

SUBJECT INDEX

	<i>Page</i>
ABORTING ANIMALS.	
Chemical studies on blood and tissues from Angora goats carrying to normal term and from habitually-aborting animals.....	169
ABORTION	
Investigations into the causes of abortion in Angora goats in South Africa.....	23
AFRICAN HORSESICKNESS	
Observations on the occurrence of African horsesickness amongst immunised horses..	3
ALLOXAN	
Ovine ketosis. IV. The effect of alloxan on the ketone body and blood sugar levels of Merino wethers.....	161
ANGORA GOATS	
Investigations into the causes of abortion in Angora goats in South Africa.....	23
Chemical studies on blood and tissues from Angora goats carrying to normal term and from habitually-aborting animals.....	169
The urinary excretion of 5 β -Pregnane-3 α : 20 α -diol and gestational failure in Angora goats.....	179
ANTIGENICITY OF HORSESICKNESS STRAINS	
Preliminary observations on the value of the guinea-pig in determining the innocuity and antigenicity of neurotropic attenuated horsesickness strains.....	11
ASCAROPSINAE	
<i>Pereiraia raphiceri</i> sp. nov. (Nematoda: Ascaropsinae) from a steenbuck (<i>Raphicerus campestris</i> Thunberg, 1811).....	133
ASCOMETRA SP.	
Observations on cestode parasites of guinea-fowl from Southern Africa.....	95
ATTENUATED HORSESICKNESS STRAINS	
Preliminary observations on the value of the guinea-pig in determining the innocuity and antigenicity of neurotropic attenuated horsesickness strains.....	11
BIGALKENEMA NAMAQUENSIS	
<i>Bigalkenema namaquensis</i> gen. & sp. nov., a trichostrongylid worm from sheep.....	119
BLOOD CONSTITUENTS	
Chemical studies on blood and tissues from Angora goats carrying to normal term and from habitually-aborting animals.....	169
BLOOD SUGAR	
Ovine ketosis. IV. The effect of alloxan on the ketone body and blood sugar levels of Merino wethers.....	161
CESTODA	
<i>Pseudandrya mkuzii</i> sp. nov. (Cestoda: Hymenolepididae) from <i>Ichneumia albicauda</i> ..	127
CESTODES IN GUINEA-FOWL	
Observations on cestode parasites of guinea-fowl from Southern Africa.....	95
CLINOSTOMID	
Clinostomid trematodes as aberrant parasites in the mouth of the domestic cat (<i>Felis catus domesticus</i>).....	137
COPPER DEFICIENCY	
Chemical studies of blood and tissues from Angora goats carrying to normal term and from habitually-aborting animals.....	169

	<i>Page</i>
<i>COTUGNIA SP.</i>	
Observations on cestode parasites of guinea-fowl from Southern Africa.....	95
<i>DAVAINA SP.</i>	
Observations on cestode parasites of guinea-fowl from Southern Africa.....	95
DOMESTIC CAT	
Clinostomid trematodes as aberrant parasites in the mouth of the domestic cat (<i>Felis catus domesticus</i>).....	137
EMBRYOLOGICAL DEVELOPMENT	
The embryological development of the pharyngeal region of the sheep.....	191
<i>FELIS CATUS DOMESTICUS</i>	
Clinostomid trematodes as aberrant parasites in the mouth of the domestic cat (<i>Felis catus domesticus</i>).....	137
GESTATIONAL FAILURE	
The urinary excretion of 5 β -Pregnane-3 α : 20 α -diol and gestational failure in Angora goats.....	179
GOATS	
Investigations into the causes of abortion in Angora goats in South Africa.....	23
Chemical studies on blood and tissues from Angora goats carrying to normal term and from habitually-aborting animals.....	169
The urinary excretion of 5 β -Pregnane-3 α : 20 α -diol and gestational failure in Angora goats.....	179
GUINEA-FOWL	
Observations on cestode parasites of guinea-fowl from Southern Africa.....	95
GUINEA-PIG	
Preliminary observations on the value of the guinea-pig in determining the innocuity and antigenicity of neurotropic attenuated horsesickness strains.....	11
HORSES	
Observations on the occurrence of African horsesickness amongst immunised horses..	3
HORSESICKNESS	
Observations on the occurrence of African horsesickness amongst immunised horses..	3
Preliminary observations on the value of the guinea-pig in determining the innocuity and antigenicity of neurotropic attenuated horsesickness strains.....	11
<i>HISPANIOLEPIS SP.</i>	
Observations on cestode parasites of guinea-fowl from Southern Africa.....	95
HYMENOLEPIDIDAE	
<i>Pseudandrya mkuzii</i> sp. nov. (Cestoda: Hymenolepididae) from <i>Ichneumia albicauda</i>	127
HYPOCUPRAEMIA	
Chemical studies on blood and tissues from Angora goats carrying to normal term and from habitually-aborting animals.....	169
<i>ICHNEUMIA ALBICAUDA</i>	
<i>Pseudandrya mkuzii</i> sp. nov. (Cestoda: Hymenolepididae) from <i>Ichneumia albicauda</i>	127
IMMUNISED HORSES	
Observations on the occurrence of African horsesickness amongst immunised horses..	3
INNOCUITY OF HORSESICKNESS STRAINS	
Preliminary observations on the value of the guinea-pig in determining the innocuity and antigenicity of neurotropic attenuated horsesickness strains.....	11
IRON CONTENT (LIVER)	
Chemical studies on blood and tissues from Angora goats carrying to normal term and from habitually-aborting animals.....	169

	<i>Page</i>
KETONE	
Ovine ketosis. IV. The effect of alloxan on the ketone body and blood sugar levels of Merino wethers.....	161
KETOSIS	
Ovine ketosis. IV. The effect of alloxan on the ketone body and blood sugar levels of Merino wethers.....	161
MERINO WETHERS	
Ovine ketosis. IV. The effect of alloxan on the ketone body and blood sugar levels of Merino wethers.....	161
NEMATODA	
<i>Pereiraia raphiceri</i> sp. nov. (Nematoda: Ascaropsinae) from a steenbuck (<i>Raphicerus campestris</i> Thunberg, 1811).....	133
NEUROTROPIC HORSESICKNESS STRAIN	
Preliminary observations on the value of the guinea-pig in determining the innocuity and antigenicity of neurotropic attenuated horsesickness strains.....	11
OVINE KETOSIS	
Ovine ketosis. IV. The effect of alloxan on the ketone body and blood sugar levels of Merino wethers.....	161
PARAMPHISTOMIASIS	
Studies on paramphistomiasis. V. The pathological physiology of the acute disease in sheep.....	145
PEREIRAIA RAPHICERI	
<i>Pereiraia raphiceri</i> sp. nov. (Nematoda: Ascaropsinae) from a steenbuck (<i>Raphicerus campestris</i> Thunberg, 1811).....	133
PHARYNGEAL REGION	
The embryological development of the pharyngeal region of the sheep.....	191
POROGYNIA SP.	
Observations on cestode parasites of guinea-fowl from Southern Africa.....	95
PREGNANEDIOL	
The urinary excretion of 5 β -Pregnane-3 α : 20 α -diol and gestational failure in Angora goats.....	179
PSEUDANDRYA MKUZII	
<i>Pseudandrya mkuzii</i> sp. nov. (Cestoda: Hymenolepididae) from <i>Ichneumia albicauda</i>	127
RAILLIETINA SP.	
Observations on cestode parasites of guinea-fowl from Southern Africa.....	95
RAPHICERUS CAMPESTRIS	
<i>Pereiraia raphiceri</i> sp. nov. (Nematoda: Ascaropsinae) from a steenbuck (<i>Raphicerus campestris</i> Thunberg, 1811).....	133
SALMONELLA	
Environmentally induced changes in <i>Salmonella</i> cultures.....	85
SELENIUM CONTENT (LIVER)	
Chemical studies on blood and tissues from Angora goats carrying to normal term and from habitually-aborting animals.....	169
SHEEP	
<i>Bigalkenema namaquensis</i> gen. & sp. nov., a trichostrongylid worm from sheep....	119
Studies on paramphistomiasis. V. The pathological physiology of the acute disease in sheep.....	145
The embryological development of the pharyngeal region of the sheep.....	191

	<i>Page</i>
STEENBUCK	
<i>Pereiraia raphiceri</i> sp. nov. (Nematoda: Ascaropsinae) from a steenbuck (<i>Raphicerus campestris</i> Thunberg, 1811).....	133
TREMATODES	
Clinostomid trematodes as aberrant parasites in the mouth of the domestic cat (<i>Felis catus domesticus</i>).....	137
TRICHOSTRONGYLID	
<i>Bigalkenema namaquensis</i> gen. & sp. nov., a trichostrongylid worm from sheep.....	119
URINARY EXCRETION OF PREGNANEDIOL	
The urinary excretion of 5 β -Pregnane-3 α : 20 α -diol and gestational failure in Angora goats.....	179
WETHERS	
Ovine ketosis. IV. The effect of aloxan on the ketone body and blood sugar levels of Merino wethers.....	161
