

SUBJECT INDEX.

Volume 22, Nos. 1 and 2.

	PAGE
Abnormal Milk.	
The secretion of abnormal milk by quarters free from known pathogens ...	91
Alimentary Tract.	
Studies on the alimentary tract of the Merino sheep in South Africa. XVI. The fate of nitrate in ruminal ingesta as studied <i>in vitro</i>	357
Alkaloids.	
The alkaloids of <i>Senecio bupleuroides</i> D.C.	291
The alkaloids of <i>Senecio paucicalyculatus</i> Platt	297
Atmospheric Temperature.	
Studies on the water requirements of farm animals in South Africa. II. The relation between water consumption, food consumption and atmospheric temperature as studied on Merino sheep	345
Blowfly.	
D.D.T. for the protection of sheep against blowfly strike	285
Blue Tick.	
Zoological survey of the Union of South Africa. Tick survey Part II. Distribution of <i>Boophilus (Palpoboophilus) decoloratus</i> , the blue tick ...	255
Bluetongue.	
The propagation of bluetongue virus in the developing chick embryo with particular reference to the temperature of incubation	7
Further observations on the pathology of bluetongue in sheep	27
Boophilus Decoloratus.	
Zoological survey of the Union of South Africa. Tick survey Part II. Distribution of <i>Boophilus (Palpoboophilus) decoloratus</i> , the blue tick ...	255
Brown Tick.	
Zoological survey of the Union of South Africa. Tick survey Part III. Distribution of <i>Rhipicephalus appendiculatus</i> , the brown tick	269
Carbohydrate Content.	
The carbohydrate content of lucerne under different meteorological and physiological conditions	373
Cardiac Glycoside.	
The cardiac glycoside from <i>Urginea rubella</i> Baker. Part I. Isolation and properties of rubellin	313
Cattle.	
Investigation into immunization of cattle against rinderpest in Tanganyika Territory	231

	PAGE
Chick Embryo.	
The propagation of bluetongue virus in the developing chick embryo with particular reference to the temperature of incubation	7
D.D.T.	
D.D.T. for the protection of sheep against blowfly strike	285
Dichapetalum Cymosum.	
Studies on the action of potassium monofluoroacetate (CH ₂ FCOOK) [<i>Dichapetalum vymosum</i> (Hook) Engl.] toxin on animals	77
Diffusion Constant.	
The diffusion constant and molecular weight and shape of neurotropic horsesickness virus	41
Ewe.	
The sperm picture of rams of different breeds as an indication of their fertility. II. The rate of sperm travel in the genital tract of the ewe	415
Fertility.	
The sperm picture of rams of different breeds as an indication of their fertility. II. The rate of sperm travel in the genital tract of the ewe	415
Food Consumption.	
Studies on the water requirements of farm animals in South Africa. II. The relation between water consumption, food consumption and atmospheric temperature as studied on Merino sheep	345
Fowls.	
Mites hitherto unrecorded in South Africa, collected in Natal from fowls, pigeons, turkeys, guinea-fowls, wild birds and rabbits	51
Genital Tract.	
The sperm picture of rams of different breeds as an indication of their fertility. II. The rate of sperm travel in the genital tract of the ewe	415
Guinea-Fowls.	
Mites hitherto unrecorded in South Africa, collected in Natal from fowls, pigeons, turkeys, guinea-fowls, wild birds and rabbits	51
Immunization.	
Investigation into immunization of cattle against rinderpest in Tanganyika Territory	231
Intermittent Watering.	
Studies on the water requirements of farm animals in South Africa. I. The effect of intermittent watering on Merino sheep	335
Lantadene.	
The active principle of <i>Lantana camara</i> L. Part III. Pyrolytic distillation of lantadene A	321
The active principle of <i>Lantana camara</i> L. Part IV. Dehydrogenation of lantadene A and lantadene B	329

	PAGE
Lantana Camara.	
The active principle of <i>Lantana camara</i> L. Part III. Pyrolytic distillation of lantadene A	321
The active principle of <i>Lantana camara</i> L. Part IV. Dehydrogenation of lantadene A and lantadene B	329
Lucerne.	
The carbohydrate content of lucerne under different meteorological and physiological conditions	373
Meteorological Conditions.	
The carbohydrate content of lucerne under different meteorological and physiological conditions	373
Mites.	
Mites hitherto unrecorded in South Africa, collected in Natal from fowls, pigeons, turkeys, guinea-fowls, wild birds and rabbits	51
Molecular Weight.	
The diffusion constant and molecular weight and shape of neurotropic horsesickness virus	41
Neurotropic Horsesickness Virus.	
The diffusion constant and molecular weight and shape of neurotropic horsesickness virus	41
Nicotiana Glauca.	
A chemical investigation of the constituents of <i>Nicotiana glauca</i> R. Grah. (Solanaceae) (Wild tobacco)	301
Nitrate.	
Studies on the alimentary tract of the Merino sheep in South Africa. XVI. The fate of nitrate in ruminal ingesta as studied <i>in vitro</i>	357
Palpobophilus Decoloratus.	
Zoological survey of the Union of South Africa. Tick survey Part II. Distribution of <i>Boophilus (Palpobophilus) decoloratus</i> , the blue tick ...	255
Pathogens.	
The secretion of abnormal milk by quarters free from known pathogens ...	91
Pathology.	
Further observations on the pathology of bluetongue in sheep	27
Physiological Conditions.	
The carbohydrate content of lucerne under different meteorological and physiological conditions	373
Pigeons.	
Mites hitherto unrecorded in South Africa, collected in Natal from fowls, pigeons, turkeys, guinea-fowls, wild birds and rabbits	51

Potassium Monofluoroacetate.	PAGE
Studies on the action of potassium monofluoroacetate (CH ₂ FCOOK) [<i>Dichapetalum cymosum</i> (Hook) Engl.] toxin on animals	77
Rabbits.	
Mites hitherto unrecorded in South Africa, collected in Natal from fowls, pigeons, turkeys, guinea-fowls, wild birds and rabbits	51
Ram.	
The sperm picture of rams of different breeds as an indication of their fertility. II. The rate of sperm travel in the genital tract of the ewe	415
Rhipicephalus Appendiculatus.	
Zoological survey of the Union of South Africa. Tick survey Part III. Distribution of <i>Rhipicephalus appendiculatus</i> , the brown tick	269
Rinderpest.	
Investigation into immunization of cattle against rinderpest in Tanganyika Territory	231
Rubellin.	
The cardiac glycoside from <i>Urginea rubella</i> Baker. Part I. Isolation and properties of rubellin	313
Ruminal Ingesta.	
Studies on the alimentary tract of the Merino sheep in South Africa. XVI; The fate of nitrate in ruminal ingesta as studied <i>in vitro</i>	357
Secretion.	
The secretion of abnormal milk by quarters free from known pathogens ...	91
Senecio.	
The alkaloids of <i>Senecio bupleuroides</i> D.C.	291
The alkaloids of <i>Senecio paucicalyculatus</i> Platt	297
Shape.	
The diffusion constant and molecular weight and shape of neurotropic horsesickness virus	41
Sheep.	
Further observations on the pathology of bluetongue in sheep	27
D.D.T. for the protection of sheep against blowfly strike	285
Studies on the water requirements of farm animals in South Africa. I. The effect of intermittent watering on Merino sheep	335
Studies on the water requirements of farm animals in South Africa. II. The relation between water consumption, food consumption and atmospheric temperature as studied on Merino sheep	345
Studies on the alimentary tract of the Merino sheep in South Africa. XVI. The fate of nitrate in ruminal ingesta as studied <i>in vitro</i>	357
Solanaceae.	
A chemical investigation of the constituents of <i>Nicotiana glauca</i> R. Grah. (Solanaceae) (Wild tobacco)	301

	PAGE
Sperm Picture.	
The sperm picture of rams of different breeds as an indication of their fertility. II. The rate of sperm travel in the genital tract of the ewe	415
Sperm Travel.	
The sperm picture of rams of different breeds as an indication of their fertility. II. The rate of sperm travel in the genital tract of the ewe	415
Temperature of Incubation.	
The propagation of bluetongue virus in the developing chick embryo with particular reference to the temperature of incubation	7
Toxin.	
Studies on the action of potassium monofluoroacetate (CH ₂ FCOOK) [<i>Dichapetalum cymosum</i> (Hook) Engl.] toxin on animals	77
Turkeys.	
Mites hitherto unrecorded in South Africa, collected in Natal from fowls, pigeons, turkeys, guinea-fowls, wild birds and rabbits	51
Urginea Rubella.	
The cardiac glycoside from <i>Urginea rubella</i> Baker. Part I. Isolation and properties of rubellin	313
Water Consumption.	
Studies on the water requirements of farm animals in South Africa. II. The relation between water consumption, food consumption and atmospheric temperature as studied on Merino sheep	345
Water Requirements.	
Studies on the water requirements of farm animals in South Africa. I. The effect of intermittent watering on Merino sheep	335
Studies on the water requirements of farm animals in South Africa. II. The relation between water consumption, food consumption and atmospheric temperature as studied on Merino sheep	345
Wild Birds.	
Mites hitherto unrecorded in South Africa, collected in Natal from fowls, pigeons, turkeys, guinea-fowls, wild birds and rabbits	51
Wild Tobacco.	
A chemical investigation of the constituents of <i>Nicotiana glauca</i> R. Grah. (Solanaceae) (Wild tobacco)	301
Zoological Survey.	
Zoological survey of the Union of South Africa. Tick survey Part II. Distribution of <i>Boophilus</i> (<i>Palpoboophilus</i>) <i>decoloratus</i> , the blue tick	255
Zoological survey of the Union of South Africa. Tick survey Part III. Distribution of <i>Rhipicephalus appendiculatus</i> , the brown tick	269
