**The impact of *Eucalyptus* plantations on herpetofaunal diversity, Maputo National Park, Mozambique**

PR Jordaan\*, A Wilken and X Combrink

**Supplementary Table 1** The reptile capture results for each of the habitat categories during the Maputo National Park 2018 survey with representative digital record codes for the Animal Demographic Unit Reptile Map Project (ADU RM). NA = not accessioned.

Reptile species	ADU RM record	Cleared Plantation Woodlots	Derelict Eucalyptus Plantations	Untransformed sand thicket vegetation	Total captures
<i>Acanthocercus a. atricollis</i> (Smith 1849) Southern Tree Agama	186318	0	1	0	1
<i>Acontias plumbeus</i> Bianconi 1849 Giant Legless Skink	179620	1	0	0	1
<i>Amblyodipsas m. microphthalma</i> (Bianconi 1850) Eastern Purple-glossed Snake	179619	1	0	0	1
<i>Aparallactus capensis</i> (Smith 1849) Black-headed Centipede-eater	186319	0	0	1	1
<i>Boaedon capensis</i> (Dumeril, Bibron, & Dumeril 1854) Common House Snake	181944	1	0	0	1
<i>Causus rhombeatus</i> (Lichtenstein 1823) Rhombic Night Adder	181917	0	1	0	1
<i>Crotaphopeltis hatamboeia</i> (Laurenti 1768) Red-lipped Snake	181926	0	0	1	1
<i>Dasypeltis scabra</i> (Linnaeus 1758) Rhombic Egg-eater	181945	1	0	0	1

<i>Duberia variegata</i> (Peters 1854) Variegated Slug-eater	181918	0	0	3	<b>3</b>
<i>Elapsoidea sundevallii decosteri</i> Boulenger 1888 De Coster's Garther Snake	179618	2	1	1	<b>4</b>
<i>Gerrhosaurus flavigularis</i> Wiegmann 1828 Yellow-throated Plated Lizard	181950	1	0	0	<b>1</b>
<i>Ichnotropis capensis</i> (Smith 1838) Ornate Rough-scaled Lizard	181947	0	0	3	<b>3</b>
<i>Leptotyphlops scutifrons</i> (Peters 1854) Peters' Thread Snake	NA	1	0	0	<b>1</b>
<i>Lycophidion c. capense</i> (Smith 1831) Cape Wolf Snake	179621	1	0	0	<b>1</b>
<i>Lygodactylus capensis</i> (Smith 1849) Common Dwarf Gecko	181948	6	4	9	<b>19</b>
<i>Naja annulifera</i> Peters 1854 Snouted Cobra	181919	0	1	0	<b>1</b>
<i>Nucras intertexta</i> (Smith 1838) Spotted Sand-veld Lizard	181946	1	1	0	<b>2</b>
<i>Panaspis wahlbergi</i> (Smith 1849) Wahlberg's Snake-eyed Skink	179622	3	12	4	<b>19</b>
<i>Philothamnus natalensis</i> (Smith 1848) Eastern Natal Green Snake	186321	0	0	1	<b>1</b>
<i>Philothamnus semivariiegatus</i> (Smith 1847) Spotted Bush Snake	186322	1	0	0	<b>1</b>
<i>Prosymna stuhlmannii</i> (Pfeffer 1893) East African Shovel-Snout	181920	0	0	1	<b>1</b>
<i>Psammophis brevirostris</i> Peters 1881 Short-snouted Grass Snake	181951	0	4	1	<b>5</b>
<i>Psammophis mossambicus</i> Peter 1882 Olive Grass Snake	181949	2	0	2	<b>4</b>
<i>Pseudaspis cana</i> (Linnaeus 1758) Mole Snake	186401	0	0	1	<b>1</b>
<i>Scelotes arenicolus</i> (Peters 1854) Zululand Dwarf Burrowing Skink	181927	0	0	1	<b>1</b>
<i>Trachylepis depressa</i> (Peters 1854) Eastern Sand Skink	181943	3	7	0	<b>10</b>

<i>Trachylepis striata</i> (Peters 1844) Striped Skink	NA	0	1	0	<b>1</b>
<i>Xenocalamus bicolor lineatus</i> Roux 1907 Striped Quil- snouted Snake	179617	1	0	0	<b>1</b>

---

**Supplementary Table 2:** The amphibian capture results for each of the habitat categories for the Maputo National Park 2018 survey with representative digital record codes for the Animal Demographic Unit Frog Map Project.

<b>Amphibian species</b>	<b>ADU FM numbers</b>	<b>Cleared Plantation Woodlots</b>	<b>Derelict Eucalyptus Plantations</b>	<b>Untransformed Sand Thicket Vegetation</b>	<b>Total captures per survey</b>
<i>Arthroleptis stenodactylus</i> Pfeffer 1893 Shovel-footed Squeaker	13443	1	2	2	<b>5</b>
<i>Breviceps cf. mossambicus</i> Peters 1854 Mozambique Rain Frog	13441	17	52	4	<b>73</b>
<i>Leptopelis mossambicus</i> Poynton 1985 Brown-backed Tree Frog	13444	0	1	3	<b>4</b>
<i>Sclerophrys garmani</i> (Meek 1897) Eastern Olive Toad	13442	1	0	2	<b>3</b>
