Up at 7 pm. Head heavy + HW., 2 analgesic + vit C on
hand - little evident. Bati shave + feed animals
+ drink 2nd glass C+A juice by 8.15 am. One very good
formed Krapf at 7.15 am (large). Off to office by about 9.15.

In office all day on M.B. Dublin party. Finished 2
1/2 hrs by 1 pm + had lunch by 2.30 pm. Doc. sent into
Margaret + started working. Columns of books to Coloured
prints. Eye started getting sore but head behaved very well
so took no second dose analgesic at 6 or 7 pm. Left
to home 7 pm - C+A juice (4 glasses) + 1 some hair avants hair
7.20 - 8.45: while read. Had Veg + fiddle dinner (Oval
narrow fold) 8.45 - 9.45. Dosed off while reading (Oval
Schwartz "Nelle Emma") from about 10.15 - 11. Head
Still behaving well. (Had 11 pm without H+C companions.
and had very fine probable night. (Katyja had had
to de-flea my room as I had scratched so much last night
She found many mites carpet under my bed.) I had
came on to vision about 7 pm and gone quite 'cold' instead
of recent release last.

Marg. Perseus
Michele come to

Overcast 'coldest' morning - up 7 am. usual
Hung + HW. Head still behaves. Had medium sized
Krapf shortly well formed fairly soft at 8 am - and feeding
animals + drink C+A juice immediately after. Left
to office about 9.15 am (after having drunk R6 pm wine) via V.9.B.
(to find 1/2 Schmidt large sticks all wrong! + Maria's letter placement
all wrong!) and Halpold Gange trace of it could serve 30000 but
told as it had not settled + new with Gange all in bloody sun and
rain. In office all day on old job. Took Sunday to
London cabas lunch + for long discussion about my leaving
me of Amalgam. (Shared 1/2 bit Nideberg C) but did not feel
so 'good' after. Tried to get Marg Perseus (to visit the Be del P. Then
Rota lumber but failed (no visit first two, continued Engaged Peta). Left
to home about 6 pm + looked at 'Overcast' B.P. prints in Queen's Str
but found pleasant picture Bicy + Islanding Yng (Gan), who knew me
(but found not blue time!) - in good allowance to W.H. Gange.
(Had had tel: call to Pop. Rep. Office: re Joy Cooke both Greta + another
Schnickel's Pastor: and long talk.) C+A juice + 1 tomorrow + 1 pm to
8.40. 8.40. Had Veg + fiddle dinner. 8.40 - 9.20. + cold P.F.D.
To bed about 11 am after dosing over O.S. - Nelle Emma.
(Colder still in evening and day night)

Overcast. day + cold. Put on SE fire. Head coming on
since early morning. Up at 7.30 pm. Took 2 analgesic + vit C.
+ Hung + HW. Not feeling too good but otherwise much better than analgesic.
Feed animals + drink juice (after early all time) about 9 am
(Had first medium Krapf shortly formed fairly soft at 8 am)
All day in office - not feeling so hot. Talk with Hanna. Lovers of
v. Wright + lunch re new home from 12-1 pm. Various old jobs
all day. No lunch. Margaret comes to my surgery + for long
talk to afternoon + home + Highland tomorrow to be followed by her
today at the Cafe. Left office for drinks + dinner with Owen
+ Greta 6.15 - 11 am. (3 working + usual with Wed. Cabas.
4 glasses C+A juice + 1 after at home + a bed at 12.00 pm for
fairly comfortable night)

Clear, warmer day. Up 7.40. Not feeling too good but otherwise well
potential "Cranio" in ankle. Calves etc. Feed animal + milk
formed at 8.40 (had 2 analgesic + vit C at 8.15 - 8.45). Meet Hanna

2 v.g. Kraf

Feeling uneasy
Puhlo Fil.

Lay ready to
come all afternoon

Saw "The Carotid"
at Monte Carlo
alone.

Clear. coolest day. Head still behaved well. Up at 7.20 am. V.S. found Kraf early 8.30 at 7.30 am. Wanted land, share to + Feedy animals + mainly juices at 8.20 am. Started feeling a bit dazed + unwell. To office via noisy drive (to my drive) + Branis (to get rough between made) but out. In office till 12 pm but then felt so tiredly unwell I went home. Lay down in Rendoval for afternoon + read some but could not sleep + 2 affix + CTA juice. (Had taken 2 small + V.C. at 12 pm but well little effect). Had also bought 2 bottles to "Carotid" at Monte Carlo but found out that anyone could buy "Carotid" at Monte Carlo at 7.30. Went to home. Had Hot Veg dinner (NO Gulle, NO P.F.D.) (Well acted but alone to "Carotid" at Monte Carlo 8.50 - 11.20 pm (Well acted but possibly bored + depressing + may rather feeling became more rotten. Decided it might be a sort of flu. So took 3 Duprin + hot today (lemon, sugar, cinnamon, whisky, hot water) before bed at 12.15 to sweat it out. (Had had another v.g. formed Kraf at 11.50 am) Did not sweat as much as expected but slept reasonably well.

Schichal's first
visit to farm
since good
Picked grapes

Clear, warm, day. Did not feel too good on waking so sat long in bed to read. Had 3 affix + Minis (2 plain) of last night's CTA juice. Slowly got up, showered, dressed + out on park slowly by 1.5 pm. Had only 3 affix + 2 plain CTA juice for lunch. Part steaming in Stock. Tidy cuts from Sat. Hair + washing. Picked most of grapes in "New Industrial Combs" (Barbarian) + turned out bad one. (But main ripening + insect attack (one) + white of protection. Time probably had found in Coffin pot (from the Hops) against beetle attack. Selected normal rip about 5.20 pm (a little tight though not unwell). Took Minis + Schichal home 5.30 am about 6.45 pm + bed by 7.45. CTA juices + avocals bear and 2 avocals. Had Hot Veg + Gulle + read but Schichal pdg (not good) at 8.45 to 9.30. Head started rearing - decided to try 3 Disprin only to Kraf + subdued this night at 10.45 as going to bed. Woke up at 12.50 pm with throbbing head + vomit getting worse. Took 2 small but day awake till 4 pm !! before it started being effect. (Had had Splunk fart while picking grapes + some much worse rip of underwood. Now had small formed Kraf at about 5.30 pm. Then again a medium formed Kraf at 1 am). V. hot night.

First night.

Clear warm to hot, day. Did not get up till 8 am. Some folk write this and drink juice at 9.15. To office via Vet (to get effective flea powder for the feet of floor in dogs + cats was already me. For which Mellies further Hyman advised Alkalin Pat Powder in more effective than Pelvan and Bran so much worse bad). All day in office early with animal. He in garden + water, advice + water to down place in side of waterline from me. Start to breathe by restriction of Minkys to collect "On Heritage" No lunch. Head behaved very well. Left office about 7 pm for home. Tonic part. Home + bathroom washed nose by his complete (though not unusual) ignorance of my good night on Monday, though has some (been in some work) (the way in of a few minutes more down to find myself out of my mind in office) (the way in of a few minutes more down to find myself out of my mind in office) (the way in of a few minutes more down to find myself out of my mind in office) Home by 7.30. CTA juice + plate of "meat" + full 8.40. When Hot Veg + Gulle dinner came in - but I purloined eat only about half of veg. This was as felt had been today in stomach too much. Head still behaved very well considering head had taken small at 9 am last night. Read without doing till about 11.30 pm + to bed. Very hot night. Slept with covers and 1/2 door open. Head very comfortable night. It was quite chilly in night.

Clear, cool morning. up at about 5 am for pee and to
close 1/2 door on chick! Head still behaved very well. up
at 7.30. Head wellfed and: Krap. Shave. Dress.
(Took 2 amulet to maintain head which I thought behaving
well still evidenced itself with slight pain on touching) - 1 by
8.45 am. was fairly amiable + bland CTA minus stinky hips
To show in Braun to bin bookcase parts + remain patient. both model
or smooth etc. In office all day - mung on 'Curlin' notation
article. NO lunch. Nerve disturbing interviews + 'Dartmoor' party letter
in Fed. Bavelport!!! Owen's 'Lepidoptera' - talking 'advice' about
"Selly white river farm". Tidy off P.P. Revlin: land (Zurly) re Toy Corpan
both carbide, etc etc. (felt really exhausted + lay on desk at lunch time
to try + relax.). Left office about 7 pm. CTA juice (55 mins) +
fresh Selpin (Bui Selpin) 7.30 - 8.30. Mentally: Hot Veg + little dinner
+ fresh cold shalbat + fresh (Lain) (Lain) by Kalya as yesterday and
(feels better on less loaded stomach!) Read (O.S. Noble Bracon)
till 12.30 am. Prepared a lot of sawfly larvae + pupae for Krap relief!
and only got to bed at 1.30 am. (Dogs + Cats + their bedding)
+ other which exhibited by them had been thoroughly "Malnutritioned"
with 'pet powder' today an advice by Vet Hyman.)

family again.

Clear warm day. up 7.15. Shave etc. 2 amulet + Vite
+ usual Honey + HW. + head amulet + drink CTA + pusette slice
and paper 8.20 am. Left for office about 9.15. and
there all day in 'Dartmoor' article. No lunch. lot
of time in afternoon spent searching for old Remal House
photos + doing etc. Drinks + dinner with Dore + Jamsie
+ family and Dore took me to Museum after to hear
Quartetto Classics de Madras. Superb performance to
Crawford last. Krap found some dinner + about 1/2
Tobac as copy of both them in room and finally I
was left isolated + silent while wife took turned to desk
Crawford into friends in adjoining seats - (then one always!!)
frank in adjacent seats with him - a sal of books on me!!
trivial chatter - noisy ten intervals in which wife loaded me
with coffee (in tin usual Ashland way) in crowded + with
and local word on the amulet "fully lighted + with
slight quartet" sealed in "peach-stuff" seats. In the end
small the fine mine I became among highly strong and
upset and would rather have stayed at home. But
have (did not stay at Dore's after) about 10.45. Read for
a while - wrote this and to bed about 12.30. (I had
taken 2 more amulet + Vite at 6.30 pm)
Had been a darkly overcast late afternoon sky and after a roll of
thunder or two it cleared up bright night.

3 Krops

Have all affairs today done in mind since possible beer?

Up 7.30. Hungry & HW + 2 analges + Vit C. Feels animals + drink prices by 8.30. In to train via Finsbury - and ANP morning in office (mostly on Dublin Bank matters + in discussion with Wm. After lunch checking notes to get Osborne boards out of Bureau in order to reorganise. Home by 2 pm. Planned Editorial in Dublin re Osborne with CEFA + C on Monday. Afternoon read reading paper and reorganise panel + purchase stamps in main house. Had water first time since Krops about 2.30 pm. Then a 2nd smaller one about 8.30 pm. Then a 3rd small one early Saturday about 9.45 pm. (Thinking possibly a bit + slight insectar. Perhaps a couple of 'Slits' of water have made possible beer may have affected it. Had taken full of liquid paraffin last night. Front head at 2.30 pm. (3 bottles + lunch plates). C + A juice + sugar 7.30 - 8.45. HW + 2 pills dinner (including diuretic) left by 8.45. Home 9.15. At office this morning + returned (cold) sweets + sugar again. Head was thick when got up at 11.30 (after dozy reading) but I had not taken (then analges at 7.30 pm + noted it would go). Faintly remember night but confusion of head. (Note that Schickel arrived late last night to join Martha staying with Kropfs previously)

Head begins playing up again

1 Krop (soft) 6 am

Fertile day

Head began really thick + pain early in morning. up at 6 am. + had small softish Krop - head felt very bad. Took 2 analges + Vit C. at 6.15. By 7.15 it was reasonably subdued. Got up at 8.15. Shave + etc. wrote all the main facts + drying C + A juice at 9.30 am. In to office with dog to deliver 1965 lites to my machine in + fresh up Sat: 'Stat' + came straight back. A most fertile day about ready and doing this + that feel so full that I did not get down to 'Our Heritage' article as intended. Some hot breakfast + fruit (apple + water) to lunch. Took 2 more analges + Vit C at 7.30 (after having C + A juice at 7) + then started taking very good (Wangberg) effect Quaker than usual + not of evening very pleasant - reading etc. Had veg dinner at 8.25 but food more moderate than usual leaving about 1/3 for Kropfs. No milk. Only my own Continental juice for sweets. To bed about 11.30 feel much better but have not read longer increase eye strain started off neck again.

Schickel
Martin
While worked from hotel across

(Head notes that Schickel went off a foot early (about 6 am) this morning + had in now greeted me or left message. Martha had gone off about 6.30 pm before I returned from walk with dog. (Anxiety about work spread earlier times here on my notes by about 8 pm - times really about) so could not make see time as intended.)

Monday
22. 3. 65

1 Vg. Krop

Purchase of my three shares

Lunch joining into lunch B.

Up 7.30. (Head had balanced very well during night, and was still rather normal this morning). Overcast day. Feels animals + drink C + A juice at 8.50 am. (got after bath at 8.30. food + young feet (pinner) wait in car to take off) don't not wonder really my ground. I definitely will not.) V.A. large well-formed Krop just before leaving for office at 9.45 am. In office all day on various matters including 'Our Heritage' article. Lunch with Lionel Bennett at his invitation + Giovanni (Sue Colburn + John, Gert + Stuart 1/2 with N. Calver - mostly else). Local relatives in my head troubles (but know why told him) + suggested including me in his position for re-education about night sleep? Left office about 7 pm. C + A juice + sugar 7.30 to 8.45. then had veg dinner + Vit C. (Had taken 2 analges in office about 10.45 - but not by lunch time! - and needed another 2 at 7.30 to keep head in control). To bed about 11.30.

Thursday
23. 3. 65

No Krop

Felt heavy all day with pronounced Hangover + tissues but head alright

Up 6 am for pee. Fall asleep again + had nightmare dream leaving me in very curious state till 1/2 hour or so. Up at 7.15. Took 2 analges 7.30 to relieve forehead pain. Wrote all this + Feels animals + drinking C + A juice by 8.30 am. False attempt at lunch at 7.45. To office via Anglo Irish to have fuses for new light repair. In office all day. Felt curious animal. Longdown most of lunchtime. No lunch. No visitors all day. Our Bureau visit jobs. Left office about 7.30. Wrote to Angus + Frank + to Gorge. Got home about 7.30 pm. Normal C + A juice + sugar 8.30 to 9.15. Then had veg + 2 pills dinner plus P.F.D. kindly card. Felt tired to bed about 10.30. A curious hangover of the eye sight had been fainting + vision feel today. Head did not trouble. Did not take 2nd lot of analges in evening.

Sunday

Med: Soft: Krapf

Covered bottles now packed out in new Bosthcase.

Klenzge behaves so sweetly.

Picked last of Barbarosa grapes

Awoke 5 am + 6 am. feel quite dry but fell back again till 8 am. Got up - Hung. H.W., 2 small p. ant C + only till 9 am, then fresh animals + drinking C + juice. After reading Standing Star read of day's short journal off pine Carbone for Maria. Nicom in main house and finally bring all books in case in day room to it. Picked balance of last Barbarosa bunch on my table. Took Martin (Klein's sister) who had short meeting with in home to Mrs Bennett (with Jeff and K. group) at 6:15. Getty back 8:45. Little Klenzge had blood long periods with me at Carbone and nice delight of company. chatted table with her. She was very sweet + affectionate. Had two children + sister, while City of Gales (in mind) to clean her girls + later + radio. Had had last last even, three apples + 3 glasses C + juice for lunch. Had Veg + baked chicken dinner family P.D.F. food - Had had medium soft! Krapf at 6 pm. To bed at 10:20 pm. Had good night as yesterday. Had however found that their physiological work (baring and twisting) tends to bring on head and head therefore taken smaller doses a day yesterday + today to keep it subdued.

Monday

No Krapf

Day of upheaval at office re Dunbar Bank Contract.

Schwandt re limit.

Had taken 2 analgs at 7:30 am + 7:30 pm and had to take again at 1:30 am. Three times

Up at 7:30. Shaved (Hung H.W.) Collected (2 small + etc) and wrote all above before fresh animals + drinking C + juice at 9:10 am in to office by 10:15. Most of day spent in high reactions about this. Dunbar Bank Contract: forces and Osborne (working) interaction (through Bosth change of table) in thread to stop work!! All Ben ended up by my saying 9:41. Mella about my great feature bottom about Bosth prepared about paying Osborne + my disappointment - (He was about to speak to Dunbar by phone at 10:45 + Speer and implement payment) - as a result of which he was to work but this did not work as I had been Schwandt. No lunch (except C + juice taken in bottle). Had been Schwandt. My day as my ready talk down T's Cot of office. He would require a deeper one now find in this letter home. Also report re reaction of my Palmyra + West. + how finally re my Klenzge + Klenzge's (Klenzge's). Left office about 7:55 for home. Whisky + soda (but noted that my head began playing up and took 2 analgs + etc. but this had little effect and through Hal Veg dinner + fishes at get worse + moved to bed at 10:15. It seemed to become a little subdued but when up at 1:30 am with mostly pains and had to get in chair for Mr. Burns with another dose of 2 analgs + etc before it calmed down + study de-activated. (Had taken 2 analgs at 7:30 am)

Med Krapf 7:15 am
Large " " 6 pm

Another day of worry over N.B. Action in Dunbar Miller.

Drinks Glass.

Up at 7:15 am. Shave (Hung H.W.) (about med: formal Krapf at 7:15) Had now realized no need take within 2 analgs. Fresh animals + tiny piece at 8:30 am + Did in to day it was now 6 weeks to bed been mostly in bed. I continue with work but with head come. Bosthge to take Mella to his N.B. Dunbar to bed but he had not significant money for the moment. In office to see Mrs. H.W. at CCB of office 9:45 - 11 am about N.B. Dunbar Fund etc. In office by 11 am but Mella N.B. did not say all my. I say only his Sec: 2 of the interest my. Ya: but he was out. Saw Simon de M at 12:30 when he had 2 (rather un-convincing) examination of my eyes + we went to lunch at Janna 1 pm - 2:45 pm - I had to my Mella about 3 pm + gave him full information about N.B. Dunbar Fund etc + my participation about large amount Key area. via to City + Osborne (Collector) He had to bed from his word to Collector under lid while I speak to Simon (his chief collector) and my me board. This he did not do this afternoon - (see plan now) + suggested work - he drinks on any time until about 6:30 - 7:30 hours by 8 pm. (Hal Veg dinner + fishes 8:45 - 9:20). I felt tired and went to bed at 10:15. Slept well. (Had had large well food Krapf in office at 6 pm)

2 large soft Krapf

Another worry day re N.B. Dunbar. Talk to Louis T. + talk to dinner.

Up. 7 km to have a large soft Krapf following bellyache. Lay till 7:45. Shave. Shave. Hung H.W., write all this and fresh animals + drinking C + J at 8:50 am. Another large soft Krapf ends in general shivering attack at about 9:45. - thing have been a little un-convincing all morning. Took Klenzge + Mella in for day of (Cherry etc in Baguet) + looked in at ground set at 10:30 am and for because that of eye. After that he gave me description for both long + reading. (my with too strong - but permission to Klenzge in carrying at + trace. Deagan office again spent in N.B. Dunbar office + in letter advised against paying F. Dev: (Osborne himself came in in the middle of it all + I gave him severe talk to!) Three financial stuff. Told in Vorzang (well de-acted) + Klenzge's chief Overseer + Louis T. on my report about the long list of items to receive Nelson and 1/2 to small work. Told her not to be present at show but in from brother's flat to home. To do things of last part at 10:30 + both to dinner. At 11:00 am main part of day. I did not go to bed. To take work (to look of two work at 11:30) + to take the handle. For both reading very soon to success + Mrs. Klenzge. Had time at 9:30 + bed 10:15. Had in Art Museum records and all 10:15. 2 analgs at 10:15. While strength to bed.

Sweat out Cold

Nose + throat being slightly from long cold. Wk. 7.15 am.
Squeeze nose + gargle throat with salt water. Hang N.B. above
bath, 2 analgesic + N.C. + Feasly amount + drink Pt. at 9.5 am
To office via Macdonald + Maclean further but only Bumble bee (Elean) +
I must ring museum at Reulpen. In office all day. C.A. piece found. The
fourth day (mostly) to me from this all letters of Complaint in Dumbon
from Savage, Muller + Osborne in preparation for Wednesday. To be
not very helpful. Empty ~~seems~~ seemed to have no Manure on
today. Very good Kropf in office about 10.45 am (after unsuccessful
squeeze at 7.30 am. Working minute result!) Felt throat still enhanced
on feet done at 7.30. With 2 analgesic + N.C. + then 2 Aspirin + Soda
+ Immune - H.V. Vg + Gulle dinner + last of my grapes.
(Klein's had better than me - both flying + the poor little thing was so miserable
that he would have better). Nard callus still wound about
throat cold. Took shiny hot body (Lemon, Sugar, Curcuma); whiskey
+ 2 hot water - and 3 Dr (him) and got into warm bed toward it at
11 pm.

Dinner + dinner
Phillips de R.

Wk 5 am. Salt squeezed nose. wash - down c.c. + left by car
for pm funds at 5.45. Took 2 analgesic + N.C. amount 6.30 +
got out under bed. Plane left late (8.00 am) at 8.45. during Dumbon
9.5 am. Source of N.B. on some plane. Bank Manager Speers met us
to talk on short to bank. He was very conciliatory when first thought
+ get me only money - I looked - to Dumbon club. Very long day of
discussion with some + non-attendance before broken by lunch
at Dumbon club + Speers' meal with Savage, Butler + Ransden of
Dumbon to carry through. Further but did not get time B + K (Savage)
I see V. Reynolds of Dumbon Park's but while they. His speech was very
frank about 6 pm + I then went off to bed. Phillips left to
dinner + dinner + I arranged at Park View and Edward Hotel
on beach front. getting back to club at 10.45 or so (walking back)
after. only an early bed for tomorrow 5.15 pm plane but waking on Friday 8.

No Kropf

Another very
weary day in
Dumbon.

Lunch Savage
Dinner + dinner
Savage.

Home by 10.45 pm

Wk 7.30 am. Walked to Antennum (no health) but they
found water + low the water about my room nobody. on to Speers office
for chat till 9.30. Then another long day on Dumbon with various
groups of 1 hr - 1.50 hr lunch with Savage at cheap cellar.
Van Reynolds came to Dumbon to check about trees but put very
best blow at a whole thing (potentially Speers present) + we could
not take anything we rise. Burgess + the most useful + trees + Burgess
for winter. From the South, purchased and to handle. I saw
the other clear double of trees who said Redwood (in hospital
after clear operation) gets a sharp work in some pain. End
of at about 6 pm with office. Took Savage to club for drink.
+ dinner (Savage has been for in low 8.30 plane brought by Savage
Savage) + after club had recovered in club + back from safe
Chicago. Had fun + left my bed no more. (C.A. + airport
at 7.15 till 20 min. (booked) at 8.15 to Savage plane
+ plane + see him off (Plane late again) + left about 8.30

nose saltwater spray; nose + sneezing throat. Drug + H.W. severe
work. + Feels much + drowsy CTA about 10 am. In to
Office via Ave motor in better progress + Bundles for station Gate play.
In Office all morning. Good days reports Kraf at 11 am. Got new
pair of dentures + wily plane prescription by Simon Zell at Roodoo
Got my Wely Charut + back from Schwabacherdt (not tired by Vienna Brown
or Mid Body Chair was some of these!!!) + spend some time looking through
Print post photos since buying three (last old machine reproduction of Osse Napoleone,
"Japanese" Duck on bamboo reflection" + beautiful reproductions of French
Flower piece engraving) - finally keen in drinks at Office with rest of collection.
Left home about 2 pm. via Bunsell St (to get more Desfain Sittin) and
Rotherly circle to get bread + mells. Had toast + Orkney self lunch
+ 2 glass Ctd. all afternoon in stock Jan + Mrs' see the Stars
+ the Man's Semic Monday. (Held up by Dumbie trap). Drove home at

Drain Hatched
Voice 6.15 pm

More throat 'head' fever periods. Up at 8 am. Katin Report's
draft of all our paths last night. | med found Kraf. 8.30 and
another med: Rother at 9 am. Feels anxious + today CTA juice
at 9.20 am. All day on Varin odd job in and around
house. All but 2 odd cock 1 young cock + 1 hen - of the fowls had
been stolen out of Ctd last night. (at about 6.30 it seemed from
Thomas Evidence). Don't Pearl Lethal at 11 am bring butter milk
boozebrew. She stayed + had tea + talk with me till before. Lunch
of 2 beers, toast + cheese + CTA juice. Tried to get Dick + Thomas to find
Robert + finer piece of venison in garden if two leaves today fowls
where they seemed to know. Simon Hatched looked in very afternoon
at G.I's (not in room today to take another back to Mrs Darnell) used
usual success about this negligence of me by due to brief presence
of work. He was off to Europe next Monday, full need July + made
all sorts of assurance how much he would bear me about in
present trouble in mind. I suppose that in two weeks after fully
bound to me to just on busy on own again!!! My hand Cold
still being upon me. In Rotherly by 7 pm. CTA juice +
one atomic beer. Then had Urmaplan of Post + Bundles + Victoria biscuits
till dinner (8.45) of Hot Veg + Fulle + fruit. Tried to
read Phillip Rosecum but in bed full 11 am but kept fully asleep

talk with Dick + Robert re Ctd. Head med: Kraf at 8.15 am
Dish. day in Office with a big deal to Dutton + Librarian re my work.
CTA juice lunch. Found Magazine Vol 140 Saturday morning + placed
her + arranged to see him next week via - Wed when over here.
May Presumpt thing all week on Neurological Conference. See her
also next week. Left Office 5.45. via down Thomas to work home
on to Andy Copple party to Celeste daughter to Johnson + broken (a girl
to the child Caroline). Found Andy + Harry + Jean + Susan at Hauwe
Nauze Flat at Union Park gate at 6.55. Immediately sensed a ghastly
evening with the neural stem female chloride. Harry stupidly silent normal
This head female chiller destroyed all hope of conversation + debarking
all hope of enjoying food + drink in any pressure. Sort of way we continued
through dinner, all Spanish and wine, and skittered by performance of thriller
in Helen Lealer (Johnny on the Sky). I never ceased to long to question
and enervated way of my mind + came straight home in blessed
little 20.30 after find at 10.30 + went to bed + rest.
