Die Visekanselier en Rektor van die Universiteit van Pretoria

**Prof Cheryl de la Rey**

nooi u vriendelik uit na die eerste lesing in die

### UP-EKSPERT LESINGREEKS

#### VERDOEMENDE SCENARIO'S EN DIE LOT VAN DIE AFRIKA-HEUNINGBYBEVOLKING

Die bedreigde heuningbybevolkings in die VSA, Europa en Latyns-Amerika het die afgelope paar jaar baie aandag van die media ontvang. Tog word daar baie min oor Afrika-heuningbybevolkings berig, alhoewel heuningbye vanaf Afrika kom.

Ons moet die impak van Afrika-heuningbye op globale bevolkings verstaan om oplossings vir die krisis in streke op ander kontinente te vind. Prof Robin Crewe, die Universiteit van Pretoria se by-deskundige, gaan hierdie onderwerp in die eerste UP-EKSPERT LESINGREEKS met die gehoor bespreek.

Die UP-EKSPERT LESINGREEKS wil 'n openbare platform vir navorsers van die Universiteit van Pretoria bied om met 'n algemene gehoor te skakel aangaande betekenisvolle ontwikkelings in hul velde van deskundigheid wat waarskynlik in die toekoms 'n impak gaan hê.

Kom neem gerus deel aan UP se nuwe 60-minuut EKSPERT LESINGREEKS en kom trek voordeel uit UP se uitnemende navorsing.

**Datum:** Donderdag 26 Augustus 2010  
**Tyd:** 17:00  
**Plek:** Senaatsaal Hatfieldkampus Lynnwoodweg Pretoria  
**RSVP:** Voor of op 19 Augustus 2010 aan [helena.jones@up.ac.za](mailto:helena.jones@up.ac.za)

The Vice-Chancellor and Principal of the University of Pretoria

**Prof Cheryl de la Rey**

cordially invites you to attend the first lecture in the

### UP EXPERT LECTURE SERIES

#### DOOMSDAY SCENARIOS AND THE FATE OF THE AFRICAN HONEYBEE POPULATION

The threat to honeybee populations in the USA, Europe and Latin America over the past few years has received extensive media attention. Yet, very little is said about African honeybee populations, even though honeybees come from Africa.

We need to understand the impact of African honeybees on global populations to find solutions for the regional crises on the other continents. This is what the University of Pretoria's bee expert, Prof Robin Crewe, will share with his audience in the first of the UP EXPERT LECTURE SERIES.

The UP EXPERT LECTURE SERIES will provide a public platform for researchers of the University of Pretoria to engage with a general audience regarding significant developments in their fields of expertise that are likely to have an impact in the future.

Come and share in UP's new 60-minute EXPERT LECTURE SERIES and become a beneficiary of UP's research excellence.

**Date:** Thursday 26 August 2010  
**Time:** 17:00  
**Venue:** Senate Hall Hatfield Campus Lynnwood Road Pretoria  
**RSVP:** Before or on 19 August 2010 to [helena.jones@up.ac.za](mailto:helena.jones@up.ac.za)
