

**Figure S1.** Worldwide distribution of *Elsinoe* spp. affecting economically important agricultural, ornamental and forestry crops. **(a)** Fruit crops; **(b)** Tuber crops; **(c)** Legumes crops; **(d)** Ornamental plants; and **(e)** Forest trees. Colours and symbols indicate the occurrence of *Elsinoe* spp. in each country. Data were captured from Table S1, EPPO Global database (<https://gd.eppo.int/>), CABI Compendium (<https://www.cabidigitallibrary.org/>), and USDA Fungus-Host Distributions database (<https://fungi.ars.usda.gov/>).
