Dear Bishop,

For some time the family have been discouraged by the bad state of the sanctuary carpet in the church (St. John the Baptist, As River) and it seemed that a new one be consecrated to the glory of God and in loving memory of Elizabeth Clarke and in gratitude of fifty years happy married life.

The carpet comes much sooner than they expected and we were able to put it into the church on the anniversary of her death. Her birthday and in Easter Week as to when it is.

I am rather vague if it is necessary or not to obtain a license from replacing a worn article in a church so I hope we have not.

I am very grateful if you could advise me if it is necessary. Grant the family permission.

Yours sincerely,
