Intersecting the Maputo Fishery Harbour
Architecture as threshold between fixed and fluid

Paul Gregory Devenish

2012
Intersecting the Maputo Fishery Harbour: Architecture as threshold between fixed and fluid
Paul Gregory Devenish

Submitted in partial fulfilment of the requirements for the degree Magister in Architecture (Professional) in the Faculty of Engineering, the Built Environment and Information Technology, University of Pretoria
Department of Architecture
June 2012

Project Address:
Porto de Pesca de Maputo (Maputo Fisheries Port)
Marques de Pombal Road, Maputo
GPS Location: 25°58’31.55”S; 32°34’11.66”E

Main Function: Fish processing and Sale

Study Mentor: Marga Viljoen
Studio Mentor: Dr. Jacques Laubscher
In loving memory of my grandmother who taught me how to live and love:

Mercia Jesse Brown
2 June 1917 - 6 August 2011
# TABLE OF CONTENTS

**CHAPTER 1:** INTRODUCTION  
- P. 03 PROJECT SUMMARY  
- 04 OUTLINE OF STUDY  
- 04 REAL WORLD PROBLEM  
- 05 SUB PROBLEMS  
- 05 DESIGN AIMS  
- 05 HYPOTHESIS

**CHAPTER 2:** THEORY  
- P. 09 PLASTICITY IN ACTION  
- 11 POLYVALENCE  
- 13 UNDERSTANDING "ACTION"  
- 18 THEORY APPLIED TO SITE  
- 20 THE ROLE OF AMBIGUITY: IMAGINATION, DREAMS, HOPE  
- 23 ARCHITECTURE: TEMPORAL FORCE

**CHAPTER 3:** CONTEXT AND MAPPING  
- P. 26 CITY PROFILE  
- 28 PERIPHERY  
- 30 DEFINING THE BAIXA  
- 31 MAPPING  
- 32 CURRENT CITY FRAMEWORK  
- 33 MAPS

**CHAPTER 4:** URBAN CONDITION  
- P. 44 SITE: PORT CONDITION AND AXIAL CONDITION  
- 46 PORT CONDITION  
- 48 PORT AREA AND SURROUNDS  
- 52 AXIAL CONDITION: AVENIDA SAMORA MACHEL  
- 56 CASE STUDY: URBAN FORM

**CHAPTER 5:** BRIEF AND PROGRAM  
- P. 64 CRITERIA FOR SITE SELECTION  
- 65 LIST OF PROBLEMATIC ASPECTS  
- 67 TENURE AND POTENTIAL FUNDING  
- 67 INTERESTED AND AFFECTED PARTIES  
- 69 PROGRAM  
- 71 INHABITING THE BOUNDARY WALL  
- 72 CASE STUDY: PROGRAMMATIC FORM  
- 76 CASE STUDY: INDUSTRIAL FORM

**LIST OF FIGURES**  
- vi

**TABLE OF CONTENTS**  
- P. ii
# Table of Contents (continued)

## Chapter 6: Design Development

- **P. 084** The Harbour Precinct
- **P. 087** Port as Threshold
- **P. 090** Infrastructure in Response to the Temporal
- **P. 090** The Axis
- **P. 094** Design Synthesis and Development

## Chapter 7: Technical Development

- **P. 106** Principles
- **P. 108** Fish Handling and Distribution Processes
- **P. 112** Urban Terrace
- **P. 114** Upper Level Accommodation
- **P. 115** Primary Structure
- **P. 118** Secondary Structure
- **P. 122** Water Treatment

## Chapter 8: Drawings

- **P. 126** Perspectives
- **P. 131** Site Plan
- **P. 132** Plans
- **P. 134** Sections
- **P. 138** Detail Section
- **P. 140** Details
- **P. 142** Model

## Appendix A: Urban History

- **P. 154** Timeline
- **P. 158** Background to Historical Development of Maputo
- **P. 159** Trading Post on the Island: Early 19th Century
- **P. 161** The Beginnings of a Town: Late 19th Century
- **P. 163** Early 20th Century Developments
- **P. 165** The Often Overlooked “Reed City” Development
- **P. 165** Addressing the Wider Metropolitian Zone

## Appendix B: Theory: Historic Review

- **P. 171** The Rational
- **P. 173** The Counter Rational
- **P. 175** Architectural Practice
- **P. 175** Time and ‘Changefulness’ in Architecture
- **P. 176** Flexibility
- **P. 177** Reactions

## Conclusion

**P. 149** Conclusion

## Acknowledgements

**P. 179**

## References

**P. 180**
