A note on Tempo

Tempo showcases work of staff, independent artists and fourth-year students from the Fine Arts division in the Department of Visual Arts. The exhibition, curated by Natalie Fossey MA(FA), showcases work executed in various media which exhibit social, political, theoretical and phenomenological views on fast-paced experiences of time and life. 'Tempo' refers not only to pace and timing in musical compositions, but also inspires ideas of rhythm, balance and sense perceptions of experiences in and over time.

The exhibition compliments the JazzUP Tshwane Donor Initiative, where musical performances by Vusi Mahlasela, The Moss Mogale Unit - CAFCA Music School in Mamelodi and Tshwane School of Music in Eersterust will be showcased on 21 April.

The purpose of the JazzUP Tshwane Donor Initiative is to bring interested parties together to ensure commitment for the JazzUP Tshwane Festival scheduled for October 2017. The Festival will be positioned as an annual gathering for cutting-edge and innovative development of strategies to transform the music educational space in South Africa.
