

SUBJECT INDEX.
Volume 19, Nos. 1 and 2.

Acetic-Carbol-Sudan.

An improved method of staining lipides: acetic-carbol-sudan 169

Acid Fast Bacteria.

The tuberculin test in guinea-pigs and cattle. The allergic response of animals to tuberculin and to extracts of non-pathogenic acid-fast bacteria 29

Allergic Response.

The tuberculin test in guinea-pigs and cattle. The allergic response of animals to tuberculin and to extracts of non-pathogenic acid-fast bacteria 29

Bacteria.

The tuberculin test in guinea-pigs and cattle. The allergic response of animals to tuberculin and to extracts of non-pathogenic acid-fast bacteria 29

Black quarter.

Some remarks on blackquarter vaccines 17

Blowfly.

Sheep blowfly research VII. Investigations in the Cape winter-rainfall areas 71

Blue tongue.	
The transmission of blue-tongue and horse-sickness by <i>Culicoides</i>	7
Cattle.

Horse sickness.	
The transmission of blue-tongue and horse-sickness by <i>Culicoides</i>	7
Hydrocyanic acid.	
Some aspects of the toxicology of hydrocyanic acid in ruminants	79
Kudu.	
A note on strains of tuberculosis from the Cape Kudu	23
Lipides.	
An improved method of staining lipides: acetic-carbol-sudan	169
Non-Pathogenic Bacteria.	
The tuberculin test in guinea-pigs and cattle. The allergic response of animals to tuberculin and to extracts of non-pathogenic acid-fast bacteria	29
Nutritive value.	
The nutritive value of the protein of a few South African soybean meals	161
Protein.	
The nutritive value of the protein of a few South African soybean meals	161
Ruminants.	
Some aspects of the toxicology of hydrocyanic acid in ruminants	79
