

Dr Lea Stogdale (BVSc - Melbourne, 1971 & MRCVS, 1973) of the Dept of Medicine at Faculty, will be having more than a full programme during the next 5 months : at the annual congress of the Rhodesian Vet. Congress (13-15 Dec.) she will be presenting 3 scientific papers and thereafter she will be in Australia for 7 weeks, then 9 weeks in the U.S.

All in all she will visit 14 vet. facul=

ties and participate in seminars on topics concerning canine, equine and bovine diseases and conditions. Enjoy your trip and we hope to see you back by the end of April!
