

ONDERSTEEPOORT JOURNAL OF VETERINARY RESEARCH

VOLUME 33 (1966)

AUTHOR INDEX

	<i>Page</i>
BASSON, P. A.	
Gedoeelstia myiasis in antelopes of Southern Africa.....	77
Studies on the pathology of heartwater [<i>Cowdria (Rickettsia) ruminantium</i> , Cowdry, 1926]. I. Neuropathological changes.....	115
Observation on <i>Besnoitia</i> cysts in the cardiovascular system of some wild antelopes and domestic cattle.....	245
A description of the first stage larva of <i>Oestrus aureoargentatus</i> Rodhain and Bequaert (1912) obtained by artificial mating (Diptera: Oestridae).....	287
Studies on specific oculo-vascular myiasis (uitpeuloog) of domestic animals. IV. Chemotherapy.....	297
BIGALKE, R. D.	
Observations on <i>Besnoitia</i> cysts in the cardiovascular system of some wild antelopes and domestic cattle.....	245
Observations on the antigens of some trypanosomes with special reference to common antigens.....	277
BRIEL, R. J. J.	
The effect of high levels of sodium bicarbonate in the drinking water of sheep on rumen functions.....	315
BROWN, J. M. M.	
Contributions to the study of blood constituents in domestic animals in South Africa. 2. Normal values for the activity of some enzymes of the Embden-Meyerhof pathway and tricarboxylic acid cycle occurring in the plasma of sheep.....	325
Contributions to the study of blood constituents in domestic animals in South Africa. 3. Normal values for the activity of glyceraldehyde-phosphate dehydrogenase and glucose-6-phosphate dehydrogenase in the erythrocytes of sheep.....	337
Contributions to the study of blood constituents in domestic animals in South Africa. 4. Normal values for haemoglobin and plasma calcium, inorganic phosphate, magnesium, iron and copper in the blood of Angora goats in the Cape Midlands.....	343
BUCHAN, L.	
Identification of the protective and toxic antigens of <i>Corynebacterium Pseudotuberculosis</i> ...	39
CAMERON, C. M.	
The immunizing properties of a <i>Staphylococcus aureus</i> variant possessing surface antigen	25
Identification of the protective and toxic antigens of <i>Corynebacterium pseudotuberculosis</i>	39
CLARK, R.	
The pathological physiology of helminth infestations. II. <i>Oesophagostomum columbianum</i>	139
COLLINS, MARIE	
The incidence of hydatidosis in the Republic of South Africa.....	49
DE VOS, W. H.	
The significance of the cytoplasmic droplet in the disintegration of semen in Guernsey bulls	169
The influence of excess fluorine intake in the drinking water on reproductive efficiency in bovines.....	185
DE WET, P. J.	
Contributions to the study of blood constituents in domestic animals in South Africa. 4. Normal values for haemoglobin and plasma calcium, inorganic phosphate, magnesium, iron and copper in the blood of Angora goats in the Cape Midlands.....	343

	Page
DREYER, J. H. A study of hair morphology in the family Bovidae.....	397
FICHARDT, J. B. A technique for thoracic duct-portal vein anastomosis in the dog.....	239
GERNEKE, W. H. Persistence and parthenogenetic cleavage of tubal ova in the mare.....	195
GILCHRIST, F. M. C. Ovine ketosis. V. Ketone body and blood glucose levels of Merino ewes during the preclinical, clinical and postclinical stages of pregnancy disease.....	161
Ovine ketosis. VI. The effect of starvation on the blood levels of ketones and glucose in pregnant ewes from the Karoo and Highveld regions of South Africa.....	305
GOTHE, RAINER. Investigations into sex dimorphism during nuclear interphase of the Argasid tick, <i>Ornithodoros savignyi</i> (Audouin, 1827).....	99
The sex chromatin body and its importance for the demonstration of heterochromosomal conditions in <i>Ornithodoros moubata</i> (Murray, 1877).....	107
GROSSKOPF, J. F. W. The effect of high levels of sodium bicarbonate in the drinking water of sheep on rumen function.....	315
HORAK, I. G. The pathological physiology of helminth infestations. II. <i>Oesophagostomum columbianum</i>	139
HOWELL, P. G. Multiplication of an attenuated RVH strain (Type SAT1 ₂) of foot-and-mouth disease virus in sheep.....	15
HOWELL, C. J. Studies on karyotypes of South African Argasidae. 1. <i>Ornithodoros savignyi</i> (Audouin), 1827.....	93
JANSEN, C. R. A technique for thoracic duct-portal vein anastomosis in the dog.....	239
LAMBRECHTS, H. B. The microscopic vascular pattern of the ruminal wall in <i>Ovis aries</i>	233
LE ROUX, J. S. A technique for thoracic duct-portal vein anastomosis in the dog.....	239
LOUBSER, J. S. A technique for thoracic duct-portal vein anastomosis in the dog.....	239
McCULLY, R. M. Observations on <i>Besnoitia</i> cysts in the cardiovascular system of some wild antelopes and domestic cattle.....	245
MEYER, B. J. A technique for thoracic duct-portal vein anastomosis in the dog.....	239
MORGENTHAU, J. C. The haematology of the Angora goat with special reference to the habitual aborter. 1. The pregnant doe.....	363
MUNZ, E. K. Electron microscopic studies on lumpy skin disease virus type Neethling.....	3
Observations on a strain of bluetongue virus by electron microscopy.....	9

	Page
NEVILL, E. M.	
A description of the first stage larva of <i>Oestrus aureoargentatus</i> Rodhain and Bequaert (1912) obtained by artificial mating (Diptera: Oestridae).....	287
OWEN, N. C.	
Electron microscopic studies on lumpy skin disease virus type Neethling.....	3
Observations on a strain of bluetongue virus by electron microscopy.....	9
PROCOS, J.	
Ovine ketosis. V. Ketone body and blood glucose levels of Merino ewes during preclinical, clinical and postclinical stages of pregnancy disease.....	161
Ovine ketosis. VI. The effect of starvation on the blood levels of ketones and glucose in pregnant ewes from the Karoo and the Highveld regions of South Africa.....	305
PIENAAR, J. G.	
Studies on the pathology of heartwater [<i>Cowdria (Rickettsia) ruminantium</i> , Cowdry, 1926]. I. Neuropathological changes.....	115
SION, J. J. G.	
Contributions to the study of blood constituents in domestic animals in South Africa. 5. The dog: normal values for red cell counts, haemoglobin, blood sugar and blood urea nitrogen and a practical statistical method for evaluating such data.....	353
SWART, P. J.	
A redescription of <i>Nilocotyle (Nilocotyle) braesphinctris</i> Näsmark, 1937 (Trematoda: Paramphistomidae) from <i>Hippopotamus amphibius</i>	73
VAN DER MERWE, J. L. DE B.	
Studies on the pathology of heartwater [<i>Cowdria (Rickettsia) ruminantium</i> , Cowdry, 1926]. I. Neuropathological changes.....	115
VAN NIEKERK, C. H.	
Persistence and parthenogenetic cleavage of tubal ova in the mare.....	195
VAN NIEKERK, J. W.	
Observations on <i>Besnoitia</i> cysts in the cardiovascular system of some wild antelopes and domestic cattle.....	245
VAN RENSBURG, S. J.	
The significance of the cytoplasmic droplet in the disintegration of semen in Guernsey bulls	169
The influence of excess fluorine intake in the drinking water on reproductive efficiency in bovines.....	185
VAN RENSBURG, S. W. J.	
The significance of the cytoplasmic droplet in the disintegration of semen in Guernsey bulls	169
VERSTER, ANNA.	
The incidence of hydatidosis in the Republic of South Africa.....	49
WAGNER, ADRIANA, M.	
Contributions to the study of blood constituents in domestic animals in South Africa. 2. Normal values for the activity of some enzymes of the Embden-Meyerhof pathway and tricarboxylic acid cycle occurring in the plasma of sheep.....	325
Contributions to the study of blood constituents in domestic animals in South Africa. 3. Normal values for the activity of glyceraldehyde-phosphate dehydrogenase and glucose-6-phosphate dehydrogenase in the erythrocytes of sheep.....	337
