
SUBJECT INDEX, Vol. 5, Nos. 1 and 2.

	VOL.	PAGE
Acacia.		
The occurrence of cyanogenetic glucosides in S. African species of Acacia.		
II. Determination of the chemical constitution of acacipetalin. Its isolation from <i>Acacia stolonifera</i> Burch	V	445
Acacipetalin.		
The occurrence of cyanogenetic glucosides in S. African species of Acacia.		
II. Determination of the chemical constitution of acacipetalin. Its isolation from <i>Acacia stolonifera</i> Burch	V	445
African Cattle.		
Studies in Native Animal Husbandry. (13) A note on the three parent stocks of African cattle	V	531
Anatomical Study No. 60. Some comments on the hump of African cattle	V	621
Alimentary Tract.		
Studies on the alimentary tract of the Merino sheep in South Africa.		
II. Investigations on the physiology of deglutition	V	485
Studies on the alimentary tract of sheep in South Africa. III. The influence of bowel anastomosis on the general nutritional state of Merino sheep	V	501

	VOL.	PAGE
Anaerobes.		
The lethal dose of the toxins of some anaerobes for sheep	V	61
Anaplasma Marginale.		
Bovine anaplasmosis. The transmission of <i>Anaplasma marginale</i> to a black wildebeest (<i>Conochaetes gnu</i>)	V	9
Anaplasmosis.		
Bovine anaplasmosis. The transmission of <i>Anaplasma marginale</i> to a black wildebeest (<i>Conochaetes gnu</i>)	V	9
Anatomical Studies.		
No. 58. <i>Diprosopus tetrophthalmus</i> in a bull calf	V	347
No. 59. On a false masculine hermaphrodite in an avian hybrid	V	347
No. 60. Some comments on the hump of African cattle	V	621
Antelopes.		
The operation of splenectomy in horses, cattle, sheep, goats, pigs, dogs, and some S.A. antelopes. A summary of the results of 98 splenectomies	V	273
Antigenic Compounds.		
The antigenic compounds of the toxins of <i>Cl. botulinum</i> types C and D ...	V	65
Ashworthius Martinaglia sp. n.		
On some helminths from the "Nylghiae"- <i>Boselaphus tragocamelus</i> (Pall) with observations on the parasitic larval stages of the stomach worm (<i>Ashworthius martinaglia</i> sp. n.)	V	43
Avian Hybrid.		
Anatomical Studies No. 59. On a false masculine hermaphrodite in an avian hybrid	V	351
Black Wildebeest.		
Bovine anaplasmosis. The Transmission of <i>Anaplasma marginale</i> to a black Wildebeest (<i>Conochaetes gnu</i>)	V	9
The blesbuck (<i>Damaliscus albifrons</i>) and the black wildebeest (<i>Conochaetes gnu</i>) as carriers of heartwater	V	35
Blesbuck.		
The transmission of <i>Spirochaeta theileri</i> to a blesbuck (<i>Damaliscus albifrons</i>)	V	7
The blesbuck (<i>Damaliscus albifrons</i>) and the black wildebeest (<i>Conochaetes gnu</i>) as carriers of heartwater	V	35
Bloedpens.		
The bloedpens strain of <i>Cl. welchii</i> , type B, Wilsdon. (The "Lamb dysentery bacillus")	V	363
Boselaphus Tragocamelus.		
On some helminths from the "Nylghiae"- <i>Boselaphus tragocamelus</i> (Pall) with observations on the parasitic larval stages of the stomach worm (<i>Ashworthius martinaglia</i> sp. n.)	V	43
Bowel Anastomosis.		
Studies on the alimentary tract of sheep in South Africa. III. The influence of bowel anastomosis on the general nutritional state of Merino sheep	V	501
Carcasses.		
The detection of strychnine in carcasses and corpses	V	139
Carotene.		
The carotene content of some South African feeds	V	475

	VOL.	PAGE
Cattle.		
The operation of splenectomy in horses, cattle, sheep, goats, pigs, dogs, and some S.A. antelopes. A summary of the results of 98 splenectomies	V	273
Studies in Native Animal Husbandry. (13) A note on the three parent stocks of African cattle	V	531
Factors affecting the growth of range cattle in semi-arid regions	V	535
Anatomical Study No. 60. Some comment on the hump of African cattle	V	621
Chemotherapy.		
The chemotherapy of oesophagostomiasis in Sheep. II	V	419
Cl. botulinum.		
The antigenic compounds of the toxins of <i>Cl. botulinum</i> types C and D ...	V	65
Clinostomum van der Horsti sp. n.		
On the metacercaria and adult of <i>Clinostomum van der horsti</i> sp. n. A nematode parasite of fishes and herons	V	51
Cl. welchii.		
The bloedpens strain of <i>Cl. welchii</i> , type B, Wilsdon. (The "Lamb dysentery bacillus")	V	363
The production of immunity against <i>Cl. welchii</i> , type B, Wilsdon. (The "Lamb dysentery bacillus")	V	391
Conochaetes Gnu.		
Bovine anaplasmosis. The transmission of <i>Anaplasma marginale</i> to a black wildebeest (<i>Conochaetes gnu</i>)	V	9
The blesbuck (<i>Damaliscus albifrons</i>) and black wildebeest (<i>Conochaetes gnu</i>) as carriers of heartwater	V	35
Corpses.		
The detection of strychnine in carcasses and corpses	V	139
Crossbred Lambs.		
Crossbred lambs under Eastern Transvaal conditions	V	307
Cucurbita Pepo.		
The toxicity of pumpkin seed (<i>Cucurbita pepo</i> L.)	V	411
Cyanogenetic Glucoside.		
The occurrence of cyanogenetic glucosides in S.A. species of Acacia. II. Determination of the chemical constitution of Acacipetalin. Its isolation from <i>Acacia stolonifera</i> . Burch	V	445
Damaliscus Albifrons.		
The transmission of <i>Spirochaeta theileri</i> to a blesbuck (<i>Damaliscus albifrons</i>)	V	7
The blesbuck (<i>Damaliscus albifrons</i>) and black wildebeest (<i>Conochaetes gnu</i>) as carriers of heartwater	V	35
Deglutition.		
Studies on the alimentary tract of the Merino sheep in South Africa. II. Investigations on the physiology of deglutition	V	485
Dichapetalum Cynosum.		
Chemical investigations of the Gifblaar <i>Dichapetalum cynosum</i> (Hook). Engl. I	V	81
Dimorphotheca.		
Note upon the isolation of the toxic principle from a species of <i>Dimorphotheca</i> , probably <i>Dimorphotheca fruticosa</i>	V	79
Diprosopus Tetrophthalmus.		
Anatomical Studies No. 58. <i>Diprosopus tetraphthalmus</i> in a bull calf	V	347
Dogs.		
The operation of splenectomy in horses, cattle, sheep, goats, pigs, dogs, and some S.A. antelopes. A summary of the results of 98 splenectomies	V	273

	VOL.	PAGE
Egg-white.		
The enzymic activity of egg-white. Its bearing on the problem of watery whites	V	329
Enzymic Activity.		
The enzymic activity of egg-white. Its bearing on the problem of watery whites	V	329
Feeding Value.		
A study of the mineral content and feeding value of natural pastures in the Union of S. Africa. III	V	201
A study of the mineral content and feeding value of natural pastures in the Union of S. Africa. IV. The influence of season and frequency of cutting on the yield, persistency, and chemical composition of grass species	V	215
Fibre.		
Wool Studies. I. The variation and interdependence of Merino fleece and fibre characteristics	V	519
Fishes.		
On the metacercaria and adult of <i>Clinostomum van der horsti</i> sp. n.	V	51
Fleece.		
A freak Merino fleece	V	517
Wool Studies. I. The variation and interdependence of Merino fleece and fibre characteristics	V	519
Gifblaar.		
Chemical investigations of the Gifblaar <i>Dichapetalum cymosum</i> (Hook). Engl. I	V	81
Goats.		
The operation of splenectomy in horses, cattle, sheep, goats, pigs, dogs, and some S.A antelopes. A summary of the results of 98 splenectomies	V	273
Grasses.		
Hydrocyanic acid in grasses	V	97
Heartwater.		
The blesbuck (<i>Damaliscus albifrons</i>) and black wildebeest (<i>Conochaetes gnu</i>) as carriers of heartwater	V	35
Hermaphrodite.		
Anatomical Studies No. 59. On a false masculine hermaphrodite in an avian hybrid	V	351
Herons.		
On the metacercaria and adult of <i>Clinostomum van der horsti</i> sp. n. A nematode parasite of fishes and herons	V	51
Hump.		
Anatomical Study No. 60. Some comment on the hump of African cattle	V	621
Hydrocyanic Acid.		
Hydrocyanic acid in grasses	V	97
Immunity.		
The production of immunity against <i>Cl. welchii</i> , type B, Wilsdon. (The "Lamb dysentery bacillus")	V	391
Iodine.		
Studies in Mineral Metabolism. XXXIII. Iodine in the nutrition of sheep (2nd Report)	V	189
Lamb Dysentery Bacillus.		
The bloedpens strain of <i>Cl. welchii</i> , type B, Wilsdon. (The "Lamb dysentery bacillus")	V	363
The production of immunity against <i>Cl. welchii</i> , type B, Wilsdon. (The "Lamb dysentery bacillus")	V	391

	VOL.	PAGE
Lethal Dose.		
The lethal dose of the toxins of some anaerobes for sheep	V	61
Louping Ill.		
The transmission of louping ill by ticks (<i>Rhipicephalus appendiculatus</i>)	V	15
Merino.		
The effect of supplements of different forms of sulphur to the diet upon the wool of the Merino sheep	V	177
The seasonal influence on Merino wool production	V	332
Studies on the alimentary tract of the Merino sheep in South Africa. II. Investigations on the physiology of deglutition	V	485
Studies on the alimentary tract of sheep in South Africa. III. The influence of bowel anastomosis on the general nutritional state of Merino sheep	V	501
A freak Merino fleece	V	517
Wool Studies. 1. The variation and interdependence of Merino fleece and fibre characteristics	V	519
Milk Pail.		
Studies in Native Animal Husbandry. (12) A Wankonde Milk Pail ...	V	307
Mineral Content.		
A study of the mineral content and feeding value of natural pastures in the Union of S. Africa. III	V	201
A study of the mineral content and feeding value of natural pastures in the Union of S. Africa. IV. The influence of season and frequency of cutting on the yield, persistency, and chemical composition of grass species	V	215
Mineral Metabolism.		
Study No. XXXIII. Iodine in the nutrition of sheep (2nd Report)	V	189
Native Animal Husbandry Studies.		
12. A Wankonde milk pail	V	307
Native Animal Husbandry.		
Study No. 13. A note on the three parent stocks of African cattle ...	V	531
Natural Pastures.		
A study of the mineral content and feeding value of natural pastures in the Union of S. Africa. III	V	201
A study of the mineral content and feeding value of natural pastures in the Union of S. Africa. IV. The influence of season and frequency of cutting on the yield, persistency, and chemical composition of grass species	V	215
Nematode.		
On the metacercaria and adult of <i>Clinostomum van der horsti</i> sp. n. A nematode parasite of fishes and herons	V	51
Nylghiae.		
On some helminths from the "Nylghiae"- <i>Boselaphus tragocamelus</i> (Pall) with observations on the parasitic larval stages of the stomach worm (<i>Ashworthius martinaglia</i> sp. n.)	V	43
Oesophagostomiasis.		
The chemotherapy of oesophagostomiasis in Sheep. II	V	419
Pigs.		
The operation of splenectomy in horses, cattle, sheep, goats, pigs, dogs, and some S.A. antelopes. A summary of the results of 98 splenectomies	V	273
Pumpkin Seed.		
The toxicity of pumpkin seed (<i>Cucurbita pepo</i> L.)	V	441
Rhipicephalus Appendiculatus.		
The transmission of louping ill by ticks (<i>Rhipicephalus appendiculatus</i>)	V	15

	VOL.	PAGE
Seasonal Influence.		
The seasonal influence on Merino wool production	V	323
Sheep.		
The lethal dose of the toxins of some anaerobes for sheep	V	61
The effect of supplements of different forms of sulphur to the diet upon the wool of the Merino sheep	V	177
Studies in Mineral Metabolism. XXXIII. Iodine in the nutrition of sheep (2nd Report)	V	189
The operation of splenectomy in horses, cattle, sheep, goats, pigs, dogs, and some S.A. antelopes. A summary of the results of 98 splenectomies	V	273
The chemotherapy of oesophagostomiasis in Sheep. II	V	419
Studies on the alimentary tract of the Merino sheep in South Africa. II. Investigations on the physiology of deglutition	V	485
Studies on the alimentary tract of sheep in South Africa. III. The influence of bowel anastomosis on the general nutritional state of Merino sheep	V	501
Spirochaeta Theileri.		
The transmission of <i>Spirochaeta theileri</i> to a blesbuck (<i>Damaliscus albifrons</i>)	V	7
Splenectomy.		
The operation of splenectomy in horses, cattle, sheep, goats, pigs, dogs, and some S.A. antelopes. A summary of the results of 98 splenectomies	V	273
Stomach Worm.		
On some helminths from the "Nylghiae"- <i>Boselaphus tragocamelus</i> (Pall) with observations on the parasitic larval stages of the stomach worm (<i>Ashworthius martinaglia</i> sp. n.)	V	43
Strychnine.		
The detection of strychnine in carcasses and corpses	V	139
Sulphur.		
The effect of supplements of different forms of sulphur to the diet upon the wool of the Merino sheep	V	177
Ticks.		
The transmission of louping ill by ticks (<i>Rhipicephalus appendiculatus</i>) ...	V	15
Toxicity.		
The toxicity of pumpkin seed (<i>Cucurbita pepo</i> L.)	V	441
The toxicity of trypan blue	V	467
Toxic Principle.		
Note upon the isolation of the toxic principle from a species of <i>Dimorphotheca</i> , probably <i>Dimorphotheca fruticosa</i>	V	79
Toxins.		
The lethal dose of the toxins of some anaerobes for sheep	V	61
The antigenic compounds of the toxins of <i>Cl. botulinum</i> types C and D ...	V	65
Trypan Blue.		
The toxicity of trypan blue	V	467
Wankonde.		
Studies in Native Animal Husbandry. 12. A Wankonde milk pail ...	V	307
Watery Whites.		
The enzymic activity of egg white. Its bearing on the problem of watery whites	V	329
Wool Studies.		
No. 1. The variation and interdependence of Merino fleece and fibre characteristics	V	519
