1907.
PREFACE.

Five years have elapsed since the publication of the third volume of "Statutes of Natal," and during that period some two hundred and fifty Acts have been passed by the Natal Legislature, of which two hundred and thirty-five (not counting Acts of Supply) are still in force. It therefore seemed that the time had arrived for a Supplement to be issued which would classify the new statutes in the same manner as before, and serve in some measure to assist both old and new practitioners to find their statute law with the least possible amount of trouble.

Criticisms upon the original work have been kind and indulgent. That there was in the compass of the first three volumes room for improvement in many respects is a fact which has been taken to heart, and, it is hoped, will be found in the present volume to have been acted upon with advantage. Improvements have been attempted both in method and execution. Whilst there is no General Index to the Supplement, it is believed that the omission will be more than compensated for by the Contents Tables which precede every Act of length and importance, and by numerous Cross References.

In regard to the classification of the Acts, the original idea has been followed as closely as possible—namely, to find what might
be called the common measure of any group of statutes. The advantages of this system over a narrow classification cannot fail to become more apparent as legislation accumulates.

At the same time it has been sought to avoid inconveniences and absurdities which would arise from too rigid adherence to this principle. It might be said, for example, that the "Adulteration of Food Act, 1901," is logically referable to the title PUBLIC HEALTH, but probably not more than one person in ten would look for it under that heading. The same might be said also of the "Vaccination Act, 1906."

Where legislation has been introduced on an entirely new topic and there has been similar legislation in England, the author has adopted (whenever possible) the title already selected in England by the learned editor of "Chitty's Statutes," confiding that if fault is found with the choice he can at least be said to have erred in good company. This must be the answer to anyone who urges that "Revenue" or "Succession Duties" would have been preferable to DEATH DUTIES as the title for Act No. 35, 1905.

If the Supplement is found worthy of any measure of the praise kindly accorded to the principal work, a due proportion must fall to the share of Mr. G. W. Sweeney, who has again made some useful contributions of case law and subjected the proofs to a very searching revision.

R. L. H.

   - The lessee shall be required to make improvements to the value of three shillings per acre during the first six years, and to maintain the improvements throughout the term of the lease.
   - The leases shall be terminable summarily for non-payment of the rent or for the non-fulfilment of their conditions.

35. At the expiry of the lease it may be renewed upon a revised rental, or the land may be resumed by the Government for tree planting, or the land may be classed under the first class or second class, in which case the outgoing tenant shall have the right of selecting an allotment in the class in which the land has been ranked; in either case the outgoing tenant shall receive compensation for his improvements.

36. Lands of the second class shall be divided into agricultural allotments of from 250 to 500 acres, and shall be offered on
lease for ninety-nine years, upon such terms and conditions as may be determined by the Governor in Council.

The allotees shall be required to reside on their allotments during nine months in each year, and to effect improvements in the first three years to the extent of five shillings per acre, and in the second three years to a further value of six shillings and eightpence per acre, and to maintain the improvements.

The lands shall be liable to be resumed by the Crown for non-payment of rent, or for the non-fulfilment of the conditions of occupation, and the lease of any land so resumed shall be sold by public auction, and the upset price shall be the amount due to the Government, with cost of proceedings added thereto; any balance above such amount shall be paid to the defaulting settler.

37. Lands of the first class may be divided into blocks for irrigation areas, small dairy, poultry, or bee farms, or the like, the cultivation of fruit, tobacco, fibre plants, essential oil plants, vegetables, or any other agricultural products of high market value.

38. The allotments shall be approximately upon the following scale:

- Blocks intended for irrigation shall be divided into lots not to exceed 60 acres each, save where the quality of the soil renders some extension advisable.
- Blocks not intended for irrigation shall be divided into lots not exceeding 250 acres.

Such lands may in the discretion of the Government be grouped round centres set apart for factory or township purposes.

39. Allotments of land of the first class shall be offered on lease upon terms as to rent and otherwise similar to those prescribed in respect to lands of the second class, save as is hereinafter specially provided.

In the case of lands planted and duly maintained as fruit farms, the Board may remit the rent for a period not exceeding three years.

40. The lessees shall in every case be required to reside on the land, and to make improvements to the value of ten shillings per acre in the first three years, and to the value of a further ten shillings in the next three years.

41. The Government may in their discretion reserve temporarily so much of the land round the factory or township centres as may in their opinion be requisite for grazing purposes, but this shall not be made to give to anyone rights of commonage, and the land may at any time be offered by the Government in allotments for settlement.
PART III.

Crown Lands.

42. Crown Lands coming within the category of first or second-class lands may be dealt with as provided in the case of private lands under Part II. of this Act.

PART IV.

44. The Board may, out of the funds placed at their disposal as hereinafter provided, make and maintain any local roads within a settlement, and may make, construct and maintain, or authorise the use of, tramways upon any such roads.

45. The Board shall similarly have power to make water furrows and to take and lead water for the purpose of a settlement from any stream or river passing through or near it, and to regulate the flow and distribution thereof; and for that purpose they shall have the right to catch and collect water and to construct dams, weirs, and other works, at any part of such stream in or above the settlement, to enclose or fence in water or water works, and to convey water to and over any land in the settlement by furrows, pipes, or otherwise, with all such other powers as may be necessary for securing a sufficient supply of water.

46. Such powers shall not be exercised so as to deprive any person who is at the time of the formation of the settlement, or at the time of the commencement of any such works, a riparian owner of the water necessary for domestic use or for animal life, and, if the taking and using of any water shall injuriously affect any such riparian owner or any person who has up to the time of the taking of the water had a right to use the same, such person shall be entitled to compensation in terms of this Act.

47. The Board may, upon the application of any settler within the first three years of his occupation of an allotment, advance him an amount not exceeding two-thirds of the assessed value of any improvements which may have been made by him on his land with the approval of the Board, and the amount of such advance shall be a charge upon the land, and shall be repaid, with interest at four and a half per cent., by instalments to be added to the instalments otherwise payable by him.
Act 44, 1904.

Advances for Stock, etc.

48. The Board may, upon the application of a settler during the first year of his occupation, advance him an amount, not exceeding sixty pounds sterling, for the purchase of live stock, implements, seed, manure, or food: Such advance shall be a charge upon the land, and shall be repayable, with interest at four and a half per cent., in three equal annual instalments.

Fraud.

49. If any settler to whom an advance shall have been made as aforesaid shall apply the moneys to purposes other than those for which they were supplied, he shall be guilty of the crime of fraud.

Rates.

50. The Board shall have power, under regulations to be made as hereinbefore provided, to levy and get in such rates as may be necessary for the maintenance and repair of roads, tramways, furrows, or any other works carried out for the public benefit of the settlement and for all current charges and costs of the settlement.

Valuation.

51. Such regulations may also determine the basis and mode of valuation for the purposes of the rates, and may make such exemptions as may from time to time be considered proper in the public interest of lands held and used for public purposes, or for purposes of a church, public institute, school, or hospital, or for charitable institutions.

Water Rates.

52. The Board may also make such annual or special charges as may be fixed by the regulations for the supply and use of water for domestic, industrial, and irrigation purposes respectively.

Other rates.

53. The Board may also under such regulations fix and levy charges for the use of tramways and public conveniences other than roads.

Public Works.

54. The Governor in Council shall be authorised to advance such sums of money as may from time to time be required for public works and undertakings in connection with settlements made under this Act, and for the construction of which the authority of the Governor in Council may have been given.

All moneys so advanced shall be made a charge upon the lands of the settlement in such proportion as the Board shall determine, and the annual sums required for the repayment thereof, with interest, may be added to the rent payable in respect of the several allotments.

Sites for public purposes.

55. Suitable sites shall be set apart for schools and for public purposes of a settlement.

Factories.

56. The Board may, with the approval of the Governor in Council, assist agriculturalists in the establishment of factories or the like for the purpose of the manufacture of dairy or farming produce, such as butter, cheese, and tobacco, or the
packing or preserving of fruit, or any other factories for the purpose of the better utilization or marketing of raw produce.

57. No scheme for any such undertaking shall be approved unless it is to be established and carried on by an association in the nature of what is known as a co-operative association, or until the constitution and articles of such association have been submitted to the Board and approved by them.

58. The regulations under this Act may prescribe the conditions necessary to be complied with before any association can receive the approval of the Board, whether in respect of its formation, membership or liabilities, the distribution of profits, or any other matters whatsoever relative to its constitution.

59. The assistance to be given by the Government shall be by way of a contribution towards the capital outlay, and such contributions shall be made upon such terms as to payment, repayment and otherwise as to the Board shall seem proper.

60. The Governor in Council may at any time direct that the repayment of any part of such contribution shall be remitted.

61. All sums so contributed shall be a first charge preferred to all others whatsoever upon the lands leased to settlers who are members of the association, and also upon the factory and its buildings and machinery if situated upon land not belonging to the Crown.

62. The Governor in Council may at any time, by proclamation offer bonuses for the export of approved agricultural products.

Such bonuses shall be paid from moneys provided for the purpose by Parliament.

PART V.

Loans and Advances.

63. For the purpose of this Act the Governor may from time to time borrow moneys not exceeding in the whole the sum of One Million Pounds Sterling (£1,000,000), in accordance with the provisions of the General Loan Law, 1882.

64. The interest upon principal moneys so borrowed shall be payable at the office of the Agent-General in London, or at such other places as may be agreed.

65. Wherever in the General Loan Law of 1882 the Crown Agents of the Colonies are referred to, such reference shall for the purposes of this Act be deemed to be a reference to the Agent-General for the Colony of Natal.

66. The Governor in Council may borrow from time to time, in anticipation of the raising of any portion of the loan authorised by this Act, any sum or sums not exceeding at any one time in
Act 44, 1904. the whole the sum of Two Hundred and Fifty Thousand Pounds (£250,000), in such manner as may be most convenient for the public service, and shall repay the moneys so borrowed out of the principal moneys to be raised under the provisions of this Act.

The raising of any moneys under this section, or any part thereof, shall not pro tanto exhaust the borrowing powers conferred by this Act.

67. Any moneys which may have been expended out of the general revenue of this Colony under the provisions of the Land Acquisition Act, 1902, (a) or Act No. 12, 1900, entitled Act "To provide for the appropriation of certain of the lands forming portion of the Commonage of Weenen, and for their irrigation and sale in small allotments," shall be made a charge upon any loan raised under this Act, and may be repaid to the general revenue from the proceeds of any such loan.

68. All receipts in respect of rent upon leases of settlement lands or the repayment of advances or contributions made under the authority of this Act shall be paid to the general revenue of the Colony.

The Treasurer shall keep a separate account of all such receipts and likewise of all payments made out of general revenue in respect of interest and sinking fund upon moneys borrowed for the purposes of this Act, so that any excess of such receipts over such payments may, if further moneys are needed, for the purposes of any settlements formed under this Act, be applied by Parliament as advances for such purposes, to be charged on the lands of the settlement and repaid in like manner as any other moneys advanced under this Act.

ANIMALS (DISEASES)—RINDERPEST.

**Act No. 28, 1903.**

"To make special provision in regard to the disease known as Rinderpest."

[13th September, 1903.]

**BE IT ENACTED** by the King's Most Excellent Majesty, by and with the advice and consent of the Legislative Council and Legislative Assembly of Natal, as follows:—

1. If any Veterinary Surgeon or Stock Inspector shall have reason to believe that any cattle are infected with the disease known as Rinderpest, or have been in contact with an animal so infected, or have otherwise been exposed to the risk of infection, he shall be empowered to direct that such cattle be isolated and properly inoculated.

2. The owner or in his absence, the person having charge of any cattle shall be bound to carry out, at his own expense, such isolation and inoculation. If he shall fail to do so forthwith, the Veterinary Surgeon or Stock Inspector may have the isolation and inoculation carried out at the expense of the owner or, failing him, the person in charge.

3. If no Veterinary Surgeon or Stock Inspector be immediately available, the powers under this Act may be exercised by a Magistrate or by an Officer of Police not being below the rank of sergeant. Such Magistrate or Police Officer shall, however, take immediate steps to inform the District Veterinary Surgeon or Stock Inspector, who shall, as soon as possible, attend in person.

4. The inoculation of any animal under this Act must, in the first instance, be effected with glycerinated bile or serum, and such inoculation must be to the satisfaction of an Officer of the Veterinary Department, and as often as may in the opinion of that Officer be necessary. Raw bile may be used for second and subsequent inoculations, if so desired, but ten days at least must elapse before the second inoculation.

5. The Governor in Council may from time to time make regulations for carrying out the objects of this Act.

6. Any person who shall contravene this Act, or a regulation thereunder, or who shall disobey or disregard any lawful order made by a person having authority, shall be liable, on conviction before a Magistrate, to a fine not exceeding Fifty Pounds Sterling, with the alternative of imprisonment, with or without hard labour, for any term not exceeding three months.
7. The Magistrate, when giving judgment upon any such charge, may also make an order for the payment of any expenses of isolation or inoculation to which the accused person may have become liable as aforesaid.

8. Whenever any cattle shall be sold at any public auction, or by the market-master at any public market, the auctioneer or market-master shall be bound to warrant, and shall be deemed to have warranted, all and every cattle to be free from Rinderpest, and if any such cattle shall die of, or exhibit symptoms of being infected with, such disease within eight days from date of sale, exclusive of such day, the auctioneer or market-master may be sued under such implied warranty for restitution of the price paid for such diseased cattle.

9. If any person who shall purchase cattle at any public auction, or at any public market, shall prove that he has sustained damage from Rinderpest which may have broken out within eight days after the date of such purchase in the herd which was in his possession at the time he bought such cattle, and that any of the cattle so bought have shown symptoms of Rinderpest previous to any animal belonging to the said herd showing such symptoms, and if it shall be proved that the vendor was aware, or had sufficient opportunity to be aware, that any such cattle were so diseased, or had been running among cattle so diseased, at or within one month previous to the time of sale, then such vendor shall be liable to make good all loss or damage which the purchaser may have sustained by reason of such diseased cattle so purchased communicating such disease to cattle the property of the purchaser.

10. In all private sales of cattle the vendor shall be deemed to have warranted the same, and shall be in all respects liable under such implied warranty as if such cattle had been sold at a public sale, unless it shall have been otherwise stipulated and agreed in writing between the vendor and purchaser or their agents.

11. It shall be incumbent on the purchaser, when suing for damages, to show that he has taken precaution to prevent the spread of Rinderpest amongst his herd as soon as he saw any symptoms that such disease had broken out amongst the said purchased cattle, and that he had with that view taken care, as far as possible, to keep the said purchased cattle separate from the said herd after the discovery of such symptoms as aforesaid, and the extent to which such precautions shall have been taken shall be considered by the Court when awarding damages.

12. No action for restitution of the purchase price of any such purchased cattle which may have shown symptoms of Rinderpest, or for damages caused by such cattle communicating

the disease, shall be sustained under the provisions of this Act unless within seventy-two hours of the first symptoms of Rinderpest having been seen in the said cattle by the purchaser or any of his servants, the said cattle shall have been examined by two competent European witnesses, and unless notice that such symptoms have been seen has been given within seventy-two hours, as aforesaid, to the auctioneer or marketmaster or to the vendor. Such notice shall not be considered given unless it shall have been delivered verbally, or by telegram, registered letter, or by hand, at the usual residence or place of business of the person for whom it is intended; but if two competent European witnesses do not examine the said diseased cattle, as provided in this section, the said action shall be sustained if information that such cattle show symptoms of Rinderpest shall have been delivered to the nearest Magistrate, Government Veterinary Surgeon, or Stock Inspector, within seventy-two hours of such symptoms having been seen as aforesaid, who shall cause the said cattle to be inspected, and if any of the said officers, or either of the said witnesses shall have reasonable cause to believe the said cattle to be affected with Rinderpest, such person shall destroy one of the said cattle, and shall examine it to ascertain more certainly whether it was affected with Rinderpest; and if such person find the said cattle to be so affected he shall take the necessary steps to identify the said purchased cattle and all other cattle in the possession of the purchaser with which such purchased cattle may have been running, and the Court, when awarding damages, shall take into consideration all reasonable expenses which may have been incurred by the purchaser or in his behalf in connection with such purchased cattle.

13. Nothing in this Act shall be deemed to repeal any of the provisions of the Animals Diseases Act, 1894.

16. The Governor in Council may from time to time make regulations for carrying out the purposes of this Act. Such regulations may, amongst other things, prescribe the mode of quarantine or isolation of cattle or other animals and the means to be used in enforcing the same, and may define the authority and duties of guards and the like.

17. Any regulations made under this Act, and any order declaring an infected area, or defining a zone in terms of Section 4, or ordering compulsory dipping in terms of Section 6, shall be published in the Government Gazette as soon thereafter as possible.
18. If upon the examination of the organs of any animal destroyed under the provisions of Section 2 of this Act it shall be ascertained by the Principal Veterinary Surgeon, or any District Veterinary Surgeon, and certified by the Minister that such animal was not suffering from the disease, the owner shall be entitled to be paid from the public revenue the value of such animal immediately before death: Provided that the payment shall in no case exceed the rates set forth in the Schedule to this Act.

19. In the event of any person suffering any loss or damage in consequence of the creation of a zone in terms of Section 4 hereof, he shall be entitled to be paid from the public revenue the amount thereof: Provided that in the event of any dispute arising between such persons and the Government as to the amount of such loss or damage the same shall be referred to arbitration] (a).

[5th September, 1906.]

BE IT ENACTED by the King’s Most Excellent Majesty, by and with the advice and consent of the Legislative Council and Legislative Assembly of Natal, as follows:

1. The provisions of Act No. 27, 1898, entitled Act “To make better provision for preventing the spread of the Disease called Glanders” shall apply to the disease known as Epizootic Lymphangitis in like manner as to Glanders, except so far as they are varied by this Act, and subject to such exceptions the said Act is incorporated with this Act.

2. The following shall, for the purposes of this Act, be added to Section 11 of the Glanders Act, 1898 (a):

The Veterinary Surgeon or Stock inspector may, in place of ordering an in-contact animal to be isolated, place it in open quarantine, with permission to the owner to use the animal provided that it is stabled nowhere else than at the place directed, and that it shall not be sold or passed into the keeping of any person other than the owner or person then having charge of it. He may also at any time add any other conditions to his order, and may revoke the order and direct the animal to be isolated.

He may also permit treatment to be carried out, if he consider it advisable, in respect of any animal affected with the disease.

3. Section 12 of the Glanders Act of 1898, shall not be incorporated with this Act (b).

4. The following section shall, for the purposes of this Act, be substituted for Section 14 of the Glanders Act of 1898.

Epizootic Lymphangitis no compensation shall be paid for its destruction. If the animal be proved not to have been so infected, then compensation shall be paid out of the general revenue, in no case exceeding Thirty Pounds (£30) Sterling. The value of the animal so destroyed for which it is intended to claim compensation, shall be decided by two disinterested persons, one of whom shall be appointed by the Veterinary Surgeon, and one by the owner.

**Act No. 54, 1906.**

"To amend Act No. 32, 1903, entitled 'Act for preventing the spread of the disease known as Rhodesian Redwater.'"

[21st December, 1906.]

Be it enacted by the King's Most Excellent Majesty, by and with the advice and consent of the Legislative Council and Legislative Assembly of Natal, as follows:—

1. This Act shall be read and construed with Act No. 32, 1903, as one Act.

The said Act No. 32, 1903, may be known as the East Coast Fever Act, 1903, and is in this Act referred to as the principal Act.

2. Sections 3, 9 and 10 of the principal Act are hereby repealed, without prejudice to anything ordered or done, or any regulation made, or any liability incurred thereunder.

Any reference in this Act, or in the principal Act, to an infected area shall be understood as a reference to an area declared to be an infected area either under this Act or under Section 3 of the principal Act before the repeal thereof.

3. The Minister shall have power to declare any area to be an infected area within the meaning of this Act, and to prohibit the ingress or egress of cattle or other animals into or from an infected area, to order or prohibit the removal of cattle or other animals from one part to another of an infected area, to enforce the isolation of cattle or other animals on any specified part of an infected area, to fence off any area declared to be infected as aforesaid, and in all respects to control the movement of cattle and animals in, into, from, or over an infected area.
The Minister may also make such orders as may be required for giving effect to the powers conferred by this section.

The Principal Veterinary Surgeon or any District Veterinary Surgeon or Stock Inspector shall have power, pending the instructions of the Minister, to exercise the powers given by this section to the Minister. He shall promptly report any order so made to the Minister, who shall take such action thereon as he may think proper.

The Governor in Council may from time to time make regulations for carrying out the provisions of this Act. Such regulations shall amongst other things make provision for the formation of Committees in the different Magisterial divisions for the purpose of advising and assisting the Minister in all such matters arising out of this Act and Act No. 32, 1903, as may be submitted to them.

4. The Minister shall have power to order any cattle within an infected area to be branded in such manner and with such marks as he may direct.

5. The Principal Veterinary Surgeon or any District Veterinary Surgeon may order the destruction or quarantining of any animal which shall have been brought into this Colony in contravention of this Act or of Law No. 13, 1866, or Act No. 38, 1894, or which may stray into, out of, or within an infected area, or which may be removed into, out of, or within an infected area without the written permission of a District Veterinary Surgeon, Stock Inspector, or other person authorised by the Principal Veterinary Surgeon for the purpose, and no person shall be entitled to compensation or payment in respect of any animal which may be so quarantined or destroyed.

6. If any cattle not exceeding five in number shall stray into or cross any land within or immediately joining an infected area, the owner or occupier of the land may destroy such cattle unless they are travelling along a public road or right of way and the person in charge of such cattle is in possession of a permit to move the same granted by a District Veterinary Surgeon or Stock Inspector, or any person authorised by the Principal Veterinary Surgeon to give such permits, and the cattle are being moved in accordance with the permit; and he shall not be liable to pay compensation for any cattle so destroyed unless it shall appear to the Court that they were destroyed recklessly or wantonly, and without reasonable cause.

If the number of cattle so straying on to or crossing the land exceeds five the owner or occupier of the land may secure...
them and report the case to the District Veterinary Surgeon or Stock Inspector, who may deal with them in manner as provided in Section 5, without any liability for compensation.

In addition to any liability for damages or otherwise the owner and any other person responsible for the cattle which may have so strayed on to or crossed the land shall be liable to pay the expenses of and incidental to the detention and destruction or quarantining of the cattle.

Cattle so taken shall be paid for at the rates respectively set forth in the Schedule of this Act.

7. No person shall, under pain of contravention of this Act, remove or in any way interfere with any fence erected or maintained for any purpose connected with the suppression of the disease, whether such fence be his own property or not, unless he shall have first obtained the written consent of the District Veterinary Surgeon or Stock Inspector.

This section shall apply to any Magisterial Division which may be named in an order made by the Minister and published in the Natal Government Gazette declaring such Division to be brought within the operation of this section.

Any such order may be revoked, varied or renewed by the Minister from time to time.

8. The regulations under Section 16 of the principal Act may, amongst other things, prescribe the conditions under which any cattle or other animals may be moved from place to place at any time when it may be considered necessary to regulate their movement in order to prevent the spread of the disease.

9. The words "shall be referred to arbitration" at the end of Section 19 of the principal Act are hereby expunged, and the following substituted therefor: "Shall be referred to a Board consisting of the District Veterinary Surgeon and two landowners, to be elected at a public meeting of landowners called by the Magistrate of the Division, who shall make a report thereon to the Minister whose decision shall be final."

10. If any question shall arise whether any regulation made by the Governor in Council, or any order made or act done by the Minister is within the powers conferred by this Act or by the principal Act, or as to the lawfulness or authority of any act or order of the Principal Veterinary Surgeon or of an officer of his department, and if a certificate under the hand of the Minister is presented to any Court before which such question is brought, that in the opinion of the Government there is urgent need in the public interest for such regulation, act or order, the Court shall not have power to make any order restraining or interfering
with the enforcement of such regulation or order, or the carrying out of such act.

Any such question shall be deemed to be brought before a Court if any suit, appeal, or application is made in which the validity or lawfulness of a regulation, order, or act is either directly or indirectly brought into question.

11. The Schedule of the Principal Act is hereby repealed and the Schedule of this Act is substituted therefor, and Section 18 of the Principal Act shall be construed accordingly.

Part I.

Preliminary.

1. This Act may be cited as the "Firearms and Ammunition Act, 1905."

2. The Laws and Acts mentioned in Schedule No. 1 of this Act are hereby repealed: Provided that

(a) This repeal shall not affect the validity of any order, warrant, license, certificate, ticket, or document
made, granted, or issued, or of any appointment made under any Law hereby repealed.

(b) The registration of any firearm under the repealed Laws shall be deemed to be a registration under this Act.

(c) All offences against and all forfeitures incurred under any of the repealed Laws may be dealt with and enforced under this Act.

(d) All proceedings commenced under any of the repealed Laws may be continued under this Act.

(e) All regulations made under any of the repealed Laws shall, save so far as they may be contrary to this Act or any regulations thereunder, remain in force as regulations made under this Act, until altered or repealed in terms of this Act.

(f) Nothing in this Act contained shall affect, abrogate, repeal, or interfere with the provisions of Laws Nos. 3 and 8, of 1888.

Interpretation

3. In this Act the following expressions shall, unless the contrary intention appears, have the meanings hereby respectively assigned to them, namely:—

"Firearm" includes every description of gun and pistol, whether the same be discharged by explosion or by any mechanical or other means, and the lock, stock, or barrel of any gun or pistol: Provided that air guns and spring guns which are not discharged by explosion, and the retail price in Natal of which is less than Thirty Shillings each, shall not be deemed to be firearms.

"Gunpowder" includes cordite and any other explosive substance used in the discharge of firearms.

"Ammunition" includes gunpowder, cartridges, and any article or substance used in the discharge of firearms and ordnance.

The decision whether any article comes within the foregoing definition of firearms or ammunition shall rest with the Controller of Arms.

"Native" means and includes all members of the aboriginal races or tribes of Africa, whether exempted or not from the operation of Native Law, and Griquas and Hottentots, and any person whose parents or either of them come under the
description of Natives, Griquas, or Hottentots, and the descend-
dants of any such person.

"Asiatic" means and includes all members of the aboriginal
races of Asia, and their descendants, whether of pure or mixed
race.

"Minister" means the Minister having charge of the
department of the Controller of Arms.

"Regulations" mean the regulations made under this Act,
or any regulations under the repealed Laws which may still be
in force.

"Prescribed" means prescribed by this Act or the regula-
tions.

the repealed Laws to sell firearms.

"Collector of Customs" includes any officer of the Depart-
ment of Customs.

4. Nothing in this Act contained shall apply to any fire­
arms, or ammunition belonging to and in the possession of His
Majesty's Imperial Government or the Government of this
Colony.

5. There shall be an officer for the administration of this
Act, who shall be called the Controller of Arms, and who shall
be appointed by the Governor in Council.

PART II.

Firearms.

6. No person shall, save as is expressly excepted, import or
bring into this Colony any firearm, without having first obtained
a license in the prescribed form from the Controller of Arms.

7. The Collector of Customs may refuse a warrant for the
unlading of any firearms, and shall in no case allow the same
when landed to be delivered out of the King's Warehouse until
the importer shall produce his license to import such firearms,
nor until the said Collector of Customs is satisfied, by examina-
tion, that the firearms sought to be landed or delivered corres­
pond in number and description with the license under which
they have been imported.

8. No license for the importation of firearms shall be tran­
sferable or capable of being assigned, nor shall the name of any
person other than the person so licensed be substituted in any
way or for any purpose, or in any entry in the Customs House,
in lieu of the person obtaining such license, unless in each case
the written authority of the Controller of Arms be first given for
such transfer, assignment, or substitution.

9. Notwithstanding the foregoing provisions, any person
arriving in this Colony by sea or overland may bring with him
such firearms, not exceeding three in number, and being his bona
fide property, as are usually carried for personal defence or for
purposes of sport: Provided that no such firearms as aforesaid
shall be allowed to leave the Customs House or Border Customs
Office until the person bringing the same shall have made a
declaration before the Collector or other proper officer of Customs,
describing the firearms and stating the purpose for which the
same are required.

Such firearms shall be registered as hereinafter provided,
except in those cases where registration is dispensed with in
terms of this Act.

10. The Collector of Customs, on the payment of import
duty on any firearms, shall advise the Magistrate of the Division
in which the importer resides or carries on business, of the name
of such importer of firearms, and the number and description
of the same.

11. No person shall in this Colony deal with, or sell in the
way of trade, or keep any firearms for sale without a dealer’s
license signed by the Controller of Arms in the prescribed form.

12. The Controller of Arms may grant a dealer’s license to
any person established in business in this Colony whom he may
deem a fit and trustworthy person for the purpose.

The applicant shall be first required to enter into a bond in
the prescribed form, with one or more approved sureties.

A dealer shall not be exempt from the obligation to obtain a
license for the importation of firearms.

13. Every dealer shall, within three days after the delivery
of any firearms to him or his authorised agent, make application
in writing to the Magistrate of his Division, and the Magistrate
shall thereupon grant to him a permit in the prescribed form to
keep the firearms therein specified.

Any firearm received by a dealer for which the Magistrate’s
permit shall not have been granted under this Section shall be
forfeited.

14. A dealer may deliver to any other dealer the whole or any
part of the firearms then actually in his possession provided that
he shall, before delivery of the firearms, notify the Controller of
Arms, and such firearms shall be removed in the prescribed
manner.
15. Every dealer shall keep a book in the prescribed form, in which he shall enter an account of all firearms sold by him, the name and residence of the person to whom the same are sold, and the respective times at which the same were sold, and shall every month return a copy of such account to the Controller of Arms.

16. Every dealer shall, before delivery of any firearm sold or dealt with by him, have the same registered by the Magistrate of his Division. For this purpose he shall produce every such firearm so sold, together with the permit relating thereto, to the Magistrate, and the purchaser shall also attend before the Magistrate.

The Magistrate, if the purchaser appear to him to be a proper person to have firearms, shall thereupon register the firearm so sold in a book to be kept by him, in the form of Schedule No 2 of this Act, and shall stamp on every such firearm the number and letter of such registration, and shall thereupon issue to the purchaser a ticket of registration of each such firearm in the form of Schedule No. 3 of this Act.

He shall at the same time erase from the dealer’s permit the entry relative to each such firearm, and shall note against it the date of registration, and the registration number given to the firearm.

A registration fee of sixpence (6d.) shall be paid to the Magistrate for every firearm registered under this Act.

17. A dealer may remove firearms from any licensed place to any other licensed place upon obtaining a permit in the prescribed form from the Magistrate, and upon compliance with the conditions of the permit.

The Magistrate granting such permit shall at once forward to the Magistrate of the place to which such firearms are to be removed, copy of the permit authorising such removal.

The person removing such firearms as aforesaid shall, within the time specified in the permit, and at the licensed place, produce the same to the Magistrate of the place to which he has removed the said firearms, who shall compare the said firearms produced with the copy of the permit forwarded as aforesaid.

18. It shall be lawful for the Controller of Arms, or any person appointed by him, at any and all reasonable times to enter into the premises of any dealer, and to require the production of all books, accounts, and documents relating to his business or to such firearms, and also the production of any firearms on hand; and also to require such dealer satisfactorily to account for all firearms which have come into his possession or have passed through his hands; and any person hindering,
obstructing, or preventing such Controller or person in the
performance of his duty, or failing to render him all reasonable
assistance, or to give such satisfactory account as aforesaid, shall
be guilty of a contravention of this Act, and any firearm which
may be in his possession otherwise than under a proper permit,
may at once be seized and shall be forfeited.

19. The Controller of Arms may by an Order in writing
under his hand, whenever and so often as he shall deem ex-
pedient, and for such period of time as he may deem necessary,
withdraw, cancel, or suspend any dealer’s license granted under
this Act, and the person to whom such license shall have been
granted shall thereupon deliver up to the Controller of Arms all
firearms not previously disposed of, and shall be duly com-
penated for the same unless the same shall be liable to forfeiture
under the provisions of this Act.

20. Every firearm lawfully imported at a seaport by any
person other than a dealer, whether the same be imported under
license from the Controller of Arms, or be brought by the owner,
shall be registered and stamped by the Collector of Customs or
other proper officer of Customs, in the manner hereinbefore
prescribed, before leaving the place of entry, except in those
cases where registration is dispensed with in terms of this Act.

Every firearm lawfully imported otherwise than at a seaport
shall be taken with all convenient speed to the Magistrate of the
Division to be registered and stamped by him, except in those
cases where registration is dispensed with in terms of this Act.

A fee of sixpence shall be charged for every registration.

21. The seller of any firearm, not being a dealer, shall,
before delivery, take such firearm together with the certificate of
registration relating thereto to the Magistrate for registration in
the name of such purchaser ; and the Magistrate shall thereupon,
if the purchaser appear to him to be a proper person to have
firearms obliterate and retain such ticket and issue to the
purchaser a certificate of transfer in the prescribed form and
containing a reference to the number of the registration
certificate.

The Magistrate shall record all transfers of firearms in such
manner as shall be prescribed.

22. No person other than a dealer shall save in the cases
excepted by this Act be permitted to own or have in his
possession a firearm which is not registered and stamped under
the provisions of this Act or the repealed Laws or (except in the
case of firearms duly transferred to him before the passing of
this Act) to own or have any firearm in his possession without
having the certificate of registration in his name or the certificate of transfer to him.

If any such certificate be not produced the burden of proof of its having been granted and being still in force shall be with the person owning or having possession of the firearm:

Provided, however, that an armourer shall be permitted to receive duly registered firearms for the purpose of being stocked and an armourer, blacksmith or gunsmith shall be permitted to receive such firearms for the purpose of repairs without being required to have the same transferred to his name:

Provided also that a dealer or any person not residing in this Colony may, upon the written permit of any Magistrate, give to any person, for the purpose of being stocked or otherwise repaired, any firearms in such permit mentioned.

23. Any person being a resident of an Inland State, and resorting to this Colony for a temporary purpose not exceeding four months, may bring with him overland such firearms as are necessary or required for his personal use or defence without such arms being registered, provided that he shall not during his stay in this Colony sell or dispose of any such firearms except under the provisions of this Act.

If any such person shall remain in Natal for more than four months, he shall be required to have all such firearms as aforesaid registered under this Act.

24. When any person shall be found carrying or conveying, or in possession of more firearms than one, it shall be lawful for any Magistrate, Justice of the Peace, or constable, or any person empowered under warrant from the Magistrate or Justice of the Peace, to examine such firearms, and to require the person so found carrying firearms to tell his name in full and place of abode, and in case such person so found carrying firearms shall refuse to tell his name as aforesaid or place of abode, or such person found carrying firearms be not duly licensed, it shall be lawful for the Magistrate, Justice of the Peace, constable, or other person as aforesaid, and also for any person acting by his order and in his aid, to seize such firearms, and apprehend such offender, and bring him, as soon as conveniently may be, before a Magistrate's Court to be dealt with according to Law.

25. Every person having any firearms registered in his name shall, from time to time, when thereto required by a Magistrate, produce to any constable or other person named in such warrant the firearms which shall be so registered in his name, or, failing to produce such firearms, shall be compelled to account satisfactorily for their absence, in default of which he shall be deemed guilty of a contravention of this Act.

27. All firearms imported contrary to this Act or the Regulations, or of any Law or Regulation heretofore in force, all firearms required to be registered and stamped and not so registered and stamped, and all firearms owned or held contrary to this Act, shall be forfeited.

The burden of proof of compliance with this Act, or of any Law heretofore in force, shall be with the person charged, or in whose possession the firearm shall be found.

PART III.

Ammunition.

28. No ammunition shall be imported into Natal, whether by land or sea, except by the Imperial or Colonial Government, save as is otherwise specially provided in this Act.

29. Notwithstanding the foregoing provisions, it shall be lawful for any person resident in Natal on obtaining permission from the Controller of Arms to import any cartridges requisite for any firearm registered in his name, and containing either gunpowder and ball or gunpowder and shot, but not exceeding one thousand (1,000) in any twelve months, of which not more than five hundred (500) may be ball ammunition.

30. It shall also be lawful for a dealer to import not more than five hundred ball cartridges or one thousand shot cartridges for any firearm imported by him, and when selling such firearm he may sell to the registered purchaser, or any other person authorised by the Magistrate, the cartridges imported as aforesaid, or any portion thereof: Provided that the Magistrate shall not authorise any person who is not the purchaser of any such firearm to purchase from a dealer more ball ammunition than the quantity prescribed by Section 38 of this Act.

31. Nothing in this Act shall apply to empty cartridge cases or percussion caps.

32. The Collector of Customs shall allow any such cartridges as are by this Act allowed to be imported to pass the Customs on production of a permit from the Controller of Arms, which permit the Controller of Arms shall be required to give on being satisfied that the applicant is entitled to import such cartridges.
33. It shall be lawful for any person coming to Natal from an Inland State to bring with him for his own use, overland, into this Colony, a quantity of gunpowder not exceeding three pounds in weight.

The Controller of Arms may grant a certificate exempting from prosecution a person by whom any ammunition may have been brought into the Colony overland without compliance with this Act, in any case where the person so bringing the same shall not be a resident in Natal, and shall make it appear to the satisfaction of the Controller of Arms that such ammunition was imported in ignorance of the law and for his own special use.

34. No ammunition shall, save as is specially excepted by this Act, be exported from this Colony without the permission in writing of the Controller of Arms; and such exportation shall only be allowed under a bond entered into by the applicant, with approved sureties in the prescribed form, for the due delivery of the ammunition at the port for which permission has been obtained, and such bond shall remain in force till the Controller of Arms has been satisfied that the said ammunition has been duly delivered as aforesaid.

35. The Governor may appoint depots or magazines throughout the Colony for the storing and sale of ammunition.

All such depots or magazines already lawfully established shall be deemed to be established under this Act.

36. The Governor may appoint such persons as he may think proper to take charge of such depots or magazines as aforesaid, and to keep, sell, or otherwise dispose of, and deal in ammunition at such depots or magazines according to the provisions of this Act. Such persons are in this Act referred to as Ammunition Officers.

37. Any Magistrate may, subject to the provisions of the next succeeding Section, grant to any person residing in his division whom he may think fit and proper, a permit or permits entitling him to obtain from an Ammunition Officer the quantity of ammunition in such permit mentioned: Provided that it shall be lawful for any Magistrate in his discretion, upon the production to him of a signed written request by any person residing in the Magisterial division for a permit to purchase and receive gunpowder, to grant any such permit as aforesaid to the person named in the request, being a person of European race, on behalf of the writer thereof.

A Magistrate may, in his discretion, either wholly refuse any such permit as is mentioned in this Section, or grant the same for a less quantity than applied for.
Act 1, 1906.

All permits for ammunition shall be registered by the Magistrate.

Restrictions on permits.

38. Permits shall not be issued to any person within twelve months entitling him to obtain more than fifteen pounds (15 lbs.) weight of gunpowder suitable for use in firearms, and fifty pounds (50 lbs.) of blasting powder, except with the permission in writing of the Controller of Arms.

No person who is not a member of the active Militia or the Natal Police, or who is not a registered member of a Rifle Association, formed under lawful authority, the rules of which have been approved by the Government, shall without the consent in writing of the Controller of Arms be entitled to a permit to purchase in the Colony more than one hundred and fifty (150) rounds of ball ammunition within twelve months. Before issuing a permit for more than the said quantity of ammunition the Magistrate shall satisfy himself that the person applying for such permit is a member of one of the above named forces at the time of application for such permit; and the Magistrate may, if he sees fit, require a certificate from an officer of the active Militia or Natal Police, or the President of a Rifle Association, to the effect that the applicant for a permit is a member of one of the above named forces, and no such certificate shall be valid for longer than the calendar year in which it was granted.

Nothing in this Act shall restrict the issuing of ammunition free or at a reduced price to any member of any of the aforesaid forces by virtue of any Law or Regulation in force for the time being.

The aforesaid limit placed on the amount of ammunition to be issued shall not apply to "Morris Tube" and "Adaptor" ammunition.

39. Any Magistrate may at his discretion grant to any person residing in an Inland State, who shall satisfy the Magistrate that he may be trusted not to make an improper use of ammunition, a permit enabling any such person to purchase from the Ammunition Officer any specified quantities of ammunition, but not exceeding fifteen pounds (15 lbs.) of gunpowder in any one year.

The Governor may by Proclamation from time to time suspend the power of granting permits under this Section, in such manner and for such time as he shall deem advisable.

40. No ammunition officer shall give, sell, or barter to any person any gunpowder, or loaded cartridges, except in strict accordance with a permit under this Act, and to the person named in such permit, and at such prices as the Controller of Arms shall from time to time determine.
Any person other than an ammunition officer or dealer who shall supply, sell, or barter any ammunition to any other person, and any person who shall buy or otherwise acquire any ammunition except from an Ammunition Officer or dealer under a proper permit, or any person not being an Ammunition Officer or a dealer, or a member of one of the forces specified in Section 38 of this Act, or a member of the Militia Reserve when called out for military service, who shall be found in possession of more than one hundred and fifty (150) rounds of ball ammunition without the authority in writing of the Controller of Arms, shall be liable, upon conviction, to imprisonment with or without hard labour, for any period not exceeding two years, and all ammunition in the possession of such person shall be forfeited.

In the option of the Court a fine not exceeding Fifty Pounds (£50) Sterling may be imposed, in lieu of such imprisonment, and any such imprisonment may be imposed as an alternative to the payment of a fine.

41. Every ammunition officer shall on the first Monday of every month transmit to the Magistrate of his Division a return in writing containing the quantity of ammunition that has been sold, supported by the permits required by this Act, and showing the quantity still on hand.

42. Any person other than an Ammunition Officer, who shall have in his possession, or who shall store any greater quantity of gunpowder than fifteen pounds of powder suitable for firearms, or fifty pounds of blasting powder, or who shall convey or remove by any means whatever, without the permission in writing of the Controller of Arms, any gunpowder exceeding the aforesaid quantities respectively, and any person who shall, without the like permission, convey or remove any ammunition whatever for the purposes of trade, barter, or sale, shall be liable, upon conviction, to a fine not exceeding Fifty Pounds (£50) Sterling and to imprisonment, with or without hard labour, for any period not exceeding two years; and all such ammunition shall be forfeited.

43. All ammunition imported contrary to this Act or to any Law and Act heretofore in force, and all ammunition held otherwise than as permitted by this Act, shall be forfeited.

PART IV.

Natives and Asiatics.

44. No Native or Asiatic shall be allowed to possess or have in his keeping any firearm or ammunition without a permit from the Secretary for Native Affairs, and such permit may be issued...
subject to such conditions as the Secretary for Native Affairs may determine. The Secretary for Native Affairs shall keep a register of all permits issued by him.

No firearm shall be registered in the name of, or transferred to, a Native or Asiatic except upon production of the aforesaid permit to the Magistrate, who shall record the particulars thereof in his register. In the case of ammunition, the Ammunition Officer shall similarly record the particulars of the permit before issuing any ammunition to a Native or Asiatic, and shall forthwith inform the Magistrate of the issue of the ammunition.

The Magistrate or Ammunition Officer shall return the permit to the Native or Asiatic, who shall retain it and shall at all times produce it for inspection when required by an officer of the department of the Controller of Arms, or by a Magistrate or his clerk or messenger, or by any justice, officer, or constable.

Any such permit may at any time be revoked by order of the Secretary for Native Affairs, and upon receiving notice of such revocation the Native or Asiatic to whom it was issued shall return the same, together with the firearm or ammunition to which it relates to the Magistrate, provided that unless he shall have been convicted of a contravention of this Act, or of the regulations, the value of such firearm or ammunition at the time of revocation of the permit shall be paid to him by the Magistrate.

No permit shall be granted allowing any one Native or Asiatic to obtain more ammunition within any twelve months than contains half a pound (½ lb.) of black gunpowder, or fifty (50) rounds of ball ammunition.

Notwithstanding the foregoing provisions, it shall be lawful for a Magistrate, with the approval of the Secretary for Native Affairs, to grant any Native Chief living in his Division, and having a permit to keep a gun, as hereinbefore provided, one or more permits to purchase gunpowder in quantities not exceeding in all two pounds (2 lbs.) or ball ammunition not exceeding one hundred (100) rounds in any one year.

45. Any Native or Asiatic, being a servant in the bona fide employ of a dealer, may deliver to purchasers living within a radius of three miles, firearms and ammunition bought from his employer; and a Native or Asiatic, being a servant in the bona fide employ of a European, and carrying a written pass signed by him, shall be entitled to carry firearms and ammunition to or from his employer.
46. None of the provisions of this Act enabling any person to acquire or import arms or ammunition shall apply to Natives or Asiatics unless so specially stated, but every Native or Asiatic shall conform to this Act in all matters relative to such firearms or ammunition as he may by this Section be permitted to obtain. If in reference to any alleged contravention of this Act, or of the regulations relative to Natives or Asiatics, it shall be a question whether the person alleged to be a Native or Asiatic is or is not so, such person shall be deemed to be a Native or Asiatic unless the contrary be shown.

47. Any person who shall give, lend, sell, or barter to any Native or Asiatic any firearm or ammunition except under the authority prescribed in this Act, and subject to the prescribed conditions, shall be liable to a fine not exceeding Fifty Pounds (£50) Sterling, and also to imprisonment at the discretion of the Court for any term not exceeding two years, and with or without hard labour.

48. All firearms or ammunition in the possession of a Native or Asiatic not authorised under this Act to keep the same may be seized and forfeited, whether any such firearm be registered or not, and the Native or Asiatic in whose possession as aforesaid any such firearm or ammunition may be found, shall be liable to a fine not exceeding Fifty Pounds (£50) Sterling, or at the discretion of the Court to imprisonment with or without hard labour, for any term not exceeding two years.

Natives already in possession of firearms under the authority of the Governor or a Magistrate, and Natives in the Province of Zululand in possession of firearms under permits signed by the Resident Commissioner, may continue to hold the same during the Governor's pleasure (a).

PART V.

Miscellaneous.

49. The Governor in Council may from time to time make regulations for all matters necessary or proper for the full and effectual administration of this Act, and for carrying out the purposes thereof.

The regulations may amongst other things prescribe the conditions of the landing, forwarding, conveyance, and sale of firearms and ammunition, and of its removal from one part of the Colony to another.

(a) See Section added to this Part by Act No. 22, 1906, post.
50. The Master of every ship arriving at any port of this Colony shall, within twenty-four hours after such arrival, in addition to any report required by the enactments relating to the Customs, make a special report in writing to the Collector of Customs or other officer of Customs of the number and description of firearms, cartridges, or other ammunition on board such vessel, specifying the firearms and gunpowder which form part of the cargo, and those firearms and gunpowder which belong to the ship as part of the equipment or furniture.

51. Every Master of a vessel leaving any port of this Colony shall, previous to his departure give satisfactory proof to the Collector or other officer of Customs that the firearms and ammunition specified in his report as appertaining to his vessel's equipment or furniture are then on board the said vessel, or shall satisfactorily account for the same.

52. If the Master of any ship shall fail or neglect to make the prescribed report on arrival, or he shall on departure fail to give satisfactory proof regarding and to account for all firearms or ammunition, as required by this Act, he shall be liable to a fine not exceeding Fifty Pounds (£50) Sterling, and the Collector of Customs may refuse clearance to or stop the ship till the same be paid.

53. No firearms shall, at any port or place within this Colony, be shipped or placed on board any boat, in order to be conveyed to any ship or vessel being in or near such port or place, in order to be carried to any other port or place whatsoever, without the permission in writing of the Collector of Customs first had and obtained, and the Collector of Customs shall, before granting such permission require the person applying for the same to enter with one or more sureties into a bond in the prescribed form.

54. The Governor may at any time, and from time to time by Proclamation prohibit the importation of any firearms, and such prohibition shall extend to all firearms, whether licensed to be imported or not; provided that the Controller of Arms may with the approval of the Minister allow any specified firearms to be excepted from such prohibition.

55. The Controller of Arms, Collector of Customs, or any Magistrate or Justice of the Peace, or any officer of Customs or constable may enter and search any building, place, ship, boat, wagon, or other vehicle in or upon which there may be reason to suspect that any firearms or ammunition are deposited or kept, or conveyed contrary to the provisions of this Act, or of the regulations, and to stop and search any person, animal, or vehicle by whom or upon which there may be reason to suspect that any
ARMS, AMMUNITION, &c.

firearms or ammunition are being conveyed contrary to this Act or the regulations.

If upon any such search any firearms or ammunition shall be found deposited, kept, or being conveyed contrary to this Act or the regulations, they may be seized and forfeited.

56. The Collector of Customs may, upon the production of a permit signed by the Colonial Secretary of an Inland State, or of such other officer of such State as may be prescribed, and subject to the provisions of the Customs Acts and regulations, and the regulations under this Act, with regard to conveyance and otherwise, permit any arms or ammunition arriving by sea or otherwise, to be imported into Natal for transit to such Inland State, and to be conveyed through Natal to or towards their destination in such State: Provided that if he shall for any reason believe that such firearms or ammunition are intended to be supplied to Natives or to be used for any purposes of hostility to His Majesty's Government, or to the Government of any State with which His Majesty is at peace, he shall obtain the instructions of the Government before allowing such firearms or ammunition to be removed for conveyance.

57. If any ammunition imported for transmission to an Inland State, and not being intended for the Government of such State, shall be disposed of or attempted to be disposed of, or otherwise dealt with, in this Colony, contrary to law, the same may be seized and forfeited.

PART VI.

Offences and Punishments.

58. The disobedience or disregard of any obligation or prohibition imposed by this Act or by the regulations and the possession of any firearm or ammunition otherwise than as authorised by this Act, shall be deemed a contravention of this Act or of the regulations as the case may be.

59. Every person who shall forge any such permit as is mentioned in this Act, or who shall alter or falsify any permit issued by lawful authority, or who shall knowingly have or exhibit a forged, altered, or falsified permit, or who shall knowingly utter or pass off any forged, altered, or falsified pass, or who shall make any fraudulent use of any permit, whether forged or genuine, or who shall use any deception in order to obtain a permit for himself, or for any other person, or who shall obliterate or falsify the registration mark or number on any firearm, or affix any false mark or number to a firearm, or who shall knowingly transfer or deliver to anyone a firearm dealt with in
any such way as aforesaid, shall be guilty of the crime of forgery or falsity as the case may be, and all firearms and ammunition to which such permit or forged, altered, or falsified permit relates, or in respect of which any such offence has been committed, shall be forfeited unless the person in whose name the permit stands shall satisfy the Court that he was in no way a party to the crime committed.

60. All contraventions of this Act or of the regulations for which no special penalty is provided shall be punishable by fine not exceeding Fifty Pounds (£50) Sterling, and in default of payment imprisonment with or without hard labour for any period not exceeding six months, or by such imprisonment as aforesaid without the option of a fine.

61. The enforcement of forfeitures and penalties imposed by this Act or the regulations may be by criminal prosecution, or by a civil suit at the instance of the Controller, but without prejudice to the powers of seizure and forfeiture competent to him as herein provided.

62. The Controller may with the approval of the Minister waive proceedings against any person liable to a penalty or forfeiture, or may demand, accept or sue for the whole or any part of such penalty or forfeiture.

63. All firearms and ammunition the subject of any contravention of this Act or of the Regulations shall be liable to forfeiture, and may be seized by any constable or by any officer of a Court, or of the Department of the Controller of Arms, or by any person having authority from a Magistrate, or from the Controller of Arms for the purpose.

64. The Court by which any contravention of this Act or of the Regulations is tried may, upon conviction of the offender, order the arms or ammunition, the subject of such contravention, to be forfeited to the Crown, but it shall be in the discretion of the Court to waive such forfeiture if satisfied that the person to whom they belong was in no way a party to or involved in the offence.

65. All contraventions of this Act or of the Regulations shall be cognizable in the Courts of the Magistrates, who shall exercise in respect thereof powers of punishment to the extent of fine of Fifty Pounds (£50) Sterling, and of imprisonment, with or without hard labour, to the extent of six months, together with the power to adjudicate any forfeiture which may be authorised in respect of such contravention: Provided that the Attorney-General may, in any case, if he shall think fit, proceed by indictment in the usual manner before the Supreme Court or any Circuit Court; and in the latter case it shall not be necessary for
the prosecutor to show, nor shall it be material whether the con-
travention charged was committed within the jurisdiction of
such Circuit Court, provided, however, that it appear that such
contravention occurred within the Colony.

66. In any prosecution or proceeding under this Act or the
Regulations, if any question shall arise as to whether any person
is licensed, or as to whether any firearm is registered, or is
registered in the name of any person, or duly transferred to him,
or whether any person has given any prescribed notice or
declaration, or as to the benefit of any permission or exemption,
the burden of proof thereof shall be on the person against whom
such prosecution or proceeding shall be had.

67. The Court may, in any case, award any portion not
exceeding one half of any fine imposed under this Act to any
person or persons who shall have given such information as may
have led to the conviction of the offender.

68. In case any action or suit shall be commenced against
any person or persons for any matters or things done or executed
in pursuance of this Act, or in pursuance of any Regulations
made under the authority of this Act, such action or suit shall
be commenced within three calendar months after the alleged
cause of action accrued, and the defendant or defendants in such
action may plead the general issue and give the special matter in
evidence on any trial to be had thereon, and prove that the same
was done under the authority of this Act or of the Regulations.

required to deposit with the Colonial Treasurer approved

be exempt altogether from the operation of this Act.

2. Every such Company which at the time of the passing of
this Act is carrying on such business as aforesaid shall be
required to make a similar deposit on or before the first day of
January, 1905.

3. A Company may, on giving due notice to the Colonial
Treasurer, withdraw from his custody any securities so deposited
on depositing with him other approved securities of an equal
value, and any such substituted securities shall for all purposes
be treated as securities originally deposited.

4. Every such Company as aforesaid shall keep the securities
deposited with the Colonial Treasurer up to the full value of Ten
Thousand Pounds (£10,000) Sterling, or Five Thousand Pounds
 (£5,000) Sterling, as the case may be; and upon his demand at
any time or if any of such securities shall have been taken in
execution or the like, the Company shall immediately lodge with
the Colonial Treasurer such further securities as may in his
opinion be necessary to bring up the securities to the value of
50
Ten Thousand Pounds (£10,000) Sterling, or Five Thousand Pounds (£5,000) Sterling, as the case may be.

The income derived from all securities deposited under this Act may be received by the depositor.

7. In the case of any policy issued by a Company about to cease carrying on business in the Colony, being still outstanding, the Colonial Treasurer shall retain such of the securities deposited under this Act as he may deem fit until such policy shall have been satisfied or shall have lapsed.

Act No. 43, 1906.

"To amend Act No. 47, 1904, entitled Act 'To provide for the lodging of security by Assurance and Insurance Companies not having their head offices in Natal.'"

[5th September, 1906.]

3. Before any such license shall be granted, the boiler in respect of which a license is applied for shall be inspected by the Government Inspector hereinafter referred to, and no such license shall be issued unless the application for the same be accompanied by a certificate, signed by the Inspector, to the effect that the boiler sought to be licensed has been examined by him, and is fit and proper to be licensed.

4. The certificate to be granted to the owner of any boiler shall remain in force for any period the Inspector shall think fit not exceeding one year, which period shall be stated on the certificate.

5. The Governor in Council shall from time to time appoint an Inspector or Inspectors of boilers for the purposes of this Act. The salary and allowances of every Inspector shall be paid from the general revenue.

(a) He may at any time examine and test the external fittings of a steam boiler, whether the same is in use, or before it is brought into use.

(b) He shall at least once in every twelve months, or oftener, if necessary, inspect, examine, and, if necessary, test every steam boiler within the district under his supervision, and in the case of steam boilers used in connection with the manufacture of sugar, he shall make the inspection or test between the first of March and the 31st of May in each year.

(c) He shall in all cases furnish to the owner of the boiler so inspected or tested a report of the result of his inspection or test.

(d) If it shall appear to him that any defect of a dangerous nature, or likely to become dangerous, exists in any such boiler or fittings, he may interdict the use of the same until every such defect has been remedied to his satisfaction.

(e) He may, if for sufficient reasons he shall think it necessary, suspend or cancel any license issued under this Act.

Such suspension or cancellation shall be subject to an appeal to the Magistrate.
7. The Inspector shall give to the proprietor or his known agent, residing at or near the place or works at which, or the estate on which, any such steam boiler shall be used or intended to be used, not less than seven days' notice of his intention to test such steam boiler.

8. No person under the age of eighteen years shall have charge of, or be allowed to exercise sole control over, any boiler. If the owner of any boiler shall knowingly permit or suffer a breach of this provision, he shall be liable to a penalty not exceeding Twenty Pounds.

   Regarding fittings and appliances of steam boilers generally.
   For determining the rates of travelling expenses payable to Inspectors appointed under this Act.
   Regulating the time and manner of tests made under this Act.

10. The following acts shall be deemed to be contraventions of this Act;—
   (a) Refusing to allow an Inspector to enter at any time upon the premises, or to have free access to all steam boilers, and the works and premises where such boilers are situated, or failing to render him any reasonable assistance.
   (b) Using any steam boiler without having the necessary license, or continuing to use a steam boiler during the suspension or after the cancellation of the license therefor, or during the continuance of an interdict by an Inspector.
   (c) The willful neglect or disobedience of any requirements of this Act.

11. The certificate granted to the owner of any boiler shall be exhibited in some conspicuous place, to be determined by the Inspector, where it can be seen by all persons working at or with any such boiler, and any person neglecting so to exhibit such certificate shall be liable to a penalty not exceeding Twenty Pounds.

Act No. 35, 1904.

“To make provision with regard to the lands reserved as Commonages in connection with certain townships.”

[13th August, 1904.]

Whereas certain lands of the Crown have been reserved by Government as commonage or town lands in connection with sites intended for townships:

And whereas the extent of such commonage in some cases greatly exceeds the requirements of the holders of erven in the townships, and it is expedient to provide for the resumption and disposal by Government of a part thereof and for the proper control and utilization of the remainder:

Be it therefore enacted by the King’s Most Excellent Majesty, by and with the advice and consent of the Legislative Council and Legislative Assembly of Natal, as follows:—

1. This Act may be known as the “Commonages Act, 1904.”

2. This Act shall apply to the Town Lands of Weston and Fort Nottingham as specified in the Schedule of this Act.

The Governor in Council may by proclamation extend the operation of this Act to any township and the commonage thereof reserved out of the Crown Lands in manner aforesaid, which may not have been brought under the operation of any law for the municipal government of townships or boroughs.

The town lands of Weston and Fort Nottingham, and the lands so reserved as aforesaid are in this Act referred to as commonages.

3. The Governor in Council may resume on behalf of the Crown any commonage to which this Act applies: Provided
however, that no lands shall be resumed by the Government in the case of any Township or Commonage to which this Act may be extended, except in the case of Weston and Fort Nottingham, until a resolution in that behalf shall have been passed by the Legislative Council and Legislative Assembly.

There shall, however, be excluded from such resumption so much of the commonage as the Governor in Council may deem sufficient for the reasonable requirements of the township, not being less in any case than one thousand (1,000) acres.

4. Before any commonage is resumed the Surveyor-General shall cause the land which is to be retained as town lands to be selected in a convenient position for the purposes of the township, and shall have it surveyed and beaconed off.

5. One month's notice shall thereafter be given in the Natal Government Gazette and in two newspapers published in the Colony, fixing a date for the resumption of the commonage, and describing the part which will be retained as town lands.

6. As soon as may be after the expiry of such notice the order of the Governor in Council for the resumption of the commonage shall be published in the Natal Government Gazette, and thereupon the commonage shall, save as to the excepted part, become the absolute property of the Crown, free from all rights of pasture or any other private rights whatsoever, and shall be at the disposal of the Government in the same manner as ordinary Crown lands.

7. This Act shall not affect any lands which shall have been transferred from the Crown, or the tenure of any lands which have been leased, or the exclusive use of which has been specially granted to any person or society, so long as such lease or use shall subsist in terms of the grant thereof, but upon the expiry of such lease or right of user the land shall, in so far as it may lie within the limits of the unresumed commonage, form a part of such commonage, and in so far as it may lie within the limits of the resumed lands, it shall become the property of the Crown in the same manner as the resumed lands: Provided that an outgoing lessee shall be allowed at any time within six months after the expiry of his lease to remove any buildings or machinery erected by him.

8. No person shall be entitled to compensation by Government of any kind in consequence of the resumption of a commonage under this Act.

9. Where any lands resumed as aforesaid on which buildings or improvements have been made by any lessee shall be sold or leased by Government to any person other than such lessee or his successors or assigns, the said buildings and improvements
Act 35, 1904.

shall be valued by a Valuator, to be appointed by Government, and the purchaser or lessee from the Government shall, without delay, pay the amount of such valuation to the Surveyor-General, who shall pay same to the lessee who erected such buildings or made such improvements, or his successors or assigns. Machinery shall not be included in such valuation.

10. That part of a commonage which shall have been excluded as aforesaid from the resumption by Government shall, subject to the provisions of this Act, be dedicated to the public use and enjoyment of persons resident upon the erven of the township to which such land is attached, as commonage or town lands. Such lands are hereinafter referred to as town lands.

11. The Governor in Council may, from time to time, make regulations for all matters connected with the management and use of the town lands to which this Act applies, and in particular for the following purposes:

(a) The regulation of grazing, and the fees to be paid by any persons depasturing stock in excess of any number which may be prescribed.

(b) The utilization of any part of the town lands for brickmaking, quarrying stone, or for other purposes for the public advantage of the township.

(c) The prohibition of any injurious or improper use of the town lands.

(d) The preservation of forest, bush or water, the use of water for irrigation or otherwise, and of dead wood for domestic purposes.

(e) The regulation of outspan, and also for the taking of materials for the construction of public works within the village, such as roads, bridges, buildings and the like.

12. Any person contravening a regulation made under this Act shall be liable to a fine not exceeding Ten Pounds (£10) Sterling.

13. The Governor may sell as erven or lease as small allotments any part of the town lands upon such terms as may appear suitable, having regard to the interests of the township.

14. All moneys received as purchase money of town lands or for rents or fees from the town lands shall be paid to an account to be kept by the Surveyor-General for each township to which this Act applies, and such funds shall be drawn upon and applied for the purpose of the respective townships in such manner as may be appointed by the regulations.

15. Law No. 3, 1870 (a), shall cease to apply to the town

lands of Weston and Fort Nottingham, and to any other town
lands hereafter brought under this Act, so soon as the powers of
resumption conferred by Section 3 shall have been exercised.
Any moneys which may have accumulated under the said Law
for any such township shall be paid to the fund created under
this Act.

16. No claim or liability whatsoever shall rest upon the
public revenue of the Colony for any matter arising out of the
control or management of town lands by Government.

17. The Governor may, without payment of compensation,
appropriate any unalienated part of the town lands for the
purpose of cemeteries, pounds, schools or other institutions, or
for other public purposes for the benefit of the township and the
surrounding district.

18. This Act shall not apply to Commonages which may be
vested in Trustees.

CONTRACTS.

Act No. 7, 1903.

“To amend the Law relating to the Sale and Purchase of Land.”

[8th July, 1903.]

Be it enacted by the King’s Most Excellent Majesty, by and with the advice and consent of the Legislative Council and Legislative Assembly of Natal, as follows:—

1. As often as any immovable property shall be sold by public sale, the auctioneer shall, before or at, or forthwith after, the closing of the bidding, ascertain from the bidder for whom he purchases, and if such bidder shall profess to purchase for some person other than himself, then the auctioneer, or his assistant, shall, in case the purchaser so disclosed shall be approved of, take down, in writing, the name of such bidder and of the purchaser for whom he purchases, and until the name of the purchaser, whether the bidder himself or someone else for whom he purchases, shall have been taken down, in writing, there shall be no sale to any person; and the property may be again put up to competition: Provided that it shall not be necessary that the name of the person, for whom any bidder shall be purchasing, shall be announced publicly to the bystanders, if it be made known to the auctioneer, and be by him or his assistant taken down in writing as aforesaid.

2. Should any bidder, whose bid shall have been accepted by the auctioneer, refuse to declare, when called upon so to do by the auctioneer, for whom such bidder purchases, it shall be lawful for the auctioneer either to treat and consider such bidder as being himself the purchaser, and such bidder shall, in such case, be deemed and taken to be, to all intents and purposes, the purchaser; or else, at his election, to treat such bidding as null and void, and proceed afresh as if it never had been made: Provided that the auctioneer, having once made his election either to treat such bidder as the purchaser, or to proceed to sell afresh, shall not be at liberty afterwards to alter such election.

3. If, in any case, any bidder should declare, as aforesaid, the name of some person as his principal, who shall be taken down as the purchaser, and who shall afterwards refuse to accept the property purchased in his name, then, unless the bidder shall produce a sufficient authority, in writing, from such alleged principal, authorising such bidder to make such purchase for such principal, the bidder shall himself (without prejudice to other questions between the parties) be liable to pay transfer

duty: Provided that such bidder, paying transfer duty, shall be entitled to recover the same from his principal, in case he shall succeed in proving that such principal did, in fact, give him authority to make the purchase in dispute.

4. The provisions of the last preceding section relative to purchases at public sales by agents for alleged principals, shall extend and apply, mutatis mutandis, to purchases made by agents for alleged principals, at sales not being public sales.

5. No auctioneer, broker, or agent shall take down, or receive in regard to any purchase, the name of any purchaser as purchasing in the manner commonly called and written "q.q." or receive, in any other form, the name of any person as purchasing for an unnamed principal; and any auctioneer, broker, or agent contravening this section of this Act shall incur and be liable to a penalty not exceeding Fifty Pounds Sterling.

6. If, in any case, the person whose name shall have been declared and taken down as the purchaser of any property, shall deny that he gave authority for the making of such purchase, or if, for any other reason, such person shall decline to accept such purchase, and the agent or alleged agent, shall be willing to take such property for his own individual account, and the vendor shall consent thereto, no transfer duty shall be payable upon the sale, or alleged sale, to the alleged principal; but only a single transfer duty, as if the sale had been made, ab initio, to the alleged agent, in his individual capacity; and the solemn declarations by Law required to be made, shall be altered in the manner indicated in the forms marked A and B in the Schedule.

7. Every private sale, or sale made otherwise than by auction, in regard to which the purchaser shall not profess to purchase for himself, in his individual capacity, shall be wholly null and void, unless at the time of making and completion thereof, the name of the principal for whom the purchase is made shall be disclosed, and inserted in the note or memorandum, in writing, if any, which may be made in regard to such sale.

Any contract or agreement to let for any period any house, room, or premises which, subsequently to the making of such contract or agreement, becomes a brothel, shall, on the date of such event, be determined and rendered null and void; and the provisions in the preceding section contained with regard to rent shall apply: Provided that on proof by the lessor or landlord of his ignorance of such event, he shall be entitled to recover from his tenant, for use and occupation during such time as he was ignorant as aforesaid, such sums as would then have accrued due as rent at the rate as agreed upon.

12. The lessor of any premises used wholly or in part as a brothel, or for the purposes of habitual prostitution, shall be entitled to apply to the Magistrate for the summary ejectment of any person or persons who may be using such premises or any part thereof as a brothel or for the purposes of habitual prostitution, and such Magistrate shall be entitled after enquiry to order the summary ejectment of such person or persons. Act No. 35, 1905 (a).

“To impose Duties on Successions to Property.”

[26th August, 1905.]

WHEREAS it is expedient to impose certain duties on
successions to property:

BE IT THEREFORE ENACTED by the King’s Most Excellent
Majesty, by and with the advice and consent of the Legislative
Council and Legislative Assembly of Natal, as follows:—

1. Every past (b) or future disposition of property (c) by

(a) This Act is modelled on the
provisions of 16 and 17 Vic. c. 51
(“Succession Duty Act, 1853”). Under
the provisions of that Act many cases
are cited in the footnotes to “Chitty’s
Statutes”; these decisions (or such as
appear to be applicable) are referred to
in this and succeeding footnotes. In
each case a comparison should be made
of the words of the Imperial with those
of the Colonial Act, in order to verify
the applicability of the English de-
cision to the Colonial case. It must be
understood that the editor assumes no
responsibility for the relevancy or other-
wise of such cases as are referred to in
these notes.

(b) The Act applies to interests
created by disposition before the Act,
and falling into possession after it
(Wilcox v. Smith, 26 L.J., Ch. 596; Att.-Gen. v. Lord Middleton, 3 H. and
N. 125).

The Act applies to persons wherever
domiciled (In re Wallop’s Trusts, 33
L.J., Ch. 351. See also In re Lovelace,
4 De G. and J. 340. But see also note
to sec. 15 infra.

(c) See Att.-Gen. v. Montefiore, 21
Q.B.D., 461.
DEATH DUTIES.

2.

There shall be levied and paid to the general revenue in respect of every succession as aforesaid, according to the net value thereof, the following duties, that is to say (f):

1. Where the successor shall be the lineal descendant or

reason whereof any person has or shall become entitled to any property (not being immovable property out of this Colony), or the income thereof, upon the death of any person dying after the commencement of this Act (a), either immediately or after any interval, either certainly or contingently, and either directly or by way of substitutive limitation (b), and every devolution by law of any beneficial interest in property or the income thereof upon the death of any person dying after the commencement of this Act, to any other person, in possession or expectancy, shall be deemed to have conferred or to confer on the person entitled by reason of any such disposition or devolution, a succession (c), and the term “successor” shall denote the person so entitled (d), and the term “predecessor” shall denote the testator, intestate, ancestor or other person from whom the interest of the successor is or shall be derived (e).

2.

There shall be levied and paid to the general revenue in respect of every succession as aforesaid, according to the net value thereof, the following duties, that is to say (f):

1. Where the successor shall be the lineal descendant or

(a) See note (b), ante.

(b) This sec. includes powers of appointment (In re Lovelace, 4 De G. and J. 340; In re Payton, 7 H. and N. 265), in which case it seems the donor of the power is the predecessor, not the donee (In re Barker, 7 H. and N. 109).

(c) In 16 and 17 Vic. c. 51, s. 1, the term “succession” is defined as denoting “any property chargeable with duty under this Act.”

See Att.-Gen. v. Robertson [1893], 1 Q.B. 293-C.A., where marriage settlement funds were settled in trust for wife for life, with remainder to husband for life, with remainder in default of issue to wife absolutely if surviving, and it was held that on the death of the husband (without issue), a succession was taken by the wife, in respect of which succession duty became payable on the amount of the funds less the value of the wife’s life interest therein.

(e) Where S., by deed of entail in Scotland, gave an estate to her eldest son, A., and the heirs of his body, whom failing, she gave the same to her grandson, C., and the heirs of his body, with remainders over, and A. died without issue; it was held, that S. was the “predecessor” of C. (Saulton (Lord) v. Advocate Gen., 3 Macq. H.L. Cas. 659: 6 Jur., N.S. 713; see also Earl of Zetland v. Lord Advocate, 3 App. Cas. 505).

Upon a second marriage of a lady, her second husband settled his property on the children of her former husband; it was held that the husband, and not the wife, was the predecessor (In re Ramsay’s Settlement, 30 Beav. 75).

Where a settlor having by a settlement executed prior to the time fixed for the coming of the Act into operation, reserved to herself a general power of appointment, executed that power by will, and died after the Act came into operation: it was held, upon appeal, that the property was subject to the payment of the duty, and that the case was within sec. 2 of 16 and 17 Vic. c. 51; that the 4th had no application, nor the 12th (In re Lovelace’s Settlement, 4 De G. and J. 340).

(f) Cf. sec. 10 of 16 and 17 Vic. c. 51.
DEATH DUTIES.

Act 35, 1905.

1. Every surviving spouse being a successor of his or her deceased spouse shall be exempt from the payment of any duty upon such succession.

2. Every estate the net value of which does not exceed One Hundred Pounds (£100) Sterling shall be exempt from the payment of any duty under this Act.

3. The provisions of this Act shall apply mutatis mutandis to the making of a donation mortis causa in the same way as if the donor had been a predecessor and the donee had been a successor under this Act.

4. The duties by this Act imposed shall be under the care and management of the Master of the Supreme Court, who shall be entitled to collect and recover the same.

5. It shall be lawful for any person domiciled in any part of this Colony other than the borough of Pietermaritzburg, and liable to the payment of duty under this Act, to pay such duty as assessed by the Master, to the Magistrate of his Division, who shall account for it to the Master.

6. All executors whether testamentary or dative, and all trustees, tutors and curators shall before making any distribution of an estate file with the Master of the Supreme Court, a full and true account of all property in regard to which duty shall be payable under this Act, excluding immovable property not actually in this Colony, and which property shall have been received or disposed of by them in their said capacities, and of the value of such property together with the names of the successor and predecessor, and their relation to each other, and all such other particulars as shall be necessary or proper for enabling the said Master to ascertain the duties payable. An account, valuation, and other particulars as aforesaid shall be filed with the Master of the Supreme Court in all estates notwithstanding the provision of Section 4 of this Act.
DEATH DUTIES.

The Master may, if dissatisfied with the value placed upon any succession, either appraise the same himself or cause the succession or any part thereof to be appraised by some person or persons appointed by him for the purpose, and he shall assess the duty upon the footing of the value as ascertained by such appraisement, together with the reasonable expenses of such valuation, subject to appeal as hereinafter provided.

The succession duty shall be paid upon the values so assessed, together with the expenses of valuation, unless such values shall not exceed those previously shown in the account filed with the Master, to the extent of one-sixth of the value thereof, in which case the expense of the valuation shall be borne by the Government.

This Section shall not be deemed to require that any account shall be confirmed by the Supreme Court which would not otherwise be subject to such confirmation.

9. Any person liable to duty under this Act who shall be dissatisfied with the assessment made by the Master may appeal by application to the Supreme Court on notice to the Master, and the Court shall determine the matter of such appeal and the costs thereof, and may direct any enquiry, valuation, or report to be made for the purposes of such appeal.

10. Every executor, whether testamentary or dative, and every other person charged with the administration of an estate shall deduct from the succession of every successor in the estate under his administration the amount of succession duty payable by such successor, and if any such succession duty shall not have been so deducted, he and the successor entitled to such succession shall severally as well as jointly be liable for the whole of the duty.

11. As often as any succession shall be an annuity, then the value of such annuity shall be calculated according to the tables contained in the schedule annexed to the Act of the Imperial Parliament called "The Succession Duty Act, 1853" (a).

12. In estimating the value of a succession, no allowance shall be made in respect of any contingent incumbrance thereon; but in the event of such an incumbrance taking effect as an actual burden on the interest of the successor, he shall be entitled to a return of a proportionate amount of (b) duty paid by

(a) Cf. sec. 31 of 16 and 17 Vic. c. 51. The section of the Imperial Act is confined to cases where the testator died after the commencement of the act, and does not extend to cases where, the death being before, the act of calculation and payment occurs after the commencement of the statute (Corry v. Wallis (Earl), In re, 11 Ex. 580; 25 L.J., Ex. 149).
(b) This is a reproduction of sec. 35 of 16 and 17 Vic. c. 51, except that in the Imperial Act the word "the" occurs before "duty," and the word "an," before "incumbrance," is omitted.

Duty chargeable only on value of succession actually obtained.

him in respect of the amount or value of the incumbrance when taking effect.

13. In estimating the value of a succession, no allowance shall be made in respect of any contingency upon the happening of which the property may pass to some other person; but in the event of the same so passing the successor shall be entitled to a return of so much of the duty paid by him as will reduce the same to the amount which would have been payable by him if such duty had been assessed in respect of the actual duration or extent of his interest (a).

14. Where a successor shall not have obtained the whole of his succession at the time of the duty becoming payable, he shall be chargeable only with duty on the value of the property or benefit from time to time obtained by him; and whenever any duty shall have been paid on account of any succession, and it shall afterwards be proved to the satisfaction of the Master of the Supreme Court that such duty, not being due from the person paying the same, was paid by mistake, or was paid in respect of property which the successor shall have been unable to recover, or from or of which he shall have been evicted or deprived by any superior title, or that for any other reason it ought to be refunded, the Treasurer may (b), upon the certificate of the Master, refund the same to the person entitled thereto.

15. Where the interest of any successor in any (c) property shall, before he shall have become entitled thereto in possession, have passed by reason of death to any other successor or successors, then one duty only shall be paid in respect of such

(a) This reproduces sec. 36 of the Imperial Act.

(b) This sec. reproduces sec. 37 of the Imperial Act with the necessary references to the "Master" and "Treasurer" in lieu of commissioners. By "the Treasurer" is meant the Colonial Treasurer. It will be noted that the Act of refunding, by this officer, is permissive, not compulsory. In the English Act the corresponding enactment is that "the commissioners shall thereupon refund the same to the person entitled thereto."

(c) This reproduces sec. 14 of 16 & 17 Vic. c. 51, except that in that Act the word "personal" qualifies the word "property." In this connection it may be of interest to note that it has been held in England, that personal property (except leaseholds) of a party dying domiciled abroad, is not chargeable with succession duty, although situated in England at his death (Wallace v. Att.-Gen., L.R., 1 Ch. 1), unless it be disposed of under a power of appointment in an English settlement, in which case it is chargeable, although the party dying be a foreigner domiciled abroad (Re Lovelace, 4 De G. and J., 340; see also In re Cigala's Settlement, 7 Ch. D. 351), whether the appointor becomes entitled to the power upon a death before or after 1853 (Re Wallop's Trusts, 1 De G. and J., 656).

Property devised by a foreigner domiciled abroad to be invested in English securities is chargeable (Att.-Gen. v. Campbell, L.R. 5, H.L. 524), and so is property settled by deed (Lyall v. Lyall, L.R. 15 Eq. 1).
interest, and shall be due from the successor who shall first become entitled thereto in possession; but such duty shall be at the highest rate, which, if every such successor had been subject to duty, would have been payable by any one of them.

16. Any reference in this Act to the Master of the Supreme Court includes an assistant Master.

17. The Governor in Council may from time to time make regulations for any matters connected with the administration of this Act.

18. This Act shall not apply to movable property passing from the estate of a native to a native, or from the estate of an Indentured Indian to an Indentured Indian or to the wife, son or daughter of an Indentured Indian.

The word "native" as used in this Section means a native subject to native law, and the expression "Indentured Indian" means an Indian serving under indenture in pursuance of Law No. 25, 1891, or of any like Act.

19. This Act may be cited as "The Successions Duty Act, 1905."

1. Notwithstanding anything to the contrary contained in the Successions Duty Act, 1905, no succession duty under the said Act shall, from and after the taking effect of this Act, be levied in respect of property situate in the United Kingdom of Great Britain and Ireland.

2. The Governor may by proclamation extend the provisions of this Act so as to apply in respect of any Colony, British possession, or State in South Africa so long as there shall be in such Colony, British possession or State no succession duty levied in respect of property situated in this Colony.

Every person who, on the First day of January, 1904, shall have been bona fide engaged in the practice of dentistry or dental surgery, in the Province of Zululand, either separately or in addition to his practice as a physician, surgeon or accoucheur, shall be entitled to be registered under the Dentists' Act, 1896: Provided, however, that such person shall, unless otherwise specially qualified, be restricted to carry on such practice in the province of Zululand.
DERELICT STOCK FUND.

Act No. 22, 1905.

"To provide for the disposal of certain moneys, now in the hands of the Master of the Supreme Court, known as the 'Derelict Stock Fund.'"

[24th July, 1905.]

WHEREAS during the recent hostilities quantities of live stock were taken possession of by His Majesty's forces and handed over to the Government of Natal, by whom the same were kept and sold for the benefit of whom it might concern:

AND WHEREAS after payment of the claims of certain owners of stock so sold a balance of the proceeds of sale now remains in the hands of the Master of the Supreme Court, and it is desirable to make provision for deciding upon any further claims and for the final disposal of the remainder of such moneys:

BE IT THEREFORE ENACTED by the King's Most Excellent Majesty, by and with the advice and consent of the Legislative Council and Legislative Assembly of Natal, as follows:—

1. After the commencement of this Act, it shall not be competent for the Supreme Court or any other court of law to entertain any action or application in which claim may be made for the payment of any part of the moneys now in the hands of the Master of the Supreme Court, being the proceeds of the sale of stock taken by His Majesty's forces during the Boer War, 1899-1902, and known as the "Derelict Stock Fund," and any action, application, or other proceedings which may have been instituted in respect of any such claim before the commencement of this Act shall be discharged and cease.

2. The Master of the Supreme Court shall as soon as may be after the commencement of this Act pay over to the Colonial Treasurer all such moneys as aforesaid, and the same shall be placed by the Treasurer to the credit of an account to be called the "Derelict Stock Account." Such moneys shall be known as the "Derelict Stock Fund," and shall be dealt with as hereinafter provided.

3. The Governor shall appoint a Commissioner to be called the Derelict Stock Fund Commissioner, whose duty it shall be to consider and take evidence upon claims which may be received from persons claiming to be entitled to payment from the Fund, and to assess what amount, if any, shall be paid to each claimant.
The Governor may, at any time remove such Commissioner and may appoint another Commissioner in his place.

In the event of such Commissioner being prevented by sickness or otherwise from attending to the discharge of his duties, the Governor may appoint another person to act in his place.

4. The owners or the legal representatives of the owners of stock taken to a Derelict Stock Camp in Natal shall, subject as hereinafter provided, be entitled to payment from the Fund of the net proceeds of the sale of their stock.

All claims for such payments shall be sent in writing to the Colonial Treasurer within two months after the date on which this Act comes into force, and after the expiration of that time no further claims whatever shall be received or considered: Provided that it shall not be necessary for persons who sent their claims against the said Fund to Sir Thomas K. Murray, K.C.M.G., in his capacity as Commissioner of Derelict Stock between the 13th day of August and the 30th day of September, 1904, to send such claims to the Colonial Treasurer, but all such claims shall be deemed to have been sent in under this Act.

All claims received under this Act shall be passed by the Colonial Treasurer to the Derelict Stock Fund Commissioner, to be dealt with by him as hereinafter set forth.

5. (1) No claim may be made by any person who was not an inhabitant of Natal at the outbreak of the Boer War, 1899-1902. For the purposes of this Section the territories known as the Northern Districts shall not be deemed to be included in Natal. A conviction for the crime of treason shall not bar a claim upon the Fund unless the claim is barred by the preceding part of this sub-section.

(2) No claim may be made by any person who has, before the passing of this Act, received any payment from the Fund.

(3) No claim may be made by any person for the proceeds of the sale of stock in respect of which he has heretofore had a claim assessed by the Invasion Losses Enquiry Commissioners, and passed for payment and paid.

Any such claim as aforesaid shall be rejected by the Derelict Stock Fund Commissioner.

6. All applicants shall furnish such information and proofs as the Commissioner may require to enable him to carry out his duties under this Act.
7. (1) The Commissioner shall have power to examine witnesses upon oath, and to call for the production of any evidence and documents which he may require.

(2) Upon the request of the Secretary to the Commissioner, the Clerk of any Magistrate's Court shall issue the process of the Magistrate's Court for compelling the attendance of any witnesses who may be required. Such process shall be served in the like manner and shall have the like effect as a subpoena of the Magistrate's Court.

(3) Minutes shall be kept of all proceedings of the Commission and of all evidence taken.

8. In assessing any claim, the Commissioner shall deduct the respective percentages set forth in Part I. of the Schedule to this Act, and the value of the remainder shall be assessed at the respective prices set forth in Part II. of the said Schedule.

Any points not herein specially provided for shall be dealt with by the Commissioner as shall to him seem proper.

9. The assessments of the Commissioner shall be final and conclusive.

10. The Commissioner shall, after he has assessed all claims received by him as aforesaid, forward the same to the Colonial Treasurer with his report thereon.

11. The Colonial Treasurer shall deduct and retain from the Derelict Stock Fund all and every the costs and expenses incurred in and about the said Fund, its management, and the assessment of claims in reference thereto, so that the Government may not be put to any expenditure in the premises, and out of the balance remaining he shall pay the claims assessed as aforesaid either in full, provided the amount in hand is sufficient for that purpose, or otherwise, pro rata.

All payments shall be made to the persons in whose favour the claims shall have been assessed, and such payments shall be deemed to finally settle and satisfy such claims.

12. If after all of the claims as assessed shall have been paid in full, any balance of the Fund remains unexpended, the same shall be paid by the Treasurer to the capital account of the Consolidated Loans Fund established under Act No. 46, 1904.

13. This Act may be cited as the "Derelict Stock Fund Act, 1905."

Act No. 38, 1901.

"To make provision for the support and training of destitute children and juvenile offenders." [26th August, 1901.]

BE IT ENACTED by the King's Most Excellent Majesty, by and with the advice and consent of the Legislative Council and Legislative Assembly of Natal, as follows:—

PART I.

Preliminary.

1. This Act may be cited as the "Children's Protection Act, 1901."

2. Sections 5 to 11 of Chapter II. of Ordinance No. 2, 1850, are hereby repealed, without prejudice to the validity or conditions of any contract of apprenticeship made thereunder, and save as aforesaid, nothing in the said chapter shall hereafter apply to the apprenticeship of destitute children.

3. In this Act "Society" means any society, person, or body of persons, approved by the Magistrate or Minister, as the case may be, and keeping a school or other institution for the support, care, and education of children.

"Government Institution" means a school or home, or the like, wholly maintained by Government for the like purposes.
"Destitute Child" means any child apparently under the age of 16 years.

(a) Who is found habitually begging or being in any public place for the purpose of begging;

(b) Who is found wandering about and not having any home or settled place of abode, or visible means of subsistence, or in a state of destitution, or who is without father, mother, or lawful guardian, or whose father, mother, or lawful guardian is unable or neglects to provide for his support;

(c) Who by reason of the neglect or drunkenness or other vices of the parents is suffered to grow up without salutary parental control and education, or in circumstances exposing such child to idle and dissolute life;

(d) Who resides in a reputed brothel, or with any known or reputed prostitute, whether such prostitute be the mother or not;

(e) Who associates or dwells with any person (not being the parent of the child) known or reputed to be a thief, or drunkard, or a vagrant;

(f) Who, being a girl, is found behaving in an indecent manner in a street or public place;

(g) And every child apparently under the age of ten years found engaged in any casual employment after the hour of seven o'clock in the evening.

"Casual Employment" means employment for the purpose of gain in streets or other places in vending any article, and employment of any other kind outside the child's home which, in the opinion of a Magistrate, may be detrimental to a child's health.

"Juvenile Offender" means any child apparently under the age of 16 who is convicted of a crime or offence punishable by imprisonment.

"The Minister" means the Minister of the Crown having charge of the administration of this Act.

PART II.

Destitute Children.

4. Any police officer (a) or constable (b) may apprehend without warrant any destitute child and bring him before the

(a) Quere, whether "police officer" means "officer" or "policeman," as defined by Acts No. 1, 1894, and No. 37, 1898, tit. "Police," Vol. 2. See sec. 38 sub-sec. (d), post.

(b) See note to sec. 17, post.
Magistrate (a), and any minister of religion or Justice of the Peace may give any destitute child into the charge of the police (b) for that purpose, and any Magistrate becoming aware of any destitute child may cause such child to be brought before him.

5. It shall be the duty of the Magistrate before whom any child is brought as being destitute to investigate the facts of the case to ascertain whether such child is a destitute child within the meaning of this Act. For this purpose the Magistrate shall have power to summon witnesses, and, if practicable, the parents or person having the actual custody of such child shall be notified of the examination, and may be summoned.

6. If the Magistrate finds that the child is destitute, he may order the child to be dealt with in any of the following ways:—
   (a) Delivered to a society or Government institution;
   (b) Apprenticed to some suitable person;
   (c) Boarded out with some suitable person or placed in his custody;
   (d) Placed at service with some suitable person.

No arrangement under this section shall be made for a term exceeding three years: Provided that upon the expiry of the term the arrangement may by a like order, and with the approval of the Minister, be extended, or exchanged for any other of the arrangements above specified; but provided also that no such arrangement or extension thereof shall extend beyond the time when the child shall have reached the age of eighteen years.

7. The Magistrate may, from time to time, remand a child whilst enquiring and arranging for the disposal of the child.

8. During the time when a child is in custody, and until he has been handed over to the society or person to whose care he is to be committed, it shall be the duty of the Magistrate to make such suitable arrangement as may be practicable in order to avoid keeping the child in a lock-up or other place of detention for criminals, and in no case shall a child apprehended as being destitute be kept in the company of persons charged with crime or drunkenness.

9. Every order made for the disposal of a child as herein-before provided, shall be recorded in the Court, and shall specify the term thereof, the name of the society or person to whom the child is committed, and the nature of the contract or arrangement.

(a) "The magistrate" appears to mean "any magistrate"; see next sec. which speaks of "the magistrate before whom any child is brought."

(b) Quere, whether "the police" means the "police force" as defined by Ac No. 1, 1894.
Such order shall be sufficient authority to any constable or officer of the law to execute the same, and any person who shall resist or interfere with the execution of the order shall be liable to a fine not exceeding Ten Pounds Sterling.

10. In deciding as to the disposal of a child the Magistrate shall consider what may be for the best interest of the child according to the circumstances, and if he shall decide to apprentice the child or place him out at service he shall obtain such reasonable terms in regard to wages as the circumstances will permit. It shall also be his duty to ascertain the child’s religion, and to secure that proper facilities are allowed for the practice of religious duties, and he shall not place any child in any institution or home where it will be brought up in another religion unless, in the case of a child under the age of ten years, the guardian, if accessible, shall approve (a).

11. An apprenticeship shall be for the instruction and employment of a child in some useful calling, trade, or other occupation, including service as a farm labourer or in such domestic or other service as will fit him to earn his livelihood.

12. An officer having authority on behalf of the society to which a child is delivered by the Magistrate’s order, or the person to whom a child is so assigned for apprenticeship or otherwise, shall sign an agreement as nearly as may be in the form prescribed by the regulations under this Act.

The prescribed forms shall in every case contain an engagement for the lodging, maintenance, care, clothing and training of the child, and for such child being allowed to attend, if practicable, a place of worship of the religion to which he belongs.

The agreement shall also be signed by the Magistrate or on his behalf by some person thereto authorised by the Minister, and shall be recorded and kept by the Magistrate.

No such agreement as is in this section mentioned shall be required in the case of a Government institution.

13. Any such agreement made with a society or person requiring to be paid for the maintenance of the child may contain an undertaking on behalf of the Government for such a payment at a rate not exceeding Seven Shillings and Six pence per week.

14. Such payments shall be defrayed out of the general revenue of the Colony, and shall be made by an officer of the

(a) See sec. 40, post, as to instruction of child in religion.

Magistrate's Office or by such other officer as may be authorised by the Minister.

15. No society or person shall be obliged unwillingly to undertake the reception of a child under this Act, but having once undertaken the reception of a child under this Act shall be bound by the agreement unless discharged therefrom in manner provided in this Act.

16. Whenever there is reason to believe that any child is being ill-treated or neglected, or kept in such a manner as to bring him within the definition of a destitute child in any house, building, or other place, then upon complaint thereof being made upon oath by any officer of a society or Government institution, or by any Minister of Religion, Justice of the Peace, or Police Officer or Constable, the Magistrate may issue a warrant to enter by day or night to search for such child and bring him (a) before the Magistrate to be dealt with under this Act (b).

It shall not be necessary in any such complaint or warrant to specify any particular child (c).

17. If any child shall abscond or attempt to abscond or be unlawfully removed or enticed from the custody of any society, institution or person in whose charge he has been placed under the provisions of this Act, all Constables (d) shall assist in retaining or recovering the custody of such child.

PART III.

Juvenile Offenders.

18. When any sentence of imprisonment is passed upon a juvenile offender, it shall be lawful for the Court, in addition to passing such sentence, to make an order, in manner as hereinbefore provided in the case of destitute children, directing such offender to be sent to a Government institution or to a society, or to be apprenticed to some suitable person.

(a) Pronouns of masculine gender include the same pronouns in the feminine (or neuter) gender. See Law No. 3, 1887, s. 5, tit. "STATUTES," Vol. 3.

(b) Cf. 57 and 58, Vic. c. 41, s. 10. As to liability of persons obtaining search warrants, see Hope v. Evered, 17 Q.B.D. 338; Lea v. Charrington, 23 Q.B.D. 45, 272.

(c) Cf. sub-s. (5) of sec. 10 of 57 and 58 Vic. c. 41. The enactment referred to reads: "It shall not be necessary in any information or warrant under this section to name the child." The following comment is made thereon by the learned editor of "Chitty's Statutes:" "This provision may obviate technical difficulties, but to dispense wholly with the name of the child, or with evidence of its existence or identity, may lead to oppressive searches."

(d) Quere, whether "constables" includes "policemen," or "members of the police force," as defined in Act No. 1, 1894, tit. "POLICE," Vol. 2. See note to sec. 4, ante. See also sec. 9, ante, where the word "constable" is followed by "or officer of the law,"
DESTITUTE PERSONS.

19. The Magistrate of the Division in which any such child is imprisoned, may at any time during the term of imprisonment, make an order as provided in the foregoing section.

20. Save as is otherwise provided, the provisions of this Act relative to destitute children placed in the charge of a society or apprenticed by order of a Magistrate, shall apply to juvenile offenders in regard to whom an order has been made by the Magistrate as aforesaid.

21. When a child is required to be taken from a gaol by reason of an order made as aforesaid, a copy of such order shall be lodged with the keeper of the gaol, and shall be a sufficient warrant to him for the removal of the child from the gaol.

22. An order by a Magistrate in terms of this part of the Act may be made for any term not less than three years and not extending beyond five years, or beyond the time when the child shall have reached the age of eighteen years.

23. A sentence passed upon a juvenile offender shall only be deemed to be suspended by reason of his being removed from the gaol under the Magistrate's order as aforesaid, and in the event of the child proving unmanageable or committing any offence punishable by imprisonment during the period in which the order is in force, or repeatedly attempting to escape from the custody in which he was placed, it shall be in the discretion of the Magistrate of the Division in which the child is being kept, by warrant under his hand, to order such child to be recommitted to prison, there to undergo imprisonment in the manner prescribed by the original sentence, for so much as he may deem proper of the term of imprisonment which remained unexpired at the time when the child was removed from the gaol, and in that case any contract of apprenticeship which may have been entered into shall be deemed to be cancelled from the date of such warrant.

24. Save as last aforesaid, the sentence passed upon a juvenile offender shall be deemed to have been completed on the expiry of the period specified in the Magistrate's order for his delivery to a society or institution, or for his apprenticeship.

25. Notwithstanding anything contained in this Act, a juvenile offender shall not be discharged from the custody in which he has been placed as aforesaid so long as the sentence of imprisonment, though suspended, remains uncompleted, unless the Governor shall, in the exercise of his prerogative, have remitted the unexpired portion of the sentence; but this section shall not be deemed to prevent the transfer of a child in terms of this Act from one place of detention or service to another.
Act 38, 1901.

26. The wages of a juvenile offender shall not be paid to him, but to the Clerk of the Magistrate's Court, or such other person as the Minister may appoint for the purpose, and such clerk or person shall deposit the same in the Government Savings Bank, in his official name, for the benefit of such offender.

27. Notwithstanding the preceding section, the Magistrate may order any part of a juvenile offender's wages to be applied for any necessary purposes for the child's benefit.

28. Subject to the provisions hereinafter contained, any balance of the wages so deposited, with the interest thereon, shall be paid to the child to whom they belong, upon his attaining the age of eighteen years, or the Magistrate may order them to be applied for the advantage of the child at any time after such child shall have ceased to be under the operation of this Act.

PART IV.

Guardianship and Maintenance.

29. The Magistrate by whom an order has been made in terms of this Act respecting any child subject to the operation of this Act shall, until such child has attained the age of eighteen years, or has otherwise ceased to be under the operation of this Act, be the guardian of such child to the exclusion of the child's parent or other guardian, but subject to the provisions hereinafter made in that behalf.

30. The powers and authority of the Magistrate in respect of the wages or other property of any such child may be exercised by any person whom the Minister may appoint for that purpose.

31. While any such child is in the charge of any society, Government institution, or person, in pursuance of a Magistrate's order, the superintendent, matron, or other person having the direct charge of the school or institution at which the child is placed, or the master or other person in whose charge the child has been placed, may exercise the powers and authority of the Magistrate as guardian of the person of such child.

32. If at any time suitable provision shall have been made for relieving the Magistrate of the office of guardian, the person thereto appointed by the Minister shall become guardian in place of the Magistrate, either generally or in respect of any particular children, as may be decided by the Minister.

33. The parents of every child brought within the operation of this Act, not being a juvenile offender under sentence of imprisonment, shall be liable to pay the cost of its maintenance.
at the rate of Seven Shillings and Sixpence per week, whilst such child is maintained by the Government, or in a Government institution, and shall be liable to pay to the Government the cost for which the Government may be liable under any agreement with a society or person not exceeding the rate of Seven Shillings and Sixpence per week (a).

The parent (b) of a juvenile offender shall be liable to pay the cost of maintenance at the rate of Seven Shillings and Sixpence a week whilst such child is being maintained at the expense of Government (otherwise than in prison), or the cost for which the Government may be liable under agreement with a society or with the master to whom the child may be apprenticed.

For the purposes of this part of the Act, the word "parent" includes step-parent.

34. The parent shall be obliged to pay such sum as aforesaid to the Clerk of the Magistrate's Court week by week, and his liability for any sums due under this Act shall continue up to the end of three years from the date when the child shall cease to be under the operation of this Act.

35. A parent may be sued in the Magistrate's Court (c) by any officer authorised for the purpose by the Magistrate or Minister for any sum for which he may be liable (d), and which he has not paid. Any such suit shall be without costs, excepting such expenses as may be incurred in the execution of any process.

36. If any parent shall represent to the Magistrate that he is unable from poverty to pay the sums for which he is liable (e), the Magistrate may, after due enquiry, make an order suspending the payment or reducing the same until further order, or may make such other order as in the circumstances may be reasonable: Provided that such order shall be without prejudice to any liability on the part of the parent if at any time thereafter until the expiry of the three years hereinbefore referred to, such parent shall be of sufficient means and ability to pay.

(b) "Parent," in this par, is used in contradistinction to "parents" in the preceding par., but no distinction is made between male and female. In the remaining sections of this Part, however, the use of the pronoun "his" in relation to "parent" seems to signify that the noun is used only in the masculine gender.

(c) It is submitted that this should be the court of the magistrate of the division where the parent resides, not necessarily the court of the magistrate by whom an order has been made in respect of the child.

(d) Presumably, "in terms of this Act," as in sec. 34.

(e) See note to sec. 35, supra.
Act 38, 1901.

37. The liability of the parent for such maintenance shall not be discharged or affected by insolvency.

PART V.

Special Provisions Regarding the Custody and Treatment of Children.

38. Every school, institution (including a Government institution), or other place where a child is placed in pursuance of this Act, may be visited on any day and at reasonable hours by an authorised visitor, and it shall be the duty of the person in charge to permit such visitor to see the child, and he shall give every facility for the visitor to enquire and satisfy himself that the child is being well treated, and is being fed, clothed and taught, and in every respect dealt with according to the requirements of this Act and of the agreement entered into in respect of such child.

The expression "authorised visitor" includes:—

(a) The Minister.
(b) The Magistrate of the Division where the child is, or the Magistrate by whose order the child was placed in charge.
(c) Any officer appointed for the purpose by the Minister, or authorised by the regulations.
(d) An officer of police not below the rank of sub-inspector.
(e) Members of either House of Parliament, the Mayor of a borough, the Chairman of a Local Board, any medical practitioner.
(f) The Presidents of Benevolent Societies.

39. The Magistrate of the Division shall see that every place where a child is kept under this Act is visited at least once in every six weeks by an officer of police or some other person appointed by the Minister for the purpose. A report of each such visit shall be made to the Magistrate.

40. It shall be the duty of the person in charge of a school or institution (including a Government institution) where children are received under this Act, and of every person in whose charge a child is placed under this Act, to allow every such child proper opportunities for instruction in and the exercise of the religion to which the child belongs, and he shall permit a minister of such religion to visit and instruct the child at such times and under such conditions as may be defined by the regulations under this Act.

If at any time during the continuance of an order relative to a destitute child, or of any renewal of an order, the parent, guardian, or other relative of such child (not being a known or reputed prostitute, thief, or drunkard) shall satisfy the Minister that he or she is able and willing to support such child, and to provide suitably for its care and maintenance, it shall be lawful for the Minister in his discretion to order the child to be delivered up to such parent, guardian, or relative: Provided that the powers given by this section shall not be exercised during the term of an apprenticeship, except by consent of the master, and that, if the child has been placed at service, three months’ notice shall be given to the master.

42. If at any time it shall appear from the reports made to the Magistrate or otherwise that any child is being neglected whilst in the charge of a society or person under an agreement made in terms of this Act (other than an agreement of apprenticeship), or that in any respect the requirements of this Act or of the agreement are not being properly observed, the Minister may cause notice in writing to be given to such society or person to at once remedy the cause of complaint, and if at the end of one month from the date of such notice it shall appear to the Minister that any such cause continues, the Minister may direct the Magistrate to remove the child from the charge of such society or person, and thereupon the agreement with such society or person shall cease and determine, and the Magistrate may make any other suitable provision for the child in terms of this Act.

43. If the master to whom any child is apprenticed under this Act shall at any time fail to give the child proper training and instruction, or shall in any other way neglect or disregard any duties imposed upon him by this Act or his agreement, and if, after one month’s notice having been given as provided in the preceding section, any ground of complaint shall still appear, the Minister may cause written notice to be given to the master, clearly stating the particulars of the supposed breach of duty, and requiring him to attend before the Magistrate of the Division in which he resides on a day specified in the notice, not being less than seven days from the date of the notice, and (if deemed desirable) to have such child with him. The master shall be obliged to obey the requirements of the notice under the penalties for disregard of a subpoena of the Magistrate’s Court.

If from the Magistrate's report it shall appear that any cause of complaint is well founded, and that there are substantial reasons for determining the contract of apprenticeship, he may cause notice to be given to the master in writing determining the apprenticeship from a specified date, and thereafter other provision may be made in terms of this Act for the maintenance and care of the child.

46. The Minister may, in his discretion, upon the application or with the consent of any society or person in whose charge a child has been placed, authorise the Magistrate to make an order for transferring such child to some other society or person, or to a Government institution, subject to the like conditions as are prescribed for bringing a child under the operation of this Act: Provided that such transfer shall not be to the prejudice of the child, or interfere with the course of instruction under articles of apprenticeship.

48. If any society shall by dissolution or otherwise become unable to keep any child, or if the master of an apprentice shall relinquish business, or if any person having charge of a child under this Act shall die or become incapacitated by sickness or otherwise, or become insolvent, the Magistrate may make any further order for the disposal of the child in terms of this Act, and he shall, if possible, in the case of a child under apprenticeship, arrange for a further apprenticeship in the same trade or calling.

he shall be guilty of a contravention of this section, and upon conviction thereof in the Court of a Magistrate shall be liable to a fine not exceeding Twenty Pounds Sterling, or to imprisonment, with or without hard labour, for any term not exceeding one month, or to both such fine and imprisonment.

If any offence is committed under Sub-section (f) of this section, the manager, matron, or other person having superintendence of the school or other institution where a child is placed under this law shall be liable unless the Magistrate is satisfied that he or she had no knowledge of the act complained of, and no reasonable means of knowing or preventing the same. AN AGREEMENT

Between the Worshipful the Mayor of Durban as representing the Mayor, Councillors and Burgesses of the Borough of Durban, hereinafter referred to as the Corporation of the one part, and the Honourable Joseph Baynes, in his capacity as Minister of Lands and Works, and as such representing the Colonial Government of Natal, hereinafter referred to as the Government, of the other part, relative to certain lands at and about the foreshore of the Bay of Durban, between Cato's Creek and the Umbilo River.
WHEREAS on the 19th day of February, 1895, the Government did grant and transfer to the Corporation certain lands which originally belonged to the Government, situated between Cato's Creek and the Umbilo River, in extent 396 acres 12.62 perches, more or less, and bounded on the Southward and Eastward by the Bay of Natal, and Northward and Westward by the Borough and Borough Lands of Durban, including the lands theretofore known as the Admiralty Reserve:

AND WHEREAS under and by virtue of the "Durban Bay Embankment Act of 1895" the Corporation acquired certain rights and privileges which are fully set forth in Sections 2, 3, and 4 of the said Act, viz.:

2. (a) To make a wall to the height of not less than two feet above the level of high water within the new Bay Boundary Line as fixed by the Town Council and the Natal Harbour Board in terms of Law 42, 1888.
   (b) To fill up the area on the landward side of the wall with spoil removed from the Bay of Natal, such filling up to be concurrent as near as may be with the construction of the said wall.
   (c) To remove spoil from the Bay of Natal for the purpose of filling up any other low-lying areas within the Borough of Durban.
   (d) To continue from Addington the canal now in course of construction by the Natal Government.

3. To construct a wharf at any point or points within the Boundary Line, provided that no such wharf should be constructed between the Southern Boundary of Albert Park and Cato's Creek.

4. To make by-laws and regulations, passed in the manner provided by Law 19 of 1872, regulating the use of the Bay Embankment and the charging of dues on goods landed thereon and shipped therefrom.

AND WHEREAS the Corporation has erected between Cato's Creek and Albert Park a wall which is now known as the "Victoria Embankment," with roadways thereon, but has not otherwise exercised any of the other rights and privileges above referred to:

AND WHEREAS it is necessary and for the public good and benefit that the Harbour of Durban should be considerably extended and improved, and the Government is about to undertake the necessary works and operations for that purpose:

AND WHEREAS such works and operations render it necessary
that the Government should become re-possessed of most of the
lands transferred to the Corporation by the said Deed of 19th
February, 1895, and that the Corporation should give up the
unexercised rights and privileges above referred to:

AND WHEREAS the Government also requires certain other
lands belonging to the Corporation:

AND WHEREAS the parties hereto have come to a mutual
understanding in the premises, and have agreed upon the terms
and conditions subject to which the requirements of the
Government are to be fully met and satisfied, which terms and
conditions the parties are desirous should be reduced to writing:

NOW THEREFORE these presents witness:—

PART No. 1,

Which has special reference to certain lands at and about the
foreshore of the Bay of Durban, between Albert Park and
the Umbilo River.

1. The Corporation agrees and binds itself:

First:—To re-transfer to the Government as its own
sole property all the lands coloured green and burnt sienna
on the Plan annexed hereto, marked "A," measuring Two
Hundred and Eighty Two acres, more or less, being the
inclusive of the Admiralty Reserve so far as it runs with
them, such lands being bounded on the south-east and east
by the Bay of Natal, and on the west and north-west by
Town Lands:

The said Lands, with the exception of Lot B1, shall
be transferred free of charge, and as to B1, which is bounded
on the south-east by the Bay of Natal, on the north-west by
the one-hundred-foot road which forms the south-east
boundary of the Albert Park and the Town Lands marked
"C1," and on the west by Lot A1, the Government shall
pay to the Corporation such sum not exceeding Seven
Thousand Pounds sterling (£7,000) in cash immediately on
transfer, as may represent the amount expended by the
Corporation in improving the said lands, such payment to be
the sole consideration for the said transfer.

Second:—To sell and transfer to the Government those
pieces of land marked "C1," "C2," and "C3" on the said
Plan "A," and therein fully described, each in extent
respectively as follows:—

Lot "C1," twenty-nine acres;
Lot "C2," sixteen acres;
Lot "C3," seventeen acres;
all more or less; and being bounded respectively as follows:—

Lot "C1," to the north-west by the Natal Government Railway, to the south-east by Lots marked respectively "B1" and "A1," and on the east by the one-hundred-foot road abutting on the western boundary of the Albert Park:

Lot "C2," to the north-west by the Natal Government Railway, to the south-east and east by Lot "A1," and to the south by Lot "A2."

Lot "C3," to the west and north-west by the main Umbilo Road and the Natal Government Railway, to the south and south-west by the Umbilo River, and to the east and north-east by Lots "A3" and "A2."

The price of the said lands to be the sum of One Thousand Pounds (£1,000) per acre, and the date of Sale shall be deemed to be the date of ratification of this Agreement by Parliament.

2. The Government agrees and binds itself to raise the whole of the low-lying lands coloured yellow on the said Plan, measuring one hundred and sixty-three acres, more or less, and the land coloured burnt sienna and marked "B2" and "B3" respectively, on the said Plan, containing thirty-six and seven acres respectively more or less, all lying to the north-west of the Natal Government Railway. The north-west boundary of the low-lying land to be raised is the contour line shown on the said Plan eighteen feet above the level of low water; and the level of the land so raised when completed shall not be more than eighteen feet and not less than fourteen feet above the level of low water.

The cost of raising the said low-lying land shall be borne by the Corporation; the Government agreeing to carry out the work of such raising of the land at cost price; but the amount payable therefor by the Corporation shall not exceed ten pence per cubic yard. The extent of such reclamation to be limited to 1,500,000 cubic yards.

The reclamation of the said low-lying land by the Government shall proceed in continuity with the construction or extension of any wharf.

3. On the transfer to the Government of the unalienated Town Lands, Lots "C1," "C2," and "C3," the money due to the Corporation in respect thereof shall remain as an outstanding account until the whole of the works herein referred to of Part I. have been completed. A full and detailed account of the cost of the reclamation of the low-lying lands shall be kept by the Government, and a monthly statement thereof shall be rendered
to the Corporation. Such statement as agreed upon by the parties hereto shall be certified as correct by the Corporation within fifteen days after the same shall have been rendered, and shall be final and conclusive except as to any errors and omissions as may be found therein prior to the final settlement hereinafter referred to.

Interest at the rate of four per centum per annum shall be debited from month to month in account current between the parties, such interest commencing upon the transfer of the Lots referred to.

For such monies as may finally become due to the Government by the Corporation the Corporation shall issue to the Government its own debenture bonds, each for the sum of One Hundred Pounds, bearing interest at the rate of four per centum per annum, payable half-yearly at the Natal Bank, Pietermaritzburg, redeemable at the same place fifty years after date or at such earlier date as may be agreed upon. The first of such debentures shall be issued when any debt of the Government to the Corporation shall have been satisfied by any set-off as aforesaid, and after the final completion of the whole works and Part I. of this agreement.

If the balance remaining should be a debit against the Government, settlement shall be made by payment in cash to the Corporation.

PART No. 2,

Which has special reference to the Bay Foreshore lying between Cato's Creek and the Albert Park.

4. The Corporation, subject to the reservations hereinafter contained, renounces and abandons all the rights and privileges claimed under the aforesaid Bay Embankment Act of 1895, as well as such other rights and privileges of, in, and to, or over the Bay of Natal, or the foreshore thereof in any way held or enjoyed by the Corporation, so that henceforth the Government shall have and enjoy full, free and absolute right of carrying out such works and operations in, over, and in connection with the said Bay and the Harbour of Natal as the Government may at any time think fit.

5. The Government has the right to erect a passenger landing jetty at or near the foot of Gardiner Street on the said Embankment after the submission of plans and particulars to the Corporation. This provision is only temporary pending the exercise by Government of their rights and powers hereunder.

6. The reclamation of land and the works of Harbour improvement contemplated under this agreement shall be first
commenced and proceeded with on and in respect of the lands referred to in Part No. 1 of this Agreement, which are known as Congella Lands, and the Government undertakes that the reclamation and other works immediately in front of the Victoria Embankment, that is to say between the Albert Park and Cato's Creek, which may in the future become necessary, as part of the general scheme of Harbour improvements, shall not be commenced until such time as Parliament shall have decided that the whole of the said Congella Lands, after being fully equipped with wharfage and in full active use, will not be sufficient for the trade requirements of the Port.

7. Before the commencement by the Government of the reclamation and other works in front of the Victoria Embankment they shall give to the Corporation ninety days' notice in writing of their intention so to do, and no such works shall be commenced until the expiration of the said notice. Prior to the commencement of the works in front of the Victoria Embankment no spoil shall be deposited by the Government between the said Embankment and the line of works known as the Hartley-Barry scheme.

8. The Victoria Embankment shall remain the sole property of the Corporation, and the southern boundary of such Embankment shall be the outer edge of the coping of the existing wall, shown by blue coloured line on Plan A, Part 2.

9. All land reclaimed by the Government southward of the boundary of the Victoria Embankment as described above will become the sole property of the Government; but the Government shall take upon itself all liabilities and penalties (if any) which may arise by reason of such reclamation or any other cause, and hold the Corporation harmless and indemnified in respect thereof. Provided always that nothing herein contained shall be deemed to prevent Parliament from exonerating Government from any liability in the premises.

10. By reason of the Government taking away the advantages and privileges now enjoyed by the Burgesses on the Victoria Embankment the wall built by the Corporation for the purpose of retaining such Embankment will be of no further practical value, and the Corporation having incurred an expenditure of approximately Eighty-Five Thousand Pounds (£85,000) and their income from the sale of Bay Foreshore lands having amounted to approximately Sixty-Five Thousand Pounds (£65,000), the Government shall re-imburse and pay to the Corporation the sum of Twenty Thousand Pounds sterling (£20,000) when the lands to the southward of the Victoria Embankment have been reclaimed. Provided always that in case the Government shall
Act 36, 1904. make provision for and maintain an open space or canal, between the said Embankment and the reclaimed land, of a width of 150 feet and a depth of two feet below low water mark, in order not to disturb the present drainage arrangements, such canal to be open at both ends, then and in such case the Corporation shall not require the payment of the said sum of Twenty Thousand Pounds sterling (£20,000). In the event of provision being made for such a canal, the Government shall be at liberty to erect or construct such bridges as they may deem necessary between the land so reclaimed and the Embankment, such bridges to be level with such Embankment.

11. The reclamation and works before referred to in Clause 10 are understood to be included in and form part of the undertaking known as the Hartley-Barry scheme.

12. At the ground level of all vacant reclaimed land between the proposed wharf and the Victoria Embankment the Government undertakes to turf or harden so as to prevent the drifting of sand or other spoil. The Government shall be relieved of this undertaking should the canal referred to in Clause 10 hereof be decided upon.

The whole of this Agreement, as described in Parts Nos. 1 and 2, is subject to the following conditions:—

13. All the lands to be transferred to the Government in terms hereof shall be and remain part of the Borough of Durban in exactly the same manner as the lands at the Point belonging to the Government, and the Corporation shall at all times have and exercise in reference thereto the same rights and powers as are at present or as may hereafter be held or enjoyed by them in reference to the said Point lands, more especially those of levying rates on private property, surface drainage, roads, and other servitudes or rights necessary for sewerage, waterworks, lighting, electric power, tramways, telephones, and other public purposes, excluding police control. These rights and powers are more fully detailed as follows:—

(a) The laying off of all roads and sub-Divisions of land which may be offered for sale or lease shall, as far as practicable, be the subject of mutual arrangement between the Government and the Corporation so that roads and arrangements generally shall be made to serve the public convenience in connection with the roads of the Borough.

(b) The Government shall harden, kerb and channel all new roads made either for their exclusive use or for general public purposes. In the event of such roads being contiguous to rateable property the
Corporation will thereafter take them over and maintain them.

(c) Should the Borough lands comprised in Part No. 1 of this Agreement be so developed as to necessitate the crossing of the Natal Government Railway by bridges, such bridges, not exceeding three in number, shall be provided at places to be mutually agreed upon and at the joint expense of the Government and the Corporation.

(d) The Corporation reserves the right of surface drainage, and the Government undertakes to grant servitude over all roads and other lands where it is necessary to construct at the Corporation expense underground conduits for the purpose of taking off storm water drainage.

(e) With reference to the future extension of the existing storm water drains now discharging into the Bay on the Victoria Embankment, the Government undertakes at its own expense to extend all the existing storm water culverts of sufficient capacity for the effectual drainage of the various drainage areas for the purpose of effectually conveying storm water to the satisfaction of the Borough Engineer to any new point or points of discharge to be decided upon by the Government. The Government shall, however, be relieved of this undertaking should the canal referred to in Clause 10 hereof be decided upon.

(f) The Corporation reserves all rights and powers under their Acts for sewerage, water, lighting, tramways and telephones.

(g) The Corporation reserves the right to supply under existing powers and obligations, electric light and power, telephones, and tramway services, as now supplied to other parts of the Borough, to all rateable properties and Government lands comprised in Parts Nos. 1 and 2 of this Agreement.

(h) All lands comprised in Parts Nos. 1 and 2 shall be regarded as part and parcel of the Borough, and, in so far as any portions occupied by other than Government Departments are concerned, shall be liable to rates and all the other provisions of the Municipal Acts.

14. The transfer of the said lands described in Part No. 1 to the Government and to the Corporation respectively, and all surveys in reference thereto, shall be at the cost of the Government.
DURBAN CORPORATION—Harbour Lands.

Act 36, 1904.

15. The said reclamation referred to in Part No. 1, and the extension of storm water drains referred to in Section E of Clause 17, Part 2, shall be effected according to the requirements of the Corporation, whose Engineer shall at all times have free access to the lands being reclaimed and works above referred to, and shall be supplied with all information he may reasonably desire in reference to the said operations.

16. It is hereby agreed that the operations comprised in Part No. 1 shall be commenced within five years of the date of signing this Agreement, and the work of reclamation of land and construction of wharfage reasonably continued, subject to the voting of supplies therefor by Parliament.

17. In the event of failure on the part of the Government to so commence the said works within the aforesaid period of five years, the said lands to remain or again to become the property of the Corporation, according to whether such lands shall or shall not have been previously transferred to the Government.

18. Any question which may arise between the Corporation and the Government with reference to any of the matters herein contained or in any way referring thereto, save and except the question of reclamation of Part No. 2 and referred to in Clause No. 10, shall be referred to and settled by Arbitration in the usual way, the provisions of the Arbitration Act, 1898, being for that purpose incorporated with these presents.

19. The Government undertakes to introduce into Parliament any legislation which may be necessary in order to give effect to this Agreement, and the Corporation undertakes to loyally support the same in so far as may be necessary.

"To amend and consolidate the Laws relating to Tramways within the Borough of Durban."

[26th August, 1905.]

WHEREAS under the authority contained in the provisions of Law No. 23 of 1891 the Mayor and Councillors of the Borough of Durban have constructed and worked Tramways in certain parts of the Town of Durban and the Suburbs thereof:

AND WHEREAS under and by virtue of the authority conferred by Section 20 of Law No. 19 of 1880, and Section 22 of Law No. 18 of 1885, and Act No. 12 of 1899, the said Mayor and Town Councillors acquired the undertakings held by the Durban Borough Tramways Company, Limited, under the said Laws Nos. 19 of 1880 and 18 of 1885, as amended by Law No. 16 of 1892, and have since worked the same, together with their own undertaking under Law No. 23 of 1891 as a joint concern:

AND WHEREAS under the said Act No. 12 of 1899 the said
Town Council were empowered to provide for the equipment of all existing lines of Tramway in the Borough belonging to them and future extensions thereof with electric traction, and for the generation and supply of electricity for working such tramways and as a motive power for other purposes, and under such authority the existing lines in the Borough have been equipped with electric traction:

And whereas many of the provisions in the Laws of the Durban Borough Tramways Company, Limited, are not applicable to the undertaking as owned by the Municipality of Durban, and it has further been found that there are differences between the provisions of the said Company's laws and the "Town Council Tramways Law" (No. 23 of 1891) which give rise to anomalies, and render the working of the combined undertakings as one concern difficult and complicated, and it is therefore desirable to consolidate the various Laws and amend the same where necessary to make them consistent and conducive to the proper working of the tramways as a whole under the Municipality of Durban.

Be it therefore enacted by the King's Most Excellent Majesty, by and with the advice and consent of the Legislative Council and the Legislative Assembly of Natal, as follows:—

1. The following Laws and Acts shall be and the same are hereby repealed, that is to say:—

- Law No. 18, 1885, "Suburban Tramways Law."
- Law No. 23, 1891, "Town Council Tramways Law."
- Law No. 16, 1892, "Durban Borough Tramways Amendment Law of 1892."
- Act No. 12, 1899.

Provided that anything done or suffered before the commencement of this Act under any enactment repealed by this Act, or any contract or obligation entered into or any right acquired, or any liability, punishment, or other consequence incurred, or any proceeding in respect thereof before the commencement of this Act shall not be affected by the repeal of any Law or Act affected by this Act, and all proceedings which may have been commenced under the repealed Laws or Act before the operation hereof may be continued and completed under such Laws and Act.

2. This Act may be cited as the "Durban Municipal Tramways Laws Consolidation Act, 1905."

3. The Lands Clauses Consolidation Law, No. 16 of 1872, except when expressly varied by this Act, shall be incorporated with this Act, and for the purposes of such incorporation this

11. Where the carriage-way in or upon which any portion of the Tramway is proposed to be formed or laid down is crossed by any railway or tramway on the level, any work which the Town Council may be empowered to construct, and which affects or in anywise interferes with such railway or tramway, or the traffic thereon, shall be constructed and maintained under the superintendence (at the cost of the Town Council) and to the reasonable satisfaction of the Government, person, Corporation, or Company owning such railway or tramway, unless in the case of the original construction of the tramway after notice to be given by the Town Council seven days at least before the commencement of such work, such superintendence is refused or withheld.

12. Passengers and parcels shall be conveyed on such Tramways, and the Town Council shall also have power, as common carriers, to convey goods and other materials over the said Tramways; and authority is also given to the Town Council to utilise the tramlines for the working of electric motor vans or similar apparatus for the purpose of street watering, or for the conveyance of stone or other material used in road making or other works, and also for the transporting of house, stable, and street refuse from any part of the Borough; Provided that the...

The carriages used on the Tramways may be drawn by horses or other animals, or driven or propelled by steam, electricity, or other motive power. No carriage used on the Tramway shall extend beyond the outer edges of the wheels of such carriage more than twenty-two inches on each side.

16. The Governor in Council may from time to time make such regulations, in accordance with the regulations for the time being of the Board of Trade of the United Kingdom applicable to local authorities or municipalities, subject to such modifications as he may think expedient, but in no case more stringent than the regulations in force by the Board of Trade for securing the safety of the public from personal injury, or from fire or otherwise, and for minimising as far as may be reasonable any interference with the electric wires, lines and apparatus of the Government, or any other authority, company, or person, and may from time to time rescind, alter, or repeal such regulations. Any regulations so made or amended by the Governor in Council in pursuance of this section shall have the like effect in every respect as if they had been included in this Act, and shall be published twice in the Natal Government Gazette, and twice in two daily newspapers published in the Borough of Durban. Notice in writing shall be given by the Government to the Town Council of Durban of any such regulations, or of any repeal or alteration thereof at least a month before the regulation, repeal, or alteration is made by the Governor in Council.
17. The Town Council shall take all reasonable precautions in constructing, laying down and placing their electric lines and other works of all descriptions, and in working their undertaking, so as not injuriously to affect, whether by induction or otherwise, the working of any wire or line from time to time used for the purpose of telegraphic, telephonic, or electric signalling communication, or any other purpose, or the currents in such wire or line, and before commencing to lay down such a line, or to do any other work for the supply of electricity, whereby any electric or other line of the Government, or any authority, company, or person may be injuriously affected, shall give such reasonable written notice to the General Manager of Telegraphs, or such authority, company, or person as the case may be, as may be prescribed by regulations framed under the provisions of Section 7 of this Act, and such notice shall specify the course and nature of the work, and be accompanied by such maps and plans as may be necessary. The Town Council and their agents shall also conform with such reasonable requirements, either general or special, as may from time to time be made by the General Manager of Telegraphs for the purpose of preventing any electric lines of the Natal Government being injuriously affected by the said work, and if the Town Council or their agents fail to give the appointed notice, or to comply with the reasonable requirements, either general or special, of the General Manager of Telegraphs, they shall be liable to a penalty not exceeding Twenty Pounds (£20) if the telegraphic communication is interrupted thereby, and not exceeding Five Pounds (£5) for every day such failure continues.

18. In the event of it being necessary in connection with the construction of any line, or the execution of any work by the Town Council, to make an alteration in any telegraph, or other electric line of the Natal Government, it shall be lawful for the General Manager of Telegraphs, by himself or his agents, to make such alterations or to consent to the work being performed by the Town Council, under the supervision and to the satisfaction of himself or his agents, and the Town Council shall, at the discretion of the Minister in charge of the Telegraph Department, be called upon to pay the whole or any portion of the expenses incurred in connection therewith, or incidental thereto.

19. If any telegraph, telephone, or other line of electrical communication owned by the Government of Natal, is in any way injuriously affected by the construction by the Town Council of their electric lines and works, or by the working of the undertaking of the Town Council, the Town Council shall pay the expenses of all such alterations in, or additions to, such line or lines, as may be necessary to remedy such injurious
affection. For the purpose of this section, a telegraph, telephone, or other line of electrical communication owned by the Natal Government shall be deemed to be injuriously affected by an act or work if telegraphic communication by means of such line is, whether through induction or otherwise, in any manner affected by such act or work, or by any use made of such work. In the event of any line of wire, or wires, being constructed in such a manner that such line of wire, or wires, will cross the trolley wires of any tramway, they shall cross at right angles, and be heavily insulated.

20. If any ocean cable on the sea side of the boundary of the Borough of Durban, subsidised by the Government of Natal, is at any time in any way injuriously affected by the construction by the Town Council of their electric lines and works, or by the working of the undertaking of the Town Council, the Town Council shall pay the expenses of all such alterations in or additions to such cable as may be necessary to remedy such injurious affection. For the purpose of this section a cable subsidised by the Natal Government shall be deemed to be injuriously affected by an act or work if telegraphic communication by means of such cable is, whether through induction or otherwise, in any manner affected by such act or work or by any use made of such work.

21. The Town Council shall be answerable for all accidents, damages, and injuries happening through their act or default, or through the act or default of any person in their employment by reason or in consequence of any of their works.

22. The Town Council shall undertake that, in the event of any electric leakage taking place and any damage being thereby caused at any time by electrolysis or otherwise, it will reimburse and make good to the owner or owners of any property so damaged all costs, damages, and expenses to which such owner or owners may be put by reason thereof.

23. Any difference which may arise between the General Manager of Telegraphs and the Town Council, or their agents, with respect to any requirements so made, shall be determined by arbitration.

24. Nothing in this Act shall take away or lessen any right or remedy of the Colonial Government or of the General Manager of Telegraphs, and all provisions contained in this Act in favour of the General Manager of Telegraphs shall be construed to be in addition to, and not in modification of, or substitution for, any such rights and remedies.

Nothing in this Act shall take away or abridge any power to open or break up any road along or across which any Tramway
is laid, or any other power vested in any other local body or authority for any of the purposes for which such authority is respectively constituted, or in any Company, body, or person for the purpose of laying down, repairing, altering, or removing any pipe for the supply of water or gas, or any tubes, wires, or apparatus for telegraphic or other purposes, but in the exercise of such power the Company, body, or person shall be subject to the following restrictions, that is to say:—

(a) They shall cause as little detriment or inconvenience to the Town Council as circumstances admit.

(b) Before they commence any work whereby the traffic on the Tramway will be interrupted, they shall, (except in cases of emergency, in which cases no notice shall be necessary) give to the Town Council notice of their intention to commence such work, specifying the time at which they will begin to do so, such notice to be given eighteen hours at least before the commencement of the work.

(c) They shall not be liable to pay the Town Council any compensation for injury done to the Tramway by the execution of such work, or for loss of traffic occasioned thereby or for the reasonable exercise of the powers so vested in them as aforesaid.

(d) Whenever for the purpose of enabling them to execute such work, the Company, body, or person as aforesaid shall so require, the Town Council shall either stop traffic on the tramway to which the notice shall refer, where it would otherwise interfere with such work, or shore up and secure the same at their own risk and cost during the execution of the work there: Provided, that such work shall always be completed by the Company, body, or person with all reasonable expedition.

(e) Any Company, body, or person shall not execute such work so far as it immediately affects the Tramway, except under the superintendence of the Town Council, unless the Town Council refuse or neglect to give such superintendence at the time specified in the notice for the commencement of the work or discontinue the same during the progress of the work, and such Company, body, or person, shall execute such work at their own expense and to the reasonable satisfaction of the Town Council: Provided, that any additional expense imposed upon such Company, body, or person shall be subject to the following restrictions, that is to say:—

Act 37, 1905.
Act 37, 1935.

Settlement of disputes between Town Council and other companies, &c.

25. AND WHEREAS it is expedient that the said Town Council should have power to allow the Lessees of certain of such lands to convert the same into freehold, in respect of which no authority at present exists:

BE IT THEREFORE ENACTED by the King's Most Excellent Majesty, by and with the advice and consent of the Legislative Council and Legislative Assembly of Natal, as follows:—

1. It shall be lawful for the Town Council of the Borough of Durban to agree with the Lessee of any portion of the above-recited lands for the transfer of the freehold of any such land to the lessee upon such terms and conditions as may be mutually agreed upon: Provided that no right is hereby conferred upon any lessee to demand conversion into freehold of any leasehold lot or lots held by him, the right being reserved to the Town Council in their absolute discretion to determine from time to time what portions of such lands they will grant freehold title to as above.

2. In computing the price to be paid in respect of the purchase of any such land reasonable allowance shall be made to the lessee in respect of permanent improvements and buildings upon the land which may have been made during the currency of the lease, or of any lease of which the same may be a renewal, and which shall not at any previous time have been vested in the said Town Council.

3. And whereas certain transfers in freehold were granted by the Government of Natal during the period the said lands were...
in their possession under Act No. 3 of 1894, and the said Town Council have also granted similar titles since the lands have been acquired by them, and in order to remove any doubt as to the validity of such transfers and titles, the same are hereby confirmed and declared to be good and valid titles in freehold in like manner as if they had been granted under the authority of this Act.

**Act No. 37, 1906.**

"To enable the Town Council of the Borough of Durban to grant Freehold Titles to certain Leasehold Lands mortgaged or hypothecated under 'The Durban Corporation Loan Law, 1866.'"

[25th August, 1906.]

WHEREAS by "The Durban Corporation Loan Law, 1866," the Town Council of the Borough of Durban were authorised at any time, and from time to time, during the period of forty years from the time at which the said Law took effect (namely the eighteenth day of December, 1866, the date of publication thereof in the Government Gazette), to raise and take up, by public competition or otherwise, as the Council might deem most advisable, either in England, in this Colony, or elsewhere, any and all sum and sums of money as should not at any one time exceed in the whole the sum of Fifty Thousand Pounds Sterling, as might be required from time to time for the purposes set forth in the said law;

AND WHEREAS it is provided in the said law that any such sum or sums of money as aforesaid might be raised upon or by way of debentures or mortgage bonds or other securities as might from time to time by the said Council be deemed expedient;

AND WHEREAS it is further provided in the said Law that all sums of money which shall become due or payable upon or by virtue of any such debentures, mortgage bonds, or other securities, together with all interest thereon, should be charged upon such three-eighth parts or portions of the Town Lands of the said Borough of Durban as were to be particularly described and set forth in such debentures, bonds, or other instruments, and payable out of such portion of the rents, rates, and general revenue of the said Corporation or Town Council as might be required to fully cover and discharge any sum or sums of money due or accruing under the said Law in preference to all other payments which thereafter might be charged upon the aforesaid three-eighth parts or portions of the Town Lands, or the rents, rates, and general revenue of the said Borough:

AND WHEREAS such survey has disclosed discrepancies between the diagrams annexed to the existing leases and the new diagrams to be annexed to the freehold titles, and it is necessary to provide that where such differences exist, the area to be transferred shall correspond with the new survey:

AND WHEREAS it is also desirable to protect Mortgagees during the period intervening between the cancellation of the leases and the granting of freehold titles, and to provide for the transposition of the mortgages to the freehold titles:

18. The Chief Engineer shall be entitled at any time to order the removal of any gates which may be erected under this Act, or which may have been erected before the passing of this Act, over a public road, and within one month after receiving notice to that effect the proprietor shall remove the gates specified in the notice.

Whenever any by-road, on which gates shall have been erected, shall be proclaimed as a Public Road, the Chief Engineer may allow such gates to remain, provided they in all respects comply with the requirements of this Act, and in such cases all the provisions of this Act shall apply to such gates.

20. Every person not being the sole proprietor, or having his authority, who shall pass through any gate provided in pursuance of this Act, or to which this Act shall apply, shall immediately after passing through the same, with or without any vehicle or animals in his care, close and fasten such gate, or cause the same to be closed and fastened under pain of a fine not exceeding Five Pounds, or in default of payment thereof to imprisonment, with or without hard labour, for a term not exceeding one month.

7. (1) Firms and persons required to be registered under this Act, who are carrying on business in Natal at the date of the commencement of this Act, shall comply with the provisions of this Act before the first day of January, 1907.

giving the particulars of such change.

The like provision shall apply whenever a change occurs in

a firm or person registered under this Act begins to carry on
business at any place other than the place or places mentioned

firm or person shall within one month register again, as in the
case of a new business, and shall furnish to the Registrar of
Deeds an additional statement in the form of Schedule C of this
Act, and shall within the same time publish in the Natal
Government Gazette, a notice giving the particulars of such
change.

For every such registration, there shall be paid to the

BE IT ENACTED by the King’s Most Excellent Majesty, by and with the advice and consent of the Legislative Council and Legislative Assembly of Natal, as follows:

1. This Act may be cited as the “Coast Fisheries Act, 1906.”

2. This Act shall come into force on the 1st day of January, 1907.

3. This Act shall apply to the waters of the sea so far as the Colonial jurisdiction extends, and to all bays, creeks, lagoons, estuaries and rivers and streams on the coast and to the foreshores or banks thereof, so far as the highest spring tides extend, but not further inland.

4. Law No. 21, 1884, and any Laws and Acts amending the same shall cease to apply to any place within the operation of this Act.

5. The regulations made under the said Laws and Acts shall nevertheless remain in force in the places within the operation of this Act until revoked by regulations under this Act, save so far as they may be inconsistent with this Act, and any offence committed before the commencement of this Act may be prosecuted and dealt with as if this Act had not been passed.
Definitions.

This section shall not apply to angling save as is hereinafter specially provided (a).

8. It shall be unlawful to use for the capture of fish any contrivance or sacking, canvas, wicker, cane, wire, net, or other material not being a net or implement of fishing provided for by this Act or the regulations.

A net or other contrivance or implement of fishing shall be deemed to be of unlawful construction if its construction or dimensions be such as to preclude the issue of a license therefor, of which the officer appointed for the issue of licenses shall judge, or if it be included in any description of prohibited contrivances for the capture of fish.

9. Any alteration of a licensed net or implement of fishing by changing its dimensions, by the addition of traps, pockets or bags, by the diminution of the gauge of mesh in any part thereof, or any other material alteration, shall ipso facto invalidate the license of such net or implement, and such net or implement shall thereafter be deemed to be unlicensed: Provided that the licensing officer may authorise any alteration of a licensed net or implement of fishing not inconsistent with the conditions of the license therefor.

10. All applications for licenses under this Act shall be made in writing and shall fully describe the net or other contrivance or implement of fishing sought to be licensed and the particular object and place of use of the same.

15. It shall be unlawful to take, disturb, or destroy the eggs of turtle except as may be provided in the regulations.

16. It shall be unlawful during a close season to disturb or to employ any method whatsoever of taking, catching or killing any fish specified in the Order declaring the close season, and any person found in possession of fish named in an Order declaring a close season during the currency of such Order shall be guilty of an offence: Provided that the Minister may authorise the capture of fish during the close season for scientific purposes or for the purposes of propagation.

17. The Cynthia Preputialis, locally known as "Red-Bait," may only be taken in small quantities for use by anglers as bait, and may not be taken for any other purpose.

Any person found taking or in possession of red-bait may be convicted of a contravention of this section unless he shows that he was acting lawfully.

18. Every person who injures or disturbs any spawning bed or any bank or shallow whereon the spawn of any fish may be deposited save as may be specially authorised by the Minister, or uses the roe or spawn of any fish for the purposes of bait, shall be guilty of an offence.

19. Should any person while fishing catch any fish the capture of which is unlawful or not permitted by the license for the net or other contrivance employed, he shall forthwith return such fish alive or dead to the water.

20. No person shall gather oysters:—

(a) Without a license in that behalf.

23. The principal Fisheries Officer may, subject to the approval of the Minister, grant leases to suitable persons of approved waters for the purpose of oyster culture for such period and under such conditions as to extent of the culture area and rent to be paid therefor as may be provided for by the regulations.

The Government shall nevertheless have power to at any time resume and re-enter any leased waters should they be required for public purposes, in which case the lessee shall be entitled to compensation, to be decided by arbitration in the usual manner.

Leased culture areas may also be resumed in case it shall appear to the Department that the objects of the lease are from any cause within the control of the lessee not being fulfilled, in which event there shall be no claim for compensation.

24. No person shall trespass on any culture area leased under this Act, or in any way injure or destroy the property of the lessee, or do anything calculated to lessen or destroy the rights of the lessee, or anchor in or net or otherwise fish over such area: Provided that nothing in this section shall be taken to apply to persons lawfully passing over such areas in boats.

25. It shall be unlawful to prepare for market or trade or sell or expose for sale mussels or oysters except in their shells.

(c) He may examine all nets and implements of fishing

\[ (a) \text{ See definition of this term ante, sec. 6. It would seem not to include a boat used by an amateur angler; the power of search under this sub-sec. is therefore limited, but see sub-sec. (g) post. See also Sec. 31 post. } \]
on any fishing boat or other craft or found on any foreshore or elsewhere in or close to any coast fishery.

(d) He may require the master or owner of any fishing boat to furnish at specified times a signed statement of the quantity of fish captured on each voyage of such vessel, and to state the place and method of capture of such fish.

(e) He may require the master of any fishing-boat to give any explanation concerning his boat and her crew and any person on board and to afford any information reasonably demanded.

(f) He may without warrant search for and seize any fish caught or taken in breach of this Act and the regulations in any premises or factory utilised for the storage, sale or manufacture of fish or any private premises or the premises of any railway or common carrier and may demand the production of consignment and delivery notes referring to any fish carried or about to be carried by any railway or common carrier.

(g) He may seize all boats, nets and implements of fishing used or about to be used in breach of this Act and the regulations, and may in this behalf exercise powers of search similar to those conferred by sub-section (f).

(k) He may at any time demand the production by a licensee of his license or badge.

(a) Presumably this does not apply to implements of fishing for which no license is required.
(b) He may cause the removal of any fixed obstructions in the nature of an implement or method of fishing.

(m) He may prosecute in all contraventions of the Act and of the regulations.

28. Any person who obstructs a fisheries officer in the pursuance of his duties or who refuses or neglects to comply with any direction lawfully given, or to answer any question lawfully asked, by any fisheries officer in the course of his duty, or who knowingly gives false or misleading information to a fisheries officer, shall be guilty of an offence.

29. Except as otherwise directed all seizures of fish boats, gear and implements of fishing shall be held by the Inspector or other officer until a judicial order be made regarding the disposal of such property, which order it shall be the duty of the officer to obtain as soon as possible.

Orders relative to perishable articles or in the case of urgency may be made by a magistrate on application before the hearing of the principal case, and where such order cannot be obtained in time to prevent loss, the officer may take such action as appears suitable.

30. (1) The Governor in Council may from time to time by order published in the Government Gazette, appoint close seasons for any kinds of fish mentioned in the order.

(2) If at any time it is considered necessary to give special protection to any kinds of fish the Governor in Council may, by order published as aforesaid, prohibit for any specified period, and either generally or at any specified places, the catching taking or disturbing of any kinds of fish mentioned in the order.

An order may at any time be made requiring a license for the taking of turtle, or make any provision which may be deemed expedient in regard to turtle and their eggs.

Persons who angle for pleasure, and not by way of trade or business, shall not be required to take out any license for the
Act 31, 1906.

purpose, but shall otherwise be subject to any regulations which affect angling.

32. The Governor in Council may from time to time make and alter regulations for all purposes necessary for the efficient administration of this Act, and in particular for the following purposes:

(a) The licensing of nets, kraals and other contrivances and implements of fishing as regards any description of fish.

(b) The character, dimensions and size of mesh of nets and the character, dimensions, form and construction of other contrivances and implements of fishing, either generally or in relation to any particular kinds of fish.

(c) The licensing of fishermen and fishing boats, the employment by licensed fishermen of unlicensed assistants.

(d) Licenses for the taking of mussels, crabs, lobsters, crayfish, shrimps, prawns, and of other shell fish.

(e) Licenses for the culling of oysters, the preservation and protection of oyster beds and oyster bearing areas and areas set apart for the culture of oysters for any appointed term, the protection of the spat or spawn of oysters.

(f) The granting of leases for the purpose of oyster culture and the protection of leased areas.

(g) The conditions of and charges for licenses and leases, the procedure for obtaining the same, the restriction of the issue of licenses where there is occasion for such restriction, and generally all matters relative to licenses and leases, save as may be specially provided in this Act.

(h) To regulate and control the use of nets and methods and implements of fishing generally, in waters to which this Act applies.

(i) To declare unlawful such methods of capturing fish as may be deemed improper.

(j) To determine protective measurements for fish fry and shell fish.

(k) To preserve and protect coast fisheries or portions thereof in respect of any fish contained therein against any unlawful fishing or prohibited methods of fishing, to determine measures for the protection of spawn, of fish in spawn, of fry in and of shell fish, and of any fish during a close season, and
32. Generally all measures for preventing evasions or infringements of this Act and the regulations.

(a) To define the duties and powers of fisheries officers.

33. The Principal Fisheries Officer shall be the officer for the issue of all licenses under this Act, and he shall, under the Minister, exercise authority over all other fisheries officers.

34. The word offence as used in this Act includes every contravention of this Act or of the regulations or of an order made under this Act, or the disobedience to or the disregard of any prescribed duty.

35. (1) All offences shall be cognizable in the court of a magistrate.

(2) Any person guilty of an offence shall, except as may be otherwise specially provided, be liable to a fine not exceeding £20, or in default of payment, to imprisonment with or without hard labour for a term not exceeding three months in the case of a first conviction, or six months in the case of a later conviction.

(3) The court may in its discretion order the forfeiture of any nets or implements used in connection with the offence, and in the case of a second or subsequent conviction, may order the forfeiture of any boats or gear so used, but not beyond a value of £50.

(4) The court shall also have the discretion, upon a second or later conviction, or in any case in which having regard to the circumstances the court is of opinion that a fine would be inadequate as a deterrent, to adjudge such imprisonment as aforesaid without the option of a fine.

36. Any person authorised to prosecute under this Act may, in place of prosecuting for an offence, elect to sue in a magistrate's court for the whole or any part of the appointed fine, and in such case the court shall not decree any forfeitures nor shall the licence which may be held by the person sued be cancelled (a).

37. (1) In case of any illegal use of a fishing boat or net or other implement of fishing each of the persons

(a) Although this section gives a right to sue, there appears to be nothing in the Act giving a right to recover the fine sued for. It is submitted that where there is no right of action at common law, the statutory right must be clearly enacted. To sue is one thing; to have a right of action on which judgment may be given for the sum claimed is another,
composing the boat’s crew and each of the persons employed in operating the net or implement of fishing as well as the licensee of the boat or implement of fishing shall be liable to be severally proceeded against for the offence.

(2) Where upon any charge it is made to appear that a boat or net or any other implement or contrivance is being used or carried in circumstances indicating that it was being employed for the purpose of any contravention of this Act or of a regulation or order, even though such purpose may not have been actually effected, all the persons concerned shall be liable to be convicted of an offence unless it be shown to the satisfaction of the court that no such contravention as aforesaid was committed or intended.

38. A fishing boat shall be deemed to be illegally used if employed without a license, or without complying with the conditions of the license, or if engaged in the capture of fish in prohibited waters or by any prohibited means, or at a prohibited time, or if employed for shooting or drawing an unlicensed net or a net that does not comply with the conditions of the license referring to such net, or if found to contain fish whose capture is prohibited, or if containing or contributing to the use of any explosive substance or of any prohibited or unlicensed implement of fishing.

39. Any license held by a person convicted of an offence relating to the thing licensed or to the purpose of the license shall be annulled by the conviction, and the court shall order such person to deliver up his license to be cancelled.

The granting of a new license for the period covered by the former license, or within one year after the date on which the former license would have expired shall be in the discretion of the licensing officer, subject to an appeal to the Minister.

40. Fish adjudged to be unlawfully taken may be ordered by the Magistrate to be destroyed, returned to the water, or otherwise disposed of, together with any other fish with which they were on seizure found or mixed.

41. Any person knowingly receiving or having in his possession any fish, fish ova, or turtle eggs unlawfully taken shall be guilty of an offence. The burden of showing that such receiving or possession was without knowledge of any illegality shall rest upon the person found to have received or had such things in his possession.
42. All persons aiding or abetting an offence may be tried and convicted or sued and condemned in the same manner as the principal offender, and whether the principal offender shall or shall not have been charged or sued.

43. The court may order not more than one-half of any fine imposed to be paid to the person or persons by whose information the offender may have been brought to justice, subject, however, to any regulation or departmental instruction regarding persons in public employ.

Act No. 45, 1901.

"To amend the Law relating to the Adulteration and Fraudulent Sale of Food and Drugs."

[9th September, 1901.]

BE IT ENACTED by the King's Most Excellent Majesty, by and with the advice and consent of the Legislative Council and Legislative Assembly of Natal, as follows:—

PART I.

Preliminary.

1. This Act may be known as the "Adulteration of Food Act, 1901" (a).

2. Act No. 26 of 1898 is hereby repealed: Provided that any contravention of any by-law thereunder committed before the commencement of this Act may be prosecuted and punished as if the said Act had not been repealed.

3. In this Act, unless the context otherwise requires:—

The word "Food" includes every article used for food or drink by man other than drugs or water, and any article which ordinarily enters into or is used in the composition or preparation of human food; and also includes flavouring matters and condiments (b).

The word "Butter" means the substance usually known as butter, made exclusively from milk or cream, or both, with or without salt or other preservative, and with or without the addition of any colouring matter (c).

The word "Cheese" means the substance usually known as cheese, containing no fat derived otherwise than from milk.

The word "Margarine" means all substances, whether compounds or otherwise, prepared in imitation of butter, and whether mixed with butter or not.

The word "Drug" includes medicine for internal or external use.

The word "Importer" includes any person who, whether as owner, consignor or consignee, agent or broker,

(a) This Act is modelled from the Imperial Statutes, 38 and 39 Vic. c. 63 (the Sale of Food and Drugs Act, 1875) and "The Margarine Act, 1887."

(b) This definition is wider than that of the English Act, Cf. 38 and 39 Vic., c. 63, s. 2.

(c) Cf. 50 and 51 Vic., c. 29, s. 3.

is in possession of or in any wise entitled to the custody or control of an article imported into this Colony by land or sea.

The word "Town" means a municipal borough or a township constituted under Law No. 11, 1881, or any like Act.

The word "Minister" means the Minister having charge of the Department of Agriculture.

The expression "Government Analyst" means any person in the service of the Government as an analyst or analytical chemist, or specially appointed by the Minister to analyse foods or drugs.

PART II.

Adulteration and other Offences. Importation and Sale of Food and Drugs.

4. No person shall mix, colour, stain, or powder, or order or permit any other person to mix, colour, stain, or powder any article of food with any ingredient or material, so as to render the article injurious to health, with intent that the same may be sold in that state, and no person shall sell any such article so mixed, coloured, stained, or powdered (a).

5. No person shall, except for the purpose of compounding as hereinafter described, mix, colour, stain, or powder or order or permit any other person to mix, colour, stain, or powder any drug with any ingredient or material so as to affect injuriously the quality or potency of such drug, with intent that the same may be sold in that state, and no person shall sell any such drug so mixed, coloured, stained, or powdered (b).

6. No person shall be liable to be convicted under either of the two last foregoing sections in respect of the sale of any article of food, or of any drug, if he shows to the satisfaction of the Court that he did not know of the article of food or drug sold by him being so mixed, coloured, stained, or powdered as aforesaid, and that he could not with reasonable diligence have obtained that knowledge.

7. No person (c) shall sell, to the prejudice of the pur-

(b) This corresponds with sec. 4 of 38 and 39 Vic. c. 63.
(c) Including the servant (Hotchin v. Hindmarsh (watered milk), [1891] 2 Q. B., 181); and the master, though the servant sells (Brown v. Foot, 61 L. J., M. C., 110), unless sale forbidden by master (Kearley v. Tonge, 60 L. J., M. C., 159). See these cases referred to in Cadwell v. Inspector of Nuisances, Durban (24 N. L. R., 181) where Brown v. Foot was followed.

chaser (a), any article of food, or any drug, which is not of the nature, substance, and quality (b) of the article demanded by such purchaser (c): Provided that an offence shall not be deemed to have been committed under this section in the following cases:—

(a) Where any matter or ingredient not injurious to health has been added to the food or drug, because the same is required for the production or preparation thereof as an article of commerce, in a state fit for carriage or consumption, and not fraudulently to increase the bulk, weight, or measure of the food or drug, or conceal the inferior quality thereof;

(b) Where the food or drug is a proprietary medicine, or is the subject of a patent in force, and is supplied in the state required by the specification of the patent;

(c) Where the food or drug is compounded as in this Act is mentioned;

(d) Where the food or drug is unavoidably mixed with some extraneous matter in the process of collection or preparation.

A drug shall be deemed to be sold to the prejudice of the purchaser:—

(e) If being sold under the name given to a drug in the British Pharmacopoeia, it is not of the strength, quality, or purity of the standard prescribed by the British Pharmacopoeia.

(f) If it is professedly sold as being of any strength or purity, and its strength or purity are not as represented.

No person shall sell any compound article of food or compounded drug not composed of ingredients in accordance with the demand of the purchaser.

(a) If with the knowledge of the purchaser, no offence is committed (Sandys v. Small (spirits), 3 Q. B. D., 419; 39 L. T., 118); but knowledge of the seller is not an ingredient of the offence (Betts v. Arsmead (bread with alum in it), 20 Q. B. D., 771; 58 L. T., 811). But see sec. 28, post.

(b) See White v. Bywater (tincture of opium), 19 Q. B. D., 552. See also sec. 28 post.

(c) It is a question of fact whether the article sold is what the purchaser would reasonably expect to get (Webb v. Knight (gin), 2 Q. B. D., 530). The representation of the seller must be at the time of sale, and its truth then is not vitiated by a prior false one (Kirk v. Coates (milk), 16 Q. B. D., 49).

This section corresponds to sec. 6 of the Imperial Act. The latter enactment is said to apply to the sale of an adulterated article wholly different from that demanded, as where saffron is demanded and savin given (Knight v. Bowers, 14 Q. B. D., 845), but not to a sale of skimmed milk where milk was demanded (Knight v. Collins, 14 Q. B. D., 845; 54 L. J., M. C., 76; 53 L. T. 234).

FOOD AND DRUGS (ADULTERATION).

Act 45, 1901.

Liability in certain cases avoided by affixing label stating that food or drug is mixed.

Abstracting part of food so as to deteriorate it.

Importation of margarine, adulterated or impoverished butter, milk, &c.

Margarine, sale of.

8. No person shall be guilty of any such offence as aforesaid in respect of the sale of an article of food or a drug mixed with any matter or ingredient not injurious to health, and not intended fraudulently to increase its bulk, weight or measure, or conceal its inferior quality, if at the time of delivering such article or drug he shall supply to the person receiving the same a notice, by a label conspicuously and legibly written or printed on or with the article or drug, to the effect that the same is mixed (a).

9. No person shall, with the intent that the same may be sold in its altered state without notice, abstract from an article of food any part of it so as to affect injuriously its quality, substance, or nature, and no person shall sell any article so altered without making disclosure of the alteration (b).

10. If there is imported into Natal any of the following articles, namely:—

(a) Margarine, except in packages conspicuously marked "Margarine," or

(b) Adulterated or impoverished butter (other than margarine), milk, or cream, or other article of food to which the Governor may by Proclamation direct that this section shall apply, except in packages or cans conspicuously marked with a name or description indicating that the butter or milk or cream or other article has been so treated,

the importer shall be guilty of a contravention of this Act.

For the purposes of this section an article of food shall be deemed to be adulterated or impoverished if it has been mixed with any other substance, or if any part of it has been abstracted, so as in either case to affect injuriously its quality, substance or nature.

11. No substance coming within the definition of margarine (c) shall be sold except under the name of margarine, and

(a) A public notice, if seen by the purchaser, as that diluted spirits are sold, will equally protect the seller (Sandys v. Small, 3 Q. B. D., 449.)

(b) Notwithstanding that a person cannot in the ordinary sense "disclose" what he does not know, it has been held that a person selling the altered article can be convicted though he does not know of the alteration (Pain v. Boughtwood) (skimmed milk), 24 Q. B. D., 353; followed with approval in Dyke v. Gower (1892), 1 Q. B., 220; 65 L. T., 760; in which unstirred milk was sold to the growing detriment of the later purchasers. See also Jones v. Davies, 69 L. T., 497.

(c) See definition in sec. 3, ante. With reference to the definition there given (which is taken from sec. 3 of "The Margarine Act, 1887") it has been questioned whether the words "in imitation" mean "in fraudulent imitation," or merely "prepared so as to resemble." The learned editor of "Chitty's Statutes" conceives the word "imitation" to point to an intent, and quotes the rule actus non facit reum nisi mens rea sit.
under the conditions prescribed by this Act, or by the by-laws thereunder.

12. Every person manufacturing, importing or dealing in margarine shall conform to the following regulations:

Every package, parcel, or vessel, whether open or closed, containing margarine, shall be conspicuously marked “margarine” on the top, bottom and sides, in printed capital letters, and every person selling margarine by retail, save in a package duly marked as aforesaid, shall in every case deliver the same to the purchaser in a paper wrapper, on which shall be conspicuously printed “margarine” in capital letters.

13. The Governor in Council may, after such enquiry as he may deem necessary, make regulations for determining what deficiency in any of the normal constituents of genuine milk, cream, butter, or cheese, or what addition of extraneous matter or proportion of water, in any sample of milk (including condensed milk), cream, butter or cheese, shall for the purposes of this Act raise a presumption, until the contrary is proved, that the milk, cream, butter, or cheese is not genuine, or is injurious to health, and an analyst shall have regard to such regulations in certifying the result of an analysis.

14. Every person shall be guilty of a contravention of this Act who, in respect of an article of food or drug sold by him as principal or agent, gives to the purchaser a false warranty in writing, or gives with the article sold a label falsely describing the same.

PART III.

Analysis.

15. (1) The Town Council of any town may appoint one or more persons possessing competent knowledge, skill and experience, as analysts of all articles of food and drugs sold within such town, and shall pay to such analyst such salary or allowance as they may think fit.

(2) A person so appointed is hereinafter called the town analyst.

(3) In the case of towns not being Municipal Boroughs, provision for analyses shall be made by the Minister.

(4) Nothing in this section shall be deemed to require that a town analyst shall be resident in the town for which he is appointed.

(5) If there be no appointed analyst for any town, the submission of samples to a Government analyst, who may be willing and permitted to analyse the same, and any certificate
Act 45, 1901.

Meaning of "proper officer" and of "analyst."

Procuring and analysing samples.

Refusal to sell for analysis.

given by him shall have the same authority as if he were an appointed town analyst.

16. For the purposes of the following sections relative to the taking of samples the expression "proper officer" means:—

(a) Any district surgeon or health officer, any officer appointed by Government, and charged with the execution of this Act, and any person authorised thereto by the regulations under this Act;

(b) Any police officer or a police constable acting under the direction of a police officer;

(c) In a town, any person charged by the Town Council with the execution of this Act, or authorised thereto by the by-laws;

and the expression "analyst" means

(d) In the case of samples taken by a proper officer on behalf of Government, a Government analyst;

(e) In the case of samples taken by the proper officer of a town, a town analyst.

17. A proper officer may procure any sample of food or drugs, and if he suspect the same to have been sold to him contrary to any provisions of this Act, or of the regulations or by-laws, shall submit the same to be analysed by the public analyst, and such analyst shall, with all convenient speed, analyse the same, and give a certificate of such analysis to such officer, wherein he shall specify the result of the analysis.

The provisions of this section shall also apply to the procuring at the place of delivery (a) of samples of milk, or any other article of food in course of delivery to the purchaser or consignee, in pursuance of any contract for the sale to such purchaser or consignee.

18. If a proper officer shall apply to purchase any article of food, or any drug exposed to sale, or on sale by retail (b) on any premises, or in any shop or stores, or in any street or place of public resort, and shall tender the price for the quantity which he shall require for the purpose of analysis, not being more than he shall require for the purpose of analysis, not being more than shall be reasonably requisite, and the person exposing the same for sale shall refuse to sell the same to such officer, such person shall be liable to a penalty not exceeding Ten Pounds.

(b) This section applies to wholesale as well as retail dealers, the distinction being that where there is a sale by a wholesale dealer there must be "exposure," whilst in the case of a sale by retail it is sufficient if the article be "on sale." See Inspector of Nuisances, Durban, v. Gundelfinger (2 N.I.J., 237) distinguishing Crane v. Lawrence (25 Q.B.D., 152), and defining the term "exposed to sale."
19. Any person who wilfully obstructs or impedes a proper officer in the course of his duties, or by any gratuity, bribe, promise, or other inducement, prevents or attempts to prevent the due execution of his duty, shall be guilty of a contravention of this Act.

20. Any purchaser of an article of food or a drug shall be entitled on payment of a sum not exceeding ten shillings and sixpence to the town funds, in the case of an article purchased in a town, and in the case of a purchase elsewhere, to the Government analyst of the district if such analyst has been appointed, to have such article analysed by such analyst, and to receive from him a certificate of the results of such analysis. Such certificate shall be in the form of the Schedule to this Act, or to the like effect (a).

21. The procedure for obtaining an analysis shall be as follows:—

The purchaser (b) shall, after the purchase has been completed, forthwith notify (c) to the seller, or his agent selling the article, his intention to have the same analysed by the public analyst, and shall offer to divide the article into three parts, to be then and there separated, and each part to be marked and sealed or fastened up in such manner as its nature will permit, and shall, if required to do so, deliver one of the parts to the seller or his agent.

He shall afterwards retain one of the said parts for future comparison, and submit the third part, if he deems it right to have the article analysed, to the analyst.

Part IV.

Regulations and By-Laws.

22. The Governor in Council may from time to time make regulations for carrying out the purposes of this Act, and for all matters not specially provided for in this Act, which may be necessary for giving full and complete effect to the provisions of this Act.

A Town Council may from time to time make by-laws in the manner prescribed by law for carrying out the purposes of

(c) This notification has been held in England to be a condition precedent to a prosecution, and a conviction was quashed where the terms of the sec. were not strictly complied with (Barnes v. Chipp, 3 Ex.D., 177; 47 L.J., M.C. 85.)
Act 45, 1901. this Act within the town, and for all matters not specially provided for in this Act which may be necessary for giving full and complete effect to the objects and intention of this Act within the town; but so that they be not in derogation of the lawful authority of Government.

Such regulations or by-laws may provide punishments for any contravention thereof, not exceeding the punishments herein-after provided for contraventions of this Act for a first offence, and for subsequent offences respectively.

PART V.

Legal Proceedings.

23. All contraventions of this Act or of the regulations shall be cognisable in the Courts of Magistrates.

24. All contraventions of the by-laws under this Act shall be prosecuted and tried in the manner provided for the prosecution and trial of offences under the ordinary by-laws of towns.

All offences committed in towns, and cognisable by the Magistrates’ Courts may be prosecuted on behalf of the town authorities by any person authorised to prosecute offences under the by-laws, but without prejudice to any right of prosecution on behalf of the Crown for offences other than those under by-laws.

25. Any person guilty of a contravention of this Act, for which no other punishment is specially provided, shall be liable

For a first offence, to a fine not exceeding Twenty Pounds, with the alternative of imprisonment, with or without hard labour, for not more than one month.

For a second or subsequent offence, to a fine not exceeding Fifty Pounds, with the alternative of imprisonment, with or without hard labour, for not more than three months.

In the case of a second or subsequent conviction, if the offence, in the opinion of the Court, was committed by the personal act, default, or culpable neglect of the accused, and if the Court is of opinion that a fine will not meet the circumstances of the case, such person shall be liable to imprisonment as last aforesaid, without the option of a fine.

26. In any prosecution under this Act, or under the regulations or by-laws, the production of the certificate of the public analyst in the prescribed form shall be sufficient evidence of the facts therein stated, unless the defendant requires that the analyst shall be called as a witness.

27. If the defendant in any prosecution proves to the satisfaction of the Court that he purchased the article in question as
FOOD AND DRUGS (ADULTERATION).

the same in nature, substance, and quality as that demanded of him by the purchaser, and with a written warranty or invoice to that effect, that he had no reason to believe at the time that he sold it that the article was otherwise, and that he sold it in the same state as when he purchased it, he shall be discharged from the prosecution (a).

If the person charged be an employee, he may avail himself of proof that his employer purchased the article as aforesaid.

28. In any prosecution for selling any article to the prejudice of the purchaser, it shall be no defence to allege that the purchaser, having bought only for analysis, was not prejudiced by such sale. Neither shall it be a good defence to prove that the article of food or drug in question, though defective in nature, or in substance, or in quality, was not defective in all three respects.

PART VI.

Miscellaneous.

29. The expense of executing this Act in any town shall be borne by the funds of such town, and all fines recovered for contravention of the town by-laws, or for any offences prosecuted on behalf of the town as hereinafter provided, shall be paid to the funds of the town.

30. Nothing in the preceding section shall be deemed to impose upon a town the expense of acts done or appointments made on behalf of the Government in the course of the general administration of the Act, or the expense of public prosecutions on behalf of the Crown.

I, the undersigned, public analyst for the.......................do hereby certify that I received on the.....day of.............19..., the above section applies to a prosecution for selling margarine as well as to a prosecution for adulterating food. If, therefore, the “article in question” be margarine it would appear that a seller prosecuted for contravening sec. 12 could plead the exception given in sec. 27, namely that he purchased it as margarine from someone else. 10. If any person within the dominion (a) of Her Majesty, and without the license of Her Majesty,—

**Illegal Prizes.**

14. If, during the continuance of any war in which Her Majesty may be neutral, any ship, goods, or merchandise captured

as prize of war within the territorial jurisdiction of Her Majesty, in violation of the neutrality of this realm, or captured by any ship which may have been built, equipped, commissioned, or despatched, or the force of which may have been augmented, contrary to the provisions of this Act, are brought within the limits of Her Majesty's dominions by the captor, or any agent of the captor, or by any person having come into possession thereof, with knowledge that the same was prize of war so captured as aforesaid, it shall be lawful for the original owner of such prize, or his agent, or for any person authorised in that behalf by the Government of the foreign State to which such owner belongs, to make application to the Court of Admiralty for seizure and detention of such prize, and the court shall, on due proof of the facts, order such prize to be restored.

Every such order shall be executed and carried into effect in the same manner, and subject to the same right of appeal, as in case of any order made in the exercise of the ordinary jurisdiction of such court; and in the meantime, and until a final order has been made on such application, the court shall have power to make all such provisional and other orders as to the care or custody of such captured ship, goods, or merchandise, and (if the same be of perishable nature, or incurring risk of deterioration) for the sale thereof, and with respect to the deposit or investment of the proceeds of any such sale as may be made by such court in the exercise of its ordinary jurisdiction.

General Provision.

15. For the purposes of this Act, a license by Her Majesty shall be under the sign manual of Her Majesty, or be signified by Order in Council or by proclamation of Her Majesty.

Legal Procedure.

16. Any offence against this Act shall, for all purposes of and incidental to the trial and punishment of any person guilty of any such offence, be deemed to have been committed either in the place in which the offence was wholly or partly committed, or in any place within Her Majesty's dominions in which the person who committed such offence may be.

17. Any offence against this Act may be described in any indictment or other document relating to such offence, in cases where the mode of trial requires such a description, as having been committed at the place where it was wholly or partly committed, or it may be averred generally to have been committed.
within Her Majesty's dominions, and the venue or local description in the margin may be that of the county, city, or place in which the trial is held.

18. The following authorities, that is to say, in the United Kingdom any judge of a superior court, in any other place within the jurisdiction of any British court of justice, such court, or, if there are more courts than one, the court having the highest criminal jurisdiction in that place, may, by warrant or instrument, in the nature of a warrant in this section included in the term "warrant," direct that any offender charged with an offence against this Act shall be removed to some other place in Her Majesty's dominions for trial in cases where it appears to the authority granting the warrant that the removal of such offender would be conducive to the interests of justice, and any prisoner so removed shall be triable at the place to which he is removed in the same manner as if his offence had been committed at such place.

Any warrant for the purposes of this section may be addressed to the master of any ship or to any other person or persons, and the person or persons to whom such warrant is addressed shall have power to convey the prisoner therein named to any place or places named in such warrant, and to deliver him, when arrived at such place or places, into custody of any authority designated by such warrant.

Every prisoner shall, during the time of his removal under any such warrant as aforesaid, be deemed to be in the legal custody of the person or persons empowered to remove him.

19. All proceedings for the condemnation and forfeiture of a ship, or ship and equipment, or arms and munitions of war, in pursuance of this Act, shall require the sanction of the Secretary of State or such chief executive authority as is in this Act mentioned, and shall be had in the Court of Admiralty, and not in any other court; and the Court of Admiralty shall, in addition to any power given to the court by this Act, have in respect of any ship or other matter brought before it in pursuance of this Act all powers which it has in the case of a ship or matter brought before it in the exercise of its ordinary jurisdiction (a).

20. Where any offence against this Act has been committed by any person by reason whereof a ship, or ship and equipment, or arms and munitions of war, has or have become liable to forfeiture, proceedings may be instituted, contemporaneously or not, as may be thought fit, against the offender in any court having jurisdiction of the offence, and against the ship, or ship and equipment, or arms and munitions of war, for the forfeiture in

the Court of Admiralty; but it shall not be necessary to take proceedings against the offender because proceedings are instituted for the forfeiture, or to take proceedings for the forfeiture because proceedings are taken against the offender.

21. The following officers, that is to say,—

(1) Any officer in the United Kingdom, subject nevertheless to any special or general instructions from the Commissioners of Customs or any officer of the Board of Trade, subject nevertheless to any special or general instructions from the Board of Trade;

(2) Any officer of customs or public officer in any British possession, subject nevertheless to any special or general instructions from the governor of such possession;

(3) Any commissioned officer on full pay in the military service of the Crown, subject nevertheless to any special or general instructions from his commanding officer;

(4) Any commissioned officer on full pay in the naval service of the Crown, subject nevertheless to any special or general instructions from the Admiralty or his superior officer,

may seize or detain any ship liable to be seized or detained in pursuance of this Act, and such officers are in this Act referred to as the "local authority"; but nothing in this Act contained shall derogate from the power of the Court of Admiralty to direct any ship to be seized or detained by any officer by whom such court may have power under its ordinary jurisdiction to direct a ship to be seized or detained.

22. Any officer authorised to seize or detain any ship in respect of any offence against this Act may, for the purpose of enforcing such seizure or detention, call to his aid any constable or officers of police, or any officers of Her Majesty's army or navy or marines, or any excise officers or officers of customs, or any harbour-master or dock-master, or any officers having authority by law to make seizures of ships, and may put on board any ship so seized or detained any one or more of such officers to take charge of the same, and to enforce the provisions of this Act, and any officer seizing or detaining any ship under this Act may use force, if necessary, for the purpose of enforcing seizure or detention, and if any person is killed or maimed by reason of his resisting such officer in the execution of his duties, or any person acting under orders, such officer so seizing or detaining the ship, or other person, shall be freely and fully indemnified, as well
against the Queen's Majesty, her heirs and successors, as against all persons so killed, maimed, or hurt.

23. If the Secretary of State or the chief executive authority is satisfied that there is a reasonable and probable cause for believing that a ship within Her Majesty's dominions has been or is being built, commissioned, or equipped contrary to this Act, and is about to be taken beyond the limits of such dominions, or that a ship is about to be despatched contrary to this Act, such Secretary of State or chief executive authority shall have power to issue a warrant stating that there is reasonable and probable cause for believing as aforesaid, and upon such warrant the local authority shall have power to seize and search such ship, and to detain the same until it has been either condemned or released by process of law, or in manner hereinafter mentioned.

The owner of the ship so detained, or his agent, may apply to the Court of Admiralty for its release, and the Court shall so soon as possible put the matter of such seizure and detention in course of trial between the applicant and the Crown.

If the applicant establish to the satisfaction of the court that the ship was not and is not being built, commissioned, or equipped, or intended to be despatched contrary to this Act, the ship shall be released and restored.

If the applicant fail to establish to the satisfaction of the court that the ship was not, and is not being built, commissioned, or equipped, or intended to be despatched contrary to this Act, then the ship shall be detained till released by order of the Secretary of State or chief executive authority.

The court may in cases where no proceedings are pending for its condemnation release any ship detained under this section on the owner giving security to the satisfaction of the court that the ship shall not be employed contrary to this Act, notwithstanding that the applicant may have failed to establish to the satisfaction of the court that the ship was not and is not being built, commissioned, or intended to be despatched, contrary to this Act. The Secretary of State or the chief executive authority may likewise release any ship detained under this section on the owner giving security to the satisfaction of such Secretary of State or chief executive authority that the ship shall not be employed contrary to this Act, or may release the ship without such security if the Secretary of State or chief executive authority think fit so to release the same.

If the court be of opinion that there was not reasonable and probable cause for the detention, and if no such cause appear in the course of the proceedings, the court shall have power to
declare that the owner is to be indemnified by the payment of costs and damages in respect of the detention, the amount thereof to be assessed by the court, and any amount so assessed shall be payable by the Commissioners of the Treasury out of any moneys legally applicable for that purpose. The Court of Admiralty shall also have power to make a like order for the indemnity of the owner, on the application of such owner to the court, in a summary way, in cases where the ship is released by the order of the Secretary of State or the chief executive authority, before any application is made by the owner or his agent to the court for such release.

Nothing in this section contained shall affect any proceedings instituted or to be instituted for the condemnation of any ship detained under this section where such ship is liable to forfeiture, subject to this provision, that if such ship is restored in pursuance of this section all proceedings for such condemnation shall be stayed; and where the court declares that the owner is to be indemnified by the payment of costs and damages for the detainer, all costs, charges, and expenses incurred by such owner in or about any proceedings for the condemnation of such ship shall be added to the costs and damages payable to him in respect of the detention of the ship.

Nothing in this section contained shall apply to any foreign non-commissioned ship despatched from any part of Her Majesty's dominions after having come within them under stress of weather or in the course of a peaceful voyage, and upon which ship no fitting out or equipping of a warlike character has taken place in this country.

24. Where it is represented to any local authority, as defined by this Act, and such local authority believes the representation, that there is a reasonable and probable cause for believing that a ship within Her Majesty's dominions has been or is being built, commissioned, or equipped contrary to this Act, and is about to be taken beyond the limits of such dominions, or that a ship is about to be despatched contrary to this Act, it shall be the duty of such local authority to detain such ship, and forthwith to communicate the fact of such detention to the Secretary of State or chief executive authority.

Upon the receipt of such communication the Secretary of State or chief executive authority may order the ship to be released if he thinks there is no cause for detaining her, but if satisfied that there is reasonable and probable cause for believing that such ship was built, commissioned, or equipped, or intended to be despatched in contravention of this Act, he shall issue his warrant stating that there is reasonable and probable cause for
Act 26, 1906. believing as aforesaid, and upon such warrant being issued further proceedings shall be had as in cases where the seizure or detention has taken place on a warrant issued by the Secretary of State without any communication from the local authority.

Where the Secretary of State or chief executive authority orders the ship to be released on the receipt of a communication from the local authority without issuing his warrant, the owner of the ship shall be indemnified by the payment of costs and damages in respect of the detention upon application to the Court of Admiralty in a summary way in like manner as he is entitled to be indemnified where the Secretary of State having issued his warrant under this Act releases the ship before any application is made by the owner or his agent to the Court for such release.

25. The Secretary of State or the chief executive authority may, by warrant, empower any persons to enter any dockyard or other place within Her Majesty's dominions, and enquire as to the destination of any ship which may appear to him to be intended to be employed in the naval or military service of any foreign State at war with a friendly State, and to search such ship.

26. Any powers or jurisdiction by this Act given to the Secretary of State may be exercised by him throughout the dominions of Her Majesty, and such powers and jurisdiction may also be exercised by any of the following officers, in this Act referred to as the chief executive authority, within their respective jurisdictions: that is to say,—

(1) In Ireland by the Lord Lieutenant or other the chief governor or governors of Ireland for the time being, or the chief Secretary to the Lord Lieutenant:

(2) In Jersey by the Lieutenant-Governor:

(3) In Guernsey, Alderney, and Sark and the dependent islands, by the Lieutenant-Governor:

(4) In the Isle of Man by the Lieutenant-Governor:

(5) In any British possession by the Governor.

A copy of any warrant issued by a Secretary of State or by any officer authorised in pursuance of this Act to issue such warrant in Ireland, the Channel Islands, or the Isle of Man, shall be laid before Parliament.

27. An appeal may be had from any decision of a Court of Admiralty under this Act to the same tribunal and in the same manner to and in which an appeal may be had in cases within the ordinary jurisdiction of the court as a Court of Admiralty.

28. Subject to the provisions of this Act providing for the award of damages in certain cases in respect of the seizure or detention of a ship by the Court of Admiralty, no damages shall
be payable, and no officer or local authority shall be responsible, either civilly or criminally, in respect of the seizure or detention of any ship in pursuance of this Act.

29. The Secretary of State shall not, nor shall the chief executive authority be responsible in any action or other legal proceedings whatsoever for any warrant issued by him in pursuance of this Act, or be examinable as a witness, except at his own request, in any court of justice in respect of the circumstances which led to the issue of the warrant.

GAMBLING.

Act No. 3, 1902.

“To amend the Law against Gambling.”

[2nd May, 1902.]

BE IT ENACTED by the King's Most Excellent Majesty, by and with the advice and consent of the Legislative Council and Legislative Assembly of Natal, as follows:—

1. The provisions of Law No. 25, 1878, in regard to lotteries, shall extend and apply to all lotteries for money or money prizes, or for securities for money, or for land or any other thing whatsoever, whether such lotteries be known as sweeps or under any other name (a).

2. Every person who shall—
   (a) Establish a lottery, or do any act in preparation for a lottery;
   (b) Conduct or assist in conducting a lottery, or take any part in it;
   (c) Sell, deliver, or offer any ticket or share or the like in a lottery, or take any part in the disposal thereof;

(a) See Law, No. 25, 1878, under tit. "GAMBLING," Vol. 1. Compare also the decisions as to what is a lottery under 42 Geo. 3, c. 119. The following are some of the decisions referred to: Reg. v. Crawshaw, Bell, C.C. 308; 30 L.J., M.C. 58 (“Great Eastern Money Club”); Morris v. Blackburn, 2 H. & C. 919 (Distribution of presents amongst audience at entertainment); Taylor v. Smetton, 11 Q.B.D., 207 (sale of pound packages of tea with prize coupon); and Barclay v. Pearson, [1893] 2 Ch. 154 (“missing word” competition); in all of which the transaction implicated was held to be a lottery. In Barclay v. Pearson, the defendant published in his weekly newspaper a paragraph omitting the last word, inviting the public to send him 1s. a piece and compete by filling it in on the terms that all the shillings received should be divided equally amongst those who filled it in with the word selected already by himself and sealed up by a chartered accountant employed by him. This competition having gone on some fifty weeks, the shillings received in one week amounted to more than £20,000 (twenty thousand pounds). The defendant declining to distribute this sum, on the ground that a competition considered to be similar had been decided by Sir John Bridge at a Metropolitan police court to be illegal, was sued, together with the unsuccessful competitors, by the plaintiff as a successful competitor, who sought for the appointment of a receiver, or for an order for payment into court. Stirling, J., held that the competition was a lottery within sec. 2 of 42 Geo. 3, c. 119, and that the transaction being illegal, the court would not assist in the administration of the fund, which had been brought into court and was paid out to the defendant “to defend himself by means of it against any legal claim and to dispose of the surplus as he might deem himself in honour bound to apply it.” But compare Caminada v. Hulston, 60 L.J., M.C. 116; 64 L.T. 572; 39 W.R. 540.

Act 3, 1902.
GAME.

GAME.

Act No. 8, 1906.

"To consolidate and amend the Laws relating to game."

[29th June, 1906.]

BE IT ENACTED by the King's Most Excellent Majesty, by and with the advice and consent of the Legislative Council and Legislative Assembly of Natal, as follows:—

1. The enactments mentioned in Schedule A of this Act are hereby repealed, without prejudice to any licences or permits granted thereunder, or to any liability incurred, or the prosecution of any offence committed before the commencement of this Act.

2. In this Act—

"Game" means any of the animals or birds mentioned in Schedules B and C of this Act.

"Owner" includes a corporation, local board, trustee, and any person having charge of lands under statutory authority, or private trust or the like.

"Occupier" includes any person having shooting rights over any land under a written agreement.

"Native Trust Lands" means lands belonging to the Natal Native Trust or held in any public trust for Natives.

"The Minister" means the Minister whose department is charged with the administration of this Act.

The expression "kill or catch," or any like expression, includes intentionally disturbing, chasing, capturing, shooting, or shooting at, injuring or destroying, in whatever manner or by whatever means, and also includes any attempt to do any of such things; and also includes aiding or being knowingly a party to any of such acts.

3. The close season under this Act begins on the sixteenth day of August, and continues to the thirtieth day of April, inclusively, in each year.

The Governor in Council may, however, by proclamation, vary the close season for any species of game mentioned in the proclamation.

4. No person shall at any time kill or catch any game by means of nets, springes, gins, traps, snares, pitfalls, or sticks, or have in his possession for the purposes of killing or catching any game, or set any such thing as aforesaid for such purposes.

This section shall not, however, apply to the destruction of the birds included under Schedule B by Natives by means of

sticks within a native location at any time out of the close season.

No person shall at any time kill or shoot at with a shot gun, that is to say a gun discharging more than a single bullet at a time, any kind of antelope or deer except reebok, boschbok, bluebok, klipspringer, duiker, grysbok, inhlangane, and imbabala.

5. No person shall during the close season kill or catch any of the game mentioned in Schedule B of this Act.

6. No person shall at any time kill or catch any of the game mentioned in Schedule C of this Act except under the authority of a permit signed by the Minister, who shall, subject to the special provisions of this Act, have full discretion to grant or refuse such permit.

Application for a permit shall be made to the Minister in writing.

Every license to kill game in a reserve, or to kill any of the game mentioned in Schedule D., shall bear stamps up to a value calculated according to the rates respectively shown in Section 8 and Schedule D so far as they may apply, and sufficient to cover all game for which the permit is granted, but in no case shall the stamps be of a less value than Five Pounds (£5). No refund will be made in the event of the holder of the permit being unsuccessful in killing or catching any of the game mentioned.

No such permit shall be granted for or be available at any time except from the first day of May to the fifteenth day of August inclusively.

No such permit shall include roan antelope, buffalo cow, or koodoo cow, more than one black rhinoceros, one hippopotamus, one buffalo bull, two waterbuck, one koodoo bull, two inyala, and two impala.

The permit shall be personal and not transferable, and shall specify the description and number of each class of game to be killed or caught, the time during which it will be available and the place in which it is to be used. Not more than one permit shall be issued to any person during any one year.

The permit must be produced to the Magistrate of the division in which it is to be used for endorsement by him, and it shall not be available for use until so endorsed.

Every person hunting under the authority of a permit shall be required to produce it whenever so required by a constable or other person having authority for the purpose of inspecting licenses,
Act 8, 1906.

Prohibition regarding game in schedule E.

7. No person shall at any time kill or catch any of the game mentioned in Schedule E, nor shall any such game be included in a permit.

The Governor in Council may, by proclamation, add to the list in Schedule E any game to which it may in his opinion be necessary to give special protection, and this Act shall apply to game so added as if it were included in Schedule E of this Act.

8. Reserves, within which it will not be allowed to kill or catch game at any time without a special permit granted by the Minister, for the varieties of game specified therein may from time to time be established by the Governor in Council by notice in the Natal Government Gazette.

Such notice may from time to time be varied or revoked by a like notice.

All Reserves heretofore established in the Province of Zululand shall be deemed to be Reserves established under this Act.

Every such special permit will be granted upon the same terms, and under the same conditions, and subject to the same limitations in regard to the game which may be included in the permit, as are hereinbefore provided with regard to permits to kill and catch the game mentioned in Schedule C.

Every such permit shall bear stamps to the value of Ten Pounds (£10) irrespective of, and in addition to any special sum appointed by Schedule D.

Any person found in a Reserve in circumstances indicating that he was unlawfully in pursuit of any game, shall be guilty of a contravention of this Act, unless he shall satisfy the Court that he was not there for any such purpose.

9. Any permit under this Act shall be cancelled by the Magistrate if it is found that the person to whom it was granted has made a fraudulent or illegal use of it, or has killed or caught any game in excess of or other than that specified in the permit, or has broken any of its conditions, or if he refuses, or fails without just excuse, to produce it when so required by a person having authority for the purpose. The permit shall thereupon become void, and no refund will be made of the money paid for it.

10. It shall be lawful for any magistrate, notwithstanding the foregoing provisions of this Act, on the application of the owner or occupier of any land who shall satisfy him that hartebeest, boshbok (male and female), duiker, hares, partridges, or guinea fowl, are causing loss and damage by destroying trees, plants, or standing crops, to grant a special permit to the person applying to destroy in whatever manner he may please such hartebeest, boshbok (male and female), duiker, hares, partridges,
or guinea fowl upon such land only, during a time to be specified in the permit, but not exceeding six months in duration and renewable from time to time upon further application of the owner or occupier.

11. The Minister shall have power to grant permission to residents of the Province of Zululand, to kill game during the close season, if it is proved to his satisfaction that the game is doing damage to crops, or in times of scarcity. Such permission may exclude any specified kinds of game, and shall in no case include elephants, white rhinoceros, eland, roan antelope, buffalo cow, koodoo cow, or springbok.

12. If any person shall kill or catch any game upon Crown Lands, or Native Trust Lands, or go upon any Crown Lands or Native Trust Lands, with intent to kill or catch any game, without having first obtained from the Magistrate of the division a written permit for the purpose, or if he shall kill or catch any game otherwise than is authorised by such permit, he shall be guilty of a contravention of this Act.

The permit shall specify the game to be killed or caught, the locality in which the permit is to be used, and the time for which it is to be available.

The Magistrate may revoke a permit, and from that time it shall cease to be of any authority.

Nothing in this section shall be deemed to dispense with the necessity of obtaining a permit from the Minister, in the cases hereinbefore mentioned.

13. If any person shall, with intent to kill or catch any game, trespass (a) upon any land (b), other than Crown Land, or Native Trust Land, without the consent of the owner or occupier, he shall be guilty of a contravention of this Act.

14. Any person so going upon Crown Land or Native Trust Land, or trespassing upon private land as aforesaid, may be required, in the case of Crown Land or Native Trust Land, by the Magistrate or by a constable, or game conservator, or any other person authorised by the regulations, and in the case of private land by the owner or occupier, or his agent or servant, to

(a) Compare sec. 30 of 1 & 2 Will. 4, c. 32. Under the Imperial enactment it was held not to be necessary that the defendant should have intended to commit, or be conscious that he was committing a trespass in order to support a conviction (Morden v. Porter, 7 C. B. (N.S.) 641; 29 L.J., M.C. 213; Watkins v. Major, L.R., 10 C.P. 662; 44 L.J., M.C. 164).

(b) In Reg. v. Pratt (24 L.J., M.C. 113) where the land on both sides of a highway was the property of G. B., and the defendant went upon the highway for the purpose of killing game crossing it, it was held that this was an “entering and being upon,” the land of G. B. within sec. 30 of 1 and 2 Will. 4, c. 32.

forthwith quit such land, and also to state his name and residence; and if he shall refuse or wilfully delay to quit the land, or to give his true name and residence when required to do so, he shall be guilty of a contravention of this Act.

15. Any person who shall during the close season possess, carry, sell, or offer for sale, any game, dead or alive, mentioned in Schedules B and C of this Act, or who shall at any time possess, carry, sell, or offer for sale, any game, dead or alive, for which the Minister's permit is required, shall be guilty of a contravention of this Act, unless he shall prove that the animal or bird was either killed or caught, or bought or received during the period in which such animal or bird could be legally killed or caught, or that it has been lawfully killed or caught, in pursuance of a permit, as the case may be, or that it has been imported by sea.

Any person who shall be found in the possession of any of the game authorised in Schedule E, dead or alive, shall be guilty of a contravention of this Act, and shall be liable to the same punishments as are provided for killing or catching such game as aforesaid, unless he shall show that he became lawfully possessed thereof, and that there has been no infringement of this Act in respect of the killing or catching of such game.

16. Any game, or the carcase thereof, or any skin, hide, horn, tusk, or other part of the carcase of any game, found in the possession of any person, may be seized and forfeited to the Government without any adjudication of forfeiture being required, unless it is shown that it has been obtained without any infringement of this Act.

17. No person shall employ a Native to hunt game. A person holding a permit or otherwise lawfully engaged in hunting game may, however, employ Natives to assist him, but such Natives shall not use firearms.

18. The Governor in Council may from time to time make regulations for any of the purposes of this Act.

The contravention of any such regulations shall be punishable by a fine not exceeding Five Pounds (£5).

19. Any person guilty of a contravention of this Act for which no special punishment is appointed shall be liable to a fine not exceeding Ten Pounds (£10), and in default of payment to imprisonment, with or without hard labour, for any term not exceeding three months.

In cases where the contravention is in respect of game included in Schedule D, or killing or catching game in a Reserve without the necessary permit, the person shall, in addition to any penalty which may be imposed, be adjudged to forthwith
pay to the Magistrate the amount of any license or permit, which in terms of this Act should have been first obtained.

20. Any person who shall kill or catch any of the game mentioned in Schedule B, or who, without having the proper permit by the Minister, duly endorsed by a Magistrate, shall kill or catch any hippopotamus or black rhinoceros, shall be liable to a fine not exceeding One Hundred Pounds (£100), and in default of payment to imprisonment, with or without hard labour, for any term not exceeding six months.

21. In any prosecution under this Act it shall be lawful for the Court, upon a second or later conviction, or if the Court is of opinion that, having regard to the circumstances of the case, a fine would be an inadequate punishment, to impose such sentence of imprisonment as is appointed for the offence without giving the option of a fine.

22. All contraventions of this Act or of the regulations may be prosecuted by any person in the Court of a Magistrate.

All fines shall be paid to the Colonial Revenue, provided that the Magistrate may award a sum not exceeding one-half of such fine to an informer by whose information the conviction has been obtained.

23. The Governor in Council may from time to time, by proclamation, remove any specified game from the lists contained in Schedules B or C of this Act, as regards the Province of Zululand, and may transfer such game to the list in another Schedule, for the purposes of the said Province.

Such proclamation may from time to time be varied or revoked by a like proclamation.

The repeal of the said Act No. 1 of 1897, shall be without prejudice to anything done or suffered or any order given or liability incurred thereunder or to any penalty or punishment imposed in respect of any offence under the said Act or to any legal proceedings commenced in respect of any matter under the said Act, and any such legal proceedings may be carried on as if this Act had not been passed. Any regulations made under Act No. 1 of 1897 shall, save so far as they may be inconsistent with this Act, remain in force until revoked by regulations made under this Act.

4. This Act shall not apply to:—

(a) Any person possessed of a certificate in the form set out in Schedule A of this Act, and signed by the Minister having charge of the administration of this Act (hereinafter referred to as the Minister) or by the Agent-General of Natal, or any officer appointed by the Natal Government for the purpose of this Act whether in or out of Natal.

(e) Any person duly accredited to Natal by or under the authority of the Imperial or any other Government.

(f) Any person who shall satisfy an officer appointed under this Act that he has been formerly domiciled (a) in Natal, and that he does not come within the meaning of any of the Sub-sections (c), (d), (e), (f), (g) of Section 5 of this Act.

5. The immigration into Natal, by land or sea, of any person being or appearing to be of any of the classes defined by the following sub-sections, hereinafter called “prohibited immigrant,” is prohibited, namely:—

PART II.

6. Any police officer, or other officer appointed under this
Act may, subject to the exceptions hereinafter contained, prevent
any prohibited immigrant from entering Natal by land or sea.

7. Any prohibited immigrant making his way into, or being
found within, Natal, in disregard of the provisions of this Act,
shall be deemed to have contravened this Act. Any person
convicted under this section may, in addition to liability to
removal or otherwise, be imprisoned with or without hard
labour for any term not exceeding six months: Provided that
such imprisonment shall cease if and when arrangements are
made for the deportation of the offender from the Colony (a).

8. No person who comes within the definition of a
prohibited immigrant shall be released from the operation of this
Act, or allowed to be or remain in the Colony, merely because he
has not been notified not to land, or because he may have been
allowed to land through oversight or through want of knowledge
that he was a prohibited immigrant (b). Proof adduced
within twelve months after any person has entered the Colony
that he is of any of the classes whose entry is prohibited, shall
be sufficient evidence that such person was a prohibited immi­
grant, and such person shall be liable to be then dealt with as a
prohibited immigrant.

9. If there shall be reasonable cause to suspect that any
person has contravened this Act, and if in order to prevent justice
from being defeated, it is necessary to arrest such person
immediately, it shall be lawful for any Immigration Restriction

a warrant for that purpose, and he shall be required to bring
such person before a Magistrate as soon as may be, or should the

then such person may be handed over to the custody of the Master of the ship, who shall be obliged to receive and keep him on board.

10. Any person appearing to be a prohibited immigrant within the meaning of Section 5 of this Act, and not coming within the meaning of any of the Sub-sections (c), (d), (e), (f), (g) of the said Section 5, may be allowed to enter Natal upon the following conditions:—

(a) He shall, before landing, himself deposit with an officer appointed under this Act the sum of One Hundred Pounds Sterling.

(b) If such person shall, within one week after entering Natal, obtain from the Minister or a Magistrate a certificate that he does not come within the prohibition of this Act, the deposit of One Hundred Pounds Sterling shall be returned.

(c) If such person shall fail to obtain such certificate within one week, the deposit of One Hundred Pounds Sterling may be forfeited and he may be treated as a prohibited immigrant.

In case of any person entering Natal under this section, no liability shall attach to the vessel or to the owners of the vessel in which he may have arrived at any port of the Colony.

11. A prohibited immigrant shall not be entitled to a license to carry on any trade or calling, nor shall he be entitled to acquire land in leasehold, freehold, or otherwise, or to exercise the franchise, or to be enrolled as a burgess of any borough or on the roll of any township; and any license or franchise right which may have been acquired in contravention of this Act shall be void.

12. The Government may authorise the Principal Immigration Restriction Officer to make a contract with the Master, owners, or agent of any vessel for the conveyance of any prohibited immigrant found in Natal to a port in or near to such immigrant’s country of birth, and any such immigrant with his personal effects may be placed by a police officer on board such vessel, and shall in such case, if destitute, be supplied with a sufficient sum of money to enable him to live for one month according to his circumstances in life after disembarking from such vessel.

13. Any person who shall be instrumental in bringing into Natal any idiot or insane person without a written or printed authority, signed by the Minister, shall be deemed to have contravened this Act, and in addition to any other penalty shall be liable for the cost of the maintenance of such idiot or insane person whilst in the Colony.
14. Any officer for the purposes of this Act shall be empowered to board as often as may be necessary all ships entering inward at any port of the Colony in the performance of his duties under this Act.

15. The Master of a ship arriving at Natal shall, upon being thereto requested by the Immigration Restriction Officer at the Port, furnish to him a list, in duplicate, signed by himself, of all passengers and other persons then on board not forming a portion of the regular crew of the vessel.

16. A Master shall also, if required thereto prior to his departure from Port, produce his Articles and muster his crew, and if it be found that any person named on the Articles, and who, in the opinion of the Immigration Restriction Officer, would be a prohibited immigrant, is not then present, such person shall be deemed to have entered the Colony contrary to this Act, but the Master and Agents of the ship, provided they have made proper provision for police protection, shall not be responsible for any contravention of the provisions of this section.

17. If the Immigration Restriction Officer shall declare to the Master of a ship arriving at the Port that there are persons on board who belong to the class of prohibited immigrants, and should the Master thereupon represent that for the better security against infringement of the Act it is desirable that such prohibited immigrants should be kept in some other place during the ship's stay in Port, the Immigration Restriction Officer may, in such case, should he think fit, cause such prohibited immigrants to be removed in proper custody from the ship to, and be detained in, any place on shore, or any hulk or craft in the Bay, which may be set apart by the Government for the purpose. Such prohibited immigrants shall be returned to the ship when she is about to sail, of which due notice shall be given by the Master to the Immigration Restriction Officer. The cost of the landing or removal, detention, maintenance and control of the prohibited immigrants, so temporarily removed from the ship, and all contingent expenses, shall be borne by the Master of the ship, who shall be solely responsible for the proper rationing of the prohibited immigrants so removed, and for providing them with bedding and other necessaries requisite to maintain them in the place of detention in the degree of comfort which they would have enjoyed had they not been removed from the ship, or to which they might be entitled under any contract or agreement subsisting between such prohibited immigrants and the Master or owners of the ship. The Immigration Restriction Officer may, before assuming the custody of any prohibited immigrant,
require the Master and owners, or agents of the ship, to deposit with him, or give a sufficient guarantee of a sum sufficient to defray any expenses that may be incurred by the Government in connection therewith.

18. If any prohibited immigrant shall escape from the place of detention contemplated by the next preceding section, or from any lawful custody in going thereto or returning therefrom, he may be taken by any officer of police and brought back, and shall also be liable to punishment for contravention of Section 7 of this Act.

19. Should the master of a ship charge any member of his crew, or stowaway, or extra hand before a local Court with a crime or offence committed at some time prior to arrival, or during his vessel's stay in Port, the Magistrate may, at the request of the Immigration Restriction Officer, and on representation by the Immigration Restriction Officer that the accused is a prohibited immigrant, in awarding punishment, order that, on expiry of the sentence, or on the sooner readiness of his vessel to proceed to sea, the prisoner be taken from gaol and conducted in custody aboard his ship for conveyance away from the Colony. Any person contemplated by this section, brought before a Magistrate and discharged, shall be ordered by the Magistrate to be immediately conveyed back to his ship. An order shall not be made under this section in any case in which the Magistrate deems the crime proper for trial in a higher Court.

20. Whenever it shall be deemed necessary for the effective carrying out of this Act to regulate intercourse from the shore with any vessel at the Port having on board any prohibited immigrant, the Principal Immigration Restriction Officer may take such steps, with the approval of the Minister, as may appear proper in that behalf.

21. The Master and owner of any ship from which any prohibited immigrant may be landed or may land shall be liable jointly and severally to a penalty of One Hundred Pounds Sterling (which said sum may be reduced to any sum not less than Twenty-five Pounds Sterling) in respect of each such prohibited immigrant landed or who may land, and the vessel may be refused a clearance outward until any penalty incurred has been paid, and until provision has been made by the Master to the satisfaction of the Immigration Restriction Officer for the conveyance out of the Colony of each prohibited immigrant who may have been so landed, and the vessel may be made executable by a decree of the Supreme Court in satisfaction of any penalty imposed under this section.
The word "clearance" as used in this Act includes all the documents ordinarily issued by the Collector of Customs to a ship about to leave Port, including the document known as the Bill of Health.

PART III.

22. Any person being a prohibited immigrant within the meaning of this Act may apply to the Immigration Restriction Officer, or other officer thereto appointed, for a pass to enter Natal for a temporary visit or for the purpose of embarking at the Port for some other country. Such passes shall be known as Visiting Passes and Embarkation Passes respectively, and shall be in the forms prescribed by the Regulations made under this Act. The words "the Port" mean any port in Natal.

23. The applicant shall attend before such officer and shall answer all such questions as the officer may put in order to satisfy himself that the pass ought to be granted, and shall deposit with him the appointed sum of money, that is to say:

For a Visiting Pass the sum of Ten Pounds Sterling, together with an additional sum of Ten Pounds Sterling where the pass includes the wife and children of the applicant;

For an Embarkation Pass the sum of Ten Pounds Sterling for each adult, and Five Pounds for each child.

The word child, as used in this and the succeeding sections means a person appearing to the officer to be under the age of sixteen years.

24. Except in the case of a person accompanied by his wife and children a separate pass shall be required for each person seeking to enter Natal for the purpose of a visit or for embarking.

25. No person shall be entitled of right to obtain a Visiting Pass or an Embarkation Pass, and the officer appointed to issue such passes shall have the discretion to grant or refuse any such pass, subject, however, to any direction which may be given him by the Principal Immigration Restriction Officer or by the Minister.

26. A Visiting Pass shall be a sufficient authority for the person or persons named therein to enter the Colony of Natal and to remain there during the period stated in the pass. Such period shall not exceed twenty-one days, but any officer appointed under the Act may, for sufficient reason appearing, extend the period from time to time by an endorsement on the pass. No extension shall be made for more than fourteen days at a time.
Act 30, 1903.

and no such pass may be extended beyond six weeks from the date of the pass, except with the consent of the Minister.

27. The money deposited for a Visiting Pass shall be returned to the depositor upon the passholder quitting the Colony within the time named in the pass or any extension thereof.

28. An Embarkation Pass shall be a sufficient authority for the person or persons named therein to enter Natal and to proceed with all reasonable speed to the Port for the purpose of embarking by the first available opportunity for the destination stated in the pass.

29. An Embarkation Pass shall not be extended except by the Principal Immigration Restriction Officer for sufficient cause to him appearing.

30. The money deposited for an Embarkation Pass shall be at once transmitted to the Principal Immigration Restriction Officer at the Port, to be by him applied, on the application of the person to whom it was granted, and so far as the sum deposited shall suffice for the purpose, in obtaining a passage for the person or persons named to the specified place or destination. Any balance of the money deposited shall be returned to the depositor upon the sailing of the ship, or may, in the discretion of the officer, be expended in any other necessary or proper manner by desire of the depositor.

31. Any person being a prohibited immigrant within the meaning of the Act, who shall enter Natal in pursuance of a Visiting Pass or an Embarkation Pass, and who shall remain in Natal beyond the time allowed by such pass, or by a lawful endorsement thereof, or who may misuse the pass, or allow any fraudulent use to be made of it, shall be deemed to have contravened this Act, and shall, [upon conviction (a)] suffer forfeiture of the amount deposited by him, and render himself liable to the punishment prescribed by Section 7 of the Act.

32. The provisions of Sub-section (f) of Section 4 shall extend to any person who shall satisfy an officer appointed under this Act that he has formerly resided in Natal, that is to say who has had his ordinary place of residence in Natal for a period of not less than three consecutive years: Provided, however:

(a) That nothing in this section shall diminish the rights of any person who has had his domicile (b) in Natal as distinguished from residence as above defined.

(b) That no person shall be entitled to claim the benefits of this section merely by reason of residence in

Natal under indenture of service, or the like, entered into in pursuance of any laws for the introduction of servants or labourers or otherwise.

33. A certificate granted by the Immigration Restriction Officer, stating that the person named and described therein has been formerly resident or domiciled in the Colony within the meaning of this Act, shall be prima facie evidence of such former residence or domicile.

PART IV.

34. Any person appearing to an officer under this Act to be over the age of sixteen years shall be regarded as an adult for the purposes of this Act.

35. The Governor may appoint officers for the purpose of carrying out the provisions of this Act, one of whom shall be a principal Immigration Restriction Officer, and may define the duties of such officers, and such officers shall carry out the instructions from time to time given to them by the Minister or by the Principal Immigration Restriction Officer.

36. The Governor in Council may, from time to time, make, amend, and repeal regulations for the better carrying out of the provisions of this Act (a).

37. Any person who shall by false declaration obtain, or seek to obtain, either for himself or for another person, neither being entitled thereto, any certificate or document intended to secure the entry into the Colony of any person in violation of the provisions of this Act, and any person who may fraudulently use any such certificate, or other document, shall be guilty of a contravention of this Act.

38. The following shall be contraventions of this Act:—

\( (a) \) Assisting any prohibited immigrant to enter the Colony or knowingly being a party to the introduction of any person of the class \( (f) \) of Section 5 of this Act.

\( (b) \) Aiding or abetting a prohibited immigrant or any other person in any contravention of this Act or of the Regulations.

\( (c) \) Resisting or obstructing, actively or passively any officer in the execution of his duty.

\( (d) \) Wilfully disobeying or disregarding any obligation imposed by, or any lawful order made under, this Act or the Regulations.

\( (a) \) See Act No. 3, 1906, s.4, post.

30. Every person guilty of a contravention of this Act or of any regulation passed thereunder shall, where no penalty is expressly imposed, be liable to a fine not exceeding Fifty Pounds Sterling, or, in default of payment thereof, imprisonment with or without hard labour for a period not exceeding six months, or he may be sentenced to such imprisonment as aforesaid without the option of a fine.

40. Any penalty incurred by the Master of a ship shall be paid before the ship’s clearance is granted. Notice in writing by the Immigration Restriction Officer to the Collector of Customs of any claim against the Master, owners or agents of a ship for a penalty shall be a sufficient authority to him to refuse the ship’s clearance until such order is withdrawn or is set aside by the order or judgment of a Court. Such a notice to the Port Captain or Harbour Master shall be authority to him to refuse to take a ship or allow it to go outside the Bay to any outer harbour or anchorage. When such notice is given the Immigration Restriction Officer shall with all speed inform the Minister and take all such steps as may be necessary in order that proceedings in respect of the contravention may be instituted without loss of time.

41. The enforcement of any money penalty may be either by criminal prosecution or by civil action at the instance of the Immigration Restriction Officer. All contraventions of this Act or of the Regulations for which no special punishment is awarded, or for which no greater punishment than a penalty of One Hundred Pounds Sterling or imprisonment with or without hard labour is imposed, shall be cognizable by the Courts of Magistrates, who may in respect of any such contravention impose a penalty or punishment up to the said limits. Such imprisonment may in any criminal prosecution be awarded either absolutely or in default of the payment of a penalty. Notwithstanding the foregoing provision, the Magistrate having jurisdiction at any Port where a ship is detained under authority of this Act shall have jurisdiction in any civil suit wherein a penalty not exceeding Five Hundred Pounds Sterling is claimed from the Master or owners or agents of the ship.

[30th June, 1900.]

WHEREAS a state of war has recently existed, and is still existing, between Her Majesty's Government and the Government of the South African Republic, and between Her Majesty's Government and the Government of the Orange Free State:

AND WHEREAS, by reason of the existence of such state of war, it became necessary for the preservation of good order and for the protection of Her Majesty's subjects in this Colony for His Excellency the Governor, on the 15th day of October, 1899, to proclaim and make known that the Magisterial Divisions of Newcastle, Dundee, Umsinga, Klip River, and Upper Tugela, in this Colony, should be placed under Martial Law:

AND WHEREAS on the 23rd day of October, 1899, it became further necessary for His Excellency to proclaim and make known that the whole of this Colony, including the Province of Zululand, should be placed under Martial Law:

AND WHEREAS military operations have been necessarily carried on in this Colony during the existence of such state of war as aforesaid, and for the proper carrying out of such operations and for the maintenance of good order and government, His Excellency the Governor and the Officer for the time being commanding Her Majesty's Forces in this Colony, and the Military, Volunteer, and Civil authorities of this Colony, may be responsible in person or purse for acts done by them in good faith in pursuance of such objects as aforesaid:

AND WHEREAS it is expedient that all persons whosoever, who in good faith have acted whether before, after, or during the existence of such Martial Law, for the suppression of hostilities and the maintenance of good order and government, should be indemnified and kept harmless:

BE IT THEREFORE ENACTED by the Queen's Most Excellent Majesty, by and with the advice and consent of the Legislative Council and Legislative Assembly of Natal, as follows:—
1. All actions, indictments, and legal proceedings, civil, criminal, or mixed, against His Excellency the Honourable Sir Walter Francis Hely-Hutchinson, G.C.M.G., Governor of Natal, or the Officer for the time being commanding Her Majesty’s Forces in Natal, or against any such authorities or officers, Civil, Military, or Volunteer, or other persons acting as aforesaid, for or by reason of any matter or thing commanded, ordered, directed, or done for the suppression of hostilities or the maintenance of good order and government, or for the public safety, whether done before, during, or after the existence of Martial Law (a), but in furtherance of the objects for which it became necessary to proclaim Martial Law, shall be discharged and become and be made void; and every person by whom such act, matter, or thing shall have been advised, commanded, ordered, directed, or done for the purposes aforesaid, whether before, during, or after the existence of such Martial Law, shall be freed, acquitted, discharged, released and indemnified against all and every person and persons whomsoever in respect thereof.

2. All officers and other persons who have acted under the authority of His Excellency the Honourable Sir Walter Francis Hely-Hutchinson, G.C.M.G., as Governor of this Colony or as Supreme Chief of the Native population, or any officer acting under him, or under the authority of the General Officer Commanding Her Majesty’s Forces in Natal, or who have acted bona fide for the purposes and during the time aforesaid, are hereby indemnified in respect of all acts, matters, and things done in the suppression of hostilities and the maintenance of good order and government and the public safety; and such acts so done are hereby made and declared to be lawful and are confirmed.

3. All sentences passed by any Court Martial or by any Court or person exercising judicial functions under the authority of the General Officer Commanding Her Majesty’s Forces in Natal, or of any officer of Her Majesty’s Forces purporting to exercise authority in that behalf, since the date of the aforesaid Proclamation of 15th October, 1899, which sentences have been passed upon persons not ordinarily subject to Military Law in respect of acts, crimes, or offences committed during the existence of Martial Law as aforesaid, are hereby confirmed and approved, and in so far as the same shall not have been already carried into effect, shall be deemed to be sentences passed by duly and legally constituted Courts of this Colony, and shall be

authority or in good faith in regard to acts during the
existence of Martial Law."

[1st October, 1906.]

WHEREAS serious disturbances, accompanied by Rebellion,
have recently arisen and still continue amongst certain parts of
the Native population of this Colony:

AND WHEREAS in order to deal with, and suppress such
disturbances, and rebellion and for the preservation of order and
the protection of His Majesty's Subjects in this Colony it became
necessary to place the Colony under Martial Law, and His
Excellency the Governor on the advice of his Executive Council
did accordingly on the ninth day of February, 1906, proclaim
and make known that the Colony was placed under Martial
Law:

AND WHEREAS military operations have in consequence of
the aforesaid disturbances and rebellion been necessarily carried
on in this Colony and are still proceeding:

AND WHEREAS certain acts have been done and may still
require to be done during the continuance of Martial Law:

AND WHEREAS it was deemed proper and necessary in order
to adequately and expeditiously deal with the said disturbances and
rebellion that certain offenders against law and good order should
be tried by Courts Martial, as well as by persons administering
Martial Law, and certain offenders have been so tried and

300
sentenced in certain cases to be shot and in others to various terms of imprisonment with hard labour with or without lashes and to fines, which said sentences have in certain cases been carried out and in others are still running:

And whereas fines and other punishments have in some cases been inflicted by Military Officers in the field and subsequently approved of by Government:

And whereas for the above acts referred to and generally for all and any act during the continuance of Martial Law His Excellency the Governor, the Commandant of Militia, the Military and Civil authorities of this Colony and other persons taking part therein may be responsible in person and in purse and it is expedient that they should be indemnified and kept harmless and that all the above acts should be declared to have been and to be lawful:

Be it therefore enacted by the King's Most Excellent Majesty, by and with the advice and consent of the Legislative Council and Legislative Assembly of Natal, as follows:

1. The action of His Excellency Colonel Sir Henry Edward McCallum, G.C.M.G., Governor of Natal, in proclaiming Martial Law on the ninth day of February, 1906, in terms of Proclamation No. 19, 1906, is hereby made and declared to be a lawful act and is approved and confirmed.

All subsequent acts whatsoever of His Excellency having reference in any way directly or indirectly to the said disturbances and rebellion during the continuance of Martial Law and more especially in reference to the following matters and things, namely:

(a) The maintenance of Martial Law;
(b) The deputation or granting of authority to administer Martial Law;
(c) The holding of Courts-Martial and of Courts of Administrators of Martial Law, and the trial of persons therein;
(d) The confirmation of all sentences passed by the said Courts and Administrators of Martial Law;
(e) The infliction of fines and other punishments by Military Officers in the field;
(f) All orders made by him as Supreme Chief over the Native population;
(g) The commanding, ordering or directing of any act, matter or thing for the suppression of the said disturbances and rebellion and for the maintenance of good order and government;
are hereby made and declared to be lawful acts and are approved and confirmed.

And it is also hereby enacted that His Excellency is hereby indemnified in respect of the said action and acts above referred to, the same being hereby declared to have been done in good faith and to have been proper and necessary for the preservation of peace, for the suppression of such disturbances and rebellion and for the due punishment of offenders.

2. All acts, commands, orders, or directions whatsoever of the Ministers acting as members of the Executive Council or otherwise and of the Commandant of Militia, having reference in any way directly or indirectly to the said disturbances and rebellion before or during the continuance of Martial Law, are hereby made and declared to be lawful acts and are approved and confirmed.

And they and he are hereby also indemnified in respect of all such acts, matters, and things aforesaid the same being hereby declared to have been done in good faith and to have been proper and necessary for the preservation of peace, for the suppression of such disturbances and rebellion and for the due punishment of offenders.

3. All acts whatsoever of the Military or Civil authorities or officers having reference in any way directly or indirectly to the said disturbances and rebellion and more especially those in connection with trials of offenders, sentences and the carrying out of same, the imposition of fines, the collection thereof, and all punishments inflicted are likewise made and declared to be lawful acts done in good faith and are approved and confirmed, and such authorities and officers are hereby indemnified in respect of the same.

4. All acts whatsoever of any person whomsoever having reference in any way directly or indirectly to the said disturbances and rebellion done under authority of any of the Military or Civil authorities or officers or in good faith are also made and declared to be lawful acts and are approved and confirmed and such persons are hereby indemnified in respect of the same.

5. All actions, indictments and legal proceedings, civil, criminal or mixed, present as well as future, against His Excellency Colonel Sir Henry Edward McCullum, G.C.M.G., Governor of Natal, or the Ministers as aforesaid or the Commandant of Militia, or against any of the authorities or officers, Military or Civil, of this Colony, or other persons acting under such authority or in good faith as aforesaid, for or by reason of any act, matter or thing hereinbefore referred to, shall
be discharged and become and be made void; and every person by whom such act, matter or thing shall have been advised, commanded, ordered, directed, or done as aforesaid, shall be freed, acquitted, discharged, released and indemnified against all and every person or persons whomsoever in respect thereof: Provided however that nothing in this Act shall prevent all Military and Civil officers and persons from being held responsible for their acts to their superior officers, or being tried by Courts Martial or dealt with otherwise as the Governor may determine.

6. All sentences passed by any Courts Martial or by any court or person administering Martial Law under the authority of the Governor or of the Commandant of Militia in Natal, or by any military officer purporting to exercise authority in that behalf, since the date of the aforesaid proclamation of 9th February, 1906, including fines and other punishments inflicted by military officers in the field, are hereby confirmed and made and declared to be lawful, and in so far as the same shall not have been already carried into effect, shall be deemed to be final sentences passed by duly and legally constituted Courts of this Colony, and no appeal shall lie in respect of same, but they shall be and remain in force and shall be carried out in the same manner as the sentences of the Courts of Law in this Colony: Provided always that it shall be competent for the Governor with the advice of his Executive Council, whenever he shall think fit so to do, to remit either in whole or in part the unexpired period of such sentences. The certificate in writing of the Governor that any sentence, fine, or punishment comes within the provisions hereof shall be conclusive evidence as to the facts therein stated.

7. No action shall be competent against the Colonial Government or any officer thereof for the recovery of any loss or damage in connection with any contract for supplies or service to the Government, or any departments thereof, such loss or damage arising out of or being occasioned by the action of the Commandant of Militia or of any officers acting under him in making other contracts or purchases for the supply or service of troops in the field or in connection with any military measures.

8. His Excellency the Governor and the Treasurer of Natal, and all other persons concerned, shall be indemnified and kept harmless in respect of any payments which have been or may be made by the Treasurer from the Consolidated Revenue Fund for meeting the expenses occasioned by the aforesaid disturbances.
and rebellion, but which have not been authorised by any Act of Supply.

9. It shall be lawful for the Governor from time to time during the continuance of the aforesaid disturbances and rebellion, whether the ordinary Courts of Justice shall or shall not at such time be open, to issue his orders to all officers commanding the Militia or other forces in Natal and to all others whom he may see fit to authorise in that behalf to take the most effectual and vigorous measures for suppressing the said disturbances and rebellion as shall appear necessary for the public safety and to punish according to Martial Law either by death or otherwise as shall seem expedient all such persons as may have committed or may hereafter commit any act of treason, public violence, sedition, murder, or any act in furtherance of the said disturbances and rebellion, or as may have been, or be acting, or in any way aiding or abetting in the said disturbances and rebellion, and to detain in custody all persons engaged in such disturbances and rebellion, crimes, or acts, or suspected thereof, and to cause all such persons to be brought to trial by Courts Martial or by other persons whom the Governor or any person empowered by him may appoint for that purpose, and to execute the sentences of such Courts Martial or persons, and to do all the acts necessary for such several purposes, but no sentence of death shall be passed under Martial Law, except by a Court Martial consisting of at least five members, and no such sentence of death shall be carried out unless the Governor shall have confirmed the same: Provided that nothing in this section shall be deemed to take away or reduce the powers competent under Martial Law, except as herein specially provided.

All Military and Civil authorities or officers and persons who shall act under any such orders as aforesaid shall be responsible for all such acts only to their superior officers or to such person as the Governor may authorise for the purpose, or to Courts Martial, and the Civil Courts of Law of this Colony shall not take cognizance of any act, matter, or thing which shall be done by the Governor in pursuance of the powers granted by this section or by any person acting as aforesaid, and if any proceeding shall be had in any Civil Court by indictment or otherwise, all such proceedings shall be stayed by summary order on application to the Court supported by a certificate in writing, under the hand of the Governor, as provided for in Section 10 of this Act: And it is hereby further enacted that in so far as may be necessary the Governor is and shall be held harmless and indemnified in respect of all such orders and acts as are hereby specially authorised and also in respect of all such other orders and acts
as may be issued or done by him under Martial Law for any of
the purposes aforesaid or in reference thereto.

10. The Governor at any time in order to prevent or remove
any doubt which might exist or may arise whether any act
complained of is one to which the provisions of this Act apply,
may by a certificate in writing under his hand declare that such
act has reference directly or indirectly to the said disturbances
and rebellion, that it was an act of the Military or Civil authori­
ties or officers, or done by some person under their authority or
in good faith, or that such act is within the provisions of Section
9 of this Act, and any such certificate shall in all cases be
conclusive evidence as to the matter therein set forth and shall
be accepted as such in all Courts of Law, and the production
thereof in any Court of Law shall be a complete defence and
answer to all and any actions, indictments and legal proceedings
civil, criminal or mixed present as well as future in reference to
any such act.

5. Sections 23 and 24 of Act No. 38, 1896, are hereby repealed, and the following section is substituted therefor:—

A club license is required where liquors are supplied to members and to honorary members and guests admitted under the club rules. Applications for new club licenses shall be made, heard, and determined in the same way as applications for bar licenses in a borough or township, or country hotel license, as the case may be. No such application shall be made until the rules of the proposed club shall have been approved by the Governor upon the recommendation, in the case of a Borough or Township, of the Mayor or Chairman of the Local Board, as the case may be.

6. Whenever in any plaint or charge for an offence under this Act, or any Act construed therewith, any person is charged as being an Indian or Native, then unless the contrary be shown, such person shall be deemed and be taken by the Court to be an Indian or Native as the case may be.

4. The proviso to Section 4 of Act No. 36, 1899, and Section 294 of the Schedule of Law No. 19, 1891, are hereby repealed.

5. Any person who shall sell, barter or supply any intoxicating liquor to a Native or Indian in contravention of any of the Acts relative to the sale or supply of intoxicating liquor, shall upon conviction before a magistrate be subject to the following punishments:

(a) For a first offence, a fine of not less than Ten Pounds (£10) and not exceeding Fifty Pounds (£50), or in
default of payment, imprisonment with or without hard labour for a term of not less than three months and not exceeding six months.

If he be the holder of any license for the sale of wines, spirits or other intoxicating liquor, then in addition to such sentence as aforesaid the magistrate shall adjudge such license to be suspended for a period of not less than one month and not exceeding three months. If such term of suspension exceeds the then unexpired term of the license, he shall be debarred from obtaining any new or renewed license until the expiration of the term of such suspension.

(b) For a second offence, a fine of not less than Fifty Pounds (£50) and not exceeding One Hundred Pounds (£100), and in default of payment, imprisonment with or without hard labour for a term of not less than six months and not exceeding one year.

(c) In the case of a third or subsequent offence a fixed fine of One Hundred Pounds, and in default of payment, imprisonment with or without hard labour for the fixed term of two years.

(d) In the case of a second or subsequent conviction the magistrate may in his discretion, if it appears to him that a fine would not be an adequate punishment, impose such imprisonment as is provided for in sub-sections (b) and (c) without the option of a fine.

(e) In the case of a second or subsequent conviction of a person who is a holder of a license for the sale of wines, spirits or other intoxicating liquor, the magistrate shall adjudge such license to be cancelled, and such order shall for a period of one year bar any application by the person so convicted for any license under the Acts relating to the sale or supply of intoxicating liquors.

Provided that in all cases, if notice be forthwith given of appeal against the decision of the Magistrate to the Supreme Court accompanied by a deposit in the court of Twenty Pounds (£20) as an earnest of good faith, the judgment of suspension or cancellation of a license shall be in abeyance for a period of six weeks or such further period as the Supreme Court may order.

Provided also that the holder of a license shall not be liable to imprisonment with or without hard labour otherwise than as an alternative to a fine, unless he has personally committed the offence.

**Act No. 46, 1901.**

To repeal, and re-enact with amendments, the “Labour Tout Regulation Act, 1896.”

[9th September, 1901.]

Be it enacted by the King’s Most Excellent Majesty, by and with the advice and consent of the Legislative Council and Legislative Assembly of Natal, as follows:—

1. This Act may be cited as the “Touts Act, 1901.”

2. Act No. 36, 1896, entitled the “Labour Tout Regulation Act, 1896,” is hereby repealed, but such repeal shall be without prejudice to anything done, or any right acquired or liability incurred thereunder, save as is otherwise provided in the next succeeding section.

3. Every license issued under the said repealed Act which may be current at the date of the taking effect of this Act shall be deemed to be a license issued under this Act, and the holder of such license shall be required to conform to the terms of this Act.
4. For the purposes of this Act the expression "tout" shall mean any person who shall, by himself or by any persons employed by him, and whether in his own name or otherwise, procure, or attempt to procure, seek for, or engage Natives in this Colony for service to be rendered to another person, or shall supply, or contract to supply, Natives to be employed in work of any kind.

Services shall be deemed to be rendered to another person if the Natives are employed in or about the business of another person, whether or not any agreement may have been made under which the Natives are paid by the person who procured them, or are regarded as being his servants, and notwithstanding any other agreement which may be made with a view to avoiding the effect of this section.

5. Any person employed to procure, seek for, or engage Natives shall also be deemed to be a tout. Nevertheless, if any person charged with touting without a license shall satisfy the Court that he was merely incidentally employed to engage servants for domestic, farm, or other personal service for his employer, and shall also satisfy the Court that he was not in any way making a business of procuring Natives, or acting for or in the business of a tout, he shall be acquitted.

6. No person shall be allowed to tout for or engage Natives for any services to be performed outside this Colony (a).

This section shall not apply to persons taking out of the Colony Natives in actual service at the time, the onus of proof whereof shall be with the master.

7. Every tout shall take out an annual license from the Magistrate of the Division in which he intends to procure, engage, or seek for labourers and servants, and such license shall not have any effect or validity outside the Magisterial Division in which it is granted.

8. Such licenses shall be issued only to persons approved by the Magistrate, who may refuse to issue any license.

9. Any person who is refused a license may appeal to the Secretary for Native Affairs, who may direct the Magistrate to

(a) In Rex v. Lloyd (25 N.L.R., 59) a defendant pleaded guilty to a contravention of this sec. The magistrate recorded a judgment of guilty, but discharged defendant on the ground that the Act does not provide any penalty for a breach of the sec., and he did not think that the general jurisdiction conferred upon him by the Magistrates' Court Act, 1896, could be resorted to. On appeal this view was held to be wrong and the case was remitted to the Magistrate.
issue a license or uphold (a) the refusal to grant the license, without being required to give any reasons for his decision (b).

10. The charge for every such license shall be Five Pounds Sterling for each year, or portion of a year, ending on the 31st day of December.

11. No such license shall be transferable.

12. Every contract made with Natives by a tout, or by any person following the calling of a labour agent or the like, for services to be rendered to another person, shall cease and determine as between the Native and the tout or labour agent as soon as the Native shall enter into the service for which he was engaged, and no such agreement shall be capable of being directly or indirectly renewed as between the tout and any such Native whilst such Native is in the employment of any other person.

13. Every employer, to whom any Natives are supplied by a tout, shall, before the Natives enter into his service, take them before the Magistrate or a Justice of the Peace of the Division (appointed for that purpose) in which the service is to be rendered; and such Magistrate or Justice of the Peace shall register the contract of each Native with the requisite particulars in a book to be kept by him in the form of the Schedule of this Act, and shall hand the certificate of registration to the employer.

Registration books shall be supplied by the Government to Magistrates and Justices of the Peace.

Any employer failing to comply with this section shall be liable to a fine not exceeding Five Pounds Sterling for each Native whose contract is not registered as prescribed.

14. The wages of every Native procured by a tout or other agent shall be paid in full by the employer (c) to the Native at the rate agreed with the native and no deduction therefrom shall be made on account of any debt by the Native to the tout or agent,

(a) Whether the verb “uphold” is here used in the infinite or subjunctive mood—that is to say, whether it is governed by “to” or “may”—seems open to argument.

(b) As to whether the jurisdiction of the Supreme Court is entirely ousted by this sec., see and compare secs. 5 and 6 of Act No. 18, 1897, and notes thereto, under tit. “DEALERS (WHOLESALE AND RETAIL),” Vol. 1.

(c) Where a firm contracted with a tout for the supply to them of native labour, and paid the wages of the plaintiff (one of the labourers) to the tout, who withheld them from plaintiff, Dove-Wilson, J., held that plaintiff was entitled to recover from the firm as being his “employer” within the meaning of this sec. Held, also, that the native was entitled to a month’s wages and board in lieu of notice. (Williams & Thomson v. Magida, 3 N.L.J., 13).
LABOUR TOURS.

or any fee or other payment by the employer of the tout or agent.

15. Whoever shall procure or attempt to procure, ply, or seek for natives, or otherwise act as a tout within the meaning of this Act, without being provided with a license, shall, on conviction thereof before a Magistrate, be liable, for every such offence, to pay a fine not exceeding Twenty-five Pounds Sterling, or, in default of payment, to be imprisoned with or without hard labour, for any term not exceeding six months.

16. No tout or labour agent shall enter upon any private land, or upon any Crown land, or Native Location, without having first obtained the consent of the resident owner, or in the case of a non-resident owner, the consent of his agent, if (a) any of the private land, or, in the case of Crown Lands and Locations, the consent of the Magistrate.

Any person contravening this section shall be liable to a fine not exceeding Twenty Pounds Sterling, or imprisonment, with or without hard labour, for any term not exceeding three months.

17. Whoever shall (whether licensed as a tout or not) directly or indirectly, either by himself or by an agent, by the offer of higher wages or greater benefits, or by any other means, cause, induce, or persuade, or attempt to cause, induce, or persuade, or aid or assist in causing, inducing, or persuading, any servant, by words or by any other means, to leave his service, or to violate any agreement of service, whether in writing or not in writing, whether such service is actually being performed, or has to be performed at any future time, shall, on conviction thereof before any Magistrate, be liable to pay a fine not exceeding Twenty-five Pounds Sterling, or, in default of payment, to be imprisoned, with or without hard labour, for any term not exceeding six months, and, if holding a license under this Act, he shall also be liable to forfeiture of such license (b).

In the case of a contravention of this section by any person acting in the employ of a tout (whether licensed or unlicensed), such tout shall also be deemed guilty of such contravention, and all persons so liable may be prosecuted either together or separately.

It shall not be a defence to any charge under this section that the accused person did not know that the servant or apprentice was in employment, or agreement of service.

(a) This is possibly a misprint for "of." Cf. sec. 14 of Act No. 8, 1906, tit. "GAME." On the other hand, the section could be better understood if a comma followed the word "any." (b) Cf. Ord. 2, 1850, c.v. Sec. 2, tit. "MASTER & SERVANT," Vol. 2.
18. Every person who shall conceal, employ, or retain, or counsel, aid, or abet in concealing employing, or retaining, any servant or apprentice who shall have deserted from the service of any master, or otherwise absconded or absented himself from such service shall, on conviction thereof before any Magistrate, be liable to pay a fine not exceeding Twenty-five Pounds Sterling, or in default of payment to be imprisoned, with or without hard labour, for any term not exceeding six months, and if licensed under this Act, to forfeiture of such license (a).

19. If any licensed tout shall, on demand at any time by any Magistrate, Justice of the Peace, constable, or officer of the law, refuse to produce or to show his license, he shall, on conviction thereof before a Magistrate, be liable to pay a fine not exceeding Five Pounds Sterling, or in default thereof to be imprisoned for any term not exceeding three months.

20. This Act shall not exempt any person from any action, suit, or other proceeding which might, but for the provisions of this Act, be brought against him.

21. Nothing in this Act shall apply to any person who, as regards any of the matters referred to in this Act, is engaged solely by and in the immediate service of His Majesty's Imperial or Colonial Government.

"To increase the Borrowing Powers of the Town Council of the Borough of Ladysmith."

[7th September, 1903.]

WHEREAS the Town Council of the Borough of Ladysmith has resolved to provide a system for lighting the said Borough by Electricity, for which a sum of not more than Thirteen Thousand Pounds Sterling (£13,000) is required:

AND WHEREAS, under the Municipal Corporation Lighting Law, 1891, the said Town Council has power to make, do, execute and perform all the works or any of them by the said Law authorised:

AND WHEREAS it is expedient to increase the Borrowing Powers of the Borough of Ladysmith to enable the Town Council thereof to carry out the proposed system for lighting the said Borough by Electricity:

AND WHEREAS, under the provisions of Section 76 of Law No. 19, of 1872 (The Municipal Corporations Law, 1872), the said Town Council has obtained the consent of the Governor, in writing, to the raising by Debentures of a sum of Ten Thousand Pounds Sterling (£10,000), on the security of the rates or revenues belonging to the Corporation, for the purpose of carrying out a system of Electric Lighting in the Borough as aforesaid:

AND WHEREAS the said Loan authorised by the said consent of the Governor has been negotiated:

AND WHEREAS it is expedient that the said Loan should be confirmed by a Law duly promulgated, and that the terms and conditions thereof should be embodied therein:

NOW, THEREFORE, BE IT ENACTED by the King's Most Excellent Majesty, by and with the advice and consent of the Legislative Council and Legislative Assembly of Natal, as follows:

1. The Town Council of the Borough of Ladysmith is authorised to borrow up to, but not exceeding, the sum of Thirteen Thousand Pounds Sterling (£13,000), to be used for the purpose of lighting the said Borough with Electricity as authorised by the hereinbefore recited Municipal Corporations Lighting Law, 1891.
2. The moneys borrowed under the provisions of this Act shall be applied to the object mentioned in the last preceding section, and no other object.

3. The sums authorised to be borrowed under this Act, and the interest payable thereon, shall be a charge upon the rates and rents and revenues of the Borough.

4. In case the interest payable on any moneys borrowed under this Act shall be in arrear and unpaid for thirty days after the time appointed for the payment thereof, and after demand made, it shall be lawful for the Supreme Court of the Colony of Natal, as often as such default shall occur, at the instance of any person whose interest shall be in arrear, to cause a special rate to be levied upon the real or immovable property situate within the Borough, which is now or may hereafter be liable to be rated for municipal purposes under Law No. 19 of 1872, to the intent that all arrear interest may be paid out of the proceeds of such special rate.

5. The moneys borrowed under this Act shall be repayable within ten years from the date of borrowing.

6. In case any moneys borrowed under this Act shall not be repaid upon demand at or after the date fixed for the payment thereof, it shall be lawful for the Supreme Court, as often as such default shall occur, and at the instance of any person whose claim shall be unsatisfied, to cause a sale or sales to be made of so much of the Town Lands of the Borough as may be necessary for the purpose of raising and paying the moneys due and payable in terms of this Act, and in case the moneys received by such Land Sales shall be insufficient to pay and satisfy all moneys due and payable, then the deficiency shall be made good by a special rate, or special rates, to be levied in the manner hereinbefore provided with respect to the payment of arrear interest.

7. The moneys hereby authorised to be borrowed shall be raised upon Stock to be called "The Ladysmith Corporation Stock," hereinafter referred to by the word "Stock."

8. Such Stock shall be issued by crediting the purchaser thereof for such sum thereof as he shall purchase, in a set of books to be kept for that purpose by the Town Clerk of the Ladysmith Corporation in the Borough of Ladysmith.

9. Such Stock shall bear interest at a rate not exceeding six per centum per annum, payable out of the rents, rates, and general revenue of the Borough, or out of the proceeds of the sales of land, on the Thirty-first day of June and the Thirty-first day of December, or as soon thereafter as demand shall be made therefor by the lawful holder of such Stock, to said lawful holder.
or his duly authorised agent, and such payment shall be made by the said Town Clerk.

10. Such Stock shall be transferable by transfer in the books in which the same shall be entered, and every person to whom every such credit as aforesaid shall have been given in the said books in the first instance, or to whom any such transfer shall thereafter have been made in said books, shall be entitled to require and demand of the said Town Clerk, and the said Town Clerk shall in each case issue, a receipt or certificate stating the amount of such Stock outstanding to the credit of the said person in the said books.

11. Such Stock shall be disposed of for the best terms which can be obtained (not below a reserved price to be from time to time fixed by resolution of the Town Council).

12. The Mayor and Councillors may by resolution from time to time give to the Town Clerk such instructions as to them may seem fit, providing for all or any of the following things:—

(a) For registering Stock in the books to be kept for that purpose by the said Town Clerk;

(b) For managing the creation, registration, issue, and transfer of Stock;

(c) For paying interest on Stock;

(d) For issuing Stock certificates.

13. For the purpose of the construction of the works by this Act authorised, the Lands Clauses Consolidation Law, 1872 (Law No. 16 of 1872), and all the clauses and provisions thereof (save in so far as they shall be expressly varied or excepted by this Act), shall be incorporated with this Act.

14. The said Town Council may purchase or take such lands as may be required for the purposes of the works and undertakings authorised by this Act.

15. Nothing in this Act, and nothing done under its provisions, shall take away, abridge or prejudicially affect any right or interest by way of priority or otherwise of any person in or to the rates, rents or general revenue of the said Borough.

16. The short title of this Act shall be "The Ladysmith Electric Lighting Act, 1903."

“To establish a Consolidated Loans Fund.”

[5th September, 1904.]

WHEREAS it is expedient to systematise the Public Expenditure out of Loans and to make provision out of the Revenues of the Colony towards the redemption of the public debt:

BE IT THEREFORE ENACTED by the King’s Most Excellent Majesty, by and with the advice and consent of the Legislative Council and Legislative Assembly of Natal, as follows:—

1. This Act may be cited as the “Consolidated Loans Fund Act, 1904.”

2. The expression “public debt of the Colony” or “public debt” as used in this Act, means all moneys which have already been, or which may hereafter be borrowed by the Colonial Government on the security of debentures or stock charged upon the public revenue of the Colony in terms of any Law or Act.

3. A Fund shall be established called the Consolidated Loans Fund, hereafter in this Act referred to as “the Fund,” to which shall be credited and charged all receipts and payments in respect of the Public Debt of the Colony.

4. Separate accounts of the Capital and Income of the Fund shall be kept by the Treasurer in the name of a Board of five Commissioners, to be called the Public Debt Commissioners (hereinafter called the Commissioners), who shall be charged...
with the control and administration of the Fund, subject to this Act and the regulations made thereunder.

To the Income Account of the Fund shall be credited such portion of each instalment of the various annuities created and hereafter to be created under this Act as may from time to time be necessary to provide for the interest charges due thereto upon the capital liability, for repayment of which the annuity was set up, in so far as such liability shall not already have been repaid by the operation of the annuity, and upon the Income Account shall be charged all payments for interest upon the public debt of the Colony, and likewise any Restitution Annuities created under Section 10 of this Act.

To the Capital Account of the Fund shall be credited the balance of the instalments of all annuities after providing the sums required to be paid to the Income Account, as well as such other sums as are directed to be paid to the Capital Account of the Fund in this Act, and upon the Capital Account shall be charged all sums issued for expenditure chargeable against loans or for repayment of the public debt or other purposes as hereinafter provided.

The accounts of the Fund shall be audited by the Auditor-General and presented to Parliament.

5. The Commissioners shall be the Treasurer of the Colony (who shall be ex officio Chairman of the Board), the President of the Legislative Council, the Speaker of the Legislative Assembly, and the Auditor-General, for the time being, together with one other official member to be nominated by the Governor-in-Council.

6. (1) A terminable annuity equal to four per centum of the public debt incurred in respect of capital expenditure on Railways up to the 30th June, 1904, shall be paid to the Income Account of the Fund from the general revenue of the Colony for the service of such debt year by year for a period of sixty years beginning with the year ending 30th June, 1906, and ending with the year ending 30th June, 1965, but after the payment therefrom of the actual interest payable in respect of the then existing Railway debt, the remainder thereof shall be transferred to the Capital Account of the Fund.

(2) The sum of £116,109 paid by the Government of the Transvaal Colony as the difference between the purchase price of the Railway from Van Reenen's to Harrismith due to this Colony and that of the Railway from Buffalo River to Vryheid due to the

For the service of the remainder of the existing public debt, not provided for under the preceding section there shall be paid to the Income Account of the Fund, year by year, an annuity consisting of a payment (1) from the general revenue of a sum equal to three and a half per centum upon the amount of such remainder, and likewise (2) to the Capital Account of the Fund the several classes of money mentioned in the schedules of this Act until the aggregate amount, which shall have been carried to the Capital Account in respect thereof, after providing for repayments (if any) under Sections 14 and 15 of this Act, reaches the amount of the total liability on account of such debt at the passing of this Act. The payment from general revenue shall thereupon terminate, but the several classes of money mentioned in the Schedules shall continue, notwithstanding, to be paid to the Capital Account of the Fund until Parliament shall otherwise determine.

8. There shall likewise be paid to the Capital Account of the Fund the sums provided under previous Acts, on account of Sinking fund upon existing loans, which shall continue to be applied as provided by those Acts. Provided that the receipts under this Sub-section shall be distinguished in such account from the receipts under Sections 6, 7, and 8 of this Act.

(2) All moneys necessary for expenditure chargeable against loans shall, after the 30th June, 1904, be provided out of the capital account of the Fund.

(3) Issues from the Fund under Sub-section 2 of this section shall be treated as advances, and be made subject to repayment thereto with interest by means of terminable annuities for such periods not exceeding 60 years as the Treasurer may, with the consent of the Commissioners, determine, regard being had to the durability of the works for which the expenditure is required.

(4) The rate of interest for such advances shall be fixed from time to time by the Treasurer with the con-
sent of the Commissioners, having regard to the
terms on which new loans can be raised, so that the
advances may be made without loss to the Fund.

(5) All annuities created under this section shall be
charged on the general revenue of the Colony.

10. Whenever hereafter, upon the creation of new public
debt, the amount realised on account of any loan, after deducting
expenses of issue, is less than the amount of the capital liability
contracted in respect thereof, there shall be charged upon the
Income Account and paid to the Capital Account of the said
Fund a terminable annuity to be called a Restitution Annuity,
calculated to make the amount of such deficiency before the
date upon which the loan shall become redeemable.

11. Any deficiency appearing upon the Income Account
shall be charged upon the General Revenue of the Colony.

12. The Commissioners may from time to time devote any
sum standing to the credit of the capital account of the Fund
and not required for advances under Section 9 of this Act, to the
redemption or purchase of debentures or stock issued for the
loans forming the public debt.

All debentures or stock so purchased or redeemed, together
with the interest coupons of such debentures, shall be immedi­
ately cancelled and destroyed.

13. Until such debentures or stock can be purchased on
sufficiently favourable terms it shall be lawful for the Com­
mmissioners from time to time to invest, temporarily, and on the
best terms procurable, any moneys available for redemption of
debt under the preceding section.

14. The Government may by notice in the Natal Govern­
ment Gazette fix periods of time, after the lapse of which the
several classes of money mentioned in the second Schedule of
this Act shall be payable to the Capital Account of the Fund, and
immediately upon the expiration of the appointed times all such
money shall be paid to the Capital Account of the Fund, without
prejudice to any claims which but for this Act might be com­
tent to any persons in respect thereof.

In fixing such periods regard shall in all cases be had to any
law specially affecting any of such moneys.

In so far as this section refers to moneys in the hands of the
Master of the Supreme Court, or the proceeds of investments
thereof, it shall be immaterial whether such moneys shall come
into the custody of the said Master before or after the passing
of this Act.
15. (1) If any claim in respect of any moneys referred to in the two preceding sections shall be established at law the judgment shall be forthwith satisfied out of the Fund.

(2) If any person shall prove to the satisfaction of the Governor in Council that he is entitled to any of such money, the Governor in Council may direct the issue of a warrant for the payment thereof out of the Fund.

16. The Governor in Council may from time to time make regulations for all matters necessary for giving effect to this Act.

Where the execution of military manœuvres is authorised as hereinbefore provided, such persons as are under the authority of His Majesty, or of the Colonial Government, engaged in the manœuvres (in this Act referred to as the authorised forces) may, under the direction of the Governor within the specified limits and during the specified period:

(a) Pass over and encamp, construct military works not of a permanent character, and execute military manœuvres, on any land, whether under cultivation or not;

(b) Supply themselves with water from any sources of water, and for that purpose, dam up any running water: Provided always that such taking or damming up of water shall not interfere with the carrying on of any trade or industry, or with the reasonable requirements of any persons entitled to the use of such water: Provided further that before taking or damming water, or exercising any of the rights hereby conferred, reasonable notice shall, whenever practicable, be given to the person or persons likely to be affected.

4. Nothing in this Act shall authorise entry on or interference with any dwelling house, place of worship, school, factory, workshop, store or premises used for the carrying on of
any trade, business, or manufacture, farmyard, garden, orchard, pleasure ground or nursery ground, burial ground, ground attached to any place of worship or school, or tent or other enclosure attached to any dwelling-house.

5. It shall be the duty of the Officer in Command of the authorised forces to prevent interference with any picturesque or valuable timber or other natural features of exceptional interest or beauty, and he shall be empowered to prevent trespass or damage to property by persons not belonging to the forces.

He shall also cause all lands used under the powers conferred by this Act to be restored as soon and as far as practicable to their previous condition.

6. Subject to the provisions of this Act with respect to
(a) the closing of roads and footpaths;
(b) obstruction of or interference with military manoeuvres;
and
(c) entering or remaining in camp;
nothing in this Act shall prejudicially affect any public right or any right of common.

7. Any Magistrate may, if he shall think fit, on the application of a commissioned officer in command of the authorised forces or part thereof, make an order suspending, for not longer than forty-eight hours, any right of way over any by-roads or footpaths within the specified limits in his division: Provided, however, that no such order shall be made in respect of a main road until notice of the intended application shall have been published for seven days in at least one newspaper circulating in the district.

An order in respect of a main road shall not cover any longer time than twelve hours, and shall be subject to such terms and conditions as may be required by the Magistrate for the protection of individuals or of the public or of public bodies.

The Officer in Command of the authorised forces shall publish such notice of the order as the Magistrate may require for at least twelve hours before the order comes into force, and shall give all reasonable facilities for traffic whilst the order is in force.

8. Where the execution of military manoeuvres has been authorised as in this Act provided, full compensation shall be made in the manner hereinafter provided for any damage to person or property arising from putting in force any of the provisions of this Act and occasioned by the acts or defaults of the authorised forces, or any person or persons connected therewith,
including therein all expenses reasonably incurred in protecting
person, property, rights, and privileges.

9. (1) The Officer Commanding the authorised forces shall,
with the concurrence of the Governor, appoint a Compensation
Officer or Officers to determine as speedily as possible any claim
for compensation under this Act, and to settle the amount pay-
able.

(2) The Governor may, after consultation with the Officer
Commanding the Forces, make regulations with respect to the
procedure for making and determining claims for compensation,
for limiting the time within which claims must be made, and for
regulating the mode in which compensation is to be paid.

(3) If the amount of compensation is not settled by agree­
ment between the Compensation Officer and the claimant, the
claim shall be determined by arbitration in the ordinary course;
and as soon as practicable after the decision is given such amount
shall be paid to the claimant by the Officer aforesaid.

(4) All compensation for damage done and assessed as
aforesaid shall, in so far as it has been caused by the Natal
Militia, form a charge against the Public Revenue of the
Colony.

10. (1) If within the limits and during the period specified
in an order authorising military manoeuvres under this Act, any
person

(a) wilfully and unlawfully obstructs or interferes with
the execution of the manoeuvres; or

(b) without due authority enters or remains in any camp;
he shall be liable on summary conviction to a fine not exceeding
Five Pounds (£5) Sterling, and in default of payment to
imprisonment with or without hard labour for a period not
exceeding seven days, and he and any animal or vehicle under
his charge may be removed by any constable or by order of any
Commissioned Officer of the authorised forces.

 Act No. 36, 1903.

"To create a Militia Force."

[5th October, 1903.]

WHEREAS it is expedient to repeal the Volunteer Act, 1895, and to create a Militia Force for the Defence of the Colony:

BE IT THEREFORE ENACTED by the King's Most Excellent Majesty, by and with the advice and consent of the Legislative Council and Legislative Assembly of Natal, as follows:—

1. This Act may be cited as the "Militia Act, 1903."

2. The Volunteer Act, 1895, and Act No. 25, 1896, amending the same, are hereby repealed, save as regards all proceedings taken or commenced before this Act shall come into operation, all which proceedings shall be as valid to all intents and purposes as if this Act had not been passed; save also and except so far as regards all appointments, enrolments, rules, regulations, and orders made under the said Acts, which, until revoked, altered or amended, shall, in so far as the same are not in conflict with any of the provisions of this Act, continue in force, and, with the necessary changes, be deemed to be appointments, enrolments,
rules, regulations, and orders under this Act; and save only and except so far as regards any right acquired, or thing done, or any liability accruing, before the passing of this Act.

3. In the interpretation of this Act, if not inconsistent with the context or subject matter, the following expressions shall bear the meanings respectively assigned to them:—

"Corps" means and includes a Naval corps, regiments and troops of Mounted Rifles, regiments and batteries of Artillery, companies of Engineers, battalions and companies of Infantry, Transport, Medical, Veterinary, and Signallings corps, and any other corps which may be formed by direction of the Governor for military purposes. Troops or companies which are parts of a regiment shall not individually be deemed to be corps.

"Drawn for service" means balloted for and compelled to serve in the Active Militia.

4. The Governor shall be the Commander-in-Chief of the Militia of and in Natal.

There shall be a Commandant of Militia, with the rank of Colonel, appointed by the Governor in Council, and who shall be charged with, and be responsible for, the administration of all Militia and Defence matters, and for all fortifications, ordnance, ammunition, arms, armouries, stores, munitions, and habiliments of war, training vessels, and other vessels used for defensive purposes within the Colony.

5. There shall be a Militia for the repression of civil disturbance, rebellion, or invasion, and the same shall be constituted in the manner hereinafter provided.

10. The Governor may from time to time divide the Colony into Military Districts for the purpose of this Act, and designate the same by such names as he may deem fit, and may alter or abolish such districts or designations and constitute others in place thereof respectively.

Suspension of Act.

11. The Governor in Council may suspend the operation of this Act, or any portion of the same in any such District or in any part thereof, for such time as he may deem fit.

The District Commandant shall also enter on the roll the names of all persons liable to serve, who may subsequently come to reside in his district, and shall transmit a signed copy of such entries to the Commandant of Militia at such other times as the Commandant of Militia may require.

Persons seeking exemption.

15. In the event of any person claiming to be exempt from the operation of this Act, or to be enrolled in a class other than that in which his name appears, he may state his case to the Commandant of Militia, who shall decide the question after such enquiry as he may think proper. Whenever exemption is claimed, whether on the ground of age or otherwise, the burden of proof shall be on the claimant.

(a) See also sec. 34 post, as to exemption by substitutes; and sec. 35 as to cancellation of exemption.

(b) See sec. 2 of Act No. 36, 1906, post.

(c) Failure to prepare the roll does not relieve from liability to serve. See Act No. 36, 1906, s. 3, post.

(d) The omission of a person's name does not relieve such person from service. See Act No. 36, 1906, s. 3, post.

The Active Militia shall consist of corps of the various arms and services as hereinbefore defined, in such proportion as the Governor may appoint; and the strength of each corps shall be regulated from time to time by the Governor, as far as possible on the same lines as may be in force for the corresponding unit in the regular forces in the Imperial Army.

The Governor may from time to time:

(a) Accept the services offered through the Commandant of Militia of any persons desiring to be formed under this Act into an Active Militia Corps, on such terms as he may deem fit. And upon such acceptance the proposed corps shall be deemed lawfully formed under this Act as an Active Militia Corps.

(b) Unite two or more corps or contingents into regiments or battalions, and appoint Field Officers and revoke such appointments; and may fix the headquarters and title of such regiment or battalion.

(c) Disband or discontinue the services of any corps, or any part of it, or dispense with the services of any member, or cancel the union of separate corps into regiments or battalions:

Provided that no new corps may be formed in a district in which in the opinion of the Commandant of Militia it is undesirable or unnecessary that a new corps should be formed.

The Governor may call out the Active Militia, or any part thereof, for active service at any time when it appears advisable to do so, by reason of war, invasion, or insurrection, or danger of any of them, and the Militiamen when so called out

27. All Officers of Militia and Permanent Staff shall rank amongst themselves according to their rank and seniority by the dates of their commissions.

29. [Repealed by Act No. 30, 1905, s. 1.]

30. Officers holding Commissions may be placed on the retired list with honorary rank not exceeding that of Lieutenant-Colonel, or without honorary rank as may be prescribed by the Regulations; but no Officer who shall have retired retaining rank, and no Officer of His Majesty's Regular Forces who may have been retired retaining rank shall be bound to serve in any lower rank than that from which he retired.

31. All orders given by the Commandant of Militia or by any officer shall be valid and effectual if verbally given on parade, or issued in any other manner customary in His Majesty's Military service.

32. When the Active Militia is required to be organised at any time for military service, the Commandant of Militia shall, if necessary, insert a notice in the Natal Government Gazette, and in each daily newspaper published in the Colony, calling for Volunteers for the Active Militia, in the various military districts, and should enough men have not volunteered and been accepted in any district to complete the quota required for that district within the time fixed by said notice, the men enrolled in the Militia First Reserve shall be balloted for.

33. Any man ballotted for service in the Active Militia shall be attached to such Corps in his Military District as the District Commandant may notify.

34. Any Militiaman called out for active service may be exempted from service by furnishing as a substitute a trained Militiaman, accepted by the Officer commanding his corps and the District Commandant, but if, during any period of service, any man who is serving in the Active Militia as substitute for another becomes liable to service in his own person, he shall be taken for such service, and his place as substitute shall be supplied by the Militiaman in whose stead he was serving, or by another qualified and accepted substitute. No Militiaman shall be exempted from training or military service in time of peace by furnishing a substitute, and no Militiaman shall be exempted from active service by furnishing a substitute when the whole of the Active Militia is called out under this Act.

35. The Governor may at any time cancel all exemption from service in terms of the immediately preceding section, and direct the Militiamen so exempted to join their respective Corps without delay.

36. The period of service in the Active Militia, in time of peace shall, subject to the next succeeding section, be not less than three years, irrespective of the age of any man when enrolled in the Active Militia.
37. Men who have served three years in the Active Militia, or in any of His Majesty's Imperial or Colonial Forces, shall not be liable to be balloted for service in the Active Militia until all the other men in the same class in the Military District in which they reside have volunteered or been balloted to serve.

38. No member of the Active Militia shall be permitted to retire therefrom while on active service, without the special authority, in writing, of the Commandant of Militia; and no member of the force shall be permitted to retire in time of peace, without giving to his Commanding Officer one month's notice of his intention so to do: Provided, however, that any member of the Active Militia may be permitted to retire on shorter notice, if not on active service, if he is about to leave the Colony.

44. There shall be paid to the Officer Commanding every Corps of Active Militia such annual sum in respect of each efficient man in such Corps as may be provided in the regulations and voted by Parliament. The regulations may direct that a greater sum shall be paid in respect of mounted men than of dismounted men, and such sum shall belong to the Corps, and be applied in furnishing the men with uniforms of the prescribed pattern, the materials for which shall be provided by Government at cost price, and for the benefit of the Corps generally.

45. [Repealed by Act No. 36, 1906, sec. 5.]
46. In case a member of the Militia shall be killed when on military service, or die from wounds received or diseases contracted on military service, provision shall be made for his family at the rates respectively set forth in the Schedule of this Act.

47. A member of the Militia injured when on military service shall receive such compensation as the Government may determine as fair and reasonable.

48. If any member of the Active Militia, when called out for or on Military or Active Service, shall be guilty of disobedience of orders, or of any act or neglect, to the prejudice of good order or military discipline, he may be tried and punished as hereinafter provided:

(a) By the Senior Officer in Command at any station or encampment, or by the Commanding Officer of the offender's Corps.
(b) By an ordinary Court Martial.
(c) By a special Court Martial.

Provided that a Commissioned Officer shall only be tried by a Court Martial.

49. Any member of the Active Militia who shall be brought to trial for any offence may be kept in custody until the case is heard and determined.

50. The tribunals in the foregoing section shall have power to sentence and award punishment within the following limits:

(a) A Senior or Commanding Officer may sentence the offender to pay a fine not exceeding Ten Pounds (£10) Sterling.

(b) An ordinary Court Martial may sentence the offender to pay a fine not exceeding Fifteen Pounds (£15) Sterling, or to imprisonment for any period not exceeding six months, or to both such fine and imprisonment, with or without hard labour; or, in the case of a non-commissioned officer, to be reduced to any lower grade, or to the ranks, in addition to or instead of the above punishment.

(c) A special Court Martial may sentence an offender to pay a fine not exceeding Fifty Pounds (£50) Sterling, or to imprisonment for any period not exceeding twelve months, or to both such fine and imprisonment, with or without hard labour; or in the case of a non-commissioned officer, to be dismissed from the Force, or reduced to any lower grade, or to the ranks, in addition to or instead of the above punishment; or, in the case of an officer,
in addition to or instead of any sentence of fine or imprisonment, as above stated, the Court may sentence the officer to be dismissed from the Force, or to loss of seniority, or to be reprimanded.

(d) An ordinary or special Court Martial may in addition to, or in lieu of any other punishment, cashier a commissioned officer and dismiss from the Force any member of the Militia and Defence Force.

The sentence of a Court Martial shall not be carried into effect until confirmed by the Governor in Council.

51. Any member of the Militia who may conceive himself aggrieved may appeal to the Commandant of Militia in respect of any matter not dealt with by a Court Martial.

   "The above shall be the order in which the Militia shall be liable to serve."

2. Notwithstanding the provisions of Section 12 of the principal Act it shall be in the discretion of the Governor in Council whether District Commandants shall be appointed or not. The officers at present holding such appointments may receive such other appointments on the permanent staff as may be determined. All power and authority vested by the principal Act in the District Commandant may be exercised by the Commandant of Militia, and he or any officer appointed for the purpose may do any act or thing which under the principal Act can be done by the District Commandant.

3. The failure to prepare the roll referred to in Sections 13 and 14 of the principal Act, or to include therein the name of any person shall not relieve any person from liability to serve under the Act.

5. Section 45 of the principal Act is hereby repealed, and the following is hereby enacted in lieu thereof:—Every member of the Active Militia who shall have been returned as efficient for two years continuously shall be entitled to receive such service allowance as may from time to time be prescribed by the Governor in Council in respect of each year's service thereafter, during which he shall have been returned as efficient, subject to such conditions as the regulations may prescribe: Provided, however, that the Governor in Council may suspend the payment of such allowances for such time as he may think fit.

6. 7. Section 60 of the principal Act is hereby repealed, and the following is enacted in lieu thereof:—

12. The Governor in Council may raise by voluntary enlistment one or more Corps for special service, and the members of such Corps shall be deemed to be part of the Active Militia: Provided that the Governor in Council may by regulation or otherwise declare that certain sections of the principal Act or the regulations shall not apply to such Corps, and may make special regulations applicable to such Corps or the members thereof.

13. The principal Act, Act No. 30, 1905, and this Act shall be read and construed together as one Act.

1. The Town Council of any Borough constituted under Law No. 19, 1872, may from time to time make By-laws in the ordinary manner for all the purposes of this Act. Such Town Council is hereinafter referred to as "the Town Council," and the expression "togt man" as used in this Act means a day labourer or a person employed in service otherwise than under monthly or longer engagement, or a jobber, and applies only to natives.

2. Upon the promulgation in the Natal Government Gazette of any By-laws made under this Act by the Town Council of Pietermaritzburg or Durban, the Proclamation by Sir Benjamin Chilley Campbell Pine, dated the 27th day of March, 1874, known as the Togt Regulations, shall cease to apply to such Borough, and section 296 of the Schedule to Law No. 19, 1891, known as the Code of Native Law, shall thereupon be repealed as regards such Borough: Provided that nothing done nor any liability or penalty incurred under the said Proclamation shall be affected by reason of the provisions of this section.

3. No native shall be allowed to live in any Borough which has adopted by-laws under this Act, unless he be the proprietor or renter of any house or land within the Borough, or is in the monthly or yearly service of a resident in the Borough, or becomes registered under the By-laws as a togt man.

This section and the By-laws shall not apply to a native resorting to a town for the purposes of any judicial proceeding, or by the direction of his chief, or in the course of any lawful employment or service, or of any domestic or other business requiring a visit to the town, the proof of all which exceptions shall rest with him.

Save as aforesaid, every native remaining in such a Borough for more than five days shall be obliged to become registered as a togt man and to comply with the By-laws.

4. The By-laws may amongst other things:

d) Make any proper or necessary rules for the conduct, supervision and regulation of compounds and the like places, and for the orderly behaviour of persons using the same, and for the observance by them of any proper discipline;

e) Require togt men to wear badges and to comply with the directions regarding the same;

(f) Charge fees for the registration of togt men and for their residence in a compound or other place, and for any other advantages of the togt system;

g) Require togt men to take service by the day under such conditions and for such rate of wages as the by-laws shall appoint;

(h) Provide for any other matters necessary or proper for giving full and complete effect to the objects of this Act.

Such By-laws may exclude from any of their provisions any classes of natives to whom it would be inconvenient to apply this Act, notwithstanding that they may come within the foregoing definition of togt men.

5. A license fee of £3 per annum may be charged by the Town Council for each private compound. The granting or refusal of a license shall be in the discretion of the Town Council, without any right of appeal, provided that the granting of such license shall not be deemed to create a vested interest or right of renewal.

6. All revenues derived from fees, licenses, and fines under this Act and the Regulations to be framed thereunder, shall be kept in a Special Account, and shall not be used otherwise than in the administration of the Act.

7. When the Town Council shall have provided compounds for the accommodation of togt men no person shall house or harbour any togt man, or any native who is by this Act required to be registered as a togt man, except in a compound.

Repeal of Act 25, 1895.

Meaning of "Mission Reserves."

Natal Native Trust to be Trustees of Mission Reserves.

Use and Administration of Reserves.

**Act No. 49, 1903.**

"To make better provision for the control and use of Mission Reserves."

[25th December, 1903.]

WHEREAS certain Lands known as Mission Reserves have, from time to time, been granted upon Trusts for Natives, with the object that the same might be used for missionary work amongst the Natives by the ecclesiastical or missionary bodies named in the several deeds of grant:

AND WHEREAS difficulties have arisen in regard to the control and employment of the Mission Reserves, and it is expedient and also consonant to the wishes expressed on behalf of the ecclesiastical or missionary bodies aforesaid that the Trusts under which the Reserves are held should be transferred to and exercised by the Natal Native Trust, to be administered in accordance with the intention of the several deeds of grant, and for this purpose it is desirable to repeal and re-enact with amendments the Act No. 25 of 1895:

BE IT THEREFORE enacted by the King's Most Excellent Majesty, by and with the advice and consent of the Legislative Council and Legislative Assembly of Natal, as follows:—

1. This Act may be known as "The Mission Reserves Act, 1903."

2. Act No. 25, 1895, entitled Act "To regulate the use of Mission Reserves," is hereby repealed.

3. The lands mentioned in the schedule of this Act, and any other lands to which this Act applies, are shortly referred to as "Mission Reserves" or "Reserves."

4. The Natal Native Trust shall be the Trustees of all the Mission Reserves mentioned in the schedule of this Act, and all appointments of Trustees made by or pursuant to the deeds of grant of such Mission Reserves shall, from the date of the commencement of this Act, be revoked.

5. The Mission Reserves shall be kept for occupation solely by Natives, save in so far as any part thereof may be set apart or placed at disposal for the purposes of this Act; and the Reserves shall be administered for the benefit of the Natives living thereon according to the intention of the several deeds by which the Reserves have been granted: Provided that the Natal Native
Trust shall have the right to grant temporary and conditional occupation of store sites, as well as prospecting and mining rights where such rights shall not interfere with the rights and well being of the Native residents and the work of the missionary body named in the deed of grant (a).

6. No person, society, or body, other than the ecclesiastical or missionary body named in the deed of grant, shall be allowed to establish any mission or undertake religious or educational work, or have any right to use or be upon any such Reserve, saving, however, the right of occupation by Natives according to the intention of this Act: Provided that nothing herein contained shall prevent the Natal Native Trust, or the Government, from establishing and carrying on any system of Native education and industrial training in such a manner as may be prescribed by the rules of the Department of Education relative to Native education.

7. The Governor in Council shall be empowered to grant to the Natal Native Trust any lands which have heretofore been delimitated as Native Mission Reserves for, but have not been transferred to, any ecclesiastical or missionary body.

Such lands shall be granted upon trust for Natives, in order that such ecclesiastical or missionary body may have a fixed population to labour amongst, and shall be administered according to the provisions of this Act in like manner, as far as may be, as the lands mentioned in the schedule of this Act.

8. Suitable sites for churches and schools for Natives, and other premises proper to be attached thereto, may be leased to or placed at the disposal of the Missionary bodies named in the deeds of grant upon a merely nominal rent. Any such leases shall not continue for more than twenty-one years, but may be renewed from time to time.

9. The Natal Native Trust may charge the Natives resident upon the Reserves such rent as they may determine, and may make charges for the supply and use of water which may be led, or of any other conveniences which may be provided by them for public purposes of the Reserve.

10. One half of all rents and other moneys collected under this Act from the Natives living on any Reserve, or received for store sites, as well as one-quarter of all moneys received in respect of minerals under the provisions of Section 5 of this Act, shall be paid by the Natal Native Trust to the missionary body named in the deed of grant (a).

(a) See also Act No. 40, 1905, tit. "NATAL NATIVE TRUST."
Act 49, 1903.

named in the deed of grant of the Reserve; and such moneys shall be applied to the purposes of Native education and industrial training upon any Reserve of any such missionary body in such manner as may be prescribed by the rules of the Department of Education relative to Native education: Provided, however, that such moneys may, with the consent and approval of the Natal Native Trust, be spent in defraying the salaries of industrial and other teachers, holding the requisite certificates of proficiency from the Department of Education of this Colony, engaged in the education and industrial training of Natives in schools provided and erected by such missionary body upon the glebe lands within or adjoining such Reserve or Reserves.

The remainder of such moneys shall, after repayment of any advance made or expense incurred by the Natal Native Trust, be applied to works of general utility and the benefit of the Reserve on which the money was collected.

11. Subject to the provisions of this Act, the Natal Native Trust shall have full and complete control of the Reserves, and may remove therefrom according to Law any Natives or other persons who have come upon the lands unlawfully, or whose residence there is, in the opinion of the said Trust, prejudicial to the interests of the Reserve: Provided that in the exercise of the powers conferred by this Act, and in interpreting the terms of the deeds of grants of the Reserves, just and impartial consideration shall be given to any representations which may be made on behalf of the missionary bodies.

12. Any Reserve, or any portion of a Reserve, may be set apart by the Governor in Council for exclusive occupation by Natives who are converts from heathendom.

Any rules made by the Governor in Council as hereinafter provided may be made specially or exclusively applicable to portions of a Reserve set apart under this section, and such special rules may also prohibit all Native customs and heathen rites and ceremonies inconsistent with the tenets of the religious body referred to in the deed of grant, and may give to such Natives such a measure of local management of the affairs of the Special Reserve as may be suited to their circumstances.

13. The Governor may decide what powers, if any, are to be exercised by Native Chiefs in Mission Reserves.

14. Each Mission Reserve shall be deemed to be a part of the Colony within the meaning of Section 37 of Law No. 19 of 1891, from which the Supreme Chief, acting in conjunction with the Natal Native Trust, may remove any tribe, or portion of a tribe, or Native.
15. The Governor in Council may from time to time make and alter rules to regulate the use and occupation of Mission Reserves, and for all purposes of this Act.

Such rules may amongst other things provide for:

(a) The admission of Natives to the Reserve.
(b) The lease and hire of land and the conditions to be imposed with regard thereto.
(c) The appropriation of land for the purposes of cultivation, pasture and commonage.
(d) All matters relating to roads, by-roads, fences, pounds, water-courses, woods and streams, and the use of water, wood, clay and stone.
(e) The charges to be made for rent, the agistment of cattle, and for any other things for which a charge is authorised by this Act.
(f) The preservation of health and observance of decency.

Act No. 5, 1903.

"To provide for a contribution to His Majesty's Navy."

[8th July, 1903.]

Whereas it is desirable to recognise the importance of sea power in the control which it gives over the sea communications, and the necessity of a single Navy under one authority, by which alone concerted action can be assured:

Be it therefore enacted by the King's Most Excellent Majesty, by and with the advice and consent of the Legislative Council and Legislative Assembly of Natal, as follows:—

1. In this Act the expression "the Admiralty" shall mean the Lord High Admiral of the United Kingdom for the time being, or the Commissioners for the time being for executing the office of Lord High Admiral of the United Kingdom.

2. From and after the taking effect of this Act, there shall be paid annually to the Admiralty, or such person as they may be pleased to appoint in that behalf, and in such manner as they may be pleased to direct, the sum of Thirty-five thousand pounds sterling (£35,000) out of the public revenue of this Colony as a contribution towards the annual expenditure by the Imperial Government in connection with His Majesty's Naval Service.

3. This Act may be cited for all purposes as "The Navy Contribution Act, 1903."

"To enable the Town Council of the Borough of Newcastle to borrow £10,000, and to extend the water supply of the Borough of Newcastle."

[7th September, 1903.]

WHEREAS it is expedient to enable the Town Council of the Borough of Newcastle, in the Colony of Natal, to borrow £10,000 to defray the cost of extending and augmenting the supply of water within the said Borough, and for that purpose to take water from the River Incandu:

BE IT THEREFORE ENACTED by the King's Most Excellent Majesty, by and with the advice and consent of the Legislative Council and Legislative Assembly of Natal, as follows:—

1. The Town Council of the Borough of Newcastle, in the Colony of Natal, is authorised to borrow up to but not exceeding the total sum of Ten Thousand Pounds (£10,000) Sterling, to be expended within the said Borough for the purpose of paying off existing temporary advances due by the said Town Council and defraying the cost of extending the water works and augmenting the water supply of the said Borough.

2. The said Town Council is authorised to issue Stock to be called "The Newcastle Corporation Stock" (hereinafter referred to by the word "Stock") for the moneys borrowed under this Act, payable within fifty years after the date of issue, and such Stock shall bear interest at a rate not exceeding five per cent. per annum.

3. The said Stock and interest thereon shall be a charge on the rates, rents, and general revenue of the said Borough.

4. Sections 4 to 13 inclusive of "The Newcastle Corporation Loan Act, 1899," shall be deemed to be incorporated with and form part of this Act.

5. The said Town Council is authorised to take and divert such water as may be necessary from the River Incandu, in the Division of Newcastle, at or near Sub-division H of the farm Lennoxton in the said Division, the property of the said Town Council, as shewn on the plan filed with the Clerk of the Legislative Assembly, and to dam the said river and pump and lead the said water through pipes and conduits over Lot B of Sub-division A of the said farm Lennoxton in terms of a Deed of Servitude in favour of the said Town Council, dated the 30th
NEWCASTLE CORPORATION.

day of August, 1902, and registered in the Registrar of Deeds Office, Natal, on the 12th day of September, 1902, to Subdivision Reservoir of the farm Boschoek, in the said Division of Newcastle, also the property of the said Town Council, and thence along the main road to the Borough of Newcastle, all as shewn on the said plan; and to make, erect and maintain all necessary reservoirs, filter beds, pumping stations and other works on the said lands, or on other lands, the property of the said Town Council, and the said Town Council is empowered to do and perform all such further acts, matters and things as may be necessary to carry out the objects of this Act.

6. The surface of the said main road shall not be broken or pipes laid thereon by the said Town Council without the consent of the Colonial Government, who may impose such conditions on the said Town Council as may be deemed necessary in the public interest.

7. If the taking, impounding, diversion, appropriation, or conveyance of water under the authority of this Act shall deprive any person of any water or right of water which he may at any time of such taking, impounding, diversion, appropriation or conveyance be possessed of or be entitled to possess, and shall thereby or otherwise cause damage to such person or to his property, he shall be entitled to compensation to be settled in case of difference as if the taking, impounding, diversion, appropriation or conveyance of water constituted damage to land within the meaning of the 65th Section of the “Lands Clauses Consolidation Law, 1872.”

3. Every owner of ostriches shall, with one month, after this Act comes into operation, or within one month after becoming possessed of ostriches, as the case may be, register at the Office of the Magistrate of the Division in which the ostriches are kept, a description of the brands which he uses or intends to use for branding his ostriches.

6. The Governor may from time to time, by Proclamation, prohibit the introduction into Natal of any plant which may be considered likely to introduce any disease. Such Proclamation may either be absolute or subject to such conditions or exceptions as may seem proper, and may apply to the introduction of plants either generally or from any specified place.

7. The Governor may from time to time, by Proclamation, on the advice of the Board, order that all plants in nurseries throughout the Colony which may be affected with any specified
disease shall be destroyed, or that they shall be isolated and treated in any specified manner (a).

8. The Governor in Council may, from time to time, make and alter regulations for all purposes necessary for carrying out this Act, and for giving full effect thereto. 4. The Minister having charge of the Department of Health, hereinafter called the Minister, may make any temporary appointment, and may appoint so many persons as may be required in each district as Sanitary Inspectors, and may also engage or authorise the engagement of any necessary subordinate employés.

6. [Repealed by Act No. 43, 1903.]

7. The salaries of officers and all other expenses of the administration of this Act, including compensation for losses and injury as hereinafter provided, shall be paid from the general revenue of the Colony, save as is by this Act specially excepted.

PART II.

Public Sanitation.

8. [The Governor in Council (c)] may, from time to time, make and alter regulations for all matters relative to sanitation and for the prevention and abatement of nuisances, and for all matters relative to the public health.

Such regulations may, amongst other things, provide:—

(a) For compelling the keeping, use and occupation of houses, buildings, privies, huts, shanties, tents, and all premises in a cleanly and good sanitary condition, and so as to prevent any risk to the health either of the inmates or of other persons.

(a) Continued in force (subject to amendments) until 31st December, 1907, by Act No. 39, 1906, post.

(b) See sects. 28 and 29, post, but see also sect. 38.

(c) Words in brackets are repealed and others substituted therefor by Act No. 43, 1903, sect. 4, post.
(b) For compelling proper ventilation of buildings or huts, and for preventing their being overcrowded.

(c) For compelling the proper drainage of premises, and the removal or destruction or proper disposal of rubbish or other unwholesome matter, or of stagnant or foul water, or of anything likely to be offensive or injurious to health.

(d) For compelling the keeping of stables, sheds and other places where animals are housed or kraaled in a cleanly and wholesome condition, and so that no unwholesome vapour, smell or discharge may proceed therefrom, and for their being kept at a proper distance from houses, and if need be for their removal, subject to payment of any compensation which may be claimable in respect of such removal.

(e) For the inspection of houses, huts, shanties, tents, factories and buildings of every kind, and of all lands and premises, for all purposes relative to sanitation and the public health.

(f) For the inspection and supervision of places where meat, milk, fruit, or any other kind of food is prepared, collected or sent out for use or sale, and to ensure that all such things are prepared, kept and sent out in a wholesome state, and that proper precautions are taken for their being delivered in a sound and wholesome condition.

(g) For preventing the pollution of streams, rivers, wells and other water, and of watercourses, and for compelling the disposal of noisome or foul discharges, dirt or refuse, so as not to enter or be drained into any such water or watercourse.

(h) For compelling the carrying on of all manufactories or works so as to prevent as far as possible any offensive smell, vapour or discharge, and for forbidding the setting up, otherwise than in conformity with such reasonable conditions as may be prescribed, of any new industry, manufactory or works in the course of which offensive smells, vapours or discharges may be produced.

(i) For the setting apart, or the disinfection or destruction of any clothing, goods or other articles considered likely to disseminate disease, and for the purification of any building, place or thing which may be or appears likely to be contaminated.
9. Any regulations under this Act may be expressed so as to be in force immediately upon publication, or so as to be enforced in such other way and at such times and places as may be specified.

   Any of such regulations may also be expressed to apply either to all persons or to persons of any class whose habits and mode of life may be a source of danger to health.

10. Upon the occurrence of any outbreak of epidemic disease, District Health Officers shall have the authority to make and enforce special orders when there appears to be urgent necessity for so doing (a).

   The circumstances requiring such action shall be reported without delay to the Health Officer for the Colony.

11. Health Officers shall, within their respective districts, exercise full powers and authority for carrying out the objects of this Act. Sanitary Inspectors shall have similar authority for all matters entrusted to them, and for carrying out the orders of Health Officers, and shall whilst engaged in the duties of their office be deemed for all purposes to be constables.

   If the execution of an order is resisted, such force may be employed as is necessary, and any persons may be called upon to assist in the enforcement of the order.

12. Every Health Officer and Sanitary Inspector, and any constable or other person having an order in writing for the purpose signed by a Health Officer or Sanitary Inspector, shall have authority to enter any house, building, enclosure or premises for the purposes of inspection, or for the carrying out of any orders given by the Health Officer, or for any purposes necessary for the execution of his duty.

13. All persons shall be required to give facilities to any officer or other person engaged in the performance of his duties under this Act, and any person who shall resist or obstruct any officer in the course of his duties, or shall refuse admission to any officer having the right of entry, or who shall disobey or wilfully disregard any order lawfully made, or which he is otherwise bound to obey, shall be guilty of an offence.

14. Every person who shall

15. If it shall appear to any District Health Officer or Sanitary Inspector that an accumulation of manure, filth, or other offensive or noxious matter on any premises ought to be removed, or that any nuisance exists which under this Act or the regulations, the occupier of the premises ought to remove or abate, or that anything has been done or permitted to continue contrary to this Act or the regulations, he shall give notice to the occupier (or if there be no occupier, to the owner or his agent), to remove or abate the same in such manner as he may direct, and if such notice is not complied with within twenty-four hours from the service thereof, he may at once cause the same to be removed or abated, and may dispose of any refuse or other matter removed in such manner as he may think fit.

The expenses of anything done under this section may be recovered by the Inspector in the Magistrate's Court from the occupier or owner as the case may be.

16. Nothing in this Act or the regulations shall be deemed to affect any liability or prevent any prosecution under the ordinary law of the Colony relative to the pollution of water, or any other public nuisance, or in any way to abrogate the law relating to the prevention or abatement of public or private nuisances.

PART III.
Infectious and Epidemic Diseases.

17. [Repealed by Act No. 43, 1903.]
18. The provisions of Section 45 of Act No. 22, 1894, or the similar provisions of any Act repealing or amending the said Act,

Act 44, 1901.

shall apply to all diseases which by this Act, or pursuant thereto, may be declared to be infectious or epidemic, and the foregoing provisions of this Act respecting the failure to furnish certificates relative to cases of infectious and epidemic diseases shall apply to any failure by a medical practitioner of Pietermaritzburg or Durban, or any other borough, to furnish the certificate required by the said Act of 1894, as amended by this section.

19. [Repealed by Act No. 43, 1903.]

20. The expression "infectious disease" includes the following diseases, namely:—Bubonic plague, by whatever names it may be known, small-pox, cholera, diphtheria, membraneous croup, scarlatina or scarlet fever, and leprosy, and the fevers known by any of the following names:—Typhus, typhoid (or enteric), relapsing, puerperal, and any disease which may be included in this section either permanently or for a specified time by order of the [Health Officer of the Colony (a)]. Any such order may from time to time be varied, renewed or revoked.

21. The expression "epidemic disease" means any disease which [the Health Officer for the Colony] shall order to be regarded as being epidemic until the order is revoked; and such order shall state whether it is to apply to the whole Colony, or to any specified district or districts.

22. Every order declaring a disease to be infectious or epidemic shall be published at least four times in the Natal Government Gazette, and in each of four newspapers, and a copy thereof shall be sent to every registered medical practitioner practising in the Colony.

23. [Repealed by Act No. 43, 1903, sec. 11.]

24. [The Governor in Council (b)] may from time to time make regulations for any of the following purposes:—

(a) The isolation and treatment, or the compulsory removal to a hospital of persons affected or suspected of being affected with infectious or epidemic diseases, or of persons who, having been exposed to the risk of infection, are likely to be a source of danger to others;

(b) For the exercise by Health Officers or any other persons employed under this Act of the powers under Law No. 2, 1884, and Act No. 14, 1899, and

(a) The words "Board of Health" are substituted for "Health Officer for the Colony." See Act, No. 43, 1903, s. 10. (b) Words in brackets are repealed by Act No. 43, 1903, sec. 4, and others substituted therefor.
under Law No. 16, 1890, as amended by subsequent Acts.

Such regulations may provide for the compulsory detention in hospitals of persons suffering from infectious or epidemic diseases respectively, and may prescribe the discipline to be observed by persons in hospitals, the duration and renewal of orders for detention, the conditions and mode of discharge from hospitals, the powers and duties of hospital officers and attendants, and generally all matters necessary for carrying out proper precautions against the spread of such diseases.

(f) For the destruction or removal of any house, hut, shanty, tent, or other building, or the execution of any alterations thereto, or of any work thereupon, or upon any premises (a):

Provided that the powers under this sub-section shall not be enforced in respect of any house or building of a permanent character, and constructed by skilled workmen, and not being a privy, shed or structure of a like character, except by a special order in writing made upon the recommendation of the

[Health Officer for the Colony (a)] and signed by the Minister on behalf of the Government.

(g) For carrying out any other measures which may be deemed necessary for preventing the outbreak or for checking the spread of disease (b).

26. Every owner or driver of a public conveyance, shall immediately provide for the disinfection to the satisfaction of the Sanitary Inspector of such conveyance after it has to his knowledge conveyed any person suffering from an infectious disease or the body of any person that has died from infectious disease, or any article, matter, or thing that has been exposed to infection from any such disease, and if he fails to do so he shall be liable to a penalty not exceeding Ten Pounds sterling; but no such owner or driver shall be required to convey any person so suffering, or any article, matter, or thing so infected, until he has been paid a sufficient sum to cover any loss or expense incurred by him in carrying into effect the provisions of this section.

27. Any person who shall [cease to occupy, or (c)] knowingly (the onus of proof to the contrary of which shall lie upon such person) let for hire any house, room, part of a house, hut, shanty, or tent in which any person has been suffering from any infectious disease, without having such house, room, part of a house, hut, shanty, or tent, and all articles therein liable to retain infection, efficiently disinfected to the satisfaction of the Sanitary Inspector, shall be liable to a penalty not exceeding Twenty Pounds sterling. For the purposes of this section, the keeper of any hotel shall be deemed to let for hire part of a house to any person admitted as a guest into such an hotel.

**PART IV.**

** Boroughs and Townships.**

28. The operation of this Act may from time to time be extended by order of the Governor in Council to the Boroughs of Pietermaritzburg and Durban, or to either of them, subject to the special provisions hereinafter contained.

29. Every such order shall be published in the Natal Government Gazette, and shall continue in force until revoked, and after the revocation thereof shall continue in force only to such extent as may be necessary for determining questions of compensation.

(a) Words "Board of Health" are substituted for the words in brackets by Act No. 43, 1903, sec. 10, post.

(b) See further sub-sec. added by Act No. 43, 1903, sec. 13, post.

(c) Words in brackets are expunged by Act No. 43, 1903, sec. 14, post.
or of rights or liabilities arising in connection with the administration of this Act during the currency of the order, or for the trial and punishment of offences committed during that period.

30. Such order may withhold from operation in either borough any specified powers under this Act, or may require that any specified powers under the Act shall not be exercised without the approval in writing of the Minister, or of the Board of Health, as the case may be.

31. Such order may contain any modifications in detail of the provisions of this Act which may appear to be necessary in order to avoid any difficulty arising from a conflict between this Act and the Laws relating to the boroughs, or to meet the special conditions of either borough:

Provided always that no greater powers shall be defined in the order than are contained in this Act, and that nothing in the order shall take away or lessen any right of compensation or other remedy under this Act to persons injuriously affected by anything done in pursuance of this Act.

32. Every such order may be varied by a subsequent order similarly made and published, provided that no such later order shall affect any right to compensation or other remedy which may have arisen before the date of the later order.

33. Subject to the foregoing provisions of this Act, and to the terms of any order made by the Governor in Council as aforesaid, the Town Council of either borough to which this Act may apply shall have power to make by-laws in the ordinary manner for any matters for which the Governor in Council is by this Act empowered to make regulations.

Subject also as aforesaid, the powers and authority (a) of the Health Officer of the Colony and of District Health Officers may in either such borough be exercised by duly qualified medical practitioners appointed by the Town Council, and the powers of Inspectors and other officers may be exercised by similar officers appointed by the Town Council.

34. Contraventions of any such by-laws shall be cognisable in the same Courts as have cognisance of contraventions of ordinary by-laws, and may be punished by fine not exceeding Fifty Pounds sterling, or imprisonment, with or without hard labour, for any term not exceeding six months, or by both fine and imprisonment as aforesaid, or by such imprisonment in default of the payment of a fine.

(a) The words "of the Board of Health" are here inserted by Act No. 43, 1903, s. 15, post.
Act 44, 1901.

Application of Secs. 58, 59, and 60 to Pietermaritzburg or Durban.

Removal of medical officer of either borough.

Returns of notified diseases: annual returns and reports.

Inspection by Health Officer for the Colony of Pietermaritzburg or Durban.

Enforcement of regulations by Governor in Council in case of default by either borough.

35. When this Act applies to either borough, the provisions of Sections 58, 59 and 60 shall mutatis mutandis, extend to by-laws of the borough, and to all acts and orders of the medical officer of health of the borough, and for the purposes of the said sections the medical officer of health for the borough shall have all the authority given by the said sections to District Health Officers, and to the Health Officer for the Colony; but the certificate which the Minister is by the said Section 60 empowered to give shall be given by him only, and not by any officer of the borough.

36. No medical officer appointed to carry out the provisions of this Act within either borough shall be removable from his office during the currency of the Order in Council, without the approval in writing of the Minister, notwithstanding that such officer may have been appointed by any municipal authority.

37. The Health Officers of Pietermaritzburg and Durban, or, if there be no Health Officer in either one or the other Borough, the Town Clerk shall send in at the end of every week to the Health Officer of the Colony a return, on forms to be prescribed by the [Health Officer of the Colony (a)], of the number of cases of notifiable disease notified during the week past; and at the end of each year a return of such numbers for the year past, together with the total population of the town, as far as derivable from the usual returns in the town. The Health Officers of these Boroughs shall also send every year to the Health Officer of the Colony a copy of their annual report to the authorities of the said Boroughs.

38. The Health Officer for the Colony shall at all times have power and authority by himself or by any person specially authorised by him in writing to make an inspection of either of the Boroughs of Pietermaritzburg or Durban, or any part of them, and to enter upon any premises therein, for the purpose of ascertaining whether the objects of this Act are being efficiently carried out, or whether any condition exists which is likely to be a source of danger to the public health, notice of such intended inspection having previously been given to the Borough Authorities with a view to their assistance and co-operation (b).

This section and the preceding section shall take effect immediately upon the commencement of this Act (c).

39. If either of the said boroughs to which this Act has been applied shall fail to make and enforce any necessary regulations,

(a) Words “Board of Health” are substituted for “Health Officer for the Colony” by Act No. 43, 1903, s. 10, post.
(b) See Act No. 43, 1903, s. 16, post, which adds words to this par.
(c) That is to say (semble) notwithstanding the provisions of secs. 2 and 28, ante.
or if the Town Council shall fail, by its medical or other officers, to carry out efficiently the objects of this Act, it shall be lawful for the Governor in Council to make any such regulations and enforce the same, and generally to carry out the objects of this Act in such borough in such manner and by such persons as he may direct:

Provided that no greater charge than one-eighth of the borough revenues for the preceding municipal year shall in any one year be placed upon the borough revenues by, or by reason of, anything done under the authority of this section, and any greater cost shall be defrayed from the general revenue of the Colony.

40. Save as in the preceding section specially excepted, the cost of the administration and execution of this Act in either of the said boroughs, and any liabilities arising therefrom, shall be borne by the revenues of the said boroughs respectively.

41. In any municipal borough other than those of Pietermaritzburg and Durban, and any township constituted under Law No. 11, 1881, this Act shall be carried out as in other parts of the Colony, subject to the special provisions hereinafter set forth. Such boroughs and townships are in the following sections referred to as towns, and the Town Council of such borough, and the Local Board of such township, are together referred to as the town authority.

42. The Governor in Council may authorise the town authority to make and enforce in the ordinary manner by-laws for any specified purposes for which the Governor in Council is empowered to make regulations, and may attach any conditions to the exercise of such powers.

Contraventions of the by-laws made under this section shall be cognisable and punishable as hereinbefore provided in respect to by-laws of Pietermaritzburg and Durban.

43. The Governor in Council may also arrange for entrusting to the town officers any of the powers and authority given by this Act to District Health Officers or to Inspectors or other officers, or may make such arrangements as are suitable for carrying out this Act in harmony with the institutions of the town.

44. Any Order of Council made under the preceding sections may from time to time be varied or renewed by a later order, and may be revoked, but without prejudice to anything done or to any obligation or liability which may have been incurred.

45. If at any time the town authority fails to carry out the objects of this Act in a satisfactory manner, the Governor in Council may direct any necessary action to be taken without reference to the powers or authority delegated to the town.
46. The cost of the administration and execution of this Act in a town, whether under the ordinary powers or under the powers deputed to the town, and any liability arising therefrom, shall be defrayed from the town revenues:

Provided that no charge exceeding in the whole during any one year one-eighth of the town revenues for the preceding municipal year shall be placed upon the town revenues in respect of anything done by order of Government, and not by the town authorities or officers.

47. Any expenses which by this Act are required to be borne by the revenues of a borough or township shall be recoverable by the Minister in any competent Court.

48. Nothing in this Act shall be deemed to abrogate, lessen or affect the powers conferred upon any municipal borough or township by any other Law or Act, save so far as they may be inconsistent with this Act.

PART V.

Compensation : Offences : Legal Proceedings.

49. If any property is destroyed or injuriously affected by or under the orders of any person exercising authority under this Act, or if any person is under the like authority deprived of the occupation or use of any dwelling, building or premises or of any other property, such person shall be entitled to compensation for such destruction or injury, or for the loss or damage directly caused by such deprivation, subject to the provisions hereinafter contained.

This section shall not be deemed to apply to the articles enumerated in Section 3 of Act No. 14, 1899, and compensation in respect thereof shall be payable as provided in Section 4 of the said Act (a).

50. The foregoing section shall not be deemed to entitle any person to compensation if the necessity for anything so done is caused by his disregard of this Act, or of any regulations or by-laws, or of any other law (b), or by the existence of a nuisance which under the ordinary law it would be his duty to abate:

Provided, however, that this exception shall not take away the right of any person to compensation for the destruction of

(a) This refers to the destruction “of any clothing, goods, or other articles considered likely to disseminate smallpox, or other infectious disease, as defined by proclamation.” See tit. “Public Health.” Vol. 2.

structural alteration or removal of a building of a permanent character, which had been built before the commencement of this Act, or which has since been built in conformity with the law.

51. When any building has been destroyed or any act has been done by which any interest or land is injuriously affected, questions respecting the adjustment of compensation between owners and other persons having interests by way of mortgage, tenancy or otherwise shall be determined according to the provisions of the Lands Clauses Consolidation Law of 1872.

52. For the purpose of deciding disputed claims for compensation, Magistrates shall have jurisdiction up to Two Hundred Pounds sterling, whether the cause of claim relates to movable or immovable property.

53. Any such claim may, if the parties be willing, be brought before the Magistrate's Court by way of application upon the usual notice, or such notice may be waived by consent, and the Magistrate may, upon such application, hear and determine upon the claim.

54. The contravention, infringement or wilful disobedience of any obligation or prohibition imposed by this Act, or by the regulations or by-laws thereunder, or of any order to which obedience is due as hereinbefore provided, shall be an offence.

55. All offences, save as is hereinbefore provided in regard to contraventions of by-laws, shall be cognisable in the Courts of Magistrates, and shall be punishable by fine not exceeding Fifty Pounds sterling, or by imprisonment, with or without hard labour, for any term not exceeding six months, or by both such fine and imprisonment as aforesaid, or by such imprisonment in default of the payment of a fine; or any such offence may be prosecuted by indictment in the Supreme Court, and upon conviction the offender shall be liable to a fine not exceeding Two Hundred Pounds sterling, or to imprisonment, with or without hard labour, for any period not exceeding two years, or to such imprisonment in default of the payment of a fine.

56. If upon any representation made by a Mayor of a Borough, or the Chairman of a Local Board, it shall be made to appear to the Attorney-General that an offence has been committed against the by-laws under this Act, and that by reason of the gravity of the offence, or the public danger arising therefrom, or from the evil example thereof, it is desirable that the offence should be prosecuted in the same manner as a public crime, it shall be lawful for the Attorney-General to direct a prosecution against the accused person, and to prosecute the offence by way of indictment in the same manner as a contravention of this Act; and in any such proceedings the written direction given by him

for the prosecution, or the indictment signed by him, shall be conclusive evidence that the prosecution was duly instituted according to the requirements of this section.

57. A prosecution or conviction under this Act shall not prejudice any other criminal prosecution to which the offender would otherwise be liable, provided that he be not twice punished for the same act.

58. If any question shall arise whether an order given or any act done or directed by a District Health Officer is lawful or not, the question shall in the first instance be referred to the Health Officer for the Colony, whose decision may be brought in review before the Magistrate by either party by way of motion upon notice, and the decision of the Magistrate shall in all cases be subject to an appeal to the Supreme Court:

Provided always that:—

(a) If the Health Officer deems the matter to be of great urgency, he may insist upon the order being complied with, or the act carried out at once, and such instruction shall be promptly complied with;

(b) If upon any subsequent application to a Magistrate the Health Officer for the Colony shall state in writing that he considers the order or act to be of urgent necessity, the Magistrate shall not have power to make any order interfering with the execution of such order, or the carrying out of such act;

Provided that this provision shall not be deemed to restrict the powers of the Supreme Court;

(c) If by any final decision the order appealed from shall be declared to be unlawful, the person affected thereby shall be entitled to compensation from the public revenue for any direct loss or injury sustained.

59. If anything shall be condemned by a Health Officer as being a nuisance or as coming within any prohibition or restriction contained in this Act, or the regulations, and if a question shall arise whether it is so or not, the matter shall be proper for decision by the Courts of law according to their respective jurisdictions, subject, however, to the like provisions as are contained in the foregoing section.

60. If any question shall arise whether any regulation made by the Governor in Council is within the authority of this Act, or as to the lawfulness or authority of any act or order of a Health Officer, and if a certificate under the hand of the Minister is presented to any Court before which such question is brought, that in the opinion of the Government there is urgent need in...
the public interest for such regulation, act or order, the Court shall not have any power to make any order interfering with the enforcement of such regulation or order, or the carrying out of such act.

Any such question shall be deemed to be brought before a Court if any suit, appeal, or application is made in which the validity or lawfulness of a regulation, order or act is either directly or indirectly brought into question.

This section shall not be in force unless the Governor shall at any time by proclamation, declare that public danger to the Colony exists by reason of the existence or threatened outbreak of epidemic or infectious disease; and, thereafter, this section shall be in force until such Proclamation shall have been revoked (a).

**Act No. 39, 1906.**

3. After the publication of the said Order, and until it shall be revoked by a like Order, none of the articles therein mentioned shall be exported from the Colony or removed from any part or parts thereof so affected, as the case may be, unless such export or removal shall have been authorised in writing by the Health Officer for the Colony, or by an officer appointed by him for that purpose.

Whilst any such Order remains in force, none of the articles or things enumerated therein shall be received for export or removal, as the case may be, by any person or persons whomsoever, except on production of the authority hereinbefore referred to.

The Regulations under this Act may make any necessary provision for the proper carrying out of this section, and amongst other things for the disinfection of the personal effects of any persons intending to depart from the Colony.

6. The Governor in Council may make regulations in respect of the importation from without the Colony and of sale therein of all articles intended for consumption as human food or drink. 7. The provisions of Section 6 hereof shall extend to tobacco, cigars, cigarettes, and other preparations of tobacco, in the same manner as to articles intended for consumption as human food or drink.

8. The contravention of any of the provisions of this Act, or of the Regulations thereunder, may be tried and punished as provided in the Public Health Act, 1901.

**Schedule.**

Memorandum of agreement made and entered into this tenth day of March, 1905, between Patrick Duncan, C.M.G., of Pretoria, in the Transvaal, South Africa, for and on behalf of His Excellency the High Commissioner of South Africa, and in his capacity as Acting Commissioner of the Central South...

Whereas the Natal Government has applied to the High Commissioner for permission to construct, equip, maintain, and work a railway between Bethlehem and Kroonstad, both in the Orange River Colony:

And whereas, during the Session of the Inter-Colonial Council, held in June, 1904, it was resolved that a railway should be constructed in the Orange River Colony between Bethlehem and Heilbron:

And whereas for the considerations herein set forth, it has been agreed to construct, instead of such last-mentioned railway, a railway between Bethlehem and Modderpoort:

And whereas the terms of this agreement were approved by the Inter-Colonial Council by a resolution passed at a meeting held on the sixteenth day of November, 1904, a copy of which resolution is hereto annexed and marked “A”:

And whereas His Majesty’s Secretary of State for the Colonies has since the date of the resolution mentioned in the last recital signified his approval of the terms hereof:

Now these presents witness, and it is hereby agreed and declared, as follows:

1. (a) The Central South African Railways shall mean the railways in the Transvaal and the Orange River Colonies, administered and worked as one railway system under the control of the High Commissioner.

(b) The Natal Railways shall mean the entire system of railways owned and administered by the Natal Government.

(c) The Modderpoort line shall mean the railway line to be constructed between Modderpoort and Bethlehem, and shall include the permanent way and all buildings, machinery, plant, material, signalling apparatus, and all works connected therewith.

(d) The Kroonstad line shall mean the railway to be constructed between Bethlehem and Kroonstad, and shall include the permanent way and works as set out under the definition of the Modderpoort line.

2. In consideration of the undertaking by the Commissioner with reference to the Modderpoort line as hereinafter expressed, the Natal Government shall, and hereby undertakes, within three months from the date when this agreement has been
finally ratified, as hereinafter provided, to commence to construct and equip, and thereafter to proceed with reasonable despatch to complete the construction and equipment of a railway in the Orange River Colony between Bethlehem and Kroonstad in accordance with surveys, plans, and sections, types, estimates, and specifications which shall have previously been approved by the Commissioner or by an officer appointed by him for that purpose. Provided, however, that the said line shall be constructed with maximum gradients of one in fifty, compensated, or as near thereto as possible; and that, if necessary, wherever such can be obtained at a reasonable cost and with only a moderate addition to the distance, easier grades shall be adopted.

3. The Natal Government shall purchase from the Commissioner, at prices to be mutually agreed upon, such new permanent way material as may be required for the construction of the Kroonstad line and as the Commissioner can supply from stores already in stock or on order.

4. The Natal Government shall purchase from the Commissioner for the Kroonstad line, rolling stock to the value of £500 per mile of the said line. The quantities, description, and prices of the rolling stock so purchased, except as to the value per mile as aforesaid, shall be mutually agreed upon between the General Managers of the Natal Government Railways and Central South African Railways respectively, and the total sum expended by the Natal Government under this Article shall form part of the capital cost of the Kroonstad line.

5. The Commissioner shall, and hereby undertakes, within three months from the date when this agreement has been finally ratified as aforesaid, to commence to construct and equip, and thereafter to proceed with reasonable despatch to complete the construction and equipment of a railway in the Orange River Colony between Bethlehem and Modderpoort, and so to establish effective railway communication between Bethlehem and Bloemfontein.

6. The Natal Government shall, within twelve months of the date of the final ratification of this agreement, advance to the Commissioner, by way of loan, towards the cost of the Bethlehem-Modderpoort line, the sum of £150,000, being the estimated difference between the cost of the railway which it was intended should have been constructed between Bethlehem and Heilbron and that to be constructed between Bethlehem and Modderpoort.

7. The sum so advanced as aforesaid shall be repaid by the Commissioner to the Natal Government, without notice, five years from the date on which it shall have been so advanced.
provided that the Commissioner shall have the right to pay off the said sum at any time, either in one sum or by instalments of not less than £50,000 each, upon giving three months' notice to that effect. The said sum or any balance thereof shall carry interest at the rate of 3 3\% per cent. (three and three-quarters per centum) per annum, payable half-yearly.

A separate undertaking to the above effect to be given to the Natal Government in due course.

8. When the railway which is in course of construction in the Orange River Colony between Harrismith and Bethlehem is open for traffic, the arrangements now in existence between the Administrations of the Natal Government Railways and the Central South African Railways respectively as to the working of the line between Van Reenen and Harrismith shall, until the Commissioner has expropriated the Bethlehem-Kroonstad line, or has otherwise terminated this agreement, apply and be given effect to, with reference to the working of the railway between Van Reenen and Bethlehem, that is to say, the entire line between Van Reenen and Bethlehem shall be worked by the Natal Government, who shall, after deducting from the gross amount received in respect of the said line the actual cost of working the same, pay the balance half-yearly to the Commissioner or the officer appointed by him in that behalf. Should the amount of the actual cost of working the said line exceed the total gross receipts, the deficit shall be paid by the Commissioner to the Natal Government.

9. Until the Commissioner has exercised his powers of expropriation as hereinafter provided, or has otherwise terminated this agreement, the Natal Government shall work the Bethlehem-Kroonstad line at its own risk and expense and for its own benefit, subject to such stipulations and conditions as may hereafter be mutually agreed between the General Managers of the Natal and the Central South African Railways respectively; and, further, shall maintain the same up to the standard of maintenance observed on the main lines of the Natal and Central South African Railways.

10. At any time after five years from the date upon which the whole of the Bethlehem-Kroonstad Railway is opened for public traffic, the Commissioner or the officer for the time being authorised on that behalf, may, by giving twelve months' written notice to that effect to the Natal Government, expropriate the same, and the Natal Government shall, on the expiration of the said notice, hand over the railway to the Commissioner complete and in good and full working order, condition, and repair, and on failure to hand over the railway in such good and full working
railways—orange river colony.

Act 1, 1905.

order, condition, and repair, shall pay to the Commissioner such sum as he has necessarily expended in putting the same in such good order, condition, and repair.

11. On expropriating the railway as provided in the last preceding article, the Commissioner shall pay to the Natal Government in respect of the said railway the actual cost of construction and equipment, including the sum paid in respect of rolling stock, together with the following percentages thereon, viz:—

For the cost of raising the capital required for construction and equipment—2½ per centum.
For interest during construction on the expenditure as and when incurred—3½ per centum.
For bonus on the total sum expended on construction and equipment, including the above percentages—5 per centum.

12. Upon expropriation as aforesaid, the working by the Natal Government of the railway between Van Reenen and Bethlehem and Bethlehem and Kroonstad shall cease, and the same shall be worked under the Central South African Railway system.

13. Until the Bethlehem-Kroonstad line has been expropriated as aforesaid, or for a term of ten years from the date upon which the whole of the Bethlehem-Kroonstad line has been opened for public traffic as aforesaid, whichever period is longer, the following provisions as to rates shall respectively bind the Administration of the Central South African Railways and the Natal Government:

(a) The rates and fares to be charged over lines within the Orange River Colony, forming part of the Central South African Railways, on traffic to and from the Colony of Natal, shall be as favourable per ton and per mile on through and in local traffic as any rates charged for other traffic of a similar description travelling over the whole or any part of the Central South African Railways in the Orange River Colony under like conditions and for the same distances. Provided, however, that this shall not interfere with the right of the Central South African Railways Administration to increase or decrease rates or fares at its discretion within the Orange River Colony so long as such alteration is applied to all its lines in the Orange River Colony. No such alteration shall, however, be made without
six months' previous notice to the Natal Government.

(b) The foregoing conditions shall, mutatis mutandis, apply to rates and fares over the railways in Natal owned by the Natal Government in respect of traffic from or for stations in the Orange River Colony belonging to the Central South African Railways.

(c) The line from Van Reenen, via Bethlehem and Kroonstad to any point within the Orange River Colony shall, for the purpose of reckoning mileage in calculating rates, be regarded as one system, and the charges on traffic between Natal and the Orange River Colony shall be reckoned on the mileage basis at the lowest rate for similar traffic charged over the Orange River Colony lines from Cape Colony or other stations for similar distances.

(d) The Natal Government shall have the right to charge its ordinary rates for coal between Bethlehem and Kroonstad, so long as it owns and works the line.

(e) Coal from Natal to stations south of the Orange River (excluding stations north of De Aar) shall be charged from the boundary at Van Reenen to the boundary at Norval's Pont or Bethulie, as the case may be, at one halfpenny per ton per mile, or such lower rate as the Tariff for the time being in force may provide.

(f) Natal coal for stations in the Orange River Colony and for stations north of De Aar, in the Cape Colony, shall be charged at the lowest Tariff Rates for the time being in force. For the purpose of determining the rates so to be charged, coal being carried from Bethlehem towards Modderpoort and onwards shall be considered as travelling in a coastwards direction from Bethlehem.

Nothing in this Article shall deprive either Administration of its right to afford to other Administrations equal terms as to rates and fares for similar distances and under like conditions, and to regulate or alter its own rates and fares in non-competitive traffic.

14. An agreement shall be drafted by the respective General Managers of the Natal Government Railways and the Central South African Railways, setting forth in detail the points requiring to be dealt with in carrying out the principles herein laid down, and such agreement shall, when approved by the parties hereto, be signed by them, and shall form part of these presents.
15. The two contracting parties bind themselves to promote in every way the practical, efficient, and expeditious working of the local or through traffic from places in the Colony of Natal to places in the Orange River Colony, and from places in the Orange River Colony to places in the Colony of Natal, and to grant to each other all usual and useful facilities for the interchange, development, and satisfactory working of such traffic, and the provisions of this agreement shall be mutually construed so as to give effect to the spirit of this article.

16. Should any difference arise at any time between the contracting parties with reference to any matter arising from and in any way connected with this agreement, the same shall forthwith be dealt with by the respective General Managers of the Central South African Railways and the Natal Government Railways, or by any two persons who may for that purpose be appointed by the Administrations concerned, and in the event of their disagreement, the question or questions at issue shall be referred to His Excellency the High Commissioner for his decision, which shall be final and conclusive.

17. The Natal Government undertakes to submit this agreement for ratification and confirmation to the Natal Parliament at a special session, to be convened and held within two months from the date upon which a notification has been received by the Natal Government that the agreement has been approved by His Majesty's Secretary of State.

18. It is expressly declared and agreed that should this agreement not be ratified by the Natal Parliament within two months from the date when the approval of the Secretary of State shall have been communicated to the Natal Government, this agreement shall become null and void and of no further effect, unless further time for such ratification shall have been granted by the High Commissioner.

19. Should the office of Commissioner of Railways be abolished, the powers and duties imposed upon the Commissioner under this agreement shall be carried out and discharged by such officer as the High Commissioner may appoint thereto.

Whereas by a contract made between the Colonial Government of Natal and Thomas Reynolds, bearing date the 10th day of June, 1899, for the construction of a railway to be known as the Zululand Railway, certain rights were reserved to the Government in respect of the purchase of the said railway from the said Thomas Reynolds, or his successors or assigns, at such times, and upon such terms as were provided in that behalf:

And Whereas the said contract was confirmed by the Zululand Railway Act of 1899, and the railway therein referred to has been constructed, and is now being worked in accordance with the said contract and Act by the Colonial Government:

4. Immediately upon the promulgation of such Act of Parliament, the railway shall pass to, and become the property of the Government, and the Company shall, as soon as conveniently may be, give transfer and conveyance to the Government of any immovable property forming a part of the railway, and registered in the name of the Company.

Inasmuch as the Government has possession of the railway for the purpose of working the same in terms of the contract between the Government and Thomas Reynolds, which forms the Schedule of the Zululand Railway Act, 1899, no special act of delivery of any movables shall be necessary in order to vest the property therein in the Government.

11. The Governor may employ all engineers, clerks, workmen, and other persons for the purposes of the said contract or contracts, and for superintending the construction and maintenance thereunder of the Railway, and for the maintenance and working of the Railway until six months after completion, and pay to all or any such persons such salaries, wages, or remuneration as may from time to time be voted by Act of Supply.

13. The Railway and electric telegraphs, and all stations, lands, works, property, and things belonging thereto, or held in
connection therewith, shall be for ever exempt from all highway, municipal, police, and other local rates and taxes now or hereafter to be made or imposed.

AND WHEREAS, in connection with the said siding it will be necessary to pass along certain public roads, and certain properties may be injuriously affected, the right to which it is necessary to acquire:

AND WHEREAS it is expedient that the power to pass along or near to the said roads and acquire the said properties should be given:

BE IT THEREFORE ENACTED by the King's Most Excellent Majesty, by and with the advice and consent of the Legislative Council and Legislative Assembly of Natal, as follows:—

1. This Act may be cited as the "Effingham Siding Act."

2. In the interpretation of this Act the word "Promoter" shall include the said Gertrude Emily Bradley, her heirs and successors, and any person or company to which she may sell or transfer the rights, privileges and powers conferred upon her by this Act.

3. The Lands Clauses Consolidation Law, 1872, in so far as applicable and save and except where varied by this Act, shall be incorporated with this Act.

4. The Promoter is hereby authorised and empowered, subject to such terms as may be imposed by the Government to contract, carry on and complete and maintain the said siding, and to do all works in connection therewith.

5. The Promoter and the Government of Natal are hereby authorised to contract with each other for the purposes of acquiring from the Government aforesaid, whether by way of letting, hiring, or granting, and upon such terms as may be mutually agreed upon, the right of constructing the said Siding along the hereinafter mentioned public road and the right of working the same.
6. The Promoter is hereby authorised to acquire by purchase, agreement, or compulsory sale any private lands necessary for the construction of the said Siding.

7. The Promoter shall be and is hereby authorised and empowered, subject to such terms as may be imposed by the Government by herself, or her deputies, agents, officers, employees, or workmen to construct and complete the said Siding in a proper and workmanlike manner, and with all conveniences adjoining thereto or connected therewith for the passage thereon of railway engines and trucks.

The cars, carriages, trucks, or other vehicles used on the said Siding may be propelled by animal, steam, or other motive power.

8. The Promoter for the purpose of carrying out any of the works authorised by this Act shall have the right to enter upon public roads or private lands as aforesaid and break up same for the purpose of laying down the said Siding: Provided that the Promoter prior to such entry shall give at least one month's notice in writing to the Minister of Public Works for the time being, or to the Person or Persons whose land may be required, notifying her intention of so entering upon said public roads or private lands, and the said Siding shall be laid down as speedily as possible and with as little detriment and inconvenience to the public as circumstances will admit, and the roads restored to the same condition in which they were before the said works were made.

9. The Siding shall be laid and constructed to the standard gauge of the Natal Government Railways, and shall be carried out to the satisfaction of the Engineer of the Natal Government Railways or his deputy and shall be laid and maintained in such manner wheresoever it runs across any road or street used for traffic, that the uppermost surface of the rails shall be level with the surface of the street or road.

10. The said Siding shall not be open for public traffic until the same shall have been certified to be fit for public traffic by the Engineer to be appointed by the Natal Government Railways.

11. Should the Promoter be authorised by her contract with the Natal Government to work the said siding, she may carry farmer's produce, parcels, goods, merchandise, or other cargo along the said Siding, and make a charge for the carriage of the same, but such tariff of charges shall be subject to the approval of the Governor in Council.

12. The said Siding when constructed shall be worked subject to all the By-laws then or from time to time thereafter

14. The Promoter shall be bound, if required, to furnish the Governor in Council with full particulars as to the cost of construction of the said Siding, and also of the revenue and expenditure of the same from time to time.

15. The Governor in Council shall be empowered, subject to the approval of Parliament, at any time, after giving not less than six months' notice, to purchase and take over the whole of the works authorised by this Act, and the Promoter shall be required to sell, transfer and hand over to the Colonial Government the works so purchased, and the purchase price shall be paid to the Promoter.

Any such purchase shall be effected according to the provisions of Law No. 16 of 1872. Provided:

16. If and wherever the said proposed Siding, when laid over any public road, shall reduce the full available width of such road, on any one side of the said Siding, to a less width than twenty feet, the Promoter shall be bound to acquire, at her own cost, and vest in the Government, so much of land running along the said road as may be necessary in the discretion of the Engineer of the Public Works Department so as to allow of the said road being made up to the said width of twenty feet, and all lands so required shall be deemed to be lands which the Promoter is authorised by this Act to expropriate.

Act No. 49, 1906.

“To provide for the construction and working of a line of railway from the main line of the Natal Government Railways to Utrecht.”

[5th September, 1906.]

WHEREAS it is expedient that the Railway hereinafter described should be constructed:

BE IT THEREFORE ENACTED by the King’s Most Excellent Majesty, by and with the advice and consent of the Legislative Council and Legislative Assembly of Natal, as follows:—

1. This Act may be cited as the “Utrecht Railway Act, 1906.”

2. In this Act the expression “the Railway” means the line of Railway authorised by this Act.

3. The Governor shall be a Corporation for the purposes of this Act, and shall be entitled and competent to take, hold, and dispose of lands and other property.

4. The Lands Clauses Consolidation Law, 1872, except as varied by this Act, is incorporated with this Act.

5. The Governor may make and maintain in the lines according to plans to be first deposited at the offices of the Clerks of the Legislative Council and Legislative Assembly, or in such of the lines and with such deviations from the deposited plans as the Governor shall think desirable, while preserving the general direction of the Railway as shown on the same plans, the Railway hereinafter mentioned, with all proper stations, sidings, approaches, passing places, electric telegraph signals, works and conveniences connected therewith respectively; and may so make and maintain the same upon such of the lands shown in the deposited plans, or upon such lands as may be required for the purpose; and may enter upon, take, and use permanently or temporarily all such lands as aforesaid as may be
so required. All waste lands of the Crown which may be
required for the Railway or any purpose connected therewith,
may be taken and used without any charge or payment for the
same.

6. The Railway authorised by this Act is as under:—A line
of Railway commencing by a junction with the existing line of
railway at a point to be determined upon by the Governor in
Council, at or near to Newcastle, and terminating at a point upon
or near to the town lands of Utrecht.

7. The Railway shall be constructed as a single line on the
gauge of three feet six inches, but the Governor may from time
to time cause double lines to be constructed at such place or
places on the course of the said Railway as he may think ex-
pedient.

8. The Railway, if built by the Government, shall, in respect
of all Crown Lands heretofore alienated and granted by the
Government in quitrent, or freehold or leasehold, or any other
tenure whatsoever, and in or over which the Railway or any part
thereof shall be made, be deemed to be a road made or to be
made for the public good by order of Government, and accordingly
the proprietors of such land shall not, except in the cases pro-
vided in their several title deeds, leases, deeds of grant or other
documents of title, be entitled to any compensation for the land
taken for the purposes of the Railway, and the amount of said
compensation shall be determined in accordance with the pro-
visions of the Law No. 19, 1875: Provided that lands granted or
reserved by the Crown for the purpose of any town or village
through which the Railway may pass shall be deemed for the
purposes of this Act to be Crown lands heretofore granted, over
which the Government had reserved the right to make roads for
the public good by order of the Government.

9. The Governor is hereby empowered to construct the
Railway or any part or parts thereof, either departmentally or
by a contract or contracts or partly in the one way and partly
in the other, according as he shall deem it most expedient.

10. For the purpose of the construction of the Railway or
any part thereof by contract, the Governor may enter into a
contract or contracts for the execution of the works required for
the above-mentioned Railway, that is to say:—

1st. For the construction of the whole of the works
required for the above-mentioned line up to
formation level, and including the provision and
laying of all ballast, the laying of all permanent
way material and the erection and provision of all
fencing which Government may order together
with the maintenance of the whole of the aforesaid works for a period of twelve months after their completion.

2nd. For the purchase of all permanent way materials required for the construction of the aforesaid line.

3rd. For the provision and erection of all stations, station works, and works accessory thereto.

4th. For the purchase and erection of all electric telegraph material:

Provided that it shall be lawful for the Governor to fix and appoint the several sections to be constructed under any such contract, and the time to be allowed for their construction.

11. The Governor may employ all engineers, clerks, workmen and other persons for the purposes of the said contract or contracts, and for superintending the construction and maintenance thereunder of the Railway, and for the maintenance and working of the Railway until six months after completion, and pay to all or any such persons such salaries, wages or remuneration as may from time to time be voted by Act of Supply.

12. The Governor in Council may, if it shall seem expedient so to do, authorise any person or company to construct and work the Railway authorised by this Act instead of its being constructed and worked by the Government. The resolution of the Governor in Council confirming such authority shall be published in the Natal Government Gazette.

13. Such authority shall not be granted unless such person or company (hereinafter called "the Constructor") shall have first entered into a written agreement with the Government, in which there shall be set forth the time within which the Railway must be completed and ready for traffic, the conditions to be observed in regard to the strength and character of the works, the requirements in regard to road crossings, gates, fences and any other matters relative to construction and maintenance, the terms upon which the engines and rolling stock of the Natal Government Railways may be used, the mutual running powers to be enjoyed, the apportionment of receipts for traffic passing over the lines of the respective parties, and any other conditions which the Government may think proper in the interests of the public safety or otherwise.

The agreement shall be laid before both Houses of Parliament as soon as may be after its execution.

In so far as such agreement relates to the use of engines and rolling stock, the apportionment of receipts, and other matters connected with the working of the Railway, it may be varied...
from time to time by a similar agreement which shall also be laid before Parliament as above provided.

14. Upon the publication of the resolution of the Governor in Council the Constructor shall have full power and authority to construct the Railway authorised by this Act and to take, purchase and acquire any necessary lands according to the provisions of the Lands Clauses Law of 1872. Any waste lands of the Crown over which the Railway may pass shall, up to the limit of 100 feet in width, be placed at the disposal of the Constructor without charge, but subject to any rights which the Government may reserve in regard to road crossings, mining, or otherwise.

15. The Railway shall not be opened for traffic until it shall have been certified to be fit for such traffic by the engineer to be appointed by the Government, and if the Constructor intends to open the Railway for passenger traffic or for any public traffic it must be similarly certified for that purpose before being opened for any such purpose.

16. The Railway, if made under the authority as aforesaid, shall belong to the Constructor, who shall have the right to levy tolls and make charges for the conveyance of passengers, goods, merchandise and others upon such Railway, such tariff of tolls and charges being subject to the approval of the Governor in Council.

17. The Constructor may use on the Railway authorised by this Act, cars and carriages with flanged and other wheels, suitable to run on the prescribed rails, and, subject to the provisions of this Act, the Constructor shall have the exclusive use of the said Railway for cars or carriages with such wheels as may be suitable to run on the prescribed rails.

The cars, carriages, trucks, or other vehicles used on the said Railway may be propelled by animal, steam, or other motive power.

18. The Constructor shall be answerable for all accidents, damages, and injuries happening through his wrongful act or default, or through the wrongful act or default of any person in his employment, by reason or in consequence of any of his works or of his engines or carriages, and shall save harmless all road and other authorities, companies, or bodies, and their officers and servants, from all damages and costs in respect of such accidents, damages, and injuries.

19. The Constructor may, subject to the approval of the Governor in Council, make by-laws with respect to

The interference with or obstruction of any of the works authorised under this Act by any person;
The arrest and detention of offenders against any such by-laws;
The prohibiting of any person carrying, or requiring to be carried on the Railway, any goods which may be of a dangerous nature;

And to impose any penalties for the breach of any such by-laws, provided that no penalty shall exceed a fine of Five Pounds (£5) Sterling, or in default of payment of any such fine, imprisonment with or without hard labour for a period not exceeding one month.

20. The Constructor shall be empowered to prosecute by any person whom he may appoint any offenders against such by-laws before the Magistrate of the Division in which such offence is committed.

21. The Governor in Council may from time to time make such regulations as he may deem expedient for securing the safety of the public from personal injury, or from fire or otherwise, and may from time to time rescind, alter or repeal such regulations. Any regulations so made or amended by the Governor in Council, in pursuance of this section, shall have the like effect in every respect as if they had been included in this Act. Notice in writing shall be given by the Government to the Constructor of any such regulations, or of any repeal or alteration thereof at least a month before the regulation, repeal, or alteration is made by the Governor in Council.

22. The Constructor shall be bound, if required, to furnish the Governor in Council with full particulars as to the cost of construction of the said Railway, and also of the revenue and expenditure of the same from time to time.

over to the Government the Railway with the works, buildings and other things so purchased.

Notice of the intention to purchase and take the Railway shall be given in writing to the Constructor not less than twelve and not more than twenty-four months before the date appointed for the purchase. Such notice may be given at any time after the expiry of twenty-four years from the commencement of this Act.

The purchase price if not agreed upon shall be determined by arbitration.

The purchase price shall be determined according to the value of the works and other things purchased at the time of purchase without taking into consideration compulsory purchase, statutory rights, goodwill or profits, but in no case shall the value exceed the amount for which the works could be constructed at the time of purchase.

24. The General Manager on being thereto authorised by the Minister, shall have all necessary powers for constructing sidings, connected with the Railway authorised by this Act, or to connect the said Railway with any neighbouring public or private railway; and the Government or owners of any such siding or other railway shall be empowered to obtain running powers and rights of user over the Railway authorised by this Act in manner provided by an Act passed in the present Session of Parliament and entituled an Act “To give certain powers in relation to private railways connected with the Natal Government Railways.”

**Act No. 50, 1906.**

“To give certain powers in relation to private railways connected with the Natal Government Railways.”

[15th September, 1906.]

BE IT ENACTED by the King’s Most Excellent Majesty, by and with the advice and consent of the Legislative Council and Legislative Assembly of Natal, as follows:—

1. In this Act:—

“Minister” means the Minister having charge of the Interpretation Department of Railways.

“Railway” includes a tramway, a siding, or the like.

“Person” includes a corporation, company, partnership, or other association.
Act 50, 1906.

“Owner” includes a lessee or any person having the control of a railway.

2. Whenever one or more lines of private railway branches or extends in succession from any part of the Natal Government Railways, it shall be competent for the General Manager of Railways, upon the application of the owners or lessees of any of the adjoining properties on which Railway communication is desired, to give such running powers and rights of user over the intervening Railway or Railways, as will suffice for the traffic to and from the applicants’ property.

3. The General Manager shall give one month’s notice in writing to the owner of every Railway over which running powers and rights of user are desired of the intention to exercise such powers and rights.

4. The General Manager shall, unless the parties agree between themselves, fix the terms of payment to be made by the owners of each railway to the owners of the railway or railways over which such powers and rights are to be exercised.

Such payments shall comprise:

(a) A contribution by way of interest upon the capital cost of the railways which are so made use of.

(b) A charge for the use of the railways.

5. The payments of interest shall be so adjusted as to effect an equitable apportionment between the successive railways of the burdens of capital cost, maintenance and renewals.

Such payments may be readjusted by the General Manager from time to time as the railways are extended, or as the conditions vary.

6. The owners of every railway which shall be brought within the operation of the preceding sections of this Act shall be bound to allow running powers and rights of user to be exercised in such manner and to such extent as may be mutually agreed, or, failing such agreement, as may be appointed by the General Manager, and shall pay or be paid the interest and charges as fixed by the General Manager, and at the times which he may appoint: Provided that if the owner of any railway is dissatisfied with a decision of the General Manager he may, upon notice to all other parties concerned, bring the matter before the Minister, who after such enquiries as appear proper, shall submit the case to the Governor in Council, and the decision of the Governor in Council shall be final.

7. The owners of any railways to whom this Act applies shall have all rights of action and remedies of law for the enforcement of the mutual obligations created under this Act in like
manner as if such obligations were created by contract between
the parties.

Where the running powers and rights of user provided for
by this Act are exercised by the General Manager under arrange-
ment with any railway the General Manager, acting for the
Colonial Government, shall have the same rights and remedies
for enforcing the fulfilment of the obligations of the several
railways in this respect as are hereinbefore given to the owners
of any such railways.

8. (1) Upon application being made to the Minister by the
owners of any railway, or by any person who
proposes to construct a railway, to have such railway
connected with the Natal Government Railways
either directly or through the medium of any
intervening railway, the Minister may, by such
officer as he shall depute for the purpose, exercise
all or any of the following powers:—

(a) To enter upon any lands and to make such in-
spections and surveys as may be required to
satisfy him whether it will be of advantage in
the public interest that the application should
be granted, and as to the route and other
matters of information regarding the proposed
line of connection.

(b) To lay out and make such railway as may in his
opinion be required for the purpose of con-
necting the applicant's railway with the Natal
Government Railways or with any intervening
railway, together with all adjuncts and acces-
sories proper to the completion of such railway,
and for that purpose to enter upon purchase
and acquire any lands which may be required,
and to do all things and to exercise all powers
incidental to the construction of the railway.

(c) To authorise the applicants to construct the
required railway, subject to the supervision and
approval of the Minister.

(2) The exercise of the powers under this section shall be
effected according to the provisions of the Lands
Clauses Consolidation Law, 1872, which is hereby
incorporated with this Act for the aforesaid pur-
poses.

(3) All expenses and costs incurred in and about the
exercise of the powers under this section shall be

Act 50, 1906.
borne by the applicants, inclusive of any compensation or the like which may be payable, and of the costs of any legal proceedings.

(4) Before acting under the powers given by this section the Minister shall require the applicants to give such security as he may think proper for the expenses and costs to be incurred.

(5) The powers under this section shall not be exercised in any case in which the distance to be covered by the connecting railway exceeds twelve miles in a direct line.

9. (1) The Governor in Council shall have the right at any time to purchase and take over any railway which is connected with the Natal Government Railways either directly or through the medium of another railway, and the owners of such railway shall be required to sell, transfer, and hand over to the Government the railway together with the equipment and adjuncts thereof.

(2) Six months’ notice in writing shall be given of the intention to purchase such a railway.

(3) The purchase price shall be determined according to the value of the works at the time of purchase, without any addition in respect of compulsory purchase, statutory rights, goodwill or profits, save that there shall be added to the value ascertained as aforesaid a sum equal to five per cent. on the capital expended.

(4) Nothing in this section shall be deemed to affect the provisions of any special Act under which powers are given for the compulsory purchase of any railway.

To authorise the construction and working of a line of Railway from Vryheid to a point on or near to the farm Parijs, in the District of Vryheid, and to ratify a contract made between the Government and Gustave Henry Bonas, relative to the construction, maintenance, and working of the said Railway, the supply of coal to the Government and
the establishment of iron and steel works in the district adjacent to the said Railway.”

[21st December, 1906.]

WHEREAS the Minister of Railways and Harbours, as representing the Colonial Government of Natal, and Gustave Henry Bonas, of Kimberley, in the Colony of the Cape of Good Hope, have entered into a contract whereby the said Colonial Government undertake to construct on behalf of the said Gustave Henry Bonas a line of railway from Vryheid past Hlobane to a point on or near to the farm Parijs in the district of Vryheid, and to maintain and work the same for a period of twenty-five years, all upon certain terms in regard to payment and otherwise, and the said Gustave Henry Bonas undertakes to establish a colliery or collieries and iron and steel works adjacent to the railway and to supply the Government with coal from the said collieries; in consideration of which several matters certain mutual obligations were entered into by the parties:

AND WHEREAS the said contract is made subject to ratification by an Act of Parliament, and it is expedient in the public interest to ratify the same, and to grant the necessary powers for the construction, maintenance, and working of the said railway, and for the fulfilment of the mutual engagements of the parties to the contract:

BE IT THEREFORE ENACTED by the King’s Most Excellent Majesty, by and with the advice and consent of the Legislative Council and Legislative Assembly of Natal, as follows:—

1. The contract entered into on the 10th and 14th days of November, 1906, between the Minister of Railways and Harbours as representing the Colonial Government of Natal (hereinafter called “The Government”) and Gustave Henry Bonas, of Kimberley in the Colony of the Cape of Good Hope (hereinafter with his heirs, executors, administrators, and assigns referred to as “The Owner”), as varied and amended by a later agreement bearing date the 10th December, 1906, copies of which contract and agreement form the schedule of this Act, is hereby ratified and confirmed, and the several mutual covenants and agreements therein contained are declared legal and binding between the Government and the Owner, all the necessary powers and authority being hereby conferred upon the Government and its officers for giving full and complete effect thereto.

All references in this Act to the said contract shall be understood as references to the said contract as varied and amended by the subsequent agreement above referred to.
2. The Governor shall be empowered to construct the railway described in the said contract, in the manner and subject to the conditions provided for by the said contract and by this Act, and for that purpose he shall be lawfully entitled to take and use permanently or temporarily all such lands as shall be required for the purposes of the railway, and to carry out all necessary works, and to do all things necessary or incidental to the exercise of the powers hereby granted.

3. The Lands Clauses Consolidation Law of 1872, except as varied by this Act, is incorporated with this Act.

Nothing in the said Law shall be deemed to require the filing of any maps or plans with the Clerk of either House of Parliament before the passing of this Act, but copies of such maps and plans as are in the said Law referred to shall be lodged with the Clerks of the Legislative Council and Legislative Assembly as soon as possible after the preparation thereof.

4. 5. The railway shall, in respect of all lands heretofore granted in quit rent, or freehold or leasehold, or any other tenure whatsoever, and in or over which the railway or any part thereof shall be made, be deemed to be a road made or to be made for the public good by order of Government, and accordingly the proprietors of such lands shall not, except in the cases specially provided in their several title deeds, deeds of grant or other documents of title, be entitled to any compensation for the land taken for the purposes of the railway, and in cases where compensation is payable, the amount of such compensation shall be determined in accordance with the provisions of the Law No. 19, 1875: Provided that lands granted or reserved for the purpose of any town or village through which the railway may pass shall be deemed for the purposes of this Act to be lands heretofore granted over which the Government had reserved the right to make roads for the public good by order of the Government.

6. The railway when constructed and taken over as provided in the said contract, and so long as it shall be worked and maintained by the Government, or when expropriated in terms of the contract, shall be managed as a part of, and subject to the laws and regulations applicable to, the Natal Government Railways.

The railway shall nevertheless be the property of the Owner until it shall have been acquired by the Government. This

provision shall not, however, affect the ownership of the lands upon which the railway shall be constructed.

7. The railway and electric telegraphs and all stations, lands, works, property and things belonging thereto, or held in connection therewith, shall be for ever exempt from all highway, municipal, police and other local rates and taxes now or hereafter to be made or imposed.

8. Any claim which the Colonial Government may at any time have for money due by the Owner, with the interest thereon, in respect to the construction of the railway or any capital charges in connection with the railway or the Owner's share in the losses of management and working as provided in the contract, shall be a first charge upon the railway and all the Owner's interest therein and upon all buildings and things of whatever kind forming a part of the railway or used in connection therewith, and shall be preferent to all bonds and other charges whether of earlier or later date, and howsoever effected.

9. At the expiry of the aforesaid contract the railway therein referred to may at all times thereafter lawfully continue to be maintained and worked, either as a part of the Natal Government Railways, if expropriated by the Government, or if not so expropriated, as a private railway, and in the latter case it may either be maintained and worked by the Owner or by the Government under any agreement which may be made in that behalf.

In every such case the Government shall give all necessary facilities and running powers for enabling the railway to be efficiently worked in connection with the Natal Government Railways or any railways maintained and worked by the Government.

So long as the said railway is used as a private railway all traffic, including passengers, animals, mails, parcels, goods and other things passing to and from the railway shall be carried upon the most favourable terms in regard to rates and fares which are for the time being given to similar traffic of the respective kinds on the main line and branch lines of the Natal Government Railways, so far as it may be carried over such lines, and the Administration or any person by whom the railway shall be carried on shall receive and carry all such traffic over the railway to and from the Natal Government Railways at mileage rates not exceeding the respective rates for similar classes of traffic carried on the line from Glencoe Junction to Vryheid inland or seawards as the case may be, or otherwise at such respective rates as may from time to time be set forth in a tariff approved by the Governor in Council.
10. Nothing herein contained shall prevent the Government from constructing lines of railway in continuation of or branching from the railway the subject of this Act, or from exercising running powers over the same for the purpose of such other railways, or in any way conflict with or limit the application of Act No. 50, 1906.

11. Nothing contained in the Vryheid Extension Railway Act, 1905, shall be deemed to affect the railway the subject of this Act.

12. This Act may be cited as "The Hlobane Railway and Coal and Iron Industries Act, 1906."

SCHEDULE.

This contract made between the Honourable John George Maydon, in his capacity as Minister of Railways and Harbours and as such representing the Colonial Government of Natal (hereinafter called "The Government") of the one part, and Gustave Henry Bonas, of Kimberley, in the Colony of the Cape of Good Hope, his heirs, executors, administrators, and assigns (hereinafter called "The Owner") of the other part,

WITNESSETH:—

That the parties have agreed and contracted with each other as follows:—

1. In this contract the following expressions shall have the following meanings, respectively:—

"The Railway" means the railway hereinafter described and to be constructed under this contract, together with all buildings, erections and conveniences to be made in connection therewith.

"The Minister" means the Minister for the time being in charge of the Department of Railways.

"The Engineer-in-Chief" means the Engineer-in-Chief of the Natal Government Railways.

"The Owner's Engineer" means the engineer appointed by the Owner to act on his behalf.

"The Administration" means the Railway Administration of the Government.

"Person" includes a society, company or corporation.

"General Manager" means the General Manager of Railways in Natal.

2. This contract shall not take effect unless and until it shall have been confirmed by an Act of Parliament, and any reference to the date of the commencement of this contract shall be
defined to be a reference to the date of the publication of the Act in the *Natal Government Gazette* (a).

3. Within ten days after the date of the signature of this contract by the Minister the Owner shall lodge with the Treasurer of Natal or the Agent-General for Natal in London security either in money or other securities approved by the Treasurer or Agent-General to the extent of Twenty Thousand Pounds (£20,000) Sterling, for the due and faithful performance of this contract, which security shall be held by the Treasurer or Agent-General on the conditions hereinafter stated.

If the security consists of money the Government shall pay the Owner interest thereon half-yearly at the rate of three and a half per centum per annum, and if it consists of other securities, arrangements shall be made for allowing him to receive the interest or dividends accruing thereon without liability on the part of the Government.

4. The Government undertakes with diligence and expedition to construct the railway on behalf of the Owner, subject to the Owner's obligation to supply the necessary money, and to equip the same so as to be ready and fit for being opened throughout for the public carriage of passengers, animals, goods, minerals, mails, parcels, and all other traffic within the time hereinafter described.

5. (1) The railway shall be as follows:

A railway commencing by a junction with the existing line of the Natal Government Railways at the Vryheid terminus, thence proceeding by the most practicable route past Hlobane to a suitable point on or near to the farm "Parijs" in the district of Vryheid, distant approximately thirty-seven and one half miles from the Vryheid terminus.

The route of the railway shall be determined by the Engineer-in-Chief. Before so determining the Engineer-in-Chief shall consult with the Owner or his Engineer, and shall endeavour to meet the Owner's wishes and requirements so that the railway shall be in all respects suitable to the projected development of the coal and iron industries to be established by the Owner in the said district (b).

(2) The railway shall comprise,—

(a) Such two special sidings with appliances as may at any time be required by the Owner to afford access

from the railway to the collieries or other works to be established by the Owner at or in the vicinity of Hlobane, and such other point as the Owner may select for the erection of his iron and steel works.

(b) All such sidings, passing places, stations, offices, engine houses, goods and cattle depots, turn-tables, water supplies, signals, signal-cabins, telegraphs and other works as shall reasonably be necessary for the due and efficient maintenance and working of the railway.

(c) All such under and over bridges and level crossings, accommodation roads, approaches, cattle creeps, water courses, drains, culverts, and other works as may reasonably be necessary for the accommodation or protection of the lands intersected by the railway.

(d) The erection of fences along the route of the railway, provided that such fences shall not be of a more expensive character than those erected along the main line of the Natal Government Railways.

(3) The railway shall be laid out and constructed as a single line of the standard three feet six gauge of the Natal Government Railways. It shall be laid with rails weighing not less than sixty pounds to the yard of British standard section, and the whole of the permanent way shall be of the same pattern, dimensions and character as are now in use upon the Upper Tugela Railway. The bridges shall be designed and built to carry the heaviest trucks and engines now in use upon the Natal Government Railways, and all such permanent way, bridges, and appliances generally, shall be subject in all respects to the approval of the Engineer-in-Chief.

(4) The limiting gradient shall be one in 50 compensated for curvature, and the least radius of curvature five hundred feet unless the character of the country to be traversed shall reasonably demand the adoption of steeper grades and sharper curves (a).

6. Subject to the determination of the route by the Engineer-in-Chief, the surveys and specifications of the railway shall be approved by the Owner's Engineer.

7. As soon as may conveniently be after the commencement of this contract the Owner's Engineer shall agree with the

Engineer-in-Chief any details in regard to surveys, plans, locations, sections, curves, gradients, stations, telegraphs, fences, water supplies, works of art, types, designs and the like, and any other matters relative to construction and equipment which may be necessary and proper for implementing this contract (a).

8. The Government shall begin the surveys immediately upon the commencement of this contract, and shall complete the same and commence and carry on the construction of the railway with all diligence.

The whole railway shall be completed and equipped in all respects in accordance with this contract within twenty-four months from the date of the commencement of this contract (b).

Provided that if the completion of the railway should be unavoidably delayed owing to war, rebellion, storms, strikes, lockouts or other causes beyond the control of the Government, the Government shall be entitled to a reasonable extension of time within which to complete it. Should any dispute arise between the parties as to the grounds for such extension of time, or as to the time to be allowed, the question shall be decided by arbitration.

This clause does not include the special sidings mentioned in paragraph 2 (a) of Clause 5, which sidings shall be completed, with the necessary appliances, within a reasonable time after notice is given by the Owner to the Government to construct the same (c).

9. The Bill to be placed before Parliament shall contain the usual Government authority for entering upon lands without payment of compensation subject to the exceptions ordinarily contained in Acts of Parliament authorising the construction of Natal Government Railways, this agreement being entered into upon the faith of such authority being granted.

10. (1) As far as possible the land required for the railway shall be shewn upon the plans of the preliminary surveys, but at any time during the construction the Government shall obtain such additional lands as may (d) be required for the railway.

(2) The lands to be so used shall not exceed 100 feet in width except where a greater width or isolated portions of land may be necessary for the purposes of and incidental to the construction of the railway and works.

(b) See words added by supplementary contract, post.
(c) See words added by supplementary contract, post.
(d) By the supplementary contract the following words are here inserted: "in the opinion of the Engineer-in-Chief."
11. The Owner's Engineer may at all reasonable times during the construction of the railway enter upon and examine the railway and all materials and work pertaining thereto, and the Government shall afford to the Owner's Engineer such information as may be within their knowledge and power in all matters enquired into by him, and shall on his demand submit to him all plans, specifications, drawings and documents relating to the materials, construction, repairs, or state of repair of the railway or any portion thereof.

12. The whole cost of surveying, staking and laying out of the railway and of obtaining the lands to be occupied as aforesaid and the cost of the construction and equipment of the railway (except as to engines and rolling stock required for working the same), and of all labour and materials for the same, inspection of material and engineering supervision, and all other incidental expenses reasonably incurred by the Government, shall be borne and paid by the Owner.

13. The Engineer-in-Chief shall from time to time, subject to fourteen days' notice, make requisitions in writing for all moneys required under the preceding clause, and the Owner shall on the due date of any such requisition pay to the Treasurer of Natal the sum stated therein.

Such requisitions shall ordinarily be made quarterly for the moneys estimated to be required for the coming quarter, but special requisitions may be made at any time should the Engineer-in-Chief consider it necessary.

Similar requisitions, subject to the same notice, may from time to time be made by the Agent-General for Natal to the Owner in London for moneys required to be paid there, and the Owner shall similarly pay the sums so requisitioned for to the Agent-General at his Office.

The Engineer-in-Chief or Agent-General may, on fourteen days' notice, require the owner to give approved security before issuing indents or orders for bridge work or other things of considerable value, and the Owner shall give the security so required.

14. The cost of railway carriage in Natal of all plant and railway material during construction will be charged at the construction rate of One Penny per mile per ton of Two Thousand Pounds (2,000 lbs.).

After the completion of the railway such plant and railway material as may be properly chargeable to capital account shall likewise be carried at the construction rate aforesaid.

The carriage of such further plant and material as may be

chargeable to maintenance account shall be carried at the ordinary rates.

15. The construction of the railway shall be carried out to the satisfaction of the Owner's Engineer, and before being taken over by the Administration to be opened for traffic as hereinafter provided shall be certified by him as having been completed to his satisfaction (a).

16. When the railway or the section thereof from Vryheid to Hlobane shall be completed and certified as ready for traffic the Administration shall take over, maintain and work the railway or such section as if it formed part of the Natal Government Railway system.

Provided always that the continuance of such undertaking shall be contingent upon the Owner fulfilling the obligations placed upon him in regard to the establishment of iron and steel works under Clause 33 of this contract, and upon his failure to carry out such obligations in terms of this contract the undertaking contained in this clause [shall at once cease and determine (b)] together with the provision hereinafter contained in reference to the division of profits and losses.

17. The whole of the railway shall be the property of the Owner, subject to the rights hereby given to the Government.

18. The Administration shall, at all times, put and use upon the railway a suitable type of engine and rolling stock in sufficient quantity to meet the requirements of the iron and coal industries to be established by the Owner in the district served by the railway, and shall give every reasonable facility for the development and extension of such industries (c).

19. The rates and fares to be charged upon passengers, animals, goods, minerals, parcels, and all other traffic upon the railway, that is to say, from any station to any other station on the railway and to any station on the Natal Government Railways and vice versa, shall be in accordance with the tariffs of the Natal Government Railways from time to time in force: Provided that the Government may as regards the line from Vryheid to the terminus charge the same rates and fares per mile as are from time to time in force for traffic on the line from Glencoe Junction to Vryheid, but provided also that the rates for iron, and coal and for any other industrial products of the Owner's

works or factories in the district served by the railway shall at all times be the most favourable which are from time to time granted respectively to similar classes of things on any part of the Natal Government Railways for traffic within the Colony or for traffic passing out of the Colony, as the case may be.

All mails, including postal parcels, shall be carried upon the railway upon the same terms as those under which mails are for the time being carried by the Natal Government Railways for the Postal Department.

20. As soon as the railway or the section thereof from Vryheid to Hlobane is opened for traffic the telegraph system upon the railway or upon such section shall be taken over by the Telegraph Department of Government, and shall be maintained, worked, and used as a part of the general system of Government telegraphs, at the cost and for the profit of Government, and the Government shall pay the revenue account of the railway for telegrams sent over the aforesaid telegraph lines upon the same basis as is adopted by Government in connection with telegrams sent over the telegraph lines of the Natal Government Railways, except that there shall be no charge for messages in the course of the working or business of the Railway and Telegraph Departments or messages on the public service.

21. (1) The Government shall pay to the Owner or to a trustee to be named by him interest at the rate of three and a half per cent. per annum on the cost of the railway up to the limit hereinafter stated.

Such interest shall be paid half-yearly in Natal, the first payment to be made on the 30th day of June or the 31st day of December next following the day on which the whole of the railway shall be opened for traffic, and thereafter payments shall be made on the 30th day of June and the 31st day of December in each year.

(2) The cost of the railway shall include:

(a) All payments made by the Owner to the Government for or on account of the construction of the railway as hereinbefore provided:

(b) The salary and office expenses of the Owner’s engineer upon the railway.

(c) Such a sum, in no case exceeding five per cent., as the Owner may show that he has actually and properly paid in raising the money required for such payments as aforesaid:

(d) Bank commission and exchange between London and the Colony.
RAILWAYS—VRYHEID AND HLOBANÉ.

All such charges to be first certified by the Auditor-General as properly chargeable to the construction of the railway.

To the above charges shall be added interest at the rate of three and a half per cent. per annum upon all payments made by the Owner to the Government as aforesaid from the date of each such payment up to the day on which the whole of the railway shall be opened for traffic.

The total of all such sums as are mentioned in this sub-clause shall be deemed to be the cost of the railway.

Provided that for the purpose of the payment of interest by the Government as aforesaid the cost of the railway shall in no case be deemed to exceed the sum of Two Hundred and Forty Thousand Pounds Sterling.

(3) As evidence of any payments which under the preceding Sub-clause are to be included in the cost of the railway, the Owner shall produce to the Engineer-in-Chief or to any auditor or auditors appointed by the Government for the purpose all vouchers for such payments, and shall give all necessary information and afford all facilities for verifying the payments.

(4) The continuance of payment by the Government of such interest shall be contingent upon the Owner fulfilling the obligations placed upon him under Clause 33 of this contract in regard to the establishment of iron and steel smelting works, and upon his failure to carry out such obligation in terms of this contract the liability of the Government for such interest shall at once cease and determine.

(5) The Government's liability for such interest shall in any case cease at the expiry of twenty-five years from the date of the commencement of this contract.

(6) Save as aforesaid the liability of the Government for the payment of such interest shall be absolute and unaffected by any debt which may be owed by the Owner to the Government, and no such debt shall be set off against the payment of interest by the Government.

22. From the time when the railway or such section thereof as aforesaid shall have been opened for traffic, the profits and losses of working and maintaining the railway shall be divided equally between the Owner and the Government in manner hereinafter determined.

23. (1) The administration shall render half-yearly returns terminating on the 30th June and 31st December of each year, and setting forth the revenue derived from the railway, which shall be ascertained and determined as follows:—

(a) The receipts derived from all traffic which both arises
and terminates upon the railway shall be credited to and reckoned as the revenue of the railway.

(b) The receipts derived from through traffic passing from the railway to the Natal Government Railways or vice versa shall be apportioned rateably according to the mileage over which such traffic shall pass on the railway and the Natal Government Railways. The agent or officer appointed by the Owner for the purpose shall be at liberty to examine all books and documents necessary for the verification of the accounts.

(2) The administration shall also furnish returns shewing the expenses for the half-year of the management, working and maintenance of the railway made up in the same manner and upon the same basis as is customary in making up similar accounts for branch lines of the Natal Government Railways, including charges for the use of rolling stock and terminal charges, together with such other charges as may properly be brought into account, but not including the half-yearly interest payable by the Government on the cost of the railway.

A memorandum setting forth generally the basis of calculation of such expenses shall be agreed between the Owner and the General Manager of Railways.

24. The difference between the receipts and expenses shown in the aforesaid returns shall be the profit or loss to be divided equally between the Owner and the Government, and any sum shown to be due by the Government to the Owner or by the Owner to the Government shall be paid by the one party to the other not later than the month of August or February following the end of the half year to which the returns relate.

Provided, however, that the Government shall not be required to divide the profits earned in any half year unless they exceed the sum payable to the Owner by way of such interest as aforesaid for the same half year, and the excess only shall be so divided.

No profits or losses shall be carried over from any half year into another, each half-yearly account constituting a final adjustment to date.

25. The above described arrangements relative to the working and maintenance of the railway by the Government and the division of profits and losses shall cease at the end of twenty-five years from the date of the commencement of this contract.
26. If during the time the railway is maintained and worked by the Government the General Manager shall consider it necessary or advisable to make additions or improvements to the railway or any other works which in his opinion would probably form a charge against capital account and not against maintenance, he shall give notice thereof to the Owner, and if the Owner does not assent to such works being carried out or to their being charged to capital account, the General Manager may, by notice to the Owner, call upon him to submit to arbitration in manner hereinafter provided the question whether such works are necessary or ought, in the proper and reasonable interests of the railway or of the development of the industries mentioned in this contract, to be carried out, or whether they are properly chargeable to capital account or not; and if by such arbitration it is decided that such works are necessary or ought to be carried out the General Manager may execute such works with such modifications as may be required by the award, and if it shall be decided that they are chargeable to capital account the Owner shall be obliged to pay the Government the cost thereof upon the completion of the work.

In so far as any such works constitute an addition to the railway, or effect an increased value beyond the original value of the things replaced or otherwise dealt with, an interest charge at the rate of three and a half per centum per annum upon the cost of such works or upon such increased value, as the case may be, shall be added to the interest charge payable to the Owner under the foregoing provisions of this contract, and shall be treated as a part thereof for the purpose of the division of profits.

27. If any work shall have been carried out and charged to maintenance account which in the opinion of the Owner are properly chargeable to capital account, he may, within two weeks after receiving the half-yearly returns object to the inclusion of such works in the maintenance account, and in the event of disagreement the question shall be decided by arbitration.

28. Nothing in the foregoing clause shall be deemed to prevent the General Manager from immediately carrying out any works which he may consider urgently necessary in order to prevent interruption of traffic or damage, but this shall not prejudice the determination of any question in regard to the charging of the cost to capital account or maintenance account. Notice of any such work shall be given to the Owner as soon as possible.

29. The Government shall have a first and preferent charge over the railway for any moneys due by the Owner (with the

30. The Government shall have the right at any time before the expiry of 24 years from the date of the commencement of this contract to give notice in writing to the Owner of their intention to purchase and take over the railway at the expiration of the period of 25 years hereinbefore mentioned, and upon such notice being given the Owner shall and hereby obliges himself to sell, transfer and hand over the railway to the Government.

The purchase price shall be the whole cost of the railway ascertained as provided in Clause No. 21 (without the limitation of £240,000 therein mentioned), together with all further cost, if any, upon which the Government may pay interest in terms of Clause No. 26.

The purchase price of the railway shall be paid by the Government to the Owner in Natal.

31. The Owner undertakes within a period of two years from the date of commencement of this contract to open and to have in full working order a colliery or collieries at or near Hlobane, from which he shall supply the Government with all such steam coal as the Government may wish to purchase for the Railway and Harbour departments. The first supply of coal to be made upon six months' notice to be given by the Government.

All such coal shall be of the best quality produced in the Owner's collieries, screened, or washed and screened, and free from dross and other impurities, and fit in all respects for locomotive purposes or for use on steam tugs or dredgers.

The price of such coal delivered free on truck at pit's mouth shall be five shillings per ton of 2,240 pounds for round coal, and if at any time the Owner or any Company working collieries in the neighbourhood of Hlobane under an agreement with him shall enter into a contract with any other consumer for the supply of round coal at a price less than that at which it is to be supplied to the Government under this contract, the Owner binds himself to reduce the price of round coal to the Government to the level of the lowest price charged to such other consumer.

This clause shall continue in force for a period of twenty-five years from the date of this contract.

This agreement shall not be deemed to prevent the Government from entering into contracts with any other persons or companies for the supply of coal (a).

---

*a* See words added by supplementary contract.
32. The Owner promises and undertakes that he will not at any time during the existence of this contract either directly or indirectly combine with or enter into any ring or combination for the purpose of increasing the price of coal to any consumer or otherwise than in accordance with the natural fluctuations of the market (a).

33. The Owner binds himself to erect at a suitable place to be selected by him within the district extending from Hlobane to the farm Parijs, iron and steel works of a value of not less than Two Hundred Thousand Pounds (£200,000) Sterling, exclusive of the value of the land on which the works may be erected. Such work shall be commenced within six months after the opening of the railway for traffic, and shall be erected and completed and ready in all respects for commencing the manufacture of iron and steel not later than the [Thirty-first day of December, Nineteen Hundred and Ten (b).]

34. In the event of the Owner carrying out his obligations in regard to the establishment of iron and steel works, the Government shall enter into an agreement for the payment to him of an annual bonus equal to five per centum on all wholesale sales of pig iron or manufactured iron or steel produced at the works aforesaid and disposed of for consumption in Natal in each of the first five years from the date when the manufacture of iron and steel shall be begun. Such bonus shall not, however, exceed Ten Thousand Pounds (£10,000) in any one year, and shall be reduced in proportion to any protection which may be given to the iron or steel so produced by the Customs tariff for the time being in force.

35. The condition of the aforesaid deposit of money or securities to the value of Twenty Thousand Pounds Sterling shall be that, if the Owner shall punctually pay all moneys becoming due by him to the Government in connection with the construction of the railway, up to the time of the opening for traffic, and shall commence to erect and shall complete the iron and steel works in conformity with this contract, and shall furnish security to the satisfaction of the Government for the carrying out of his undertaking in regard to the supply of coal, the money or securities so deposited shall be returned to him, but if he fails either to make such payments or to commence and

complete iron and steel works according to the requirements of this contract, or to supply coal under this contract, the whole of such money or securities shall be forfeited and become the property of the Government, it being the intent of the parties that inasmuch as the Government has entered into this contract in the public interests, and has undertaken the several liabilities hereinbefore set forth, the failure of the Owner to carry out any of such obligations as aforesaid shall be conclusively deemed to give the Government a liquid claim in damages for the full sum of Twenty Thousand Pounds (£20,000); and it is specially agreed that the fulfilment by the Owner of any one or more of such obligations shall in no way entitle him to a reduction of the said sum.

36. It shall be a mutual obligation between the parties that if any money due or payable by either party to the other is not paid at the due date hereof, the same shall bear interest at the rate of six per cent. per annum from the due date.

37. The Owner shall be entitled to cede and assign this contract to any person, but he shall not thereby be relieved of his obligations under this contract unless the Government shall consent to his being so released.

38. Nothing contained in this contract shall exempt the railway or the Owner from the provisions of any general law or Act now in force or hereinafter to be passed relating to railways.

39. No member or officer of the Government shall be in any wise bound personally for the acts and obligations of the Government under this contract, or answerable for any default or omission in the observance, performance or fulfilment of the acts, matters or things which are hereby made obligatory on the Government.

40. Except so far as in this contract is otherwise expressly provided, nothing herein contained shall in any manner affect the rights of His Majesty or any person or corporation.

41. During the period of construction the Owner and the Owner's Engineer shall be entitled to free passes over the Natal Government Railways.

42. Should the Owner be unavoidably prevented owing to war, rebellion, storm, strikes, lock-outs or other causes beyond his control from carrying out his obligations under this contract, he shall be entitled to a reasonable extension of time within which to carry out any of his obligations. Should any dispute arise between the parties as to the grounds for such extension of time or as to the time to be allowed, the question shall be referred to arbitration.
43. In case and so often as any dispute, difference, or question shall arise between the parties hereto, or any persons claiming through or under them respectively relating to the construction, meaning or effect of this contract or any clause or thing herein contained, or any rights or liability hereunder, the subject of every such dispute, difference or question shall, in every case, on the demand in writing of either party, be referred to the arbitration and award of an umpire, if the parties can agree to an umpire, and in case they cannot agree then to two arbitrators and an umpire. Such arbitration shall in either case be according to the provisions of the Arbitration Act of 1898, or any other Act which may then be in force.

44. All notices to be given to or requisitions to be made upon the Owner for the purposes of this contract shall be in writing under the hand of the Minister or Engineer-in-Chief, or the Agent-General, and shall be delivered to or left for the Owner with such person and at such convenient place as the Owner shall from time to time appoint [in Natal and London (a)] respectively (which appointment the Owner hereby undertakes to make), or failing such appointment at the address as set forth in the caption of this contract, or at his principal or last known place of business in Natal, and every such notice shall be deemed to have been given at the time when it shall have been so delivered or left.

The owner accepts domicilium citandi et executandi at the place to be appointed in Natal as aforesaid for the purposes of all suits or proceedings which the Government may wish to institute in Natal, and at the place to be appointed in London as aforesaid for the purposes of any suits or proceedings which the Government may wish to institute in England.

45. It shall be provided in the Bill to be laid before Parliament that at the expiry of this agreement, whether the railway shall have been expropriated by the Government or not, it may continue to be maintained and worked as a part of the Natal Government Railways or as a private railway, as the case may be; that all necessary facilities and running powers shall be given for enabling the railway to be efficiently worked in connection with the Natal Government Railways; that all traffic, including passengers, animals, mails, parcels, minerals, goods and other things passing to and from the railway shall be carried upon the most favourable terms in regard to

   (2) The following words shall be added after the words "to
Act 55, 1906. construct the same," in the fourth paragraph of Clause 8 of the principal contract:—

Act No. 8, 1903.

"To authorise the amalgamation of the Title Deeds and Diagrams of contiguous properties owned by the same person."

[8th July, 1903.]

BE IT ENACTED by the King's Most Excellent Majesty, by and with the advice and consent of the Legislative Council and Legislative Assembly of Natal, as follows:—

1. Any person being the registered owner of two or more pieces of land contiguous to each other, such pieces of land being represented by separate diagrams, may apply in writing to the Registrar of Deeds for a "Certificate of Registered Title," stating that such person is the registered owner of the land to be therein described according to a diagram, which diagram shall include, and indicate the aggregate extent of, the several pieces of land so held by such person, and be compiled in the Surveyor-General's Office.

No person shall be entitled to apply for a certificate of registered title unless the lands, the subject of the application,
form portions of the same original grant or transfer from the
Crown, nor unless the lands are free from any registered
mortgage.

2. The applicant shall, with his application, submit the
several deeds of grant or of transfer under which he holds, with
the diagrams belonging thereto.

3. The Registrar of Deeds may, upon receiving such applica-
tion, grant and issue to the applicant a certificate of registered
title, which shall be as nearly as is material in the form contained
in the Schedule.

4. At the time of granting any such certificate as aforesaid,
the Registrar of Deeds shall cause all necessary endorsements or
entries to be made upon the existing deeds of transfer, and in the
registers in his office, showing the consolidation of the applicant’s
title, and shall retain the deeds previously in the possession of
the applicant.

5. No servitude, terms or conditions affecting any of the
lands included in a certificate of registered title, whether the
same be shown upon the prior deeds of transfer or diagrams or
by separate deed, shall in any way be affected by the amalgama-
tion, but the particulars thereof shall be endorsed upon the said
certificate of registered title, and any servitude shown upon the
diagram of any of such lands shall be also shown upon the
diagram attached to such certificate.

6. The Registrar of Deeds may in any case refuse to issue
a certificate of registered title if it appears to him that any right
or interest might be prejudiced by the issue of such certificate, or
he may require that the consent of any person having an interest
by way of servitude or otherwise be given before issue of such
certificate.

In case of such refusal the applicant may apply to the
Supreme Court for an order authorising the Registrar of Deeds
to issue a certificate of registered title, and the Supreme Court
may upon such application make such order as may appear
proper.

7. The certificate of registered title when issued by the
Registrar of Deeds under the provisions of this Act, and the
diagram attached thereto, shall be registered in the Offices of the
Registrar of Deeds and Surveyor-General respectively, and shall
stand in the place of the grants, deeds of transfer and diagrams
previously held by the applicant in respect of the land therein
mentioned or described, but no such certificate or diagram shall
be deemed to confer upon the applicant any greater or other
right than such as he had or possessed under such grants, deeds,
or diagrams.
8. Every certificate of registered title issued under this Act shall bear a stamp of Thirty Shillings, to be affixed to the duplicate original filed in the office of the Registrar of Deeds.

(a) For rule of construction to be applied to Taxing Acts, see Hardcastle on Statutory Law, 4th Ed. (Craies) p. 109 et seq., where several cases are cited. The rule appears to be deducible from the two following cases:

In Partington v. Att.-Gen. [1869], L.R. 4 H.L. 100, 122, Lord Cairns said: “I am not at all sure that in a case of this kind—a fiscal case—form is not amply sufficient; because, as I understand the principle of all fiscal legislation, it is this: if the person sought to be taxed comes within the letter of the law, he must be taxed, however great the hardship may appear to the judicial mind to be. On the other hand, if the Crown, seeking to recover the tax, cannot bring the subject within the letter of the law, the subject is free, however apparently within the spirit of the law the case might otherwise appear to be.”

On the other hand, in Att.-Gen. v. Carlton Bank [1899] 2 Q.B., 158, 164, Lord Chief Justice Russell said: “I see no reason why any special canons of construction should be applied to any Act of Parliament, and I know of no authority for saying that a taxing Act is to be construed differently from any other Act. The duty of the Court is, in my opinion, in all cases the same, whether the Act to be construed, relates to taxation or to any other subject, viz., to give effect to the intention of the Legislature, as that intention is to be gathered from the language employed, having regard to the context in connection with which it is employed.”
Act No. 27, 1901.

"To amend the License and Stamp Act, 1898."

[19th August, 1901.]

Be it enacted by the King's Most Excellent Majesty, by and with the advice and consent of the Legislative Council and Legislative Assembly of Natal, as follows:—

1. Sections 25 and 26 of the License and Stamp Act, 1898, are hereby repealed, and the following section is enacted in lieu thereof:—

The person required to deface any stamp shall, within twenty-one days of the execution of the deed to be stamped, write his name or his initials, and the date of defacement, on the stamp: Provided always that:

(a) The Auditor, or other officer appointed as provided in the License and Stamp Act, may deface or authorise the defacement of such stamps after the lapse of Twenty-one days, if additional stamps by way of penalty be affixed to such deeds of a value determined by him, being not less than twice the value of the original stamp duty, not, however, exceeding Five Pounds in any case.

(b) If the Auditor or such other officer as aforesaid is satisfied that the document has not been stamped, or has been insufficiently stamped, or defaced, or is otherwise not duly stamped, owing to a bona fide mistake or oversight, or, in the case of insufficient stamps having been affixed, to a genuine belief that the stamps affixed were sufficient according to the requirement of the law, he may reduce the penalty below the amount above stated, or may dispense with such penalty.

2. Sub-section (a) of Section 23 of the License and Stamp Act, 1898, is hereby repealed, and the following enacted in lieu thereof:—

(a) The stamps on all deeds executed in the Registry of Deeds, shall be defaced by the Registrar of Deeds.

(b) The stamps on any deeds registered in the Registry of Deeds (other than notarial deeds), and on any documents tendered in connection therewith, may, if such stamps have not been defaced, or have been insufficiently defaced, be defaced by the Registrar of Deeds.
3. The words Government or Bank Officers, occurring in Section 24 of the License and Stamp Act, 1898, shall be expunged, and the words “Government, Bank, or Permanent Building Society Officers” shall be inserted in lieu thereof.

4. That the following be added to Section 35 of the License and Stamp Act, 1898, namely:

The time during which the deed is submitted to the Registrar of Deeds, Judge, or Supreme Court shall not be calculated or reckoned as part of the time allowed for defacement under Section 25.

Provisos (a) and (b) of the said Section 35 are hereby repealed.

5. Clause (b) of the exemptions under item 22 of Schedule III. of the License and Stamp Act, 1898, is hereby repealed, and the following clause is substituted therefor:

When any marketable security of a Corporation or Joint Stock Company is divided into parts, and the original security is cancelled and fresh marketable securities are issued representing the parts thereof, no stamp shall require to be affixed to such fresh marketable securities.

6. The following sub-section shall be inserted after sub-section (d) of item 30 of Schedule III. of the License and Stamp Act, 1898:

(e) Of a policy of fire or life insurance or assurance ... ... ... ... 1s. 0d.

A Native eating-house license shall be deemed to be a license within the meaning and subject to the provisions of Act No. 18, 1897, but it shall not be necessary for the holder to comply with the provisions of Section 7 of the said Act (a).

No licenses shall be granted for a Native eating-house, nor shall any such eating-house be kept, within three miles from the nearest boundary of a municipal borough or of a township established under Law No. 11, 1881, but this clause shall not be deemed to prevent any such eating-house from being kept within a borough or township under the regulations thereof or to apply to any eating-house now being kept outside a borough or township until the first day of January, 1906.

3. From and after the first day of January, 1906, a license granted under the provisions of the second schedule of the License and Stamp Act, 1898, to a hawker or itinerant trader shall be confined to the limits of the magisterial division in which it was granted and shall not give any rights outside such division.

Act No. 9, 1906.

"To provide for the entry by the Colony of Natal into a South African Customs Union, and to amend the law relating to Customs Tariffs."

[29th June, 1906.]

BE IT ENACTED by the King's Most Excellent Majesty, by and with the advice and consent of the Legislative Council and Legislative Assembly of Natal, as follows:—

1. This Act may be cited as the Customs Union and Customs Duties Act, 1906.

2. (a) The Customs Union and Customs Duties Act, 1903, is hereby repealed without prejudice to anything done or any appointment made, or any right acquired or liability incurred thereunder.

(b) Any regulations made under the said repealed Act shall, save so far as they may be inconsistent with
this Act, remain in force until other regulations shall have been made in lieu thereof under this Act.

c) The provisions of Sections Nos. 113 to 116 inclusively of the Customs Consolidation and Shipping Act, 1899, shall not apply to goods or things imported for removal to and consumption in any Colony or Territory belonging to the Union hereinafter mentioned.

d) So long as this Act remains in force the words "the true current value in the open market for similar goods at the place of purchase bought in the ordinary manner from the manufacturer or supplier in normal quantities" shall be substituted in Section 62 of the Customs Consolidation and Shipping Act, 1899, for the words "the true current value in the open market for such goods at the place of purchase by the importer or his agent."

e) Save as aforesaid this Act and the Customs Consolidation and Shipping Act, 1899, shall be construed together as one Act.

3. The Governor in Council shall by proclamation notify the names of the Colonies, Territories, or States constituting a Customs Union (hereinafter referred to as the Union), and it shall be lawful for the Governor in Council from time to time by proclamation to declare the admission to the Union of any other Colony, or Territory or State of South or Central Africa having a civilised Government.

4. In lieu of the duties imposed by the Customs Union and Customs Duties Act, 1903, there shall, subject to the provisions hereinafter contained, be levied and paid upon the goods, merchandise, and things imported or brought into this Colony the duties as set forth in Classes I., II., III., IV., and VI., of the Schedule of this Act, and all such duties shall be paid to the general revenue of the Colony.

5. A rebate of the duties imposed by this Act shall be granted on any goods and articles the growth, produce, or manufacture of the United Kingdom of Great Britain and Ireland.
Act 9, 1906.

imported therefrom into Natal for consumption therein or in any Colony, Territory or State of the Union, to the extent following:

(a) In the case of goods and articles liable to Customs duty under Class I. of the Schedule of this Act, a rebate at the rates respectively shown in the outer column of said Class I. and,

(b) In the case of goods and articles charged under Classes II., III., IV., and VI. of the said Schedule a rebate of three per centum ad valorem on such goods and articles:

Provided that the manufactured goods and articles in respect of which such rebate as aforesaid is granted shall be bona-fide the manufactures (a) of the United Kingdom, and that in the event of any question arising as to whether any goods or articles are entitled to such a rebate as aforesaid the decision of the Minister having charge of the Department of Customs shall be final.

6. Whenever the Governor shall by proclamation declare that any British Colony, Protectorate, or Possession has made provision for granting equivalent reciprocal privileges to the Colonies and Territories belonging to the Union, a rebate similar to that for which provision is made by Section 5 of this Act shall be granted in like manner and under the like provisions to goods and articles the growth, produce, or manufacture of such British Colony, Protectorate or Possession, from a date to be appointed in such proclamation:

Provided that such proclamation shall not be made until the date to be so appointed shall have been mutually agreed upon by the Colonies, Territories, and States belonging to the Union.

7. The goods, merchandise and things set forth in Class V. of the Schedule of this Act shall, subject to the special provisions hereinafter contained, be admitted into this Colony free of duty.

8. A duty of Customs shall be levied and imposed upon spirits distilled from the produce of and in any Colony, Territory, or State belonging to the Union when imported into this Colony, which duty shall be equivalent to the duty imposed by way of Excise according to the laws of this Colony at the time of such
importation upon spirits here distilled: Provided that, subject to any regulations to be made in that behalf, a rebate may be allowed of the whole or any part of the Customs duty upon any rectified spirits of wine distilled in any Colony, Territory, or State belonging to the Union and imported into Natal solely for use by chemists and druggists in the preparation of medicines, perfumery, and non-potable articles ordinarily sold in the course of their trade. Such regulations may provide for the placing of such rectified spirits in bond, and may empower the Collector of Customs, if he should in any way see fit to do so, to require that the medicines or their preparation as aforesaid shall be made in bond.

9. A duty of Customs shall be levied and imposed upon methylated spirits produced from any article within a Colony, Territory or State belonging to the Union, when imported into this Colony, which duty shall be equal to the duty, if any, imposed by way of Excise at the time of such importation upon methylated spirits (a) made in Natal, and the terms on which such spirit shall be imported into Natal shall be as favourable as those granted in regard to methylated spirits made in Natal from any article.

10. A duty of Customs shall be levied and imposed on beer as defined in Act No. 37, 1901, brewed in any Colony, Territory or State belonging to the Union, when imported into this Colony, which duty shall be equivalent to the duty imposed by way of Excise at the time of such importation upon beer brewed within this Colony (b).

11. It shall be lawful for the Governor in Council by proclamation to at any time suspend the collection of the whole or any part of the Customs duty imposed by this Act upon fresh, chilled and frozen meat, and upon animals imported for slaughter, as regards any of such things imported for consumption in Natal. Such suspension may be removed by a like proclamation.

12. The Governor in Council may by proclamation allow a rebate of the whole or any part of the Customs duty upon soap and other substances imported for and used exclusively in connection with the industry of wool washing, or upon methylated spirits, or alcohol imported solely for manufacturing or scientific purposes or for fuel within this Colony.

13. (1) Whenever any goods upon which duty has been paid in this Colony shall be removed to any Colony, Territory or State within the Union, there shall be

payable to the Government of such Colony, Territory or State ninety-five per cent. of the Customs Union duties collected under this Act on the said goods.

(2) When any flour wheaten meal or pollard manufactured within the Union from other than South African wheat, or any manufacture of tobacco or preparation of tobacco made within the Union containing an appreciable quantity of imported materials is removed from this Colony to any Colony, Territory or State belonging to the Union for consumption therein, there shall be payable to the Government of such Colony, Territory or State ninety-five per cent. of the Customs duty originally collected on such materials.

14. The Governor in Council may from time to time by proclamation grant, a rebate on the whole or any part of the Customs duty payable upon any goods imported or warehoused on importation into this Colony and removed to any Colony, Territory or State outside the Union.

15. Under the authority of the proper officer of Customs, and subject to such regulations as may be made in that behalf, goods lawfully imported may, without the payment of duty before removal, be removed under bond from this Colony into any other Colony or Territory belonging to the Union, and where goods are to be so removed immediately from the importing ship the provisions of Sections 85, 86, and 87 of the Customs Consolidation and Shipping Act, 1899, shall not apply.

16. The following articles shall be added to the list of things the importation of which is prohibited by Section 38 of the Customs Consolidation and Shipping Act, 1899 (a) :-

Goods made in a prison or penitentiary;

Opium, except such as may be imported for medicinal purposes under regulations made in regard thereto with the mutual approval of the Colonies or Territories belonging to the Union.

17. If the Government of any Colony, Territory or State within the Union shall notify to the Government of Natal that any articles the importation of which is prohibited by Section 38 of the Customs Consolidation and Shipping Act, 1899, are allowed to enter such Colony, Territory or State, such articles shall be allowed to pass through Natal to such Colony, Territory or State, upon the payment of proper duty thereon, and subject to such

precautions as may be prescribed by the regulations under this Act.

18. Spirits on which the duty has been paid, and which have subsequently been reduced by the addition of water to a less strength than fifteen per cent. under proof shall not be removed into any other Colony, State, or Territory of the Union until the person seeking to remove them shall have paid to the Collector of Customs a further duty calculated at the rate of nineteen shillings per proof gallon on the difference between the actual number of proof gallons and the number of proof gallons worked out as if the said spirits were only fifteen per cent. under proof.

For the better enforcement of this section the Collector of Customs may demand to inspect any books or documents in the possession of the person removing the spirits, or of any person who has had any dealings therewith, and any person who shall fail on demand to produce such documents shall be liable to a fine not exceeding One Hundred Pounds (£100) Sterling.

19. Any person who shall contravene the provisions of this Act, or of any regulation thereunder, shall forfeit treble the duty-paid value of the goods concerned, or the sum of One Hundred Pounds (£100) Sterling at the election of the Collector of Customs, and the goods shall be forfeited.

Any such contravention shall be cognizable in the Court of the Magistrate, without prejudice to the jurisdiction of the Supreme Court.

This section shall not prejudice or affect any liability to prosecution or other proceeding under the Customs Consolidation and Shipping Act of 1899, provided that a person be not twice punished for the same act.

20. The Governor in Council may from time to time make regulations providing for:

(a) The collection of the Customs duties provided for by this Act in respect of goods imported either by sea or across an inland border, or brought into the Colony in bond;

(b) The payment to any other Colony, Territory or State of the Customs duties collected in this Colony on the goods removed to such Colony, Territory or State, subject to such deduction as is provided for by this Act.

(c) For the rebate of Customs duties authorised by this Act.

(d) For the removal of the goods referred to in this Act, and for their conveyance to any place within the
Act 9, 1906.

Union, whether in bond or otherwise, or to any place outside the Union;

Notwithstanding the repeal of the Customs Union and Customs Duties Act, 1903, any Customs Duties imposed by that Act upon the undermentioned articles shall continue to be levied up to and including the dates set opposite to those articles, after which dates such articles will be subject to the provisions of this Act:

PART IV.

Licenses.

13. No person shall, without first obtaining from the Controller the appropriate license provided for in the second schedule of this Act, do any of the following things, save as is by this Act specially excepted:

- Keep a still.
- Make stills.
- Distil spirits.
- Rectify or compound spirits.
- Sell methylated spirits by retail.
- Make wine.
14. A license shall not be required.
   (a) For a still of less capacity than six gallons, if used for experiments authorised by the Controller with the approval of the Minister, or for any special purpose similarly authorised;
   (b) For a still imported solely for transportation through this Colony into some inland Colony or State, or for exportation by sea, and not remaining in this Colony for a longer period than thirty days, except with the consent of the Controller.

15. Applications for licenses shall be made as prescribed by this Act and the regulations.

16. (1) Every application for a license to distil spirits or to rectify spirits shall set forth the kind of still to be used, the capacity thereof, and the place where it is to be used.
   (2) In the case of a new license, the applicant shall furnish plans of the premises and of the position of the various vessels and appliances, and no distillation shall take place until the proper officer shall have given a written certificate that the premises, vessels, and appliances are erected in accordance with the plans, and to the Controller’s satisfaction.
   (3) In the case of a renewal license, the application shall be accompanied by the certificate of the proper officer that the buildings are suitable and in proper repair.

17. (1) The Controller shall have the discretion to refuse any application for a new license.
   (2) In the case of a refusal he shall deliver to the applicant a written statement of the reasons for refusal.
   (3) The applicant shall have the right of appeal to the Governor in Council, whose decision shall be final.

18. (1) The Controller shall have the discretion to refuse a new license or a renewal license to any person who shall have been convicted of having illicitly distilled, rectified, compounded, removed, transported, or sold any spirits.
   (2) The conviction of a manager or responsible representative of an applicant shall, for the purposes of this section, be deemed to be a conviction of the applicant.
   (3) The applicant shall have the right of appeal to the Governor in Council, whose decision shall be final.

19. No license shall be granted to keep or use any still of less capacity than one hundred and fifty gallons, nor to keep or use any apparatus capable of distilling less than two hundred gallons of wash per hour: Provided that this restriction shall not apply to any still or apparatus lawfully in use at the time of the
Act 33, 1901. commencement of this Act, so long as any such apparatus remains in use in the same place and unaltered: Provided, however, that the Controller may grant to a rectifier using a still, a license for a second still of not less than 60 gallons capacity for making essences and tinctures.

20. A license to distil, rectify, or compound spirits under this Act shall be granted only to an owner, lessee, or trustee, in actual possession of the farm or premises. In case of absence from the Colony of the owner, lessee, or trustee, a license may be granted to a manager or agent, specially appointed.

21. (1) The appropriate duty set forth in Schedule II. shall be paid to the Controller before a license is issued.

(2) No license shall authorise any business at more than one place or at any premises other than those specified.

(3) Licenses shall be in the prescribed form, and shall expire on the thirty-first day of December next following the date thereof.

22. On the importation of any still, or portion of a still, into this Colony, the Collector of Customs shall, without delay, apprise the Controller thereof in writing, stating the names of the owner and the importer of the still. The Controller shall thereupon inform the owner and the importer of the liability incurred in keeping a still without a license in this Colony.

23. If the holder of any license under this Act neglects to carry out any duty imposed upon him by the Act or regulations in regard to his premises or any buildings, appliances, stock books or the like, or the mode of conducting his business, the Controller, after giving reasonable notice in writing, requiring the omission to be supplied or the irregularities corrected, and upon failure to comply with the notice, may by a further written notice to the holder of the license or his manager, declare the license to be suspended and such suspension shall continue until withdrawn by the Controller upon full compliance with the requirements of the law.

24. Any license shall, if suspended under this Act, be of no effect during the suspension, and if revoked or cancelled, shall be deemed to have expired.

25. After the expiry of a license, no wort shall be made or wash fermented, or low-wines, feints, or spirits be distilled, nor shall any spirits be rectified or compounded, or be removed from the premises until a renewal license has been obtained, and any things so done shall be deemed to be done in contravention of the foregoing provisions of this Act in regard respectively to distilling, rectifying, compounding, and removal without a license.
Provided that this section shall not apply in a case where application for a renewal license has been duly made before the expiry of the former license, and the money for the license duty has been deposited, and the renewal license has not yet been granted or refused.

Provided also, that the owner may, after the expiry of his license, and subject to any prescribed conditions, sell, or otherwise dispose of, any materials or other things in connection with the business remaining on his hands at the date of the expiry of the license.

26. (1) Any license under this Act may be transferred by the Controller to an approved successor of the license holder in the business, carrying on the business upon the same premises.

(2) If the holder of a license shall obtain the permission of the Controller to remove his business to other premises, approved as hereinbefore provided, such change of premises may be noted by the Controller on the license, and such license shall thereafter apply to the new premises.

27. (1) Every person who:

(a) Without having the necessary license does any act or keeps any still for which a license is required, or on whose premises or lands or in whose custody or possession such a still shall be:

(b) Having a license under this Act keeps or uses a still for any purpose not authorised by the license, or carries on any business or does any act not specified in the license:

shall be guilty of an offence, and upon conviction thereof shall be liable to imprisonment with or without hard labour for any term not exceeding Six months, or a fine not exceeding One Hundred Pounds Sterling, and to a further penalty equal to treble the Colonial duty for every gallon or less quantity of spirits which may be proved to have been distilled or rectified.

(2) If any person, by himself or his servant, hinders, molests, or obstructs any officer in the performance of any duty whatsoever, he shall be guilty of an offence.

(3) If any person uses any material, sets up wash, or uses any still between the hours of ten on Saturday night and one on Monday morning, except in cases of emergency, the proof whereof shall rest with him, he shall be guilty of an offence, and shall be liable to a fine not exceeding Twenty Pounds.

28. If any person holding a license under this Act shall carry on his business in disregard of any requirement of this Act or of the regulations relative to the premises, or to the works,
Act 33, 1901.

fittings, vessels, or any apparatus, or to the mode of conducting such business, the Controller shall have the power and discretion, without prejudice to any prosecution to which such person may be liable, to suspend the license until the licensee has complied with such requirement, and until then such person shall not be entitled to receive a renewal license.

29. (1) A distiller or rectifier shall not be licensed to carry on or be interested or concerned in the business of a dealer in, or retailer of, spirits within four miles (a) of his licensed premises.

(2) A dealer (b) in or retailer of spirits or wines shall not be licensed to carry on, or be interested or concerned in, the business of a distiller or rectifier or compounder of spirits within four miles of his licensed premises.

(3) Every person who contravenes the provisions of this section shall be liable to a fine not exceeding Three Hundred Pounds.

30. (1) Every licensed person shall have his name securely affixed in a conspicuous place on the outside of the licensed premises in legible letters of at least two inches in height.

(2) Every neglect or refusal to comply with this Section shall be an offence.

PART V.

Regulation of Distilleries.

31. Every distiller shall, before he begins to prepare any wort, make entry of the premises, vessels, utensils, and fittings intended to be used by him, by signing and delivering to the proper officer for the information of the Controller an account in the prescribed form setting forth the particulars prescribed in the Third Schedule, with such further and other particulars as may be prescribed by the regulations.

32. If anything required to be described in the account is omitted, or wrongly described or used in any place or for any purpose not according to the account, or is in any other way at variance with the account, the distiller shall be guilty of an offence unless he shall prove that any such omission, misdescription, or variance was due to a bona fide mistake and not intended to deceive.

(a) The words "one mile" are substituted for "four miles," wherever occurring in this sec., by Act No. 25, 1905, s. 4, post.
(b) For meaning of words "dealer" and "retailer," see Act No. 25, 1905, s. 4.
33. No change shall be made in anything mentioned in the account without the previous sanction of the Controller on a written request through the proper officer under penalty of a fine not exceeding Fifty Pounds Sterling.

34. (1) Every distiller licensed under this Act shall, before using any still or apparatus for distilling any low-wines, feints, or spirits, erect and keep erected in his distillery a secure safe and receiver, or safes and receivers for low-wines, feints, or spirits: Provided, however, that where an alcoholometer is used the Controller may dispense with the receivers.

(2) The worm end of every still shall be enclosed in such safe, and such safe shall communicate only by a close metal pipe with the respective receivers for low wines, feints or spirits, or with the alcoholometer, when such is used.

(3) Every still, safe and receiver, and the pipes connected therewith, shall be constructed and provided with fastenings, cocks, taps, or other requirements for the reception of revenue locks or rods to the satisfaction of the Controller or some officer deputed by him.

(4) Only such rods and revenue locks and keys as shall be provided and approved by the Controller at Government expense shall be used in any distillery. Every safe and receiver shall be kept locked unless opened for a lawful purpose, under the supervision of the Excise Surveyor, or when allowed to be open under the inspection of the Controller.

(5) Such provision shall be made by each distiller for the safe custody of the keys and locks when not required to be in use, and for the accommodation of the officer when attending on duty, as shall be deemed necessary and approved by the Controller.

35. The Controller shall require that Siemens’s Alcoholometer, or any other instrument of such kind and pattern as may for the time being be approved, shall be provided by a distiller for the purpose of measuring and indicating the liquid and proof quantities of spirits distilled, as such spirits pass from the still, and may give all such directions as he shall think fit with respect to the erection, securing, and use of such instrument and the attachments, whether with or without a safe or receptacle.

36. If any such instrument is adopted in an existing distillery there shall be paid to the distiller from the Colonial Revenue such a sum as the Minister may approve, but not exceeding Seventy Pounds Sterling, towards the cost of such instrument and structural alterations, but if adopted in any new distillery the distiller must bear the entire cost.
37. Each vat or butt, other than the receivers, required to be kept at any distillery for the reception of low-wines, feints, or spirits for re-distillation must be approved by the Controller in the following respects:—

(a) It must be securely and conveniently erected and fixed;
(b) It must communicate with the discharging cocks of the respective receivers by a close metal or other satisfactory pipe;
(c) It must be marked and kept marked in accordance with the provisions of the Fourth Schedule, first part;
(d) It must be accessible at all times for taking an account of the quantity or strength of the contents.

38. (1) There shall not be mixed with or added to any saleable spirits in a distillery or store, any substance whatever other than such water as the Controller may specially authorise for reducing the strength of spirits or colouring matter to spirits for exportation.

(2) For any contravention of this section the distiller shall, in addition to any other penalty, be liable to forfeiture of the spirits to which any substance has been unlawfully added.

39. The Controller may prescribe the conditions for the running off of low-wines, feints, or spirits, from the receivers for re-distillation, and for the gauging and marking of all vats and other vessels.

40. If any wort or wash, low-wines, feints or spirits are found on any unauthorised part of the licensed premises, or in any vessels other than those provided for their reception and duly marked and entered, or in any premises or place not entered for their reception, the same shall be forfeited and the licensee shall be liable to a penalty not exceeding One Hundred Pounds Sterling.

41. If any person removes any worts, wash, low-wines, feints or spirits from the premises of a distiller, or spirits from the premises of a rectifier, otherwise than as prescribed, or knowingly buys or receives any wort, wash, low wines, feints or spirits so removed, he shall be guilty of an offence.

42. (1) Any Officer of Excise or Customs and any police constable may stop and detain any person whom he shall reasonably suppose to be carrying or removing any colonial spirits from a distillery or warehouse, or imported spirits from a wharf or warehouse, and may examine the spirits or any package or vessel supposed to contain such spirits, and may require the production of the permit.

(2) If a proper permit is produced corresponding with the
spirits in all respects, the officer may endorse thereon the time and place of his examination.

(3) If any person is found so carrying or removing any colonial spirits, and does not on request by such officer forthwith produce the proper permit, he shall be guilty of an offence.

43. If any person knowingly

(a) Sells or delivers, or causes to be sold or delivered, any colonial spirits to the end that they may be unlawfully retailed or consumed or carried into consumption, or

(b) Receives, buys, or procures any such spirits from a person not having authority to sell or deliver the same, he shall be guilty of an offence.

44. If any person knowingly buys or receives, or has in his possession, any colonial spirits after they have been removed from the place where they ought to have been charged with duty, and before the duty has been paid or secured in the prescribed manner, he shall be guilty of an offence, and shall be liable to the forfeiture of the spirits and to a fine equal to treble the value of the spirits.

45. The capacity of all receivers, fixed vats or butts, and of moveable casks in a distillery shall be ascertained in such manner as shall be prescribed by the Controller, and all necessary weights and appliances for that purpose shall be supplied by the distiller.

46. (1) Every distiller shall provide himself with and keep a stock-book at an approved place in his distillery. Such stock-book shall be in the form and shall contain the particulars to be prescribed by regulations to be framed under this Act.

(2) The distiller shall make the entries in his stock-book on the day that wash is set up, the low-wines, feints or spirits distilled, or the account thereof taken, when the spirits are removed or delivered from spirit store, or at any other time if requested so to do by an officer.

(3) The distiller shall keep such book open to inspection by an officer, and shall allow such officer to make any entries therein which shall be intialled by such officer or he may take any extract therefrom [for a period of not less than twelve months after it is filled up (a)].

(4) If any distiller shall fail to keep such book or to produce the same when required by any officer so to do, or shall fail to make in such book any entry required to be made therein, or

(a) Words in brackets are repealed by Act No. 25, 1905, s. 5, post.

shall fraudulently make any entry in such book, or shall cancel or obliterate any entry therein, or shall mutilate or tear therefrom any leaf, or shall by himself, or any person in his employ, conceal or convey away such book, he shall be guilty of an offence.

(5) An incorrect entry in a stock-book shall not be erased or obliterated, but shall be cancelled by drawing a thin line through it, and the correct entry made and such cancellation shall be initialled by the person making same. For any contravention of this section, the distiller shall be liable to a penalty not exceeding Fifty Pounds.

47. [Repealed by Act No. 25, 1905, s. 6.]

48. (2) If any distiller shall refuse or neglect to deliver such return as aforesaid, or if any return so made by a distiller or person on his behalf shall be wilfully false in any respect the distiller shall for every such offence incur a penalty not exceeding Fifty Pounds (a).

49. (1) Every distiller shall provide at his distillery a suitable and secure spirit store (b) to be approved by the Controller.

(2) The spirit store shall be set apart solely for the storing of spirits as distilled, of colouring matter, and of casks intended for removal of spirits. Its situation and security shall be to the satisfaction of the Controller.

(3) The spirit store shall be placed under two locks, namely, a revenue lock, for which the distiller must provide at his own expense all necessary fastenings as required by this Act, and a private lock, the key whereof shall be kept by the distiller.

50. [Repealed by Act No. 25, 1905, s. 9.]

51. No spirits shall be removed from a store between the hours of 5 p.m. and 7 a.m., nor until:

(a) The home consumption duty has been paid; or

(b) In the case of spirits removed for exportation by sea, or into a warehouse, or into a methylating room at the distillery premises, a bond has been entered into to the satisfaction of the Controller, and in the prescribed form, for treble the Colonial duty.

52. (1) The proper officer shall regauge every vessel of

(a) Sub-s. (1) of this sec. is repealed by Act No. 25, 1905, s. 8, which substitutes other provisions.

(b) The word "store" means distiller's warehouse; see Act No. 25, 1905, s. 11.
spirits before removal from a store (a), and shall grant from any deficiency arising solely from natural causes or unavoidable accident the rate of allowance authorised in the Fifth Schedule, and for any deficiency exceeding the said allowance duty must be paid before the spirits are removed.

(2) The proper officer shall at least once in every twelve calendar months regauge the whole stock of spirits in a store in the prescribed manner.

(3) If on balancing the stock so taken, computed at proof any increase of spirits is found, the excess shall be forfeited, and the distiller shall in addition forfeit ten shillings for each gallon in excess.

(4) If any deficiency of spirits is found exceeding the allowance authorised by the Fifth Schedule, the Colonial duty must be forthwith paid thereon: Provided that if a distiller can prove to the satisfaction of the Controller that an excess deficiency had been caused by an accident or unavoidable cause, the Controller may, with the approval of the Minister, remit the duty on the whole deficiency so caused (b).

53. (1) The Controller or proper officer may take at any time a sample of spirits from the stock of any distiller, rectifier, or compounder, or from the contents of a still before it has begun to work or after it has ceased working, and if there is found in the still at a rectifier's any wine or wash or low wines put into or mixed with feints or spirits, the rectifier shall be liable to a fine not exceeding One Hundred Pounds.

(2) Any officer shall be empowered to take a sample of spirits or wines of the prescribed quantity from the stock of any distiller, rectifier, or compounder, or of any wholesale or retail dealer in wines and spirits, on payment of the current price if demanded, and any person who shall refuse to supply such sample shall be liable to a fine not exceeding Fifty Pounds.

(2) If an officer after having demanded admission into such premises and declared his name and business shall not be immediately admitted, it shall be lawful for such officer, or any person acting in his assistance, at all times, to break open by force any of the doors or windows, or break through any of the

(2) If any damage is done in the search and such search is unsuccessful, the damage shall be made good at the public expense.

136. (1) If any officer makes oath that there is cause to suspect that any still, vessel, utensil, spirits or materials for the manufacture of spirits is or are unlawfully kept or deposited in any house or place, any Magistrate or Justice of the Peace may issue a warrant authorising the officer and any person acting in his assistance to search the suspected house or place.

(2) Any person so authorised may either by day or by night, but at night only in the presence of an officer of the peace, break open and forcibly enter any such house or place, and seize any still, vessel, utensil, spirits or materials for the manufacture of spirits found therein and either detain the same or remove them to a gaol or other place of safe custody.

the plaintiff shall not be entitled to any costs of suit; nor shall the person who made such seizure or did such thing be liable to any criminal prosecution on account of such seizure or thing done.

Act No. 37, 1901.

"To impose an Excise Duty upon Beer brewed in the Colony, and a Customs Duty upon Beer imported from countries belonging to the Customs Union."

[26th August, 1901.]

Be it enacted by the King's Most Excellent Majesty, by and with the advice and consent of the Legislative Council and Legislative Assembly of Natal, as follows:—

1. In this Act, "Beer" means and includes ale, porter, spruce beer, lager beer, black beer, and every other spirituous liquor coming within the ordinary appellation of beer, and containing more than two per cent of spirit.

   "Gallon" means a liquid gallon, Imperial measure.

   "Brewer" means any person carrying on the business of brewing beer, and includes an individual or a company of any description.
The expression "sent out from a brewery," or any like expression in reference to beer includes all beer made and issued from the brewery, either for consumption in the Colony, or for export by land or sea, and refers to nett quantities only, and not to any beer which may have been issued and subsequently returned.

"Regulations" means the regulations under this Act, and "prescribed" means prescribed by such regulations.

Any reference in this Act to the accounts and books of the business of a brewer shall refer to the accounts and books relating to the brewing of beer or the sale or sending out of beer, and not to accounts and books kept for other purposes.

2. Every brewer shall take out an annual license, according to the provisions of the License and Stamp Act, 1898. The duty on such license shall be One Pound Sterling, and no other license under the said Act, or under any Act relating to the sale of intoxicating liquor, shall be payable in respect of the sale of beer by a brewer in the ordinary course of his trade.

3. A duty of twopence (a) shall be levied and paid for and upon every gallon of beer sent out from a brewery in this Colony, save as is hereinafter excepted.

4. The duty on beer shall be paid quarterly for the periods ending 31st March, 30th June, 30th September, and 31st December: Provided that this Act shall not be deemed to require the payment of duty upon any beer sent out from a brewery before the first day of the quarter next following the date of the commencement of this Act.

5. Every brewer shall within four weeks after the close of each quarter furnish to the Controller of Excise a declaration, made in writing before a Justice of the Peace by himself or by the manager of a brewery, setting forth in such form as may be prescribed the nett total number of gallons of beer sent out from the brewery during the quarter then ended.

Such declaration shall be accompanied by a certificate by an auditor approved by the Controller of Excise, that he has examined the accounts and books of the brewer, and that the same appear to have been properly kept, and to show the nett quantity of beer sent out, and that the number of gallons shown in the declaration is correct according to the said accounts.

6. The brewer shall at the same time pay to the Controller of Excise the duty upon the quantity of beer shown in the declaration.

(a) Increased to fourpence by Act No. 35, 1903, post.
Act 37, 1901.

7. If such declaration and certificate be not furnished and the duty paid as required, it shall be lawful for the Controller of Excise to take any steps he may think proper for ascertaining the quantity of beer sent out during the quarter, and to charge the expenses thereof to the brewer, and the brewer shall also be liable to a penalty not exceeding Fifty Pounds Sterling for every week's delay in furnishing such declaration and certificate and paying such duty.

8. It shall at all times be lawful for the Controller of Excise to cause the accounts and books of the business of a brewer to be examined by any person whom he may employ for that purpose.

If from the report of any such person it shall appear that the accounts and books of the business are not properly kept, or do not properly reflect the quantities of beer sent out, the Controller may call upon the brewer for an explanation, and if he is not satisfied he may refer the matter to the decision of a competent person not in the employ of the Government, whose decision shall be binding upon the brewer, and the brewer shall take all necessary steps to have his books properly kept, and make good any defect pointed out by the examiner.

9. If a brewer neglects or refuses to comply with the foregoing provisions of this Act, or with any lawful requirement of the Controller of Excise, and continues so to do after one month's notice in writing by the Controller calling upon him to render compliance, the Controller may, by an order in writing, suspend the brewer's license until the requirement of the notice is complied with.

During such suspension the brewer shall not carry on any brewing under pain of a penalty of Fifty Pounds for every day on which he shall do so.

10. If any return shall be falsely made, or if any fraud shall be practised in order to avoid the payment of duty, or if the books or accounts shall in any way be falsely kept or falsified, the brewer, together with all other persons concerned, shall be liable to be prosecuted for fraud, and the brewer shall pay thrice the duty on any quantity of beer sent out in excess of that shown in the quarterly return.

11. It shall at all times be lawful for the Controller of Excise, or any officer deputed by him, to enter any part of the premises of a brewery and make any inspection he may think proper, and the brewer shall be obliged to give him every facility for the purpose, and give him access to the books and accounts of the business.
12. Beer brewed in this Colony and exported by sea or overland under such conditions as may be prescribed shall be exempt from duty.

The regulations may also prescribe the form of proof of claims for exemption from duty, and the mode of passing and certifying claims.

The amounts so certified may be deducted from the next ensuing quarterly payment.

13. If any such beer is returned into this Colony after being exported the ordinary duty under the Customs tariff applicable to foreign beer shall be paid thereon, and if any such beer shall be brought back into this Colony without the payment of such duty it shall be forfeited, together with all animals or vehicles used in connection with the conveyance, and all persons concerned shall be guilty of an offence, and shall be liable upon conviction in a Magistrate’s Court to a fine not exceeding One Hundred Pounds Sterling, or to imprisonment, with or without hard labour, for any term not exceeding six months: Provided that if the owner of any such animals or vehicles (not being himself a party to such offence), shall prove that they were used without any connivance on his part, they shall not be forfeited.

This clause shall not apply to bona fide returns to the brewery, provided that any prescribed formalities be complied with.

14. Upon the certificate of the senior comissariat officer that any beer brewed within the Colony has been purchased for the use of His Majesty’s land or sea Forces, and that any duty thereon would be borne directly by the Imperial Treasury, the Controller of Excise shall refund to the officer representing His Majesty’s Secretary of State for War the amount of duty paid upon such beer.

Every such certificate shall contain a statement showing the date of the purchase, the quantity of the beer, and the name of the person or firm from whom it was purchased, and such other and further particulars as the Controller of Excise may require.

15. The Governor in Council may make regulations for all the purposes of this Act, and may by such regulations prescribe penalties not exceeding a fine of Fifty Pounds Sterling for any breach thereof.

Such penalties shall be recoverable in the Courts of Magistrates upon prosecution, or by civil suit at the instance of the Controller of Excise.

16. A customs duty of twopence (a) per gallon shall be levied.

[23rd July, 1904.]

BE IT ENACTED by the King's Most Excellent Majesty, by and with the advice and consent of the Legislative Council and Legislative Assembly of Natal, as follows:—

1. This Act may be cited as the "Contingencies Fund Act, 1904."

2. To enable the Executive Government from time to time to incur expenditure on such unforeseen services as cannot be postponed without serious injury to the public interest until adequate provision can be made therefor by Parliament, a Fund shall be created, entitled the "Contingencies Fund," to which temporary advances to meet such expenditure (duly certified by the Auditor-General) may be charged on warrants of the Governor.

3. The account of the Contingencies Fund shall be kept in the books of the Treasurer. 4. The capital of the Fund may from time to time be temporarily increased by such amount, not exceeding the amount of the accrued excess of Railway Revenue, as may be necessary to meet any insufficiency of the Votes for the working and maintenance of railways to cover expenditure properly chargeable as ordinary working and maintenance services. The Treasurer shall have power to advance from the general Revenue of the Colony such sums as may be necessary to provide the increased capital, provided that all such advances from the general Revenue shall be repaid thereto from the Fund within the same financial year.

The expression "accrued excess of Railway Revenue" in this Section shall be taken to mean the excess, if any, of the Railway Revenue collected from the beginning of any financial year to the end of the month next preceding that in which the increase is made over the estimated Railway Revenue for the same period, calculated pro rata upon the estimates for the financial year presented by the Governor to Parliament.
5. 6. The account of the Fund for each financial year shall be audited by the Auditor-General and presented to Parliament.

7. Nothing in this Act shall affect the power of the Treasurer to make advances out of the general Revenue of the Colony on behalf of other Governments on current account, provided that such advances are not for services finally chargeable to funds provided by the Parliament of this Colony.

8. The Governor in Council may from time to time make regulations for carrying out the purposes of this Act.

[26th August, 1901.]

Be it enacted by the King's Most Excellent Majesty, by and with the advice and consent of the Legislative Council and Legislative Assembly of Natal, as follows:—

1. This Act may be cited as "The Road Boards Act, 1901."

2. The Road Board Law, 1888, shall be repealed, but such repeal shall be without prejudice to anything done or any appointment made, or any right acquired or liability incurred thereunder.

**Part I.**

**Constitution of Road Boards.**

3. A Road Board may be constituted in and for every Magisterial Division of the Colony, except the City Division of Pietermaritzburg, and the Division of Durban, and any Division confined to a statutory borough or township.

4. When any new Magisterial division (other than as above excepted) is created, the existing Road Boards of the several divisions from which the new division is formed shall be dissolved and new Boards may be constituted for the several divisions.

5. The members of any Road Board in existence at the date of the passing of this Act shall remain in office till the Thirty-first Day of December, 1901, under the same terms and conditions and with the same powers and duties, both individually and as a Board, as if they had been originally appointed under this Act.

6. Every Road Board shall consist of the Magistrate or Acting Magistrate of the Division, and of five other members elected or appointed as hereinafter provided.
ROAD BOARDS.

The Clerk of the Court of the Magistrate shall be *ex officio* the Clerk to the Road Board, but in his absence the Magistrate may appoint a clerk for the time being.

7. The first general election under this Act shall be held in each Division on a date in December, 1901, to be fixed by the Magistrate, not being later than the 14th day of the month.

8. The whole of the elected or appointed members of every Road Board shall retire at the end of every third year, dating in all cases from the 31st day of December, 1901, and a fresh election shall be held: Provided that nothing in this section contained shall prevent the re-election of a retiring member.

If the hearing of any case before a Board has commenced the Board shall continue to hold office for the purpose of concluding the case, notwithstanding that the Board would otherwise have expired under the provisions of this section or that a new Board may have been elected or appointed.

9. The ordinary triennial election of members of a Road Board shall be on a convenient day to be fixed by the Magistrate, not being later than the 14th day of December in the year when the election shall fall due, unless the election be delayed by some unforeseen cause.

10. No person shall be capable of being elected or allowed to vote for a member of a Road Board in any Division unless his name shall be on the Voters' Roll for that Division, and unless he shall own landed property in the Division other than Town lands or the erven of any town or village (a).

11. The mode of nominating candidates and holding an election shall be as detailed in Schedule No. 1 of this Act.

12. If at the time appointed for an election no election shall take place, or if less than five candidates shall be elected, the Governor may appoint so many duly qualified persons to be members of the Board as are required to fully constitute the Road Board.

13. Any member of a Road Board may resign office upon giving at least one month's previous notice in writing to the Clerk of the Board of his intention so to resign.

If any member of a Road Board shall cease to hold the qualification defined by Section 10, or shall fail to attend two consecutive meetings of the Board, or shall become an insolvent, or take advantage of any act for the relief of insolvent debtors, or shall be a public defaulter, or be attainted of treason, or be

No proceedings of a Road Board shall be invalidated or be illegal in consequence of a vacancy or vacancies in the said Board, provided that the quorum of members by this Act required be present at and take part in all meetings of such Board.

14. (1) If any vacancy or vacancies shall occur in any Board by the death, resignation, or disqualification of a member the Magistrate shall affix to the notice board at his office, a notice in the Form No. 1 of Schedule No. 3, inviting requisitions for candidates for election.

(2) Such notice shall appoint a day, not being less than three weeks from the date of the notice, on or before which requisitions, duly made and accepted as provided by this Act, must be lodged with him. The notice shall be published at least twice in the Government Gazette, and in each of two newspapers circulating in the Division.

(3) If by midday on the appointed day requisitions shall have been so lodged with the Magistrate for no more candidates than there are vacancies, or for a less number, such candidates shall be deemed to be elected, and the Magistrate shall make a return accordingly.

(5) If no candidate, or fewer candidates than the number required, shall be elected, the Governor may appoint so many duly qualified persons to be members of the Board as are required to fully constitute the Board.

(6) Any member elected or appointed under this section shall hold office until the next ordinary election, and no longer.

15. 16. The expenses incurred in and about every election of members of a Board shall be paid out of the general revenue of the Colony.
ROAD BOARDS.

PART II.

Jurisdiction and Powers of Road Boards.

17. The expression “by-road” as used in this Act means:—

(a) A road or right-of-way, whether public or private, which has been established, or the right of which has been created, by prescription or by deed, or in any other valid manner.

(b) A way of necessity, including a reasonably necessary means of access to a public road or a railway station stopping place, or siding (a).

(c) Foot or bridle path.

From the above definition there shall be excluded all roads maintained by Government, and also any road or right-of-way or way of necessity, in so far as it lies within the limits of any borough or township, or of the commonage or other public lands attached to a village.

18. When any road is taken over and maintained by the Government, the Minister of Lands and Works shall publish a notice thereof in the Government Gazette, and such road shall thereupon be excluded from the operation of this Act unless and until the Minister shall by a like notice declare that the road has ceased to be maintained by the Government.

19. A Road Board shall have power to hear and decide all cases of dispute or questions referring to the opening of by-roads or the keeping open of existing by-roads, the closing of such by-roads as may be no longer needed (b), and the making of alterations in by-roads.

When the opening of a by-road as a way of necessity (c) is ordered, the Road Board may award to the persons through whose land the by-road passes such compensation as may be fair and reasonable.

20. A Board shall also have power to hear and decide any disputes with reference to the erection of gates upon by-roads, and the character and construction of such gates, subject always to the provisions hereinafter contained, and to adjudge any of the parties to the dispute who may be benefited by such gates to contribute a reasonable share of the cost and upkeep thereof.

(a) See notes to sec. 19, post.

(b) For definition of the term “no longer needed,” as used in the repealed Law, see Van Rooyen and others v. Van Rooyen, 17 N.L.R. 361.

(c) As to meaning of “way of necessity,” see Leask v. Pellew, 11 N.L.R. 74.
21. The Road Board shall also have power to permit or order a by-road to be fenced on either or both sides, and to determine the character and construction of such fence, and, when a fence is ordered to be erected, to determine by whom of the parties and in what proportion the cost of erection and up-keep shall be borne.

22. The Board may also determine, as between the parties to a dispute, by whom and in what proportion the cost of maintaining a by-road shall be borne. Any compensation or payment ordered to be made by the Road Board may be recovered by the issue of a writ as in the case of a judgment of the Magistrates' Courts.

23. A Road Board may also define and determine the direction and width of any by-road already existing or hereafter to be opened up or altered under the provisions of this Act: Provided that no by-road shall exceed 30 feet in width: And provided further that no increase shall be made in the width of any such by-road passing through or between any gardens, cultivated land, or orchards, or between buildings or homesteads.

24. Pending the hearing of any question by the Road Board the Magistrate shall have power, on the application of any person interested, and if it shall appear to him necessary, to summarily order the opening of any by-road which may have been stopped, or in which any deviation has been made, or which has been otherwise obstructed, and any person closing up or obstructing such by-road or otherwise acting in disregard of the order shall be guilty of contempt of Court.

25. The Magistrate shall be the convener of the Board. In all cases of dispute proper for decision by a Road Board, application in writing shall be made by the person or persons aggrieved to the Magistrate.

26. The applicant or applicants shall at the same time deposit such sum of money as the Magistrate may require, not being less than Fifteen Pounds and not exceeding Twenty-five Pounds Sterling, in order to provide for the due payment of the costs of holding any enquiry. Such costs shall not include the costs which by this Act are made payable from funds voted by Parliament.

27. The Magistrate shall thereupon call a meeting of the Board and shall notify to the disputants, in writing, the time and place fixed for such meeting.

A notice specifying the business to be transacted, and the date and place at which the meeting of the Board will be held,
shall be published for general information, twice in the Government Gazette and twice in a newspaper published or circulating in the Division (a).

28. Upon the application of any party to a dispute, and upon payment of the usual fees of Court, the Clerk of the Court shall issue the process of the Magistrate's Court for securing the attendance of witnesses at the hearing. Such process shall be served in the same manner and shall have the like effect as a subpoena in a case in the Magistrate’s Court.

29. The Magistrate shall be ex officio the Chairman of the Board.

Four members, exclusive of the Magistrate, shall form a quorum.

In the absence of the Magistrate, a Chairman shall be elected from among the members present.

30. Minutes of the proceedings of every meeting of the Board shall be made and recorded by the Clerk, who shall also record the evidence taken.

31. The Board shall require every witness to give his evidence upon oath, administered by the Chairman.

32. The Board may impose a fine not exceeding Ten Pounds Sterling upon any witness who shall disobey his subpoena.

Such fine shall be enforced by the process of the Magistrate's Court.

33. The Board may, if they deem it necessary, make a personal inspection of the road or roads in dispute, or may depute a Committee of their own body, not less than two in number, to visit the spot and report to the Board the result of their enquiries (b).

34. The decision of a majority of the members by whom any case is heard shall be deemed to be the decision of the Board.

35. No member of any road Board shall vote upon any

(a) Under a similar provision in the repealed Law it was held, that where notice of meeting was only published once in the Gazette and twice in a newspaper, the subsequent proceedings were invalidated (Clark v. McKenzie, 16 N.L.R. 100).

(b) This substantially reproduces sec. 36 of Law No. 36, 1888, in respect of which it was held, that an interested member (see sec. 35, post) is not precluded from being on a committee of inspection (Holley v. Local Board, Umgeni Division, 10 N.L.R. 141).
Act 35, 1901.

question in which he may be directly or indirectly (a) interested, and should either party to a case before the Board so desire, the question whether a member is disqualified to vote under this section shall be determined by a majority of the Board then sitting, exclusive of the member concerned, and in the event of an equality of votes the member concerned shall be deemed disqualified.

36. After the Board shall have arrived at a decision on the question or dispute referred to them, the decision and the reasons therefor shall be recorded by the Clerk, and shall be signed by the Chairman and all the members of the Board present.

Should any member differ from the decision of the majority his reasons for so differing may, at his request, be recorded in writing, and shall be signed by him.

37. The decision of the Board and the reasons for such decision, and the reasons of any member dissenting from the decision shall, together with the minutes of the proceedings and the evidence produced, be deposited in the office of the Magistrate.

38. It shall be lawful for any Road Board, out of the funds voted by the Legislature and placed at its disposal by the Government, to pay to each member attending any meeting of such Board, travelling expenses at a rate not exceeding in the whole Twenty Shillings per diem for every day necessary for journeying to, remaining at, and returning from the place of meeting.

39. It shall be lawful for the parties to any dispute before a Road Board, if all the parties shall so agree, to enter together into a written agreement that the decision of the Road Board shall be final and conclusive in all respects, both as to the subject matter of the dispute and as to costs; and whenever an agreement shall have been so made the decision of the Road Board shall be final, and shall bind all the parties, and there shall not, so far as it affects any of the parties to such agreement, be any appeal from such decision to any Court.

40. As soon as may be after the decision of the Board has been given, the Magistrate shall notify twice in the Government Gazette, and in each of two newspapers circulating in the District, that the proceedings and decision are open to inspection at his office, and that unless appealed from within one month

(a) The words "or indirectly," and all that follow the word "interested," are new as compared with sec. 29 of Law No. 36, 1888. Under the repealed Law it was held that a member is directly interested when he may be individually through his property benefited or injured by the decision of the Board (Holley v. Local Board, Umgeni Division, 10 N.L.R. 141).
from the date thereof (which date shall be specified in the notice) the decision of the Board shall become final.

41. It shall be competent for any person affected by the decision of a Road Board to appeal to the full Bench of the Supreme Court: Provided that if the person desirous of appealing shall not have been one of the parties to the proceedings of the Road Board, he shall before taking out the writ of appeal be required to deposit the sum of Fifteen Pounds Sterling, with the Clerk of the Road Board, as security for the costs of appeal.

42. Proceedings for appeal shall be instituted by issue of process of appeal of the Supreme Court at any time within one month from the date of the decision appealed against, but not later, except by leave of the Supreme Court on account of absence, illness, or other sufficient cause shown to the satisfaction of the Court.

43. Save as is by this Act provided an appeal shall be instituted and prosecuted within the same time, and in the same manner, as in the case of an appeal from a Magistrate’s judgment: Provided that
(a) No fees of Court shall be payable; and
(b) The Court may dispense with notice to other parties upon any application for extension of time.

44. Service of the writ of appeal shall be made upon all parties to the case other than appellants.

45. The Court may revise the proceedings, and may confirm, reverse, alter, or correct the decision, or may remit the case for further enquiry or hearing, and may give any necessary instruction for the guidance of the Board, or make such order thereon as shall seem proper: Provided that no order or decision of the Road Board shall be liable to be reversed upon a question of fact (a) or by reason of any irregularity or defect in the record of proceedings, unless it shall appear to the Supreme Court that a failure of substantial justice has, in fact, resulted therefrom, or that any person, not being a party to the case, may be prejudiced thereby.

46. The judgment of the Supreme Court shall be conclusive and binding upon the Board and the parties.

47. Such judgment shall be recorded by the Clerk, and (unless it is of a nature to require a further judgment or decision to be given) shall become and be regarded as the final decision of the Board.

(a) For an instance of the Court refusing to interfere with the decision of the Board on a question of fact see Symons v. Local Road Board, Estcourt (25 N.L.R., 38).

It shall be the duty of the Chief Engineer, Public Works Department, or of an officer appointed by him, to watch the proceedings in every appeal from the decision of a Road Board, and to intervene, if need be, without notice or summons specially served upon him, on behalf of the interests of the Government.

49. When the decision of the Board shall become final by efflux of time, or a final judgment of the Supreme Court has been recorded, the Magistrate shall publish the same in the Government Gazette and in two newspapers circulating in the District.

50. When the decision of the Board has become final as aforesaid, the Board, or the Magistrate on their behalf, may employ a Government Surveyor to lay off by survey any road or roads authorised or defined by the decision or judgment on the plan or diagrams of the land in the Surveyor-General's Office, and such surveyor shall certify that the road or roads have been laid off in accordance with the decision of the Board.

51. No costs shall be awarded by the Board as between the parties unless the Board shall be of opinion that the application or the defence was frivolous or vexatious.

Subject as aforesaid the Board may decide as to the costs of the enquiry, the record of the same, the expenses of advertising and of the survey, advocates' and attorneys' charges and all other costs incidental to the cause, and by which of the disputants they shall be paid.

Part III.

Miscellaneous Provisions.

52. No person shall close, break up, whether by ploughing or otherwise, or in any way injure an existing by-road, unless he shall for at least a month before doing so, erect at either end of the by-road or right-of-way intended to be closed, a notice board intimating his intention to close the same, and unless he shall also obtain the permission of the District Inspector or other Officer of the Department of Public Works being in charge of the roads in the District.

53. Any person who shall close a by-road in contravention of the preceding section shall be liable to a fine not exceeding Twenty Pounds Sterling.
54. Nothing in this Act shall be deemed to affect the jurisdiction of any Road Board to order the closing of a road, or to authorise any person to close a road which has been opened by order of the Road Board.

55. Whenever the proprietor (which expression shall include a tenant or occupier) of any land over which a by-road shall pass shall be desirous of fencing such land, he shall be at liberty to do so, if he provides swing gates in such fencing so as to allow persons entitled to use such by-road free access thereto; and such gates shall at all times be kept in proper repair by the proprietor. Such gates shall be folding gates, and be swung, and have proper fastenings, and shall be of such width and construction as the Road Board shall determine.

Any gates erected before the passing of this Act, if coming within the definition of this Act, shall be considered as erected under this Act.

56. When a dividing fence crosses a by-road or right-of-way, it shall be competent for any one of the proprietors of land on either side of such dividing fence to erect swing gates in terms of this Act, and to recover from the adjoining proprietor one half the cost of such erection, without prejudice to the liability of any other person who may be ordered by the Board to contribute towards the expense of the erection and up-keep of such gate.

57. Every person, not being the sole proprietor, or having his authority, who shall pass through any gate provided in pursuance of this Act, shall, immediately after so passing through the same, with or without any vehicle or animals in his care, close and fasten such gate, or cause the same to be closed and fastened, under pain of a fine not exceeding Five Pounds.

58. Any person not being the sole proprietor, or having his authority, who shall open or unfasten any gate erected or provided in pursuance of the provisions of this Act, except for the purpose of then and there passing through the same with or without any vehicle or animals in his care, or of enabling some other person or persons so to pass, shall be liable to a fine not exceeding Ten Pounds, or in default of payment thereof, to imprisonment, with or without hard labour, for any term not exceeding two months.

59. Nothing in this Act contained shall prevent any person who deems that he has sustained loss or damage by or in consequence of the leaving open of any gate erected in accordance with the provisions of this Act from bringing an action for the recovery of such loss or damage.

60. The Governor in Council may from time to time make regulations for the purposes of this Act, and may by any such

Schedule No. 1.

Road Board Election Procedure.

1. When an election of a Road Board or of any members of a Road Board is to be held the Magistrate shall, at least thirty days before the date for receiving requisitions of candidates, sign and affix to the notice board at the seat of Magistracy a notice thereof (a).

Such notice shall be published twice in the Government Gazette, and at least once in one or more newspapers circulating in the Division.

Such notice shall be in the Form No. 1 in Schedule No. 2.

The date to be fixed by such notice for the delivery of requisitions shall be not less than sixteen days before the date fixed for the election.

2. No person shall be deemed a candidate at any election unless he has been invited to become such candidate by a requisition signed by at least five qualified voters of such Division, and shall have transmitted such requisition, with his acceptance thereof, to the Magistrate of the Division on or before the day appointed by the aforesaid notice for the delivery of requisitions.

3. No person shall sign any requisition to more than the number of candidates to be elected, and if any person signs any requisition to more than that number his signature shall be expunged from all requisitions which he has signed.

4. If the number of duly qualified candidates who have accepted requisitions is five only, or less than five, such candidates shall be deemed to be elected, and the Magistrate shall make a return accordingly without having recourse to a poll. If the number of valid requisitions exceeds that of the vacancies, the members shall be elected from among the persons so requisitioned.

5. If a poll is necessary the Magistrate shall, at least twelve days before the day appointed for the election, cause the names of

(a) As to insufficiency of notice, see McKenzie v. Clark, 17 N.L.R., 354.
the candidates for election, together with the names of the persons who have signed such requisition, to be published in the form No. 2 of Schedule No. 2 by affixing such form to the notice board, or in some other conspicuous place, at the Magistrate's Office.

6. The Magistrate shall, at least eight days before the day appointed for the election, cause to be issued through the post a voting paper in the form No. 3 of Schedule No. 2 to each voter having the necessary qualification under this Act to his address as entered on the Voters' Roll, and such voting paper (the Christian name, surname, designation, and residence of the voter as appearing on the poll having previously been filled in by the Magistrate, or someone having his authority) contained in an envelope shall be accompanied by a letter of intimation in the form No. 4 in the Schedule No. 2.

7. Each voter upon receipt of his voting paper, if he desire to vote in the election, shall insert in the voting paper the name of the candidate or candidates for whom he votes and the place and date of signature, and affix his subscription thereto in the presence of one witness, who shall personally know the voter, and who shall attest the fact of such voting paper having been signed by the voter in his presence at the place therein mentioned, by signing his name at the foot thereof, and adding his designation and place of residence in the form or to the effect set forth in the form.

8. Thereafter the voting paper so signed and attested as aforesaid shall, if the voter desire to vote in the election, be returned through the post, or in some other way delivered to the Magistrate by whom it was issued, so as to reach him not later than the time named for the return of the voting paper. Each voting paper when received back by the Magistrate shall be kept by him, unopened, in a fireproof safe or other place of safety until the poll begins.

9. The votes shall be given by means of voting papers as aforesaid, and not otherwise, and the majority of the votes which shall be so given and returned shall determine the election.

10. Every person entitled to vote shall be entitled to give one vote and no more for each of any number of candidates not being in excess of the number capable of being elected at any election.

11. The poll shall close at four o'clock in the afternoon of the appointed day. The poll shall be taken before the Clerk of the Road Board, or before some other officer appointed for that purpose by the Magistrate.
12. At the close of the poll the voting papers shall be opened and examined by the Clerk of the Board or other officer as aforesaid, and if found to be in order shall be counted and put apart until the end of the poll. The candidates may themselves attend, or may appoint agents to represent them and attend at the counting of the votes.

At the end of the poll the votes shall be cast up and the Magistrate shall declare to be elected the candidates for whom the majority of the votes has been given.

The return of the Magistrate shall be in the Form No. 5 of Schedule No. 2.

13. When an equality of votes is found to exist between any candidates at an election for a Road Board, and where the addition of a vote would entitle any one of such candidates to be declared elected, the Magistrate as the returning officer may give such additional vote, but he shall not in any other case be entitled to vote at an election for which he is returning officer.

14. The Magistrate shall notify by publication in the Government Gazette the names of all members elected to serve upon the Road Board.

“To amend the Law relating to Foreign Seamen.”

[25th December, 1903.]

BE IT ENACTED by the King’s Most Excellent Majesty, by and with the advice and consent of the Legislative Council and Legislative Assembly of Natal, as follows:—

1. This Act may be cited as the “Foreign Seamen Act, 1903.”

2. If any seaman belonging to any foreign ship deserts therefrom, or otherwise absconds or absents himself from his duty whilst such ship is anywhere within the territorial limits of Natal, any Magistrate, upon the complaint on oath of the master, mate or other person having charge of such ship, of the fact of such desertion, absconding or absence from duty, may issue his warrant for the apprehension of such seaman; and thereupon—

(c) At the request of such consul, vice-consul, or other consular officer or agent may order such seaman to be put forcibly on board the ship to which he belongs.
3. Every seaman of any foreign ship who, whilst such ship is within the territorial limits of Natal, commits any of the offences hereinafter mentioned, shall, upon conviction thereof before a Magistrate, be liable to be imprisoned with hard labour in a gaol in Natal for periods not exceeding those hereinafter set against the said offences respectively, that is to say:

(a) For desertion from the ship to which he belongs, a period of twelve weeks for the first offence, and a period of six months for a second or subsequent desertion;

(b) For assaulting any master or other officer of such ship, a period of twelve weeks, or in the alternative a fine of not more than Three Pounds sterling.

(c) For wilful disobedience to any lawful command of such master or other officer of such ship, a period of four weeks, or in the alternative a fine of not more than Two Pounds sterling.

(d) For continued wilful disobedience to such lawful commands, or for continued wilful neglect of his duty as a seaman of such ship, a period of twelve weeks, or in the alternative a fine of not more than Three Pounds sterling.

(e) For combining with any other or others of the crew of the ship to which he belongs to disobey the lawful commands of his officers or to neglect his duty as a seaman, or to impede the discharge, loading or departure of the ship, or the progress of the voyage, a period of twelve weeks;

(f) For drunkenness or other misconduct disabling any such seaman for the discharge of his duty, a period of four weeks for the first offence and a period of eight weeks for any subsequent offence, or in the alternative a fine of not more than Two Pounds sterling in either case:

Provided that nothing herein contained shall take away or abridge any powers which a master of any such ship has over his crew.

4. (1) A Magistrate may, at the instance of the consul, vice-consul, or other consular officer or agent of the nation or state to which the ship of any seaman convicted and sentenced under this Act belongs, order any such seaman, at or after the expiration, or earlier determination of his sentence of imprisonment, or at any time during the continuance thereof,
thereof, to be put forcibly or otherwise on board such ship.

(2) In all such cases the Magistrate may grant an order to any gaoler or keeper of the prison to discharge such seaman from prison into such custody as such Magistrate directs, which shall be a sufficient warrant to such gaoler or keeper to deliver such seaman into such custody and for such purpose as aforesaid.

5. A Magistrate may, upon the complaint on oath of the master or other person having charge of any such ship as aforesaid, that he has good cause for suspecting that any runaway seaman of such ship is harboured, secreted or concealed on board any ship, boat, or other vessel, or in any house or place whatsoever, issue a warrant directing some constable to search such ship, boat, or other vessel, or such house or place, and to apprehend such seaman.

Such warrant shall be executed accordingly, and every such seaman shall upon his apprehension be brought with all convenient speed before the Magistrate to be dealt with as is herein directed.

6. Whosoever—

(a) Harbours, conceals, employs, or retains, or assists in harbouring, concealing, employing or retaining any seaman belonging to any such ship as aforesaid, who has deserted therefrom, or otherwise absconded or absented himself from duty, knowing such seaman to have deserted or otherwise absconded or absented himself from duty, without having used reasonable diligence to ascertain whether such seaman has been duly discharged from his last employment; or

(b) Causes, induces or persuades any such seaman by words or by any other means whatsoever, to violate or to attempt or endeavour to violate any agreement which he may have entered into to serve on board any such ship as aforesaid; or

(c) Knowingly connives at the desertion, absconding or absence from duty of any such seaman;

shall for every such offence, upon conviction thereof before a Magistrate in a summary way, be liable to a fine not exceeding Twenty Pounds sterling for the first offence, and not more than Fifty Pounds sterling for a second or subsequent offence; and in the case of non-payment thereof the Magistrate may commit
him to gaol for any period not exceeding three months with or without hard labour, such imprisonment to cease on payment of the fine.

7. No such warrant as is in this Act mentioned shall be issued, and no offence hereby made punishable shall be prosecuted or punished, except—

(a) At the instance, or with the express assent in writing of the consul, vice-consul, or other consular officer or agent of the nation or state to which such ship as aforesaid belongs; or

(b) It has been duly notified by order of the Governor in the Natal Government Gazette that the Government of such nation or state has, by its proper officer, signified its desire that this Act may be enforced in all cases against the crews of ships belonging to such nation or state.

8. (1) In prosecuting under this Act it shall not be necessary for the purpose of proving the articles or agreement under or by which any such seaman has engaged to serve on board any such ship, to call any subscribing or attesting witness thereto; but such articles or agreement may be proved as if there were no such subscribing or attesting witness.

(2) A copy of any such articles or agreement as aforesaid, certified under the hand of the consul, vice-consul, or other consular officer or agent of the nation or state to which such ship belongs, to be a true copy thereof, shall be received as evidence of the existence and contents of such articles or agreement.

9. All expenses incidental to the apprehension, confinement, and removal of any seaman under and by virtue of this Act shall be paid by the consul, vice-consul, or other consular officer or agent at whose instance such seaman was apprehended, proceeded against, or removed.

10. (1) All proceedings under this Act may be conducted in a Magistrate's Court.

(2) The service of any summons or other matter in any legal proceedings under this Act shall be good service if made—

(a) Personally on the person to be served; or

(b) By leaving such summons for him on board any ship to which he belongs with the person being or
appearing to be in command or charge of such ship.

11. (1) No conviction under this Act shall be quashed merely for want of form.

(2) No warrant of commitment or order for imprisonment shall be held void by reason of any defect therein: Provided it is therein alleged that the person has been convicted or ordered to be imprisoned, and there is a good and valid conviction or an offence to sustain the same.

Act No. 36, 1905.

"To regulate the closing times of shops in towns, villages and certain other places."

[26th August, 1905.]

Be it enacted by the King's Most Excellent Majesty, by and with the advice and consent of the Legislative Council and Legislative Assembly of Natal, as follows:—

1. This Act may be known as the "Shop Hours Act, 1905," and shall commence on the first day of January, 1906.

2. Act No. 29, 1904, entitled Act "To regulate the closing hours of shops within boroughs and towns" is hereby repealed, without prejudice to the prosecution of any offence thereunder.

3. This Act shall apply to the following places:—

All boroughs and townships established under laws relating to municipal boroughs or local townships.

All villages coming within the operation of the Village Water Supply Act, 1897, or of any like Act, or of any Act establishing local authorities for the control or management of villages.

The villages specially mentioned in the schedule of this Act and any village which the Governor in Council

Act 36, 1905.

may by proclamation add to the list in the said schedule.

All places lying within a distance of five miles from the nearest boundary of any borough, township or village to which this Act applies.

4. In this Act:

“Shop” includes any building, room, market stall, tent, booth, or other place in or upon which goods are offered or exposed for sale (a) to the public by wholesale or retail (b).

“Closed” means closed against the admission of any person for the purpose of buying or doing any shopping business, either for the whole day or for the remainder of the day, as the case may be.

“Shopkeeper” means the owner, or the representative in Natal of the owner of the business carried on in any shop.

“Shop Assistant” includes salesmen and saleswomen, shop walkers, and others engaged in or about the selling of goods in a shop.

5. All shops shall, save as is hereinafter excepted (c), be closed:

(a) On all Sundays and public holidays (d), during the whole day.
(b) On every Monday, Tuesday, Wednesday and Thursday at half-past five o’clock in the afternoon.
(c) On every Friday at ten o’clock in the evening.
(d) On every Saturday, at two o’clock in the afternoon.

6. Hawkers, pedlars and the like shall not be allowed to carry on their trade at any time during which shops are by this Act required to be closed, and the provisions of this Act in regard

(a) As to the meaning of “exposed for sale” see Inspector of Nuisances, Durban, v. Gundelfinger (2 N. L. J., 237), decided on sec. 18 of Act No. 45, 1901, ante, p. 220.
(b) See exceptions in secs. 7, 8 and 9, and see note to sec. 5, post.
(c) See note (b), supra. Cf. 4 Edw. 7, c. 31 (“Shop Hours Act, 1904”). In the Imperial Act, which is adoptive, exceptions are made in favor of “any fair lawfully held or a bazaar for charitable purposes.” As no such exceptions have been made by the Natal legislature there can be little doubt that a person selling at a bazaar after prescribed hours would be guilty of contravening the provisions of sec. 14; and it is questionable whether the discretion vested in the Governor by sec. 9 extends to the exempting of bazaars.
(d) By reference to Act No. 18, 1901 (ante, tit. “Holidays”), this will include any day appointed by the Governor, by Proclamation, to be a public holiday. As to Sundays see note to sec. 12, post.
to the closing of shops shall mutatis mutandis apply to the closing of the business of hawkers, pedlars and the like (a).

7. This Act shall not apply to hotels and other premises licensed for the sale of intoxicating liquors, unless such liquors are kept for sale in any shop where a grocer's or any other shop business is carried on, in which case the shop shall be subject to this Act in the same manner as other shops.

8. (a) Shops of the following classes shall be exempted from the operation of this Act:—

Restaurants, eating houses and refreshment rooms for the sale of food to be consumed on the premises.
Fresh milk, fruit, flower and vegetable shops.
Tobacconists’ shops.
Bakers’ and confectioners’ shops.
Undertakers’ shops.
Newsvendors’ shops, railway stations book stalls.
Retail bicycle shops.
Butchers, poulterers and fishmongers.

(b) Chemists’ and druggists’ shops shall be closed at eight o’clock in the evening on every day from Monday to Saturday, but medical business may be done upon special call at any time during which such shops are required to be closed.

(c) Hairdressers’ shops shall be closed (b) at seven o’clock in the evening of every day from Monday to Friday and at ten o’clock on Saturday evenings, and shall be closed on Sundays and public holidays.

If in any shops mentioned in this section any business is carried on which does not belong to one of the exempted classes the exemption given by this section shall not apply to such shop, and the shop shall be closed at the closing time appointed by Section 5 of this Act; but this clause shall not be deemed to apply to the sale of such articles as are by the recognized custom

(a) It is submitted that hawkers of food, fresh milk, fruit and other articles ordinarily sold by keepers of shops of the classes exempted by sec. 8 will be entitled to the same privileges as they would enjoy if they sold such articles in shops. Sed quare whether in the case of a person hawkling food (not bread, fresh milk, fruit or confectionery) from door to door, the Act is contravened if such food is consumed on the premises of the purchaser.

(b) See definition of "closed" in sec. 4, ante. It is submitted that this does not debar a hairdresser from hairdressing and shaving. Query whether a person entering a hairdresser's saloon in order to be shaved enters “for the purpose of buying or doing any shopping business,” (sec. 4). See Palmer v. Snow, [1900] 1 Q.B., 725; 69 L.J., Q.B., 356; 82 L.T., 199, where it was held that the Sunday Observance Act, 1677 (England), does not extend to a barber.
of trade usually sold in connection with and as a part of the business of any such shop, or to the special provision made in regard to medical business at chemists' and druggists' shops.

9. It shall be lawful for the Governor in Council, by notice in the Government Gazette, to appoint special closing times for shops doing marine business or for any shops of a special class or at a special place, the closing of which at the times appointed by this Act would in his opinion be attended with serious public inconvenience; provided that in the exercise of this authority regard shall always be had to the general intention of this Act.

10. The closing hours appointed by this Act shall not apply to any day from the 22nd to the 31st December in any year.

11. Notwithstanding the provisions of this Act any shop may be kept open until ten o'clock in the evening on the day (not being a Sunday) preceding a public holiday, and at any place other than Pietermaritzburg and Durban where Nachtmaal is celebrated shops may be kept open until half-past five in the afternoon of the Saturday immediately preceding the Sunday on which Nachtmaal is celebrated.

12. This Act shall not be construed to conflict with the provisions of Law No. 24, 1878, entituled "Law to provide for the better observance of the Lord's day, commonly called Sunday (a)."

13. It shall not be lawful, under pain of a contravention of this Act, for any shop assistant to be employed for more than fifty-four hours in any one week in any shops exempted by sub-section (a) of section 8 of this Act, whether such employment be under special contract or for any special payment or otherwise.

14. No goods shall be sold or offered for sale in any shop after the hour prescribed for closing.

Customers who have entered a shop before the closing time may be served within a reasonable time, not in any case exceeding half an hour, after the closing time, provided that the shop doors are closed.

15. A shopkeeper and every person under him having the management or charge of a shop shall be liable for any contravention.
Act 36, 1905.

Penalties.

travention of this Act, and it shall be immaterial whether he
was present or had any direct cognizance of such contravention
or not, but upon any charge for such contravention it shall be
sufficient to prove that the contravention took place; provided,
however, that a shopkeeper and his manager shall not be both
convicted for the same offence.

16. Any person convicted of a contravention of this Act shall
be liable to a fine not exceeding five pounds.

The magistrate shall notify the licensing authority of every
such conviction.

It shall be in the discretion of the magistrate to declare the
license of any person convicted twice within the period of twelve
months to be suspended for a period of not more than three
months.

No such prosecution shall be instituted after the lapse of
one month from the time when the offence was committed.

17. This Act shall, in boroughs and local townships and in
any other place, the local authority of which is by law invested
with the authority to make by-laws for the government of the
town or village, be administered by the corporation or local
board or local authority.

Prosecutions for offences committed in boroughs and local
townships and in such other places as last aforesaid may be
instituted and conducted by such persons as are under the by-
laws entrusted with the prosecution of contraventions of the by-
laws, and the fines imposed for such offences shall be paid to the
borough or township or other similar fund.

18. The town council, local board or other local authority
invested by law with the power to make by-laws as aforesaid
may make such by-laws for any matters necessary for carrying
out this Act, and the Governor in Council may make regulations
for the same purpose, applicable to villages and other places not
having such a local authority.

Act No. 28, 1905.

"To incorporate the Natal Institute of Land Surveyors."

[18th August, 1905.]

WHEREAS it is expedient to incorporate members of "The Institute of Land Surveyors of Natal," to enable it the more effectually to carry out its objects and to hold, transfer, mortgage, and otherwise deal with immovable property in this Colony in its corporate name:

BE IT THEREFORE ENACTED by the King's Most Excellent Majesty, by and with the advice and consent of the Legislative Council and Legislative Assembly of Natal, as follows:—

1. The members of "The Institute of Land Surveyors of Natal" shall be and they are hereby incorporated, and declared a body corporate, with perpetual succession save as hereinafter provided, and shall sue and be sued in its corporate name.

2. In the event of the subscriptions and fees actually paid by the members in any two successive years falling below the sum of Forty Pounds (£40) Sterling for each year, the said Institute shall ipso facto cease to be incorporated as from the first day of January in the following year.
3. The objects of the institution are the promotion and advancement of the profession and practice of land surveying in all its branches, and the maintenance of the honour and the interests of the said profession, and to do any other lawful acts or things which may be considered necessary to attain and achieve any or all of the above objects.

4. The said Institute shall and may in its corporate name acquire by purchase, taking on lease, exchange, or otherwise, lands and buildings and all other property, corporeal or incorporeal, which the Institute may from time to time think proper to acquire for the attainment or achievement of all or any of the objects for which it is founded, and which may lawfully be held by it, to sell, improve, manage, develop, mortgage, dispose of, or otherwise deal with, all or any part of such property of the Institute, and to maintain, alter, or add to any buildings erected upon such land or other property of the Institute: Provided always that all acts, deeds of transfer, leases, mortgages, or other bonds, and deeds or other documents and writings required to be registered by the Registrar of Deeds of this Colony (a) shall contain a reference to this Act, and shall be passed or executed by the president or vice-president for the time being of the said Institute when duly authorised thereto by the council of the said Institute under the common seal thereof, or by his attorney duly authorised in that behalf.

5. Every member of the said Institute shall be liable in respect of debts incurred during his membership, for a sum of Ten Pounds (£10) Sterling, and no more, and such sum shall be additional to the subscription payable by him in respect of the current year.

6. The Council of the Institute may from time to time, subject to the approval of His Excellency the Governor in Council, frame, alter, amend and administer By-laws and Regulations for carrying into effect the objects and purposes of the Institute and for regulating its proceedings. Such By-laws and Regulations shall, when adopted at a General Meeting of the Institute and approved by His Excellency the Governor in Council, and published in the Natal Government Gazette, have the force of Law and shall be binding upon all members of the Institute in practice, in so far as the same may not be in conflict with the terms of this Act.

7. In any criminal prosecution, preliminary inquiry, or proceeding, or in any warrant, indictment, or other proceedings

(a) See note to sec. 4, Act No. 10, 1902, ante, tit. "Architects."
at law, it shall be sufficient if any goods, property, assets, or other things, which shall or may be set out in any such indictment, warrant, or other proceeding, shall be described and said to be the property of the Institute, and the Institute shall be described therein by its corporate name.

8. This Act shall commence and take effect from and after the promulgation thereof in the *Natal Government Gazette*.
TAXES.

TAXES (a).

[See as to Customs, Licenses, Stamps, &c., tit. "Revenue."

Act No. 38, 1905.

"To impose a Poll Tax."

[28th August, 1905.]

BE IT ENACTED by the King's Most Excellent Majesty, by and with the advice and consent of the Legislative Council and Legislative Assembly of Natal, as follows:—

1. This Act may be cited as "The Poll Tax Act, 1905."

2. Every male person of the age of eighteen years and upwards shall, save as is hereinafter excepted, pay an annual Poll Tax of One Pound Sterling.

3. The burden of proof that any person is under the age of eighteen shall rest with such person, and if in any proceeding under this Act any person appears to the Magistrate to be of the age of eighteen years or upwards the Magistrate shall, in the absence of proof to the contrary, adjudge such person to be of the full age of eighteen years, and there shall be no appeal against such decision.

4. The tax shall become due on the first day of January in every year, and shall be payable to any Magistrate, or such other officer as may be appointed to receive the same.

5. The tax may be sued for in the Court of a Magistrate, and two or more persons may be joined in one suit.

6. If any person liable to the Poll Tax shall fail to pay the same within two months after the due date thereof, he shall be guilty of a contravention of this Act: Provided that no native shall be deemed to have been guilty of a contravention of this Act as aforesaid and no legal proceedings shall be taken against such native until after the thirty-first day of May in any year in respect of the Poll Tax due on the first day of January immediately preceding.

7. Any such contravention may be prosecuted in the Court of a Magistrate, or the tax together with the fine may be sued for civilly by a Clerk of the Peace, or any person appointed by the Government for that purpose.

Two or more persons may be joined in one such prosecution or suit, and costs may, in a prosecution or civil suit, be awarded against any one or more defendants.

(a) As to rule of construction for Taxing Acts, see ante p. 575 tit. "Revenue."
8. In any such prosecution, and in any suit for the Poll Tax or for the tax and fine, it shall be sufficient for the prosecutor or plaintiff to prove that the defendant has not produced his receipt for the tax, and unless the defendant shall produce his receipt or satisfy the Court that he was not liable to the tax, judgment shall be given against him (a).

A defendant who produces his receipt to the Court may, nevertheless, be adjudged to pay costs if he does not satisfy the Court that he had good reasons for not having produced his receipt when previously required to do so.

9. Any police officer or constable may at any time call upon any person whom he may believe to be liable to the Poll Tax to produce his receipt therefor, and such person shall be obliged to do so, or if he is not able to do so he shall give his name and address, and answer any reasonable enquiries which the officer or constable may make concerning the matter; and if he fails to do so he shall be guilty of a contravention of this Act.

10. All license, pass or registration officers, and all officers charged with the carrying out of any public duty of a similar kind, whether they be employed by the Government or by a municipal or other public authority, are enjoined and required, whenever any male person applies for a license, pass or registration of any kind whatever, to enquire of such person whether he has paid the Poll Tax due upon the first day of the previous January or not, and if such person shall not produce his receipt for the tax, the officer shall make a report thereof upon the same day, or at latest, upon the following day to the Natal Police at the nearest station, unless it clearly appear that the person is exempt from the tax, and he shall afford the police any necessary assistance in tracing such person (b).

11. No pass to leave the Colony shall be granted to any person requiring such a pass unless he shall produce his receipt for the last Poll Tax, or shall satisfy the officer that he is not liable to pay the same.

12. Any person who has lost his receipt for the Poll Tax may obtain a certified copy from the officer to whom he has paid the Poll Tax on payment of One Shilling. Any reference in this Act to a receipt shall include a certified copy.

(a) This sec. should be read in conjunction with sec. 12.
(b) It will be observed that the duty enjoined by this section upon license and pass officers is merely to enquire and report, not to refuse to issue any license because of non-payment of the tax. It appears also that a person applying for a license, &c., in the month of January can only be required to state whether he has paid the tax due in "the previous January."
13. The Governor in Council may from time to time make regulations for all matters necessary for the purposes of this Act, and any person who contravenes any such regulations or any of the provisions of this Act shall be liable to a penalty not exceeding five pounds (£5) sterling.

14. (1) Any native who is liable to pay Hut Tax under Law No. 13, 1875 (a), in any year, shall be exempt from the Poll Tax for that year.

(2) Natives working in the Colony, whose domicile is without the Colony, shall be exempt from the Poll Tax.

(3) Indians serving under indentures in pursuance of the laws relating to Indian Immigration, shall be exempt from liability to the Poll Tax during such indentures.

(4) Any person who shall prove that he is unable through poverty to pay the tax shall be excused therefrom for the time being but this excuse shall not prevent a subsequent prosecution or action if such person shall afterwards become able to pay the tax and fails to do so.

(5) Any person who shall prove that he is merely passing through the country (b), or visiting it for a period not exceeding six months, shall be excluded from liability to the Poll Tax.

15. This Act shall not apply to:—

(a) His Excellency the Governor and his personal staff;

(b) His Majesty’s regular naval and military forces and European members of the Natal Police Force serving in the Colony.

(c) Consuls and all representatives of Foreign or Colonial Governments who are not engaged in private pursuits in the Colony.

(b) The meaning of "passing through the country" does not seem quite clear. Quere where it applies to a person travelling from place to place in the Colony in the course of a journey extending over six months.

Act No. 16, 1901.

"To amend and declare the Law relating to Telegraphs."

[19th August 1901.]

Be it enacted by the King's Most Excellent Majesty, by and with the advice and consent of the Legislative Council and Legislative Assembly of Natal, as follows:—

1. This Act may be cited as the "Telegraphs Act, 1901."

2. Law, No. 11, 1863, entitled Law "For the Construction and Regulation of Electric Telegraphs," Law No. 6, 1864, entitled Law "For securing precedence to Public Telegrams," and Law No. 5, 1874, "The Telegraph Law, 1873," are hereby repealed, but such repeal shall be without prejudice to anything done, or any right acquired, or liability incurred thereunder.

3. In this Act—

"Telegraph" means, according to the context,

(a) Electric telegraph, telephone, or any other mode of conveying signs or signals by electricity or magnetism or electro-magnetism, or by pneumatic agency, or by any agency of a like nature or producing the like effect with any such agency as aforesaid:

(b) Any wire used for telegraphic purposes, and any casing, coating, tube or pipe enclosing the same; also any cable, pneumatic or other tube or pipe, and any apparatus, thing, or means whatsoever used in connection with or for the purposes of the transmission of telegraphic messages or the maintenance of telegraphic communication.

"Telegraphic" has reference to anything included in the word "telegraph."

"Telegram" means any message or other communication transmitted or intended for transmission by telegraph.

"Person" includes a corporation, company, or partnership.

"Undertaking," in reference to a telegraph, includes all the rights, powers, privileges, works and other property of the person owning the telegraph, for the transmission of telegrams in this Colony for money or other consideration.
4. The Colonial Government shall, from and after the passing of this Act, have the sole right and exclusive privilege of transmitting telegrams within the Colony of Natal, and of performing the incidental services of receiving, collecting or delivering telegrams, except as hereinafter provided, and saving the authority of any department of His Majesty's Imperial Government.

5. There shall be excepted from the said exclusive privileges of the Colonial Government all telegrams of the following descriptions, that is to say:

(a) Telegrams transmitted by a telegraph licensed as hereinafter provided and maintained for the exclusive private use of any person, and in respect of which telegrams, or of the collection, receipt, transmission or delivery of which no money or valuable consideration shall be, or promised to be, made or given.

(b) Telegrams transmitted by any person empowered by any special Act in force at the time of the passing of this Act to transmit telegrams and to charge therefor.

(c) Telegrams transmitted by sea to or from any place outside the Colony (a).

6. Any person who, contrary to the provisions of this Act, shall transmit any telegraph, or shall receive, collect, or deliver any telegram, or shall aid or be concerned in any such act as aforesaid, shall for every such offence be liable to a penalty not exceeding Five Pounds Sterling; and where any person offending against this Act is a servant or person hired to do the act complained of, the employer shall be subject to a like penalty.

7. All the powers and authority vested by the succeeding clauses of this Act in the Colonial Government for the construction of telegraphs, and for purposes incidental thereto may, subject to any necessary vote of supply, be exercised by order of the Governor in Council without any special Act being passed in that behalf, and all such powers and authority may, in respect of the maintenance, repair, and upkeep of Government telegraphs, be at any time exercised by the Postmaster-General.

8. Save as is otherwise specially provided in this Act, the Lands Clauses Consolidation Law, 1872, is incorporated with this Act.

9. Whenever the construction of a line of telegraph shall have been authorised by the Governor in Council, it shall be

(a) These do not include "wireless telegrams." See Act 11, 1904, sec. 1, post.
Act 16, 1901. lawful for the Government, by its servants, to enter upon any lands within this Colony belonging to private persons, or to companies or corporations, including streets or other lands set aside for public purposes, for the purpose of constructing telegraphs, and carrying out any work incidental or relative thereto, and to erect, set up, and maintain all necessary masts or poles, and lay down all cables, pipes, tubes, or other apparatus necessary for the proper working of such telegraphs, and, except in the case of streets or other lands within a town or village, to take therefrom any stone or other materials, and to take any lands required for other purposes connected therewith.

10. The powers conferred upon the Colonial Government for the taking and using of land for the construction of telegraphs shall not, except by consent, be exercised until one month's notice shall have been given to the person over whose lands the telegraph is to be erected, or from whom the land is required to be taken.

Every such notice shall set forth that the construction of the telegraph has been authorised by the Governor in Council.

11. Nothing in this Act contained shall be deemed to give any person the right to compensation because of the construction or maintenance of a telegraph over his land, or because of the taking of his land when the right to construct telegraphs and take land is carried out within the terms of any reservation contained in the title deed of such land.

The Government shall not be liable to give compensation for the taking or use of streets and other public places of a town or village for the erection of telegraphs and telegraph poles therein, save so far as actual injury may be caused to any work or property:

Provided, however, that the construction of such telegraphs shall be carried out so as to avoid, as far as possible, all inconvenience to the owners of property, or to the public, and that all streets and other lands shall be properly levelled and left in good order and condition.

12. It shall be lawful for any authorised officer of the Postal Department of this Colony, without compensation to the owner or occupier, to enter at any time on lands over which a line of telegraph may run, for the purpose of inspecting the said line, and to cut away bush or timber obstructing or likely to obstruct the same, and to remove any impediment to the proper working of the telegraph.

13. Where any fence renders it inconvenient or impossible for the officers of the Postal Department to obtain ready access to any land, the Department shall provide the necessary gates,
and duplicate keys shall be handed over to the owners of the lands. All such gates shall be kept locked, and any omission on the part of an officer of the Postal Department to lock the gates shall be deemed to be an offence under this Act.

14. It shall be lawful for the Governor in Council to make, alter, and repeal regulations defining and fixing the charges to be demanded and received for the collection, transmission, and delivery of telegrams, and generally for the management, working, and maintenance of Government telegraphs, and for carrying out the objects of this Act, and such regulations may appoint penalties not exceeding Ten Pounds Sterling for any breach thereof, recoverable by civil or criminal suit in a Magistrate's Court.

15. It shall be lawful for the Minister having charge of the Postal Department (hereinafter called the Minister) to grant to any person a license to construct and maintain a line of telegraph to be used for the transmission of such telegrams only as are excepted by Sub-section (a) of Section 5 of this Act from the exclusive rights of Government.

Such telegraph is referred to in this Act as a private telegraph.

16. Every application for a license to construct a private telegraph shall be addressed to the Postmaster-General, and shall set forth the route proposed to be taken by the telegraph, the names of the owners of the lands along the proposed line of route, and the nature of their properties and shall contain a declaration that the consent of all persons owning or occupying the land to be traversed has been obtained to the construction of the telegraph.

17. The Postmaster-General shall report upon every application to the Minister, who shall have the discretion to grant or refuse a license.

18. Every license shall contain such provision as the Minister may consider necessary for the protection of any other telegraphs, and for the prevention of injury to the public.

19. Every license shall specify the period for which it shall endure, which period shall not exceed seven years; but any such license may be renewed from time to time, subject to any proper and reasonable conditions.

If the renewal of a license be refused, the applicant shall have the right of appeal to the Governor in Council, whose decision shall be final.

20. The Minister may give permission in writing for the transfer of a license.
21. It shall be lawful for the Minister to cancel and determine a license if, after notice has been given by the Postmaster-General to the licensee of any breach of the conditions of the license, or of any defect in any part of the telegraph likely to cause injury to person or property, the licensee fails to make good such breach or defect within the time appointed by the notice, which shall not be less than ten days from the date of service of the notice.

There shall be a right of appeal to the Governor in Council from any direction of the Minister cancelling a license, and the decision of the Governor in Council shall be final.

22. Licensees shall be answerable for all damages, accidents and injuries happening through their act or default, or through the act or default of any person in their employ, by reason of any of their works or telegraphs, or by the escape of electricity or the like.

23. At any time after the passing of this Act it shall be lawful for the Colonial Government, upon three months' notice in writing, to purchase the whole or any part of the undertaking of any licensee, and it shall be lawful for such licensee, and he is hereby required, to sell and convey his undertaking.

24. In the event of the proprietor or proprietors of any telegraph line and the Colonial Government being unable to agree with respect to the amount of compensation to be paid to them for their undertaking, the parties may have such amount settled in manner provided by The Lands Clauses Consolidation Law, 1872; and in every case in which the proprietor or proprietors of any telegraph line shall neglect or fail to assure, or to procure all other necessary and proper parties to concur in assuring, to the Colonial Government, free from all mortgage and other debts, any undertaking which shall have been purchased by the said Colonial Government under the provisions of this Act, it shall be lawful for the Colonial Government to deposit the purchase money which shall have been agreed or awarded to be paid in respect of such undertaking in the hands of the Master of the Supreme Court to the credit of such proprietor or proprietors, and thereupon such undertaking shall absolutely vest in the Colonial Government, free from all mortgage or other debts of such former proprietor or proprietors, and the moneys so deposited shall be dealt with in manner provided by the Lands Clauses Consolidation Law aforesaid.

25. The Postmaster-General may, by direction of the Minister, construct, let, and maintain telegraphs for private use, upon such terms as to charges for use and otherwise as the Minister may approve.
26. Save as hereinafter provided (a), telegrams for transmission by a Government telegraph shall be transmitted for all persons in regular succession, without delay, favour, or preference; and no persons shall be permitted to occupy any telegraph by sending messages or communications of unreasonable length, so as to impede the speedy transmission of other messages or communications.

27. The Governor may nominate the officers who shall be empowered to send telegrams on the public service.

28. Telegrams on the public service shall have priority over all other messages: Provided always that no private messages shall be suspended when in course of transmission except when specially directed by the officer requiring the said official message to be transmitted.

29. If any owner of land shall prove to the satisfaction of the Postmaster-General that he is obstructed in the free use of his land by reason of the insufficient height or depth of any Government telegraph, the General Manager of Telegraphs shall take such steps as he may deem necessary for giving relief to the said owner.

30. Any person who shall wilfully in any way injure, disturb, obstruct, or interrupt the free use or working of any telegraph, or any works incidental thereto, or connected therewith, or shall wilfully attach any string, wire, or any conductor or other thing to any line of communication, or any part thereof, without the authority of the person in charge of such telegraph, or shall wrongfully and maliciously obstruct, hinder, or prevent the forming, constructing, completing, or maintaining any such line of communication, or any part thereof, shall, upon conviction, be liable to a penalty not exceeding Fifty Pounds Sterling, or to imprisonment, with or without hard labour, for any term not exceeding six months.

Nothing in this section shall be deemed to require or authorise the disclosure by a witness in a Court of the contents of any telegram which would otherwise be the subject of any exemption or privilege on public grounds.

33. Any person who shall fraudulently or maliciously transmit, or cause to be transmitted any message or intelligence which he knows to be false, shall, upon conviction, be liable to a fine not exceeding One Hundred Pounds Sterling, or to be imprisoned, with or without hard labour, for any period not exceeding six months, or to both such fine and imprisonment.

34. Any person who shall by carelessness cause any damage to a telegraph shall, in addition to the value of such damage, be liable to a penalty not exceeding Ten Pounds Sterling.

[7th September, 1903.]

WHEREAS John William Sparks, Harry Sparks, John Thompson, Meyrick Bennett, William James Chapman, and John Henry Ernest Wall, all of Durban, in the Colony of Natal, are desirous of constructing a tramway for the conveyance of passengers, goods, and merchandise from a point in the Pietermaritzburg Public Main Road, on the Western Boundary of the Borough of Durban, and at or near to the Toll Bar Terminus of the Durban Borough Tramways, following and along the said Pietermaritzburg Public Main Road to its junction with the public Sydenham Road, and following along such Sydenham Road through the Village of Sydenham to the Boundary of the Clare Estate, in the County of Durban; and following on along the said Pietermaritzburg Public Main Road from its junction with the Sydenham Road aforesaid to a point at or near to the Umbilo Waterworks, near Pinetown, in the County of Durban, to be worked by means of electricity or other motive power:

AND WHEREAS the said promoters are also desirous of obtaining powers to generate electric current, and to transmit the same for the purposes of the said Tramway, or for the purposes of supplying such current for lighting or other purposes to the owners or occupiers of the lands adjacent or near to the said Tramway, and to transmit and supply the same for the purposes aforesaid elsewhere in the County of Durban:

AND WHEREAS it is expedient that such powers as aforesaid should be given:
Be it therefore enacted by the King's Most Excellent Majesty, by and with the advice and consent of the Legislative Council and the Legislative Assembly of Natal, as follows:

1. This Act may be cited as the "Sydenham Tramways, Lighting, and Electric Current Supply Act."

2. In the interpretation of this Act, the word "Promoters" shall include the said John William Sparks, Harry Sparks, John Thompson, Meyrick Bennett, William James Chapman, and John Henry Ernest Wall, their heirs, and successors, and any Company or Corporation to which they may sell or transfer their undertaking, or the rights, privileges, and powers conferred upon them by this Act. The word "road" shall be taken to mean the whole space reserved as such road, and not only the hardened or formed portion thereof.

3. The Lands Clauses Consolidation Law, 1872, in so far as applicable, and save and except where varied by this Act, shall be incorporated with this Act.

4. The Promoters are hereby authorised and empowered, subject to such terms as may be imposed by the Government in the contract referred to in Section 5 hereof, to construct, carry on, complete, and maintain the said Tramway, and to erect standards, posts, supports, or other requisite appliances, whether above or below the surface of the ground, for wires or cables, for transmitting electric current for the purposes of the said Tramway, or for the purpose of supplying the same for lighting and other purposes to the owners or occupiers of lands adjacent or near to the said Tramway, and to transmit and supply the same for the purposes aforesaid, and elsewhere in the County of Durban, according to the powers, rules, orders, and directions hereinafter set forth and expressed for that purpose.

5. The Promoters and the Government of Natal are hereby authorised to contract with each other for the purpose of the Promoters acquiring from the Government aforesaid, whether by way of letting, hiring, or granting, and upon such terms as may be mutually agreed upon, the following rights:

(a) The right of constructing the said Tramway aforesaid along the hereinafter mentioned public roads; and the right of working the same;

(b) The right of erecting or constructing and working standards, posts, supports, or other adequate appliances, whether above or below the surface of the ground, for wires or cables on and along the hereinafter mentioned public roads, for the purpose of transmitting or carrying electric current, together with the right of working or transmitting along
such wires or cables electric current for lighting or other purposes;

(c) The right of erecting or constructing and working standards, posts, supports, or other adequate appliances, whether above or below the surface of the ground, for wires or cables for the purpose of transmitting electric current, together with the right of working or transmitting along such wires or cables electric current for lighting or other purposes.

6. The Promoters shall not extend the wires and cables aforesaid beyond one mile from the route of the said tramway, unless at the written request of two-thirds of the occupiers of the lands which will be affected by such extension: Provided that the consent of the Governor in Council shall be necessary to any such extension.

7. The Promoters shall be, and they are hereby authorised and empowered, subject to such terms as may be imposed by the Government in the Contract referred to in Section 5 hereof, by themselves or their deputies, agents, officers, employees or workmen, to construct, carry on, complete and maintain a tramway in a proper and workmanlike manner, and with all conveniences adjoining thereto or connected therewith for the passage thereon of cars and other carriages to be propelled by electric or other motive power along the hereinafter mentioned public roads from a point in the Pietermaritzburg Public Main Road, on the Western Boundary of the Borough of Durban, and at or near to the Toll Bar Terminus of the Durban Borough Tramways, following along the said Pietermaritzburg Public Main Road to its junction with the public Sydenham Road, and following along such Sydenham Road through the Village of Sydenham to the boundary of the Clare Estate, in the County of Durban; and following along the said Pietermaritzburg Public Main Road from its junction with the Sydenham Road aforesaid to a point at or near to the Umbilo Waterworks, near Pinetown, in the County of Durban, as the same is shown in the Plan thereof filed with the Clerk of the Legislative Council and the Clerk of the Legislative Assembly.

8. The Promoters shall be, and they are hereby, authorised and empowered, by themselves or by their deputies, agents, officers, employees, or workmen, to erect or construct standards, posts, supports, or other adequate appliances, whether above or below the surface of the ground, for wires or cables on and along the hereinbefore mentioned public roads, for the purpose of transmitting electric current, together with the right of
working or transmitting along such wires or cables electric current for lighting or other purposes, and, further, to erect or construct standards, posts, supports, or other adequate appliances, whether above or below the surface of the ground, for wires or cables, for the purpose of transmitting electric current, together with the right of working or transmitting along such wires or cables electric current for lighting or other purposes.

9. The Promoters, for the purpose of carrying out any of the works authorised by this Act, shall have the right to enter upon the public roads as aforesaid and break up the same for the purpose of laying down the said Tramway, or standards, posts, supports, or other adequate appliances: Provided that, prior to such entry, the said Promoters shall give at least seven days' notice, in writing, to the Minister of Lands and Works for the time being, notifying their intention of so entering upon the public road aforesaid, and all Tramways, or standards, posts, supports, or other adequate appliances, shall be laid down as speedily as possible and with as little detriment or inconvenience to the public as circumstances admit, and the road restored to the same condition in which it was before the said works were made. And any excavations made in the roadway shall be properly fenced in and protected, and lighted at night, and the Promoters shall be responsible for any damage to person or property arising from the making of such excavations, and not arising from the negligence of the person injured.

10. The Tramway hereby authorised shall be made upon the same gauge as is adopted in the electric tramway system of the Borough of Durban, and shall be laid down and maintained in such manner that the uppermost surface of the rails shall be on a level with the surface of the road. Such Tramway shall be laid down upon such side or part of the public roadways as may be approved by the Government of Natal.

11. The said Tramway shall not be open for public traffic until the same shall have been certified to be fit for such traffic by an Engineer to be appointed by the Governor in Council.

12. The Promoters may carry passengers, parcels, goods, and merchandise upon such Tramways, but subject to the power of the Governor in Council to cancel the right of carrying goods and merchandise by Proclamation in the Natal Government Gazette, after giving six months' notice of such intention: Provided that such notice shall not take effect earlier than five years from the date of the promulgation of this Act.

13. The Promoters may levy tolls and charges for the conveyance of passengers, which shall not exceed Twopence (2d.) per mile or fraction of a mile: Provided that, if the route...

The rates, tolls, and charges for the conveyance of parcels, goods, and merchandise shall be made according to a tariff to be approved of by the Governor in Council: Provided further that the Governor in Council may, from time to time, revise, and, if necessary, reduce or increase the said tolls and charges, and also with power to the Governor in Council, from time to time, to revise and reduce the tolls and charges to be made for the conveyance of passengers. A list of all tolls and charges shall be exhibited in a conspicuous place inside and outside each of the cars or carriages used on the said Tramway.

14. The Promoters may use on the Tramways authorised by this Act cars or carriages with flanged or other wheels suitable to run on the prescribed rails, and, subject to the provisions of this Act, the Promoters shall have the exclusive use of the said Tramway. No car or carriage used on the Tramway shall extend beyond the outer coping of the wheels of such car or carriage more than twenty inches on each side.

15. The cars, carriages, or other vehicles used on the said Tramway may be propelled by electricity or such other motive power as may be approved by the Governor in Council.

16. Subject to the acquisition of powers from the said Government in terms of this Act, the Promoters shall have the right to contract with the owners or occupiers of land in the County of Durban for the supplying of electric current, and to charge and demand from any such person or persons so contracting, rates and charges not exceeding those set forth in the schedule hereto annexed marked “A”: Provided that the Governor in Council shall have the power from time to time to revise, and, if necessary, reduce such rates and charges.

17. The Promoters may make By-laws, and, from time to time, alter and repeal same, with respect to:

(a) The regulation of the traffic on the said Tramways, including the regulation of speed;

(b) The charges to be made to persons requiring to be supplied with electric current;

(c) The interference with or obstruction by any person of any of the works authorised under this Act;

(e) The prohibiting of any person using the Tramway or any portion thereof unless duly authorised by the Promoters;

(f) The general management and control of the said Tramway.

Any such By-laws may impose reasonable penalties for offences against the same not exceeding 40s. for each offence, with or without further penalties for continuing offences not exceeding 10s. for each day during which the offence continues. All tolls, penalties, and charges made under this Act, or made under any By-law made in pursuance of this Act, may be proceeded for in any Court of competent jurisdiction in this Colony. No such By-law shall become operative until the same shall have received the sanction of the Governor in Council and shall have been promulgated in the Natal Government Gazette, or in such other manner as the Governor in Council may direct.

18. Subject to the sanction of the Governor in Council, the said John William Sparks, Harry Sparks, John Thompson, Meyrick Bennett, William James Chapman, and John Henry Ernest Wall shall have the right and power to sell to any public Company or Corporation, all their rights, privileges, and powers under this Act, and upon such sanction being given, all such rights and privileges vested in them shall be transferred to and vested in the said public Company or Corporation, which public Company or Corporation shall ipso facto be deemed to have taken over all the obligations and liabilities of the said John William Sparks, Harry Sparks, John Thompson, Meyrick Bennett, William James Chapman, and John Henry Ernest Wall.

Regulations for safety of Public.

25. The Governor in Council may from time to time make such regulations, in accordance with the regulations for the time being of the Board of Trade of the United Kingdom applicable to Local Authorities or Municipalities, subject to such modifications as he may think expedient, but in no case more stringent, for securing the safety of the public from personal injury, or from fire or otherwise, and for minimising, as far as may be reasonable, any interference with the electric wires, lines, and apparatus of the Government, or any other authority, company or person, and

(b) Before they commence any work, they shall give to the Promoters notice of their intention to commence such work, specifying the time at which they shall do so, such notice to be given twenty-four hours at least before the commencement of the work.

31. The Promoters shall be bound, if required, to furnish the Governor in Council with full particulars as to the cost of construction of the works authorised under this Act, and also of the revenue and expenditure of the same from time to time.

32. The Governor in Council, or any Municipal Corporation, Local Board, or other Local Authority, which may hereafter have jurisdiction over the lands served by the said Tramway shall be empowered, subject to the approval of Parliament, at any time after the expiry of twenty-one years from the date of this Act coming into force and after giving not less than six months' notice, to purchase and take the whole of the works authorised by this Act, and the Promoters shall be required to sell, transfer, and hand over to the Colonial Government, or any such Corporation, Board, or Authority the works so purchased, and the purchase price shall be paid to the Promoters. 35. This Act shall lapse if the construction of the said Tramway, so far as concerns the portion to be laid along and following the said Sydenham Road, shall not be commenced within twelve months from the promulgation hereof in the *Natal Government Gazette*, or if the construction of such Tramway shall not be completed within three years of the said promulgation, and should the Promoters not commence the construction of the said Tramway along the Pietermaritzburg Main Public Road to a point near the Umbilo Waterworks within five years of the date of promulgation hereof, or not completing such Tramway within seven years of the date hereof, then this Act shall lapse so far as concerns the said Tramway along the Pietermaritzburg Main Public Road to a point near the Umbilo Waterworks.

36. If any ocean cable, or the land lines connected therewith subsidised by the Government of Natal, is at any time in any way injuriously affected by the construction by the Promoters of their electric lines and works, or by the working of the undertaking of the Promoters, the Promoters shall pay the expenses of all such alterations in or additions to such cable and land lines as may be necessary to remedy such injurious affection. For the purpose of this section, a cable or land line subsidised by the Natal Government shall be deemed to be injuriously affected by an act or work if telegraphic communication by means of such cable is, whether through induction or otherwise, in any manner affected by an act or work, or by any use made of such work.

37. This Act shall come into force upon and after the promulgation of same in the *Natal Government Gazette*.

**Act No. 6, 1905.**

"To authorise the construction of a Tramway from the Northern Boundary of the Town Lands of the Borough of Durban to a point on the Prospect Hall Estate, in the County of Victoria, with powers to generate electric current and to transmit the same either along the route of the said tramway or elsewhere in the County of Victoria."

[12th June, 1905.]

**Whereas** Cecil Francis Parr, of No. 4, Bartholomew Lane, in the City of London, Gentleman, is desirous of constructing a Tramway for the conveyance of passengers, goods, and other...
things from the Northern Boundary of the Borough of Durban to the Prospect Hall Estate aforesaid, to be worked by means of electricity or other power:

AND WHEREAS the said Promoter is also desirous of obtaining powers to generate electric current, and to transmit the same for the purposes of the said Tramway and for other purposes, and to transmit and supply the same elsewhere in the County of Victoria:

AND WHEREAS it is expedient that such powers should be given:

BE IT THEREFORE ENACTED by the King's Most Excellent Majesty, by and with the advice and consent of the Legislative Council and Legislative Assembly of Natal, as follows:—

1. In the interpretation of this Act, the word "Promoter" shall include the said Cecil Francis Parr, his heirs and successors, and any person, company or corporation to which he may sell or transfer the rights, privileges and powers conferred by this Act.

The word "road" shall be taken to mean the whole space reserved as such road and not only the hardened or formed portion thereof.

2. The Lands Clauses Consolidation Law, 1872, in so far as applicable, and save and except where varied by this Act, shall be incorporated with this Act.

3. The Promoter is hereby authorised and empowered, subject to such terms as may be imposed by the Government in the contract referred to in Section 4 hereof, to construct, carry on, complete and maintain the said Tramway, and to erect bridges, including a bridge over the River Umgeni, standards, posts, supports, or other requisite appliances, whether above or below the surface of the ground, for wires or cables for transmitting electric current for the purposes of the said Tramway, or for the purpose of supplying the same for lighting and other purposes to the owners or occupiers of lands adjacent or near to the said Tramway, and to transmit and supply the same for the purposes aforesaid and elsewhere in the County of Victoria, according to the powers, rules, orders, and directions hereinafter set forth and expressed for that purpose.

4. The Promoter and the Government of Natal are hereby authorised to contract with each other for the purpose of the Promoter acquiring from the Government aforesaid whether by way of letting, hiring, or granting, and upon such terms as may be mutually agreed upon, the following rights:—

(a) The right of constructing the said Tramway across
Act 6, 1905.

the River Umgeni and along the hereinafter mentioned route, and of working the same:

(b) The right of erecting or constructing and working bridges, standards, posts, supports, or other adequate appliances, whether above or below the surface of the ground, for laying and using wires or cables on and along the hereinafter mentioned route, for the purpose of transmitting or carrying electric current, together with the right of working or transmitting along such wires or cables electric current for lighting or other purposes;

(c) The right of erecting or constructing and working bridges, standards, posts, supports, or other adequate appliances, whether above or below the surface of the ground for laying and using wires or cables for the purpose of transmitting electric current, together with the right of working or transmitting along such wires or cables electric current for lighting or other purposes.

5. The Promoter shall not extend the wires and cables aforesaid beyond one mile from the route of the said tramway, unless at the written request of two-thirds of the occupiers of the lands which will be affected by such extension: Provided that the consent of the Governor in Council shall be necessary to any such extension.

6. The Promoter shall be, and he is hereby authorised and empowered, subject to such terms as may be imposed by the Government in the contract referred to in Section 4 hereof, by himself or his deputies, agents, officers, employees or workmen, to construct a bridge over the River Umgeni, and to construct, carry on, complete and maintain a tramway in a proper and workmanlike manner, and with all conveniences adjoining thereto or connected therewith for the passage thereon of cars and other carriages to be propelled by electric or other power along the route from a point on the south bank of the River Umgeni, being the northern boundary of the Borough of Durban, across the River Umgeni and thence along the road which crosses the lands intervening between the River Umgeni and the Prospect Hall Estate, as shown in the plan filed with the Clerk of the Legislative Council and the Clerk of the Legislative Assembly.

7. The Promoter shall be and is hereby authorised and empowered, by himself, or by his deputies, agents, officers, employees or workmen, to erect or construct standards, posts, supports, or other adequate appliances, whether above or below the surface of the ground, for wires or cables on and along the
hereinbefore mentioned route, for the purpose of transmitting electric current, with the right of working or transmitting along such wires or cables electric current for lighting or other purposes, and further to erect or construct standards, posts, supports, or other adequate appliances whether above or below the surface of the ground, for wires or cables, for the purpose of transmitting electric current, with the right of working or transmitting along such wires or cables electric current for lighting or other purposes.

8. The Promoter, for the purpose of carrying out any of the works authorised by this Act, shall have the right to enter upon any roads and break up the same for the purpose of laying down the said tramway or standards, posts, supports or other adequate appliances: Provided that, prior to such entry, the said Promoter shall give at least seven days' notice, in writing, to the Government, notifying his intention of so entering, and all tramways or standards, posts, supports or other adequate appliances, shall be laid down as speedily as possible, and with as little detriment or inconvenience to the public as circumstances admit, and the road restored to the same condition in which it was before the said works were made. And any excavations made in the roadway shall be properly fenced in and protected, and lighted at night, and the Promoter shall be responsible for any damage to person or property arising from the making of such excavations, and not arising from the negligence of the person injured.

9. The Tramway hereby authorised shall be made upon the same gauge as is adopted in the electric tramway system of the Borough of Durban, and shall be laid down and maintained in such manner that the uppermost surface of the rails shall be on a level with the surface of the road. Such tramway shall be laid down upon such side or part of any public roadways as may be approved by the Government of Natal.

10. The Tramway shall not be open for public traffic until the same shall have been certified to be fit for such traffic by an Engineer to be appointed by the Governor in Council.

11. The Promoter may carry passengers, parcels, goods, and merchandise, and other things upon such tramways, but subject to the power of the Governor in Council to cancel the right of carrying goods and merchandise by Proclamation in the Natal Government Gazette, after giving six months' notice of such intention: Provided that such notice shall not take effect earlier than five years from the date of the promulgation of this Act.

12. The Promoter may levy tolls and charges for the conveyance of passengers, which shall not exceed Twopence (2d.)
per mile or fraction of a mile: Provided that if the route be laid off in stages, then the passenger fare for a stage may be computed at One Penny (1d.) if the stage does not exceed one-third of a mile, at Three Halfpence (1½d.) if the stage is over one-third of a mile but does not exceed two-thirds of a mile, and at Twopence (2d.) if the stage is over two-thirds of a mile and does not exceed one mile. The rates, tolls, and charges for the conveyance of parcels, goods, and merchandise shall be made according to a tariff to be approved of by the Governor in Council: Provided further that the Governor in Council may, from time to time, revise, and, if necessary, reduce or increase the said tolls and charges, and also with power to the Governor in Council from time to time to revise and reduce the tolls and charges to be made for the conveyance of passengers.

A list of all tolls and charges shall be exhibited in a conspicuous place upon each of the cars or carriages used on the tramway.

13. The Promoter may use on the Tramways authorised by this Act, cars or carriages with flanged or other wheels suitable to run on the prescribed rails, and subject to the provisions of this Act, the Promoter shall have the exclusive use of the said Tramway.

No car or carriage used on the Tramway shall extend beyond the outer copes of the wheels of such car or carriage more than twenty inches on each side.

14. The vehicles used on the said Tramway may be propelled by electricity or such other motive power as may be approved by the Governor in Council.

15. Subject to the acquisition of powers from the said Government in terms of this Act, the Promoter shall have the right to contract with the owners or occupiers of land in the County of Victoria for the supply of electric current, and to charge and demand from any such person or persons so contracting, rates and charges not exceeding those set forth in the schedule hereto annexed marked "A": Provided that the Governor in Council shall have the power from time to time to revise, and, if necessary, reduce such rates and charges.

16. The Promoter may make By-laws, and, from time to time, alter and repeal same, with respect to:

(a) The regulation of the traffic on the Tramways, including the regulation of speed:

(b) The charges to be made to persons requiring to be supplied with electric current:

(c) The interference with or obstruction by any person of any of the works authorised under this Act:
(d) The prevention of the commission of any nuisance in or upon any car or carriage, or in or against any premises belonging to the Promoter, and for regulating the travelling in or upon any car or carriage belonging to him:

(e) The prohibiting of any person using the Tramway or any portion thereof unless duly authorised by the Promoter:

(f) The general management and control of the Tramway.

Any such By-laws may impose reasonable penalties for offences against the same not exceeding 40s. for each offence, with or without further penalties for continuing offences not exceeding 10s. for each day during which the offence continues. All tolls, penalties, and charges made under this Act or made under any By-law made in pursuance of this Act may be recovered in any Court of competent jurisdiction in this Colony.

No such By-laws shall become operative until the same shall have received the sanction of the Governor in Council and shall have been promulgated in the Natal Government Gazette, or in such other manner as the Governor in Council may direct.

17. Subject to the sanction of the Governor in Council, the said Cecil Francis Parr shall have the right to sell to any person, company, or corporation, all his rights, privileges and powers under this Act, and upon such sanction being given, all such rights and privileges vested in him shall be transferred to and vested in the said person, company, or corporation, who shall ipso facto be deemed to have taken over all the obligations and liabilities of the said Cecil Francis Parr.

18. Subject to the acquisition of rights from the Government, the Promoter shall be entitled to erect standards, posts, supports, and construct other adequate appliances, whether above or below the surface of the road, for wires or cables on and along any such by-roads, private roads, or rights-of-way, for the purpose of transmitting electric current, together with the right of working or transmitting along such wires or cables electric current for lighting or other purposes.

19. The Promoter shall have the right to purchase or take such lands as may be necessary for the purpose of constructing the said Tramway or for the carrying out and completion of any of the works contemplated by this Act: Provided that if the taking of any such lands shall cause damage to any person or his property such person shall be entitled to compensation or recompense, to be settled in case of difference as if the claim constituted damage to land within the meaning of the 65th Section of the Lands Clauses Consolidation Law, 1872.
20. Every electric cable, wire or attachment of any such cable or wire which shall be carried along or across any by-road, private road, or right-of-way, in the case of the same being above the surface of the earth, shall be placed at least eighteen feet from the ground: Provided that free use or enjoyment of any private right-of-way or road across which any such line of communication shall be carried shall not be hindered or obstructed.

21. In all cases, all standards, posts, supports, or other adequate appliances for wires or cables used for the purpose of transmitting electric current, whether above or below the surface of the road, or electric light wires, shall be erected and maintained not to cause any danger to any person using the private roads, by-roads, or rights-of-way.

22. Any person convicted of wilfully or negligently injuring any of the works authorised by this Act, or any of the cars, carriages, or other vehicles or property used in connection therewith, shall be liable to a penalty for each offence not exceeding Ten Pounds, or, in default, imprisonment, with or without hard labour, for any period not exceeding one month.

23. The Promoter shall be answerable for all accidents, damages, and injuries happening through his act or default, or through the act or default of any person in his employment, by reason or in consequence of his works, cars or carriages, and for all damage done by electrolysis, or otherwise resulting from electric leakage, and shall save harmless all road and other authorities, companies, or bodies, collectively or individually, and their officers and servants, from all damages and costs in respect of such damages, accidents, and injuries.

24. If any ocean cable or the land lines connected therewith, subsidised by the Government of Natal, is at any time in any way injuriously affected by the construction by the Promoter, his heirs, executors, or assigns, of his electric lines and works, or by the working of the undertaking of the Promoter, his heirs, executors, or assigns, the Promoter, his heirs, executors, or assigns, shall pay the expenses of all such alterations in or additions to such cable and land lines as may be necessary to remedy such injurious affection. For the purpose of this section a cable subsidised by the Natal Government shall be deemed to be injuriously affected by an act or work if telegraphic communication by means of such cable is, whether through induction or otherwise in any manner, affected by such act or work, or by any use made of such work.

25. The Governor in Council may from time to time make such regulations, in accordance with the regulations for the time being of the Board of Trade of the United Kingdom applicable...
to Local Authorities or Municipalities, subject to such modifications as he may think expedient, but in no case more stringent, for securing the safety of the public from personal injury, or from fire or otherwise, and for minimising as far as may be reasonable, any interference with the electric wires, lines, and apparatus of the Government, or any other authority, company, or person, and may from time to time, rescind, alter, or repeal such regulations. Any regulations so made or amended by the Governor in Council in pursuance of this section, shall have the like effect in every respect as if they had been included in this Act. Notice in writing shall be given by the Government to the Promoter of any such regulations, or of any repeal or alteration thereof, at least a month before the regulation, repeal, or alteration is made by the Governor in Council.

26. No person shall be entitled to carry or to require to be carried on any tramway any goods which may be of a dangerous nature, and if any person send by any tramway any such goods, without distinctly marking their nature on the outside of the package containing the same, or otherwise giving notice in writing to the bookkeeper or other servant of the Promoter with whom the same are left at the time of such sending, he shall be liable to a penalty not exceeding Twenty Pounds for every such offence; and it shall be lawful for the Promoter to refuse to take any parcel that he may suspect to contain goods of a dangerous nature, or he may require the same to be opened to ascertain the fact.

27. If any person travelling or having travelled in any carriage on any tramway avoids or attempts to avoid payment of his fare, or if any person having paid his fare for a certain distance knowingly and wilfully proceeds in any such carriage beyond such distance, and refuses to pay the additional fare for the additional distance, or attempts to avoid payment thereof, or if any person knowingly and wilfully refuses or neglects, on arriving at the point to which he has paid his fare, to quit such carriage, he shall for every such offence be liable to a penalty not exceeding Forty Shillings.

28. Nothing in this Act or in any By-law made under this Act shall take away or abridge the right of the public to pass along or across every or any part of any road along or across which any tramway is laid, whether on or off the tramway, with carriages not having flange wheels, or wheels suitable only to run on the rails of the tramway.

29. Notwithstanding anything in this Act contained, the Promoter shall not acquire or be deemed to acquire any right other than that of user in any road along, over, or across which
Act 6, 1905.

Powers of Government or Local Authority to break up roads, &c., not to be affected.

he may erect any posts, standards, or supports, or other adequate appliances for carrying his wires and cables, nor shall anything in this Act contained take away or affect any power which the Government or the owners, commissioners, undertakers, or lessees of any railway or tramway may have by law to widen, alter, or divert or improve any such railway or tramway.

30. Nothing in this Act shall take away or abridge any power at present, or which may be hereafter, vested in the Government of Natal, or any Local Board or Authority, for any purpose required by the said Government, or for which said Local Board or Authority is constituted, or by any company, body, or person to open, or to break up any road along or across which any tramway may be laid, or electric posts, standards, or wires may be erected for the purpose of laying down, repairing, altering, or removing any pipes for the supply of gas or water, or any tubes, wires, or apparatus for telegraphs or other purposes, or any other purposes whatsoever; but in the exercise of any such power the Government, Local Board, company, body, or person shall be subject to the following restrictions:—

(a) They shall cause as little detriment or inconvenience to the Promoter as circumstances permit.

(b) Before they commence any work they shall give to the Promoter notice of their intention to commence such work, specifying the time at which they shall do so, such notice to be given twenty-four hours at least before the commencement of the work.

31. The Promoter shall be bound, if required, to furnish the Governor in Council with full particulars as to the cost of construction of the works authorised under this Act, and also of the revenue and expenditure of the same from time to time.

32. The Governor in Council, or any Municipal Corporation, Local Board, or other Local Authority, which may hereafter have jurisdiction over the lands served by the said tramway, shall be empowered, subject to the approval of Parliament at any time after the expiry of twenty-one years from the date of this Act coming into force, and after giving not less than six months' notice, to purchase and take the whole of the works authorised by this Act, and the Promoter shall be required to sell, transfer, and hand over to the Colonial Government, or any such Corporation, Board, or Authority the works so purchased, and the purchase price shall be paid to the Promoter. Any such purchase shall be effected according to the provisions of Law No. 16 of 1872: Provided

(a) That the purchase price shall be determined according to the value of the works at the time of purchase.
without any addition in respect of compulsory purchase, statutory rights, goodwill, or profits, save as is provided in Sub-section (b) of this section; and

(b) That there shall be added to the value ascertained as aforesaid an amount equal to 10 per cent. on the value ascertained as aforesaid.

33. Nothing in this Act shall be deemed to create a monopoly in favour of the Promoter.

34. The Mayor and Councillors of the Borough of Durban are hereby authorised to contract with the Promoter for the construction by the Promoter of a line of tramway running from a point at or near the Umgeni Road to the River Umgeni as shown on the said plan.

35. In the event of the Borough of Durban at any time being extended so as to include all or any portion of the route of such tramway, or should any Municipal Corporation, township, or other Local Authority, be established on any portion traversed by such route, then the Promoter shall be bound to observe and conform to any By-laws or regulations enforced by such Borough, township, or Local Authority.

36. This Act shall lapse if the construction of the said Tramway shall not be commenced within three years from the promulgation thereof in the Natal Government Gazette, or if the construction of the said Tramway shall not be completed within five years of the said promulgation.

Act No. 24, 1906.

"To amend the Law relating to Vaccination."

[2nd August, 1906.]

Be IT ENACTED by the King’s Most Excellent Majesty, by and with the advice and consent of the Legislative Council and Legislative Assembly of Natal, as follows:—

1. The Vaccination Law, 1882, and Law No. 10, 1885, amending the same are hereby repealed, without prejudice to any obligation or liability in regard to, or to any appointment made or any thing done.

Notwithstanding such repeal, the regulations in force under the repealed laws shall, except where inconsistent with this Act, remain in force until regulations under this Act shall be passed in lieu thereof.

2. This Act may be known as the Vaccination Act, 1906 (a).

(a) The following extract from the notes to "Chitty’s Statutes," under the title "Vaccination," may be of interest: "See this subject fully treated in the introduction to Fry’s Vaccination Acts, published in 1875. From that introduction, it appears that the policy of the Acts is founded upon a succession of inquiries, the principal of which, instituted in 1856, was described in 1866 by Lord Aberdare, then Mr. Bruce, in the House of Commons as being as ‘exhaustive and complete as ingenuity could devise’—four questions having been referred ‘to all the medical societies in Europe, to all the principal foreign governments, and to 542 physicians of different countries, selected on account of their known eminence and experience.’ The answers were practically unanimous, that vaccination conferred a very large exemption from small-pox, and almost absolute security against death by that disease, that it did not endanger general health, and that it ought to be performed in early life. The subject, however, was in 1899 referred to a royal commission, of which Lord Herschell was chairman, in whose fifth interim report, presented in 1892, after stating that 90 meetings had been held, and 185 witnesses examined, it was recommended that the imposition of repeated penalties for the non-vaccination of the same child should no longer be possible, and that persons imprisoned under the vaccination Acts should no longer be treated as criminals."

For statistics in favour of re-vaccination at school age, &c., see letter of Mrs. Garrett Anderson, Hon. Sec. of Imperial Vaccination League, 53 Berners Street, London, W., in Times of September 15th, 1903, and see also letter to The Times of August 11th, 1902, to the same effect, signed on behalf of the same League by the late Archbishop of Canterbury, by the Bishop of London, the Dukes of Northumberland and Westminster, Lords Kelvin and Avebury, Sir Frederick Pollock, Sir James Orchiston Browne, the Rev. H. Adler, Chief Rabbi, and others; while for the arguments against vaccination generally, see Encyclopædia Britannica, tit. "Vaccination," and article by Mr. Wallace in the "Wonderful Century." See the attitude of "Christian Scientists" and others discussed in 2 N.L.J., 125.
3. In this Act:—

"Parent" includes the father and mother of a legitimate child, and the mother of an illegitimate child.

"Guardian" means any person having the custody of a child.

"Child" means a person under the age of sixteen years; persons above that age are referred to as "Adults."

"Native" means a member of the aboriginal races or tribes of Africa, south of the Equator.

"Prescribed" means prescribed by this Act, or the regulations made thereunder.

"Re-Vaccination" means a subsequent vaccination after a successful vaccination.

A person is deemed to be unvaccinated if he has not been, or fails to prove that he has been successfully vaccinated.

**Act No. 37, 1903.**

"To assimilate the Laws in force in the Province of Zululand with the general Laws of Natal."

[5th October, 1903.]

WHEREAS by Proclamation No. II. of the Territory of Zululand, bearing date the 21st day of June, 1887, it was provided that the Laws then in force in the Colony of Natal should, so far as applicable, be the Laws to be in force in the Territory of Zululand, save as otherwise specially provided:

AND WHEREAS by divers subsequent Proclamations Laws were made for the good order and government of the said Territory, which Laws are for the most part similar to the Laws of Natal but differ therefrom in certain respects:

AND WHEREAS on the 30th day of December, 1897, the said Territory of Zululand was annexed to the Colony of Natal under the title of the Province of Zululand:

AND WHEREAS by Acts No. 37, 1897, and No. 17, 1898, certain Laws of Natal were applied to the Province of Zululand, and certain other Laws were withheld therefrom either wholly or in part:

AND WHEREAS it is now expedient to assimilate the Laws in force in the said Province of Zululand as far as may be with the general Laws in force in this Colony:

BE IT THEREFORE ENACTED by the King's Most Excellent Majesty, by and with the advice and consent of the Legislative Council and Legislative Assembly of Natal, as follows:—

1. This Act may be known as "The Zululand Laws Act, 1903."

2. Save as is in this Act excepted or otherwise specially provided the following legislative enactments are hereby repealed:

All Proclamations made by the Governors of the Territory of Zululand, beginning with Proclamation No. II., bearing date the 21st day of June, 1887, down to the annexation of the said Territory to the Colony of Natal;
Act 37, 1903.

Subsections (a) and (b) of Section 4 of Act No. 17, 1898 (the Consolidation of laws [Zululand] Act, 1898), together with the first and second Schedules of the said Act;

Sections 3 and 4 of the License and Stamp Act, 1898; and from and after the commencement of this Act the Ordinances, Laws, and Acts in force in the rest of Natal, together with such rules and orders made thereunder as purport to apply to the Colony in general shall, subject as aforesaid, be of force in the Province of Zululand in the like manner as in the rest of Natal, except as may be otherwise provided in the Zululand Annexation Act, 1897, or any subsequent Act: Provided that the reservations in paragraphs 2, 3, and 4 of the first Schedule of Act No. 17, 1898, in reference to Act No. 21, 1894, “The Civil Service Act, 1894,” shall, notwithstanding such repeal, remain of full force and effect.

3. Such repeal shall not affect the past operation of any of the repealed enactments, or the validity of any judgment, sentence, or order lawfully made before the commencement of this Act, or any right acquired, or any liability, civil or criminal, incurred before the commencement of this Act.

4. This Act shall not be deemed to affect the establishment or boundaries of any Magisterial District in the Province of Zululand, but any such District shall be deemed to be a Magisterial Division created under Act No. 22, 1896.

5. Nothing in this Act shall be deemed to repeal or affect any Proclamations relating to the annexation of Amatongaland or other Territories to the northward of Zululand, save in so far as any such Proclamation makes provision inconsistent with this Act in regard to the Laws or government of any such Territories.

6. The Zululand Proclamations mentioned in Schedule I. of this Act shall remain in force to the extent shown in the outer column of the Schedule.

7. The Zululand Proclamations mentioned in Schedule II. of this Act shall not cease to be of force by reason of this Act, but they shall be subject to alteration or revocation by Proclamation in the like manner as similar Proclamations made under the Laws of Natal.

8. Nothing in this Act shall be deemed to extend to the Province of Zululand the operation of Law No. 19, 1891, or of the Code of Native Law forming the Schedule of the said Law, or of any Law or Act amending the said Law No. 19, 1891, or the Schedule thereof, or of the Native Locations Act, 1896, with the
exception however of Act No. 1, 1901, which shall apply to the Province of Zululand.

The Native Law as administered by the Courts of the Province of Zululand immediately prior to the date of the commencement of this Act shall, save so far as it is amended by the Courts Act, 1898, and by the said Act No. 1, 1901, remain in force in the said Province until other provision shall be made by Act of Parliament.

9. Any person who on the 1st day of May, 1903, was lawfully licensed in the Province of Zululand, under the provisions of Law No. 37, 1884, as a medical practitioner or as a chemist and druggist shall be entitled without charge or fee to be registered under the Medical and Pharmacy Act, 1896, as a medical practitioner or as a chemist and druggist as the case may be. This provision shall not prevent any person from being struck off the register, and having his license cancelled, for any cause which may have arisen before the commencement of this Act, and which would have been sufficient to render him liable under the Medical and Pharmacy Act, 1896, to be so dealt with.

10. Any license taken out before the commencement of this Act either in the Province of Zululand or elsewhere in Natal by any auctioneer, advocate, attorney, architect, civil engineer, interpreter, land surveyor, medical practitioner, or dentist, shall entitle the holder thereof to the advantages of Subsection (c) of Section 16 of the License and Stamp Act, 1898, throughout the whole Colony.

11. Any deed executed in the Province of Zululand before the commencement of this Act which was according to the Laws heretofore in force in the said Province either duly stamped or exempt from stamp duty shall be deemed to be duly stamped or exempt from duty as the case may be under the License and Stamp Act, 1898.

12. This Act shall not take effect unless and until the Governor shall by proclamation notify that it is His Majesty's pleasure not to disallow the same; and thereafter this Act shall come into operation on such day as the Governor shall appoint by the same or any other Proclamation.

6. (1) No new or renewed license, whether it be a license under the Liquor Act, 1896, or a trading license of any kind shall be granted within the Province of Zululand unless the approval of the Colonial Secretary to the application therefor is produced to the licensing authority.

(2) The giving or withholding of such approval shall be in the absolute discretion of the Colonial Secretary, from whose decision there shall be no appeal to any court of law or authority.

(3) Nothing in this Section shall be deemed to exempt any person from the requirements of the Liquor Act, 1896, or of any other Law or Act relating to licenses.
