue under his hand a certificate of such payment, and shall endorse a receipt for the same on the letters patent.

11. The Colonial Secretary, so soon after the receipt by him of the warrant aforesaid as required by the applicant, shall cause to be prepared letters patent for the invention according to the tenor of the said warrant; and it shall be lawful for the Governor, with the advice of the Executive Council, to cause letters patent to be sealed with the public seal of the Colony, and such letters patent shall be made applicable to the said Colony, and shall be valid and effectual as to the whole of the same; but, except as herein-

after mentioned, no letters patent shall issue on any warrant granted as aforesaid, unless application be made to seal such letters patent within three months after the date of the said warrant, nor unless such letters patent be granted during the continuance of the protection conferred under this Act by reason of such deposit as aforesaid.

Letters patent may issue after that time, in certain cases.

12. Where the application to seal such letters patent has been made during the continuance of such protection as aforesaid, and the sealing of such letters patent has been delayed from accident, and not from the neglect or wilful default of the applicant, then such letters patent may be sealed at such time, not being more than one month after the expiration of such protection as the Governor, with the advice aforesaid, shall direct; and where the applicant for such letters patent dies during the continuance of such protection as aforesaid, such letters patent may be granted to the executors, testamentary or dative, of such applicant during the continuance of such protection, or at any time within three months after the death of such applicant, notwithstanding the expiration of the term of such protection; and the letters patent so granted shall be of the like force and effect as if they had been granted to such applicant during the continuance of such protection; and in case any letters patent shall be destroyed or lost, other letters patent, of the like tenor and effect, and sealed and dated as of the same day, may, subject to such regulations as the Governor, with the advice aforesaid, may direct, be issued under the authority of the warrant in pursuance of which the original letters patent were issued.

Letters patent for foreign inventions not to continue after expiration of foreign patent.

14. Where, upon any application made under this Act, letters patent are granted for or in respect of any invention, first invented in parts out of the Colony of the Cape of Good Hope, and a patent or like privilege for the monopoly or exclusive use or exercise of such invention in any parts out of the Cape of Good Hope is obtained before the grant of such letters patent in the Cape of Good Hope, all rights and privileges under such letters patent shall, notwithstanding any term in such letters patent limited, cease and be void immediately upon the expiration or other determination of the term during which the patent or like privilege obtained in such part out of the Cape of Good Hope shall continue in force, or where more than one such patent or like privilege is obtained abroad, immediately upon the expiration or

determination of the term which shall first expire or be determined of such several patents or like privileges: Provided, always, that no letters patent for or in respect of any invention, for which any such patent or like privilege as aforesaid shall have been obtained abroad, granted in the Cape of Good Hope after the expiration or determination of the term for which such patent or privilege was granted or was in force shall be of any validity.

15. No letters patent for any invention, granted after the passing of this Act, shall extend to prevent the use of such invention in any foreign ship or vessel, or for the navigation of any foreign ship or vessel which may be in any port of the Cape of Good Hope, in case such invention is not so used for the manufacture of any goods or commodities to be vended within or exported from the same.

16. Every specification deposited at the office of the Colonial Secretary as aforesaid, and the drawings and models accompanying the same, if any, shall forthwith, after the grant of the letters patent, or if no letters patent be granted, then immediately on the expiration of six months from the time of such deposit, be transferred to and kept in such office as the Governor, with the advice aforesaid, shall from time to time appoint for that purpose.

17. Any person who shall obtain letters patent under this Act, or in case such person shall depart with the whole or any part of his interest by assignment, such person, together with the assignee (if part only hath been assigned), or the assignee alone (if the whole hath been assigned), may apply to the Attorney-General for leave to enter a disclaimer of any part of either the title of the invention or of the specification, or a memorandum of any alteration in the said title or specification, not being such disclaimer or such alteration, as shall extend the exclusive right granted by the said letters patent; and thereupon the Attorney-General shall deliver to such patentee and assignee, or either of them, or to their or either of their agents, an appointment in the form contained in the sixth schedule to this Act, or to the like effect, and such patentee or assignee shall thereupon cause such disclaimer (stating the reason for the same), or such memorandum of alteration to be written at the foot of such appointment, and shall cause the same respectively to be published in the manner hereinbefore required, with respect to the said first mentioned appointment, and any person having an interest in opposing the said application shall be at liberty to leave particulars, in writing, of their objections to the same, at the office of the Attorney-General, within such time, not being less than one month, as the said Attorney-General by such appointment may direct: Provided, always, that where such application as aforesaid shall be for leave to enter a disclaimer of any part of the title of the said invention, or a memorandum of any alteration in such title, the Attorney-General may dispense with such appointment and pub-

19. After such hearing and consideration, or without such hearing and consideration, where the said appointment and publication shall have been dispensed with as aforesaid, such patentee and assignee, or either of them, may by leave of the Attorney-General, to be certified by a fiat under his hand (to be written at the foot of the same parchment with the said disclaimer or memorandum), enter such disclaimer stating the reason for the same, or such memorandum of alteration; and at the time of entering such disclaimer or memorandum of alteration shall deposit a copy thereof in the office next hereinafter mentioned, and such disclaimer or memorandum of alteration being filed in such office as the Governor, with the advice aforesaid, shall from time to time appoint for that purpose, shall be deemed and taken to be part of such letters patent or such specification, and subject to the several incidents thereof in all Colonial Courts, and shall be valid and effectual in favour of any person in whom the rights under the said letters patent may then be, or hereafter become legally vested; and no objection shall be allowed to be made in any proceeding upon or touching such letters patent, specification, disclaimer or memorandum of alteration, on the ground that the person entering such disclaimer or memorandum of alteration had not sufficient authority in that behalf: Provided, always, that no action shall be brought upon any letters patent in which or on the specification of which any disclaimer or memorandum of alteration shall have been filed in respect of any infringement committed prior to the filing of such disclaimer or memorandum of alteration unless the Attorney-General shall certify in his said fiat that any such action may be brought, notwithstanding the entry or filing of such disclaimer or memorandum of alteration); and no such disclaimer or alteration shall be receivable as evidence in any action or suit (save and except in any proceeding as aforesaid in the nature of a *scire facias*) pending at the time when such disclaimer or alteration was filed as aforesaid; but in every such last mentioned action or suit, the original title and specification alone shall be given in evidence, and be deemed and taken to be

20. The copies of all specifications, and the drawings and models accompanying the same, if any, and of all disclaimers and memoranda of alterations, respectively deposited under or in pursuance of this Act, shall be open to the inspection of the public at all reasonable times after the grant of letters patent, or if no letters patent be granted, then immediately on the expiration of six months from the time of such deposit, but subject to such regulations as the Governor, with the advice aforesaid, may make in that behalf.

21. If any person having obtained letters patent under this Act, or in case such person shall have departed with his whole, or any part of his interest by assignment, if such person together with the assignee (where part only hath been assigned), or if the assignee alone (where the whole has been assigned), shall, six months before the expiration or other termination of such letters patent, present to the Governor a petition for the extension of the term in such letters patent mentioned, and shall set forth in such petition that he or they has or have been unable to obtain a due remuneration for his or their expense or labour in perfecting such invention, and that an exclusive right of using and vending the same for some further period, to be named in such petition, in addition to the said term, is necessary for his or their reimbursement and remuneration, it shall be lawful for the Governor, with the advice aforesaid, to refer the consideration of the said petition to commissioners to be appointed for that purpose in the manner hereinafter mentioned.

22. If in any suit or action it shall be proved or specially found by the verdict of a jury that any person who shall have obtained letters patent for any invention or supposed invention was not the first inventor thereof, or of some part thereof, by reason of some other person having invented or used the same or some part thereof, before the date of such letters patent, or if such patentee or his assigns shall discover that some other person had, unknown to such patentee, invented or used the same or some part thereof before the date of such letters patent, such patentee or his assigns may petition the Governor to confirm the said letters patent, or to grant new letters patent, and it shall be lawful for the Governor,

At the time and place fixed in the said commission for that purpose, the commissioners shall meet and proceed to consider such petition, and the petitioner shall be heard by his counsel and witnesses, to prove his case as stated in such petition, and the publication of the said last-mentioned advertisement as required by this Act; and the persons entering caveats shall likewise be heard by their counsel and witnesses; and all such witnesses shall be examined upon oath or affirmation, which oath or affirmation such commissioners as aforesaid are hereby authorised and required to administer, and thereupon, and upon hearing and enquiry of the whole matter, in case such petitioner shall have prayed for an extension as aforesaid, the said commissioners may report whether any, and, if any, what further extension of the said term should be granted; and the Governor is hereby authorised and empowered, if he, with the advice aforesaid, shall think fit to grant to the petitioner new letters patent for the said inven-

ACT

For Improving the Administration of Criminal Justice. (1)

WHEREAS offenders frequently escape conviction on their trials by reason of the technical strictness of criminal proceedings in matters not material to the merits of the case : And whereas, such technical strictness may safely be relaxed in many instances, so as to ensure the punishment of the guilty, without depriving the accused of any just means of defence : And whereas, a failure of justice often take place on the trial of persons charged with offences against the law, by reason of variances between the statement in the indictment on which the trial is had, and the proof of names, dates, matters, and circumstances therein mentioned, not material to the merits of the case, and by the misstatement whereof the person on trial cannot have been prejudiced in his defence : Be it, therefore enacted by the Governor of the Cape of Good Hope, with the advice and consent of the Legislative Council and House of Assembly thereof, as follows :—

Preamble.

1. So much of any former Law, Act, or Ordinance, and of any rule of the Supreme Court, or the Circuit Court, or of the Courts of Resident Magistrates as shall be repugnant to or inconsistent with any of the provisions of this Act is hereby repealed.

Repugnant laws repealed.

2. From and after the taking effect of this Act whenever on the trial of any indictment in the Supreme or any Circuit Court for any crime or offence there shall appear to be any variance between the statement in such indictment and the evidence offered in proof thereof in the name of any Division, City, Municipality, Field-cornetcy, or place mentioned or described in any such indictment, or in the name or description of any person or persons, or body politic or corporate, therein stated or alleged to be the owner or owners of any property movable or immovable which shall form the subject of any offence charged therein, or in the name or description of any person or persons body politic or corporate therein stated or alleged to be injured or damaged, or intended to be injured or damaged by the commission of such offence, or in the christian name or surname or both christian name and surname, or other description whatever of any person or persons whomsoever therein named or described, or in the name or description of any matter or thing whatsoever therein named or described, or in the ownership of any property named or described therein, it shall and may be lawful for the Court before which the trial shall be had, if it shall consider such variance not material to the merits of the case and that the defendant cannot be prejudiced thereby in his defence on such merits, to order such indictment to

Certain discrepancies between indictment and evidence may be corrected.

Verdict as valid as if indictment had been originally correct.

be amended, according to the proof by some officer of the Court or other person both in that part of the indictment where such variance occurs and in every other part of the indictment which it may become necessary to amend, on such terms as to postponing the trial to be had before the same or another jury as such Court shall think reasonable; and after any such amendment the trial shall proceed, whenever the same shall be proceeded with, in the same manner in all respects and with the same consequences both with respect to the liability of witnesses to be indicted for perjury and otherwise as if no such variance had occurred.

3. Every verdict and judgment which shall be given after the making of any amendment under the provisions of this Act, shall be of the same force and effect in all respects as if the indictment had originally been in the same form in which it was after such amendment was made.

4. In any indictment for murder or culpable homicide preferred after the taking effect of this Act, shall not be necessary to set forth the manner in which or the means by which the death of the deceased was caused, but it shall be sufficient in every indictment for murder to charge that the defendant did wrongfully, unlawfully, and maliciously kill and murder the deceased, and it shall be sufficient in every indictment for culpable homicide to charge that the defendant did wrongfully and unlawfully kill the deceased.

5. In any indictment for forging, uttering, stealing, embezzling, destroying, or concealing any instrument, it shall be sufficient to describe such instrument by any name or designation by which the same may be usually known or by the purport thereof, without setting out any copy or facsimile thereof or otherwise describing the same or the value thereof.

6. In all other cases wherever it shall be necessary to make any averment in any indictment, as to any instrument, whether the same consists wholly or in part of writing, print, or figures, it shall be sufficient to describe such instrument by any name or designation by which the same may be usually known, or by the purport thereof, without setting out any copy or facsimile of the whole or any part thereof.

7. From and after the taking effect of this Act it shall be sufficient in any indictment for forging, uttering, offering, disposing of, or putting off any instrument whatsoever, or for committing or attempting to commit theft by means of false pretences, to allege that the defendant did the act with intent to defraud, without alleging the intent of the defendant to be to defraud any particular person; and on the trial of any of the offences in this section mentioned it shall not be necessary to prove an intent on the part of the defendant to defraud any particular person, but it shall be sufficient to prove that the defendant did the act charged with an intent to defraud.

8. And whereas offenders often escape conviction by reason that such persons ought to have been charged with attempting to commit offences, and not with the actual commission thereof. For remedy thereof be it enacted that if on the trial of any person charged with any crime or offence it shall appear to the jury or Court of Resident Magistrate, as the case may be, upon the evidence, that the defendant did not complete the offence charged, but that he was guilty only of an attempt to commit the same, such person shall not, by reason thereof be entitled to be acquitted, but the jury shall be at liberty to return as their verdict and the Court aforesaid to pronounce as its judgment that the defendant is not guilty of the crime or offence charged, but is guilty of an attempt to commit the same, and thereupon such person shall be liable to be punished in the same manner as if he had been convicted upon an indictment for attempting to commit the particular crime or offence charged in the said indictment; and no person so tried as herein lastly mentioned shall be liable to be afterwards prosecuted for an attempt to commit the crime or offence for which he was so tried.

And as often as any person shall be charged with the crime of assault with intent to murder, he may be found guilty of an assault with intent to do some grievous bodily harm, or of a common assault; and in like manner a person charged with assault with intent to do some grievous bodily harm, may be found guilty of a common assault. ⁽²⁾

10. If upon any indictment for theft it shall appear that the property alleged in such indictment to have been stolen at one time was stolen at different times, the prosecutor shall not by reason thereof, be required to elect upon which taking he will proceed, and the prisoner shall be liable to be convicted of every such taking in like manner as if every such taking had been separately charged.

Certain omissions or imperfections not to invalidate an indictment.

13. No indictment for any offence shall be held insufficient for want of the averment of any matter unnecessary to be proved; nor for that any person mentioned in the indictment is designated by a name of office or other descriptive appellation instead of his proper name; nor for omitting to state the time at which the offence was committed in any case where time is not of the essence of the offence; nor for stating the offence to have been committed on a day subsequent to the filing of the indictment, or on an impossible day, or on a day that never happened; nor for want of or imperfection in the addition of any defendant or any other person; nor for want of the statement of the value or price of any matter or thing, or the amount of damage, injury, or spoil, in any case where the value or price, or the amount of damage, injury, or spoil, is not of the essence of the offence: Provided, that as often as any particular day shall be laid in any indictment as the day on which any act or crime was committed, proof that such act or crime was committed on any other day or time, not more than three months before or after the day laid in the indictment, shall be taken to support such averment in case time be not of the essence of the crime: And provided that, in the case in the last preceding proviso mentioned, proof may be given that the act or crime in question was committed on a day or time more than three months before or after the day laid in the indictment, in case the Court before which the trial shall be had shall consider that the defendant cannot be prejudiced thereby in his defence upon the merits: Provided, however, that as often as such Court shall consider that the defendant might be thereby prejudiced in his defence upon the merits, such Court shall reject such proof, and shall discharge the

8. In any suit or action in this Colony in which any question shall arise concerning the effect, if any, of any acknowledgment of debt or any promise to pay any debt or any payment of interest on any debt, or any part payment of the principal of any debt made by any person whomsoever, whether the person sought to be charged in such suit or action or not, in taking any cause of action out of the operation of this Act, such question shall be judged of and determined in this Colony in like manner and by the same rules and principles as it would be judged of and determined in any of Her Majesty's Courts of Record at Westminster, in case the effect of the same acknowledgment, promise or payment were in question at the same time in any of such last-mentioned Courts.

To Limit the Liability of certain Members of certain Partnerships.

Preamble.

WHEREAS it is expedient to limit in certain cases and under certain conditions, the liability of certain members of certain partnerships formed for the purpose of carrying on trade or business in this Colony: Be it enacted by the Governor of the Cape of Good Hope, with the advice and consent of the Legislative Council and House of Assembly thereof, as follows:—

¹ Definition extended. See § 1. Act 23, 1902 (p. 4433).

1. The partnerships coming within the meaning of this Act shall not include such as are joint-stock companies nor such partnerships as may be formed for the purpose of banking.

2. Limited partnerships for the transaction of any mercantile, mechanical, or manufacturing business, except as is hereinbefore excepted, may be formed within this Colony upon the terms and subject to the conditions and liabilities hereinafter mentioned.

3. The said partnerships may consist of one or more persons who shall be called general partners, and shall be jointly and severally responsible as partners now are by law, and who only shall be authorised to transact business and sign for the partnership, and to bind the same; and of one or more persons who shall contribute to the common stock a specific sum in actual cash payment, and who shall be called special partners, and who shall not be personally liable for any debts of the partnership, except in the cases hereinafter mentioned, beyond the amount so paid in by them: Provided, however, that nothing in this Act contained shall be deemed or taken to make a special partner liable for any debts contracted by the general partners previous to the formation and registration of such limited partnership.

4. Any persons forming such partnership shall make and severally sign a certificate which shall contain the name or firm under which the said partnership is to be conducted, the names and residences of all the general and special partners, distinguishing who are general and who are special partners, the amount of capital which each special partner has paid in to the common stock, the general nature of the business to be transacted, the time when the partnership is to commence, and the time when the partnership is to terminate.

5. No such partnership shall be deemed to have been formed until a certificate containing the particulars as aforesaid shall be acknowledged by all the partners before a Justice of the Peace and registered in the office of the Registrar of Deeds of the Colony, in a book to be kept for that purpose, open to public inspection; and if the partnership shall have a place of business situated in any division of the Colony, other than Cape Town and the district thereof and the Cape division, then a copy of the aforesaid certificate, certified by the Registrar of Deeds of the Colony shall be filed and registered in like manner in the office of the Civil Commissioner of every such division; and if any false statement shall be made in any such certificate all the persons interested in the partnership shall be liable, as general partners are under this Act, for all the engagements thereof.

6. Upon every renewal or continuation of any such limited partnership beyond the time originally agreed upon for its duration, a certificate thereof shall be made, acknowledged, and registered in like manner as is hereinbefore provided for the original

Business to be conducted under name of general partners.

7. 8. All suits respecting the business of such partnership shall be brought and prosecuted by and against the general partners in the same manner as if there were no special partners; except in those cases in which it is provided in this Act that the special partners shall be deemed general partners and that special partnerships shall be deemed general partnerships; in which cases all the partners deemed general partners may join or be joined in such suits.

12. A special partner may, from time to time, examine into the state and progress of the partnership concerns, and may advise as to their management; but he shall not transact any business on account of the partnership, or be employed for that purpose as agent, attorney, or otherwise; and if he shall personally enter into any transaction, or make any contract respecting the concerns of the partnership with any person except general partners, he shall be deemed and treated as a general partner in relation to such transaction or contract, unless it shall be made to appear that in entering into such transaction or making such contract he acted as a special partner only.

13. The general partners shall be liable to account to each other, and to the special partners, for their management of the business, as other partners now are by law.

14. In case of the insolvency of any limited partnership, no special partner shall under any circumstances be allowed to claim as a creditor until all the claims of all the other creditors of the partnership shall be satisfied.

ACT

For enabling the Commissioners of the Municipality of George Town to procure a better Supply of Water for the Inhabitants of such Municipality.

WHEREAS the inhabitants of the municipality of George Town have for some years past experienced great inconvenience in consequence of a deficient supply of water; and whereas the present supply of water is derived from streams having their rise in a portion of the Outeniqua Mountains, situate within and forming part of the commonage lands of the municipality of George Town, the waters from which streams are collected in a reservoir at the base of the mountain, and thence conducted to and distributed in the town of George by means of open sluits; and whereas the existing reservoir is insufficient for the storage of an adequate supply of water, and the waters conveyed in such sluits are constantly polluted by decayed vegetable and animal matter continuously accumulating therein; and whereas it will be very beneficial to the inhabitants that additional reservoir space should be constructed and provided, and that the water should be conveyed to the town in supply pipes in place of open sluits; and whereas to enable the said commissioners to construct such additional reservoir space and procure and lay such pipes, it is proposed that a special rate should be laid on all immovable property within the municipality of George Town, to be called the water rate; and whereas it is proposed that the said commissioners should be empowered to borrow money on the security of the intended water rate to enable them to construct the intended works, but such objects cannot be obtained without the aid and authority of Parliament: Be it therefore enacted by the Governor of the Cape of Good Hope, with the advice and consent of the Legislative Council and House of Assembly thereof:—

Preamble.

1. This Act may be cited as the “George Town Water Act, 1863.” and shall take effect from and after the promulgation thereof.

Short Title.

2. In the construction of this Act the following words and expressions have the several meanings assigned to them over and above their several ordinary meanings, unless there be something in the context repugnant to such construction, namely: Words importing the singular number include the plural number, and words importing the plural number include the singular number; words importing the masculine gender include females: the expression “commissioners” shall mean commissioners of the municipality of George Town; the expression “inhabitants” shall mean householders of the municipality of George Town; the expression “street or public thoroughfare,” shall mean street, or public thoroughfare situate within the municipality of George

8. Before proceeding with the works hereinbefore authorised, the commissioners shall cause a plan, specification, and estimate of such intended works to be placed in the Town-house in George Town, for the inspection of the inhabitants, and shall cause a notice in the form number one in the schedule hereto to be given to the inhabitants as hereafter is directed; after the publication of such notice, the plans, specification, and estimate shall remain open for inspection in the Town-house aforesaid for the period of twenty-one days. Commissioners not to be interested in contracts.

10. A special rate of one penny half-penny in the pound, to be called the "water rate," is hereby imposed on all immovable property, situate within the municipality; the rate to commence and be payable on the first day of January next, and to become due and payable on the first day of January in every successive year up to and including the first day of January which will be in the year one thousand nine hundred and twenty-one.

To Amend the Ordinance No. 9 of 1836, entitled “Ordinance for the Creation of Municipal Boards in the Towns and Villages of this Colony, on which the Local Regulations of each shall be founded.”⁽¹⁾

WHEREAS it has happened in some Municipalities in this Colony that the provisions of the fourteenth and fifteenth sections

No. 13—1864.

of the Ordinance No. 9, 1836, relative to a triennial election of Municipal Commissioners, have, from error or inadvertence, been overlooked, whereby doubts may be raised respecting the validity of the acts of certain Boards of Commissioners who formerly held office, as well as of certain Boards of Commissioners now in existence: And whereas it is expedient to remove such doubts, and at the same time to amend the said Ordinance in certain respects: Be it enacted by the Governor of the Cape of Good Hope, with the advice and consent of the Legislative Council and House of Assembly thereof, as follows:—

Irregular elections
legalised.

1. No person now acting, or who shall at any time heretofore have acted, as a commissioner of any municipality established and existing under the Ordinance aforesaid, No. 9 of 1836, shall be deemed or taken to be, or have been, unduly or illegally elected to such office, by reason merely that his election took place at a time and in a manner different from the time and manner in which, under and by virtue of the fourteenth and fifteenth sections of the said Ordinance, such election ought to have taken place; and the acts and proceedings of every such person, as a commissioner and of any board of commissioners of which he was or is a member, shall be taken and judged of as if such person had been duly and regularly elected under the provisions of the said Ordinance.

And whereas, whilst it is necessary, in reference to the municipalities in which such irregular elections have taken place, to fix the time at which the existing commissioners shall go out of office, and other commissioners shall be elected thereto, it will be convenient to provide that the commissioners of all municipalities established or to be hereafter established under the Ordinance aforesaid, No. 9, 1836, should be elected throughout the Colony on the same day: Be it enacted as follows:

Duration of office
of existing commis-
sioners.

2. It shall and may be lawful for every commissioner in every municipality established and existing under the Ordinance No. 9, 1836, no matter when such commissioner may have been elected, and whether elected at a time and in a manner directed by the fourteenth and fifteenth sections of the Ordinance aforesaid or not, to hold office as such commissioner till the first day of March, one thousand eight hundred and sixty-five, but every commissioner in every such municipality shall then go out of office.

General election
when and how to
take place.

3. On the last Monday in the month of February, one thousand eight hundred and sixty-five, a meeting shall be holden, at such hour and place as shall be notified by the commissioners then in office, for the election of commissioners for the three years next succeeding the first of March, one thousand eight hundred and sixty-five, and such election shall proceed in such manner as is by the twelfth section of the said Ordinance, No. 9, 1836, provided in regard to the first election of commissioners under the said Ordinance; and such incoming commissioners shall, in their turn,

go out of office on the first day of March, one thousand eight hundred and sixty-eight, and be succeeded by others to be elected on the last Monday of the preceding month; and so on with triennial vacancies and triennial elections on the same days for ever.

No. 13—1864.

4. Every person elected in manner and form as in the sixteenth section of the Ordinance aforesaid, No. 9, 1836, provided, for supplying any casual vacancy in the office of commissioner, shall serve until the then next general election of commissioners, and shall then go out of office.

Casual vacancies.

5. In case it shall happen that by reason of any failure or neglect, or any other cause whatever, any meeting for the election of a commissioner or commissioners shall not be duly or regularly holden, or that at any such meeting the commissioner or commissioners for the purpose of choosing whom such meeting was convened shall not be duly elected, then and in every such case the Resident Magistrate of the district, or any neighbouring Justice of the Peace, shall, as soon as any such event shall have been duly notified to him in writing by any three or more householders of the municipality within which such event shall have occurred, call, by a notice of not less than seven or more than fourteen days, a meeting of the householders of such municipality for the purpose of electing such commissioner or commissioners, in the same manner as is in the said Ordinance, No. 9, 1836, directed with respect to the first election of commissioners under the provisions of the said Ordinance; and the commissioners who shall have been in office next before the time when such failure shall have occurred in regard to any general election of commissioners shall remain and continue in office until their successors shall in manner herein provided have been duly elected, upon which the former shall forthwith go out of office, and be succeeded by the persons newly chosen.

Proceedings on failure to elect at any meeting.

6. In regard to the first board of commissioners to be elected by any municipality to be hereafter created or established under the Ordinance aforesaid, No. 9, 1836, such first board, if elected within twelve months next before the last Monday of any February in which a general election of commissioners in the several municipalities existing under the Ordinance aforesaid is by this Act appointed to take place, shall not go out of office at the then next general election, but shall hold office until the general election next succeeding that general election; but in case such first board of commissioners shall be elected twelve months or upwards before the day aforesaid, then such board of commissioners shall go out of office at the then next general election, precisely as if they had been in office for three years.

Duration of office of first board of commissioners of any municipality when elected within twelve months of a general election.

7. Every person who is the occupier of any house, warehouse, counting-house, shop, or office, either as proprietor or renter, of the yearly value or rent of not less than ten pounds sterling, shall be and be deemed and taken to be a resident householder within

the meaning of the Ordinance aforesaid, No. 9 of 1836; and at all meetings of resident householders every such resident householder who shall be personally present shall have and be entitled to one vote, and no more.

Joint proprietors or occupiers to be regarded as separate householders, the value of occupancy of each being not less than £10.

8. Where any premises shall be jointly occupied by more persons than one as proprietors or renters, each of such joint occupiers shall be entitled to be considered a resident householder within the meaning of the said Ordinance, in respect of the premises so jointly occupied, in case the yearly value or rent of such premises shall be of an amount which, when divided by the number of such joint occupiers, shall give a sum of not less than ten pounds for each and every such joint occupier.

Commissioners to have no interest in municipal contracts on pain of penalty and vacation of office.

9. No commissioner of any municipality (except as hereinafter excepted) shall be allowed, directly or indirectly, to become a contractor with the board of commissioners of which he is a member, for or in regard to any such contract as is in the forty-third section of the Ordinance aforesaid, No. 9, 1836, described, either in his own name or in the name of, or jointly with, any other person, on pain of forfeiting for every such offence, for the benefit of the municipality, any sum not exceeding fifty pounds, and he shall also be deemed to have thereby *ipso facto*, vacated his office as commissioner, and shall not be eligible for re-election as a commissioner until the next general election of commissioners for such municipality. ACT

For Obliging Executors, Tutors, and Curators to lodge their Accounts. (1)

Preamble.

WHEREAS it is necessary and expedient that better provision be made for obliging executors, tutors, and curators to lodge their accounts with the Master of the Supreme Court: Be it enacted by the Governor of this Colony, with the advice and consent of the Legislative Council and House of Assembly thereof, as follows:—

Executor failing to lodge account of administration with master within twelve months may be summoned before Supreme Court.

1. As often as any executor, whether testamentary or dative, shall fail or shall have failed to lodge with the Master of the Supreme Court the certain amount mentioned in the thirty-third section of the Ordinance No. 104, within the space of twelve months from the day on which letters of administration were granted to such executor, it shall be lawful for the said Master to summon said executor, so in default, to show cause before the Supreme or any Circuit Court why said account has not been lodged as aforesaid: Provided that the said Master shall, not sooner than three months nor later than one month, before suing out any such summons as aforesaid, apply by letter, to the executor in default requiring him to lodge his account on pain of being summoned to do so under this Act: Provided further that any executor receiving any such application from the said Master, may lay before the said Master such grounds and reasons as he may be able to advance why he has not lodged his account, and the said Master, should such grounds and reasons seem to him sufficient, may grant to such executor such an extension of time for the lodging of such account, as such Master shall under the circumstances deem reasonable: And provided also that if any

Master to apply for account previous to suing.

Master may extend time on sufficient cause being shown.

On failure to satisfy Master, summons may be issued, unless a judge's order shall have been obtained.

¹ See Acts 11, 1873 (p. 1278), and 27, 1895 (p. 3519).

such executor so in default shall fail to satisfy the said Master that he ought to receive an extension of time, said Master shall be at liberty to summon such executor to lodge his account, unless such executor shall obtain from the Supreme Court, or some Judge thereof, and deliver to such Master an order made upon motion of which the said Master shall get notice, granting to such executor an extension of time within which to lodge his account.

2. Although the Court or Judge aforesaid shall be of opinion that the ground and reasons laid before the said Master, by any executor, who shall be summoned to lodge his account as aforesaid, were such as would have warranted the said Master in granting an extension of time; the said Master shall nevertheless be entitled to his costs in case he shall, before summoning the executor whose grounds and reasons the said Master shall have overruled, and declared insufficient, have allowed such executor sufficient time for enabling him to apply to the Supreme Court or some Judge thereof, for such an order as aforesaid, granting to such executor an extension of time.

3. Provided always that when the person by whom any testamentary executor has been appointed shall, by any deed duly executed by him, or by any clause in a will or codicil to a will, have directed that such testamentary executor shall not transmit to the office of the said Master an account of the whole administration and distribution of the estate of which he is such executor, then, and in every such case, no such executor shall be required to lodge the same with the said Master of the Supreme Court; except when an order for the production of the same shall have been made by the Supreme Court or any Judge thereof, on sufficient cause for the production of the same being shown by the Master, or by some person having an interest in the said joint estate: And that the survivor of two spouses married in community of property, to whom the predeceasing spouse shall by will have lawfully bequeathed all the share of the said joint estate belonging to such predeceasing spouse, shall by will or other lawful instrument have appointed the executor of his or her will and the tutor of his or her minor children, and the administrator (*boedelhouder*) of the said joint estate during the minority of such children, shall not in any case be required to transmit or lodge at the office of the said Master any such account as before mentioned, except when an order for the production of the same shall have been made by the Supreme Court, or any Judge thereof in manner aforesaid.

4. The costs adjudged to the said Master upon any summons sued out by him or on his behalf, shall be payable by the executor in default in his individual capacity, and he shall not be at liberty to charge the same to the estate under his administration, unless authorised so to do by the said Supreme Court.

5. It shall be the duty of the said Master to summon, as aforesaid, every tutor, whether testamentary or dative, and every

3. Any person tried upon any indictment charging him with an assault with intent to commit a rape, or with an assault with any other particular intent specified in such indictment, may be found guilty of a common assault. 4. The eighteenth section of "The Criminal Law Amendment Act, 1861," is hereby repealed.

5. No defendant shall be tried in the Supreme or any Circuit Court for any crime or offence, unless such defendant shall have been previously committed for trial by some competent Court or Magistrate, for or in respect of the crime or offence charged in such indictment; and in case any defendant, after having been so committed for trial, shall have been again liberated by order of the Attorney-General, no process for summoning such defendant to answer any indictment at the suit of any private prosecutor shall be sued out without the leave of the Supreme or some Circuit Court, or some Judge thereof, for that purpose first had and obtained: (2) Provided, always, that nothing herein contained shall

ACT

To Consolidate and Amend the several Acts relating to the Adjustment of Disputed Land Boundaries and to the Erection and Preservation of Land Beacons. (1)

Preamble.

WHEREAS it is expedient to consolidate and amend the several Acts in force in this Colony relating to the Adjustment of Disputed Land Boundaries, and to the Erection and Preservation of Land Beacons: Be it enacted by the Governor of the Cape of Good Hope, with the advice and consent of the Legislative Council and House of Assembly thereof, as follows:—

Previous Acts repealed.

1. The following Acts are hereby repealed,—that is to say, the Act No. 10, 1859, entitled “An Act to provide for the Adjustment of Disputed Land Boundaries, and for the Erection and Preservation of Land Beacons,” and the Act No. 3, 1860, entitled “An Act to amend the Act No. 10, 1859, entitled ‘An Act to provide for the Adjustment of Disputed Land Boundaries and for the Erection and Preservation of Land Beacons,’” and the Act No. 6, 1862, entitled “An Act amending the Act No. 10, 1859, entitled ‘An Act to provide for the Adjustment of Disputed Land Boundaries, and for the Erection and Preservation of Land Beacons.’”

Acts, proceedings, &c., done before taking effect of this Act, not affected.

2. Notwithstanding the said repeal, every act, proceeding, matter, or thing done before the taking effect of this Act under or by virtue of the Acts so repealed, or any of them, relating to the resurvey of any section or area, or the settlement of any dispute regarding the boundaries of any farm or farms not included in any such section or area, shall at all times hereafter be judged of, and be of the same force and effect, in all respects, as if the said Acts were still in force: Provided that as often as no fresh grant shall, at the time of the taking effect of this Act, have been, under the said Act No. 10, 1859, issued, then the provisions of this Act shall, if different from the provisions of the Acts aforesaid, or any of them, apply, so far as applicable, to all resurveys or other proceedings still in progress, in the state and condition in which such resurveys or other proceedings shall then be, precisely as if such resurveys or other proceedings had been begun under this Act, instead of under the other Acts aforesaid, or one of them.

Partial resurveys or other proceedings under previous Acts, how affected.

3. It shall be lawful for the Divisional Council of any division in this Colony, from time to time, to divide such division, or so much and such parts thereof as such Council shall deem necessary or expedient, into sections or areas, for the purpose of a resurvey under the provisions of this Act.

Divisional councils may subdivide divisions for purposes of resurvey.

¹ Amended by Acts 8, 1866-67 (p. 1032), and 9, 1879 (p. 1602).

4. Every such section or area as aforesaid shall be, if possible, a tract of country lying between permanent and conspicuous natural objects, such as mountain ranges or rivers, or objects of a like nature; and in case of the total or partial absence of such natural objects, then some undisputed and indisputable beacons or land marks or other sufficiently distinguishing points shall be resorted to for the purpose of defining or describing a section or area of such extent and of such character as shall be suitable for the purpose of a complete and effectual re-survey under this Act, of the several farms included therein.

5. As often as the absence at proper or convenient places of such objects or points as are in the last preceding section mentioned, or of a sufficient number of such objects or points, shall render it impossible or undesirable to define or describe a section or area in any particular locality by means of such objects or points it shall be lawful to define or describe for the purpose of such locality a section or area for resurvey under this Act by means of beacons which are capable of being disputed; but the boundaries or limits of all sections or areas so defined or described shall be provisional in their nature, and may be ultimately enlarged, contracted, or otherwise altered as may in the progress of the resurvey be found necessary, and the beacons so taken for the purpose of the provisional definition or description placed where, according to such alteration they ought of right to stand: Provided that when and as often as any of the beacons so provisionally taken shall be beacons dividing farms being private property from other farms being private property, and the beacons so provisionally taken shall be disputed by the proprietors of farms lying beyond or outside of the said beacons, then such last-mentioned farms shall be deemed to be included in the section or area; and so on from private farm to private farm, until some natural object, some Crown land, some undisputed beacons, or some other fixed points shall be arrived at, beyond which it shall not be necessary that the section or area shall extend: Provided, also, that if any doubt or question should arise as to the point or points beyond which it is not necessary that any such section or area as in this section of this Act mentioned should extend, such doubt or question shall be decided by the Surveyor-General, with the advice of the Divisional Council: Provided, further, that no such beacons as are in this section mentioned shall be at any time resorted to for the purpose of describing, either wholly or in part, any section or area for the purpose of resurvey under this Act, until the Divisional Council proposing such beacons shall have satisfied the Surveyor-General that it would, under the circumstances of the case, be either impossible or in the highest degree inconvenient to define or describe a section or area in the same locality by such objects or points as are in the preceding section mentioned; it being the true intent and meaning of this Act that no section or area other

than one defined or described as in the last preceding section mentioned should be sanctioned by the Surveyor-General, unless in cases in which a departure from the provisions of the said section shall be either absolutely necessary or obviously desirable; Provided, lastly, that if in any case it should become necessary in the progress of the resurvey of any area under this section to include any farm lying beyond the limits of the division within which such area as provisionally defined originally lay, it shall be lawful to include such farm; and such farm shall be in the same plight and condition as regards the provisions of this Act as if it lay within the limits of such division as aforesaid.

6. In defining and describing sections or areas of country for the purposes of this Act, every Divisional Council shall consult with, and obtain the concurrence of, the Surveyor-General of the Colony, or of such officer of his department, or Government surveyor, as the said Surveyor-General shall appoint: Provided that as often as there shall, under either of the two immediately preceding sections, be an area proposed, to the Surveyor-General for his concurrence, which area shall, either wholly or in part, be defined or described by beacons, then the concurrence of the Surveyor-General, when given, shall not be taken to be an admission by the Surveyor-General that such beacons are correct in reference to Crown land, or to deprive the Colonial Government of any Crown land lying or being within the area defined or described by such beacons, or by any of them.

7. As soon as the whole or any part of any division shall have been divided into such sections or areas as aforesaid, or as soon as any one such section or area shall have been defined, the Divisional Council of the division shall, by means of notices, affixed at public places, and by means of the Field-Cornet or Field-cornets resident within such section or area, or otherwise, as such council shall devise, make publicly known the boundaries or limits of such sections or areas respectively, or of such single section or area, should only one be in the first instance described.

8. It shall be competent for any number of landowners owning not less than half the value of the whole immovable property lying in any such section or area, and valued for the purpose of being assessed for road rates, to apply, in writing, for the resurvey of such section or area, for the purposes of this Act: Provided that, in determining the value of immovable property for the purpose of this section, the valuation of the same for road rates shall be binding and conclusive.

9. Every Divisional Council receiving any such application as aforesaid shall forward the same to the Colonial Secretary, together with the report of such council that such application is signed by not less than one half in value of such owners as aforesaid and a description or definition of the section or area to which such application shall relate.

10. As soon as the application, report, and description or definition in the last preceding section mentioned shall have been received by the Colonial Secretary, it shall be lawful for the Governor of the Colony, by proclamation in the *Government Gazette*, if he shall see fit to direct the resurvey of such section or area for the purposes of this Act.

11. Upon the issue of any of such proclamation as aforesaid, or before such issue, it shall be lawful for the Divisional Council of the division to which such proclamation shall relate, to recommend to the Surveyor-General such number of competent land-surveyors as they shall deem proper to be employed upon the resurvey of the section or area described or defined in such proclamation: Provided that it shall not be incumbent upon the Surveyor-General to appoint the surveyor or surveyors recommended by the council, and that if, in any case, he shall see cause not to do so, he may transmit to the Divisional Council the name or names of another surveyor or surveyors as the person or the persons whom he proposes to employ, and unless the said council shall object to the surveyor or surveyors so proposed, and assign sufficient grounds of objection, to be judged of by the Governor aforesaid, then the last-mentioned surveyor or surveyors shall be appointed: Provided that every such surveyor shall be removable by the Governor at pleasure, and that in case of a vacancy arising from death, removal, or other cause, another surveyor may, in manner aforesaid, be appointed to supply such vacancy.

Divisional council may recommend surveyors.

Surveyor-General not bound to appoint such surveyors.

13. When and as often as any such proclamation as aforesaid shall have been issued, the Divisional Council shall cause such notice published in the local newspaper, if any there be, in which notices of such Divisional Council are usually published, and it shall be incumbent upon the owner or owners of each farm included in the section or area described or defined in such proclamation, of which farm the beacons, or some of them, shall not be standing, to put up within forty-two days from and after the publication of the first *Government Gazette* containing such proclamation as aforesaid, the beacons of such farm, or some visible marks to serve provisionally as beacons, at or upon the spots where, as he or they maintain, the beacons of such farm ought of right to stand. As soon after the expiration of the forty-two days aforesaid as circumstances will permit, the surveyor or surveyors commissioned or appointed as aforesaid to resurvey the section or area in question shall commence the same: Provided that previous notice of the day and place or days and places of commencing such resurvey shall be given by the Divisional Council by means of a notice in the *Government Gazette*, to be published therein for not less than twenty-one days before the first day fixed in and by such notice for the commencement of the resurvey; and provided that such notice may be given either before or after the expiration of the forty-two days aforesaid: Provided, also, that the Divisional Council shall, besides publishing such notice in the *Government Gazette*, publish the same in the local newspaper in the thirteenth section of this Act mentioned, and take such other steps as they may deem expedient for causing the subject-matter of it to be made generally known to the owners of immovable property in the section or area about to be resurveyed; And provided, further, that it shall be lawful for the Divisional Council, in case it should so think fit to depute one of its members to accompany such surveyor or surveyors in the making of such resurvey, in manner and form, and under the like conditions, in all respects, as are hereinafter in the ninety-eighth section of this Act set forth.

16. It shall be the duty of the surveyor or surveyors, employed upon any such resurvey, when and as often as he or they shall find any farm or number of farms of which the beacons are all standing, and are admitted as correct by the owners of all the adjoining or other farms interested in or affected by such beacons, or any of them, to obtain proof of such admission by some writing signed by such owners, and thereafter to frame an accurate diagram of every

such farm, taking the same to be the area represented by such admitted beacons, whether the said beacons shall or shall not coincide with the existing diagram of such farm, or with the extent of land which shall by the title-deed of such farm purport to have been granted: Provided that no beacon or beacons in any section or area proclaimed for the purpose of resurvey before the 31st of December, 1866, shall be taken to be so admitted before and until the beacons of all the farms within such section or area shall be standing or in existence: Provided that nothing in this section contained shall be construed so as to render it necessary to frame a new diagram of any such farm as is in the thirty-third section of this Act mentioned.

Exception as to admission of beacons in sections proclaimed for resurvey prior to 31st December, 1866.

Exception as to framing of new diagrams.

17. Every surveyor who shall frame any such diagram as is in the last preceding section mentioned, shall transmit the same to the Divisional Council, together with a report containing any information which he may deem useful, or which the Divisional Council may have desired, and amongst other things, the degree in which the new diagram coincides with or differs from the existing diagram or title-deed.

Diagram and report to be transmitted to divisional council.

18. The Divisional Council receiving any such diagram and report shall transmit the same, together with any remarks which the said council shall see fit to offer, to the Governor aforesaid, through the Surveyor-General, in order that a fresh grant, founded upon the resurvey and new diagram, if found by the said Surveyor-General to be correct, may be issued. And the said council shall also transmit to the Surveyor-General all title-deeds, transfer-deeds, and diagrams connected with the farm resurveyed, which deeds and diagrams the person in whose custody or power the same shall be, shall be bound, upon demand of the said council, to deliver over to such council.

Duty of divisional council on receiving such report.

19. Upon the issue of any such fresh grant, all existing title-deeds or transfer-deeds of the same farm shall become cancelled, void and of no effect: Provided that as often as any hypothecation, conventional or tacit, of or over any farm so re-granted, shall be in existence at the date of such re-grant such hypothecation shall attach to and upon the said farm as so re-granted precisely as it existed upon the said farm under its former title-deed or transfer-deed, and all usual and proper entries and endorsements upon or in regard to such fresh grant as may be necessary to record any hypothecation of the land therein contained, shall be made in the Deeds Registry of the Colony, before such fresh grant shall be delivered from and out of the office of the Surveyor-General to the person or persons entitled thereto.

Fresh grant to nullify all previous titles and transfer-deeds.

Hypothecation to survive and be re-registered anew.

20. As soon as the Divisional Council shall have learned from the Surveyor-General that a fresh grant will be issued on the new diagram, then the said council shall cause notice to be given to the proper parties in that behalf, that they are at liberty to replace such of their existing beacons as shall not be of the description

required by the one hundred and twelfth section of this Act, with other and proper beacons, as by the said one hundred and twelfth section prescribed; and no fresh grant of any farm shall be delivered to the person or persons entitled thereto, without the authority of the Divisional Council, which shall not give such authority until it shall be certified in writing to such council by the surveyor who made the new diagram, or by some other surveyor to be approved of by the said Surveyor-General, that the beacons of such farm have been inspected by him, and that they are correctly placed, and are constructed according to the provisions of the said one hundred and twelfth section of this Act, and that the provisional beacons, if any, of such farm have been demolished or removed.

When Crown land is included in section, surveyor bound to give information thereof to Surveyor-General.

21. As often as there shall be within any section or area defined, as aforesaid, for the purpose of resurvey, any Crown land, it shall be the duty of the surveyor employed in making the resurvey of such section or area to report to the Surveyor-General of the Colony the existence of such Crown land, and the name or other description of all the farms adjoining to or abutting upon it, and whether the beacons of such farms respectively upon the side of such Crown land do or do not correspond with the diagrams of such farms respectively; and such surveyor shall also describe to the said Surveyor-General the nature and materials of such beacons, and whether they are in appearance original and authentic, or the reverse, and generally all such other information as may appear calculated to assist the Surveyor-General in determining whether any of the beacons of any such farm encroach upon Crown land.

Surveyor-General may call for further information and direct survey.

22. If the Surveyor-General, upon considering any such report, shall be of opinion that it does not contain sufficient information to enable him to determine whether there has or has not been any such encroachment, then the Surveyor-General may call upon such surveyor for such further information and may direct such further survey as the said Surveyor-General may think needful or desirable.

Surveyor-General may depute a person to take evidence, &c.

23. Should the Surveyor-General be unable, from the information furnished to him by such surveyor, to determine whether there has or has not been such an encroachment as aforesaid, then the Surveyor-General shall, with the sanction of the Governor, by any writing under his hand, appoint some fit and proper person, not being the surveyor employed in making the resurvey, to proceed to the spot for the purpose of taking evidence and collecting information.

Person deputed may summon witnesses and take evidence upon oath.

24. Every person so appointed as last aforesaid to take evidence is hereby authorised to summon witnesses, and examine them upon oath; and the provisions of the forty-eighth and forty-ninth sections of this Act shall, *mutatis mutandis*, apply to the said person so appointed, and to all witnesses summoned by him.

25. Should the Surveyor-General, after considering all such information as shall have been supplied to him in regard to any such beacons as aforesaid, be of opinion that such beacons do encroach upon and include Crown land, and if the person claiming such beacons as beacons of his farm shall not consent to the removal of the same to such spot or spots as the Surveyor-General shall prescribe, then the question in dispute shall be determined by commissioners chosen in manner and form as hereinafter set forth.

No. 7—1865.

Disputes respecting encroachments on Crown lands may be settled by commissioners chosen for that purpose.

26. If any surveyor employed to resurvey any such section or area as aforesaid, and who shall survey any farm adjoining to or abutting upon any Crown land, shall fail or neglect to report to the Surveyor-General the existence of such Crown land, such surveyor shall (except as hereafter is excepted) forfeit any sum not exceeding one hundred pounds: Provided that if such surveyor, when proceeded against for any such forfeiture, shall prove that the existence of such Crown land might, notwithstanding the exercise upon his part of due and proper skill and diligence, fail to be discovered by him, he shall not be liable to such forfeiture, unless the prosecutor shall prove that the existence of such Crown land was, in fact, known to such surveyor.

Surveyor subject to penalty for failure to report existence of Crown land.

Unless sufficient cause is shown for not so reporting.

27. As often as any surveyor employed to resurvey any section or area shall be detained from proceeding with such resurvey by reason of reporting to the Surveyor-General as aforesaid and collecting evidence or other information for that officer, such surveyor shall be recompensed for his time and trouble whilst so detained at such reasonable rate as the Surveyor-General shall, with the sanction of the Governor, fix and determine.

Remuneration to surveyor for detention while so reporting or collecting information.

28. Every witness attending and giving evidence before any such person as is in the twenty-third section of this Act mentioned shall be entitled to his reasonable expenses, to be ascertained in manner and form as in the sixty-sixth section of this Act is provided.

Witnesses' expenses.

29. Should it at any time happen that the Surveyor-General, receiving any such diagram and report as are in the seventeenth section of this Act mentioned, shall find reason to believe or suspect that there has been included in that diagram some Crown land the existence of which had not been reported to him by the surveyor, as in the twenty-first section of this Act is directed, then the Surveyor-General shall communicate with each surveyor on the subject, and call for all such information from such surveyor as may be deemed necessary; and in case it shall be found that there was, in such section or area, any Crown land of which the existence was not reported, all and singular the foregoing provisions of this Act relating to Crown land shall apply to such Crown land, and to the beacons of all farms put up upon the side of such Crown land.

of the surveyor, as in the twenty-seventh section of this Act mentioned, and the expenses of the witnesses in the twenty-eighth section of this Act mentioned, shall be paid in the first instance out of the general revenue, and they shall be included in the costs of the inquiry by the commissioners who shall investigate and decide the case, as such costs are described in the sixty-eighth and sixty-ninth sections of this Act: Provided that as often as no commission shall be appointed by reason that the Surveyor-General shall ultimately admit the correctness of the beacons which were, for a time, in doubt, then the charges in this section mentioned shall (unless it shall be otherwise agreed upon between the Surveyor-General and the person who claimed the said beacons) be borne by the general revenue: And provided that as often as no commission shall be appointed by reason that the person who originally claimed certain beacons shall ultimately remove them from where they first stood, and place them where the Surveyor-General shall have prescribed, then the charges in this section mentioned shall (unless it shall be otherwise agreed upon as aforesaid) be borne by such person: Provided, also, that as often as no commission shall be appointed by reason that the Surveyor-General and the owner of the private property concerned shall mutually agree that the beacons which were, for a time, in question shall finally be placed neither where such owner originally placed them, nor where the Surveyor-General originally prescribed, but at some intermediate spot or spots, then such charges as aforesaid shall (unless it shall be otherwise agreed upon as aforesaid) be borne by the general revenue.

On issue of proclamation directing resurvey of any section, divisional council to require landholders to deliver over their title deeds and diagrams.

31. When and as soon as any such proclamation as is in the tenth section of this Act described shall have been issued, it shall be lawful for the Divisional Council of the division in which the section or area defined in such proclamation shall be situated, to require, by notice in writing, signed by the secretary, the several landowners within such section or area to deliver over to such Divisional Council all original title-deeds and all diagrams in their possession, respectively, or copies thereof certified as correct by a Government land surveyor, in order to enable the surveyor employed upon the proposed resurvey to proceed therewith, and such deeds or copies shall be delivered over by every such landowner within twenty-one days next after the receipt by him of such notice, or within such further time as the said council shall think fit to grant in any particular case; and any landowner failing without lawful cause to deliver the same shall be liable to pay the sum of five pounds sterling, to be recovered by such council, suing by its secretary, and paid into the funds of such council: Provided that the Divisional Council receiving any such deeds shall give a receipt for the same, and be responsible for the return of the same, or, in case of loss, for the supply of official copies thereof.

Penalty for refusal.

Council to give receipt, and be responsible for return.

32. The proprietor of every farm lying within any section or area in process of resurvey shall be bound, upon the application of the surveyor employed on such resurvey to point out to such surveyor the beacons of his farm, and shall also be bound, upon the like application, to admit or deny, by some writing witnessed by not less than two witnesses, the correctness of any of the beacons of any adjoining farm, which beacons abut upon his own farm, and which beacons shall be pointed out to him by the said surveyor; and in case any such proprietor shall refuse or neglect, after reasonable notice from such surveyor so to do, to point out his own beacons, then any beacons of any adjoining farm, which beacons may be inconsistent with the beacons of such proprietor, shall be deemed to be admittedly true and correct; and in case any such proprietor shall, after reasonable notice refuse or neglect to admit or deny, in writing as aforesaid, the correctness of the beacons of any adjoining farm, which beacons abut upon his own farm, and which beacons he shall, as aforesaid, have been called upon to admit or deny, then those last-mentioned beacons shall be also deemed and taken to be admittedly true and correct: Provided, also, that the proprietor of every farm, whether within or without the division to which the section or area shall belong, which shall adjoin or abut upon any part of the outer side of the limits or boundary of any such section or area, shall be bound, upon such application as aforesaid, to point out the beacons of his farm; and should any such proprietor refuse or neglect so to do, then the same effects and consequence shall take place as are in this section enacted in regard to such refusal or neglect occurring in regard to any farm within the limits of the section or area.

33. If, in any case, the title-deed and diagram of any farm lying within any such section or area as aforesaid shall, upon resurvey, be found correct, and shall be found to be so by the Surveyor-General, so that no fresh grant of such farm shall be necessary, then the Surveyor-General shall cause a certificate of such correctness to be endorsed or written upon such diagram in testimony of such correctness.

34. No Divisional Council shall issue any diagram bearing any such certificate as is in the last preceding section mentioned until it shall be certified, in writing, to such council by the surveyor who made the resurvey, or by some other surveyor to be approved of by the Surveyor-General, that the beacons of such farm have been inspected by him, and that they are correctly placed, and are constructed according to the provisions of the hundred and twelfth section of this Act.

35. No Divisional Council shall issue any diagram bearing any such certificate as aforesaid, until it shall be certified, in writing, by the surveyor who resurveyed the section or area in question, or some other surveyor to be approved of by the Surveyor-General, that all provisional beacons, if any, of the farm in regard to which

How, if dispute as to boundaries cannot be settled by parties concerned.

36. In all cases in which any surveyor employed in any such section or area as aforesaid shall find that any dispute exists regarding boundaries, which dispute cannot be settled amongst themselves by the parties interested, such surveyor shall give notice of such dispute, and of the names of all parties interested in it, so far as he can judge or discover, to the Divisional Council, in order that, by the means hereinafter provided, such dispute may be inquired into and settled.

Commission of inquiry, how to be formed and number of members.

37. As often as the Divisional Council shall receive any such notice as aforesaid, the said council shall take the same into consideration, and regard being had to the nature of the dispute to be settled; shall frame a list of six men, none of whom shall have any interest in the matter in dispute, or be related to any person who shall be interested therein or within the fourth degree of consanguinity or affinity, from or out of which six men, two men to form, together with the Civil Commissioner, of the division, as hereinafter mentioned, a commission of inquiry, shall be selected or obtained, in the manner hereinafter in that behalf provided.

Who may be placed on list.

38. The list aforesaid of six men, to be framed by the Divisional Council, may include members of such council as well as men not members; and shall contain the names of such men as shall, by the said council be thought qualified to form an impartial and intelligent judgment upon the dispute in question: Provided that the said council, before inserting in the said list the name of any man proposed to be set down therein, shall ascertain from him that, if necessary, he will be prepared to act as a member of the commission; and provided, also, that not more than four of the names upon any such list shall be the names of members of the said council: Provided, also, that the name of the Civil Commissioner of the division shall, in no case, be inserted upon such list.

Consent to act on commission to be previously obtained.

Civil commissioner not to be placed on list of proposed members.

If dispute be between owners of two farms only, number of proposed members may be reduced

How such reduction shall be made.

39. As soon as such list of six men shall have been prepared, and notice thereof given to the parties to the said dispute, it shall be lawful for the said parties, in person, or by agents authorised by any writing under their hands, to attend at some time and place to be fixed by such council, in order that, as often as such dispute shall exist between the owner or owners of two farms only, the owner or owners of each farm may, if so minded, strike off from such list the names of two men, so as to leave thereon the names of two men to form, with the Civil Commissioner of the division, the said commission: Provided that the owner or owners of one farm shall first strike off one name, and then the owner or owners of the other farm, another name, and so again alternately; and provided that the farm of which the owner or owners shall strike off the first name shall be decided by lot.

40. In cases in which any such dispute as aforesaid shall embrace or involve a number of farms greater than two, it shall be lawful for the owner or owners of the two farms which shall respectively have the chief or principal interest upon the opposite sides of the dispute, to strike off, in manner aforesaid, for themselves and the others having a common or kindred interest with them, four names from the list of six men already mentioned. And in case any question shall arise regarding the two farms, or either of them, which really have the chief or principal interest in the dispute, such question shall be decided by the Divisional Council.

41. Should any owner or owners entitled to strike off, in manner aforesaid, two names, decline so to do, this shall not prevent the other party from striking off, if so minded, two names: Provided that as often as the non-exercise of the right to strike off names, by either or both of the parties entitled so to do, shall leave a number of names greater than two upon the list aforesaid of six men, then the two men to form, with the Civil Commissioner of the division, the commission shall be taken by lot from the names so left.

42. As often as any dispute in any such section or area as aforesaid, shall be a dispute relating to any Crown land, as in the twenty-first section of this Act mentioned, then the Surveyor-General shall be deemed to be one of the parties to such dispute, and shall, in person or by an agent authorised by any writing under his hand, be entitled, on behalf of Government, to strike off in manner aforesaid two names from the list of six men framed as aforesaid by the Divisional Council, and the other party to such dispute two other names.

43. For the better and more satisfactory taking and recording of evidence, and securing greater regularity in the proceedings of the commission, the Civil Commissioner of the division shall, except as hereinafter is excepted, be *ex officio*, a member of the commission, and shall, together with the two men so selected as aforesaid, form such commission: Provided that in case such Civil Commissioner should have any interest in the matter in dispute, or shall be related to any person so interested in or within the fourth degree of consanguinity or affinity,—or in case such Civil Commissioner should, for any reason to be allowed by the Governor as sufficient, desire to be excused from serving on such commission, or should such Civil Commissioner, for any reason to be allowed by the Governor as sufficient, be objected to by either of the parties to the dispute,—then some other Civil Commissioner, or some Resident Magistrate, to be named by the Divisional Council, with the sanction of the Governor, shall, with the two men so selected as aforesaid, form the commission.

Oath to be taken by civil commissioner or resident magistrate.

45. At the time and place mentioned in such notice the said commissioners shall assemble, and the Civil Commissioner or Resident Magistrate forming one of such commissioners shall, before the said commissioners proceed to any other business, take, in the presence of the other commissioners and of the by-standers, the following oath, that is to say :

Form of oath.

“ I, A. B., do solemnly swear, as in the presence of Almighty God, that I will, to the best of my skill and knowledge, and without fear, favour, or prejudice, inquire into and decide all matters which this commission has been appointed to inquire into and decide. So help me God ! ”

And the Civil Commissioner or Resident Magistrate shall then administer the same oath, *mutatis mutandis*, to the other two commissioners, and the taking of the said oath by the commissioners shall be entered upon the minutes of their proceedings.

Examination, how to be conducted.

46. The said commissioners so assembled, being assisted by the surveyor who reported as aforesaid to the Divisional Council the existence of the dispute, or some other surveyor to be approved of by the Surveyor-General, shall, in the presence of the parties to such dispute, examine all deeds, documents, and witnesses produced by the parties, and shall inspect the localities in question between the parties, so as to ascertain where, according to real and substantial justice between the parties, the disputed beacons ought of right to stand : Provided that it shall be lawful for any party, whether present in person or not, to be assisted by an agent.

Parties to dispute may be assisted by an agent.

Rules for deciding matter in dispute.

47. In determining what real and substantial justice between the parties truly is, the commissioners will take into their consideration the particular circumstances of each particular case, but they will, as general principles be expected to recognise and act upon the rules following, that is to say :

- a The original beacons of farms, as pointed out at the original measurement thereof shall be deemed to denote and include the true and proper farms as granted and intended so to be, notwithstanding that such beacons may not correspond with the original diagrams, or with the extents of land which the original title-deeds purport to grant. This rule is, however, to be subject to the qualification or modification mentioned under letter *b*.
- b. As often as it shall be made to appear that certain well-ascertained beacons have been, for an uninterrupted

period of thirty years or upwards next before the day on which the commission in the particular case was, in manner aforesaid, selected or obtained, recognised by the parties who dispute the same before the commissioners, or those under whom such parties claim, as the true and proper beacons, such beacons shall be taken to be and to have been the original beacons, nor shall any proof to the contrary be acted upon, unless the parties disputing such beacons shall allege and prove some fraud, deceit, or circumvention, in regard to such beacons, upon the part of the person maintaining their correctness, or upon the part of those from or under whom such persons claim.

- c.* As often as it shall be made to appear that any land included within the original beacons of an older grant has afterwards been included within the diagram and beacons, or diagrams or beacons, of a later grant, the right of the older grant to the "overlap" shall prevail unless in the cases next hereinafter stated under letters *d* and *e*.
- d.* If the parties interested in the latter grant shall prove that they, or those from or under whom they claim, are or were purchasers for valuable consideration, and shall prove that they did, acting *bonâ fide*, and without notice of any error, purchase the farm granted by the later grant, according to its original beacons, and shall prove that the error made in planting or pointing out such original beacons was induced by the neglect or default of the parties interested, for the time being, in the older grant, in not having kept up their own beacons, or in not objecting, if present at the time of the inspection of the later grant, to the position of the beacons of such later grant, or in not attending at such time for the purpose of so objecting, in case, by the custom of the country, they ought to have so attended, then the title of the later grant to the "overlap" shall prevail: Provided that if the original beacons of the older farm were up and visible at the time of the survey of the later farm, then the right of the older farm to the "overlap" shall prevail, although the parties for the time being interested therein did not attend at the inspection of the later grant; and provided that, if such parties attended at the inspection of the later grant, and pointed out or gave notice of the spots where their beacons had been and should be, the older farm shall, in like manner, be entitled to the "overlap," although the beacons thereof may not have been then up or visible.

No. 7--1865.

- e.* Although there may have been nothing in the conduct of the parties interested in the older grant, or those from or under whom they claim, in reference to the origin of the error in the later grant, which would prevent the said older grant from being entitled to the "overlap," yet if, for thirty years or upwards, beacons other than the original beacons of the older farm have been recognised in manner and form as in letter *b* set forth, then the rule mentioned in letter *b* shall apply.
- f.* As often as one party to any dispute shall rely upon the existing diagram, and shall maintain that the beacons which contradict it have been shifted, and the other party shall rely upon such beacons as original and authentic, and shall maintain that the diagram which contradicts them is erroneous, then the commissioners, in deciding whether such beacons are or are not the original and authentic beacons, shall have regard to the nature of such beacons as likely or not likely to have been shifted, to the nature of the diagrams as likely or not likely to be erroneous, and to the evidence produced before them as that of witnesses likely or not likely to know and speak the truth, and shall decide the controversy to the best of their skill and judgment. This rule, however, shall not apply in any case to which the rules under letters *b* and *e* shall apply.

Commissioners may summon witnesses, and require production of documents.

Penalty for disobeying summons.

Offence shall be deemed committed in district in which offender resides.

Commissioners may take evidence on oath.

48. If the commissioners should, in any case, desire to obtain the evidence of any person who shall not come before them of his own accord, nor be produced by either or any of the parties interested in the case, it shall be lawful for the said commissioners, or any of them, by any summons under his hand, to require the attendance of any person who shall be regarded as able to give useful information, and to require such person to bring with him and produce such documents and papers as may be in his possession or power, and be deemed necessary to be examined; and every such summons shall be served by any person appointed for the purpose by the commissioners or any of them. And any person without lawful cause disobeying any such summons, after his reasonable expenses have been tendered to him, or without lawful cause refusing to answer any lawful question put to him by the said commissioners, or any of them, shall, upon conviction, incur a fine not exceeding forty pounds sterling, to be recovered in manner and form as provided by the Ordinance No. 6, 1839: Provided that the offence of disobeying any such summons shall be deemed to be committed in the district in which the person disobeying usually resides, although the place where such person should have given his attendance may be in another district.

49. It shall be lawful for the said commissioners, or any two or one of them, acting in pursuance of this Act, to administer an

oath to any witness whom they or he shall examine, to the effect that the evidence he shall give regarding the matters and things that shall be lawfully required of him shall be the truth, the whole truth, and nothing but the truth, so help him God. And any witness who shall, before any such commissioners as aforesaid, or any two or one of them, make on oath, knowingly and wilfully, any false statement in regard to any matter material to any question which shall be the subject of inquiry by such commissioners, or any two or one of them, shall be guilty of perjury, and shall, upon conviction, be liable to such punishment as shall be by law provided for the said crime: Provided, always, that as often as by this or by any other section of this Act any person is required to take an oath, such person shall be entitled to make his solemn affirmation or declaration instead of an oath in case he would, if a witness giving evidence in a Court of Justice, be by law entitled so to do.

51. The commissioners shall, when adjourning any inquiry pending before them, announce the place, day, and hour of their next intended meeting; and should they, during the adjournment, find reason to alter their announced intention, they shall cause notice to be given to all parties interested, through the field-cornet, of the changed place, day, or hour of such next meeting.

52. The decision of the commissioners may be given by any two of them notwithstanding the dissent of the third.

53. such notice shall have been served: Provided that as often as the Surveyor-General shall be one of the parties, notice to him shall be served upon the Civil Commissioner, who shall transmit the same to the Surveyor-General without delay: Provided, also, that such notice shall be served upon such parties either personally or by leaving at the residence of each party to be served a copy of such notice with one of his household: Provided, further, that in case any farm shall be jointly owned by more persons than one who shall, as such joint owners, be interested in the decision to which such notice relates, then, in case such joint owners shall not all reside upon the said farm, service upon such of them as reside thereupon shall be good service upon them all, unless the Divisional Council shall otherwise direct: Provided, lastly, that the costs of serving such notice shall be included in the costs of the inquiry.

55. It shall be lawful for any person whom such last mentioned decision shall or may concern, at any time within the three months aforesaid, to present a petition to the Supreme Court, stating that he feels aggrieved by such decision, and praying the said Court to enquire into and correct the same, and notice of such petition having been lodged shall be given, by or on behalf of the person presenting the same, to the Secretary of the Divisional Council not later than fourteen days from and after the day of the presentation thereof: Provided that any number of persons having the same or a similar interest opposing such decision may join in petitioning for the correction of the same: Provided, also, that the Surveyor-General, acting on behalf of Government, shall be deemed and taken to be a person concerned in any such decision which shall relate to Crown land: Provided, further, that nothing herein contained shall be construed so as to confer or permit any such appeal as aforesaid against any decision, in regard to which the commissioners shall have been unanimous, pronounced before the taking effect of this Act.

56. The Divisional Council, upon receiving notice as aforesaid that a petition has been lodged, shall, with all convenient speed, transmit to the Supreme Court, addressed to the Registrar thereof, the report of the commissioners upon the subject of the decision petitioned against, and all evidence, documentary or otherwise, and all remarks received by the said council from the commissioners, or any of them.

57. It shall be lawful for the petitioner, at any time after such report, evidence, and remarks as aforesaid shall be in the hands of the Supreme Court, to move the said Court, without notice, for a rule to show cause why the decision complained of should not be opened up for the purpose of being corrected, and why the petitioner should not be adjudged to be entitled to make good his right to such specific relief as shall be set forth in such rule; and the said Court, upon consideration of the report, evidence, and remarks aforesaid, and of any affidavit or affidavits which may be

filed by the petitioner, and of such matter as shall be urged in his behalf, shall grant or refuse such rule as shall to justice appertain: Provided that the said Court shall only have regard to facts resting upon affidavit, in case it shall, by affidavit, be made to appear to such Court that good and sufficient cause existed why such facts were not proved before the commissioners.

How, if rule be granted.

58. Should the said Court see fit to grant such rule as aforesaid, it shall be served upon all such persons as the said Court shall direct, and shall be returnable upon such day as the said Court shall appoint, and upon such day it shall be lawful for the parties served with the same, or any of them, to appear, and upon affidavit, or otherwise, to show cause against such rule, and thereupon such rule shall be discharged or made absolute, as to the said Court shall seem fit.

When rule shall be made absolute court to direct manner of further investigation.

59. In case the said Court shall make such rule as aforesaid absolute, then the said Court shall direct the manner in which the matter in controversy between the applicants and the respondents shall be further investigated, and may take additional evidence, either *viva voce* or by affidavit, or may order an examination before a commissioner appointed by such Court, and upon interrogatories framed or approved of by such Court, or may depute one or more of the Judges of such Court to inspect the farms in question and take evidence upon the spot, and such Court shall, in the most speedy and inexpensive manner which shall consist with a thorough and effectual investigation of the case, decide, according to the principles set forth in the forty-seventh section of this Act, whether the decision in question shall or shall not be affirmed, wholly or in part.

When decision of commission shall be final.

60. As often as no petition shall be presented to the Supreme Court, within the time aforesaid, and as often as the Supreme Court shall refuse a rule to show cause as aforesaid, or having granted such rule shall afterwards discharge the same, or having made such rule absolute shall ultimately affirm the decision petitioned against, then such decision shall become and be thenceforward final, binding, and conclusive; and thereupon the same proceedings and consequences shall take place in regard to new diagrams and fresh grants as are hereinafore provided with respect to the farms which are in the sixteenth section of this Act mentioned, precisely as if the beacons established by such decision had been beacons originally admitted to be true and correct.

If decision be corrected, court to fix position of beacons.

61. If, in any case, the Supreme Court shall see fit to correct any decision petitioned against, then the said Court shall fix by its judgment the proper position of all beacons connected with the case, and may delegate to such fit and proper person or persons as the said Court shall select the duty of placing the said beacons; and such beacons shall be forthwith constructed as hereinafter in the one hundred and twelfth section of this Act prescribed, and the

surveyor aforesaid employed in the resurvey of the said section or area, or some other surveyor to be approved of by the Surveyor-General, shall treat and consider the beacons planted under the judgment of the Court as beacons admittedly correct; and thereupon the same proceedings and consequences shall take place in regard to new diagrams and fresh grants as are hereinbefore provided with respect to the farms which are in the sixteenth section of this Act mentioned.

Eastern Districts Court to have concurrent jurisdiction with Supreme Court.

62. As often as, by any of the preceding sections of this Act, jurisdiction is given to the Supreme Court, the Court of the Eastern Districts shall have jurisdiction concurrent with that of the Supreme Court in regard to all lands lying and being within any of the districts over which the said Court of the Eastern Districts has, by virtue of the "Administration of Justice Act, 1864," or has, or shall have, by any other Act, the certain jurisdiction by the "Administration of Justice Act, 1864," conferred.

Costs and charges of proceedings.

And whereas it is necessary to regulate the cost and charges of such proceedings as aforesaid, and to provide as to the manner in which the same shall be defrayed: And whereas, whilst the importance to the Colony at large of the objects contemplated by this Act is such as to justify a contribution towards the expense thereof from the public revenue, the importance to all landowners, especially in cases of disputed beacons, of being supplied with new and accurate diagrams and grants whereby they may know what lands are really their own, so as to divide and deal with them as they may think fit, without strife or litigation, is such as to render it right and proper that such landowners should also contribute, but in different proportions, according to circumstances: Be it enacted as follows:

Surveyor to be remunerated according to tariff.

63. Every surveyor employed in or upon any resurvey under this Act shall, in the absence of any special agreement between such surveyor and the Divisional Council, be remunerated according to a scale or tariff to be fixed from time to time, in regard to each division, by the Governor, with the advice of the Surveyor-General of the Colony and of the Divisional Council of such division.

Remuneration to Commissioner.

64. Every commissioner aforesaid shall receive an allowance of two guineas per day for every day during which he shall be really and *bonâ fide* engaged in any such inquiry as aforesaid, or in repairing to or returning from the place or places where the same shall have been carried on: Provided that such allowance shall include horse-hire.

Remuneration to field-cornet.

65. Every field-cornet performing any duty under the provisions of this Act shall be entitled to horse-hire and personal allowance, according to the Ordinance No. 9 of 1848.

Expenses of witnesses.

66. Every witness attending and giving evidence in pursuance of any summons of the commissioners, issued under the provisions of the forty-eighth section of this Act, shall be entitled to receive his reasonable expenses, as if the place of his attendance were a

Resident Magistrate's Court, and he had attended thereat to give evidence in a civil case.

No. 7—1865.

67. In all cases in which sections or areas shall be proclaimed after the taking effect of this Act, then, as regards all farms in any such section or area, which farms shall be found with all their beacons up, and admitted to be correct, as in the sixteenth section of this Act mentioned, the public revenue shall bear one half of the expenses of the resurvey, of the new diagram, and of the fresh grant, and the owner of the farm concerned the other half: Provided that, in regard to sections or areas proclaimed before the taking effect of this Act, the provisions of the forty-seventh and forty-eighth sections of the Act No. 10, 1859, shall apply as if the same were herein inserted.

Expenses of resurvey in regard of farms, the beacons whereof shall be found to be correct.

Sections 47 and 48 of Act 10, 1859, to apply in regard to sections proclaimed prior to Act taking effect.

68. In all cases of disputes investigated by commissioners in manner hereinbefore provided, the expenses of the resurvey shall be kept distinct from the costs of the inquiry, and it shall be in the discretion of the commissioners to decide, as they are hereby required to decide, whether any portion of the expenses of the resurvey shall be paid by the public revenue, or whether the whole of such expenses shall be paid by the owners respectively concerned: Provided that in no case shall the public revenue be liable for more than one-half of the expenses of the resurvey of any farm: And provided that the owner or owners of every farm shall be liable for the whole of such expenses, in case the public revenue shall not contribute thereto, or in case of such contribution for so much as the public revenue shall not pay: Provided, also, that it shall be competent for the commissioners to decide that any owner or owners, paying as aforesaid, the whole or any portion of the said expenses, shall recover the whole of what he shall have so paid, or any portion thereof, which the said commissioners shall fix, from any other owner or owners, as part and parcel of the costs in the next succeeding section mentioned.

Resurvey expenses to be kept distinct from cost of inquiry.

Portion for which the public revenue may be liable.

Each owner of farm liable for all costs.

But may recover from other owners.

69. The costs of the inquiry before the commissioners shall include only the expenses of the commissioners and of the field-cornet, at the respective rates aforesaid, and of witnesses so summoned as aforesaid, as well as such expenses of the resurvey as the commissioners may, as hereinbefore provided, adjudge, together with the expense of clerical assistance to the said commissioners, should they require and employ such assistance, and the cost of serving the notices in the fifty-fourth, seventieth, and ninety-first sections mentioned, as also in reference to any inquiry affecting Crown land, the charges in the thirtieth section of this Act mentioned; and shall be paid by the parties to such inquiry, in such shares and proportions or by one or more of the said parties to the exemption of the rest, according as the commissioners shall adjudge.

What costs of inquiry shall include

70. The secretary to the Divisional Council shall cause notice, in writing, to be served upon each party by or to whom any costs are to be paid, calling upon him to attend at the office of such

secretary upon some day to be fixed in such notice, not being sooner than fourteen days from the date of the service thereof, in order to have said costs taxed and ascertained: Provided that such notice shall be served in like manner as the notice in the fifty-fourth section of this Act mentioned.

Costs, by whom to be taxed.

Parties may attend by an agent.

Decision liable to review by divisional council.

71. Upon the day fixed in and by such notice, the secretary shall, in the presence of at least one of the commissioners, and of such of the parties interested as shall attend, tax and ascertain the amount of costs to be paid by each or any of the said parties: Provided that any of the said parties may attend by an agent appointed by any writing signed by such party: And provided that any person dissatisfied either with the admission or the rejection of any item in the account of costs may, upon notice to the other party or parties interested, bring the decision upon or in regard to such item under review of the Divisional Council at its next meeting, whose decision shall be final.

Costs, how recoverable.

72. In case the amount of any taxed and ascertained costs payable by any person who shall not by himself or his agent have signified in writing his intention to bring such taxation in review before the Divisional Council, shall remain unpaid after the expiration of twenty-one days from the day named in the notice aforesaid for the taxation of such costs, it shall be lawful for the secretary aforesaid to certify in writing to the Resident Magistrate of the district the amount due by any person or persons within his jurisdiction, and the process of such Court may issue for the levy of such amount, precisely as if such amount were a sum which had been recovered in a civil suit by the secretary aforesaid, in his said capacity. And as often as any taxation of costs shall be brought in review before the Divisional Council, the costs, as settled by the said council, upon review, shall be in manner aforesaid recoverable, if need be, by the process in execution of the Court of Resident Magistrate.

No petition as to costs to lie to Supreme or Eastern Districts Court.

Cost of proceedings in Supreme or Eastern Districts Court.

73. No petition shall lie to the Supreme Court or to the Court of the Eastern Districts which shall complain of the judgment of the commissioners merely, so far as it regards costs, or some item or items allowed or disallowed in the taxation of costs as aforesaid, and the costs of all proceedings had in the said Supreme Court or in the Court of the Eastern Districts in reference to any petition or other proceeding shall be in the discretion of the said Court: Provided that as often as the decision of commissioners which was appealed against shall be affirmed by the Supreme Court or by the Court of the Eastern Districts, then the costs as awarded by such decision shall be payable according to such decision; but in case such decision shall be reversed or altered, then all the costs of the resurvey and inquiry, as well as the costs of all proceedings in the Supreme Court or in the Court of the Eastern Districts, shall be in the discretion of the said Court.

74. All expenses of resurvey due and payable by any landowner shall be recoverable by action in any competent Court, at the suit of the Civil Commissioner who shall, as in the next succeeding section mentioned, have advanced such expenses.

No. 7—1865.
Expenses of resurvey, how recoverable.

75. Such funds as may be necessary for carrying into effect any resurvey under this Act shall be from time to time advanced by the Colonial Government from the public revenue, under such rules and regulations as the Governor shall from time to time establish.

Funds for resurvey may be advanced from Colonial treasury.

And whereas, in some parts of this Colony, there are farms which are partly in one division and partly in another, and divisions of which the boundary lines dividing them from other divisions are, in certain places, the boundary lines dividing certain farms one from another: And whereas, when beacons or boundaries happen to be disputed by and between any such farms and contiguous farms, doubts will arise as to the Divisional Council proper for the adjustment of such disputes: And whereas it is expedient to remove such doubts: Be it enacted as follows:

When farms are situated partly in one division and partly in another.

76. As often as any boundary line in dispute between two or more farms shall lie partly in one division, and partly in another division, and as often as any boundary line in dispute between two or more farms shall form part of the boundary line between any two divisions, and as often as a dispute regarding any boundary line within any division shall involve or affect any farm or farms lying wholly or in part in any other division, it shall be competent for the party involved in such dispute to agree together upon or in regard to the Divisional Council to which the adjustment of such dispute shall be referred: and in case the said parties shall not agree thereupon, then it shall be competent for the Divisional Council of the respective divisions in which any of the lands involved in or affected by such dispute shall lie, to agree upon or in regard to the Divisional Council to which the adjustment of such dispute shall be referred; and in case neither the said parties nor the said councils shall so agree, then the Divisional Council to which such adjustment shall be referred shall be appointed by the Governor, with the advice of the Executive Council.

Owners of such farms to agree as to which council shall undertake adjustment of dispute.

In case of disagreement of owners, councils to agree.

And both failing, the Governor to decide.

77. In all such cases as are in the last preceding section described, it shall be competent for either of the persons interested in the dispute to give the other person having an adverse interest a notice, in writing, naming the Divisional Council to which, in the opinion of the person giving such notice, the adjustment of the dispute should be referred, and requiring the person to whom such notice shall be given to state, in writing, within fourteen days next after the receipt of such notice, whether or not he agrees to refer such dispute to the Divisional Council named in such notice, and, if not, what other Divisional Council he proposes.

Owner naming council to give notice to party having adverse interest.

78. If, within the said period of fourteen days or afterwards, both parties shall agree as to the Divisional Council to which the

adjustment of the dispute shall be referred, then such Divisional Council so agreed on shall have the same power and authority to adjust such dispute as if all the lands involved in or affected by it lay within the division to which such Divisional Council belongs.

On failure to agree parties may address themselves to the council of any division in which the disputed beacons are situate.

79. In case the said parties shall not within the fourteen days aforesaid, or within some extension of that time mutually agreed upon between them for the purpose of negotiation, agree upon or in regard to the Divisional Council to which the adjustment of the dispute shall be referred, then either of the said parties may address either or any of the Divisional Councils in which any of the lands involved in or affected by such dispute shall lie, stating the existence of such dispute, the giving or receipt of the notice aforesaid, the persons by and to whom such notice was given, and the failure of the parties to agree upon or in regard to the Divisional Council to which the adjustment of the dispute should be referred, and requesting the council so addressed to make arrangements for or in regard to the appointment of a Divisional Council by which the dispute shall be adjusted.

Duty of council, so addressed.

80. The Divisional Council so addressed as aforesaid shall, as soon as conveniently may be, and not later than one month next after being so addressed, communicate with the council or councils of the other division or divisions in which any of the lands involved in or affected by such dispute shall lie; and such councils shall between or amongst themselves, agree, if they can, upon or in regard to the Divisional Council to which the adjustment of the dispute shall be referred; and thereupon such last-mentioned Divisional Council shall have the same power and authority to adjust such dispute as if all the lands involved in or affected by it lay within the division to which such Divisional Council belongs: Provided that it shall be lawful for the said last-mentioned council to agree with the other council or councils in question upon or in regard to all or any of the names proper to be placed upon the list of six men mentioned in the thirty-seventh section of this Act, should it eventually become necessary to appoint a commission.

As regards the selection of commissioners in such case.

On failure of councils to agree, application may be made to Governor.

81. In case the Divisional Councils aforesaid shall be unable between or amongst themselves to agree upon or in regard to the Divisional Council to which the adjustment of the dispute in question shall be referred, it shall be competent for either or any of the councils so unable to agree to apply to the Governor to name, with the advice of the Executive Council, the Divisional Council to which the adjustment of the dispute in question shall be referred.

Governor may name council to adjust dispute.

But not before due inquiry shall have been made.

82. As often as the Governor shall receive any such application as aforesaid, he shall, with the advice of the Executive Council, name the Divisional Council to which the adjustment of the dispute in question shall be referred: Provided that before naming such Divisional Council, the Governor shall call for a report upon the subject from the other council or councils concerned, and

consider such reasons as may be therein given for naming some particular Divisional Council: And provided that as often as the Governor, with the advice of the Executive Council, shall name any Divisional Council for the adjustment of any dispute, such last mentioned Divisional Council shall have the same power and authority to adjust such dispute as if all the lands involved in or affected by it lay within the division to which such last-mentioned Divisional Council belongs.

Powers of council named by Governor.

83. Should it happen that any case not expressly provided for in this Act should occur, whereby a doubt or question might be raised regarding which one of any greater number of Divisional Councils is proper for the adjustment of any dispute, or for the performance of any other function under this Act, it shall be competent for the Governor, with the advice of the Executive Council, to determine such question, and thereupon the Divisional Council named by the Governor, with such advice as aforesaid, shall have the same power and authority to adjust such dispute, or perform such other function, as if all the lands involved in or affected by it lay within the division to which such last-mentioned council belongs: Provided that it shall not be competent for the parties to any dispute, nor for the Divisional Council connected with any dispute, nor for the Governor, to appoint any Divisional Council to adjust such dispute, except a Divisional Council belonging to some division in which or along some part of the boundary of which some of the lands involved in or affected by such dispute shall lie.

Doubts regarding functions, &c., of divisional councils, under this Act, may be determined by Governor.

No councils but those of the divisions in which, or along the boundary of which, the lands involved lie, to be appointed to adjust dispute.

And whereas the proclamation of the 23rd of December, 1814, by Lord Charles Henry Somerset, the then Governor of this Colony, enjoining the erection and preservation of permanent landmarks or beacons, having in many parts of this Colony, fallen into disuse, was, by the Act aforesaid, No. 10, 1859, repealed, and other provisions enacted in its stead: And whereas the period limited by the said Act No. 10, 1859, for the erection of beacons, either provisional or permanent, has for some time expired, and it is therefore the duty of every landowner in this Colony to have, now and henceforth, all the beacons of his farm erected and in existence: And whereas it is expedient to enforce the said duty by suitable penalties, as well as to provide for fixing, by acquiescence for a certain time, or in case of dispute, by due investigation, the boundaries of farms not contained in any such section or area as is in the third section of this Act mentioned: Be it enacted as follows:

Preservation of land beacons.

84. If, at any time, after the taking effect of this Act, any farm throughout the Colony shall be found, of which farm all the beacons shall not be standing or in existence, the owner or owners of every such farm shall incur a fine not exceeding five pounds, nor less than one pound, for every beacon not then standing or in existence, and such fine shall be incurred afresh for every three months, from and after a first conviction, during which such owner

or owners shall fail or neglect to have such beacons put up: Provided that such fine may be prosecuted for by the secretary of the Divisional Council, in his capacity as such secretary, and that the person convicted shall also be liable to the reasonable costs of the prosecution, and the fine when recovered, shall be paid to the Divisional Council for public purposes: Provided also that no prosecution under this section shall in any case be commenced later than three months next after the day on which the whole of the beacons of the farm in regard to which the fine shall have been incurred shall have been standing or in existence: Provided, further, that such beacons need not at any time before the 31st day of December, 1866, be of the description in the hundred and twelfth section of this Act described, and shall until then be merely provisional in their nature, and shall not be evidence to any extent of the rights of parties, but only of the fact that such rights are or may be in dispute; but no person shall, against the will or without the authority of the person or persons by whom such beacons shall have been put up, or without the authority of some competent Court, or of this Act, remove, destroy, or injure any such beacon; and any person who shall, in contravention of this section, remove, destroy, or injure any such beacon, shall, upon conviction, forfeit any sum not exceeding ten pounds nor less than two pounds, to be recovered and applied in the same manner as the certain other fine in this section mentioned.

85. As often as any farm in regard to which any fine or penalty under this Act shall have been incurred shall be jointly owned in undivided shares by more persons than one, any one or more of such joint owners shall be liable and may be prosecuted for the whole of such fine or penalty.

86. As often as any new farm shall have been created after the taking effect of this Act, either by grant from the Crown or by the subdivision of any other farm or farms, the owner of such new farms shall be allowed a period of six months from the day of grant or transfer made to him within which period to erect the beacons of such new farm; and should not the whole of the beacons of such new farm be up or in existence at the expiration of such six months, then the fine in the eighty-fourth section of this Act mentioned shall be incurred by the owner of such farm.

87. No beacon, whether one erected before or one erected after the taking effect of the Act No. 10, 1859, shall (except as hereafter is excepted) be deemed to be admittedly true and correct, so as not to be afterwards disputed, before or until the 31st day of December, 1866, anything in any former Act to the contrary notwithstanding: Provided that nothing in this or in the next succeeding section contained shall extend to any of the beacons of any fresh grant issued under and by virtue of the said Act No. 10, 1859, or of this Act, and which beacons shall be placed in con-

formity with such fresh grant, which beacons shall not, nor shall any of them be capable of being at any time disputed.

88. No beacon of any farm, although such beacon shall be standing and in existence on the 31st day of December, 1867, ⁽¹⁾ shall be deemed to be admittedly true and correct, so as not to be afterwards disputed, unless such beacon shall have been up and standing for not less than six months next before the said day, and unless the notice in the next succeeding section mentioned shall have been given.

89. Every person who desires that the beacons of his farm shall, on the said 31st day of December, 1867, ⁽¹⁾ (if not sooner), become admittedly true and correct, may deliver a notice, in writing, to the Divisional Council of the division in which such farm is situated, giving the name of such farm, or otherwise describing it, and naming or otherwise describing the farms which immediately adjoin such farm, and stating that all the beacons of such farm are up. Any notice which shall omit to state that all the beacons of the farm of the person giving it are up, shall be null and void; and if any person shall give a notice stating that all the beacons of his farm are up, when, in truth and in fact such beacons are not all up, he shall be liable to a fine not exceeding five pounds to be prosecuted for in like manner as the fine hereinbefore in the eighty-fourth section mentioned: Provided that nothing in this section contained shall impair or affect the validity of any notice given under the third section of the Act No. 6, 1862, at any time before the taking effect of this Act: And provided that every notice under this section of this Act shall be delivered to the said council not later than six months before the 31st day of December, 1867, ⁽¹⁾ or otherwise the same shall be null and void: Provided, also, that the beacons in this section mentioned need not be beacons of the description in the one hundred and twelfth section described.

90. As soon as the Divisional Council shall have received such notice as in the last preceding section mentioned, the said council shall forthwith cause notice in writing to be given to all parties interested, stating the day when such notice as aforesaid was received by the said council, and informing all parties interested that such beacons as aforesaid have been erected and are up, and that such parties are at liberty, should they regard the said beacons or any of them as encroaching upon their land, to object to the same in the manner prescribed by this Act.

91. The notice in the last preceding section mentioned shall be signed by the secretary of the Divisional Council giving the same and shall be sent to the proprietor, or to some one of the proprietors, of every farm abutting upon the farm of which the notice aforesaid shall have stated that all the beacons are up, and such notice may be sent by post or otherwise, as the Divisional Council

shall, under the circumstances of each case, determine: and such notice shall also be published, together with a statement of the day on which it was received by the council, once a week during three consecutive weeks, in the *Government Gazette* and in the local newspaper, if any there be, in which notices of such Divisional Council are usually published: Provided that if the Divisional Council shall, under the circumstances of any case determine that such notice shall be served, instead of being sent by post, then such service shall be either personal or by leaving at the residence of the proprietor to be served a copy of the said notice with one of his household, and the costs of serving such notice shall be calculated at the rate for the time being chargeable for serving summonses of the Resident Magistrate's Court of the district in which the notice is served, and such cost and the cost of publication in the *Gazette* and in the local newspaper shall be prepaid by the person who shall have given notice to the Divisional Council of the erection of his beacons; but should such beacons, or any of them, be disputed, and the dispute be referred to a commission constituted under this Act, the said costs shall be included in the costs of the inquiry: Provided, further, that if any question shall arise regarding the beacons mentioned or referred to in any such notice, it shall not be necessary to prove that any notice which shall have been duly published as aforesaid in the *Government Gazette* was published in any local newspaper or duly sent or served in manner aforesaid: Provided, also, that if the person who should, as aforesaid, prepay the costs aforesaid shall not, upon demand, prepay the same, then no such notice as aforesaid shall be served or published as aforesaid, and the notice delivered by such person to the Divisional Council shall be null and void: Provided, lastly, that as often as any such notice shall be intended to be sent by post, then the costs, to be prepaid as aforesaid, shall include the postage.

92. Every beacon which shall be up on the 31st day of December, 1867, ⁽¹⁾ and which shall have been up for six months next before that day, and in regard to which the respective notices aforesaid in the eighty-ninth and ninetieth sections of this Act respectively mentioned shall have been given, shall, unless disputed before or on the day in the next succeeding section mentioned, become and be admittedly true and correct, so as not to be afterwards disputed: Provided that nothing herein contained shall extend to render admittedly true and correct any such beacon as is in the hundred and ninth section of this Act mentioned, and which, by the said section, is otherwise provided for, or any beacon adjoining any Crown land, as in the one hundred and tenth section of this Act is provided for.

93. No beacon or beacons shall be deemed or taken to have been disputed unless an objection in writing shall have been lodged with

the Divisional Council of the division in which such beacon or beacons is or are situated before the expiration of six months from the day on which the Divisional Council received the notice in the eighty-ninth section mentioned: Provided that any person who shall know that his beacons, or any of them, are questioned or objected to may at once apply to the council aforesaid, stating the circumstances, and requesting the council to have the correctness of such beacons investigated and determined under this Act. ⁽¹⁾

94. No. 7—1865.

Period of prescription and servitude limited to thirty years.

107. Nothing in this Act contained shall be construed so as to prevent the definition or description, at any time, of such sections or areas as are in this Act mentioned, it being the true intent and meaning of this Act, firstly, not to prevent or interfere with the creation, at any time, whether before or after the 31st day of December, 1867, ⁽¹⁾ of such sections or areas as aforesaid; and secondly, to provide for the mode in which the beacons of farms not included in any such section or area may, if erected for a certain time before the 31st Day of December, 1867, ⁽¹⁾ become admittedly true and correct; and thirdly, to leave all other beacons whatsoever to be dealt with by the law of the Colony regulating prescription: Provided that if any such section or area shall include any farm which shall have been resurveyed, and shall have had its beacons fixed under the provisions of this Act applicable to the determination of detached disputes not arising within sections or areas previously described or defined, such farm shall not be again surveyed, or be chargeable with any of the expenses of the resurvey of the section or area in which such farm shall be afterwards included.

115. It shall be the duty of every field-cornet, and he is hereby required, to report to the Divisional Council of his division every case of absent or defective beacons within his ward which shall come to his knowledge; and it shall be lawful for the Divisional Council, from and out of any funds at its disposal, to pay such field-cornet for his trouble: Provided that nothing herein contained shall be construed so as to affect the proviso in the eighty-fourth section contained, touching the description of the provisional beacons which it shall be lawful to put up before the 31st of December, 1866.

117. In all cases in which any farm, whether within a section or area or not, shall be resurveyed under any of the provisions of this Act, then, besides the angle beacons thereof, there shall be erected, under the inspection of the surveyor or surveyors, line beacons at distances and spots visible one from another; and such surveyor or surveyors shall, upon the diagram or some writing annexed thereto, give, as he or they best can, a topographical description of the places where the angle beacons stand, and of the boundary line or lines connecting them: Provided that such line beacons need not be made of the materials hereinbefore in the hundred and twelfth section of this Act directed, in regard to the proper or angle beacons of the farm, and that they shall be, in shape, distinguishable from such angle beacons: Provided, also, that if any such line beacon shall not be kept up and in good repair, the owner or owners of the farm to whom it belonged or belongs shall incur and be liable to the penalties in the eighty-fourth section of this Act provided.

118. The description or definition of the section or area aforesaid and the resurvey of such section or area, and everything already done, or to be hereafter done, in reference to such resurvey, shall be judged of and be of the same force and effect, and be as valid and effectual, as if, before the commencement of such resurvey, a proclamation under the seventh section of the “Land Beacons Act of 1859” had been duly issued directing such resurvey, and as if the previous notice in the twelfth section of the said Act mentioned had been duly given.

It shall be lawful for the said commissioners, from time to time, to make regulations touching and concerning the terms and conditions upon which the inhabitants of the municipality may obtain, by means of private service pipes or other channels or water courses, a supply of water for domestic use, irrigation or other purposes, and to impose, for the purpose for providing for the payment of the interest or principal, or interest and principal, of the moneys aforesaid, rates upon the immovable property situate within the municipality, and liable to be rated for municipal purposes; and every such rate so imposed by the said commissioners shall be of the same force and effect, and be levied in like manner, as if it had been a rate imposed by a meeting of householders acting under the provisions of the Ordinance No. 9 of 1836, section 28.

2. The sum aforesaid of two thousand pounds sterling, or such lesser sum as shall have been lent and advanced for the purpose aforesaid by the Cape of Good Hope Savings Bank Society to the commissioners aforesaid, is hereby charged upon and made payable out of all and singular the rates and revenues in the last preceding section mentioned: Provided that it shall be lawful for the said commissioners to apply to the payment of the interest or principal or interest and principal, of the said debt any funds or moneys coming to them from any source whatever, and not specifically appropriated to or required for any other object: Provided, also, that nothing in this section contained shall be construed so as to impair or affect the provisions of any of the next succeeding sections of this Act.

3. The commissioners aforesaid shall grant to the Cape of Good Hope Savings Bank Society a written acknowledgment of, or for, the moneys borrowed by the said commissioners for the purpose aforesaid, not exceeding in the whole, the sum aforesaid of two thousand pounds sterling; which acknowledgment shall, in substance, be in the form annexed to this Act, and shall be signed, on behalf of the said commissioners, by three of the commissioners for the time being, of whom the chairman for the time being of the board of commissioners shall be one.

ACT

For enabling the Commissioners of the Municipality of Uitenhage to procure a better and purer Supply of Water for the Inhabitants of such Municipality. (1)

Preamble.

WHEREAS the inhabitants of the Municipality of Uitenhage have for some years past experienced great inconvenience in consequence of a deficient supply of water for the proper irrigation of the lands within the municipality: And whereas the present supply

1. (1) The commissioners are hereby empowered to cause to be made, provided, and constructed in or upon any part of the commonage lands, all such reservoirs, dams, watercourses, drains, and ditches as may be deemed necessary for the impounding of an adequate and proper supply of water for the said inhabitants for domestic, irrigating, and other purposes, and also to provide and lay down, in or under any commonage land, street, or thoroughfare, any pipe or pipes for the conveyance of water from such reservoir or reservoirs to and throughout the township for the supply of the inhabitants, and from time to time to maintain and keep such reservoir or reservoirs, dams, watercourses, ditches, and pipes in repair.

After the publication of such notice, the plans, specification, and estimate shall remain open for inspection of the Town-office aforesaid for the period of twenty-one days. On the expiration of the said period of twenty-one days, the plan, specification, and estimate, together with a duplicate of the notice given by the commissioners and all notices of objection lodged with the said secretary, shall be deposited in the office of the Colonial Secretary, for the purpose of being laid before the Governor for the time being, for his approval; and in the event of the Governor not dissenting from such plans within forty-two days from the time of their being so deposited, the commissioners may proceed with the contemplated works.

Provided that such notice as aforesaid shall be published for not less than thirty-one days before the day mentioned in such notice as that upon which the rate shall become due and payable.

Recovery of rate

21. The receiver of any such rate as aforesaid shall be entitled to recover the amount thereof in any competent Court: Provided that every such rate shall be recoverable from the same persons who would be liable to be sued for the same in case it were a rate assessed in and for the municipality of Uitenhage, in accordance with Ordinance No. 9, 1836, or of the Act No. 13 of 1864.

22. Any surplus of the amount of any such rate as aforesaid which shall happen to exist after the discharge of the debt which it was assessed to liquidate shall be paid to the commissioners aforesaid.

Service of summons for recovery of debt should no commissioners be in office

23. In case there should happen to be no commissioners of the said municipality in office when a creditor or creditors under this Act shall desire to proceed by legal process for the recovery of the debt, acknowledged in manner aforesaid, or of any part of such debt, then the publication in the *Government Gazette* of the summons issued by such creditor or creditors against the commissioners of the said municipality shall be deemed to be good service of such summons, and be of the same force and effect as if on the day of such publication the said summons had been duly served at the

Town-office upon commissioners in office: Provided, also, that in case there should not, at any time when an application shall be made for the assessment of a rate under this Act, be any valuation of the immovable property within the said municipality in force for municipal purposes, then the valuation of such property for municipal purposes which last expired shall be deemed to be still in force for the purpose of any rate to be assessed under this Act.

Assessment of rate when municipal valuation has ceased to be of force.

24. When the Governor shall receive from the commissioners any plan, specification, or estimate as aforesaid, he shall consider the same, and should they or any of them appear to him to be imperfect, or not to give sufficient information in regard to the proposed works, he may call upon the commissioners for such further information as may appear to him to be required, and shall then, with the advice of the Executive Council, decide whether the proposed works shall or shall not be approved of by him: Provided that before approving of any proposed works, the Governor shall cause to be published in the *Government Gazette* and in some one or other paper circulating in the town of Uitenhage, if any such there be, for not less than twenty-eight days a notice which shall contain all such particulars regarding the said works as shall be deemed necessary, and amongst other particulars, the names of the owner or owners of any private property in or upon which the said works, or any part of them, shall be proposed to be constructed.

Governor in Executive Council to decide on approval or otherwise of proposed works.

Notice of intended approval to be given.

25. If the commissioners shall, for the purpose of any proposed works under this Act, require to take or use any land belonging to any private person, such commissioners may treat and agree with every such person for the purchase or hire, as the case may be, of any such land, and may enter into any contract relative to the obtaining of such land, upon such terms and conditions as the said commissioners shall judge expedient; and if any such person and the said commissioners should not agree upon the purchase money, hire, or other recompense to be respectively given and accepted, then the said commissioners shall cause to be served upon such person a written notice, offering as recompense or compensation whatever sum of money the said commissioners shall deem sufficient, and requiring such person to state in writing to the said commissioners, or to some person by them appointed, within a certain limited time to be specified in the said notice, whether he is willing to accept the sum therein mentioned or not; and if such person should refuse to accept the sum offered, or neglect to reply to said notice, then the said commissioners shall, by another notice in writing, call upon such person to refer to arbitration the amount of recompense or compensation to be paid to him by the said commissioners, and for that purpose to transmit to the said commissioners, within a certain reasonable time to be specified in the said last mentioned notice, the name of some person whom he shall select to be an arbitrator upon such arbitration, and the said

commissioners, upon receiving the name of the person so selected, shall nominate a second arbitrator, and shall cause a deed of submission to be prepared, which shall be signed by the said commissioners and by the person claiming such recompense or compensation as aforesaid, and which shall clearly set forth the matter to be determined by the said arbitrators, and shall contain amongst other things, a power to the said arbitrators, in case of a difference of opinion, to call in an umpire, whose decision shall be final, and the award of such arbitrators or umpire, as the case may be, shall be binding and conclusive, and may be pleaded in bar of any action or proceeding at law brought for or on account of the same subject-matter; and if such person as aforesaid claiming such recompense or compensation should neglect or refuse to name some person to be such arbitrator as aforesaid or to sign the said deed of submission, then the said commissioners may lodge in some joint-stock bank in the Colony the sum of money offered by them as aforesaid in the first notice in this section mentioned, for or on account and at the risk of such person as aforesaid, who shall at all times be entitled to draw the same out of the said bank as his absolute property, and the said commissioners upon so lodging the said sum shall be authorised and entitled to take and use the land in question as freely as if the said sum had been agreed upon between the parties as the sum to be paid, or had been awarded by arbitrators or an umpire under the provisions of this section, and as if all acts by law required for vesting in the said commissioners a sufficient title for the use of or property in the land aforesaid had been duly done and performed.

26. In case the commissioners shall require to take or use any land belonging to any minor or other person under guardianship or curatorship, the guardian or curator, as the case may be, shall be authorised, in his capacity as such guardian or curator, to treat and agree with the said commissioners for the purchase or hire of the land required, and to execute any contract which may be needful for carrying out any agreement which may be made; and in case of non-agreement, to refer the matter in difference to arbitration, as in the last preceding section mentioned; but all moneys which shall either by agreement or by arbitration be payable by the said commissioners for or on account of any land in this section mentioned shall be paid by the said commissioners to the Master of the Supreme Court administering the Guardian's Fund, who is hereby authorised to receive the same and to place the same to the credit of the minor or other person entitled to such moneys; and if in any case any person of full age shall by way of fidei-commissary limitation, or any limitation of a like nature, be entitled to a life or other limited interest in any such land as aforesaid, in which a minor or other such person as aforesaid under guardianship or curatorship shall also be interested in remainder

or expectancy, then the whole value of the land, as fixed by contract or by arbitration, shall be paid as aforesaid to the Master of the Supreme Court, and the person who was entitled to the life or other limited interest in the land shall be entitled for life, or for the other period limited, to draw the interest payable upon the sum so paid in: Provided, however, that if any such person shall desire to have his share of such sum apportioned and paid out, it shall be lawful for him to apply by motion to the Supreme Court for an apportionment of such sum, and such Court shall in a summary manner, upon hearing the parties interested, apportion the said sum, and order the share of the applicant to be paid out to him, leaving the share of the minor or other person under disability in the hands of the said Master, to be administered in like manner as moneys in the Guardian's Fund, the property of minors or persons under disability, are therein administered; subject, however, at all times to such orders as the Supreme Court aforesaid may, upon the motion of any person having an interest, see fit to make in regard to such moneys.

27. The commissioners may, for the purpose of any proposed works under this Act, at any place within the municipality of Uitenhage, dam up or otherwise collect the water of any river or stream: Provided that such commissioners shall do so in such manner as not to impair or injure any servitude upon or other lawful right or title to any of the water of such river or stream: Provided, also, that no person entitled to any such servitude or other right shall, in regard to such servitude or other right, be held to come under the provisions of the twenty-fifth section aforesaid, or to be deprived of the same or of any part thereof, except with his own consent.

Preamble.

WHEREAS it is expedient that the Act No. 19 of 1864, commonly called “The Crown Lands Act, 1864,” should be amended as hereinafter is provided: Be it therefore enacted by the Governor of the Cape of Good Hope, with the advice and consent of the Legislative Council and House of Assembly thereof, as follows:—

Repealed by Act 14, 1878, save in so far as the provisions of this Act relate to land disposed of prior to the taking effect of Act 14, 1878 (p. 1571).

1. Notwithstanding anything in the third section of the said recited Act contained, whenever any Crown Lands shall have been put up for lease by public auction, under or by virtue of the said recited Act, and the highest rent which shall be bidden therefor shall be deemed inadequate, then it shall be lawful for the Governor to lease such lands as shall have been so put up, at any time within twelve calendar months from the time of such public auction, by tender or private contract, at any rent exceeding the highest rent which shall have been bidden therefor at such public auction, which shall be deemed by the Governor reasonable and expedient to be accepted therefor. But no lease shall be granted of any Crown lands, in pursuance only of any tender or private offer, for any term exceeding twelve calendar months, unless such lands for which offers may have been made by tender or private offer to take the same on lease for a longer term shall, subsequently to such offers, have again been put up at public auction, in manner provided by the third section of the said Act No. 19 of 1864, and at an upset price, and for the term of years proposed in such tender or private offer; after which, should no higher bid be obtained at such public auction, it shall be lawful for the Governor to lease the same for any term not exceeding twenty-one years, in accordance with the tender or private offer. But should a higher bid be obtained at such public auction, then the Governor shall be bound to accept such higher bid, upon sufficient security being found by the lessee for the performance of the conditions of such lease, as in other cases provided for by the said Act No. 19 of 1864.

No. 4—1867.
Crown Lands not leased in consequence of inadequacy of bidding at public auction may be let by tender or private contract.

Term of such lease.

2. Every lease to be executed under the provisions of this Act shall in other respects be dealt with as if the same were made under the provisions of the said recited Act, and all such last-mentioned provisions shall, save as hereinbefore is provided, be applicable in all respects to the case of lands leased under or by virtue of this Act.

For Enabling the Divisional Council of Cradock to take over from the Commissioners of the Municipality of Cradock an Iron Bridge, and to borrow Moneys upon the security of Road Rates and Tolls for the erection of the same across the Fish River at Cradock. ⁽¹⁾

Preamble.

WHEREAS the commissioners of the municipality of Cradock have purchased an iron bridge for erection across the Fish River at that place, towards the cost of which certain sums of money have been contributed by grants from the general revenue, from the funds of the Divisional Council and municipality aforesaid, and by voluntary subscriptions of private individuals, but which they are unable to complete for the want of the necessary means: And whereas it is highly necessary and expedient that measures should be devised for having the said bridge completed, to which end the said Divisional Council have proposed to take it over from the municipality, and erect the same with money to be borrowed upon the security of the road rates of the said division to be levied under the Act No. 9, 1858, and the tolls intended to be levied at the said bridge: And whereas such objects cannot be attained without the aid and authority of Parliament: Be it therefore enacted by the Governor of the Cape of Good Hope, with the advice and consent of the Legislative Council and House of Assembly thereof, as follows:—

7. When as soon as the said bridge shall be completed and declared open for traffic, it shall be lawful for the said council to close, and thereafter to keep closed, all fords upon the Fish River within two miles on either side of the said bridge; and it shall not be permitted to the commissioners of the said municipality to cause any new ford to be made on the said river within the limits of the municipality, without the consent of the said council first had and obtained: Provided, always, that no drift on any existing public road shall be closed until notice shall have been given thereof and published in one or more of the local papers one month previous to such closure, nor until the sanction of His Excellency the Governor shall have been obtained thereto and duly certified to the Divisional Council aforesaid.

On completion of bridge, council may close fords within two miles of it.

No drifts on public roads to be closed without previous notice or Governor's sanction.

And for the purpose of enabling the said council to carry the provisions of this Act into effect: Be it enacted as follows:

8. The said council is hereby empowered from time to time to borrow and take up at interest, upon the security of the road rates of the said division, to be levied and raised under the provisions of the Act No. 9, 1858, and of the tolls to be levied at the said bridge, any sum of money not exceeding in the whole the sum of six thousand pounds, and to mortgage the said rates and tolls for securing the repayment of such moneys: Provided, however, that moneys borrowed for the purpose of paying off then existing mortgages shall not be deemed to form part of the said sum of six thousand pounds.

Preamble.

Whenever any person shall be indicted before the Supreme or any Circuit Court, or before the Court of the Eastern Districts, for any crime to which such person shall plead guilty, and it shall appear to the prosecutor that such person has been formerly convicted of any offence which might formerly have been charged in an indictment or plaint against the same person for the same cause, in aggravation of the crime to which such person shall have pleaded guilty, and notice shall have been duly served on such person that evidence of such former conviction would be offered against him, as provided by the terms of the Act No. 3 of 1861, it shall be lawful, on such person pleading guilty, for the prosecutor, before sentence is pronounced, to offer to prove such former conviction or convictions, and thereupon the Court shall ask the prisoner whether he confesses that he is the person so appearing to have been formerly convicted, and that he was so convicted as alleged, and if he shall not confess such matters, then to empanel a jury to try the truth of such matters, or such of them as the prisoner shall not confess; and if on such trial the same matters, or such of them as he shall not confess, shall be proved, or if he shall confess such matters, or any of them, then the Court shall take into account such of them as shall be proved or confessed in awarding sentence for the crime to which such prisoner shall have pleaded guilty. ACT

To Amend the Law relating to the Trial and Punishment of
Criminals for Theft, and for receiving Stolen Goods know-
ing the same to have been stolen.

Preamble.

WHEREAS it not unfrequently happens that a prisoner being charged with theft escapes conviction by reason that, being concerned in the theft and being found in possession of portion of the stolen property, the actual fact of the theft cannot be substantiated by the evidence: Be it therefore enacted by the Governor of the Cape of Good Hope, with the advice and consent of the Legislative Council and House of Assembly thereof, as follows:—

Persons indicted for theft may on such indictment be convicted of receiving stolen goods, knowing them to have been stolen.

I. On the trial of any person upon any indictment or charge for theft, it shall and may be lawful for the jury or Court of Resident Magistrate, as the case may be, before whom such case shall be tried, should they consider that the evidence, though not sufficient to substantiate the charge of theft, is sufficient to show that the prisoner was guilty of receiving stolen goods knowing them to have been stolen, to find that the prisoner is guilty of receiving stolen goods knowing them to have been stolen, and upon any such finding the prisoner shall be liable to suffer, and shall suffer, the same penalty as if convicted of the like offence on an indictment or charge specifically framed for the crime of receiving stolen goods knowing them to have been stolen.

And whereas it is found that in many cases of theft in this Colony the offenders are not induced to commit such offences by need or poverty, but are themselves possessed of cattle, sheep, or other property: And whereas it is expedient that the cost incurred in their prosecution and in the prevention of the like outrages should be to some extent made good by such offenders: Be it enacted as follows:

WHEREAS it is expedient that provision should be made for the payment of just debts, liabilities, and obligations found to be due or payable by public bodies empowered to levy rates: Be it therefore enacted by the Governor of the Cape of Good Hope, with the advice and consent of the Legislative Council and House of Assembly thereof, as follows:—

Preamble.

1. Whenever any judgment shall be recovered, or decree or order lawfully made in or by any competent Court, for the payment by any public body empowered to levy rates of any sum of money for debt, damages, costs, or other cause whatsoever, to any party to a cause or suit, or any person whatsoever, in case it shall appear by the return of the Sheriff or other office whose duty it may be to execute any such judgment, decree, or order, that such Sheriff or other officer has not found sufficient assets of such public body available to answer such judgment, decree, or order, to satisfy the same, it shall be lawful for the party or person to whom such sum of money shall have been payable to apply by petition to the Supreme Court, or in case the rateable property upon which such public body is empowered to levy rates shall be situate within the local limits of the jurisdiction of the Court of the Eastern Districts, then, if such creditor shall so elect, by petition to such last-named Court, in either case annexing to such petition copies of the judgment, decree, or order, and of the writ or warrant of execution and of the return thereto, and praying for such relief in the premises as the said Courts respectively shall be empowered to afford; and a rule *nisi* shall thereupon be granted, requiring such public body to show cause why the relief prayed should not be granted.

Court may grant rule *nisi*.

2. Such rule shall thereupon be served upon such public body at their office, or if the Court shall otherwise order, then in such manner as the Court shall direct, and shall be returnable in such manner as the Court by general or any special order shall direct.

3. If before the time for showing cause against such rule the said judgment, decree, or order shall not be satisfied in full, together with interest and costs properly incurred in respect thereof, and if at the time for showing cause as aforesaid, or such adjourned time as the Court may order, either then, or from time to time, no sufficient cause shall be shown against the making absolute of such rule, then the same shall be made absolute; and

Rule may be made absolute.

4. If on showing cause against such rule *nisi* as aforesaid, it shall appear to the Court that there are other debts due by the public body on which such rule has been served, which will not probably be paid without the intervention of the Court, it shall be lawful for the Court, but not imperative upon it, if it shall make absolute such rule, before assessing such a rate or rates as aforesaid, to order an inquiry before the Master whether any, and what, debts other than that upon the said judgment, decree, or order are due by the said public body to any, and what, persons.

5. Proof of debt allowed by Master subject to review.

8. If any judgment for damages shall be recovered by any person against such public body, pending the proceedings under such petition as aforesaid, and before such rate or rates shall have been ordered by the said Court to be levied, then it shall be lawful for the person so recovering judgment to enter before the Master a claim upon such judgment, and to make application to the Court to be admitted to the benefits of the proceedings pending, and the Court may allow such application, and take such judgment into account in assessing such rate or rates as aforesaid.

To Abolish Liability to Quitrent within the Limits of the Municipality of King William's Town.

Preamble.

WHEREAS it appears that, before the creation of the municipality of King William's Town, certain erven within the limits of the said municipality were granted by the late Government of British Kaffraria to certain parties, on condition, among other things, that the proprietors thereof should pay an annual quitrent, with a view to the application of the proceeds of such quitrents for the purpose of keeping in repair the streets of the said town, and other local purposes: And whereas by virtue of the provisions of the Ordinance for constituting the municipality of King William's Town, and by the Act No. 3 of 1865, annexing British Kaffraria to this Colony, the proprietors of the said erven have, in addition to the said liability to payment of quitrent, become liable to payment of the municipal rates imposed for the purposes aforesaid, and also to the payment of road rates; and it is proper that the said proprietors should be relieved from such first-mentioned liability: Be it therefore enacted by the Governor of the Cape of Good Hope, with the advice and consent of the Legislative Council and House of Assembly thereof:—

Proprietors of lots of land within municipality of King William's Town relieved from payment of quitrent.

1. From and after the first day of July, in the present year, the liability to payment of quitrent of the proprietor of any lot of land situated within the limits of the municipality of King William's Town shall cease and determine. For the Encouragement of the Breeding of Horses.

WHEREAS by two several deeds, bearing date, respectively, the 24th day of February, 1863, and the 30th day of November of the same year, the Lieut.-Governor of British Kaffraria did grant in freehold to the trustees of the King William's Town Grand Stand and Race-course Company two pieces of land, on certain conditions and for certain purposes: And whereas by a certain other deed, bearing date the 6th day of January, 1866, the Governor's

No. 15—1868.

Deputy of British Kaffraria did grant in freehold to the trustees of the King William's Town Stud Farm Company a certain other piece of land, on certain other conditions, and for certain other purposes: And whereas it appears that the objects of the said grants can be better attained by the transfer, with the consent of the hereinbefore mentioned companies, of the said lands to other parties: Be it therefore enacted by the Governor of the Cape of Good Hope, with the advice and consent of the Legislative Council and House of Assembly thereof, as follows:—

Governor may under certain conditions grant certain lands to the King William's Town Stock and Produce Company.

1. It shall be lawful for the Governor, provided that the trustees and shareholders in the existing companies consent thereto, to grant in freehold the three pieces of land in the preamble to this Act mentioned to the trustees of the King William's Town Stock and Produce Company (Limited), on the following conditions, that is to say: So much of the two pieces of land first hereinbefore mentioned as has heretofore been used as a public race-course shall be open to the public for use in like manner for such and so many days, not exceeding thirty days, in each year, as the Governor shall from time to time appoint: and the piece of land last hereinbefore mentioned shall be used for the purpose of breeding and rearing of horses; and on breach of any of the said conditions, the land to which the same shall apply with all buildings that may have been erected thereon, shall be forfeited to Her Majesty for the use of the Colony; but nothing herein contained shall be construed to prevent the said trustees from using the said lands, or any part of the same, for such purposes, in addition to the purposes hereinbefore mentioned, as may not be injurious to such last-mentioned purposes.

Previous grants cancelled on issue of such grant.

2. When and so soon as the lands in the preceding section mentioned shall have been granted as aforesaid, the grants previously made by the Lieutenant-Governor and the Governor's Deputy of British Kaffraria of the same, respectively, shall be cancelled.

Governor may grant lease of land on Thomas River to Company.

3. It shall be lawful for the Governor, if he shall see fit, to grant to the said last-mentioned trustees a piece of land on the Thomas River, in the division of Queen's Town, not exceeding in extent five thousand acres, on a lease for the term of twenty-one years, and on condition of payment of an annual rent of twenty-five pounds sterling, for the purpose of enabling the said trustees to form and maintain a depot for the rearing of young horses; and at the expiration of the said term of twenty-one years it shall be lawful for the Governor, if he shall see fit, to grant the said land to the said trustees, subject to such reasonable annual quit-rent as he may see fit to impose, on payment by the said trustees of the sum of fifteen hundred pounds.

And on expiration of lease may grant land on quit-rent.

Land to revert to Crown if conditions be not complied with.

4. If, during the said term of twenty-one years, the land in the preceding section mentioned shall cease to be used for the rearing of horses; or if, during the said term, the conditions of the lease

shall be violated; or if, at the expiration of the said term, the said trustees shall fail or refuse to pay the sum of fifteen hundred pounds, then, and in either such case, such land, together with any buildings that may have been erected thereon, and any improvements that may have been made of the same, shall revert to Her Majesty for the use of the Colony.

ACT

To Amend in certain respects the Act No. 19 of 1864, intituled
 “An Act to provide for the Leasing of Crown Lands and
 other purposes.”⁽¹⁾

Preamble.

WHEREAS it is expedient that the Act No. 19 of 1864, commonly called “The Crown Lands Act, 1864,” should be amended as hereinafter is provided: Be it therefore enacted by the Governor of the Cape of Good Hope, with the advice and consent of the Legislative Council and House of Assembly thereof, as follows:—

Right of lessees to purchase.

1. It shall be lawful for the lessees of Crown Lands leased under the provisions of the said Act No. 19 of 1864, at any time during the continuance of their respective leases, to purchase the property in the lands held by them respectively on lease, at such price as may be agreed on by and between such lessees respectively of the one part and the Colonial Government of the other part, not being in any case less than a sum which, reckoned as a principal sum after the rate of six pounds sterling per cent., would produce an amount of yearly interest equal to the rent reserved on such lease: Provided, that in the event of the price demanded by Government being greater than such principal sum, in such case, at the request of the lessee, the matter may be submitted to arbitration, one arbitrator to be appointed by the lessee and one by the Government, with power to appoint a third as umpire, subject to the following conditions, that is to say:

Arbitration in certain case.

Conditions of sale.

1. In all sales of land under this Act the purchaser shall, in addition to the purchase price, pay to the Colonial Government an annual quitrent of one⁽²⁾ pound sterling for every one hundred pounds on the purchase amount, such annual quitrent to be paid in perpetuity.
2. The purchase money so to be paid as aforesaid, according to agreement, may be paid in cash, at the option of the purchaser, so soon as the amount shall be agreed upon, and such purchaser may upon payment thereof require a grant of title upon quitrent to the said lands theretofore held by him upon lease, which grant it shall be lawful for the Governor to make.
3. If the purchaser shall not forthwith pay the full amount of purchase money agreed upon in cash so soon as the said amount shall be agreed upon, he shall be allowed to pay the same in manner following, that is to say, by three annual instalments,—the first to be paid forthwith so soon as the amount of purchase money shall be agreed upon as aforesaid, and the other two at intervals of one year respectively.

¹ See Acts 15, 1887 (p. 2461), and 19, 1889 (p. 2665).

² Reduced to 10s. after 1 Jan., 1890. See Act 19, 1889.

4. If the purchaser shall fail to pay the second or subsequent instalments when the same shall become payable respectively, the money already paid by him shall be returned to him, deducting thereout, by way of liquidated damages for the breach of the contract to purchase, a sum equivalent to five pounds sterling per cent. on such amount of the purchase money as shall remain unpaid, together with such sum, if any, as may be due for rent and other charges, if any, upon the said land, under or by virtue of the lease thereof; and the said lease shall, unless otherwise vitiated, be regarded as though the same were all along subsisting, without any contract for purchase or sale having subsisted with regard to the same lands.
 5. Until the entire purchase money shall be paid, the purchaser shall continue to pay rent under and by virtue of his lease, and to perform the other conditions, if any, of the same, which shall be deemed to be a subsisting lease, notwithstanding any such contract for purchase as aforesaid unless vitiated otherwise under the terms thereof, or of the said Act No. 19 of 1864.
 6. Upon the payment by the purchaser, at the stated times agreed on, of all the purchase money, and of all rents and other payments due in respect of the said lease, he shall be allowed interest after the rate of six pounds per cent. per annum in respect of the several instalments of the purchase money deposited by him from the date of the deposit thereof, respectively, until such date of payment; and thereupon he shall be deemed from thenceforward as proprietor on quitrent of the land so purchased, and may require forthwith a grant of title upon quitrent to the said lands theretofore held by him upon lease, which grant it shall be lawful for the Governor to make.
 7. In fixing the value of the land applied for under the above conditions, the value of the industrial improvements made by the lessee who applies shall not be taken into consideration.

being: And whereas immovable property, acquired for the uses and purposes of religious, charitable, and educational associations, has been from time to time granted or transferred to certain office-bearers or other trustees for such associations, and to such office-bearers or other trustees for the time being: And whereas doubts have recently arisen whether, in regard to such joint-stock companies and to such associations, it is not necessary, in order that the ownership of immovable property granted or transferred in manner aforesaid shall pass to and vest in the trustees or office-bearers for the time being, that the out-going office-bearers or other trustees should make transfer in the Deeds Registry to their successors as often as any change in the persons of such office-bearers or other trustees takes place: And whereas it is expedient to remove such doubts by declaring that no such successive transfers shall be necessary: Be it enacted by the Governor of the Cape of Good Hope with the advice and consent of the Legislative Council and House of Assembly thereof, as follows:—

1. In the interpretation of this Act the terms following shall have the meanings respectively assigned to them:

Interpretation of terms.

Trustees for the time being of any "company" to be owners of property held in trust without fresh transfer.

As often as any immovable property shall be or shall have been granted or transferred to the trustees of any company, in their capacity as such trustees, and to the trustees of such company for the time being, the trustees for the time being of such company shall be, and they are hereby declared to be, the owners in their said capacity of such property, as fully and absolutely as if the transfer of such property has been originally made to them, in their said capacity, by their own proper names; and no transfer in the Deeds Registry from any former trustee to any new trustee shall be necessary.

Office-bearers of any association to be owners in like manner.

3. As often as any immovable property shall be, or shall have been, granted or transferred to any office-bearer or office-bearers of any association, and to the bearer or bearers of such office or offices for the time being for the objects or purposes of such association, or to any trustees of or for any association, and to the trustees for the time being, for the objects or purposes aforesaid, such office-bearer or office-bearers or such trustees for the time being shall be, and they are hereby declared to be, the owner or owners, in his or their capacity, of such property, as fully and absolutely as if the grant or transfer of such property had been originally made to him or them in their said capacity, by his or their own proper name or names; and no transfer in the Deeds Registry from any former office-bearer or trustee to any new office-bearer or trustee shall be necessary.

This Act not to extend to companies managed by any Ordinance or Act of Parliament.

And whereas it is expedient that provision should be made for the appointment by the Court of new trustees for any such company or association as aforesaid which may stand in need of such new trustees, and be without other means of lawfully appointing them, be it enacted as follows:—

6. As often as by death, unsoundness of mind, resignation, failure to elect, absence from the Colony, or other cause, the trustees, or any of them of any such company or the office-bearers or other trustees of any such association as is in this Act described, or of any association which, under the provisions of the fourth section of this Act shall be placed under the provisions of this Act, shall become incapable of acting in the execution of the trusts for such company or association, it shall be lawful for any person who shall be a member of or interested in such company or association to apply by petition to the Supreme Court, or (in case such company or association shall be one established within any of the districts over which the Court of the Eastern Districts has jurisdiction) to the Court of the Eastern Districts, for such order as he shall conceive himself entitled to, and he may by affidavit give such evidence in support of such petition as he shall think fit, and may serve notice of such petition upon such person or persons as he may think it needful or expedient to serve with such notice: Provided that upon or before the hearing of such petition the Court in which it shall be pending may order service of notice of such petition upon any person or persons whom the Court shall think fit, and may order such notice to be published in the *Government Gazette*.

Supreme or Eastern Districts Court may be moved to appoint new trustees when no other means of supplying vacancy exists.

8. If in any case it shall happen that any immovable property shall have been granted or transferred to any unincorporated society or body established for religious, charitable, or educational purposes by the name borne by such society or body, and not through the instrumentality or intervention of office-bearers or other trustees acting for and representing such society or body, it shall be lawful for any person who shall be a member of, or interested in, such society or body, to apply by petition in manner and form as hereinbefore in the sixth section of this Act mentioned for the appointment of trustees for such society or body; and the Court to which such petition shall be presented, proceeding in manner and form as in the sixth and seventh sections of this Act mentioned, may, if satisfied that the appointment of trustees to act for and represent such society or body is expedient, appoint such trustees; and the provisions of the seventh section shall in substance apply to the appointment of such trustees, and to the power of providing how new trustees shall be afterwards from time to time appointed and to all other matters in the said seventh section contained.

To Provide for the Granting of Titles in Freehold to the Inhabitants of certain Missionary Institutions, and for the better Management of such Institutions. (1)

Preamble.

WHEREAS divers tracts of land in this Colony have at various times and in various ways been acquired by the London Missionary Society for the purpose of founding certain missionary institutions, and it is desirable to give to the inhabitants of the said institutions on certain conditions, titles in freehold of the portions of land heretofore respectively occupied by them, free of transfer dues and expenses of survey; and whereas the inhabitants of the said institutions have hitherto been under the secular as well as the religious control of the missionaries of the said society, and it is desirable that the connection in secular matters between the said society and the said inhabitants should cease, and that under such altered circumstances, new rules and regulations should be framed for the better management of the said institutions in lieu of those heretofore in force: Be it enacted by the Governor of the Cape of Good Hope, with the advice and consent of the Legislative Council and House of Assembly thereof, as follows:—

Governor to appoint surveyors to divide and allot land of certain missionary institutions.

1. It shall be lawful for the Governor to authorise and appoint one or more duly qualified land-surveyors to survey and divide such tracts of land in this Colony as shall, at the time of the passing of this Act, be in the lawful occupation of the missionary institutions of the London Missionary Society, and such surveyor or surveyors, acting under such instructions as they shall from time to time receive from the Governor, shall divide the said tracts of land in such a manner as to allot to the respective occupiers thereof such portions of land as they shall at the time of such survey be entitled to occupy under and by virtue of the customs in force in such institutions respectively; and in case there shall be any dispute as to whether any person is entitled as aforesaid to any allotment of land, or as to the extent of land which ought to be allotted to any occupier, it shall be lawful for the Governor to decide whether any and what extent of land ought to be allotted to such person or occupier.

Disputes to be decided by Governor.

¹ See Act's 14, 1886 (p. 2337); 28, 1892 (p. 3104).

2. It shall be lawful for the Governor to cancel and annul the grant of a certain tract of land occupied by the missionary institution of Zuurbraak to the London Missionary Society in trust for the native races belonging to the said institution of Zuurbraak, dated the 11th day of December, 1858, and the grant of a certain tract of land occupied by the missionary institution of Dysselsdorp to the missionary institution of Pacaltsdorp, dated the twelfth day of April, 1849, and to grant, free of quitrent, but subject to all other reservations usual in quitrent grants of Crown land in this Colony, to the respective occupiers of land in the said institutions of Zuurbraak and Dysselsdorp, and of the institutions of Pacaltsdorp and Bethelsdorp, such portions of such land as aforesaid as shall, under and by virtue of the last preceding section have been respectively allotted to them, or in case of dispute, as the Governor shall decide ought to have been so allotted.

3. Polling place for Green Point to be appointed either there or in Cape Town.

Duration of poll.

Polling Officer to be assisted by some person acquainted with the inhabitants of each district.

31. (1) As often as it shall be necessary, after the completion under this Act of a list of registered voters, for the Electoral Division of Cape Town, (1) to take a poll in the said division for members or for a member of either House of Parliament, then one polling place shall be, by Government notice in the *Government Gazette*, appointed or established in each of the districts into which the said municipality of Cape (1) Town shall for the time being be divided, and the polling officer appointed by Government notice in the *Government Gazette* to take the poll in each district shall be furnished with a list of voters in and for such district; and no voter shall be competent or permitted to vote except at the polling place of the district in and for which he is registered. But the fact that any voter registered in any district shall have ceased at the time of taking the poll to possess the qualification in regard to which he was registered in such district shall not deprive him of the right to vote in such district so long as his name remains inserted in the list of voters in such district. And in regard to the municipality of Green Point, it shall be lawful to appoint a polling place within the said municipality, at which alone the voters registered belonging to such municipality shall be competent to vote, and not elsewhere, or to appoint that all such voters shall vote at the polling place of such one of the districts into which the Municipality of Cape Town shall be divided as shall be deemed most convenient, and be selected.

32. As often as any such poll as is in the last preceding section mentioned shall be taken in the said Electoral Division, such poll shall remain open for one day, and no longer, and the same day shall be appointed for taking the poll in the whole of the districts constituting the said Electoral Division.

33. The polling officer appointed to take the poll in each district of the municipality of Cape Town aforesaid shall be assisted by some person acquainted as generally as possible with the inhabi-

tants of such district, which assistant shall be appointed by Government notice in the *Government Gazette*, and the duty of such assistant shall be to detect and disclose all attempts which may be made to personate any of the registered voters; and such assistant to the polling officer shall, before acting as such make oath before the polling officer, who is hereby authorised to administer such oath, that he will perform his duty as such assistant without fear, favour, or prejudice. Should a polling place be appointed within the municipality of Green Point, it shall not be necessary to appoint an assistant to the polling officer at such polling place.

Such assistant to be sworn.

34. (1) It shall be the duty of the polling officer at each polling place in the Electoral Division aforesaid, and he is hereby authorised and required to prevent anyone from entering and remaining in the polling place during the hours of voting, except the returning officers of the Electoral Division, the assistant aforesaid, the candidates in regard to whom the poll is taken, or, in the absence of any of the latter, a representative of each absent candidate (which representative shall be authorised by some writing under the hand of such candidate to represent him), and the voters, or persons claiming to be voters coming to give and whilst giving their votes.

Polling Officer to allow certain persons only to be present during the hours of voting.

No cockade or ribbons to be worn in polling place.

And in regard to the several Electoral Divisions of the Colony, other than the division of Cape Town: Be it enacted as follows:

36. [Repealed by Act 48, 1899.]

¹ See § 40, Act 9, 1892 (p. 2982) which should be read with this section.

And in regard to all and singular the several Electoral Divisions of this Colony without distinction: Be it enacted as follows:

Forty-second and fifty-second sections of Constitution Ordinance repealed, and provisions of this Act substituted.

Polling Officers at elections may put certain questions.

37. The forty-second and fifty-second sections of the Constitution Ordinance are hereby repealed, but where in any Act the said sections or either of them are referred to, the provisions of this Act substituted for the said sections or either of them shall be considered as mentioned instead thereof.

38. The polling officer at any polling place shall if required by or on behalf of any candidate, and may of his own motion when he shall deem it fitting, put to any person coming to vote at the time of tendering his vote, but not afterwards, the following questions:

1st. What is your name in full?

2ndly. Where do you live?

3rdly. What is your occupation?

4thly. Are you to the best of your knowledge and belief the same person whose name appears as _____ (here give the name of the registered voter as whom the person tendering his vote claims to vote) on the list of registered voters for the Electoral Division of _____?

5thly. (In case the poll is taken for a member or for members of the Legislative Council),—Have you already voted, either here or elsewhere, at this election, for any member of the Legislative Council? or (in case the poll is taken for a member or for members of the House of Assembly),—Have you voted, either here or elsewhere in this Electoral Division, at this election for any member of the House of Assembly?

Discrepancies between name given by voter and that on registered list, not to preclude him from voting, if it appears that he is really and truly the person intended to have been registered.

39. In case the person tendering his vote shall, in answer to the first of the said questions, give the surname, as registered, of the voter as whom he claims to vote, but not the christian name as registered, or not all the christian names when more than one, and it shall appear from answers to further questions that the person tendering his vote has no names other than those first stated by him, he shall not thereby be precluded from voting, in case it shall appear from his answers to other questions, or from the testimony of the assistant to the polling officer in the thirty-third section of the Act mentioned (when there shall be such assistant present at the poll), that the christian name or names as registered are mistaken, and that the person tendering his vote is really and truly the person intended to have been registered.

Discrepancies between residence or occupation stated by voter, and that on registered list, not to preclude him from voting, in case it appears that he is really and truly the person intended to have been registered.

40. In case the person tendering his vote shall, in answer to the second or third of the said questions, state a residence or occupation different from the residence or occupation registered as the residence or occupation of the voter as whom the person tendering his vote claims to vote, such person shall be questioned as to his residence and occupation at the time of the framing of the list of registered voters upon which appears the name of the voter as whom such person claims to vote. Should it appear from

the answers to such questions that he did not at the time of the framing of such list reside at the place registered, or did not follow the occupation registered, he shall not thereby be precluded from voting in case it shall appear from his answers to other questions, or from the testimony of the assistant aforesaid (when there shall be an assistant present at the poll), that the residence or the occupation, or residence and occupation, as registered, are mistaken, and the person tendering his vote is really and truly the person intended to have been registered.

41. As often as the list of registered voters in the hands of the polling officer shall not set forth the residence or occupation of the voter, then it shall not be necessary to put the second or third questions aforesaid (as the case may be), anything in the thirty-eighth section of this Act notwithstanding.

If residence or occupation is not set forth in list, those questions need not be put.

42. If any person tendering his vote shall wilfully make a false answer to any question which any polling officer is, by the thirty-eighth, thirty-ninth, and fortieth sections of this Act, authorised to put, such person shall, upon conviction, be liable to be imprisoned with or without hard labour for any period not exceeding two years.

Penalty for false answers.

43. (1) Any person who, knowing that he is not the person registered by or under a certain name upon any list of registered voters, shall nevertheless wilfully assume or pretend to be the person so registered, and shall vote or attempt to vote as being the person so registered, shall, whether any such questions as aforesaid shall have been put to him or not, be liable upon conviction, to a fine not exceeding fifty pounds, and in case of non-payment to imprisonment with or without hard labour for any period not exceeding six months, unless the fine imposed be sooner paid. Nothing in this section contained shall affect the provisions of the last preceding section in regard to the punishment for any false answer made to any question put but no person prosecuted to trial either under this or the last preceding section shall be afterwards prosecuted under the other of the said sections.

Penalty for personation of voters.

44. (1) If any polling officer shall have reasonable and probable cause for believing that any person has, in the presence of such polling officer, committed an offence under or against either of the two last preceding sections of this Act, it shall be lawful for such polling officer by verbal order to be given and acted upon before such person shall have left the polling place in which such offence if any, shall have been committed, to authorise and require any officer of the law proper for the execution of criminal warrants, or any private person or persons, to detain in some convenient place

Persons tried under either this or the preceding section, not liable to prosecution under the other.

Polling officer may, on reasonable grounds of suspicion that person has contravened either of the two last sections, verbally order his apprehension.

such person so believed to have offended as aforesaid until such person shall be brought before some Resident Magistrate or Justice of the Peace to be dealt with according to law. But if such person will, whilst so detained, give bail by two sufficient sureties in twenty-five pounds each, or one such surety in fifty pounds, that he will when duly summoned appear to answer the charge against him, and that he will accept service of the summons at some place to be mentioned in the bail bond, he shall thereupon be liberated. Such bail bond as aforesaid may be entered into before the polling officer who shall have ordered his detention, or before any Resident Magistrate or Justice of the Peace.

No more than one person to vote on same name.

Person rejected may complain under forty-seventh section.

Penalty for voting more than once at any one election.

45. (1) *No polling officer shall permit more persons than one to vote upon or in regard to any one name upon the list of registered voters. Should any person claim to vote upon or in regard to any name upon or in respect of which name another person shall have already voted, the vote of the person so claiming shall be rejected; but such person shall be at liberty to complain as in the forty-seventh section of this Act provided. But nothing in this section shall prevent different persons of the same name, who are all registered, from all voting, each in regard to one of the said names.*

46. (2) If any person shall vote more than once at any one election for a member or for members of the Legislative Council, or more than once in any Electoral Division for a member or for members of the House of Assembly for such division, he shall be liable upon conviction to a fine not exceeding twenty-five pounds, and in case of non-payment, to imprisonment with or without hard labour for any period not exceeding three months unless the fine imposed shall be sooner paid.

In any electoral division other than Cape Town and Graham's Town, any person whose vote was not registered must complain within seven days to Civil Commissioner.

47. (1) *It shall be competent for any voter registered or alleging himself to be registered as such in any Electoral Division other than the Electoral Divisions of Cape Town and Graham's Town, who shall complain that his vote, duly tendered at the proper polling place in such Electoral Division, was rejected by the polling officer who took the poll at such polling place, or who shall complain that at such polling place, a person not entitled to vote thereat was, whether objected to or not, admitted to vote thereat, to lodge with the Civil Commissioner of the Fiscal Division which constitutes, or, if it does not constitute, gives its name to the Electoral Division in which such poll was taken, his complaint in writing, stating the name of the person so rejected or admitted, and requesting that the grounds of such complaint may be investigated. Such complaint must be lodged within seven days next after the day on which the poll in question was taken, otherwise no notice shall be taken of it, nor shall such poll*

as taken be capable of being impeached by any action or proceeding whatsoever by any person who shall not have lodged his complaint as aforesaid within the said space of seven days. But nothing in this section contained shall affect the fifty-fifth or any other section of the Constitution Ordinance, or delay the declaration or proclamation of the member or members of the House of Assembly as in the fifty-fifth section directed to be made by the returning officer, or delay any other act or proceeding by the said Ordinance enjoined in reference to the election of members of the Legislative Council.

48. ⁽¹⁾ As often as the Civil Commissioner shall receive any such complaint in manner and form as aforesaid, he shall in the most speedy and inexpensive manner practicable cause the polling officer and the party complaining, and the party complained against, if any and if known, to attend before him, and shall in their presence inquire into the grounds of such complaint. If he shall adjudge that the vote of any person complaining that his vote was rejected was a vote which ought of right to have been received, then in case the poll in question were a poll for a member or for members of the Legislative Council, the Civil Commissioner shall allow the complainant to vote in manner and form as in the forty-first section of the Constitution Ordinance specified, precisely as if such Civil Commissioner were a polling officer taking a poll; but adding after the signature of such Civil Commissioner, that his vote has been taken under this section of this Act, and shall transmit the printed list or polling paper containing such vote to the Colonial Secretary, who shall, in case the committee of scrutineers have not completed their scrutiny, transmit the same to such committee, to be reckoned by them amongst the other votes. In case it shall be made to appear to the Civil Commissioner that the vote of the voter so by him allowed to vote as aforesaid had been rejected by the polling officer because another person had already personated such voter, and voted as being such voter, then the Civil Commissioner shall by endorsement upon the printed list or polling paper certify that the name of the said voter had at the poll been fraudulently assumed by some person who had personated him and voted in his name; and the committee of scrutineers, receiving such printed list or polling paper bearing such endorsement, shall, besides reckoning the votes of such voter, set aside and treat as non-existent the votes upon the printed list or polling paper signed by the person who personated such voter and voted in his name, or signed at the request of such person by the polling officer, should such paper by reason that it is the only one which came from the same polling place bearing the same name, or by any other proof afforded by any other documents in the hands of the scrutineers, be capable of being identified. In case the complaint shall be that some person not entitled to vote at such poll was

admitted to vote, and did vote thereat, and the ground of such complaint shall be established to the satisfaction of the Civil Commissioner, he shall, in case the poll in question was a poll for a member or for members of the Legislative Council, certify in writing that it has been made to appear to him in a proceeding under this section of this Act that the person who voted at the poll in question by and under the name of ——— was not entitled so to vote; and shall transmit such certificate to the Colonial Secretary, who shall, in case the committee of scrutineers have not yet completed their scrutiny, transmit such certificate to such committee, who shall thereupon set aside and treat as non-existent the votes given by such person, should the printed list or polling paper signed by such person be, for any such reason as that hereinbefore specified in regard to the certain other polling paper aforesaid, capable of being identified. Should the committee of scrutineers have completed their scrutiny before any such certificate or certificates as aforesaid shall have been transmitted to them by the Colonial Secretary, then the Colonial Secretary shall require the said committee to re-assemble, and shall transmit every such certificate to such committee, who shall proceed thereupon as hereinbefore directed in order to correct the number of votes formerly certified by such committee under the forty-fourth section of the Constitution Ordinance.

If election is for Legislative Council, Civil Commissioner to inform Colonial Secretary seven days after such election, whether any such complaint is made, so that notice may be given to scrutineers.

49. (1) Every such Civil Commissioner as is in the last preceding section described shall, at the expiration of seven days next after the last day upon which a poll was taken for a member or for members of the Legislative Council, at any polling place in the Electoral Division with which he is connected, inform the Colonial Secretary whether any and, if so, how many complaints, under the forty-seventh section of this Act, have been lodged with him, to the end that the said Colonial Secretary may not require the committee of scrutineers to re-assemble until he shall have in his hands the whole number of certificates likely to be transmitted to him: And every Civil Commissioner who shall have informed the Colonial Secretary of any complaint which such Civil Commissioner shall afterwards find to be ill-founded shall forthwith report to the Colonial Secretary that such complaint has been dismissed.

Duty of scrutineers on receipt of amended voting papers.

50. (1) When the committee of scrutineers, so re-assembled as aforesaid, shall have received all such certificates as aforesaid which shall have been transmitted to the Colonial Secretary, and shall have revised the number of votes for the several candidates as the same shall be affected by such certificates, and shall have certified to the Colonial Secretary, de novo, the number of votes given for each candidate, then in case the difference between the number of votes as originally certified by the said committee and the number of votes as certified de novo shall not be such as to affect the seat of any of the members already proclaimed, or to

alter the ranking or position as amongst themselves of any of the members so proclaimed, the number of votes as certified *de novo* shall be published by Government notice in the Government Gazette for general information, but shall not be further regarded. If, however, the difference aforesaid shall be such as to prove that any candidate already proclaimed a member had fewer votes than some candidate not proclaimed a member, or that the ranking or position as amongst themselves of any of the members proclaimed requires to be altered, then the Governor shall, by a proclamation reciting the former proclamation and the grounds that have since arisen for amending the same, proclaim afresh the names of the candidates in the order, as regards numbers of votes, in which they shall be found to stand after the revision and rectification of the votes as hereinbefore provided: And as often as it shall appear by such proclamation that any person formerly proclaimed a member has received fewer votes than some other person who was not proclaimed a member, the person formerly proclaimed a member shall, upon and from the issuing of such proclamation, cease to be a member, and the other person who received a greater number of votes shall thenceforth become the member in his room and stead. In case the revision and rectification aforesaid shall have the effect of showing an equality of votes between any member who was formerly proclaimed and any candidate who was not proclaimed, the question between them shall be determined by lot, to be drawn in manner and form as in the forty-fourth section of the Constitution Ordinance provided: And should the effect of such revision and rectification be to show an equality of votes between any two or more members who, when formerly proclaimed, appeared to have had a majority one above another, then the order in which the names of the said members shall stand in the amended proclamation shall be determined by lot, to be drawn in the same manner. But the day of the publication of the first proclamation, and not the day of the publication of the amended proclamation, shall for the purpose of computing the time for which members shall hold their seats, be deemed to be the date of the election of the members proclaimed as such by such amended proclamation.

..51. (1) In case the poll in regard to which any complaint as is in the forty-seventh section of this Act mentioned shall be lodged shall have been a poll taken for a member or for members of the House of Assembly, and if such complaint shall not have been inquired into and disposed of before the declaration or proclamation of the member or members, as in the fifty-fifth section of the Constitution Ordinance directed, the Civil Commissioner, in case he shall adjudge such complaint to be well founded, shall certify to the Colonial Secretary, in case of a vote or votes rejected at the poll, the name or names of the candidate or candidates for whom the complainant now votes, and in the case of a

vote or votes admitted at the poll, from what candidate the vote or votes in question are to be deducted. Should the proclamation in the fifty-sixth section of the Constitution Ordinance specified not have been published when any such certificate shall have been received by the Colonial Secretary, then, if the effect of any such certificate shall be to show that any candidate formerly returned as a member has fewer votes than some other candidate not so returned, the former return shall be amended by the Colonial Secretary in conformity with the certificate by him received from the Civil Commissioner, and the proclamation to be issued under the fifty-sixth section of the Constitution Ordinance, shall publish the name of the member or the names of the members according to such amended return. A Government notice shall be prefixed or appended to such proclamation showing the number of votes received by the respective candidates as originally transmitted by the returning officer, and the change in such numbers consequent upon the certificate or certificates aforesaid. Should the proclamation in the fifty-sixth section of the Constitution Ordinance mentioned have been published before the receipt by the Colonial Secretary of any such certificate or certificates as aforesaid, then all and singular the provisions of the fiftieth section of this Act, in reference to the Legislative Council, shall, mutatis mutandis, be applied so far as applicable to the House of Assembly, precisely as if the number of votes as ascertained by the amended return aforesaid were the number of votes certified de novo by the committee of scrutineers, and the number of votes originally transmitted by the returning officer in regard to the House of Assembly were the number of votes originally certified by the said committee in regard to the Legislative Council.

Civil Commissioner may submit doubtful cases to a judge in chambers.

54. The Judge before whom any such statement as aforesaid shall be laid may, should the same appear to him defective, call for further information from the Civil Commissioner who transmitted it, and shall give such a decision as shall appear to him right and proper, and such decision shall, for the purpose of the poll to which it relates be final and conclusive.

Judge may call for further evidence, &c.

55. All and singular the several sections of this Act, from the forty-seventh to the fifty-fourth, both inclusive, shall apply to the Electoral Divisions of (2) Cape Town and Graham's Town, in like manner as to all the other Electoral Divisions of the Colony, except that all complaints under section forty-seven shall, if they relate to the Electoral Division of Cape Town, be lodged with and be inquired into by the Resident Magistrate of Cape Town; and if they relate to the Electoral Division of Graham's Town, shall be lodged with and inquired into by the Resident Magistrate of Albany.

Forty-seventh to fifty-fourth sections of this Act to apply to Cape Town and Graham's Town, &c.

56. If, upon ascertaining the number of votes which have been given for the several candidates for election as members of the House of Assembly for any Electoral Division, it shall be found that any two or more of such candidates have received an equal number of votes, the like proceedings shall be had in order to determine who shall be proclaimed the members for such Electoral Divisions as are prescribed in the forty-fourth section of the said Constitution Ordinance as to an equality of votes between candidates for election as members of the Legislative Council.

Persons tried for robbery may be convicted of assault or theft.

2. If upon the trial of any person upon any indictment for robbery, it shall appear to the jury upon the evidence that the defendant did not commit the crime of robbery, but that he did commit the crime of assault, or the crime of theft, forming part of the crime of robbery charged in the said indictment, the defendant shall not, by reason thereof, be entitled to be acquitted, but the jury shall be at liberty to return as their verdict that the defendant is guilty of the said crime of assault or of the said crime of theft, and thereupon such defendant shall be liable to be punished in the same manner as if he had been convicted upon an indictment for such assault or theft; and no person so tried shall be liable to be afterwards prosecuted for the assault or theft, forming part of the said crime of robbery, charged in the said indictment.

To Provide for the Construction of certain Bridges over the Orange River.

WHEREAS by the Acts No. 15 of 1871 and No. 12 of 1872, certain provisions were made for promoting the construction of a bridge or bridges over the Orange River: And whereas there is reason to believe that a convention will shortly be entered into between the Government of this Colony and the Government of the Orange Free State, under which, besides the provisions mentioned in the said first mentioned Act, the Government of this Colony will be enabled to construct the said three first mentioned bridges, with power, however, to the Government of the Orange Free State or any company formed therein to construct any one or more of the said bridges on the same terms as the Government of this Colony or any company formed therein may be authorised to construct the same, and with a further provision that the Government of the said Orange Free State shall be at liberty to receive one-half of the revenue to be derived from any bridge or bridges to be constructed by the Government of this Colony, upon payment to the said Government of one-half of the money expended in and about constructing such bridge or bridges, and upon such other terms as may be deemed fair and reasonable: And whereas it is proposed that four bridges shall be constructed over the said river, that is to say, at some convenient site in the vicinity of Aliwal North, Bethulie, Colesberg, and Hope Town respectively: And whereas the last of the said proposed bridges would abut upon the Province of Griqualand West, and it is expedient therefore that power should be given to the Governor to enter into a convention with the Government of the said Province similar to that proposed to be entered into with the said Government of the Orange Free State: And whereas in case of the construction of the said bridges, or any of them, by or on behalf of the Government of this Colony, it will be necessary to provide for raising money for such construction, not exceeding three hundred thousand pounds sterling: Be it enacted by the Governor of the Cape of Good Hope, with the advice and consent of the Legislative Council and House of Assembly thereof, as follows:—

Preamble.

Repugnant laws repealed.

2. It shall be lawful for the Governor to enter into a convention as aforesaid with the Government of the Orange Free State, which shall be binding on this Colony, and upon such convention

Convention may be entered into with Free State.

being entered into and published by proclamation in the *Government Gazette* the same shall be of the same force and shall have the same effect as if it had been introduced in so many enacting clauses in this Act.

3. For the purpose of constructing the said bridges it shall be lawful for the Governor to raise, as hereafter mentioned, a sum not exceeding three hundred thousand pounds sterling.

Sums not required for payment of interest to be applied in cancelling debentures.

6. Such portion of the fund which shall under the last foregoing section be charged and chargeable annually on the revenues of the Colony as shall not be required for the payment of the interest for the time being due upon the debentures to be issued under authority of this Act, shall be applied in redeeming and cancelling such debentures in such manner and form as shall be provided by the terms and conditions whereon and whereunder such debentures shall be issued.

No. 27—1874.

Annual accounts to be laid before Parliament.

And whereas the said sum of Two Thousand and Five Hundred Pounds sterling will be sufficient only for storing and filtering the water in reservoirs close to the town, and for leading the same through the streets (for household purposes), but insufficient to provide for certain necessary works to be constructed between the said Uitenhage spring or springs and the town of Uitenhage, and for husbanding the water for irrigation purposes, in accordance with the said Uitenhage Water Act, No. 3 of 1876:

ACT

To Provide for the more effectual Audit of the Public Accounts of this Colony. ⁽¹⁾

WHEREAS the present system of auditing the public accounts of this Colony does not afford a sufficient guarantee for the proper expenditure of public money, and is inadequate as a check upon the illegal application of the public revenue, and it is desirable that the Auditor-General should be placed more immediately in communication with the Parliament, and should be independent of the Executive Government: Be it enacted by the Governor of the Cape of Good Hope, with the advice and consent of the Legislative Council and the House of Assembly thereof, as follows:—

1. Besides the Auditor-General, which officer shall hereafter be called the “Controller and Auditor-General of Public Accounts,” there shall be an officer to be called the “Assistant Controller and Auditor,” both of which officers shall be appointed by the Governor with the advice of the Executive Council, and neither of whom shall be capable, while holding the said offices, of holding any other office.

To Amend in certain respects the Act No. 7 of ⁽¹⁾ 1865 entitled the "Lands Beacons Consolidation Act."

Preamble.

WHEREAS the Land Beacons Consolidation Act does not provide for the issue of amended titles in all cases where diagrams do not represent the boundaries actually in existence, and where the correctness of the said boundaries is not disputed or questioned by any of the persons concerned: and whereas it is necessary to amend the said Act in this respect: Be it enacted by the Governor of the Cape of Good Hope, with the advice and consent of the Legislative Council and House of Assembly thereof, as follows:—

Portion of Act 7 of 1865 repealed.

1. So much of the Act aforesaid, No. 7 of 1865, as may be repugnant to or inconsistent with any of the provisions of this Act is hereby repealed.

Proceedings in cases where diagram found to be incorrect.

2. As often as it shall be found upon resurvey that the diagram of any piece of land enregistered in the land registers of this Colony, does not truly and correctly represent the boundaries of the said land, it shall be lawful for the owner thereof to require from the Surveyor-General the issue of an amended title and diagram, provided the following conditions shall have been fulfilled:—

Arrangement between all owners of land affected.

(a) An agreement or agreements in writing, which shall be in the form set forth in the schedule hereunto annexed (or shall, so far as the circumstances of the case permit conform thereto), signed in the presence of two competent witnesses (one of whom may be the surveyor making the survey), by all the owners of land adjacent to the land resurveyed, or their duly-accredited agents, shall be lodged with the Surveyor-General, which agreement or agreements shall set forth that the said owners do consent to and accept the boundaries adopted in the said resurvey as the true and correct boundaries of the said land: Provided that it shall not be necessary to lodge such agreement or agreements in writing with regard to any beacon or beacons which shall have become admittedly true and correct, by virtue of any proceedings under any one of the following Acts, namely, Act No. 10 of 1859, Act No. 6 of 1862, Act No. 7 of 1865, and Act No. 8 of 1866-67.

Surveyor to lodge with Surveyor-General certificate of agreement being duly executed.

(b) The surveyor aforesaid shall lodge with the Surveyor-General a certificate stating that the said agreement or agreements are signed by all the owners of the lands adjacent to and abutting upon the land resurveyed, except as hereafter provided, and that to the best of his

knowledge and belief, the boundaries of the land resurveyed have not been changed by mutual arrangement, so as to cause a transfer of land otherwise than according to the laws in force for the transfer of fixed property.

No. 9—1879.

- (2) The Surveyor-General shall be empowered to withhold the issue of an amended title, if he shall have reason to believe that Crown land or other unregistered land is encroached upon or included within the boundaries of the land resurveyed, or that payment of transfer duty has been sought to be evaded by any change of boundary as referred to in the last clause (b): Provided that the owner of the land resurveyed may, if he sees fit, petition the Supreme or Circuit Court, which Court may order the Surveyor-General to issue an amended title, on proof to the satisfaction of the Court that no such change of boundary for the aforesaid purpose has been made.

How Surveyor-General to act.

3. As often as any land shall be owned by two or more owners, without partition or subdivision, it shall be lawful and sufficient for the purposes of clause 2 of this Act, for the person or persons owning in the aggregate three-fourths of the registered contents or area of the land so held in common to require from the Surveyor-General the issue of an amended title and diagram, as provided for in the said clause, and such issue shall also be binding upon all the owners of the remaining one-fourth of the registered contents or area of the land aforesaid, who shall, moreover, be chargeable with their *pro rata* shares in the expenses connected with the re-survey and issue of the amended title and diagram of the land aforesaid, and which *pro rata* shares of expenses shall be recoverable against them, in any competent Court, at the instance of the other owners who shall have paid the same.

In case of joint owners, the owner or owners of three-fourths may require amended title and diagram.

4. As often as any land adjacent to the land resurveyed shall be owned by two or more owners, without partition or subdivision, it shall not be necessary for all such persons to agree in the manner set forth in section (a) of clause II, but the signature or signatures to such agreement of the person or persons owning in the aggregate three-fourths of the registered contents or area of the land so held in common shall be taken to be sufficient and the said agreement shall be as valid and effectual as if it had been signed by all the owners of the said land: Provided that as to any such owner or owners refusing or failing to give his or their consent, notice in writing be given to such owner or owners, or his or their duly authorised agent or agents that, unless within thirty days after service thereof, an objection be lodged with the Divisional Council of the division in which the land is situated, in terms of the 93rd section of the "Land Beacons Consolidation Act, 1865," such owner or owners will be deemed and taken to have consented: And, provided further, that within the said period no such objections shall have been lodged by such owner or

owners or his or their duly authorised agent or agents with the Divisional Council aforesaid.

5. As often as the boundaries of any land, which shall have been in dispute between the owners, shall be or have been finally determined by the judgment of any competent court, or by the award of arbitrators duly made a rule of a competent court, it shall be lawful for the owner of such land to apply to the Surveyor-General for the issue of an amended title, based upon a diagram correctly representing the boundaries of such land as fixed and determined by such judgment or award: Provided that, as to the boundaries of such land other than the boundaries so fixed and determined as aforesaid, the provisions of the second section of this Act shall apply.

6. It shall be the duty of every land-surveyor who shall be employed upon any such resurvey to frame an accurate plan of the land resurveyed, and in doing so to conform to such instructions of the Surveyor-General, upon technical points, as may from time to time be issued for the guidance of surveyors in such cases. The surveyor shall forward the said plan to the Surveyor-General, with the new diagrams, and the title deeds or transfer deeds of the land resurveyed, together with a report containing any information which the said surveyor may deem useful, and amongst other things the degree or particulars in which the said plan differs from the existing diagram or title deed; and with his certificate that the beacons thereof have been erected in a substantial and durable manner, and of materials clearly and easily distinguishable from other objects in the vicinity of such beacons. The surveyor shall likewise forward to the Surveyor-General such proofs of the accuracy of the resurvey as the said Surveyor-General may deem it fitting to require.

7. It shall be the duty of the Surveyor-General to give notice in the *Government Gazette* of every intended issue of an amended title under this Act, and to name in such notice a day for such issue: Provided always that the day so named shall not be earlier than sixty clear days from the date of such publication.

8. Upon the issue of such amended title, all existing title deeds or transfer deeds of the land resurveyed shall become void, cancelled, and of no effect: Provided that as often as any hypothecation, conventional or tacit, of or over such land shall be in existence at the date of such issue, such hypothecation shall attach to and upon the same precisely as it existed upon the said land under its former title deed or transfer deed, and all usual or proper entries and endorsements as may be necessary to record any such hypothecation shall be made in the Deeds Registry of the Colony before such amended title shall be delivered from and out of the office of the Surveyor-General to the person or persons entitled thereto.

9. If in any case application for amended title shall be made under the provision of this Act, and the existing diagram shall be

found to be correct by the Surveyor-General, so that no amended title of the said land shall be necessary, then the Surveyor-General shall endorse a certificate of such correctness upon such title deed and diagram.

No. 9—1879.

10. In the interpretation of this Act the term “owner” shall mean the person or persons, or corporate body, or association, in whose favour enregisterment in the land registers in the offices of the Surveyor-General or Registrar of Deeds has been made, or in whom any land may have been vested by legal enactment. The term “unregistered land” shall mean land not enregistered in the aforesaid land registers as the lawful property of any person, corporate body, or association of persons, and shall include the following:—

- (d) Land set apart for public purposes, such as outspan places or other reserves for the public convenience.

In case of equality of votes, result to be determined by lot.

27. On the opening of the ballot box, as hereinbefore mentioned, the person or persons having the greatest number of votes duly recorded shall be taken to be duly elected; but if at any election the ballot shall, by reason of an equality of votes, be rendered indecisive, the returning officer shall thereupon publicly determine by lot which of the persons for whom an equality of votes has been given shall be elected.

Names of successful candidates to be published.

28. When the said chairman of the commissioners, or the Mayor, as the case may be, has ascertained the names of the persons so elected, he shall forthwith cause a list thereof, with the names of the wards for which they are respectively elected, to be published in one or more of the local newspapers.

How seats to be vacated in rotation.

At the second ordinary meeting after the annual election of councillors, the council shall appoint from amongst the townsmen two persons to be auditors of the accounts of the council, who shall continue in office until the same day in the following year, subject to the provisions of section thirty-three of this Act: Provided that no person shall be eligible to be an auditor who shall be a Councillor, Treasurer, Clerk, or other officer of the municipality; and in case of an equality of votes at any election of auditors, the Mayor shall determine by his casting vote which of the persons for whom an equal number of votes shall have been given shall be elected, in case such persons cannot both be elected.
