Napier, A. 2000. Enviro-friendly Methods in Small Building Design for South Africa. Published by the Author. p 4.3.1
Glory to Him who is able to do immeasurably more than all we ask or imagine, according to His power that is at work within us."

Ephesians 3:20 (NIV, 1998:1794)

For providing enough light and grace for each step.
For your constant support, prayers and encouragement. You have been an inspiration.
You have added a tremendous amount of energy to my life! Thank you for your love and support.
For all your hard work editing this document.
For your belief in me and all your prayers.
For always being interested and all your prayers.
For helping with the theology.
For being patient and allowing me to do my own thing.
For always being very helpful and friendly.
For helping with information on Moreleta.
For believing in the work of a student.
For allowing me to use Moreleta as the client.
For patiently helping me with the details. You have been a wonderful inspiration!
You'll never know how much you meant to me. You have a lot of influence in the lives of all who cross your path. Keep up with the Kingdom work!
For sacrificing your precious time and helping me with the model. You are very dear to me.
For your support and friendship.
For all your studio visits and encouragement.
For your prayers and care.
For your constant belief and strong faith.
For all your visits and support.
For helping with the model on a Sunday afternoon!
For all your time to buy the electrical lights.
For sacrificing rugby world cup to help build the model.
For all your time spent in the studio building the model.
For all your letters left on my chair in the studio. May God bless your creativity for His purposes.
Thank You so much to all the people that has diligently helped me for many toiling hours.
