

AUTHOR INDEX.

Volume 13, Nos. 1 and 2.

	PAGE
ALEXANDER, R. A. ... Studies of the Rickettsias of the Typhus-Rocky-Mountain-Spotted-Fever group in South Africa:—	
(i) Isolation of strains	19
(ii) Morphology and cultivation	25
(iii) The disease in the experimental animal. Cross immunity tests	41
(iv) Discussion and classification	67
 BISCHOP, J. H. R. On the feeding of a phosphorus supplement to mother-reared calves, prior to weaning, under open range conditions in Bechuanaland	 321
 BOSMAN, V. The cystine content of Merino wool in relation to its physical attributes	 237
Notes on the determination of the fibre fineness of a Merino wool staple	401
 CLOETE, J. H. J. ... Prenatal growth in the Merino sheep	 117
 DE WAAL, H. L. ... Chemical investigations upon <i>Lotononis laxa</i> E. and Z. 1. The isolation of pinitol, a fatty ester and benzaldehyde	 229
 FOURIE, P. J. J. ... Quantitative studies upon porphyrin excretion in bovine congenital porphyrinuria (pink tooth) No. 2	 369
Bovine congenital porphyrinuria (pink tooth) inherited as a recessive character	383
 HAIG, D. Serological variants of <i>Salmonella typhi-murium</i> isolated from South African animals	 293
 HENNING, M. W. ... The antigenic structure of Salmonellas obtained from domestic animals and birds in South Africa	 79
Serological variants of <i>Salmonella typhi-murium</i> isolated from South African animals	293
 KELLERMANN, J. H. Change in body-weight and food-consumption of rats on repeated feeding of a deficiency diet	 201
 LAURENCE, G. B. ... On the feeding of a phosphorus supplement to mother-reared calves, prior to weaning, under open range conditions in Bechuanaland	 321
 MALAN, A. I. On the feeding of a phosphorus supplement to mother-reared calves, prior to weaning, under open range conditions in Bechuanaland	 321

	PAGE
MARAIS, J. S. C. ...	
The endogenous nitrogen metabolism of young sheep with reference to the estimation of the maintenance requirement of sheep	219
The biological value of white fishmeal as determined on growing sheep and rats	361
MASON, J. H.	
Studies of the Rickettsias of the Typhus-Rocky-Mountain-Spotted-Fever group in South Africa:—	
(i) Isolation of strains	19
(ii) Morphology and cultivation	25
(iii) The disease in the experimental animal. Cross immunity tests	41
(iv) Discussion and classification	67
MÖNNIG, H. O.	
A tetrachlorethylene emulsion as an anthelmintic	193
NEITZ, W. O.	
Ovine anaplasmosis: the transmission of <i>Anaplasma ovis</i> and <i>Eperythrozoon ovis</i> to the blesbuck (<i>Damaliscus albifrons</i>)	9
Studies of the Rickettsias of the Typhus-Rocky-Mountain-Spotted-Fever group in South Africa: I. Isolation of strains	19
The immunity in Heartwater	245
ORTLEPP, R. J.	
A tetrachlorethylene emulsion as an anthelmintic	193
ROETS, G. C. S. ...	
Quantitative studies upon porphyrin excretion in bovine congenital porphyrinuria (pink tooth) No. 2	369
ROSSOUW, S. D. ...	
The cystine content of Merino wool in relation to its physical attributes	237
SCHULZ, K.	
A rickettsiosis new to South Africa	287
SMUTS, D. B.	
The endogenous nitrogen metabolism of young sheep with reference to the estimation of the maintenance requirement of sheep	219
The biological value of white fishmeal as determined on growing sheep and rats	361
STERNE, M.	
The use of anthrax vaccines prepared from avirulent (uncapsulated) variants of <i>Bacillus anthracis</i>	307
The immunization of laboratory animals against anthrax	313
STEYN, D. G.	
Alkali poisoning	347
STEYN, H. P.	
On the feeding of a phosphorus supplement to mother-reared calves, prior to weaning, under open range conditions in Bechuanaland	321
VAN WYK, C. M. ...	
Notes on the determination of the fibre fineness of a Merino wool staple	401
