THE RHODES BUILDING
S. GEORGE'S STREET
CAPE TOWN

20th. October, 1928.

My dear Pearse,

Many thanks for yours of September 28th.
which I am sorry to have left so long unanswered.

Let me congratulate you on the Editor-
ship of the S.A. Architectural Record, it will give you excellent
scope for much of the information which you command.

I note that you propose to publish the
Baker work in serial form to begin with and book form later, and
I need hardly say that I shall be pleased to give you any help I
can.

I have written to Elliott about the
photographs of some of the earliest houses of H.B.'s, and he has
now just been to see me. He regrets that he has not got any
photographs already taken of these early works, and so would have
to take them specially. This, of course, he would be pleased to
do on receipt of instructions but fears incurring any cost without
your sanction. If you wish Elliott to do these would you therefore
let me know by wire or otherwise, and I will arrange the best I can
with him.

I will also bear in mind what you say
about letting you have suitable photographs of other works for
publication.

As to Schutte, I fear I have no really
information likely to be of use to you, except an old elevation
of his of Government House, and this is at your service if you wish
it.

I think perhaps Elliott might help you in
this respect, but unfortunately I overlooked the point when
speaking to him. I am sending him a few lines, however, to see what
he has got and will let you know in due course.

Did you receive the S.A. Women's Journal
with the Pelyn photographs in it?

With all good wishes,

Yours sincerely,

F. K. KENDALL per:
