____________________________________________________________________________________

____________________________________________________________________________________

20 What do you think is the main reason for a rural citizen not having a cellphone?

____________________________________________________________________________________

____________________________________________________________________________________

____________________________________________________________________________________

21 How is MTN informing people on the advantages of their free access to emergency services?

____________________________________________________________________________________

____________________________________________________________________________________

____________________________________________________________________________________

183
22 Is MTN informing people about the use of plastic bank cards for the purchase of airtime?
   □ Yes  □ No

23 At which banks' ATMs are the option available to buy airtime with a plastic card?

24 Why only these banks?

25 Which banks are included in the future provision of this service?

26 Where are the most technologies for MTN transferred from?
   □ USA  □ Other Eastern country
   □ Canada  □ Asia
   □ Europe  □ Africa
   □ Japan  □ Southern Africa
   □ New Zealand  □ Australia
   □ Other: Specify:

27 If there were other suppliers for MTN's core technologies previously, please indicate who and explain briefly why you changed suppliers
   □ USA  □ Other Eastern country
   □ Canada  □ Asia
   □ Europe  □ Africa
   □ Japan  □ Southern Africa
   □ New Zealand  □ Australia
   □ Other: Specify:
Briefly explain your answer for question nr. 27:

_____________________________________________________________________
_____________________________________________________________________
_____________________________________________________________________
_____________________________________________________________________

28 What are the criteria MTN uses when deciding which country or company to transfer technology from?

_____________________________________________________________________
_____________________________________________________________________
_____________________________________________________________________
_____________________________________________________________________

29 Up until which stage of the technology utilization is MTN involving the technology supplier, or do you have sufficient skills available within the company to implement and modify the technology to suit local conditions?

_____________________________________________________________________
_____________________________________________________________________
_____________________________________________________________________
_____________________________________________________________________

185
30 Are work done to adapt foreign technology to local conditions?

☐ Yes ☐ No

(If Yes) How and by whom?

________________________________________________________________________
________________________________________________________________________
________________________________________________________________________
________________________________________________________________________
________________________________________________________________________
________________________________________________________________________

Give examples if possible for your answer in the previous question:

________________________________________________________________________
________________________________________________________________________
________________________________________________________________________
________________________________________________________________________
________________________________________________________________________

31 Does MTN have sufficient internal skills to modify and adapt foreign technologies to local conditions?

☐ Yes ☐ No

If no, how do you go about adapting transferred technologies to local existing ones and install new technologies operational to interface with them

________________________________________________________________________
________________________________________________________________________
________________________________________________________________________
________________________________________________________________________
________________________________________________________________________

186
32 In which format does MTN prefer information about transferred technology supplied by the technology source?

- CD
- Paper
- Electronic mail
- Fax
- Pre-recorded audio
- Audio via telephone
- Personal informing sessions
- Other: Please specify

33 How does MTN ensure that the current technology is meeting the ever-changing needs of the rural segment in South Africa?

34 How do you go about doing forecasts on technologies and their lifespan

187
35 How does MTN go about determining the Needs, Capabilities, Problems, Aspirations, and Expectations of the rural community?

36 Once the needs for a new technology is determined/defined, how does MTN go about generating a list of possible technologies that might fulfill these needs

37 With whom does MTN have inter-firm R&D agreements?

38 Have technology ever been transferred into rural areas of South Africa with limited advantages (or even disadvantages) to MTN and(or) the rural citizen?

[ ] Yes [ ] No

If yes, can you give some examples (and explain why if possible):

188
39 Which people are involved in the decision-making process of technology transfer/diffusion into SA's rural areas?

- MTN Marketing segment
- MTN's Public Relations Officer (PRO)
- Government

________________________________________________________________________

________________________________________________________________________

________________________________________________________________________

48 Which aspects of the governmental policy needs revising and why?

________________________________________________________________________

________________________________________________________________________

________________________________________________________________________

________________________________________________________________________

________________________________________________________________________

________________________________________________________________________

________________________________________________________________________

________________________________________________________________________

192
49 Is MTN of the opinion that the educational system in South Africa is effective and able to follow the needs of the industry sufficiently?

☐ Yes  ☐ No

Please explain your answer briefly:

______________________________________________________________________________

______________________________________________________________________________

______________________________________________________________________________

______________________________________________________________________________

______________________________________________________________________________

______________________________________________________________________________

50 Would you like to receive feedback on the outcome of this research project?

☐ Yes  ☐ No

☐ Give me feedback via E-mail at the following address:

E-mail address: __________________________________________

51 Would you like to be invited to the final presentation of this project?

☐ Yes  ☐ No

Let me know of the presentation date and time through:

Contact telephone no: __________________________ Work

_____________________________ Cellphone no

E-mail address: __________________________________________

Thank you for participating in this research project
