ACKNOWLEDGEMENTS

The following people are graciously thanked for their help, contributions and support:

Mr and Mrs D. Goosen for their hospitality, assistance and friendship. Mr H. van Rooyen and Mr W. Pabst, the owners of Sango Ranch, for their financial support of the study. Mrs V. Fourie for her help with contacting the ranch and for managing my finances. The game scouts of Sango Ranch for their assistance with the field work. Mr R.B. Drummond of the National Herbarium in Harare for the plant identifications. Mrs S. van Hoven for digitising the maps onto GIS. Prof. J. du P. Bothma, Dr N. Van Rooyen and Dr S.C.J Joubert for visiting the study area, the valuable advice, for reviewing the manuscript and the constructive criticism of the manuscript. Dr S.C.J. Joubert is thanked for the help in the study area and for providing the aerial game count figures. Mrs M. Deutschlander, Mrs L. Strydom and Miss F. du Plessis for their assistance with the data analysis. Mr B. Orban for assistance with the maps and advice. The University of Pretoria and the K.L. Wipflinger Memorial Fund for financial support.
