

# SUBJECT INDEX.

## Volume 14, Nos. 1 and 2.

### **Amino Acid.**

Further studies on the amino acid deficiencies of plant proteins ... .. 387

### **Anatomy.**

Anatomical studies No. 63. An abnormal bovine heart ... .. 481

Anatomical studies No. 64. Anomalous course of the left phrenic nerve in a donkey ... .. 489

### **Bovine.**

Anatomical studies No. 63. An abnormal bovine heart ... .. 481

### **Carotene.**

The carotene content of some South African feeds ... .. 421

### **Cattle.**

Eperythrozoonosis in cattle ... .. 9

### **Cestodes.**

South African helminths, VII. Miscellaneous helminths, chiefly cestodes ... .. 97

### **Chemical Blood Studies.**

Chemical blood studies, VIII. A rapid spectroscopic method for (A) the quantitative determination of haemoglobin in blood and (B) its application for the quantitative estimation of haemoglobin in milk, urine, serum or plasma and faeces ... .. 451

	PAGE
<b>Conjunctivitis.</b>	
Conjunctivitis of the domestic fowl and an associated Rickettsia-like organism in the conjunctival epithelium .....	469
<b>Cystine.</b>	
The origin of sulphur in wool, III. An improved cuprous mercaptide method for the determination of cystine in material low in cystine .....	461
<b>Dictyocaulus filaria.</b>	
Treatment against lungworms ( <i>Dictyocaulus filaria</i> ) in sheep .....	111
<b>Donkey.</b>	
Anatomical studies No. 64. Anomalous course of the left phrenic nerve in a donkey .....	489
<b>Dry Matter Consumption.</b>	
The dry matter consumption of sheep on natural grazing in the Transvaal ...	403
<b>Eperythrozoonosis.</b>	
Eperythrozoonosis in cattle .....	9
<b>Faeces.</b>	
Chemical blood studies, VIII. A rapid spectroscopic method for (A) the quantitative determination of haemoglobin in blood and (B) its application for the quantitative estimation of haemoglobin in milk, urine, serum or plasma and faeces .....	451
<b>Feeding Value.</b>	
A study of the mineral content and feeding value of natural pastures in the Union of South Africa .....	123
<b>Fluorine.</b>	
The significance of fluorine traces in natural waters and a proposed method to effect their removal .....	335
A procedure for the micro determination of fluorine .....	359
<b>Fowl.</b>	
Conjunctivitis of the domestic fowl and an associated Rickettsia-like organism in the conjunctival epithelium .....	469
<b>Haemoglobin.</b>	
Chemical blood studies, VIII. A rapid spectroscopic method for (A) the quantitative determination of haemoglobin in blood and (B) its application for the quantitative estimation of haemoglobin in milk, urine, serum or plasma and faeces .....	451
<b>Heart.</b>	
Anatomical studies No. 63. An abnormal bovine heart .....	481
<b>Helminths.</b>	
South African helminths, VII. Miscellaneous helminths, chiefly cestodes ...	97
<b>Iodine.</b>	
Iodine in the nutrition of sheep (Final Report) .....	329
<b>Isatidine.</b>	
The senecio alkaloids, Part 2. Hydrogenation, hydrolysis and structural results of isatidine .....	133

<b>Marshallagia Marshalli.</b>	
<i>Marshallagia marshalli</i> (Ransom, 1907), Orloff, 1933, and a new species of this genus from sheep in South Africa .....	115
<b>Milk.</b>	
Chemical blood studies, VIII. A rapid spectroscopic method for (A) the quantitative determination of haemoglobin in blood and (B) its application for the quantitative estimation of haemoglobin in milk, urine, serum or plasma and faeces .....	451
<b>Mineral Content.</b>	
A study of the mineral content and feeding value of natural pastures in the Union of South Africa .....	123
<b>Natural Grazing.</b>	
The utilization by sheep of the proteins contained in the natural grazing during different seasons of the year .....	415
<b>Natural Water.</b>	
The significance of fluorine traces in natural waters and a proposed method to effect their removal .....	335
<b>Pastures.</b>	
A study of the mineral content and feeding value of natural pastures in the Union of South Africa .....	123
<b>Phrenic Nerve.</b>	
Anatomical studies No. 64. Anomalous course of the left phrenic nerve in a donkey .....	489
<b>Plasma.</b>	
Chemical blood studies, VIII. A rapid spectroscopic method for (A) the quantitative determination of haemoglobin in blood and (B) its application for the quantitative estimation of haemoglobin in milk, urine, serum or plasma and faeces .....	451
<b>Proteins.</b>	
Further studies on the amino acid deficiencies of plant proteins .....	387
The utilization by sheep of the proteins contained in the natural grazing during different seasons of the year .....	415
<b>Rickettsia.</b>	
Conjunctivitis of the domestic fowl and an associated Rickettsia-like organism in the conjunctival epithelium .....	469
<b>Senecio.</b>	
The senecio alkaloids. Part 2. Hydrogenation, hydrolysis and structural results of isatidine .....	433
<b>Serum.</b>	
Chemical blood studies, VIII. A rapid spectroscopic method for (A) the quantitative determination of haemoglobin in blood and (B) its application for the quantitative estimation of haemoglobin in milk, urine, serum or plasma and faeces .....	451
