

Authors' Index, Vol. 3, Nos. 1 and 2.

		VOL.	PAGE
ALEXANDER, R. A....	Heartwater in sheep. The Weil-Felix reaction and an investigation into the bacterial content of the blood with particular reference to the use of K-medium ...	III	7
	<i>Eperythrozoon ovis</i> (sp. nov.) infection in sheep ...	III	263
BEDFORD, G. A. H.	Results of a mosquito survey at Onderstepoort during the summer, 1931-2, in connection with the transmission of horsesickness ...	III	43
	Investigations into the transmission of horsesickness at Onderstepoort during the season 1931-1932 ...	III	275
BEKKER, J. G.	Further notes on lumpy wool in South Africa ...	III	211
BELONJE, C. E....	Anatomical Studies No. 41. Prenatal death in the Merino ewe associated with deformity of the cervix uteri ...	III	235
BOSMAN, V.	The influence of feed on the Merino sheep ...	III	199
	The determination of fleece density in the Merino sheep ...	III	217
	Fibre fineness of South African Merino wool ...	III	223
COOLEY, R. A.	A search for tick parasites in South Africa ...	III	23
CURSON, H. H.	Studies on Sex Physiology. XI. The relationship between a corpus luteum serum and the corresponding pregnant horn ...	III	133
	Anatomical Studies No. 41. Prenatal death in the Merino ewe associated with deformity of the cervix uteri ...	III	235
	Anatomical Studies No. 43. Two cases of missing incisor teeth in the horse ...	III	239
	Anatomical Studies No. 44. On two anomalies arising from the embryonic small intestine ...	III	241
	Anatomical Studies No. 45. Synotus in a lamb and a pig foetus ...	III	245
	Anatomical Studies No. 46. Apus in a pig ...	III	249
	Anatomical Studies No. 48. On a case of Brachygnathia superior in an ox ...	III	253
	Anatomical Studies No. 49. On a deformity of the shoulder joint in a pig ...	III	255
	Studies on Sex Physiology. XII. The situation of the developing foetus and the relationship between the pregnant horn and the corresponding corpus luteum verum ...	III	477
	Anatomical Studies No. 50. A comparison of Hamitic Longhorn, West African Shorthorn and Afrikaner Cattle particularly with regard to the skull ...	III	487
DE BOOM, H. P. A.	Anatomical Studies No. 42. Polydactylism in a pig ...	III	237
DU TOIT, P. J....	<i>Eperythrozoon ovis</i> (sp. nov.) infection in sheep ...	III	263
DU TOIT, R. M. ...	Results of a mosquito survey at Onderstepoort during the summer, 1931-32, in connection with the transmission of horsesickness ...	III	43
	Handling mosquitoes for experimental purposes under South African conditions ...	III	79
	Investigations into the transmission of horsesickness at Onderstepoort during the season 1931-1932 ...	III	275

	VOL.	PAGE
EPSTEIN, H.	Anatomical Studies No. 50. A comparison of Hamitic Longhorn, West African Shorthorn and Afrikander Cattle particularly with regard to the skull	III 487
LOUW, J. G.	A routine method for the determination of soluble ash in plant material	III 191
MARAIS, J. S. C. ...	Isolation of the poisonous principle of <i>Dimorphotheca cuneata</i> Less.	III 111
MARAIS, I. P.	Anatomical Studies No. 47. Pervious Urachus in a bull calf	III 251
MARÉ, G. S.	The influence of feed on the Merino sheep Studies on Sex Physiology. XII. The situation of the developing foetus and the relationship between the pregnant horn and the corresponding corpus luteum verum	III 199 III 477
MASON, J. H.	Heartwater in sheep. The Weil-Felix reaction and an investigation into the bacterial content of the blood with particular reference to the use of K-medium ... Further notes on lumpy wool in South Africa	III 7 III 211
NEITZ, W. O.	<i>Eperythrozoon ovis</i> (sp. nov.) infection in sheep Rabies in South Africa.—Occurrence and distribution of cases during 1933	III 263 III 335
NIESCHULZ, O.	Results of a mosquito survey at Onderstepoort during the summer, 1931-32, in connection with the transmission of horsesickness Handling mosquitoes for experimental purposes under South African conditions Investigations into the transmission of horsesickness at Onderstepoort during the season 1931-1932	III 43 III 79 III 275
ORTLEPP, R. J.	Echinococcus in dogs from Pretoria and vicinity Preliminary note on the life-history of <i>Gaigeria pachy-scelis</i> (Raill and Henry 1910), a hookworm of sheep On <i>Habronema murrayi</i> sp. n. from the barn owl, <i>Tyto alba</i>	III 97 III 347 III 351
QUIN, J. I.	Studies in the photosensitisation of animals in South Africa. VII. The nature of the photosensitising agent in geeldikkop	III 137
RIMINGTON, C.	Isolation of the poisonous principle of <i>Dimorphotheca cuneata</i> Less. Studies in the Photosensitisation of animals in South Africa. VII. The nature of the photosensitising agent in geeldikkop Recent advances in the chemistry of plasma proteins and their complexes	III 111 III 137 III 161
STEYN, D. G.	Plant poisoning in stock and the development of tolerance Recent investigations into the toxicity of known and unknown poisonous plants in the Union of South Africa The toxicology of plants in South Africa	III 119 III 125 III 359
SUTTON, G. D.	Anatomical Studies No. 47. Pervious Urachus in a bull calf	III 251
THOMAS, A. D.	Rabies in South Africa. Occurrence and distribution of cases during 1933	III 335
VAN DER WALT, S. J.	Anatomical Studies No. 42. Polydactylism in a pig ...	III 237
