Your request for completion of an interview protocol on the institutional support for capacity building of senior public servants

Attached is a structured interview protocol which you are kindly requested to complete and return to me as soon as possible. The protocol is part of the study on the support for capacity building of the senior public servants in the North West Provincial Government. Effective support for capacity building is generally vital for a high degree of order and consistency in the implementation of policy in the public service. This view has found rightful expression in the speeches of the President, Dr Thabo Mbeki and the Minister of the Public Service and Administration, Mrs Fraser-Moleketi as well as in the newly published State of the Public Service Report by the Public Service Commission (PSC).

Institutional approval for this research was obtained from the Office of the Premier and is cooperating in the study. I know, of course, that I am imposing on your time but kindly appreciate that the purposes of doing so are sound and are in the best interest of the public service. I, however, assure you in the strongest possible terms that the answers you provide will remain completely confidential; neither you nor your Department will be singled out for analysis. The analysis will be done only on aggregated data.

Your completion and return of this questionnaire is of great importance. If you have any further information about this questionnaire, please do not hesitate to contact me at this cellular number: 076 270 3841. Thank you in advance for your co-operation in this study.

Yours sincerely,
