My dear Staten,

Your letter in regard to the possibility of doing something for the village of White River. I am particularly interested in these matters as you know and the Minister has no objection, but we are so overwhelmed with work at the present time that however willing I am in spirit it is not possible to do anything at the moment.

I therefore got into touch with the Town Planning Board and finally wrote to Mr. Waugh, Chairman of the Board, and an old friend of mine.

He tells me he is writing you and I am sending a copy of his letter to me, for your information.

I might manage to get up to White River towards the end of the year and if by then Waugh has managed to do something for you I would have a look at the scheme.

My wife is going up to the Reserve next week with some friends and on the way back she may manage to give you a call.

Everything going smoothly with me.

Best wishes to all of you.

Yours sincerely,

O.W.Staten, Esq.,
WHITE RIVER,
E.TVL.

E. H. Waugh
