Patron: The Minister of Transport, South Africa
Co-sponsor: Transportation Research Board of the USA

The 35th Annual

**Southern African
Transport Conference**

Programme Handbook
Final Programme and Abstracts

Transport – a catalyst for socio-economic growth and development opportunities to improve quality of life

4 – 7 July 2016

ORGANISING COMMITTEE 2016

Ms Wilna Bean	University of Pretoria
Prof Roger Behrens	University of Cape Town
Prof Hannes Grabe	University of Pretoria
Ms Gail Jennings	Independent Transportation Researcher
Prof James Maina	University of Pretoria (Chairman)
Ms Khibi Manana	Department of Transport
Mr Mac Mashiri	Gwarajena TRD
Ms Hellen Mnguni	Department of Transport
Dr Mathetha Mokonyama	CSIR BE
Dr Paul Nordengen	CSIR BE
Dr Pieter Pretorius	ITS Engineers
Dr Hubrecht Ribbens	Retired
Dr Bridget Ssamula	Aecom
Prof Wynand Steyn	University of Pretoria
Mr Benoit Verhaeghe	CSIR BE
Prof Alex Visser	University of Pretoria
Ms Jacqui Oosthuyzen	Secretariat

The Organising Committee wishes to thank the following reviewers:

Aivinhenyo	Mr	Imuentinyan	University of Cape Town
Anochie-Boateng	Dr	Joseph	CSIR Built Environment
Askew	Mr	Rob	Retired SAPS
Bean	Ms	Wilna	University of Pretoria
Bosman	Dr	Johan	Sciendum
Browning	Mr	Paul	Transforum Business Development
Chakwizira	Dr	James	University of Venda
Coetzee	Mr	Jan	ITS Engineers
Cupido	Mr	Donald	Transport for Cape Town
De Beer	Dr	Morris	CSIR Built Environment
Del Mistro	Prof	Romano	Passenger Rail Agency of South Africa
Diaz Olvera	Dr	Lourdes	Ecole Nationale des Travaux Publics de l'Etat
Goudkamp	Ms	Marleen	Department of Transport
Grobler	Dr	Jacomine	University of Pretoria
Hastings	Ms	Elizabeth	Pegasys
Havenga	Prof	Jan	University of Stellenbosch
Hefer	Dr	Arno	Dr Arno Hefer Consulting
Hitge	Mr	Gerhard	Independent Consultant
Horak	Dr	Emile	Ndodana Consulting Engineers
Jennings	Ms	Gail	Independent Consultant
Jobanputra	Dr	Rahul	City of Cape Town
Johns	Dr	Fenella	Rubicon Solutions
Jordaan	Prof	Gerrit	Tshepega Engineering
Kane	Dr	Lisa	Independent Consultant
Kearsely	Prof	Elsabe	University of Pretoria
King	Mr	David	GAIN Group
Krogscheepers	Dr	Christoff	ITS Engineers
Labuschagne	Mr	Kobus	CSIR Built Environment
Lyne	Prof	Peter	University of Kwa Zulu - Natal
Maharaj	Ms	Amrita	N3TC
Mashiri	Mr	Mac	Gwarajena TRD
Mbara	Mr	Tatenda	University of Johannesburg
Mgangira	Dr	Martin	CSIR Built Environment
Mokonyama	Dr	Mathetha	CSIR Built Environment
Mubiwa	Dr	Brian	University of Johannesburg / Independent Contractor
Mutafungwa	Dr	Edward	Aalto University
Nnene	Mr	Obiora	University of Cape Town
O'Connell	Mr	Johan	CSIR Built Environment
Olivier	Mr	Paul	JG Afrika (Pty)Ltd
Onderwater	Mr	Pieter	SMEC
Oosthuizen	Mr	J	Consumer Goods Council of SA
Pienaar	Dr	Pine	Nyeleti Consulting
Pretorius	Dr	HB	Retired TUT
Ribbens	Dr	Hubrecht	Retired CSIR
Roodt	Mr	Louis	University of Stellenbosch
Roux	Mr	Michael	CSIR Built Environment
Salazar Ferro	Mr	Pablo	University of Cape Town
Schalekamp	Dr	Herrie	University of Cape Town
Steyn	Prof	Wynand	University of Pretoria
Van Aswegen	Dr	Elsabe	JG Afrika (Pty)Ltd
Van Biljon	Mr	Bernard	Novus 3 Consulting Engineers
Van Heerden	Mr	Quintin	CSIR Built Environment
Van Rensburg	Mr	Johann	University of Stellenbosch
Vanderschuren	A/Prof	Marianne	University of Cape Town
Venter	A/Prof	Christo	University of Pretoria
Venter	Ms	Karien	CSIR Built Environment
Viljoen	Ms	Nadia	GAIN Group
Visser	Prof	Alex	University of Pretoria
Wepener	Mr	Andre	Bakwena Platinum Corridor Concessionaire
Zuidgeest	A/Prof	Mark	University of Cape Town
Zweigental	Mr	Chris	Airlines Association of South Africa

PROGRAMME / SESSION INDEX

PLENARY PRESENTATIONS

The Public Transport Integration Challenge: What Role for the Fiscal System? Ms Malijeng Ngqaleni	P1
The Importance of the Road Infrastructure Development in the Socio – Economic Growth of Chile Prof H de Solminihac	P2
Initiatives to Improve Heavy Vehicle Transport Safety and Efficiency in Australia Mr Laszlo Bruzsa	P3

SESSION 1A – INFRASTRUCTURE

A Process to Assess the Condition of South Africa's Transport Fixed Infrastructure K Wall, C Rust and K Kistan	1
Role of High-Level Project Professionals' Perceptions On Quality Processes in Directing the Investigation of Causes of Premature Pavement Distresses: An Exploratory Study M Mgangira, S Das and J O'Connell	13
Proposed Alternative to Assist Current Overload Operations in South Africa A De Coning and A Hoffman	23
Long-Term Performance of Flexible Pavements with Cold-Recycled Asphalt Base Layer X Zou, S Tan, D Wang, L Liu, Y Zou and X Yu	36
Laboratory Investigation of the Performance Properties of Hot Mix Asphalt Containing Waste Glass J Anochie-Boateng and T George	49
The Cost-Effective Upgrading, Preservation and Rehabilitation of Roads – Optimising The Use of Available Technologies G Jordaan and A Kilian	61
Review On the Lime-Soil Stabilization as One of the Successful Technologies Used in The Improvement of Road-Soil-Pavement Layers Strength P Bhengu and D Allopi	77

SESSION 1B – RURAL TRANSPORT

Assessing The Potential Benefits of Road Infrastructure Development for Poverty Alleviation: Lessons Learnt from Developing Economies C Schachtebeck and J Mbuya,	88
An Exploratory Analysis of Constraints & Impediments at South African Land Ports of Entry M Mashiri and J Chakwizira	99
KSD IRTP: Planning & Delivering More Integrated & Sustainable Rural Access Systems M Mashiri, B Mpondo, J Chakwizira, and D Mdunge,	119
Investigation into the Phenomenon of Reduced Household Travel Survey Derived Trip Generation Rates in Gauteng Province M Nkosi and F Masuku	138
Land Use Densities and Public Transport Impact P Onderwater and D Mc Kune	147
The Significance of Non-Motorised Transport Interventions: A Case Study of Greater Sekhukhune, Limpopo Province, South Africa M Mokitimi and M Vanderschuren	159
Soft Systems Methodology as A Potential Approach to Understanding Non-Motorised Transport Users in South Africa C Van Rooyen and F Labuschagne	178
How Government Should Invest and Provinces Should Implement on Accessible Education: An Evamix Focus on Benchmarking & Transport O Mokwena	190

SESSION 1C – TRAFFIC ENGINEERING

Futuristic Intelligent Transportation System Architecture for Sustainable Road Transportation in Developing Countries D Das, S Tom and J Honiball.....	207
Possible Impacts of ICT Based Demand-Responsive Public Transportation Schemes in The Free State N Bashingi and M Mostafa Hassan	225
Evaluation of Parking Provisions Within the Ethekewini Region N Padayachee and N Sunker,	235
Discussion : Road Access Management and Roads Master planning in the South Africa Context Dr J Sampson.....	No document
Discussion : Road Access Management Guidelines/ Practise in the USA context Presenter to be advised.....	No document

SESSION 1D – RAIL

Policy Considerations D Vd Meulen	No document
Department of Transport Presentation Presenter to be advised.....	No document
Transnet Freight Rail Presentation N Jones.....	No document
PRASA Presentation Presenter to be advised.....	No document
Gautrain Presentation Presenter to be advised.....	No document

SESSION 2A – INFRASTRUCTURE

The Effect of Trafficking on the Rheological Properties of Binder Recovered from a One-Year-Old Road J O'Connell, G Mturi and J Komba	246
Modelling Vertical Uniform Contact Stress of Heavy Vehicle Tyres A Steenkamp, R Berman and R Benade.....	256
Calculation of Condition Indices for Road Structures using a Deduct Points Method M Roux and A Taute.....	268
Long-Term Pavement Performance Experiments: A Personal Experience F Netterberg.....	279
The Role Slushing Plays in the Creation of a G1 Crushed Stone Layer Presenter to be advised.....	No document
Self-Cementing Properties of Recycled Concrete Aggregate and Masonry C Rudman.....	297
Modelling of Ultra-Thin Continuously Reinforce Concrete P Smit	No document
The Influence of Road Condition on the Shelf-Life of Tomatoes CJ Pretorius	298
Application of The MMLS3 for Evaluating the Performance of Surfacing Seals S Abrahams	299

SESSION 2B – URBAN AND PUBLIC TRANSPORT

A Kilometre-Based Road User Charge System: Proof of Concept Study J van Rensburg and S Krygsman.....	300
Trip Utility and the Value of Travel Time Savings (VTTS) for Commuter Trips: Critique and Recent Advances G Hayes and C Venter.....	314
Mapping The Informal Public Transport Network in Kampala with Smartphones: Making Sense of an Organically Evolved Chaotic System in an Emerging City in Sub-Saharan Africa I Ndibatya, J Coetzee and MJ Booysen	327
A Strategic Review of the Implementation of the National Taxi Task Team Recommendations — A Case Study of Ethekewini Metropolitan Municipality M Wosiyana	No document
Using Data Smartly – Moving towards a Smart City A Aucamp, M Pearton and S Jansen van Rensburg	338
An Analysis of South African Long Distance Passenger Transport: Cross-Border Passenger Movements M Thoso and E Chibira	347
A Route Towards Sustainable Transport in South Africa J Bosman and G Slabbert (PAPER NOT REVIEWED).....	357
Perspectives on the Future of Personal Transport in South Africa H Stander and J Brink	369
Pedestrian Information Signs: A Case Study in Accessible Information for Signalised Crossings in Cape Town, South Africa M Meder and S Smit.....	383
“Go George” (GIPTN) – Provision of Public Transport Fixed Infrastructure, and Move Towards Providing Universal Access Compliant Pedestrian Environments E Robertson, S Aboo and L Daniels	396
European Models for PRASA Skills Development K Wall, A Bird, P Blanco-Rodriguez and N Kondowe	408

SESSION 2C – TRAFFIC MANAGEMENT, SAFETY AND SECURITY

Road Safety ‘Results Focus’– Ready to Launch? F Labuschagne and K Venter	420
Exploring the Impact of Crime on Road Safety in South Africa G Wright and H Ribbens.....	436
Optimal use of Existing Freeway Management Surveillance Infrastructure on Pedestrian Bridges with Computer Vision Techniques H Van der Merwe, M Booysen and S Andersen	456
Importance of Safety Features to New Car Buyers in South Africa M Khan and M Sinclair	468
Assessing the Roll Stability of Heavy Vehicles in South Africa R Benade, R Berman, F Kienhofer and P Nordengen	481
Indications of High Levels of Inattentive and Distracted Driving in South Africa K Venter, F Labuschagne, S Phasha, M Gxowa and S Khoza	493
Synthesizing Naturalistic Driving Data: A Further Review K Venter and K Muronga	506
Improving Safety in the Road Transport Sector through Road User Behaviour Changing Interventions: A Look at Challenges and Prospects H Moyana and E Chibira	516
The Harmonization of Traffic Legislation in the Southern African Development Community S Yesufu.....	529
Evaluation of Accessibility Challenges of Public Parks in Residential Areas of South African Cities- A Case Study of Bloemfontein City D Das and J Honiball.....	539

SESSION 2D – FREIGHT AND LOGISTICS

The Impact of the Port of Durban on the City's Road Network A Mulla and C Bester	558
Social Media Within Global Logistics Providers: Perceptions from the Generation X Cohort E Albanis, C Gaitskill and C Schachtebeck	572
Development of a Vehicle Load Control Strategy for Malawi for the Period 2016 to 2020 M Roux, S Lotter and P Nordengen	583
Monitoring Overloaded Vehicles: Improving Traffic Control Centre Performance by using Management Information Systems K Muronga, I Sallie, V De Franca and A Nieuwoudt.....	597
Analysis of Available Capacity and Progress Made within SADC in Respect to Liberalising Market Access in Road Freight Industry B Mdlankomo.....	609

SESSION 3A – NMT WORKSHOP

Introducing UNEP (United Nations Environment Programme) – Share the Road Programme G Jennings	No document
Understanding The Economic / Climate Case for NMT (Cost-Benefit Analysis and NMT Assessment Tool) S Cooke	No document
UNEP Global NMT Policy Gap Analysis: Introduction and Preliminary Findings G Jennings.....	622
Barriers to Cycling in Informal Settlements J Irlam	623
NMT Promotion and Evaluation: Evaluating NMT and Public Transport Interventions: What did we Learn from the Eco-Mobility Festival? M Engelbrecht, V Peers and M Mokitimi	624
NMT Promotion and Evaluation: WWF Transport Project's Low Carbon Challenges in Tshwane and Johannesburg: Video, Evaluation and Findings L Naude	640
Infrastructure Development: Bicycle-Based Transit-Oriented-Development (TOD) S Cooke	641
Infrastructure Development: Using What We Already Have: Road Reserves, Greenbelts and Marginal Spaces H Pienaar	No document
Policy Development: The Role of Policy in Shaping the Public Image Everyday Cycling N Morgan	642
When Bicycle Lanes are not Enough: Growing Mode Share Beyond the Engineering-led Approach B Petzer	No document

SESSION 3B – AVIATION

Lessons Learnt: From 1Time to Skywise U Henama, P Sifolo and P Acha-Anyi	643
The Implementation of the Wonderboom Airport Development Plan – A Catalyst for Economic Empowerment G J Jordaan and H Kleynhans.....	644
Panel Discussion: Aerotropolis Developments; The South African Experience Presenter to be advised.....	No document
Development of Alternative Airports: Wonderboom Airport Interest Group No Presenter to be advised.....	No document

SESSION 3C – ROAD SAFETY AUDITS WORKSHOP

Road Safety Tools for Road Authorities	
R Cable.....	No document
Benefits and Purpose of Road Safety Audits	
S Lotter.....	No document
Current Status of Road Safety Audits in South Africa	
R Cable.....	No document
Road Safety Audit International Experience and Trends	
M Heath.....	No document
Developing Road Safety Legal / Litigation Issues in South Africa	
Presenter to be advised.....	No document
Introduction: Key Challenges Facing RSAS in South Africa	
Presenter to be advised.....	No document

SESSION 3D – CHINA-AFRICA COOPERATION FORUM

Framework on the FOCAC And China-Africa Transport University Initiative	
Presenter to be advised.....	No document
The FOCAC and the Belt and Road Initiative Development refreshments	
Presenter to be advised.....	No document
Road Asset Management Structures at DoT	
Presenter to be advised.....	No document
Infrastructure Information Management Systems in South Africa And China (Urban and Rural)	
Presenter to be advised.....	No document
Railway Asset Management Structures at PRASA and Transnet	
Presenter to be advised.....	No document
Moloto Corridor Strategic Development	
Presenter to be advised.....	No document
Cruss-Jamali Tourism Special Economic Zone, Nacala, North Mozambique	
Presenter to be advised.....	No document
Mapai Dry Port, Gaza, South Mozambique Refreshments	
Presenter to be advised.....	No document
Nampula Airport Logistics Hub Initiative	
Presenter to be advised.....	No document
Coastal Line and Ocean Program with Skills Development In Southern Africa	
Presenter to be advised.....	No document
Natmap2050 and its Publishing Version	
Presenter to be advised.....	No document

SESSION 4A – IPTN WORKSHOP

Nimbyism and Pursuing the Public Transport Vision	
B Herron.....	No document
User Needs: are we Giving BRT Passengers what they want? User Preference and Market Segmentation in Johannesburg	
C Venter.....	658
User Needs: Marketing Public Transport Projects	
S Butchart.....	673
Technology: Electric Bus Technology: How Will Electric Bus Technology Change the Way in Which Public Transport Networks Are Operated, Managed and Subsidised? Or Is This Just a Far-Off Dream?	
W Jordaan.....	674
Technology: Uber: Expanding the Way we use Public Transport with A New Approach to First-And- Last-Mile Trips	
Y Mashilwane.....	675
Technology: Planning Consideration of Lower-Capacity Mode Alternatives (Including E-Hailing) in Support of the City of Cape Town's Integrated Public Transport Network (IPTN)	
L van den Berg.....	676

Moving from BRT to IPTN: Why Integrated Public Transport Networks Bring Greater Benefits than a Focus on a Single Mode L Seftel.....	No document
IPTN Beyond the Metros: “Go George” (GIPTN) – A Quality Public Transport System, Elements for Consideration S Aboo and E J Robertson	677
Viewpoint and Commentary: Taking The ‘R’ Out of Integrated Rapid Public Transport Networks P Browning	689
Industry Transition and Training: Appreciating the Role of the Paratransit Sector in the Quest for Sustainable Urban Mobility Improvements: The Case for Investing in Paratransit Capacity – Early Lessons from the Cape Town N2 Express Joint Venture Experience N McLachlan.....	690

STUDENT PAPERS

Transport: A Catalyst for Socio-Economic Growth and Development Opportunities to Improve Quality of Life Nyasha Chitate	691
Transport: A Catalyst for Socio-Economic Growth and Development Opportunities to Improve Quality of Life Ané Cromhout.....	698
Transport: A Catalyst for Socio-Economic Growth and Development Opportunities to Improve Quality of Life Es Goosen	706
Transport: A Catalyst for Socio-Economic Growth and Development Opportunities to Improve Quality of Life R Mwanypedza	719
Transport: A Catalyst for Socio-Economic Growth and Development Opportunities to Improve Quality of Life E Tsikai	725
