

## ONDERSTEPSPOORT JOURNAL OF VETERINARY RESEARCH

Volume 66 • Numbers 1–4 • 1999

### Subject index

#### Acaricidal effect

- Parasites of domestic and wild animals in South Africa. XXXVII. Ixodid ticks on cattle on Kikuyu grass pastures and in Valley Bushveld in the Eastern Cape Province—I.G. HORAK ..... 175–184

#### Adenovirus

- Presence of antibodies to canine distemper virus, canine parvovirus and canine adenovirus type 1 in free-ranging jackals (*Canis adustus* and *Canis mesomelas*) in Zimbabwe—J.A. SPENCER, J. BINGHAM, R. HEATH and B. RICHARDS .. 251–253

#### *Aepyceros melampus*

- Copper poisoning in wild ruminants in the Kruger National Park: Geobotanical and environmental investigation—D.G. GROBLER ..... 81–93
- Influence of lactation on the prolactin secreting cells of the hypophysis of impala (*Aepyceros melampus*): An immunocytochemical and computer image analysis study—P. VAN DER MERWE, D.G.A. MELTZER and G. VAN ASWEGEN ..... 151–156

#### African buffalo

- Investigation of the viability of *M. bovis* under different environmental conditions in the Kruger National Park—M. TANNER and ANITA L. MICHEL ..... 185–190
- The occurrence of *Theileria* and *Cowdria* parasites in African buffalo (*Syncerus caffer*) and their associated *Amblyomma hebraeum* ticks—M.T.E.P. ALLSOPP, J. THERON, M.L. COETZEE, M.T. DUNSTERVILLE and B.A. ALLSOPP ..... 245–249

#### African horsesickness virus

- The use of chicken IgY in a double antibody sandwich ELISA for detecting African horsesickness virus—D.H. DU PLESSIS, W. VAN WYNGAARDT, M. ROMITO, M. DU PLESSIS and S. MAREE ..... 25–28

#### Agglutination test

- Detection of *Mycoplasma gallisepticum* and *Mycoplasma synoviae* antibodies in the sera of indigenous chickens by rapid serum agglutination test at Mmopane, Gaborone, Botswana—E.Z. MUSHI, M.G. BINTA, R.G. CHABO, M. MATHAIO and R.T. NDEBELE ..... 333–334
- Immune responses in a horse inoculated with the VP2 gene of African horsesickness virus—M. ROMITO, D.H. DU PLESSIS and G.J. VILJOEN ..... 139–144

#### Air pollution

- Copper poisoning in wild ruminants in the Kruger National Park: Geobotanical and environmental investigation—D.G. GROBLER ..... 81–93
- Copper poisoning in the Kruger National Park: Field investigation in wild ruminants—D.G. GROBLER and G.E. SWAN ..... 157–168

#### Air sacs/sacculitis

- An anatomical study of the respiratory air sacs in ostriches—A.J. BEZUIDENHOUT, H.B. GROENEWALD and J.T. SOLEY ..... 317–325

<b><i>Alofia simpsoni</i></b>	
Pentastomid infections in Nile crocodiles ( <i>Crocodylus niloticus</i> ) in the Kruger National Park, South Africa, with a description of the males of <i>Alofia simpsoni</i> —KERSTIN JUNKER, J. BOOMKER and LORNA A. BOLTON .....	65–71
<b><i>Amblyomma hebraeum</i></b>	
The occurrence of <i>Theileria</i> and <i>Cowdria</i> parasites in African buffalo ( <i>Syncerus caffer</i> ) and their associated <i>Amblyomma hebraeum</i> ticks—M.T.E.P. ALLSOPP, J. THERON, M.L. COETZEE, M.T. DUNSTERVILLE and B.A. ALLSOPP .....	245–249
<b>Amorphous electron dense bodies</b>	
Electron microscopy of <i>Cowdria</i> -infected macrophages suggests that in the absence of binary fission a mosaic of organisms develops from an amorphous electron dense matrix—J.L. DU PLESSIS .....	39–46
<b>Anthelmintic resistance</b>	
Anthelmintic resistance in South Africa: Surveys indicate an extremely serious situation in sheep and goat farming—J.A. VAN WYK, M.O. STENSON, J.S. VAN DER MERWE, R.J. VORSTER and P.G. VILJOEN .....	273–284
<b>Antibodies</b>	
Seroprevalence of infectious bursal disease in non-vaccinated indigenous and exotic chickens on selected farms around Gaborone, Botswana—E.Z. MUSHI, M.G. BINTA, R.G. CHABO and R.T. NDEBELE .....	135–137
Presence of antibodies to canine distemper virus, canine parvovirus and canine adenovirus type 1 in free-ranging jackals ( <i>Canis adustus</i> and <i>Canis mesomelas</i> ) in Zimbabwe—J.A. SPENCER, J. BINGHAM, R. HEATH and B. RICHARDS .....	251–253
<b>Antibody</b>	
The use of chicken IgY in a double antibody sandwich ELISA for detecting African horsesickness virus—D.H. DU PLESSIS, W. VAN WYNGAARDT, M. ROMITO, M. DU PLESSIS and S. MAREE .....	25–28
Comparison of indirect fluorescent antibody test and enzyme linked immunosorbent assay in the detection of exposure of cattle to <i>Theileria parva</i> in Kenya—G.R. MURAGURI, P.K. GITAU, M.N. MWANGI, S.K. MBOGO and D.P. KARIUKI .....	119–122
<b>Antigen</b>	
The production and evaluation of <i>Pasteurella haemolytica</i> leukotoxin in the supernatant of submerged cultures in fermenters—M.W. ODENDAAL and C.E. ELLIS .....	265–272
<b>Aqueous extract</b>	
Effect of an aqueous extract of <i>Azadirachta indica</i> on the immune response in mice—S.M. NJIRO and MAWULI W. KOFI-TSEKPO .....	59–62
<b>Arthropod parasites</b>	
Parasites of domestic and wild animals in South Africa. XXXVI. Arthropod parasites of yellow mongooses, <i>Cynictis penicillata</i> (G. Cuvier, 1829)—I.G. HORAK, F. CHAPARRO, J.-C. BEAUCOURNU and J.P. LOUW .....	33–38
<b>Attractants</b>	
Evaluation of conventional odour attractants for <i>Glossina brevipalpis</i> and <i>Glossina austeni</i> (Diptera: Glossinidae) in South Africa—KARIN KAPPMEIER and E.M. NEVILL .....	307–316
<b><i>Azadirachta indica</i></b>	
Effect of an aqueous extract of <i>Azadirachta indica</i> on the immune response in mice—S.M. NJIRO and MAWULI W. KOFI-TSEKPO .....	59–62
<b>Babesiosis</b>	
A serological survey of bovine babesiosis in northern and eastern Zimbabwe—T.C. KATSANDE, S.J. MORE, R.E. BOCK, LYDIA MABIKACHECHE, J.B. MOLLOY and C. NCUBE .....	255–263
Control of equine piroplasmiasis in Brazil—C.E. KERBER, F. FERREIRA and M.C. PEREIRA .....	123–127
<b>Bats</b>	
Could bats act as reservoir hosts for Rift Valley fever virus?—M.J. OELOFSEN and E. VAN DER RYST .....	51–54
<b>Binary fission</b>	
Electron microscopy of <i>Cowdria</i> -infected macrophages suggests that in the absence of binary fission a mosaic of organisms develops from an amorphous electron dense matrix—J.L. DU PLESSIS .....	39–46
<b>Biochemical changes</b>	
A comparison of serum biochemical changes in two breeds of sheep (Red Masai and Dorper) experimentally infected with <i>Fasciola gigantica</i> —J.G. WAWERU, P.W.N. KANYARI, D.M. MWANGI, T.A. NGATIA and P. NANSEN .....	47–49
<b>Boma confined impala</b>	
Attempted induction of chronic copper poisoning in boma confined impala—D.G. GROBLER and G.E. SWAN .....	169–174

<b><i>Boophilus microplus</i></b>	
Control of equine piroplasmiasis in Brazil—C.E. KERBER, F. FERREIRA and M.C. PEREIRA .....	123–127
<b>Botshabelo, Free State</b>	
Gastro-intestinal parasites of cattle in the communal grazing system of Botshabelo in the Free State—KARIN DREYER, L.J. FOURIE and D.J. KOK .....	145–149
<b>Botswana</b>	
<i>Haemoproteus columbae</i> in domestic pigeons in Sebele, Gaborone, Botswana—E.Z. MUSHI, M.G. BINTA, R.G. CHABO, M. MATHAIO and R.T. NDEBELE .....	29–32
Seroprevalence of infectious bursal disease in non-vaccinated indigenous and exotic chickens on selected farms around Gaborone, Botswana—E.Z. MUSHI, M.G. BINTA, R.G. CHABO and R.T. NDEBELE .....	135–137
Detection of <i>Mycoplasma gallisepticum</i> and <i>Mycoplasma synoviae</i> antibodies in the sera of indigenous chickens by rapid serum agglutination test at Mmopane, Gaborone, Botswana—E.Z. MUSHI, M.G. BINTA, R.G. CHABO, M. MATHAIO and R.T. NDEBELE .....	333–334
<b>Bovine</b>	
The parasitological and serological prevalence of tsetse-transmitted bovine trypanosomiasis in the Eastern Caprivi (Caprivi District, Namibia)—P. VAN DEN BOSSCHE, D. MUDENGE, J. MUBANGA and A. NORVAL .....	103–110
A serological survey of bovine babesiosis in northern and eastern Zimbabwe—T.C. KATSANDE, S.J. MORE, R.E. BOCK, LYDIA MABIKACHECHE, J.B. MOLLOY and C. NCUBE .....	255–263
<b>Brazil</b>	
Control of equine piroplasmiasis in Brazil—C.E. KERBER, F. FERREIRA and M.C. PEREIRA .....	123–127
<b>Buffalo</b>	
The occurrence of <i>Theileria</i> and <i>Cowdria</i> parasites in African buffalo ( <i>Syncerus caffer</i> ) and their associated <i>Amblyomma hebraeum</i> ticks—M.T.E.P. ALLSOPP, J. THERON, M.L. COETZEE, M.T. DUNSTERVILLE and B.A. ALLSOPP .....	245–249
<b>Bursal disease</b>	
Seroprevalence of infectious bursal disease in non-vaccinated indigenous and exotic chickens on selected farms around Gaborone, Botswana—E.Z. MUSHI, M.G. BINTA, R.G. CHABO and R.T. NDEBELE .....	135–137
<b>Bushveld, South Africa</b>	
Parasites of domestic and wild animals in South Africa. XXXVII. Ixodid ticks on cattle on Kikuyu grass pastures and in Valley Bushveld in the Eastern Cape Province—I.G. HORAK .....	175–184
<b>Calves</b>	
Neurotoxicity in calves induced by the plant, <i>Nierembergia hippomanica</i> Miers var. <i>violacea</i> Millán in South Africa—C.J. BOTHA, R. ANITRA SCHULTZ, J.J. VAN DER LUGT, ELIZABETH RETIEF and LEONIE LABUSCHAGNE .....	237–244
The helminths of ranch calves in the North-eastern Mountain Grassland of South Africa—J.P. LOUW .....	335–338
<b>Cambodia</b>	
Characterization and observation of animals responsible for rabies post-exposure treatment in Phnom Penh, Cambodia—J.M. REYNES, J.L. SOARES, C. KEO, S. ONG, N.Y. HENG and B. VAN HOYE .....	129–133
<b>Canine</b>	
Presence of antibodies to canine distemper virus, canine parvovirus and canine adenovirus type 1 in free-ranging jackals ( <i>Canis adustus</i> and <i>Canis mesomelas</i> ) in Zimbabwe—J.A. SPENCER, J. BINGHAM, R. HEATH and B. RICHARDS ..	251–253
<b><i>Canis adustus</i></b>	
The epidemiology of rabies in Zimbabwe. 2. Rabies in jackals ( <i>Canis adustus</i> and <i>Canis mesomelas</i> )—J. BINGHAM, C.M. FOGGIN, A.I. WANDELER and F.W.G. HILL .....	11–23
Presence of antibodies to canine distemper virus, canine parvovirus and canine adenovirus type 1 in free-ranging jackals ( <i>Canis adustus</i> and <i>Canis mesomelas</i> ) in Zimbabwe—J.A. SPENCER, J. BINGHAM, R. HEATH and B. RICHARDS ..	251–253
<b><i>Canis familiaris</i></b>	
The epidemiology of rabies in Zimbabwe. 1. Rabies in dogs ( <i>Canis familiaris</i> )—J. BINGHAM, C.M. FOGGIN, A.I. WANDELER and F.W.G. HILL .....	1–10
<b><i>Canis mesomelas</i></b>	
The epidemiology of rabies in Zimbabwe. 2. Rabies in jackals ( <i>Canis adustus</i> and <i>Canis mesomelas</i> )—J. BINGHAM, C.M. FOGGIN, A.I. WANDELER and F.W.G. HILL .....	11–23
	351

Presence of antibodies to canine distemper virus, canine parvovirus and canine adenovirus type 1 in free-ranging jackals ( <i>Canis adustus</i> and <i>Canis mesomelas</i> ) in Zimbabwe—J.A. SPENCER, J. BINGHAM, R. HEATH and B. RICHARDS	251–253
<b>Cape Province, South Africa</b>	
Parasites of domestic and wild animals in South Africa. XXXVII. Ixodid ticks on cattle on Kikuyu grass pastures and in Valley Bushveld in the Eastern Cape Province—I.G. HORAK	175–184
<b>Caprivi, Namibia</b>	
The parasitological and serological prevalence of tsetse-transmitted bovine trypanosomosis in the Eastern Caprivi (Caprivi District, Namibia)—P. VAN DEN BOSSCHE, D. MUDENGE, J. MUBANGA and A. NORVAL	103–110
<b>Cattle</b>	
Assessment of cattle owners' perceptions and expectations, and identification of constraints on production in a peri-urban, resource-poor environment—KARIN DREYER, L.J. FOURIE and D.J. KOK	95–102
Comparison of indirect fluorescent antibody test and enzyme linked immunosorbent assay in the detection of exposure of cattle to <i>Theileria parva</i> in Kenya—G.R. MURAGURI, P.K. GITAU, M.N. MWANGI, S.K. MBOGO and D.P. KARIUKI	119–122
Gastro-intestinal parasites of cattle in the communal grazing system of Botshabelo in the Free State—KARIN DREYER, L.J. FOURIE and D.J. KOK	145–149
Parasites of domestic and wild animals in South Africa. XXXVII. Ixodid ticks on cattle on Kikuyu grass pastures and in Valley Bushveld in the Eastern Cape Province—I.G. HORAK	175–184
<b>Cells</b>	
Influence of lactation on the prolactin secreting cells of the hypophysis of impala ( <i>Aepyceros melampus</i> ): An immunocytochemical and computer image analysis study—P. VAN DER MERWE, D.G.A. MELTZER and G. VAN ASWEGEN	151–156
<b>Cestode</b>	
Gastro-intestinal parasites of cattle in the communal grazing system of Botshabelo in the Free State—KARIN DREYER, L.J. FOURIE and D.J. KOK	145–149
<b>Chickens</b>	
Seroprevalence of infectious bursal disease in non-vaccinated indigenous and exotic chickens on selected farms around Gaborone, Botswana—E.Z. MUSHI, M.G. BINTA, R.G. CHABO and R.T. NDEBELE	135–137
Detection of <i>Mycoplasma gallisepticum</i> and <i>Mycoplasma synoviae</i> antibodies in the sera of indigenous chickens by rapid serum agglutination test at Mmopane, Gaborone, Botswana—E.Z. MUSHI, M.G. BINTA, R.G. CHABO, M. MATHAIO and R.T. NDEBELE	333–334
<b>Chicken IgY</b>	
The use of chicken IgY in a double antibody sandwich ELISA for detecting African horsesickness virus—D.H. DU PLESSIS, W. VAN WYNGAARDT, M. ROMITO, M. DU PLESSIS and S. MAREE	25–28
<b>Chronic stress in impala</b>	
Influence of lactation on the prolactin secreting cells of the hypophysis of impala ( <i>Aepyceros melampus</i> ): An immunocytochemical and computer image analysis study—P. VAN DER MERWE, D.G.A. MELTZER and G. VAN ASWEGEN	151–156
<b>Colour targets</b>	
Evaluation of coloured targets for the attraction of <i>Glossina brevipalpis</i> and <i>Glossina austeni</i> (Diptera: Glossinidae) in South Africa—KARIN KAPPMEIER and E.M. NEVILL	291–305
<b>Communal grazing</b>	
Gastro-intestinal parasites of cattle in the communal grazing system of Botshabelo in the Free State—KARIN DREYER, L.J. FOURIE and D.J. KOK	145–149
<b>Communal herds</b>	
A serological survey of bovine babesiosis in northern and eastern Zimbabwe—T.C. KATSANDE, S.J. MORE, R.E. BOCK, LYDIA MABIKACHECHE, J.B. MOLLOY and C. NCUBE	255–263
<b>Computer image analysis</b>	
Influence of lactation on the prolactin secreting cells of the hypophysis of impala ( <i>Aepyceros melampus</i> ): An immunocytochemical and computer image analysis study—P. VAN DER MERWE, D.G.A. MELTZER and G. VAN ASWEGEN	151–156
<b>Conventional odour attractants</b>	
Evaluation of conventional odour attractants for <i>Glossina brevipalpis</i> and <i>Glossina austeni</i> (Diptera: Glossinidae) in South Africa—KARIN KAPPMEIER and E.M. NEVILL	307–316

- Copper**  
 Copper poisoning in wild ruminants in the Kruger National Park: Geobotanical and environmental investigation—D.G. GROBLER ..... 81–93  
 Copper poisoning in the Kruger National Park: Field investigation in wild ruminants—D.G. GROBLER and G.E. SWAN ..... 157–168  
 Attempted induction of chronic copper poisoning in boma confined impala—D.G. GROBLER and G.E. SWAN ..... 169–174
- Cosmid**  
*Cowdria ruminantium* DNA is unstable in a Supercos1 library—K.A. BRAYTON, E.P. DE VILLIERS, J. FEHRSEN, C. NXOMANI, N.E. COLLINS and B.A. ALLSOPP ..... 111–117
- Cowdria ruminantium***  
 The occurrence of *Theileria* and *Cowdria* parasites in African buffalo (*Syncerus caffer*) and their associated *Amblyomma hebraeum* ticks—M.T.E.P. ALLSOPP, J. THERON, M.L. COETZEE, M.T. DUNSTERVILLE and B.A. ALLSOPP ..... 245–249  
*Cowdria ruminantium* DNA is unstable in a Supercos1 library—K.A. BRAYTON, E.P. DE VILLIERS, J. FEHRSEN, C. NXOMANI, N.E. COLLINS and B.A. ALLSOPP ..... 111–117
- Cowdria*-infected macrophages**  
 Electron microscopy of *Cowdria*-infected macrophages suggests that in the absence of binary fission a mosaic of organisms develops from an amorphous electron dense matrix—J.L. DU PLESSIS ..... 39–46
- Crocodyles**  
 Pentastomid infections in Nile crocodiles (*Crocodylus niloticus*) in the Kruger National Park, South Africa, with a description of the males of *Alofia simpsoni*—KERSTIN JUNKER, J. BOOMKER and LORNA A. BOLTON ..... 65–71
- Cryopreservation**  
 A comparison of the infectivity of cryopreserved versus unfrozen infective larvae of *Haemonchus contortus*, *Trichostrongylus colubriformis* and *Trichostrongylus axei*: Results of the Onderstepoort Veterinary Institute and collaborators from 1977 to the present—J.A. VAN WYK ..... 285–289
- Cultures**  
 The production and evaluation of *Pasteurella haemolytica* leukotoxin in the supernatant of submerged cultures in fermenters—M.W. ODENDAAL and C.E. ELLIS ..... 265–272
- Cynictis penicillata***  
 Parasites of domestic and wild animals in South Africa. XXXVI. Arthropod parasites of yellow mongooses, *Cynictis penicillata* (G. Cuvier, 1829)—I.G. HORAK, F. CHAPARRO, J.-C. BEAUCOURNU and J.P. LOUW ..... 33–38
- Cytotoxin production**  
 The production and evaluation of *Pasteurella haemolytica* leukotoxin in the supernatant of submerged cultures in fermenters—M.W. ODENDAAL and C.E. ELLIS ..... 265–272
- Dexamethasone**  
*Haemoproteus columbae* in domestic pigeons in Sebele, Gaborone, Botswana—E.Z. MUSHI, M.G. BINTA, R.G. CHABO, M. MATHAIO and R.T. NDEBELE ..... 29–32
- Diptera: Glossinidae**  
 Evaluation of coloured targets for the attraction of *Glossina brevipalpis* and *Glossina austeni* (Diptera: Glossinidae) in South Africa—KARIN KAPPMEIER and E.M. NEVILL ..... 291–305  
 Evaluation of conventional odour attractants for *Glossina brevipalpis* and *Glossina austeni* (Diptera: Glossinidae) in South Africa—KARIN KAPPMEIER and E.M. NEVILL ..... 307–316  
 Evaluation of a proposed odour-baited target to control the tsetse flies *Glossina brevipalpis* and *Glossina austeni* (Diptera: Glossinidae) in South Africa—KARIN KAPPMEIER and E.M. NEVILL ..... 327–332
- Distemper virus**  
 Presence of antibodies to canine distemper virus, canine parvovirus and canine adenovirus type 1 in free-ranging jackals (*Canis adustus* and *Canis mesomelas*) in Zimbabwe—J.A. SPENCER, J. BINGHAM, R. HEATH and B. RICHARDS ..... 251–253
- Diverticula**  
 An anatomical study of the respiratory air sacs in ostriches—A.J. BEZUIDENHOUT, H.B. GROENEWALD and J.T. SOLEY ..... 317–325
- DNA**  
*Cowdria ruminantium* DNA is unstable in a Supercos1 library—K.A. BRAYTON, E.P. DE VILLIERS, J. FEHRSEN, C. NXOMANI, N.E. COLLINS and B.A. ALLSOPP ..... 111–117

Immune responses in a horse inoculated with the VP2 gene of African horsesickness virus—M. ROMITO, D.H. DU PLESSIS and G.J. VILJOEN .....	139–144
<b>Dogs</b>	
The epidemiology of rabies in Zimbabwe. 1. Rabies in dogs ( <i>Canis familiaris</i> )—J. BINGHAM, C.M. FOGGIN, A.I. WANDELER and F.W.G. HILL .....	1–10
<b>Domestic animals</b>	
<i>Haemoproteus columbae</i> in domestic pigeons in Sebele, Gaborone, Botswana—E.Z. MUSHI, M.G. BINTA, R.G. CHABO, M. MATHAIO and R.T. NDEBELE .....	29–32
Parasites of domestic and wild animals in South Africa. XXXVI. Arthropod parasites of yellow mongooses, <i>Cynictis penicillata</i> (G. Cuvier, 1829)—I.G. HORAK, F. CHAPARRO, J.-C. BEAUCOURNU and J.P. LOUW .....	33–38
Parasites of domestic and wild animals in South Africa. XXXVII. Ixodid ticks on cattle on Kikuyu grass pastures and in Valley Bushveld in the Eastern Cape Province—I.G. HORAK .....	175–184
The epidemiology of rabies in Zimbabwe. 1. Rabies in dogs ( <i>Canis familiaris</i> )—J. BINGHAM, C.M. FOGGIN, A.I. WANDELER and F.W.G. HILL .....	1–10
<b>Dorper</b>	
A comparison of serum biochemical changes in two breeds of sheep (Red Masai and Dorper) experimentally infected with <i>Fasciola gigantica</i> —J.G. WAWERU, P.W.N. KANYARI, D.M. MWANGI, T.A. NGATIA and P. NANSEN .....	47–49
<b>East Coast fever</b>	
Comparison of indirect fluorescent antibody test and enzyme linked immunosorbent assay in the detection of exposure of cattle to <i>Theileria parva</i> in Kenya—G.R. MURAGURI, P.K. GITAU, M.N. MWANGI, S.K. MBOGO and D.P. KARIUKI .....	119–122
<b>Ecology</b>	
Ecological studies of helminth parasites of the largemouth bass, <i>Micropterus salmoides</i> , from Lake Naivasha and the Oloidien Bay, Kenya—P.A. ALOO .....	73–79
<b>Egg-yolk</b>	
The use of chicken IgY in a double antibody sandwich ELISA for detecting African horsesickness virus—D.H. DU PLESSIS, W. VAN WYNGAARDT, M. ROMITO, M. DU PLESSIS and S. MAREE .....	25–28
<b>Electron microscopy</b>	
Electron microscopy of <i>Cowdria</i> -infected macrophages suggests that in the absence of binary fission a mosaic of organisms develops from an amorphous electron dense matrix—J.L. DU PLESSIS .....	39–46
<b>ELISA</b>	
The use of chicken IgY in a double antibody sandwich ELISA for detecting African horsesickness virus—D.H. DU PLESSIS, W. VAN WYNGAARDT, M. ROMITO, M. DU PLESSIS and S. MAREE .....	25–28
Comparison of indirect fluorescent antibody test and enzyme linked immunosorbent assay in the detection of exposure of cattle to <i>Theileria parva</i> in Kenya—G.R. MURAGURI, P.K. GITAU, M.N. MWANGI, S.K. MBOGO and D.P. KARIUKI .....	119–122
<b>Epidemiology</b>	
The epidemiology of rabies in Zimbabwe. 1. Rabies in dogs ( <i>Canis familiaris</i> )—J. BINGHAM, C.M. FOGGIN, A.I. WANDELER and F.W.G. HILL .....	1–10
<b>Equine piroplasmiasis</b>	
Control of equine piroplasmiasis in Brazil—C.E. KERBER, F. FERREIRA and M.C. PEREIRA .....	123–127
<b>Exotic chickens</b>	
Seroprevalence of infectious bursal disease in non-vaccinated indigenous and exotic chickens on selected farms around Gaborone, Botswana—E.Z. MUSHI, M.G. BINTA, R.G. CHABO and R.T. NDEBELE .....	135–137
<b><i>Fasciola gigantica</i></b>	
A comparison of serum biochemical changes in two breeds of sheep (Red Masai and Dorper) experimentally infected with <i>Fasciola gigantica</i> —J.G. WAWERU, P.W.N. KANYARI, D.M. MWANGI, T.A. NGATIA and P. NANSEN .....	47–49
<b>Fermenter</b>	
The production and evaluation of <i>Pasteurella haemolytica</i> leukotoxin in the supernatant of submerged cultures in fermenters—M.W. ODENDAAL and C.E. ELLIS .....	265–272
<b>Fleas</b>	
Parasites of domestic and wild animals in South Africa. XXXVI. Arthropod parasites of yellow mongooses, <i>Cynictis penicillata</i> (G. Cuvier, 1829)—I.G. HORAK, F. CHAPARRO, J.-C. BEAUCOURNU and J.P. LOUW .....	33–38

<b>Flies</b>	
Evaluation of a proposed odour-baited target to control the tsetse flies <i>Glossina brevipalpis</i> and <i>Glossina austeni</i> (Diptera: Glossinidae) in South Africa—KARIN KAPPMEIER and E.M. NEVILL .....	327–332
<b>Fluorescent antibody test</b>	
Comparison of indirect fluorescent antibody test and enzyme linked immunosorbent assay in the detection of exposure of cattle to <i>Theileria parva</i> in Kenya—G.R. MURAGURI, P.K. GITAU, M.N. MWANGI, S.K. MBOGO and D.P. KARIUKI .....	119–122
<b>Free State, South Africa</b>	
Gastro-intestinal parasites of cattle in the communal grazing system of Botshabelo in the Free State—KARIN DREYER, L.J. FOURIE and D.J. KOK .....	145–149
<b>Free-ranging jackals</b>	
Presence of antibodies to canine distemper virus, canine parvovirus and canine adenovirus type 1 in free-ranging jackals ( <i>Canis adustus</i> and <i>Canis mesomelas</i> ) in Zimbabwe—J.A. SPENCER, J. BINGHAM, R. HEATH and B. RICHARDS .....	251–253
<b>Gastro-intestinal parasites</b>	
Gastro-intestinal parasites of cattle in the communal grazing system of Botshabelo in the Free State—KARIN DREYER, L.J. FOURIE and D.J. KOK .....	145–149
<b>Geobotanical</b>	
Copper poisoning in wild ruminants in the Kruger National Park: Geobotanical and environmental investigation—D.G. GROBLER .....	81–93
<b><i>Glossina austeni</i></b>	
Evaluation of coloured targets for the attraction of <i>Glossina brevipalpis</i> and <i>Glossina austeni</i> (Diptera: Glossinidae) in South Africa—KARIN KAPPMEIER and E.M. NEVILL .....	291–305
Evaluation of conventional odour attractants for <i>Glossina brevipalpis</i> and <i>Glossina austeni</i> (Diptera: Glossinidae) in South Africa—KARIN KAPPMEIER and E.M. NEVILL .....	307–316
Evaluation of a proposed odour-baited target to control the tsetse flies <i>Glossina brevipalpis</i> and <i>Glossina austeni</i> (Diptera: Glossinidae) in South Africa—KARIN KAPPMEIER and E.M. NEVILL .....	327–332
<b><i>Glossina brevipalpis</i></b>	
Evaluation of coloured targets for the attraction of <i>Glossina brevipalpis</i> and <i>Glossina austeni</i> (Diptera: Glossinidae) in South Africa—KARIN KAPPMEIER and E.M. NEVILL .....	291–305
Evaluation of conventional odour attractants for <i>Glossina brevipalpis</i> and <i>Glossina austeni</i> (Diptera: Glossinidae) in South Africa—KARIN KAPPMEIER and E.M. NEVILL .....	307–316
Evaluation of a proposed odour-baited target to control the tsetse flies <i>Glossina brevipalpis</i> and <i>Glossina austeni</i> (Diptera: Glossinidae) in South Africa—KARIN KAPPMEIER and E.M. NEVILL .....	327–332
<b>Goats</b>	
Anthelmintic resistance in South Africa: Surveys indicate an extremely serious situation in sheep and goat farming—J.A. VAN WYK, M.O. STENSON, J.S. VAN DER MERWE, R.J. VORSTER and P.G. VILJOEN .....	273–284
Experimental studies with <i>Strongyloides papillosus</i> in goats—J.G. PIENAAR, P.A. BASSON, J.L. DU PLESSIS, H. MARIA COLLINS, T.W. NAUDE, P.A. BOYAZOGLU, J. BOOMKER, F. REYERS and W.L. PIENAAR .....	191–235
<b>Grass pastures</b>	
Parasites of domestic and wild animals in South Africa. XXXVII. Ixodid ticks on cattle on Kikuyu grass pastures and in Valley Bushveld in the Eastern Cape Province—I.G. HORAK .....	175–184
<b>Grassland</b>	
The helminths of ranch calves in the North-eastern Mountain Grassland of South Africa—J.P. LOUW .....	335–338
<b>Grazing system</b>	
Gastro-intestinal parasites of cattle in the communal grazing system of Botshabelo in the Free State—KARIN DREYER, L.J. FOURIE and D.J. KOK .....	145–149
<b><i>Haemonchus contortus</i></b>	
A comparison of the infectivity of cryopreserved versus unfrozen infective larvae of <i>Haemonchus contortus</i> , <i>Trichostrongylus colubriformis</i> and <i>Trichostrongylus axei</i> : Results of the Onderstepoort Veterinary Institute and collaborators from 1977 to the present—J.A. VAN WYK .....	285–289
<b><i>Haemonchus</i> spp.</b>	
Anthelmintic resistance in South Africa: Surveys indicate an extremely serious situation in sheep and goat farming—J.A. VAN WYK, M.O. STENSON, J.S. VAN DER MERWE, R.J. VORSTER and P.G. VILJOEN .....	273–284

**Haemophilus paragallinarum**

- Confirmation that PCR can be used to identify NAD-dependent and NAD-independent *Haemophilus paragallinarum* isolates—J.K. MIFLIN, X. CHEN, R.R. BRAGG, J.M. WELGEMOED, J.M. GREYLING, R.F. HORNER and P.J. BLACKALL ..... 55–57

**Haemoproteus columbae**

- Haemoproteus columbae* in domestic pigeons in Sebele, Gaborone, Botswana—E.Z. MUSHI, M.G. BINTA, R.G. CHABO, M. MATHAIO and R.T. NDEBELE ..... 29–32

**Helminth parasites**

- Ecological studies of helminth parasites of the largemouth bass, *Micropterus salmoides*, from Lake Naivasha and the Oloidien Bay, Kenya—P.A. ALOO ..... 73–79
- The helminths of ranch calves in the North-eastern Mountain Grassland of South Africa—J.P. LOUW ..... 335–338

**Hepatotoxicity**

- Neurotoxicity in calves induced by the plant, *Nierembergia hippomanica* Miers var. *violacea* Millán in South Africa—C.J. BOTHA, R. ANITRA SCHULTZ, J.J. VAN DER LUGT, ELIZABETH RETIEF and LEONIE LABUSCHAGNE ..... 237–244

**Histopathology**

- Pentastomid infections in Nile crocodiles (*Crocodylus niloticus*) in the Kruger National Park, South Africa, with a description of the males of *Alofia simpsoni*—KERSTIN JUNKER, J. BOOMKER and LORNA A. BOLTON ..... 65–71

**Horse**

- The use of chicken IgY in a double antibody sandwich ELISA for detecting African horsesickness virus—D.H. DU PLESSIS, W. VAN WYNGAARDT, M. ROMITO, M. DU PLESSIS and S. MAREE ..... 25–28
- Immune responses in a horse inoculated with the VP2 gene of African horsesickness virus—M. ROMITO, D.H. DU PLESSIS and G.J. VILJOEN ..... 139–144

**Horsesickness**

- The use of chicken IgY in a double antibody sandwich ELISA for detecting African horsesickness virus—D.H. DU PLESSIS, W. VAN WYNGAARDT, M. ROMITO, M. DU PLESSIS and S. MAREE ..... 25–28
- Immune responses in a horse inoculated with the VP2 gene of African horsesickness virus—M. ROMITO, D.H. DU PLESSIS and G.J. VILJOEN ..... 139–144

**Hosts**

- Could bats act as reservoir hosts for Rift Valley fever virus?—M.J. OELOFSEN and E. VAN DER RYST ..... 51–54

**Hypophysis**

- Influence of lactation on the prolactin secreting cells of the hypophysis of impala (*Aepyceros melampus*): An immunocytochemical and computer image analysis study—P. VAN DER MERWE, D.G.A. MELTZER and G. VAN ASWEGEN ..... 151–156

**IFAT**

- Comparison of indirect fluorescent antibody test and enzyme linked immunosorbent assay in the detection of exposure of cattle to *Theileria parva* in Kenya—G.R. MURAGURI, P.K. GITAU, M.N. MWANGI, S.K. MBOGO and D.P. KARIUKI ..... 119–122

**Immune response**

- Effect of an aqueous extract of *Azadirachta indica* on the immune response in mice—S.M. NJIRO and MAWULI W. KOFI-TSEKPO ..... 59–62
- Immune responses in a horse inoculated with the VP2 gene of African horsesickness virus—M. ROMITO, D.H. DU PLESSIS and G.J. VILJOEN ..... 139–144

**Immunocytochemical study**

- Influence of lactation on the prolactin secreting cells of the hypophysis of impala (*Aepyceros melampus*): An immunocytochemical and computer image analysis study—P. VAN DER MERWE, D.G.A. MELTZER and G. VAN ASWEGEN ..... 151–156

**Impala**

- Copper poisoning in wild ruminants in the Kruger National Park: Geobotanical and environmental investigation—D.G. GROBLER ..... 81–93
- Influence of lactation on the prolactin secreting cells of the hypophysis of impala (*Aepyceros melampus*): An immunocytochemical and computer image analysis study—P. VAN DER MERWE, D.G.A. MELTZER and G. VAN ASWEGEN ..... 151–156
- Attempted induction of chronic copper poisoning in boma confined impala—D.G. GROBLER and G.E. SWAN ..... 169–174

- Indigenous chickens**  
 Detection of *Mycoplasma gallisepticum* and *Mycoplasma synoviae* antibodies in the sera of indigenous chickens by rapid serum agglutination test at Mmopane, Gaborone, Botswana—E.Z. MUSHI, M.G. BINTA, R.G. CHABO, M. MATHAIO and R.T. NDEBELE ..... 333–334
- Infectious bursal disease**  
 Seroprevalence of infectious bursal disease in non-vaccinated indigenous and exotic chickens on selected farms around Gaborone, Botswana—E.Z. MUSHI, M.G. BINTA, R.G. CHABO and R.T. NDEBELE ..... 135–137
- Infective nematode larvae**  
 A comparison of the infectivity of cryopreserved versus unfrozen infective larvae of *Haemonchus contortus*, *Trichostrongylus colubriformis* and *Trichostrongylus axei*: Results of the Onderstepoort Veterinary Institute and collaborators from 1977 to the present—J.A. VAN WYK ..... 285–289
- Ixodid ticks**  
 Parasites of domestic and wild animals in South Africa. XXXVI. Arthropod parasites of yellow mongooses, *Cynictis penicillata* (G. Cuvier, 1829)—I.G. HORAK, F. CHAPARRO, J.-C. BEAUCOURNU and J.P. LOUW ..... 33–38  
 Parasites of domestic and wild animals in South Africa. XXXVII. Ixodid ticks on cattle on Kikuyu grass pastures and in Valley Bushveld in the Eastern Cape Province—I.G. HORAK ..... 175–184
- Jackals**  
 The epidemiology of rabies in Zimbabwe. 2. Rabies in jackals (*Canis adustus* and *Canis mesomelas*)—J. BINGHAM, C.M. FOGGIN, A.I. WANDELER and F.W.G. HILL ..... 11–23  
 Presence of antibodies to canine distemper virus, canine parvovirus and canine adenovirus type 1 in free-ranging jackals (*Canis adustus* and *Canis mesomelas*) in Zimbabwe—J.A. SPENCER, J. BINGHAM, R. HEATH and B. RICHARDS ..... 251–253
- Kenya**  
 Ecological studies of helminth parasites of the largemouth bass, *Micropterus salmoides*, from Lake Naivasha and the Oloidien Bay, Kenya—P.A. ALOO ..... 73–79  
 Comparison of indirect fluorescent antibody test and enzyme linked immunosorbent assay in the detection of exposure of cattle to *Theileria parva* in Kenya—G.R. MURAGURI, P.K. GITAU, M.N. MWANGI, S.K. MBOGO and D.P. KARIUKI ..... 119–122
- Kikuyu**  
 Parasites of domestic and wild animals in South Africa. XXXVII. Ixodid ticks on cattle on Kikuyu grass pastures and in Valley Bushveld in the Eastern Cape Province—I.G. HORAK ..... 175–184
- Kruger National Park, South Africa**  
 Pentastomid infections in Nile crocodiles (*Crocodylus niloticus*) in the Kruger National Park, South Africa, with a description of the males of *Alofia simpsoni*—KERSTIN JUNKER, J. BOOMKER and LORNA A. BOLTON ..... 65–71  
 Copper poisoning in wild ruminants in the Kruger National Park: Geobotanical and environmental investigation—D.G. GROBLER ..... 81–93  
 Copper poisoning in the Kruger National Park: Field investigation in wild ruminants—D.G. GROBLER and G.E. SWAN ..... 157–168  
 Investigation of the viability of *M. bovis* under different environmental conditions in the Kruger National Park—M. TANNER and ANITA L. MICHEL ..... 185–190
- Lactation**  
 Influence of lactation on the prolactin secreting cells of the hypophysis of impala (*Aepyceros melampus*): An immunocytochemical and computer image analysis study—P. VAN DER MERWE, D.G.A. MELTZER and G. VAN ASWEGEN ..... 151–156
- Lake Naivasha, Kenya**  
 Ecological studies of helminth parasites of the largemouth bass, *Micropterus salmoides*, from Lake Naivasha and the Oloidien Bay, Kenya—P.A. ALOO ..... 73–79
- Largemouth bass**  
 Ecological studies of helminth parasites of the largemouth bass, *Micropterus salmoides*, from Lake Naivasha and the Oloidien Bay, Kenya—P.A. ALOO ..... 73–79
- Larvae**  
 A comparison of the infectivity of cryopreserved versus unfrozen infective larvae of *Haemonchus contortus*, *Trichostrongylus colubriformis* and *Trichostrongylus axei*: Results of the Onderstepoort Veterinary Institute and collaborators from 1977 to the present—J.A. VAN WYK ..... 285–289

<b>Leiperia</b>	
Pentastomid infections in Nile crocodiles ( <i>Crocodylus niloticus</i> ) in the Kruger National Park, South Africa, with a description of the males of <i>Alofia simpsoni</i> —KERSTIN JUNKER, J. BOOMKER and LORNA A. BOLTON .....	65–71
<b>Leukotoxin</b>	
The production and evaluation of <i>Pasteurella haemolytica</i> leukotoxin in the supernatant of submerged cultures in fermenters—M.W. ODENDAAL and C.E. ELLIS .....	265–272
<b>Lice</b>	
Parasites of domestic and wild animals in South Africa. XXXVI. Arthropod parasites of yellow mongooses, <i>Cynictis penicillata</i> (G. Cuvier, 1829)—I.G. HORAK, F. CHAPARRO, J.-C. BEAUCOURNU and J.P. LOUW .....	33–38
<b>Mice</b>	
Effect of an aqueous extract of <i>Azadirachta indica</i> on the immune response in mice—S.M. NJIRO and MAWULI W. KOFI-TSEKPO .....	59–62
<b>Micropterus salmoides</b>	
Ecological studies of helminth parasites of the largemouth bass, <i>Micropterus salmoides</i> , from Lake Naivasha and the Oloidien Bay, Kenya—P.A. ALOO .....	73–79
<b>Mites</b>	
Parasites of domestic and wild animals in South Africa. XXXVI. Arthropod parasites of yellow mongooses, <i>Cynictis penicillata</i> (G. Cuvier, 1829)—I.G. HORAK, F. CHAPARRO, J.-C. BEAUCOURNU and J.P. LOUW .....	33–38
<b>Mmopane</b>	
Detection of <i>Mycoplasma gallisepticum</i> and <i>Mycoplasma synoviae</i> antibodies in the sera of indigenous chickens by rapid serum agglutination test at Mmopane, Gaborone, Botswana—E.Z. MUSHI, M.G. BINTA, R.G. CHABO, M. MATHAIO and R.T. NDEBELE .....	333–334
<b>Mongoose</b>	
Parasites of domestic and wild animals in South Africa. XXXVI. Arthropod parasites of yellow mongooses, <i>Cynictis penicillata</i> (G. Cuvier, 1829)—I.G. HORAK, F. CHAPARRO, J.-C. BEAUCOURNU and J.P. LOUW .....	33–38
<b>Mountain Grassland, South Africa</b>	
The helminths of ranch calves in the North-eastern Mountain Grassland of South Africa—J.P. LOUW .....	335–338
<b>Mycobacterium bovis</b>	
Investigation of the viability of <i>M. bovis</i> under different environmental conditions in the Kruger National Park—M. TANNER and ANITA L. MICHEL .....	185–190
<b>Mycoplasma gallisepticum</b>	
Detection of <i>Mycoplasma gallisepticum</i> and <i>Mycoplasma synoviae</i> antibodies in the sera of indigenous chickens by rapid serum agglutination test at Mmopane, Gaborone, Botswana—E.Z. MUSHI, M.G. BINTA, R.G. CHABO, M. MATHAIO and R.T. NDEBELE .....	333–334
<b>Mycoplasma synoviae</b>	
Detection of <i>Mycoplasma gallisepticum</i> and <i>Mycoplasma synoviae</i> antibodies in the sera of indigenous chickens by rapid serum agglutination test at Mmopane, Gaborone, Botswana—E.Z. MUSHI, M.G. BINTA, R.G. CHABO, M. MATHAIO and R.T. NDEBELE .....	333–334
<b>NAD-dependent/independent isolates</b>	
Confirmation that PCR can be used to identify NAD-dependent and NAD-independent <i>Haemophilus paragallinarum</i> isolates—J.K. MIFLIN, X. CHEN, R.R. BRAGG, J.M. WELGEMOED, J.M. GREYLING, R.F. HORNER and P.J. BLACKALL .....	55–57
<b>Nagana</b>	
The parasitological and serological prevalence of tsetse-transmitted bovine trypanosomosis in the Eastern Caprivi (Caprivi District, Namibia)—P. VAN DEN BOSSCHE, D. MUDENGE, J. MUBANGA and A. NORVAL .....	103–110
<b>Namaqua rock rat</b>	
Could bats act as reservoir hosts for Rift Valley fever virus?—M.J. OELOFSEN and E. VAN DER RYST .....	51–54
<b>Namibia</b>	
The parasitological and serological prevalence of tsetse-transmitted bovine trypanosomosis in the Eastern Caprivi (Caprivi District, Namibia)—P. VAN DEN BOSSCHE, D. MUDENGE, J. MUBANGA and A. NORVAL .....	103–110
<b>Neem tree</b>	
Effect of an aqueous extract of <i>Azadirachta indica</i> on the immune response in mice—S.M. NJIRO and MAWULI W. KOFI-TSEKPO .....	59–62

<b>Nematodes</b>	
Gastro-intestinal parasites of cattle in the communal grazing system of Botshabelo in the Free State—KARIN DREYER, L.J. FOURIE and D.J. KOK .....	145–149
<b>Neurotoxicity</b>	
Neurotoxicity in calves induced by the plant, <i>Nierembergia hippomanica</i> Miers var. <i>violacea</i> Millán in South Africa—C.J. BOTHA, R. ANITRA SCHULTZ, J.J. VAN DER LUGT, ELIZABETH RETIEF and LEONIE LABUSCHAGNE .....	237–244
<b><i>Nierembergia hippomanica</i> Miers var. <i>violacea</i></b>	
Neurotoxicity in calves induced by the plant, <i>Nierembergia hippomanica</i> Miers var. <i>violacea</i> Millán in South Africa—C.J. BOTHA, R. ANITRA SCHULTZ, J.J. VAN DER LUGT, ELIZABETH RETIEF and LEONIE LABUSCHAGNE .....	237–244
<b>Nile crocodiles</b>	
Pentastomid infections in Nile crocodiles ( <i>Crocodylus niloticus</i> ) in the Kruger National Park, South Africa, with a description of the males of <i>Alofia simpsoni</i> —KERSTIN JUNKER, J. BOOMKER and LORNA A. BOLTON .....	65–71
<b>Odour</b>	
Evaluation of conventional odour attractants for <i>Glossina brevipalpis</i> and <i>Glossina austeni</i> (Diptera: Glossinidae) in South Africa—KARIN KAPPMEIER and E.M. NEVILL .....	307–316
Evaluation of a proposed odour-baited target to control the tsetse flies <i>Glossina brevipalpis</i> and <i>Glossina austeni</i> (Diptera: Glossinidae) in South Africa—KARIN KAPPMEIER and E.M. NEVILL .....	327–332
<b>Oligonucleotide probes</b>	
The occurrence of <i>Theileria</i> and <i>Cowdria</i> parasites in African buffalo ( <i>Syncerus caffer</i> ) and their associated <i>Amblyomma hebraeum</i> ticks—M.T.E.P. ALLSOPP, J. THERON, M.L. COETZEE, M.T. DUNSTERVILLE and B.A. ALLSOPP .....	245–249
<b>Oloidien Bay, Kenya</b>	
Ecological studies of helminth parasites of the largemouth bass, <i>Micropterus salmoides</i> , from Lake Naivasha and the Oloidien Bay, Kenya—P.A. ALOO .....	73–79
<b>Orbivirus</b>	
The use of chicken IgY in a double antibody sandwich ELISA for detecting African horsesickness virus—D.H. DU PLESSIS, W. VAN WYNGAARDT, M. ROMITO, M. DU PLESSIS and S. MAREE .....	25–28
<b>Ostriches</b>	
An anatomical study of the respiratory air sacs in ostriches—A.J. BEZUIDENHOUT, H.B. GROENEWALD and J.T. SOLEY .....	317–325
<b>Parasites</b>	
Parasites of domestic and wild animals in South Africa. XXXVI. Arthropod parasites of yellow mongooses, <i>Cynictis penicillata</i> (G. Cuvier, 1829)—I.G. HORAK, F. CHAPARRO, J.-C. BEAUCOURNU and J.P. LOUW .....	33–38
Ecological studies of helminth parasites of the largemouth bass, <i>Micropterus salmoides</i> , from Lake Naivasha and the Oloidien Bay, Kenya—P.A. ALOO .....	73–79
Gastro-intestinal parasites of cattle in the communal grazing system of Botshabelo in the Free State—KARIN DREYER, L.J. FOURIE and D.J. KOK .....	145–149
Parasites of domestic and wild animals in South Africa. XXXVII. Ixodid ticks on cattle on Kikuyu grass pastures and in Valley Bushveld in the Eastern Cape Province—I.G. HORAK .....	175–184
The occurrence of <i>Theileria</i> and <i>Cowdria</i> parasites in African buffalo ( <i>Syncerus caffer</i> ) and their associated <i>Amblyomma hebraeum</i> ticks—M.T.E.P. ALLSOPP, J. THERON, M.L. COETZEE, M.T. DUNSTERVILLE and B.A. ALLSOPP .....	245–249
The parasitological and serological prevalence of tsetse-transmitted bovine trypanosomosis in the Eastern Caprivi (Caprivi District, Namibia)—P. VAN DEN BOSSCHE, D. MUDENGE, J. MUBANGA and A. NORVAL .....	103–110
<b><i>Pasteurella haemolytica</i></b>	
The production and evaluation of <i>Pasteurella haemolytica</i> leukotoxin in the supernatant of submerged cultures in fermenters—M.W. ODENDAAL and C.E. ELLIS .....	265–272
<b>Pentastomes</b>	
Pentastomid infections in Nile crocodiles ( <i>Crocodylus niloticus</i> ) in the Kruger National Park, South Africa, with a description of the males of <i>Alofia simpsoni</i> —KERSTIN JUNKER, J. BOOMKER and LORNA A. BOLTON .....	65–71
<b>Phnom Penh, Cambodia</b>	
Characterization and observation of animals responsible for rabies post-exposure treatment in Phnom Penh, Cambodia—J.M. REYNES, J.L. SOARES, C. KEO, S. ONG, N.Y. HENG and B. VAN HOYE .....	129–133

**Pigeons**

- Haemoproteus columbae* in domestic pigeons in Sebele, Gaborone, Botswana—E.Z. MUSHI, M.G. BINTA, R.G. CHABO, M. MATHAIO and R.T. NDEBELE ..... 29–32

**Poisoning**

- Copper poisoning in wild ruminants in the Kruger National Park: Geobotanical and environmental investigation—D.G. GROBLER .....  
Copper poisoning in the Kruger National Park: Field investigation in wild ruminants—D.G. GROBLER and G.E. SWAN ..... 157–168  
Attempted induction of chronic copper poisoning in boma confined impala—D.G. GROBLER and G.E. SWAN ..... 169–174  
Neurotoxicity in calves induced by the plant, *Nierembergia hippomanica* Miers var. *violacea* Millán in South Africa—C.J. BOTHA, R. ANITRA SCHULTZ, J.J. VAN DER LUGT, ELIZABETH RETIEF and LEONIE LABUSCHAGNE ..... 237–244

**Polymerase chain reaction**

- Confirmation that PCR can be used to identify NAD-dependent and NAD-independent *Haemophilus paragallinarum* isolates—J.K. MIFLIN, X. CHEN, R.R. BRAGG, J.M. WELGEMOED, J.M. GREYLING, R.F. HORNER and P.J. BLACKALL ..... 55–57  
The occurrence of *Theileria* and *Cowdria* parasites in African buffalo (*Syncerus caffer*) and their associated *Amblyomma hebraeum* ticks—M.T.E.P. ALLSOPP, J. THERON, M.L. COETZEE, M.T. DUNSTERVILLE and B.A. ALLSOPP ..... 245–249

**Post-exposure treatment**

- Characterization and observation of animals responsible for rabies post-exposure treatment in Phnom Penh, Cambodia—J.M. REYNES, J.L. SOARES, C. KEO, S. ONG, N.Y. HENG and B. VAN HOYE ..... 129–133

**Prolactin**

- Influence of lactation on the prolactin secreting cells of the hypophysis of impala (*Aepyceros melampus*): An immunocytochemical and computer image analysis study—P. VAN DER MERWE, D.G.A. MELTZER and G. VAN ASWEGEN ..... 151–156

**Rabies**

- The epidemiology of rabies in Zimbabwe. 1. Rabies in dogs (*Canis familiaris*)—J. BINGHAM, C.M. FOGGIN, A.I. WANDELER and F.W.G. HILL ..... 1–10  
The epidemiology of rabies in Zimbabwe. 2. Rabies in jackals (*Canis adustus* and *Canis mesomelas*)—J. BINGHAM, C.M. FOGGIN, A.I. WANDELER and F.W.G. HILL ..... 11–23  
Characterization and observation of animals responsible for rabies post-exposure treatment in Phnom Penh, Cambodia—J.M. REYNES, J.L. SOARES, C. KEO, S. ONG, N.Y. HENG and B. VAN HOYE ..... 129–133

**Ranch calves**

- The helminths of ranch calves in the North-eastern Mountain Grassland of South Africa—J.P. LOUW ..... 335–338

**Red Masai**

- A comparison of serum biochemical changes in two breeds of sheep (Red Masai and Dorper) experimentally infected with *Fasciola gigantica*—J.G. WAWERU, P.W.N. KANYARI, D.M. MWANGI, T.A. NGATIA and P. NANSEN ..... 47–49

**Reservoir hosts**

- Could bats act as reservoir hosts for Rift Valley fever virus?—M.J. OELOFSEN and E. VAN DER RYST ..... 51–54

**Respiratory tract**

- An anatomical study of the respiratory air sacs in ostriches—A.J. BEZUIDENHOUT, H.B. GROENEWALD and J.T. SOLEY ..... 317–325

**Rift Valley fever virus**

- Could bats act as reservoir hosts for Rift Valley fever virus?—M.J. OELOFSEN and E. VAN DER RYST ..... 51–54

**Seasonal abundance**

- Parasites of domestic and wild animals in South Africa. XXXVII. Ixodid ticks on cattle on Kikuyu grass pastures and in Valley Bushveld in the Eastern Cape Province—J.G. HORAK ..... 175–184

**Sebekia**

- Pentastomid infections in Nile crocodiles (*Crocodylus niloticus*) in the Kruger National Park, South Africa, with a description of the males of *Alofia simpsoni*—KERSTIN JUNKER, J. BOOMKER and LORNA A. BOLTON ..... 65–71

**Sebele, Botswana**

- Haemoproteus columbae* in domestic pigeons in Sebele, Gaborone, Botswana—E.Z. MUSHI, M.G. BINTA, R.G. CHABO, M. MATHAIO and R.T. NDEBELE ..... 29–32

<b>Serological</b>	
The parasitological and serological prevalence of tsetse-transmitted bovine trypanosomosis in the Eastern Caprivi (Caprivi District, Namibia)—P. VAN DEN BOSSCHE, D. MUDENGE, J. MUBANGA and A. NORVAL .....	103–110
A serological survey of bovine babesiosis in northern and eastern Zimbabwe—T.C. KATSANDE, S.J. MORE, R.E. BOCK, LYDIA MABIKACHECHE, J.B. MOLLOY and C. NCUBE .....	255–263
Presence of antibodies to canine distemper virus, canine parvovirus and canine adenovirus type 1 in free-ranging jackals ( <i>Canis adustus</i> and <i>Canis mesomelas</i> ) in Zimbabwe—J.A. SPENCER, J. BINGHAM, R. HEATH and B. RICHARDS .....	251–253
<b>Seroprevalence</b>	
Seroprevalence of infectious bursal disease in non-vaccinated indigenous and exotic chickens on selected farms around Gaborone, Botswana—E.Z. MUSHI, M.G. BINTA, R.G. CHABO and R.T. NDEBELE .....	135–137
<b>Sheep</b>	
A comparison of serum biochemical changes in two breeds of sheep (Red Masai and Dorper) experimentally infected with <i>Fasciola gigantica</i> —J.G. WAWERU, P.W.N. KANYARI, D.M. MWANGI, T.A. NGATIA and P. NANSEN .....	47–49
Anthelmintic resistance in South Africa: Surveys indicate an extremely serious situation in sheep and goat farming—J.A. VAN WYK, M.O. STENSON, J.S. VAN DER MERWE, R.J. VORSTER and P.G. VILJOEN .....	273–284
<b>Solanaceae</b>	
Neurotoxicity in calves induced by the plant, <i>Nierembergia hippomanica</i> Miers var. <i>violacea</i> Millán in South Africa—C.J. BOTHA, R. ANITRA SCHULTZ, J.J. VAN DER LUGT, ELIZABETH RETIEF and LEONIE LABUSCHAGNE .....	237–244
<b>South Africa</b>	
Parasites of domestic and wild animals in South Africa. XXXVI. Arthropod parasites of yellow mongooses, <i>Cynictis penicillata</i> (G. Cuvier, 1829)—I.G. HORAK, F. CHAPARRO, J.-C. BEAUCOURNU and J.P. LOUW .....	33–38
Pentastomid infections in Nile crocodiles ( <i>Crocodylus niloticus</i> ) in the Kruger National Park, South Africa, with a description of the males of <i>Alofia simpsoni</i> —KERSTIN JUNKER, J. BOOMKER and LORNA A. BOLTON .....	65–71
Gastro-intestinal parasites of cattle in the communal grazing system of Botshabelo in the Free State—KARIN DREYER, L.J. FOURIE and D.J. KOK .....	145–149
Parasites of domestic and wild animals in South Africa. XXXVII. Ixodid ticks on cattle on Kikuyu grass pastures and in Valley Bushveld in the Eastern Cape Province—I.G. HORAK .....	175–184
Neurotoxicity in calves induced by the plant, <i>Nierembergia hippomanica</i> Miers var. <i>violacea</i> Millán in South Africa—C.J. BOTHA, R. ANITRA SCHULTZ, J.J. VAN DER LUGT, ELIZABETH RETIEF and LEONIE LABUSCHAGNE .....	237–244
Anthelmintic resistance in South Africa: Surveys indicate an extremely serious situation in sheep and goat farming—J.A. VAN WYK, M.O. STENSON, J.S. VAN DER MERWE, R.J. VORSTER and P.G. VILJOEN .....	273–284
Evaluation of coloured targets for the attraction of <i>Glossina brevipalpis</i> and <i>Glossina austeni</i> (Diptera: Glossinidae) in South Africa—KARIN KAPPMEIER and E.M. NEVILL .....	291–305
Evaluation of conventional odour attractants for <i>Glossina brevipalpis</i> and <i>Glossina austeni</i> (Diptera: Glossinidae) in South Africa—KARIN KAPPMEIER and E.M. NEVILL .....	307–316
Evaluation of a proposed odour-baited target to control the tsetse flies <i>Glossina brevipalpis</i> and <i>Glossina austeni</i> (Diptera: Glossinidae) in South Africa—KARIN KAPPMEIER and E.M. NEVILL .....	327–332
The helminths of ranch calves in the North-eastern Mountain Grassland of South Africa—J.P. LOUW .....	335–338
<b><i>Strongyloides papillosus</i></b>	
Experimental studies with <i>Strongyloides papillosus</i> in goats—J.G. PIENAAR, P.A. BASSON, J.L. DU PLESSIS, H. MARIA COLLINS, T.W. NAUDE, P.A. BOYAZOGLU, J. BOOMKER, F. REYERS and W.L. PIENAAR .....	191–235
<b>SuperCos1</b>	
<i>Cowdria ruminantium</i> DNA is unstable in a Supercos1 library—K.A. BRAYTON, E.P. DE VILLIERS, J. FEHRSEN, C. NXOMANI, N.E. COLLINS and B.A. ALLSOPP .....	111–117
<b>Supernatant</b>	
The production and evaluation of <i>Pasteurella haemolytica</i> leukotoxin in the supernatant of submerged cultures in fermenters—M.W. ODENDAAL and C.E. ELLIS .....	265–272
<b><i>Syncerus caffer</i></b>	
The occurrence of <i>Theileria</i> and <i>Cowdria</i> parasites in African buffalo ( <i>Syncerus caffer</i> ) and their associated <i>Amblyomma hebraeum</i> ticks—M.T.E.P. ALLSOPP, J. THERON, M.L. COETZEE, M.T. DUNSTERVILLE and B.A. ALLSOPP .....	245–249
<b><i>Theileria equi</i></b>	
Control of equine piroplasmiasis in Brazil—C.E. KERBER, F. FERREIRA and M.C. PEREIRA .....	123–127

<b>Theileria parva</b>	
Comparison of indirect fluorescent antibody test and enzyme linked immunosorbent assay in the detection of exposure of cattle to <i>Theileria parva</i> in Kenya—G.R. MURAGURI, P.K. GITAU, M.N. MWANGI, S.K. MBOGO and D.P. KARIUKI .....	119–122
The occurrence of <i>Theileria</i> and <i>Cowdria</i> parasites in African buffalo ( <i>Syncerus caffer</i> ) and their associated <i>Amblyomma hebraeum</i> ticks—M.T.E.P. ALLSOPP, J. THERON, M.L. COETZEE, M.T. DUNSTERVILLE and B.A. ALLSOPP .....	245–249
<b>Ticks</b>	
Control of equine piroplasmiasis in Brazil—C.E. KERBER, F. FERREIRA and M.C. PEREIRA .....	123–127
Parasites of domestic and wild animals in South Africa. XXXVII. Ixodid ticks on cattle on Kikuyu grass pastures and in Valley Bushveld in the Eastern Cape Province—I.G. HORAK .....	175–184
The occurrence of <i>Theileria</i> and <i>Cowdria</i> parasites in African buffalo ( <i>Syncerus caffer</i> ) and their associated <i>Amblyomma hebraeum</i> ticks—M.T.E.P. ALLSOPP, J. THERON, M.L. COETZEE, M.T. DUNSTERVILLE and B.A. ALLSOPP .....	245–249
<b>Toxin secretion</b>	
The production and evaluation of <i>Pasteurella haemolytica</i> leukotoxin in the supernatant of submerged cultures in fermenters—M.W. ODENDAAL and C.E. ELLIS .....	265–272
<b>Trichostrongylus axei</b>	
A comparison of the infectivity of cryopreserved versus unfrozen infective larvae of <i>Haemonchus contortus</i> , <i>Trichostrongylus colubriformis</i> and <i>Trichostrongylus axei</i> : Results of the Onderstepoort Veterinary Institute and collaborators from 1977 to the present—J.A. VAN WYK .....	285–289
<b>Trichostrongylus colubriformis</b>	
A comparison of the infectivity of cryopreserved versus unfrozen infective larvae of <i>Haemonchus contortus</i> , <i>Trichostrongylus colubriformis</i> and <i>Trichostrongylus axei</i> : Results of the Onderstepoort Veterinary Institute and collaborators from 1977 to the present—J.A. VAN WYK .....	285–289
<b>Trypanosomiasis</b>	
The parasitological and serological prevalence of tsetse-transmitted bovine trypanosomiasis in the Eastern Caprivi (Caprivi District, Namibia)—P. VAN DEN BOSSCHE, D. MUDENGE, J. MUBANGA and A. NORVAL .....	103–110
<b>Tsetse</b>	
The parasitological and serological prevalence of tsetse-transmitted bovine trypanosomiasis in the Eastern Caprivi (Caprivi District, Namibia)—P. VAN DEN BOSSCHE, D. MUDENGE, J. MUBANGA and A. NORVAL .....	103–110
Evaluation of a proposed odour-baited target to control the tsetse flies <i>Glossina brevipalpis</i> and <i>Glossina austeni</i> (Diptera: Glossinidae) in South Africa—KARIN KAPPMEIER and E.M. NEVILL .....	327–332
Evaluation of conventional odour attractants for <i>Glossina brevipalpis</i> and <i>Glossina austeni</i> (Diptera: Glossinidae) in South Africa—KARIN KAPPMEIER and E.M. NEVILL .....	307–316
<b>Unfrozen infective larvae</b>	
A comparison of the infectivity of cryopreserved versus unfrozen infective larvae of <i>Haemonchus contortus</i> , <i>Trichostrongylus colubriformis</i> and <i>Trichostrongylus axei</i> : Results of the Onderstepoort Veterinary Institute and collaborators from 1977 to the present—J.A. VAN WYK .....	285–289
<b>Vaccine production</b>	
The production and evaluation of <i>Pasteurella haemolytica</i> leukotoxin in the supernatant of submerged cultures in fermenters—M.W. ODENDAAL and C.E. ELLIS .....	265–272
<b>Valley Bushveld, South Africa</b>	
Parasites of domestic and wild animals in South Africa. XXXVII. Ixodid ticks on cattle on Kikuyu grass pastures and in Valley Bushveld in the Eastern Cape Province—I.G. HORAK .....	175–184
<b>Viability</b>	
Investigation of the viability of <i>M. bovis</i> under different environmental conditions in the Kruger National Park—M. TANNER and ANITA L. MICHEL .....	185–190
<b>Virus</b>	
The use of chicken IgY in a double antibody sandwich ELISA for detecting African horsesickness virus—D.H. DU PLESSIS, W. VAN WYNGAARDT, M. ROMITO, M. DU PLESSIS and S. MAREE .....	25–28
Could bats act as reservoir hosts for Rift Valley fever virus?—M.J. OELOFSEN and E. VAN DER RYST .....	51–54
Immune responses in a horse inoculated with the VP2 gene of African horsesickness virus—M. ROMITO, D.H. DU PLESSIS and G.J. VILJOEN .....	139–144

Presence of antibodies to canine distemper virus, canine parvovirus and canine adenovirus type 1 in free-ranging jackals ( <i>Canis adustus</i> and <i>Canis mesomelas</i> ) in Zimbabwe—J.A. SPENCER, J. BINGHAM, R. HEATH and B. RICHARDS	
<b>Visual attraction</b>	
Evaluation of coloured targets for the attraction of <i>Glossina brevipalpis</i> and <i>Glossina austeni</i> (Diptera: Glossinidae) in South Africa—KARIN KAPPMEIER and E.M. NEVILL .....	291–305
<b>VP2 gene</b>	
Immune responses in a horse inoculated with the VP2 gene of African horsesickness virus—M. ROMITO, D.H. DU PLESSIS and G.J. VILJOEN .....	139–144
<b>Wild animals</b>	
Parasites of domestic and wild animals in South Africa. XXXVI. Arthropod parasites of yellow mongooses, <i>Cynictis penicillata</i> (G. Cuvier, 1829)—I.G. HORAK, F. CHAPARRO, J.-C. BEAUCOURNU and J.P. LOUW .....	33–38
Parasites of domestic and wild animals in South Africa. XXXVII. Ixodid ticks on cattle on Kikuyu grass pastures and in Valley Bushveld in the Eastern Cape Province—I.G. HORAK .....	175–184
<b>Wild ruminants</b>	
Copper poisoning in wild ruminants in the Kruger National Park: Geobotanical and environmental investigation—D.G. GROBLER .....	81–93
Copper poisoning in the Kruger National Park: Field investigation in wild ruminants—D.G. GROBLER and G.E. SWAN .....	157–168
<b>Yellow mongooses</b>	
Parasites of domestic and wild animals in South Africa. XXXVI. Arthropod parasites of yellow mongooses, <i>Cynictis penicillata</i> (G. Cuvier, 1829)—I.G. HORAK, F. CHAPARRO, J.-C. BEAUCOURNU and J.P. LOUW .....	33–38
<b>Zimbabwe</b>	
The epidemiology of rabies in Zimbabwe. 1. Rabies in dogs ( <i>Canis familiaris</i> )—J. BINGHAM, C.M. FOGGIN, A.I. WANDELER and F.W.G. HILL .....	1–10
The epidemiology of rabies in Zimbabwe. 2. Rabies in jackals ( <i>Canis adustus</i> and <i>Canis mesomelas</i> )—J. BINGHAM, C.M. FOGGIN, A.I. WANDELER and F.W.G. HILL .....	11–23
Presence of antibodies to canine distemper virus, canine parvovirus and canine adenovirus type 1 in free-ranging jackals ( <i>Canis adustus</i> and <i>Canis mesomelas</i> ) in Zimbabwe—J.A. SPENCER, J. BINGHAM, R. HEATH and B. RICHARDS	251–253
A serological survey of bovine babesiosis in northern and eastern Zimbabwe—T.C. KATSANDE, S.J. MORE, R.E. BOCK, LYDIA MABIKACHECHE, J.B. MOLLOY and C. NCUBE .....	255–263
