PREFACE

This study would have taken a much longer time to complete if not for the support of many people. Hence, I wish to express my heartfelt appreciation to those who have stood faithfully by me.

Firstly, I wish to thank the Principal of Singapore Bible College, the Rev Michael Shen, and its Board of Directors. They have been gracious in granting me study leave and sponsoring my effort.

Secondly, I am grateful to the leadership and members of Evangel Baptist Church. I remain indebted to their tremendous support in terms of prayer, finance and encouragement.

Thirdly, my appreciation goes to Prof Julian Muller. As my supervisor, he has directed me to some very useful resources. Also, his warm encouragement and frank criticism have helped to spur and sharpen me as I go through the rigours of intense study and writing.

Fourthly, I am ever grateful to my beloved family. I thank my wife, Iris, for so willingly taking care of much of the family's needs during my days of academic labour. Our daughters, Vera and Stacey, have also been very well behaved, giving me the peace of mind to study and write at home. Also, a word of gratitude should go to my aged mother, Mdm Ng Kwai Ling, who lives with us. She has been a great help in many ways to all of us.

Finally, I thank God for the opportunity to undertake this study. I have been greatly blessed while going through the whole process. May God use this completed work to glorify Himself and bless His people.
