

## Authors' Index, Vol. 5, Nos. 1 and 2.

---

|   | VOL. PAGE      |
|---|----------------|
| ALEXANDER, R. A... The transmission of louping ill by ticks ( <i>Rhipicephalus appendiculatus</i> ) ... ... ... ...   | V 15           |
| BESSELAAR, H. J. ... Studies on the alimentary tract of sheep in South Africa. III. The influence of bowel anastomosis on the general nutritional state of Merino sheep ... ...   | V 501          |
| BEKKER, J. G. ... ... The effect of supplements of different forms of sulphur to the diet upon the wool of Merino sheep... ... ...  | V 177          |
| BISSCHOP, J. H. R. Anatomical Study No. 60. Some comments on the hump of African cattle ... ... ... ...   | V 621          |
| BOSMAN, V. ... ... ... The seasonal influence on Merino wool production ... ...<br>A freak Merino fleece ... ... ... ...  | V 323<br>V 517 |
| BOTHA, M. L. ... ... The effect of supplements of different forms of sulphur to the diet upon the wool of Merino sheep ... ... ...<br>Wool Studies. I. The variation and interdependence of Merino fleece and fibre characteristics ... ... ...               | V 177<br>V 519 |
| CURSON, H. H. ... ... Studies in Native Animal Husbandry (12). A Wankonde milk pail ... ... ... ...<br>Studies in Native Animal Husbandry (13). A note on the three parent stocks of African cattle ... ... ...   | V 307<br>V 531 |
|   | V 621          |
| DE BRUIN, J. H. ... Anatomical Study No. 59. On a false masculine hermaphrodite in an avian hybrid ... ... ... ...  | V 351          |
| DE KOCK, G. ... ... The operation of splenectomy in horses, cattle, sheep, goats, pigs, dogs, and some S.A. antelopes. A summary of the results of 98 splenectomies ... ...   | V 273          |
| DU TOIT, P. J. ... ... Studies in Mineral Metabolism. XXXIII. Iodine in the nutrition of sheep (2nd Report) ... ... ... ...<br>A study of the mineral content and feeding value of natural pastures in the Union of South Africa (3rd Report) ... ... ... ... | V 189<br>V 201 |
|   | V 215          |
| GREEN, W. J. B. . Anatomical Study No. 58. <i>Diprosopus tetraphthalmus</i> in a bull calf ... ... ... ...  | V 347          |
| GROENEWALD, J. W. Studies in Mineral Metabolism. XXXIII. Iodine in the nutrition of sheep (2nd Report) ... ... ... ...  | V 189          |
| HOLZAPFEL, C. R. ... A study of the mineral content and feeding value of natural pastures in the Union of South Africa (3rd Report) ... ... ... ...   | V 201          |
| LÉEMAN, A. C. ... ... Hydrocyanic acid in grasses ... ... ... ...   | V 97           |

|                        | VOL.  | PAGE  |
|------------------------|---|-------|
| LOUW, J. G.... . . . . | A study of the mineral content and feeding value of natural pastures in the Union of South Africa (3rd Report) . . . . .  | V 201 |
|                        | A study of the mineral content and feeding value of natural pastures in the Union of South Africa (IV). The influence of season and frequency of cutting on the yield, persistency, and chemical composition of grass species . . . . . | V 215 |
| MALAN, A. I. . . . .   | Studies in Mineral Metabolism. XXXIII. Iodine in the nutrition of sheep (2nd Report) . . . . .  | V 189 |
|                        | A study of the mineral content and feeding value of natural pastures in the Union of South Africa (3rd Report) . . . . .  | V 201 |
|                        | A study of the mineral content and feeding value of natural pastures in the Union of South Africa. IV. The influence of season and frequency of cutting on the yield, persistency, and chemical composition of grass species . . . . .  | V 215 |
| MALAN, A. P. . . . .   | Wool Studies. I. The variation and interdependence of Merino fleece and fibre characteristics . . . . .   | V 519 |
| MARAIS, I. P. . . . .  | The operation of splenectomy in horses, cattle, sheep, goats, pigs, dogs, and some S.A. antelopes. A summary of the results of 98 splenectomies . . . . .   | V 273 |
| MASON, J. H. . . . .   | The lethal dose of the toxins of some anaerobes for sheep<br>The antigenic compounds of the toxins of <i>Clostridium botulinum</i> types C and D . . . . .  | V 61  |
|                        | The bloodpens strain of <i>Clostridium welchii</i> , type B. Wilsdon. (The "Lamb dysentery bacillus") . . . . .   | V 65  |
|                        | The production of immunity against <i>Clostridium welchii</i> , type B. Wilsdon (The "Lamb dysentery bacillus") . . . . .   | V 363 |
|                        |   | V 391 |
| MÖNNIG, H. O. . . . .  | The chemotherapy of oesophagostomiasis in sheep. II. Studies on the alimentary tract of the Merino sheep in South Africa. II. Investigations on the physiology of deglutition . . . . .   | V 419 |
|                        |   | V 485 |
| MYBURGH, S. J. . . . . | The carotene content of some South African feeds . . . . .  | V 475 |
| NEITZ, W. O. . . . .   | The transmission of <i>Spirochaeta theileri</i> to a blesbuck ( <i>Damaliscus albifrons</i> ) . . . . .   | V 7   |
|                        | Bovine anaplasmosis. The transmission of <i>Anaplasma marginale</i> to a black wildebeest ( <i>Conochaetes gnu</i> ) . . . . .  | V 9   |
|                        | The transmission of louping ill by ticks ( <i>Rhipicephalus appendiculatus</i> ) . . . . .  | V 15  |
|                        | The blesbuck ( <i>Damaliscus albifrons</i> ) and the black wildebeest ( <i>Conochaetes gnu</i> ) as carriers of heartwater... . . . . .   | V 35  |
| ORTLEPP, R. J. . . . . | On some helminths from the "Nylghiae"— <i>Boselaphus tragocamelus</i> (Pall) with observations on the parasitic larval stages of the stomach worm ( <i>Ashworthius martinaglia</i> sp. n.) . . . . .                                    | V 43  |
|                        | On the metacercaria and adult of <i>Clingostonum van der horsti</i> , sp. n. A nematode parasite of fishes and herons . . . . .   | V 51  |
| QUIN, J. I. . . . .    | Studies on the alimentary tract of the Merino sheep in South Africa. II. Investigations on the physiology of deglutition . . . . .  | V 485 |
|                        | Studies on the alimentary tract of sheep in South Africa. III. The influence of bowel anastomosis on the general nutritional state of Merino sheep . . . . .  | V 501 |
| QUINLAN, J. . . . .    | The operation of splenectomy in horses, cattle, sheep, goats, pigs, dogs, and some S.A. antelopes. A summary of the results of 98 splenectomies . . . . .   | V 273 |

|                         | VOL. PAGE   |       |
|-------------------------|---|-------|
| RIMINGTON, C. . . . .   | Note upon the isolation of the toxic principle from a species of <i>Dimorphotheca</i> , probably <i>Dimorphotheca fruticosa</i> . . . . .   | V 79  |
|                         | Chemical investigations of the gifblaar <i>Dichapetalum cymosum</i> (Hook), Engl. I . . . . .   | V 81  |
|                         | The enzymic activity of egg-white. Its bearing on the problem of watery whites . . . . .  | V 329 |
|                         | The occurrence of cyanogenetic glucosides in South African species of <i>Acacia</i> . II. Determination of the chemical constitution of acacipetalin. Its isolation from <i>Acacia stolonifera</i> Burch. . . . . | V 445 |
| ROBINSON, E. M. . . . . | The antigenic compounds of the toxins of <i>Clostridium botulinum</i> types C and D . . . . .   | V 65  |
| ROETS, G. . . . .       | A study of the mineral content and feeding value of natural pastures in the Union of South Africa (3rd Report) . . . . .  | V 201 |
| ROUX, L. L. . . . .     | Crossbred lambs under Eastern Transvaal conditions . . .  | V 309 |
| SCHUTTE, D. J. . . . .  | Factors affecting the growth of range cattle in semi-arid regions . . . . .   | V 535 |
| STEYN, D. G. . . . .    | Note upon the isolation of the toxic principle from a species of <i>Dimorphotheca</i> , probably <i>Dimorphotheca fruticosa</i> . . . . .   | V 79  |
|                         | The detection of strychnine in carcasses and corpses . . . . .  | V 139 |
|                         | The toxicity of pumpkin seed ( <i>Cucurbita pepo</i> L.) . . . . .  | V 441 |
|                         | The toxicity of trypan blue . . . . .   | V 467 |
| VAN MANEN, E. . . . .   | The enzymic activity of egg-white. Its bearing on the problem of watery-whites . . . . .  | V 329 |
| VAN RENSBURG, C. T      | Crossbred lambs under Eastern Transvaal conditions . . .  | V 309 |
| VAN WYK, C. M. . . . .  | The effect of supplements of different forms of sulphur to the diet upon the wool of Merino sheep . . . . .   | V 177 |
|                         | Wool Studies. I. The variation and interdependence of Merino fleece and fibre characteristics . . . . .   | V 519 |
| VILJOEN, N. F. . . . .  | Anatomical Study No. 59. On a false masculine hermaphrodite in an avian hybrid . . . . .  | V 351 |
