6.1 DESIGN DEVELOPMENT

CHAPTER 06 DESIGN DEVELOPMENT
6.1 DESIGN DEVELOPMENT

DESIGN INTENTION

On a macro level the dissertation focuses on the integration of existing networks within the community as well as the networks of the re-claimers of the Heatherly landfill. The architectural intervention is intended to facilitate for programmes of an industrial, processing and educational nature. The aim of the youth Enterprise Hubs is to facilitate for the creation of centres for social and economic opportunities targeting unemployed youth through co-operatives, entrepreneurs, and small and medium enterprise (SMEs).
