

ANOPLOCEPHALID	
Observation on <i>Rajotaenia gerbilli</i> Wertheim, 1954, an anoplocephalid cestode from gerbils.....	21
ANTELOPES	
Lungworms from South African antelopes.....	173
ANTHELMINTICS	
A modification of standard procedures for evaluating the relative efficacy of anthelmintics	241
<i>ANTIDORCAS MARSUPIALIS</i>	
<i>Parafilaria bassoni</i> sp. nov. from the eyes of springbuck (<i>Antidorcas marsupialis</i>).....	165
ANTIGENIC TYPES	
The isolation and identification of further antigenic types of African horsesickness virus..	139
BLOOD GROUPS	
Blood groups in bovines. II. Normally occurring isoantibodies in cattle blood.....	89
BLOOD KETONE	
Ovine ketosis. II. The effect of pregnancy on the blood ketone body levels of well-fed ewes.....	107
Ovine ketosis. III. The effect of starvation on the blood sugar and ketone body levels of wethers.....	259

	<i>Page</i>
BLOOD SUGAR	
Ovine ketosis. III. The effect of starvation on the blood sugar and ketone body levels of wethers.....	259
BOVINES	
Ovulatory failure in bovines.....	55
Blood groups in bovines II. Normally occurring isoantibodies in cattle blood.....	89
BRUCELLA	
A urease test for characterizing <i>Brucella</i> strains.....	151
<i>BULINUS TROPICUS</i>	
Studies on paramphistomiasis. I. The propagation of <i>Bulinus tropicus</i> . Krauss 1848..	183
CATENOTAENIA TAPEWORM	
On two new <i>Catenotaenia</i> tapeworms from a South African rat with remarks on the species of the genus.....	11
CATTLE	
Blood groups in bovines. II. Normally occurring isoantibodies in cattle blood.....	89
CESTODE	
Observation on <i>Rajotaenia gerbilli</i> Wertheim, 1954, an anoplocephalid cestode from gerbils	21
CONCENTRATES	
The stability of Vitamin A in synthetic Vitamin A concentrates (acetate or palmitate). I. In phosphatic stock licks with and without trace elements.....	269
<i>COWDRIA (RICKETTSIA) RUMINANTIUM</i>	
The pathological physiology of heartwater [<i>Cowdria (Rickettsia) ruminantium</i> Cowdry, 1926].....	25
<i>CYLICODONTOPHORUS</i>	
<i>Trichonema (Cylicodontophorus) schürmanni</i> sp. nov. from a zebra. (<i>Equus burchelli</i> Gray, 1924).....	169
DOGS	
Pathological studies on neoplasms of dogs in South Africa.....	35
DOMESTIC ANIMALS	
Studies on specific oculo-vascular myiasis of domestic animals (uitpeuloog). I. Historical review.....	81
Studies on specific oculo-vascular myiasis of domestic animals (uitpeuloog). II. Experimental transmission.....	203
Studies on specific oculo-vascular myiasis of domestic animals (uitpeuloog). III. Symptomatology, pathology, aetiology and epizootiology.....	211
ENZOOTIC ICTERUS	
A preliminary report on the occurrence of selenosis in South Africa and its possible role in the aetiology of tribulosis (geeldikkop), enzootic icterus and some other disease conditions encountered in the Karoo areas.....	111
<i>EQUUS BURCHELLI</i>	
<i>Trichonema (Cylicodontophorus) schürmanni</i> sp. nov. from a zebra (<i>Equus burchelli</i> Gray, 1924).....	169
EWES	
Ovine ketosis. II. The effect of pregnancy on the blood ketone body levels of well-fed ewes.....	107
GEELDIKKOP	
A preliminary report on the occurrence of selenosis in South Africa and its possible role in the aetiology of tribulosis (geeldikkop), enzootic icterus and some other disease conditions encountered in the Karoo areas.....	111

	<i>Page</i>
GERBILS	
Observations on <i>Rajotaenia gerbilli</i> Wertheim, 1954, an anoplocephalid cestode from gerbils.....	21
HEARTWATER	
The pathological physiology of heartwater [<i>Cowdria (Rickettsia) ruminantium</i> . Cowdry, 1926].....	25
HORSESICKNESS	
The isolation and identification of further antigenic types of African horsesickness virus. .	139
IMMUNITY	
Studies on Rift Valley fever—Passive and active immunity in lambs.....	3
ISOANTIBODIES	
Blood groups in bovines. II. Normally occurring isoantibodies in cattle blood.....	89
KETOSIS	
Ovine ketoses. II. The effect of pregnancy on the blood ketone body levels of well-fed ewes.....	107
Ovine ketosis. III. The effect of starvation on the blood sugar and ketone body levels of wethers.....	259
LAMBS	
Studies on Rift Valley fever—Passive and active immunity in lambs.....	3
LUNGWORMS	
Lungworms from South African antelopes.....	173
METACERCARIA	
Studies on paramphistomiasis. II. The mass production of metacercariae of <i>Paramphistomum microbothrium</i> Fischoeder 1901.....	189
Studies on paramphistomiasis III. A method of testing the viability of paramphistome metacercariae.....	197
MYIASIS	
Studies on specific oculo-vascular myiasis of domestic animals (uitpeuloog). I. Historical review.....	81
Studies on specific oculo-vascular myiasis of domestic animals (uitpeuloog). II. Experimental transmission.....	203
Studies on specific oculo-vascular myiasis of domestic animals (uitpeuloog) III. Symptomatology, pathology, aetiology and epizootiology.....	211
NEMATODES	
On <i>Trachypharynx natalensis</i> sp. nov. and some associated genera of nematodes.....	159
NEOPLASMS	
Pathological studies on neoplasms of dogs in South Africa.....	35
OCULO-VASCULAR MYIASIS	
Studies on specific oculo-vascular myiasis of domestic animals (uitpeuloog). I. Historical review.....	81
Studies on specific oculo-vascular myiasis of domestic animals (uitpeuloog). II. Experimental transmission.....	203
Studies on specific oculo-vascular myiasis of domestic animals (uitpeuloog). III. Symptomatology, pathology, aetiology and epizootiology.....	211
OVINE KETOSIS	
Ovine ketosis. II. The effect of pregnancy on the blood ketone body levels of well-fed ewes.....	107
Ovine ketosis. III. The effect of starvation on the blood sugar and ketone body levels of wethers.....	259

	<i>Page</i>
OVULATORY FAILURE	
Ovulatory failure in bovines.....	55
<i>PARAFILARIA BASSONI</i>	
<i>Parafilaria bassoni</i> sp. nov. from the eyes of springbuck (<i>Antidorcas marsupialis</i>).....	165
PARAMPHISTOMIASIS	
Studies on paramphistomiasis. I. The propagation of <i>Bulinus tropicus</i> Krauss 1848....	183
Studies on paramphistomiasis. II. The mass production of metacercariae of <i>Paramphistomum microbothrium</i> Fiscoeder 1901.....	189
Studies on paramphistomiasis. III. A method of testing the viability of paramphistome metacercariae.....	197
PREGNANCY	
Ovine ketosis. II. The effect of pregnancy on the blood ketone body levels of well-fed ewes.....	107
<i>RAJOTAENIA GERBILLI</i>	
Observations on <i>Raiotaenia gerbilli</i> Wertheim, 1954, an anoplocephalid cestode from gerbils.....	21
RAT	
On two <i>Catenotaenia</i> tapeworms from a South African rat with remarks on the species of the genus.....	11
<i>RICKETTSIA RUMINANTIUM</i>	
The pathological physiology of heartwater [<i>Cowdria (Rickettsia) ruminantium</i> Cowdry, 1926].....	25
RIFT VALLEY FEVER	
Studies on Rift Valley fever—Passive and active immunity in lambs.....	3
SELENOSIS	
A preliminary report on the occurrence of selenosis in South Africa and its possible role in the aetiology of tribulosis (geeldikkop), enzootic icterus and some other disease conditions encountered in the Karoo areas.....	111
SPRINGBUCK	
<i>Parafilaria bassoni</i> sp. nov. from the eyes of springbuck (<i>Antidorcas marsupialis</i>).....	165
STARVATION	
Ovine ketosis. III. The effect of starvation on the blood sugar and ketone body levels of wethers.....	259
STOCK LICKS	
The stability of Vitamin A in synthetic Vitamin A concentrates (acetate or palmitate). I. In phosphatic stock licks with and without trace elements.....	269
SUGAR	
Ovine ketosis. III. The effect of starvation on the blood sugar and ketone body levels of wethers.....	259
TAPEWORM	
On two new <i>Catenotaenia</i> tapeworms from a South African rat with remarks on the species of the genus.....	11
TRACE ELEMENTS	
The stability of Vitamin A in synthetic Vitamin A concentrates (acetate or palmitate). I. In phosphatic stock licks with and without trace elements.....	269
<i>TRACHYPHARYNX NATALENSIS</i>	
On <i>Trachypharynx natalensis</i> sp. nov. and some associated genera of nematodes.....	159

	<i>Page</i>
TRIBULOSIS	
A preliminary report on the occurrence of selenosis in South Africa and its possible role in the aetiology of tribulosis (geeldikkop), enzootic icterus and some other disease conditions encountered in the Karoo areas.	111
TRICHONEMA (CYLICODONTOPHORUS) SCHÜRMANNI	
<i>Trichonema (Cylicodontophorus) schurmanni</i> sp. nov. from a zebra (<i>Equus burchelli</i> Gray, 1924).....	169
UITPEULOOG	
Studies on specific oculo-vascular myiasis of domestic animals (uitpeuloog). I. Historical review.....	81
Studies on specific oculo-vascular myiasis of domestic animals (uitpeuloog). II. Experimental transmission.....	203
Studies on specific oculo-vascular myiasis of domestic animals (uitpeuloog). III. Symptomatology, pathology, aetiology and epizootiology.....	211
UREASE TEST	
A urease test for characterizing <i>Brucella</i> strains.....	151
VIRUS	
The isolation and identification of further antigenic types of African horsesickness virus..	139
VITAMIN A	
The stability of Vitamin A in synthetic Vitamin A concentrates (acetate or palmitate). I. In phosphatic stock licks with and without trace elements.....	269
WETHERS	
Ovine ketosis. III. The effect of starvation on the blood sugar and ketone body levels of wethers.....	259
ZEBRA	
<i>Trichonema (Cylicodontophorus) schürmanni</i> sp. nov. from a zebra (<i>Equus burchelli</i> Gray, 1924).....	169
