Dear *Popo*

RE: PROPOSALS FOR NATIONAL CONFERENCE OF CIVIC ORGANISATIONS

(19) ~~20~~

Following our decision at the NEC and our subsequent discussions at the National Secretariat, we have discussed the ideas in the Western Cape. Also, in telephonic communication with Popo, we were requested to take initiatives along with CAHAC to implement the plans for a conference.

Attached, are the proposals which emerged from Western Cape consultations. Kindly forward copies of the attached to the major civics in your region and ensure that the discussions are conducted in the appropriate forums.

I will telephone all regional secretaries on Thursday 19 April for a progress report. I realise that this leaves very little time, but as can be gleaned from the attached, these matters demand some urgency.

We await your positive responses.

Yours in struggle

Trevor Manuel
Regional Secretary

CIRCULAR: NATIONAL CONFERENCE FOR CIVIC ORGANISATIONS

TO: ALL UDF REGIONAL SECRETARIES FOR REFERRAL TO CIVIC ORGANISATIONS

FROM: UDF WESTERN CAPE /CAHAC

The UDF NEC meeting held in Pretoria on 21/22 January decided to implement whatever steps were necessary to convene a National Conference of civic organisations. Subsequently, the National Secretariat discussed this matter at its meeting in Johannesburg on 10/11 March where the urgency of the conference was re-emphasised.

In accordance with the above, our REC has discussed the conference with CAHAC and the following proposals have emerged from these consultations.

1. AIMS

- 1.1 Major thrust should be the discussion of a campaign around the 'new housing deal', forced removals & local government. Discussions should facilitate the strengthening of civic organisations and the campaign should attempt to bridge racial divisions, urban/rural divisions and organisational unevenness.
- 1.2 Make a political statement (concretised) on the housing crisis.

2. CONTENT

- 2.1 Discussion of the implications of the 'new housing deal'.
- 2.2 Looking at involving civics nationally in the campaign.
- 2.3 Discussing and developing approaches to changed local government, both as Black Local Authorities and Local Councils as per new constitution.
- 2.4 Developing approaches to the 'Koornhof Bills' and forced removals with emphasis placed on attempts at co-option.

3. DATE

- 3.1 1 & 2 June : The advantages of this date would be a) the long weekend would allow for a full 2-day conference and facilitate travelling and therefore participation by working people. b) sufficient time would be allowed for the campaign to take shape and possibly climax around the time of elections c) the matters under discussion could be placed on the agenda of civic organisations sooner, thereby giving impetus to campaigns such as forced removals. The major disadvantage is the short time within which to adequately prepare.
- 3.2 Mid- July: The advantages would be a) more time for preparation and consolidation before the conference b) The impact of the 'political statement' would be greater because it will be made closer to the elections. The disadvantages are a) the short time for a campaign to take shape in the community before the elections. b) Reactionaries like the Labour Party have placed a heavy emphasis on housing and are gaining ground by seeking concessions.

4. PREPARATION

- 4.1 Discussion of this circular/proposal within civic organisations.
- 4.2 Initial feedback at UDF NEC.
- 4.3 In W.Cape a mini-conference of the rurally-based emerging civic organisations is scheduled for 29 April.
- 4.4 A trip from the Western Cape (CAHAC & WCCA) during early MAY for national consultation, touching at the major centres. If the idea is acceptable, consultations should be held with the primary civic organisations (rather than a few activists) in each centre.

4.5 Establishing a pre-conference National Co-ordinating Committee.

5. THE CONFERENCE

5.1 Suggested size ±300 i.e 50 per centre/region.

5.2 Suggested situation : W.Cape either in Cape Town or one of the inland towns (Motivation to follow)

5.3 Consideration needs to be given to the inclusion of groups like trade unions and churches who might share concerns about the matters under discussion.

6. FINANCES

Budget to follow.

sudden intervention by
Mr. Louis Le Grange is
desperate a testimony of a high level
attempt by the
governmental ~~involvement~~
government to avert the
rising tide of ~~change~~ of change. It
is an attempt to systematically
people's organisations in Craddock with
this latest action by a Socialist
Cabinet minister it is to us
now abundantly clear
that this government is incapable
of learning from its past meetings
mistakes. The central

The central question to day is
not whether public meetings
of our affiliates take place or
not, but whether the demands
of the ^{students and} community of Craddock
are met. Our people in that
region want to exercise their

31/4/84

right to organise themselves
to express the views about
undemocratic local authorities
and to retain Mr. Goniwe
one of the very few better
qualified teachers in
the region. Any attempt
by the government to treat
the people in a high handed
manner can only fuel the
fire of discontent thus
creating conditions for
another 1976 blood bath.

Nothing short of the
reinstatement of Mr Goniwe
to his teaching post will
satisfy our people in Cacadu.
Our demands therefore are -
1. The immediate and ^{reinstatement &} unconditional ~~release~~ release of
Mr. Goniwe and all people

defamed by the police

2. the immediate reinstatement of Mr. Gouws to his post as teacher so that our children can ^{also} continue their studies.

3. the immediate uplifting forth with of the 3 months ban on meetings of our ~~organisations~~ affiliates in Craddock.

We call on our people not to be intimidated by these actions. These ^{actions} are not new but characteristic of the history of resistance in South Africa.

Dear Friends

I have been asked by the Carnegie Corporation in New York to convene a representative and broad based meeting on Friday April 13th at Khotso House, 42 De Villiers Street in the 3rd Floor Board room starting at 9am and finishing at 11am.

Top ranking leaders of the Carnegie Corporation will be in Johannesburg for only a short while enroute to Cape Town to attend the major Conference on Poverty which is a culmination of the two year study undertaken under the leadership of Professor Francis Wilson.

They want to meet with the broadest spectrum of black leadership to help them formulate their policy regarding further financial involvement in South Africa. I suggest that you send not more than 2 black representatives of your organisation, and I hope that we may be able for that meeting not to let ideological differences prevent us from sitting round the same table for the good of our people.

I look forward to hearing from you at your earliest who your representatives will be.

May God bless you richly and may you have a glorious Easter.
