

## SUBJECT INDEX

Volume and page

<b>Antibody response</b>		
The antibody response of cattle to <i>Clostridium botulinum</i> type C and D toxoids.....	43	165-174
<b>Aspergillus clavatus</b>		
A highly fatal tremorgenic mycotoxicosis of cattle caused by <i>Aspergillus clavatus</i> .....	43	147-154
<b>Acarina</b>		
Gonad development and gametogenesis in <i>Boophilus decoloratus</i> (Koch, 1844) (Acarina: Metastricata: Ixodidae)	43	79-96
<i>Ixodes (Afrixodes) bakeri</i> Arthur & Clifford, 1961 (Acarina: Ixodidae): Description of the male and immature stages from rodents and insectivores and notes on its biology in South Africa.....	43	105-112
Fertilization capacity of <i>Boophilus decoloratus</i> (Koch, 1844) (Acarina: Ixodidae).....	43	143-146
<b>Afrixodes</b>		
<i>Ixodes (Afrixodes) bakeri</i> Arthur & Clifford, 1961 (Acarina: Ixodidae): Description of the male and immature stages from rodents and insectivores and notes on its biology in South Africa.....	43	105-112
<b>Age</b>		
Studies on schistosomiasis 8. The influence of age on the susceptibility of sheep to infestation with <i>Schistosoma mattheei</i> .....	43	43-54
<b>Air-sacculitis</b>		
The isolation of <i>Mycoplasma synoviae</i> from chickens with infectious synovitis and air-sacculitis in the Republic of South Africa.....	43	39-42
<b>Antibody</b>		
Antibody response to and immunity induced by <i>Corynebacterium pyogenes</i> vaccine.....	43	97-104
<b>Babesia bovis</b>		
The fine structure of merozoites of <i>Babesia bovis</i> in the gut epithelium of <i>Boophilus microplus</i> .....	43	1-10
Light and electron microscopic observations on the development of small merozoites of <i>Babesia bovis</i> and <i>Boophilus microplus</i> larvae.....	43	123-128
<b>Babesiosis</b>		
Cerebral babesiosis in a new-born calf.....	43	75-78
<b>Bluetongue</b>		
Bluetongue virus as a cause of hydranencephaly in cattle.....	43	155-158
A study on the pathogenesis of bluetongue: replication of the virus in the organs of infected sheep.....	43	159-164
Kinetics of the IgM and IgG immunological response to sheep erythrocytes and bluetongue virus in mice.....	43	185-188
The isolation and preliminary genetic classification of temperature-sensitive mutants of bluetongue virus.....	43	189-192
<b>Boophilus decoloratus</b>		
Gonad development and gametogenesis in <i>Boophilus decoloratus</i> (Koch, 1844) (Acarina: Metastricata: Ixodidae)	43	79-96
Fertilization capacity of <i>Boophilus decoloratus</i> (Koch, 1844) (Acarina: Ixodidae).....	43	143-146
<b>Boophilus microplus</b>		
Light and electron microscopic observations on the development of small merozoites of <i>Babesia bovis</i> and <i>Boophilus microplus</i> larvae.....	43	123-128
The fine structure of merozoites of <i>Babesia bovis</i> in the gut epithelium of <i>Boophilus microplus</i> .....	43	1-10
<b>Brucella abortus</b>		
Relation between macrophage migration inhibition and immunity to <i>Brucella abortus</i> in guinea-pigs.....	43	175-184
<b>Buffalo</b>		
Ticks from the African buffalo ( <i>Syncerus caffer</i> ) in Ngamiland, Botswana.....	43	27-30
<b>Calf</b>		
Cerebral babesiosis in a new-born calf.....	43	75-78
<b>Calves</b>		
Immunization of mice and calves against <i>Salmonella dublin</i> with attenuated live and inactivated vaccines.....	43	31-38
<b>Cattle</b>		
Maldronksiekte in cattle: a neuronopathy caused by <i>Solanum kwebense</i> .....	43	67-74
Q fever in cattle and sheep in Southern Africa. A preliminary report.....	43	129-132
A highly fatal tremorgenic mycotoxicosis of cattle caused by <i>Aspergillus clavatus</i> .....	43	147-154
Bluetongue virus as a cause of hydranencephaly in cattle.....	43	155-158
The antibody-response of cattle to <i>Clostridium botulinum</i> types C and D toxoids.....	43	165-174
<b>Cerebral babesiosis</b>		
Cerebral babesiosis in a new-born calf.....	43	75-78
<b>Cerebro-spinal fluid</b>		
Observations on the transmission, immunology, clinical signs and chemotherapy of dourine ( <i>Trypanosoma equiperdum</i> infection) in horses with special reference to cerebro-spinal fluid.....	43	55-66
<b>Chemotherapy (dourine)</b>		
Observations on the transmission, immunology, clinical signs and chemotherapy of dourine ( <i>Trypanosoma equiperdum</i> infection) in horses with special reference to cerebro-spinal fluid.....	43	55-66
<b>Chickens</b>		
The isolation of <i>Mycoplasma synoviae</i> from chickens with infectious synovitis and air-sacculitis in the Republic of South Africa.....	43	39-42

	<i>Volume and page</i>
<b>Clinical signs (dourine)</b>	
Observations on the transmission, immunology, clinical signs and chemotherapy of dourine ( <i>Trypanosoma equiperdum</i> infection) in horses with special reference to cerebro-spinal fluid.....	43 55-66
<b>Clostridium botulinum</b>	
The antibody response of cattle to <i>Clostridium botulinum</i> types C and D toxoids.....	43 165-174
<b>Corynebacterium pyogenes</b>	
Antibody response to and immunity induced by <i>Corynebacterium pyogenes</i> vaccine.....	43 97-104
<b>Cysticerci</b>	
The effect of gamma radiation on the cysticerci of <i>Taenia solium</i> .....	43 23-26
<b>Dourine</b>	
Observations on the transmission, immunology, clinical signs and chemotherapy of dourine ( <i>Trypanosoma equiperdum</i> infection) in horses with special reference to cerebro-spinal fluid.....	43 55-66
<b>Electrophoretic study</b>	
A gel electrophoretic study on the protein and nucleic acid components of African horsesickness virus.....	43 193-200
<b>Epithelial cell</b>	
Transmission of jaagsiekte (ovine, pulmonary adenomatosis) by means of a permanent epithelial cell line established from affected lungs.....	43 133-142
<b>Epithelium</b>	
The fine structure of <i>Babesia bovis</i> in the gut epithelium of <i>Boophilus microplus</i> .....	43 1-10
<b>Equidae</b>	
Leukoencephalomalacia: a mycotoxicosis of equidae caused by <i>Fusarium moniliforme</i> Sheldon.....	43 113-122
<b>Erythrocytes</b>	
Kinetics of the IgM and IgG immunological response to sheep erythrocytes and bluetongue virus in mice....	43 185-188
<b>Fatty acid</b>	
Volatile fatty acid metabolism in sheep. 1. Average daily volatile fatty acid production in the rumen of sheep fed lucerne hay.....	43 11-22
<b>Fertilization capacity</b>	
Fertilization capacity of <i>Boophilus decoloratus</i> (Koch, 1844) (Acarina: Ixodidae).....	43 143-146
<b>Fusarium moniliforme</b>	
Leukoencephalomalacia: a mycotoxicosis of equidae caused by <i>Fusarium moniliforme</i> Sheldon.....	43 113-122
<b>Gametogenesis</b>	
Gonad development and gametogenesis in <i>Boophilus decoloratus</i> (Koch, 1844) (Acarina: Metastricata- Ixodidae)	43 79-96
<b>Gamma radiation</b>	
The effect of gamma radiation on the cysticerci of <i>Taenia solium</i> .....	43 23-26
<b>Genetic classification</b>	
The isolation and preliminary genetic classification of temperature-sensitive mutants of bluetongue virus.....	43 189-192
<b>Gonad</b>	
Gonad development and gametogenesis in <i>Boophilus decoloratus</i> (Koch, 1844) (Acarina: Metastricata: Ixodidae)	43 79-96
<b>Guinea-pigs</b>	
Relation between macrophage migration inhibition and immunity to <i>Brucella abortus</i> in guinea-pigs.....	43 175-184
<b>Horse</b>	
Observations on the transmission, immunology, clinical signs and chemotherapy of dourine ( <i>Trypanosoma equiperdum</i> infection) in horses with special reference to cerebro-spinal fluid.....	43 55-66
Experimental intraspinal <i>Trypanosoma equiperdum</i> infection in a horse.....	43 201-202
<b>Horsesickness</b>	
A gel electrophoresis study of the protein and nucleic acid components of African horsesickness virus.....	43 193-200
<b>Hydranencephaly</b>	
Bluetongue virus as a cause of hydranencephaly in cattle.....	43 155-158
<b>IgG response</b>	
Kinetics of the IgM and IgG immunological response to sheep erythrocytes and bluetongue virus in mice....	43 185-188
<b>IgM response</b>	
Kinetics of the IgM and IgG immunological response to sheep erythrocytes and bluetongue virus in mice....	43 185-188
<b>Immunity</b>	
Antibody response to and immunity induced by <i>Corynebacterium pyogenes</i> vaccine.....	43 97-104
Relation between macrophage migration inhibition and immunity to <i>Brucella abortus</i> in guinea-pigs.....	43 175-184
<b>Immunization</b>	
Immunization of mice and calves against <i>Salmonella dublin</i> with attenuated live and inactivated vaccines.....	43 31-38
<b>Immunology (dourine)</b>	
Observations on the transmission, immunology, clinical signs and chemotherapy of dourine ( <i>Trypanosoma equiperdum</i> infection) in horses with special reference to cerebro-spinal fluid.....	43 55-66
<b>Inhibition</b>	
Relation between macrophage migration inhibition and immunity to <i>Brucella abortus</i> in guinea-pigs.....	43 175-184
<b>Insectivores</b>	
<i>Ixodes (Afrixodes) bakeri</i> : Arthur & Clifford, 1961 (Acarina: Ixodidae): Description of the male and immature stages from rodents and insectivores and notes on its biology in South Africa.....	43 105-112
<b><i>Ixodes (Afrixodes) bakeri</i></b>	
<i>Ixodes (Afrixodes) bakeri</i> Arthur & Clifford, 1961 (Acarina: Ixodidae): Description of the male and immature stages from rodents and insectivores and notes on its biology in South Africa.....	43 105-112

	<i>Volume and page</i>	
<b>Ixodidae</b>		
Gonad development and gametogenesis in <i>Boophilus decoloratus</i> Koch, 1844) (Acarina: Ixodidae).....	43	79-96
<i>Ixodes (Afrioxodes) bakeri</i> Arthur & Clifford, 1961 (Acarina: Ixodidae): Description of the male and immature stages from rodents and insectivores and notes on its biology in South Africa.....	43	105-112
Fertilization capacity of <i>Boophilus decoloratus</i> (Koch, 1844) (Acarina: Ixodidae).....	43	143-146
<b>Jaagsiekte</b>		
Transmission of jaagsiekte (ovine pulmonary adenomatosis) by means of a permanent epithelial cell line established from affected lungs.....	43	133-142
<b>Leukoencephalomalacia</b>		
Leukoencephalomalacia: a mycotoxicosis of equidae caused by <i>Fusarium moniliforme</i> Sheldon.....	43	113-122
<b>Lucerne hay</b>		
Volatile fatty acid metabolism in sheep. 1. Average daily volatile fatty acid production in the rumen of sheep fed lucerne hay.....	43	11-22
<b>Macrophage migration inhibition</b>		
Relation between macrophage migration inhibition and immunity to <i>Brucella abortus</i> in guinea-pigs.....	43	175-184
<b>Maldronksiekte</b>		
Maldronksiekte in cattle: a neuronopathy caused by <i>Solanum kwebense</i> .....	43	67-74
<b>Merozoites</b>		
The fine structure of merozoites of <i>Babesia bovis</i> in the gut epithelium of <i>Boophilus microplus</i> .....	43	1-10
Light and electron microscopic observations on the development of small merozoites of <i>Babesia bovis</i> and <i>Boophilus microplus</i> larvae.....	43	123-128
<b>Metastrata</b>		
Gonad development and gametogenesis in <i>Boophilus decoloratus</i> (Koch, 1844) (Acarina: Metastrata: Ixodidae)	43	79-96
<b>Mice</b>		
Immunization of mice and calves against <i>Salmonella dublin</i> with attenuated live and inactivated vaccines.....	43	31-38
Kinetics of the IgM and IgG immunological response to sheep erythrocytes and bluetongue virus in mice.....	43	185-188
<b>Migration inhibition</b>		
Relation between macrophage migration inhibition and immunity to <i>Brucella abortus</i> in guinea-pigs.....	43	175-184
<b>Mutants</b>		
The isolation and preliminary genetic classification of temperature-sensitive mutants of the bluetongue virus..	43	189-192
<b>Mycoplasma synoviae</b>		
The isolation of <i>Mycoplasma synoviae</i> from chickens with infectious synovitis and air-sacculitis in the Republic of South Africa.....	43	39-42
<b>Mycotoxiosis</b>		
Leukoencephalomalacia: a mycotoxicosis of equidae caused by <i>Fusarium moniliforme</i> Sheldon.....	43	113-122
A highly fatal tremorgenic mycotoxicosis of cattle caused by <i>Aspergillus clavatus</i> .....	43	147-154
<b>Neuronopathy</b>		
Maldronksiekte in cattle: a neuronopathy caused by <i>Solanum kwebense</i> .....	43	67-74
<b>Nucleic acid</b>		
A gel electrophoretic study of the protein and nucleic acid components of African horsesickness virus.....	43	193-200
<b>Ovine pulmonary adenomatosis</b>		
Transmission of jaagsiekte (ovine pulmonary adenomatosis) by means of a permanent epithelial cell line established from affected lungs.....	43	133-142
<b>Pathogenesis</b>		
A study on the pathogenesis of bluetongue: replication of the virus in the organs of infected sheep.....	43	159-164
<b>Protein</b>		
A gel electrophoretic study of the protein and nucleic acid components of African horsesickness virus.....	43	193-200
<b>Q fever</b>		
Q fever in cattle and sheep in Southern Africa. A preliminary report.....	43	129-132
<b>Radiation</b>		
The effect of gamma radiation on the cysticerci of <i>Taenia solium</i> .....	43	23-26
<b>Rodents</b>		
<i>Ixodes (Afrioxodes) bakeri</i> Arthur & Clifford, 1961 (Acarina: Ixodidae): Description of the male and immature stages from rodents and insectivores and notes on its biology in South Africa.....	43	105-112
<b>Salmonella dublin</b>		
Immunization of mice and calves against <i>Salmonella dublin</i> with attenuated live and inactivated vaccines.....	43	31-38
<b>Schistosoma mattheei</b>		
Studies on schistosomiasis. 8. The influence of age on the susceptibility of sheep to infestation with <i>Schistosoma mattheei</i> .....	43	43-54
<b>Schistosomiasis</b>		
Studies on schistosomiasis. 8. The influence of age on the susceptibility of sheep to infestation with <i>Schistosoma mattheei</i> .....	43	43-54
<b>Sheep</b>		
Volatile fatty acid metabolism in sheep. 1. Average daily volatile fatty acid production in the rumen of sheep fed lucerne hay.....	43	11-22
Studies on schistosomiasis. 8. The influence of age on the susceptibility of sheep to infestation with <i>Schistosoma mattheei</i> .....	43	43-54
Q fever in cattle and sheep in Southern Africa. A preliminary report.....	43	129-132
A study on the pathogenesis of bluetongue: replication of the virus in the organs of infected sheep.....	43	159-164
Kinetics of the IgM and IgG immunological response to sheep erythrocytes and bluetongue virus in mice.....	43	185-188

	<i>Volume and page</i>	
<b>Solanum kwebense</b>		
Maldronksiekte in cattle: a neuronopathy caused by <i>Solanum kwebense</i> .....	43	67-74
<b>Syncerus caffer</b>		
Ticks from the African buffalo ( <i>Syncerus caffer</i> ) in Ngamiland, Botswana.....	43	27-30
<b>Synovitis</b>		
The isolation of <i>Mycoplasma synoviae</i> from chickens with infectious synovitis and air-sacculitis in the Republic of South Africa.....	43	39-42
<b>Taenia solium</b>		
The effect of gamma radiation on the cysticerci of <i>Taenia solium</i> .....	43	23-26
<b>Ticks</b>		
Ticks from the African buffalo ( <i>Syncerus caffer</i> ) in Ngamiland, Botswana.....	43	27-30
<b>Toxoids</b>		
The antibody response of cattle to <i>Clostridium botulinum</i> types C and D toxoids.....	43	165-174
<b>Transmission (dourine)</b>		
Observations on the transmission, immunology, clinical signs and chemotherapy of dourine ( <i>Trypanosoma equiperdum</i> infection) in horses with special reference to cerebro-spinal fluid.....	43	55-66
<b>Tremorgenic mycotoxicosis</b>		
A highly fatal tremorgenic mycotoxicosis of cattle caused by <i>Aspergillus clavatus</i> .....	43	147-154
<b>Trypanosoma equiperdum</b>		
Observations on the transmission, immunology, clinical signs and chemotherapy of dourine ( <i>Trypanosoma equiperdum</i> infection) in horses with special reference to cerebro-spinal fluid.....	43	55-66
Experimental intraspinal <i>Trypanosoma equiperdum</i> infection in a horse.....	43	201-202
<b>Virus</b>		
A study on the pathogenesis of bluetongue: replication of the virus in the organs of infected sheep.....	43	159-164
Kinetics of the IgM and IgG immunological response to sheep erythrocytes and bluetongue virus in mice.....	43	185-188
The isolation and preliminary genetic classification of temperature-sensitive mutants of bluetongue virus.....	43	189-192
A gel electrophoretic study on the protein and nucleic acid components of African horsesickness virus.....	43	193-200
<b>Vaccine</b>		
Antibody response to and immunity induced by <i>Corynebacterium pyogenes</i> vaccine.....	43	97-104
Immunization of mice and calves against <i>Salmonella dublin</i> with attenuated live and inactivated vaccines.....	43	31-38
<b>Virus</b>		
Bluetongue virus as a cause of hydranencephaly in cattle.....	43	155-158
<b>Volatile fatty acid</b>		
Volatile fatty acid metabolism in sheep. 1. Average daily volatile fatty acid production in the rumen of sheep fed lucerne hay.....	43	11-22
