

SUBJECT INDEX.

	<i>Page.</i>
ACARICIDAL PROPERTIES.	
An evaluation of the acaricidal properties of Aldrin and Dieldrin for the control of sheep scab .....	225
ALDRIN.	
An evaluation of the acaricidal properties of Aldrin and Dieldrin for the control of sheep scab .....	225
ANIMAL.	
Calf Paratyphoid I. A general discussion of the disease in relation to animals and man .....	3
A study of the water soluble phosphate concentration of the ruminal contents in normal and phosphorus deficient animals .....	137
The Onderstepoort small animal colony .....	149
ANTI-BODIES.	
Calf Paratyphoid III. The transmission of antibodies to newly born calves .....	45
AUREOMYCIN.	
The parasitocidal effect of aureomycin (Lederle) on <i>Babesia equi</i> (Laveran 1899) in splenectomised donkeys .....	175
BABESIA EQUI.	
The parasitocidal effect of aureomycin (Lederle) on <i>Babesia equi</i> (Laveran 1899) in splenectomised donkeys .....	175
BENZENE HEXACHLORIDE (B.H.C.).	
The protection of sheep against blowfly strike III. The effect of different formulations of gamma benzene hexachloride (B.H.C.) .....	409
BLOAT.	
The significance of reflex salivation in relation to froth formation and acute bloat in ruminants .....	241
BLOWFLY.	
The protection of sheep against blowfly strike I. An evaluation of certain organic insecticides .....	65
Report on the value of Isodrin and Endrin as potential protecting agents against blowfly strike in sheep .....	221
The protection of sheep against blowfly strike II. The influence of the length of wool at the time of treatment on the duration of protection .....	405
The protection of sheep against blowfly strike III. The effect of different formulations of gamma benzene hexachloride (B.H.C.) .....	409
BOVINE CONGENITAL PORPHYRINURIA.	
Does bovine congenital porphyrinuria (pink tooth) produce clinical disturbances in an animal which is protected against the sun? .....	231
CALF PARATYPHOID.	
I. A general discussion of the diseases in relation to animals and man .....	3
II. Artificial immunization .....	25
III. The transmission of antibodies to newly born calves .....	45
CARBAMYLCHOLINE.	
Studies on the comparative actions of carbamylcholine, physostigmine and neostigmine in different species of domestic animals .....	485

CATTLE.	
Isolation in mice and embryonated hen's eggs of a virus associated with vaginitis of cattle .....	479
DIELDRIN.	
An evaluation of the acaricidal properties of Aldrin and Dieldrin for the control of sheep scab .....	225
DONKEYS.	
The parasitocidal effect of aureomycin (Lederle) on <i>Babesia equi</i> (Laveran 1899) in splenectomised donkeys .....	175
DYSFUNCTION.	
Infertility in mares caused by ovarian dysfunction .....	285
EGGS.	
Isolation in mice and embryonated hen's eggs of a virus associated with vaginitis of cattle .....	479
ENDRIN.	
Report on the value of Isodrin and Endrin as potential protecting agents against blowfly strike in sheep .....	221
ERUCTATION.	
Physiological studies on eructation in ruminants .....	251
FOWLS.	
Studies in comparative neuropathology I. Gliomas of the domestic fowl: their pathology with special reference to histogenesis and pathogenesis, and their relationship to other diseases .....	501
Studies on the histopathology and pathogenesis of Newcastle Disease of fowls, with special reference to the lymphoid tissue. (A preliminary report) .....	599
FROTH.	
The significance of reflex salivation in relation to froth formation and acute bloat in ruminants .....	241
GLIOMAS.	
Studies in comparative neuropathology I. Gliomas of the domestic fowl: their pathology with special reference to histogenesis and pathogenesis; and their relationship to other diseases .....	501
GLOSSINAE.	
The influence of the tsetse fly eradication campaign on the breeding activity of Glossinae and their parasites in Zululand .....	389
GLYCOSIDE.	
The cardiac glycoside from <i>Urginea rubella</i> Baker, Part II. Hydrolysis of rubellin and pro-rubellin .....	141
HAEMAPHYSALIS LEACHI.	
Zoological survey of the Union of South Africa. Tick Survey, Part VII. Distribution of <i>Haemaphysalis leachi</i> , the yellow dog tick .....	83
HORSE.	
The isolation of virus in mice from cases of horsesickness in immunized horses	183
HORSESICKNESS.	
The isolation of virus in mice from cases of horsesickness in immunized horses	183
The stability of neurotropic African horsesickness virus in solutions of different chemical compositions .....	197
HUNTERELLUS THEILERAE.	
A new African tick parasite <i>Hunterellus theileriae</i> sp. n. ....	61
IMMUNIZATION.	
Calf Paratyphoid II. Artificial immunization .....	25

INFERTILITY.	
Infertility in mares caused by ovarian dysfunction .....	285
INSECTICIDES.	
The protection of sheep against blowfly strike 1. An evaluation of certain organic insecticides .....	65
INSECTS.	
The effect of Lindane vapour on stored product insects .....	431
INTRADERMAL TESTS.	
Comparative intradermal tests between concentrated P.P.D. and diluted P.P.D. tuberculin in relation to non-specific tuberculin reactors .....	207
ISODRIN.	
Report on the value of isodrin and endrin as potential protecting agents against blowfly strike in sheep .....	221
LINDANE.	
The effect of Lindane vapour on stored product insects .....	431
LOUSEFLY.	
A new African lousefly, <i>Raymondia hardyi</i> sp. n. ( <i>Streblidae</i> , <i>Pupipara</i> ) .....	427
MAIZE MEAL.	
The influence of enrichment of maize meal on the growth of rats .....	235
MARES.	
Infertility in mares caused by ovarian dysfunction .....	285
MICE.	
The isolation of virus in mice from cases of horsesickness in immunized horses	183
Isolation in mice and embryonated hen's eggs of a virus associated with vaginitis of cattle .....	479
NEOSTIGMINE.	
Studies on the comparative actions of carbamylcholine, physostigmine and neostigmine in different species of domestic animals .....	485
NEUROPATHOLOGY.	
Studies in comparative neuropathology 1. Gliomas of the domestic fowl: their pathology with special reference to histogenesis and pathogenesis; and their relationship to other diseases .....	501
NEUROTROPIC VIRUS.	
The stability of neurotropic African horsesickness virus in solutions of different chemical compositions .....	197
NEWCASTLE DISEASE.	
Studies on the histopathology and pathogenesis of Newcastle disease of fowls with special reference to the lymphoid tissue. (A preliminary report) .....	599
PARAMPHISTOMUM CERVI.	
The identity of so-called <i>Paramphistomum cervi</i> and <i>P. explanatum</i> , two common species of ruminant trematodes in South Africa .....	463
PARAMPHISTOMUM EXPLANATUM.	
The identity of so-called <i>Paramphistomum cervi</i> and <i>P. explanatum</i> , two common species of ruminant trematodes in South Africa .....	463
PARASITE.	
A new African tick parasite <i>Hunterellus theileri</i> sp. n. ....	61
The influence of the tsetse fly eradication campaign on the breeding activity of Glossinae and their parasites in Zululand .....	389
The parasites of tsetse flies in Zululand with special reference to the influence of the hosts upon them .....	399

PARATYPHOID.	
Calf Paratyphoid I. A general discussion of the disease in relation to animals and man ... ..	3
Calf Paratyphoid II. Artificial immunization ... ..	25
Calf Paratyphoid III. The transmission of antibodies to newly born calves ... ..	45
PHOSPHORUS.	
A study of the water-soluble phosphate concentration of the ruminal contents in normal and phosphorus deficient animals ... ..	137
PHYSOSTIGMINE.	
Studies on the comparative actions of carbamylcholine, physostigmine and neostigmine in different species of domestic animals ... ..	485
PINK TOOTH.	
Does bovine congenital porphyria (pink tooth) produce clinical disturbances in an animal which is protected against the sun? ... ..	231
PORPHYRINURIA.	
Does bovine congenital porphyria (pink tooth) produce clinical disturbances in an animal which is protected against the sun? ... ..	231
P.P.D. TUBERCULINS.	
Comparative intradermal tests between concentrated P.P.D. and diluted P.P.D. tuberculin in relation to non-specific tuberculin reactors ... ..	207
PROTECTING AGENT.	
Report on the value of Isodrin and Endrin as potential protecting agents against blowfly strike in sheep ... ..	221
RATS.	
The influence of enrichment of maize meal on the growth of rats ... ..	235
RAYMONDIA HARDYI.	
A new African lousefly, <i>Raymondia hardyi</i> sp. n. ( <i>Streblidae, Pupipara</i> ) ... ..	427
REFLEX SALIVATION.	
The significance of reflex salivation in relation to froth formation and acute bloat in ruminants ... ..	241
RHIPICEPHALIDS.	
Ticks in the South African Zoological Survey Collection, Part VII. Six lesser known African rhipicephalids ... ..	93
RUBELLIN.	
The cardiac glycoside from <i>Urginea rubella</i> Baker, Part II. Hydrolysis of rubellin and pro-rubellin ... ..	141
RUMINAL CONTENTS.	
A study of the water-soluble phosphate concentration of the ruminal contents in normal and phosphorus deficient animals ... ..	137
RUMINANTS.	
The significance of reflex salivation in relation to froth formation and acute bloat in ruminants ... ..	241
Physiological studies on eructation in ruminants ... ..	251
SALIVATION.	
The significance of reflex salivation in relation to froth formation and acute bloat in ruminants ... ..	241
SCAB.	
An evaluation of the acaricidal properties of Aldrin and Dieldrin for the control of sheep scab ... ..	225

<b>SHEEP.</b>	
The protection of sheep against blowfly strike I. An evaluation of certain organic insecticides .....	65
Report on the value of Isodrin and Endrin as potential protecting agents against blowfly strike in sheep .....	221
An evaluation of the acaricidal properties of Aldrin and Dieldrin for the control of sheep scab .....	225
The protection of sheep against blowfly strike II. The influence of the length of wool at the time of treatment on the duration of protection .....	405
The protection of sheep against blowfly strike III. The effect of different formulations of gamma benzene hexachloride (B.H.C.) .....	409
<b>SMALL ANIMALS.</b>	
The Onderstepoort small animal colony .....	149
<b>TICKS.</b>	
A new African tick parasite, <i>Hunterellus theileri</i> sp. n. ....	61
Zoological Survey of the Union of South Africa. Tick Survey, Part VII. Distribution of <i>Haemaphysalis leachi</i> , the yellow dog tick .....	83
Ticks in the South African Zoological Survey Collection, Part VII. Six lesser known African rhipicephalids .....	93
Tick Survey VIII. Check lists of ticks recorded from the Belgian Congo and Ruanda Urundi, Angola and from Northern Rhodesia .....	447
<b>TREMATODES.</b>	
The identity of so-called <i>Paramphistomum cervi</i> and <i>P. explanatum</i> , two common species of ruminant trematodes in South Africa .....	463
<b>TRYPANOSOMIASIS.</b>	
Trypanosomiasis in Zululand and the control of tsetse flies by chemical means ...	317
<b>TSETSE FLIES.</b>	
Trypanosomiasis in Zululand and the control of tsetse flies by chemical means ...	317
The influence of the tsetse fly eradication campaign on the breeding activity of Glossinae and their parasites in Zululand .....	389
The parasites of tsetse flies in Zululand with special reference to the influence of the hosts upon them .....	399
<b>TUBERCULIN.</b>	
Comparative intradermal tests between concentrated P.P.D. and diluted P.P.D. tuberculins in relation to non-specific tuberculin reactors .....	207
<b>URGINEA RUBELLA.</b>	
The cardiac glycoside from <i>Urginea rubella</i> Baker, Part II. Hydrolysis of rubellin and pro-rubellin .....	141
<b>VAGINITIS.</b>	
Isolation in mice and embryonated hen's eggs of a virus associated with vaginitis of cattle .....	479
<b>VIRUS.</b>	
The isolation of virus in mice from cases of horsesickness in immunized horses ...	183
The stability of neurotropic African horsesickness virus in solutions of different chemical compositions .....	197
Isolation in mice and embryonated hen's eggs of a virus associated with vaginitis of cattle .....	479
<b>WATER SOLUBLE PHOSPHATE.</b>	
A study of the water-soluble phosphate concentration of the ruminal contents in normal and phosphorus deficient animals .....	137
<b>ZOOLOGICAL SURVEY.</b>	
Zoological survey of the Union of South Africa. Tick Survey, Part VII. Distribution of <i>Haemaphysalis leachi</i> , the yellow dog tick .....	83
Ticks in the South African Zoological Survey Collection, Part VII. Six lesser known African rhipicephalids .....	93
