To whom it may concern

Subject: Acceptance letter for Mr. Kakembo Fredrick

Naguru Teenage Information and Health Centre (NTIHC) is the pioneer program in providing youth friendly Adolescent Sexual Reproductive Health (ASRH) services in Uganda. This program was initiated in November 1994 by a Swedish Gynaecologist and a number of volunteer counsellors. It started as a voluntary activity but currently it's a community based organisation registered with KCC (Reg. No. NAK/ 395).

Mr Kakembo Fredrick of University of Pretoria has expressed interest in conducting research at NTIHC on the role of television HIV/AIDS education for the urban youth in Uganda; their experiences, expectations and preferences. This communication serves to show our acceptance and willingness to avail all the information he requires to fulfil the intended purpose.

Please do not hesitate to contact us for further clarification regarding Mr. Kakembo's research work at NTIHC.

Thank you

Mpinga Peter
Program Director

22nd July 2008

Mr. Kakembo Frederick

University of Pretoria, South Africa

Dear Mr. Kakembo

Permission to conduct research in our school

Reference is made to your request to conduct research with students at our school. I am happy to inform you that the management of the school has accepted to allow you to conduct the study entitled: The role of Television HIV and AIDS Education for the urban youth in Uganda: Their experiences, expectations and preferences.

We do hope that we will also benefit from the information generated from your study. We will be available to give you other forms of assistance during the period that your study in our school will last.

Yours
