## TUKSboeke EN UNIVERCITY-REEKS 2008

Van 5 tot 8 Maart 2008, tussen 09:30 en 18:00, het jy 'n geleentheid wat hom net eenmaal in honderd jaar voordoen – om die biblioteek se skat van boeke deur persone met 'n UP-verwantskap in die Ou Merensky te besigtig.

Die boeke word uitgestal teen die agtergrond van hoogtepunte uit die geskiedkundige, sosio-politiese en kulturele omwentelings wat die 20ste eeu kenmerk. Die boeke is verteenwoordigend van 'n honderd jaar se akademiese uitgewery – druk en bladuitleg, omslagontwerp, neigings in die uitgewersbedryf en verwickelinge in tersiêre onderwys.

Maak 'n draai deur die dekades. Daarna kan jy in die koffiekroeg ontspan of die aanbieding van musiek en mimiek buite op die trappe geniet. Tydens die etensuur kan jy luister na kenners se praatjies in die UniverCity-reeks.

## TUKSbooks AND UNIVERCITY SERIES 2008

On 5-8 March 2008, from 09:30–18:00, you have an opportunity that comes around only once in a century – to see on display in the Old Merensky the library's treasure of books written by UP affiliates.

Set against the background of some of the turbulent historical, socio-political and cultural events that marked the 20th century, the display represents a hundred years of academic and literary endeavour, printing styles and layouts, cover designs, publishing trends and fluctuations in tertiary education.

Rest your feet at the coffee bar after a stroll through the decades or step outside for a breath of fresh air and enjoy the live music while being entertained by mime artists. During the lunch hour you can listen to a variety of talks by experts in the UniverCity series.
