## APPENDICES

### Appendix 1

#### CONSENT FORM

Name:.....  
 Date of birth:.....  
 Occupation:.....  
 Level of education attained:.....  
 Matric English:.....  
 Address:.....  
 Contact Numbers:.....

I.....hereby agree to participate in the research project of Mr G.F.H. Read entitled *Psychoanalytic Psychotherapy and the Analytic Attitude: A Cross-Cultural Case Study Approach*.

*I am aware of the following:*

- I am aware that my psychotherapy treatment takes precedence over my participation in this research study. If I choose to withdraw from the study this decision will in no way affect the course of my psychotherapy treatment.
- I am aware that I can withdraw from this study at any stage if I choose to discontinue participating.
- I am aware that this research project comprises a PhD thesis, which will be printed and held in the Library of the University of Pretoria.
- I am aware that I have the right to peruse a draft copy of this thesis and to request the withdrawal of any information that I feel is too sensitive.
- I am aware that all efforts will be maintained to exclude identifying data from this research study.

*I agree to the following:*

- That all records; interviews, assessments, note taking and information gathered during the course of the psychotherapy process may be used for the purpose of research.
- That the results of this research may be used for the purpose of a PhD thesis through the University of Pretoria.
- That the results of this research may also be used for printing, publication and teaching purposes.
- I am over the age of 21 and therefore able to take full responsibility for my own consent to participate in this research.

**I understand all the details pertaining to this research study and agree to the above conditions.**

 Date.....

## Appendix 2

### **LETTER OF INTRODUCTION**

#### **Research Thesis: Psychoanalytic Psychotherapy and the Analytic Attitude: A Cross-Cultural Case Study Approach**

This research will be conducted by Mr Gary Read who is a registered clinical psychologist (Practice Number: 8632472) for the purpose of a thesis, which will be submitted in partial fulfilment for the requirements of a PhD (psychotherapy) degree under supervision of the department of psychology, University of Pretoria.

#### **To prospective subjects participating in this research study**

It is important to state clearly to all those subjects who choose to participate in this research project that all information gathered during the data collection process will be treated with the utmost confidentiality and anonymity. Subjects will be asked to provide written consent for the use of their data on the understanding that all identifying data such as names, places and events will be removed before print. Subjects will be in control of the data that is included in this project and will have the right to remove any information that they feel may be identifying or unsuitable for print.

Yours sincerely  
Gary Read
