

AUTHOR INDEX.

Volume 17, Nos. 1 and 2.

	PAGE	
BEKKER, P. M.	Domsiekte or pregnancy disease in sheep II	245
BOSMAN, V.	Studies on merino wool production. Plain-bodied and developed merino sheep I. A standard of production of a group of plain-bodied stud ewes	319
	Studies on merino wool production. Plain-bodied and developed merino sheep II. Fleece density tests on a group of extremely plain-bodied merino stud rams	345
CLARK, R.	Domsiekte or pregnancy disease in sheep I. A review of the literature	225
	Domsiekte or pregnancy disease in sheep II	245
CLOETE, J. H. L. ...	Anatomical studies No. 65. Two cases of cervical ribs in bovines	351
DE LANGE, N.	A note on the results of an attempt to fertilise Native goat-ewes with sheep rams	115
DE VOS, D.	The hydrogen-ion concentration of the vaginal secretion of merino sheep during oestrus, dioestrus, and pregnancy, with some remarks on its influence on sex-determination, and the influence of the vaginal temperature at the time of mating on conception	105
DE WAAL, H. L. ...	South African senecio alkaloids Part 6. The toxic alkaloids of <i>Senecio scleratus</i> sp. nov. Schweickerdt	181
ELDER, J. S.	Thermocouples for temperature measurements on skin surfaces and in living tissue	141
GRAF, H.	Domsiekte or pregnancy disease in sheep I. A review of the literature	225
	Domsiekte or pregnancy disease in sheep II	245
GROENEWALD, J. W.	Domsiekte or pregnancy disease in sheep I. A review of the literature	225
	Domsiekte or pregnancy disease in sheep II	245
LOUW, J. G.	The relative digestibility of the constituents of the carbohydrate complex of grasses at successive stages of growth with reference to their partition into crude fibre and nitrogen-free extract according to the standard method for feeding stuff analysis	165
MALAN, J. R.	Domsiekte or pregnancy disease in sheep II	245
MURRAY, G. N.	Preliminary observations on the breeding of ferrets in South Africa	297
MYBURGH, S. J.	Studies on the alimentary tract of merino sheep in South Africa VI. The rôle of infusoria in ruminal digestion with some remarks on ruminal bacteria	61
	The hydrogen-ion concentration of the vaginal secretion of merino sheep during oestrus, dioestrus, and pregnancy, with some remarks on its influence on sex-determination, and the influence of the vaginal temperature at the time of mating on conception	105

PRETORIUS, T. P.	South African senecio alkaloids Part 6. The toxic alkaloids of <i>Senecio scleratus</i> sp. nov. Schweickerdt	181
QUIN, JOHN, I.	Studies on the photosensitisation of animals in South Africa XI. The reaction of the sensitised merino skin to radiation in different regions of the spectrum	89
QUINLAN, JOHN	The hydrogen-ion concentration of the vaginal secretion of merino sheep during oestrus, dioestrus, and pregnancy, with some remarks on its influence on sex-determination, and the influence of the vaginal temperature at the time of mating on conception A note on the results of an attempt to fertilise Native goat-ewes with sheep rams Further observations on the scrotal skin temperature of the bull, with some remarks on the intra-testicular temperature	105 115 123
RIEMERSCHMID, GERTRUD	Studies on the photosensitisation of animals in South Africa XI. The reaction of the sensitised merino skin to radiation in different regions of the spectrum Further observations on the scrotal skin temperature of the bull, with some remarks on the intra-testicular temperature	89 123
ROUX, L. L.	A note on the results of an attempt to fertilise Native goat-ewes with sheep rams	115
STEYN, D. G.	The hydrocyanic acid content of <i>Cynodon plectostachyum</i> Pilger (Giant Star grass) and its suitability as a pasture grass Poisoning by voided urine Poisoning by spent calcium carbide Recent investigations into the toxicity of known and unknown poisonous plants in the Union of South Africa XII	191 201 207 211
THEILER, GERTRUD	Ticks in the South African Zoological Survey collection—Part I. <i>Ixodes alluaudi</i> Neumann 1913, a primitive tick parasitic on shrews	51
THORBURN, J. A.	Treatment and control of chronic streptococcus mastitis in bovines. Results obtained in two herds	7
VAN ASWEGEN, W. G.	A note on the results of an attempt to fertilise Native goat-ewes with sheep rams	115
VAN DER WALT, S. J.	The hydrocyanic acid content of <i>Cynodon plectostachyum</i> Pilger (Giant Star grass) and its suitability as a pasture grass Poisoning by voided urine Poisoning by spent calcium carbide Recent investigations into the toxicity of known and unknown poisonous plants in the Union of South Africa XII	191 201 207 211
VAN DER WATH, J. G.	Studies on the alimentary tract of merino sheep in South Africa VI. The rôle of infusoria in ruminal digestion with some remarks on ruminal bacteria	61
VAN RENSBURG, S. W. J.	Treatment and control of chronic streptococcus mastitis in bovines. Results obtained in two herds	7
VAN WYK, C. M.	Studies on the variation within the fleece of the characteristics of South African merino wool. I. Tensile strength	311
