Our meeting will be informal and provide an opportunity to get acquainted and to review the project and its requirements. At our subsequent meeting I will audio-tape our conversation so that I can study what was said. It is certain that I will not open the tapes up to anyone else and I will not use your real name or identify you in any way in my research work. I can guarantee that all participants' personal information will remain confidential. At your request, you will be able to listen your audio-tape. You will be able to request to stop participating in this study at any time. You also may read a report of my findings. If you have some interest in participating, please contact me and I will respond to you. I will be happy to answer any questions you may have about the study.

Thanks for your help.
