

AUTHORS' INDEX.

Volume 14, Nos. 1 and 2.

| | PAGE |
|--|------|
| CLOETE, J. H. L. ... Anatomical studies No. 63. An abnormal bovine heart ... | 481 |
| COLES, J. D. W. A. Conjunctivitis of the domestic fowl and an associated Rickettsia-like organism in the conjunctival epithelium | 469 |
| DE KOCK, G. ... Swine fever in South Africa ... | 31 |
| DE WAAL, H. L. ... The Senecio alkaloids, Part 2. Hydrogenation, hydrolysis and structural results of isatidine ... | 433 |
| DU TOIT, P. J. ... A study of the mineral content and feeding value of natural pastures in the Union of South Africa ... | 123 |
| Iodine in the nutrition of sheep (Final Report) ... | 329 |
| GROENEWALD, J. W. Iodine in the nutrition of sheep (Final Report) ... | 329 |
| JACKSON, C. ... Anatomical studies No. 64. Anomalous course of the left phrenic nerve in a donkey ... | 489 |
| KEPPEL, J. J. G. ... Swine fever in South Africa ... | 31 |
| LOUW, J. G. ... A study of the mineral content and feeding value of natural pastures in the Union of South Africa ... | 123 |
| MALAN, A. I. ... A study of the mineral content and feeding value of natural pastures in the Union of South Africa ... | 123 |
| Iodine in the nutrition of sheep (Final Report) ... | 329 |
| MARAIS, J. S. C. ... Further studies on the amino acid deficiencies of plant proteins ... | 387 |
| The dry matter consumption of sheep on natural grazing in the Transvaal ... | 403 |
| The utilization by sheep of the proteins contained in the natural grazing during different seasons of the year ... | 415 |
| MÖNNIG, H. O. ... Treatment against lungworms (<i>Dictyocaulus fluvia</i>) in sheep ... | 111 |
| <i>Marshallagia marshalli</i> (Ransom, 1907), Orloff, 1933, and a new species of this genus from sheep in South Africa ... | 115 |
| MYBURGH, S. J. ... The carotene content on South African feeds ... | 421 |
| NEITZ, W. O. ... Eperythrozoonosis in cattle ... | 9 |
| ORTLEPP, R. J. ... South African helminths. VII. Miscellaneous helminths, chiefly cestodes ... | 97 |
| ROBINSON, E. M. ... Swine fever in South Africa ... | 31 |

| | PAGE |
|-------------------------|--|
| ROETS, G. C. S. | Chemical blood studies, VIII. A rapid spectroscopic method for (A) the quantitative determination of haemoglobin in blood and (B) its application for the quantitative estimation of haemoglobin in milk, urine, serum or plasma and faeces 451 |
| ROSSOUW, S. D. | The origin of sulphur in wool, III. An improved cuprous mercaptide method for the determination of cystine in material low in cystine 461 |
| SMUTS, D. B. | Further studies on the amino acid deficiencies of plant proteins 387 |
| | The dry matter consumption of sheep on natural grazing in the Transvaal 403 |
| | The utilization by sheep of the proteins contained in the natural grazing during different seasons of the year ... 415 |
| STEYN, H. P. | Anatomical studies No. 63. An abnormal bovine heart ... 481 |
| VAN DER MERWE, P. K. | The significance of fluorine traces in natural waters and a proposed method to effect their removal 335 |
| | A procedure for the micro-determination of fluorine 359 |
| VILJOEN, W. C. | Anatomical studies No. 64. Anomalous course of the left phrenic nerve in a donkey 489 |
