Sir/Madam

RE: REQUEST FOR PERMISSION TO CONDUCT RESEARCH IN SECONDARY SCHOOLS IN THE BUSHBUCKRIDGE REGION

I, B.M. Mafuwane, persal number: 81035811, hereby request permission to conduct research in secondary schools in the Bushbuckridg Region. I am probing into the following topic: Variables related to instructional leadership and its contribution to learner performance in the matriculation examination.

My research will have two phases during which I will interact with principals of secondary schools. The first phase will involve distributing questionnaires to all the principals of public secondary schools in the region. The second phase will involve structured interviews with five principals who will be sampled according to the performance of their schools in the grade 12 examinations from 2004 to 2008.

I would like to assure your office that if permission is granted, I will ensure that my research activities do not interfere with my own work as an employee of the Department and that
teaching and learning in the affected schools are not affected. I will further ensure that on completion of the study, a copy of the thesis is made available to the employing authority.

I hope your office will find this request to be in order

Yours faithfully

RE: APPLICATION TO CONDUCT RESEARCH IN OUR POST PRIMARY SCHOOLS. (BUSHBUCKRIDGE REGION).

Your application (dated 10 July 2009) to conduct scientific research in the selected schools in Mpumalanga Province (Bushbuckridge Region) was received on the 10 July 2009.

Your motivation for the research demonstrates that the findings and the subsequent recommendations will also benefit the Department and the schools in particular. Based on the strength of your motivation the Department therefore approves your application and further wishes you a successful research study in our schools. Attached is the Department of Education’s research manual which helps to regulate all research activities in our schools. I therefore request that you observe the guidelines as provided in the manual as far as possible.

We request that after the completion of your research project you prepare a presentation of the findings and recommendations to the Mpumalanga Department of Education.

If you need more support, please contact Mr. A.H. Baloyi at 013 766 5476 or 072 201 4043.

Best wishes with this important research.

LETTER OF INFORMED CONSENT

RESEARCH TOPIC: Variables related to instructional leadership and their contribution to the improvement or learner achievement.

DATE: .............................................

Dear Participant

You are invited to participate in a research project aimed at investigating the variables related to instructional leadership and the contribution of these variables to the improvement of the National Senior Certificate results.

Your participation in this research project is voluntary and confidential. You will not be asked to reveal any information that will allow your identity to be established, unless you are willing to be contacted for individual follow-up interviews. Should you declare yourself willing to participate in an individual interview, confidentiality will be guaranteed and you may decide to withdraw at any stage should you wish not to continue with an interview. Also note that the interviews will be recorded for data capturing purposes and that the results of this study may be published in a journal. In both instances, your identity will always be protected.

If you are willing to participate in this study, please sign this letter as a declaration of your consent, i.e. that you participate in this project willingly and that you understand that you may withdraw from the research project at any time. Under no circumstances will your identity be made known to any parties or organizations that may be involved in the research process.

STATEMENT OF CONSENT

I .......................................................................................................................... hereby consent that I participated in this research project out of my own free will and voluntarily shared my thoughts and experiences in this interview / completion of this questionnaire. The researcher explained to me the purpose of the research and I was informed and guaranteed my right to confidentiality. I fully acknowledge that this information will be used solely for PhD studies and not for commercial purposes and thereby give consent to the researcher to use this information.

APPENDIX G:
QUESTIONNAIRE FOR DEPUTY PRINCIPALS AND HODs

DIRECTIONS FOR THE COMPLETION OF THE QUESTIONNAIRE

This questionnaire consists of questions that must be answered by HODs and Deputy Principals ONLY. The purpose of this part is to gather information regarding your perceptions about instructional leadership practices in your schools. There are no correct or wrong answers. The researcher is only interested in your frank opinion.

This part of the questionnaire is structured according to FOUR variables which are related to effective school leadership and school effectiveness. Familiarize yourself with each variable and then indicate your responses on the questionnaire.

A. Promoting frequent and appropriate school-wide teacher development activities.
B. Defining and communicating shared vision and goals
C. Monitoring and providing feedback on the teaching and learning process
D. Managing the curriculum and instruction

Please answer each of the following questions by marking the appropriate box. The following scale is used for all items.

Example:
To what extent is your principal accessible to educators?
(If you believe that your principal is accessible to a large extent, put a cross next to 5 as shown below)

THANK YOU FOR COMPLETING THIS QUESTIONNAIRE
APPENDIX H:
INTERVIEW SCHEDULE FOR PRINCIPALS

This study is underpinned by **FOUR VARIABLES** which are related to instructional leadership, namely:

- Promoting frequent and appropriate school-wide teacher development activities;
- Defining and communicating shared vision and goals;
- Monitoring and providing feedback on the teaching and learning process; and
- Managing the curriculum and instruction.

1. As an instructional leader, can you arrange these variables in order of their importance and indicate how they contribute to the achievement of your school’s goals.

2. How much time do you devote to the enactment of your instructional leadership roles, e.g. time spent on teacher development activities?

3. What, in your opinion, is the purpose of supervision and do you view supervision of the teaching and learning process as part of your responsibilities as a principal?

4. As a principal, what support do you need in order to be a better instructional leader and to what extent does the department provide such support (if any) to your school and to you as principal.

5. As a principal, how do you support your teachers with regard to their instructional obligations?

6. Comment on the following statements:

   7.

   6.1 “the higher the qualifications of the/a principal, the better the results of his/her school will be.”

   6.2 “there is a degree of compatibility between the performance expectations of the principal and the support that the department gives to the principal.”

   6.3 “the improvement/decline in the achievement of learners in the National Senior Certificate is influenced by the enactment of instructional leadership by the principal.”
8. How do you distribute your leadership/management activities from Monday to Friday?

9. Do you conduct a weekly, monthly, or quarterly audit of your leadership/management activities and if you do, on which activity/activities do you spend most your time in a week, month or quarter.

10. On the basis of your response to the above question, to what extent do you think that the activity/activities on which you spend most of your time contribute to the improvement of teacher effectiveness and learner performance?

| **5.3.2 Theme two: the principal’s opinion with regard to supervision and whether the principal views supervision as part of his/her responsibilities.** | Supervision ensures that all teachers and learners comply with the set standards. It also ensures that there is no deviation from the norm. My view is that supervision is part of my responsibilities as an instructional leader. | I regard supervision as one of my responsibilities. It is also a policy directive of the department of education. Supervision, like monitoring, works towards the achievement of the school goals. A school that does not supervise or monitor its activities is working towards its downfall. | Where there is no vision, people perish, where there is no supervision, people perish. Supervision to me is very significant because it is through supervision that we are able to align our curriculum goals to the vision of the school. | The Employment of Educators Act refers to the principal as Chief Supervisor. I regard supervision as my responsibility and I do it to give support and motivation to my staff. | Yes, I regard supervision as my responsibility. It assists me to identify gaps and challenges so that I can provide development/assistance. Supervision also ensures that teacher and learner performance are up to the expected standards. |

| **5.3.3 Theme three: the type of support that principals need in order to be better instructional leaders and the extent to which the department provide such support.** | The department is not offering enough support to capacitate me as a principal. I would like to be capacitated on monitoring and evaluation skills because these two aspects are crucial for the success of the school. | The department of education is made up of many systems. The principal needs to be supported to understand all these systems, e.g. governance workshops, refresher workshops, workshops where principals share their successes and frustrations. Curriculum implementers should arrange workshops on a quarterly basis and invite | There is support from the department. Instead of providing support, the department checks on shortfalls. I would like to see the department offering close monitoring tools to support me as an instructional leader. This would go a long way into assisting me to assist my staff and build their | I need a lot of support. Any school principal, irrespective of their teaching experience, needs support. I personally need support with regard to the following aspects:  
- Implementation of the set goals by the department;  
- Managing the curriculum which is the heart of | I need support in the area of human resource provision. I need teachers who are qualified to teach the learning areas which they are teaching. I also need curriculum support and skills development support and this should be done after working hours to avoid sacrificing contact time in favour of skills development. |

<td>The high qualifications of the principal do not mean that the principal will influence the school to get good results. <tr>
<td><strong>5.3.5.2 The degree of compatibility between the performance of expectations of the department and the support that the department gives to the principals.</strong></td>
<td>- Mr Platinum: There is no compatibility. The department provides minimum support to the school and the principal. Innovative skills and initiatives by the principal make a difference.</td>
</tr>
<tr>
<td></td>
<td>- Mr Gold: There is no compatibility between the input of the department with the department expects the principal to offer as an output. The department always expects more than it can provide.</td>
</tr>
<tr>
<td></td>
<td>- Mr Gold Dollar: If the fault finding stance of the department can be removed, there can be compatibility between the amount of support that principals need from the department in order to perform their IL duties.</td>
</tr>
<tr>
<td></td>
<td>- Mr Silver: There is no compatibility between the level of support that the department offers to the principals and teachers. The curriculum advisors who are supposed to give support to the teachers are not giving it their best.</td>
</tr>
<tr>
<td></td>
<td>- Mr Sylvester: There is no compatibility. The support from the department is not enough because of insufficient resources. The department cannot enforce discipline on teachers who are not cooperative. Teachers reneging on their contractual obligations are not disciplined.</td>
</tr>
<tr>
<td><strong>5.3.5.3 It has a marked effect on the improvement or decline of learner achievement.</strong></td>
<td>- Mr Platinum: I agree to a certain extent. It is not actually the principal per se but if standardised exams, properly moderated can be given to our learners, even the quality of learners who will come out of such exams will envious.</td>
</tr>
<tr>
<td></td>
<td>- Mr Gold: The lack of IL has a marked effect on the decline of learner achievement. If the principal is not hands on, not defining the goals of the school, not motivating, there will be no improvement in learner achievement. The principal must put plans, evaluate, monitor, and motivate both teachers and learners and by so doing, learner achievement will improve.</td>
</tr>
<tr>
<td></td>
<td>- Mr Gold Dollar: A lack of IL may impact negatively on the teachers’ performance and learner achievement, especially with regard to the new curriculum. It is therefore important that the principal must be knowledgeable on the new curriculum in order to support the teachers.</td>
</tr>
<tr>
<td></td>
<td>- Mr Silver: Aspects that contribute to the decline in the pass rate include management of disturbances by the principal and the staff. It is important for the principal and his/her staff to put system in place to deal with disturbances particularly dealing with lost time.</td>
</tr>
<tr>
<td></td>
<td>- Mr Sylvester: I partly agree. The practice of IL may not be the only factor that that can lead to the decline of learner achievement. The practice of IL may lead to the improvement of learner achievement but the working environment may inhibit the principal’s use of IL skills and this may lead to a decline in learner achievement.</td>

<td>Om Mondays I have a meeting with the deputy principals; on Tuesdays I meet with the HODs; on Wednesdays I meet the administration personnel; on Thursdays I meet with the general workers, and on Fridays I meet with the Representative Council of Learners (RCL). Each of the above components provides reports related to their spheres of work.</td>
</tr>
<tr>
<td>Mr Platinum</td>
<td>Every Monday I put up a program for the week. Every Friday reports for the week are compiled and before we table the program for the following week, we reflect on the activities of the previous week in terms of achievable and non-achievable aspects. This approach enables me to avoid “working on accidents.”</td>
</tr>
<tr>
<td>Mr Gold</td>
<td>Time tabling my activities as an instructional leader is essential. On Mondays I check the finance books and on Wednesdays I check activities from different grades to monitor the progress of the teachers and learners. This latter exercise assists me to draw up intervention activities to assist the teachers where they have difficulties.</td>
</tr>
<tr>
<td>Mr Gold Dollar</td>
<td>Some activities need to be monitored on a weekly, monthly, and quarterly basis. Learner attendance is done on a daily and weekly basis. Learner achievement is done on a monthly basis.</td>

<tr>
<td>My planning in 5.6.6 above enables me to audit the monthly and quarterly achievements of the school. I spend more time on curriculum implementation which is the core business of the school. In my view, spending more time on curriculum implementation impacts on the improvement of learner achievement.</td>
</tr>
<tr>
<td>The core business of the school is the curriculum. I therefore spend more time on this aspect, checking teachers’ and learners’ work. I believe that this exercise has an impact on learner achievement.</td>
</tr>
<tr>
<td>I spend most of my time on teacher/learner attendance. Learners learn what they observe. Punctuality on the part of the staff will have a marked impact on the learners. Learners use their educators as frames of reference. They develop commitment as learned from their teachers. Teacher visibility in the classrooms has a strong impact on the learners.</td>
</tr>
<tr>
<td>I spend more time on administration, supervising the activities of the school and attending to teacher/learner accidental problems. My IL obligations are overpowered by my administrative engagements.</td>

Certificate of language editing

This is to certify that I have edited the thesis "The contribution of instructional leadership to learner performance" by Barber Mafuwane, in terms of language usage, style, expression and consistency.

I focused on grammar, tenses, consistency of terminology, sentence construction, and logical flow. I inserted comments and suggestions for the attention of the student, where meaning needed to be clarified, or where points of confusion could arise for the reader.

I did not edit or format the List of References or the Appendices, which was outside the scope of my brief.

I wish the candidate success with his final submission and future career.
