JOHANNESBURG.

Dear Professor Pearse,

Very glad to have yours of April the 8th and to know that we shall be seeing one another regularly on the Central Council.

I got a little information from Schutte and will be collecting more from him shortly, he tells me that his Great? Grandfather lived in Roeland Street, Cape Town and when his late father died the old house and most of its contents were sold. ~~and~~ The following may interest you immediately, "Elliot the wellknown Cape Town Photographer was a great friend of the Family and may be able to give you little pieces of interesting history and it is quite possible that he may possess a few Relics, Drawings and Photos."

You may therefore decide to get in correspondence with Elliot and I will get Schutte to give me additional personal information which he is now trying to draw to his memory.

BOOK ON CHURCH ARCHITECTURE.

I brought this up last time and brought it back with me in error, will bring it up again this coming Meeting.

Yes I was very pleased with the Presentation from the Institute, but am still more pleased that the Institute is sufficiently on its feet to spare me from the Secretaryship.

However they have now made me President.

Kind regards,

Yours sincerely,

Fredk. W. Masey
